All policy changes to the Fall *Bulletin* during the past year are shown in *italics*.

Are Your Athletes Eligible?

Be sure to check the following items that could jeopardize the eligibility of your athletes:

- Age
- Consent and Release Certificate on file prior to 1st practice
- Semesters of enrollment
- Scholarship – previous and present grading period/semester
- Athletic Transfer Form filed, if applicable
- Foreign Exchange Student Application Form filed, if applicable
- Number of practices prior to competition
- Season limitations – maximum number of contests, etc.

It is recommended that member school principals hold a meeting for ALL boys and girls in grades 9-12 who will be participating in athletics to discuss IHSAA rules, i.e. amateurism, scholarship, age, transfer, etc. Sportsmanship expectations of each athlete should also be discussed.

Board of Directors Elections

The next regular election of the Board of Directors is scheduled for December 1-10, 2006 for the term beginning July 1, 2007.

A ballot will be mailed to the principal of each member school containing the name and school of each eligible candidate to be elected from their district. To be valid this ballot must be completed by the principal and received by the Commissioner **between December 1 and 10** of this year.

Ballots will be examined by the Executive Committee and filed. Any candidate who has reason to question the tabulation may inspect those from his/her district. However, the part of the ballot containing the school and principal's name will be detached before the inspection. Any Committee Member who is a candidate does not participate in the tabulation of the vote in his/her own district.

The December, 2006 election will determine a representative from each of the districts designated below.

Northern District Southern District

2006 Female, Minority & Urban Seats Female, Minority & Urban Seats

See Article IV, Sections 1-3 of the By-Laws for details. Deadline for filing as a candidate is November 15, 2006.

Proposals For Board Action Due By March 1

According to Article VI, Section 2 of the By-Laws, any proposal to be included on the agenda of the annual meeting of the IHSAA Board of Directors must be submitted to the IHSAA Office prior to March 1. This year's meeting will be Monday, April 30, 2007.

Christian Scientists Policy

The question is asked occasionally about IHSAA Consent and Release Form and its application to Christian Scientists.

IHSAA RULE 3, SECTION 10 IS STILL IN FORCE and requires a physical examination prior to student's first practice.

Since there is no legal exemption to this examination, you are expected to comply with our rule even though special exemption request forms are presented by the student.

Attention Tourney Directors

LIFETIME PASSES have been distributed to current and former Board of Directors, IHSAA Office Staff and to former elected IHSAA Girls Advisory Committee members.

Please notify your ticket personnel of our policy so that these passes will be honored for admittance.

Unsporting Behavior

In an effort to prevent the recurrence of unfortunate incidents that occur in any varsity, reserve or freshman contest, the Association requires that the following reports of explanation must be submitted by:

1. Licensed officials involved
 - a. Any contestant who is ejected from a contest and the reason.
 - b. Any coach who displays unsporting behavior requiring the assessment of a penalty.
2. Athletic administrator
 - a. Any contestant ejected from a contest.
 - b. Any coach ejected from a contest.

- Q.2. How many quarters may a football player participate in per week?
- A. 4 varsity quarters, no reserve; 3 varsity quarters, 1 reserve; 2 varsity quarters, 3 reserve or; 1 varsity quarter, 4 reserve (see page 73 of IHSAA By-Laws)
- Q.3. How many volleyball matches may a student participate in on any one day?
- A. Four

- A. Yes, when approved by the principal.

- Q.12. May a student practice swimming at a neighboring member school due to the fact that the school the student is presently attending does not offer swimming as part of their athletic program?
- A. Yes. So long as a contractual arrangement exists between the two schools. However, students must compete as representatives of the school they are attending.
- Q.13. Is a student who misses classes on the day the basketball team plays a contest eligible to participate in that game?
- A. The IHSAA has no jurisdiction in this matter. The member school principal or local school policy would apply in this case.
- Q.14. When an unsportsmanlike act occurs involving a player who is ejected from a contest, what procedure should the member school principal follow?
- A. The member school principal shall suspend the player from the next interschool contest at that level of competition and all other interschool contests at any level.

2006-07 Athletic Accident Insurance

The Indiana High School Athletic Association has purchased a *two-year Catastrophic Accident Insurance Policy effective August 1, 2006 to August 1, 2008. The Insurance Policy is provided through Loomis & LaPann, Inc. of Glens Falls, New York.*

The following is a general summary of benefits provided by the *10-year Catastrophe Injury Insurance Program*. It is not meant to be a complete explanation of all provisions of the policy. Copies of the policy are available from the office of the IHSAA.

General Policy Information

The insurer of the sponsored program is *AIG Life Insurance Company*. *AIG Life Insurance Company* is an A.M. Best "A+" rated carrier.

The above is a general summary of benefits provided by the 10-Year Catastrophic Accident Insurance Program. It is not meant to be a complete explanation of all provisions of the policy or the specific benefits. No coverage is extended and no representations are made, except by the policy and/or certificate.

Reporting Potential Claim Occurrences During Policy Period

If a student suffers accidental injury under the above described circumstances which might exceed \$25,000 in medical expenses within a two year period from the date of injury, to follow is "How to Report a Claim".

1. Fax on School Letterhead the following information to Loomis & LaPann, Inc. at 518-792-3426.
 - a. Name of injured party.
 - b. Name; address and phone number of injured party's parents or guardian.
 - c. Date of accident/incident.
 - d. Brief overview of accident or incident.
2. Please keep copies to verify you have reported the incident.
3. Loomis & LaPann, will send claim filing instructions and claim form to injured party's parent or guardian.
4. If you should have any additional questions, please contact Karen Boller (kboller@loomislapann.com) or Greg Joly (gjoly@loomislapann.com) at Loomis & LaPann, Inc. at 1-800-566-6479 or P.O. Box 2158, 18 Exchange Street, Glens Falls, New York 12801.

Please Note:
It is not necessary to report every injury at your school, but a good rule to follow is that if you have an injury that requires any type of surgery, that injury needs to be reported. It will more than likely penetrate the \$25,000 deductible and the injured party would then qualify for benefits under the Catastrophic Insurance Policy.

Officials

- A. **Contracts** – Most schools contract officials two years in advance. Scheduling officials more than two years in advance is discouraged.
- B. **Directory** – The Officials Directory has evolved from a printed directory to an on-line directory. Each school has been provided a user name and a password to www.ihsaa.net. The Officials Directory is available there. You will be able to search officials by sport in alphabetical order, by sport by county, by sport for newly-licensed officials or late renewals.
- C. **Contests** – We strongly urge that principals/athletic directors of member schools send a reminder card to all contracted officials at least one week in advance of the contest giving the following information:
1. Date of contest
 2. Time of contest
 3. Place of contest
 4. Working assignment
 5. Names and addresses of other officials
 6. Parking information
- This will not only help the officials, but in the event there is a mixup on the contract it will help to assure school officials that the contest officials will be on time and at the proper location.
- D. **Insurance** – All licensed IHSAA officials are automatically members of the National Federation Interscholastic Officials Association (NFOA) and liability insurance is part of that membership.
- E. **Licenses** – An official is required to have an IHSAA official's license to officiate grades 9-12 interschool contests in:
1. Boys Sports – baseball, basketball, cross country, football, soccer, swimming, track and wrestling
 2. Girls Sports – basketball, cross country, gymnastics, soccer, softball, swimming, track and volleyball
- F. **Examinations** – New applicants and those officials desiring to add a sport to their existing license must successfully complete a supervised exam in said sport. Application deadlines and test dates are listed below. Tests **will not** be administered by mail or on any other dates.

- G. **Reciprocal Agreement** – Officials who are currently licensed in other states may acquire an IHSAA license under our reciprocal agreement by submitting a copy of their current license or rating.
- H. **Conviction Status** – All individuals, who are renewing a license or applying for a license for the first time, must answer a question about their felony conviction status. Individuals who have been convicted or adjudicated of a crime

that involves drugs, or sexual misconduct will not be licensed. Any such situations that involve an official should be reported to Assistant Commissioner Theresia Wynns in the IHSAA Office.

Rules Interpretation Meetings

Policy on Mandatory Attendance by Coaches

In the following sports, head coaches or representatives are mandated to attend at least one rules interpretation meeting in their sport/s.

Boys Sports – Baseball, Basketball, Football, Golf, Soccer, Swimming, Tennis, Track and Field, Wrestling

Girls Sports – Basketball, Golf, Gymnastics, Soccer, Softball, Swimming, Tennis, Track and Field, Volleyball.

In case the head coach is not able to attend one of these meetings, it will be the responsibility of the principal to see that a representative from the athletic staff is in attendance. It is mandatory that the coach from the male, as well as the female program, attend the rules interpretation meeting to represent the program. Any school without benefit of representation at a rules interpretation meeting will be assessed a fine of \$50.00 to be paid prior to submitting the Tournament Entry Form.

In the event that no representative from your school is in attendance at the above stated meetings, the following procedure will be used for those sports applicable:

1. **First Absence** – The principal will be notified that no representative was in attendance and be fined \$50.00.
2. **Second Absence** – The principal will be notified that no representative was in attendance and be fined \$50.00. The principal is expected to call the Commissioner regarding the continuing absences at these meetings.
3. **Third Absence** – The principal will be notified that no representative was in attendance and be fined \$50.00. The principal will be requested to appear before the Executive Committee who may issue a warning, probation or suspension of membership to the member school involved.

Boys & Girls Cross Country

1. Rule 9-10 Interpretation
 - a. The IHSAA requests that all personnel involved with boys and girls cross country be fully aware of Rule 9-10 which permits girls to run on the boys team if their school does not have a comparable program for girls. If girls participate on the boys team, they must follow the contest and season rules for boys. However, when a girls race is offered, a girl must participate with or against all girls. Girls are limited to a maximum of 14 contests. Girls may not run in more than 1 cross country meet per day in interschool competition.
 - b. At the conclusion of the regular season, all girls must enter the girls tournament. No girls will be permitted to enter the boys tournament.

Boys & Girls Modifications/Adoptions

1. **Runners will be disqualified on the 1st false start.**
2. The course must be 4000 meters in length for varsity and junior varsity girls and 5000 meters in length for varsity and junior varsity boys. If possible it should be laid out on rolling terrain.
3. Shoes with rubber, leather soles or cleats must be worn by contestants during competition. A contestant shall be disqualified when both shoes are off.
4. No sun visors, caps or hats shall be worn during the race. Referee-starters may allow contestants to wear stocking caps when in their opinion the weather warrants same.
5. Running in a meet and not lining up for the start or finishing in the chute is considered participation. No exhibition runners are permitted.

XIII MANAGEMENT

A. Sectionals, Regionals, Semi-States

- 1. Sponsorship, operation and management of the tournament rest solely with the IHSAA through the Executive Committee. Total responsibility for the local arrangements has been delegated to the center school. If a dispute, claim or cause of action should arise out of the contest or tournament which was not the result of any intentional or negligent act or omission of the center school or its local arrangements, and provided further that the center school has acted in accordance with the Rules and Regulations of the IHSAA, then the IHSAA agrees to assist the center school defend such dispute, claim or cause of action by providing legal advice, legal representation, and defending the center school; the responsibility of the IHSAA herein shall not attach until the center school formally places the IHSAA on notice of the dispute, claim or cause of action, and makes demand upon the IHSAA for legal advice, representation, of a defense.
 - 2. The center school shall provide and be responsible for tickets, ticket takers/sellers, ushers, announcers, scorers, timekeepers, all necessary equipment for conducting the game or contest, necessary facilities for the competing teams and those directly affiliated with the competing teams (such as the principal, athletic director, coaches, student managers, etc.), facilities for spectators/fans and crowd control (hereinafter known as local arrangements).
 - 3. When confronted with an injunction or restraining order contrary to Executive Committee rules and/ or Association By-Laws, the center school will immediately postpone the tournament and contact the Commissioner for further instructions.
- B. Inclement Weather and Adverse Field Conditions**

The tournament director, in conjunction with the referees, coaches and administrators, are accountable for the safety of the players and spectators when inclement weather conditions, poor field conditions and other negative playing conditions arise. In addition, because soccer is a unique sport, requiring tremendous ball handling skills that can be drastically impacted by inclement weather, poor field conditions and other playing conditions, the tournament director, in conjunction with the referees, coaches and administrators, shall insure that the contest can be played in a manner which is not unreasonably impacted by the weather, the field conditions and other negative playing conditions.

Prior to the start of the contest, the tournament director shall be responsible for judging whether the weather conditions, the conditions of the field and other playing conditions which affect safety and manner of play, will permit the contest to be played safely and in a reasonable and appropriate manner. If the tournament director is confronted with bad weather, poor field condition and other negative playing conditions prior to the beginning of the contest, he/she is authorized as tournament director, to postpone the contest.

Once the contest begins, and until the contest ends, the contest officials have the initial authority to determine whether the contest can be played safely and in a manner which is not substantially adversely impacted by the weather, the field conditions or other playing conditions. However, the tournament director shall have the ultimate authority, during the contest, to suspend play if he/she determines that the weather conditions, the conditions of the field and other playing conditions are such that the contest cannot be played safely or in a reasonable and appropriate manner.

By way of example, but not to be considered an exhaustive list, the following are the conditions which may cause the postponement of the contest or the suspension of play:

1. Substantial inclement weather, such as a tornado, the sighting or a warning of lightning (see, Guidelines for Lighting Safety), dense fog, heavy rain, hail or snow, etc.
2. Unreasonably poor playing field conditions, such as a field which is so muddy that the ball cannot be kicked appropriately and safely, a field where pooled water prevents a kicked ball from moving across the field as intended by the player, a field where the conditions of the goalmouth are so poor that the safety of the goalkeeper cannot be assured, etc.
3. Other unusual playing conditions exist such as an earthquake, a threatening wildfire, a nearby chemical spill, riots and other civil disobedience, etc.

Should the contest officials fail to suspend play when a condition exists which causes the tournament director to believe that the contest cannot be played safely, reasonably and appropriately, the tournament director shall ask that play stop and shall consult with the contest officials about the conditions. The tournament director shall seek a consensus with respect

to the decision to suspend play; however, the final decisions to suspend play shall be that of tournament director.

Any tournament contest which is postponed or suspended should be played or resumed on the next available date, including Friday. Suspended contests shall be resumed at the point of interruption. Every effort should be made not to cause a team(s) to play back-to-back contests on school nights. If scheduling two sessions on Saturday, there should be at least a three-hour rest period between the sessions.

- C. **State Finals** – The Executive Committee has designated Assistant Commissioner Theresia Wynns as Tournament Administrator; Charles Jones as Tournament Manager.

Boys Tennis

Modifications/Adoptions

RULE CHANGES

- *Rule 29.2 – A player is permitted one or more genuine restroom or change of attire breaks. COMMENT: If needed, this break should be taken at an off-game change-over, and preferably at the end of a set. Breaks taken at other times should be limited to true emergencies.*
- *A player may receive one Bleeding Time-out to treat nose-bleed. A player may be treated a second time to staunch the bleeding. PPS – A player not resuming play within 30 seconds after a Medical Time-out will be subject to a Code Violation for Delay of Game.*

A. Season

1. A player shall wear a shirt and shoes on the court. Only the name, nickname or insignia of school may appear on the shirt.
2. Season matches shall consist of 3 singles players and 2 doubles teams. Teams may play other combinations by obtaining prior mutual consent of competing schools.
3. No contestant shall be permitted to compete in both singles and doubles.
4. A contestant shall be permitted to compete at only one level per event.
5. Match play shall consist of 2 out of 3 sets (regulation match) with 12 point tie-breaker at 6-6 for both singles and doubles.
6. Written line-ups – shall be exchanged before actual play has started, thereafter, no substitutions.
7. Coaches shall enter players at the positions which their skill dictates. Under **NO** circumstances shall a school **STACK** its line-up. Skill ability shall be defined as the number one singles player shall be better than the number two singles player who shall be better than the number three singles player. The number one doubles team shall be better than the number two doubles team.
8. Scoring (singles and doubles) – 1 point shall be awarded to the winner of each match.
9. Coaching – During the playing of a match in a team competition, a player may receive coaching outside the court area (through the fence) and only when the player changes ends. **MODIFICATION:** When changing ends a maximum of one minute and thirty seconds shall elapse from the moment the ball goes out of play at the end of the game to the time the ball is struck for the first point of the next game.
Players shall change ends after the odd-numbered game of each set, including the first game. Coaching is allowed during each one minute, thirty second change-over.
During a tie-break, play shall be continuous and players shall change ends without a rest period and without coaching.
At the conclusion of the first set, players shall take a one-minute, thirty-second break and receive coaching **ONLY** if it is time for an odd-game change-over. If the set ends on an even-numbered game, play shall be continuous with no coaching.

NOTE: This repeals the 2001 rule in which no coaching was allowed after the first game of each set and a two-minute change-over was permitted at the end of the first set.

Coaching is permitted, outside the court area, during the 10 minute break between the 2nd and 3rd set or when play has been temporarily interrupted. Only coaches employed by the school are permitted to "coach" during the match at the designated time.

A maximum of two coaches (the head coach and a designated assistant coach) may coach players during a team match.

10. During the 10-minute break between the 2nd and 3rd sets, players involved in the match are not permitted to "warm-up" on the court by hitting balls with a teammate or coach, or by practicing serves, or by working on-court with a coach in any manner.
11. "Volunteer" coaches who are appointed by the principal at the start of the season are considered to be a legitimate part of the coaching staff.
12. In case of an injury or sickness, substitutions will follow the IHSAA tournament format. This format cannot be used more than two (2) consecutive matches or a one (1) day tournament. For any player removed because of disciplinary reasons, the line-up will be adjusted by moving players up a position if necessary.
13. Exception for Late Arrival to a Contest:
When extenuating circumstances exist that cause the late arrival of a school team to the playing site, the match shall be played. When play begins in a match, there shall be no default for late arrival. This holds true for the tournament series.
14. "Exhibition" competition is not allowed in any sport. Every competition must be reflected in the team score for that session.
 - a. In **junior varsity competition only**, teams may give as many players as possible a chance to compete in any given team match; however, all individual matches that are played must be counted in the team score.
 - b. A junior varsity player can play a maximum of two 8-game pro sets during one team match. It is permissible for a player for Team A to compete in an 8-game pro set (in singles or doubles) against an opponent from Team B and then to compete in a second 8-game pro set (singles or doubles) against a different opponent from Team B. The results from both matches must be counted in the team score.
 - c. No player who competes in a varsity match is eligible to play in a junior varsity match.
 - d. No junior varsity player is allowed to participate in a second 8-game pro set unless the second set is against an opponent that would not otherwise have an opportunity to play.
15. Teams are permitted to participate in one inter-school Controlled Scrimmage match to be held after 5 days of practice and at least 48 hours prior to each school's first scheduled match. Each school is limited to one scrimmage. The use of junior var-

sity and freshmen players in the scrimmage is highly encouraged so long as they have been included in the practices prior to the scrimmage and their time is included as a part of the scrimmage time limit. The format of the controlled scrimmage can be found at www.ihsaa.org under boys tennis.

B. Tournament Series

1. During the tournament series, only the head coach and one (1) designated assistant coach will be permitted to coach at any one time. This excludes volunteer coaches or tennis professionals (unless they are employed by the school system as the coach). The word 'coaching' includes advice or instruction.

2. *The coach shall submit an Entry List that includes the seven (7) best tennis players in the line-up. At no time shall an alternate be used to make the line-up a stronger one.*

3. Singles & Doubles

a. To qualify to play in the No. 1 doubles position for the tennis doubles tournament series, **both** participants must have played in the **No. 1 or No. 2** doubles position for a minimum of 50% of their team's total playing opportunities during the regular season (dual matches and season tournament matches).

(1) Any competition against players from another school, regardless of the scoring format, constitutes one match.

(2) Each round of a tournament counts as a separate match.

b. To advance in the singles/doubles tournament series, the No. 1 singles and No. 1 doubles players must remain undefeated and play every scheduled match. No substitutions.

c. During the singles and doubles tournament series, the head coach may (when facilities permit) sit on the court, but must follow coaching guidelines.

d. **TENNIS WAIVER** -- The IHSAA shall have the authority to grant a waiver to the 50% rule when, in the opinion of the IHSAA, the student's school provides satisfactory proof to the IHSAA that:

(1) the student missed compliance with the 50% rule by a minimal number of his or her team's season contest or matches;

(2) the student's failure to meet the 50% criteria was for clear, verifiable reasons, such as a debilitating injury or illness and;

(3) the student's failure to meet the 50% criteria was the result of reasons which were beyond the control of the student, the parents, the coach and the school.

The IHSAA will waive the 50% rule only in extraordinary and compelling cases and only when the request is submitted in writing to the IHSAA at least one week prior to the beginning date of the **Team Tournament**.

C. Sportsmanship

1. It is the responsibility of the high school **COACH** to teach his/her **PLAYERS** and **FANS** the etiquette of the game of tennis.

2. Poor sportsmanship cannot be tolerated in the educa-

tional environment. Coaches are teachers **FIRST** and therefore responsible and accountable for the behavior of their student-athletes. Encouraging and promoting good sportsmanship and fair play should be incorporated into the day-to-day coaching instruction.

D. Point Penalty System PPS

1. Code Violation – the three stages of discipline are POINT, GAME, MATCH. For example, on the first offense for a profanity violation or a racket throw, the player is penalized one point instead of given a warning.

2. The warning is no longer a part of the penalty. Host coaches should play to "warn" the tennis players prior to the match starting with a general statement about expected behavior and an overview of the penalty system.

3. The change in the Point Penalty System is a perfect match with the high expectations of behavior for the high school athletes as espoused by the IHSAA.

4. The use of the Lord's name in vain, in any variation and in any language, shall be considered unsporting behavior and shall be punished under the Point Penalty System. The use of "Jesus", "Christ", "Jesus Christ", "God" or any other variation of the Lord's name by a high school tennis player, even in a foreign language, shall be penalized through the use of the PPS. It is the responsibility of the coach to set sportsmanship expectations for the student-athletes and to enforce penalties when those expectations are not met.

- A. **Singles** – When the score becomes 6-6 in any set, the 12 point tie-breaker system will be used. The player who received 7 points is declared the winner 7-6. The procedure for using this system is: A serves first point from Right court; B serves points 2 and 3 (Left and Right); A serves points 4 and 5 (Left and Right); B serves point 6 (Left) and after they change ends, point 7 (Right); A serves points 8 and 9 (Left and Right); B

serves points 10 and 11 (Left and Right), and A serves point 12 (Left). If points reach 6-all, players change ends and continue as before. A serves point 13 (Right); B serves points 14 and 15 (Left and Right); etc., until 1 player establishes a margin of 2 points. Players change ends for 1 game to start the next set, with Player B to serve first.

- B. **Doubles** – follows the same pattern, with partners preserving the sequence of their serving turns.

(Assuming A & B vs. C & D) Player A serves first point (Right); C serves points 2 and 3 (Left and Right); B serves points 4 and 5 (Left and Right); D serves point 6 (Left) and after teams change ends, point 7 (Right) ... A serves points 8 and 9 (Left and Right); C serves points 10 and 11 (Left and Right), and B serves point 12 (Left) ... If points reach 6-all, teams change ends and continue as before – B serves point 13 (Right); D serves points 14 and 15 (Left and Right); etc., until 1 team establishes a margin of 2 points. Teams change ends for 1 game to start the next set with team C & D to serve first.

If a ball change is due on the tiebreaker game, it will be made. A tiebreaker game counts as 1 game in reckoning time between ball changes.

XIX TIES IN TEAM SCORING
