2018-2019 BY-LAWS & ARTICLES OF INCORPORATION
PURE SPIRIT. PURE SPORT.
INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION, INC.
Foreword

This publication is for those who conduct secondary school athletic programs. It will be revised and brought up to date annually and distributed to all member schools at the beginning of each school year.

If, after reading and studying its contents, school administrators have a question/s regarding any rule, they should communicate with the Commissioner. Whenever there is doubt as to the eligibility of any student, a written inquiry from the Principal to the Commissioner will receive a reply explaining the pertinent rule/s interpretation/s or the inquiry will be referred to the Executive Committee for review and for a decision.

“Notes” and questions are inserted as explanatory and clarifying material. Such are not to be considered as parts of the body of the By-Laws and the changing of such does not require Board of Director action. Questions and answers have been included to assist in interpreting the rules and regulations. The questions are real ones gathered from past correspondence to the Association Office. The answers given are according to rules and their interpretations by the past Executive Committees.

All changes in the By-Laws during the past year are shaded in grey.

Gender Equity — Position Statement

One of the purposes of the IHSAA is to assure that every student-athlete has a fair opportunity to compete. That purpose can only be achieved when there is true equality of opportunity to participate in athletics. Athletic participation in an IHSAA member school is an extension of and an integral part of the educational experience for those young people who become student-athletes. These educational experiences should not be reduced in scope and significance by disparities which limit the participation of any athlete.

The IHSAA believes that gender equity is more than being in compliance with the law. It is a spirit. It is a personal ethic. It is a commitment to do what is right and fair for all student-athletes. It means creating an atmosphere and an environment where opportunities and resources are distributed fairly to boys and girls, an atmosphere where no person experiences discrimination on the basis of gender.

It is the position of the IHSAA that its member schools must monitor their athletic programs to ensure that athletic offerings are equitable and meet the interests and abilities of student-athletes.

While the IHSAA does not have the authority to provide specific interpretations or to rule on compliance issues regarding Title IX, it does believe that all concerned should take steps to be sure that the spirit and intent of gender equity is met.

Adopted May 1, 1995

THE TITLE IX REGULATION:

86.41 of the Title IX regulation states that a school district must develop and operate athletic programs according to the following specifications:

• whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes
• the provision of equipment and supplies
• scheduling of games and practice times
• travel and per diem allowance
• opportunity to receive coaching; assignment and compensation of coaches
• provision of locker room, practice and competitive facilities
• provision of medical and training facilities and services
• publicity
• provision of support services

Q & A
Application of Tournament Success Factor Rule
Q. 2-1 Is there a Success Factor Rule for Individual Sports?
A. No, the Success Factor Rule applies only to Team Sports. (rule 2-5)

A. No, the Success Factor Rule is applied strictly on a sport-by-sport basis. (rule 2-5)

Q. 2-3 What happens to a School, during a reclassification, which has a change in enrollment which would result in the School changing classes, but which is also subject to a change in class because of the Success Factor rule?
A. A change in a School’s enrollment which would otherwise result in a change of the School’s Class shall not apply to a School which changes Classes under the Success Factor rule, unless the enrollment change would result in the School being placed in a Class higher than the enrollment Class dictated by the Success Factor rule, and in that circumstance, the School shall be placed in the enrollment Class determined by the School’s enrollment for the next reclassification period.

Q. 2-4 How are Schools, during Team Sports reclassifications, placed in classes when there are Schools which change Classes because of the Success Factor?

During reclassification in a Team Sport, Schools are placed in Classes based upon enrollment pursuant to rule 2-2; these Classes are customarily of equal size. A School subject to the Success Factor is then placed into a larger-enrollment Class pursuant to rule 2-5. In Team Sports other than football, even if this re-classing results in a Class having more Schools than another Class, rule 2-2(g) prohibits moving any School into a lower-enrollment Class. However, in the Team Sport of football, rule 2-2(g) is inapplicable, and after a School is re-classed into a larger-enrollment Class pursuant to rule 2-5, the smallest School in that Class shall move down to the next lower-enrollment Class in order to have equal sized Classes.

Q & A

Administrative Responsibility -- Generally

Q. 3-1 Who is the responsible party in IHSAA athletics?
A. It is presumed that the principal of a member School secured the consent of the administrative head of the School system to take out voluntary Membership in the IHSAA and that the principal is the administrative head, not only in name but in fact, of the interschool athletic activities of the School and of the students in the school. (rule 3-1) Wherever it is determined that the School principal is not the administrative head in name and in fact of the interschool athletic activities and of the students in the member School, the member School will have broken its agreement with the IHSAA and may be removed from Membership in the IHSAA. The burden of proof shall rest in all cases with the School official's concerned (rules 3-1, 17-7.1).

Q. 3-2 Is there a responsibility for member Schools to self-report rule violations?
A. Yes. It is the responsibility of each member School to control its athletic program in full and complete compliance with the rules and rulings of the IHSAA, which embraces the IHSAA By-Laws, the IHSAA General Eligibility Rules, the IHSAA Sports Rules, the Unified Sports® Rules, the IHSAA Junior Member Rules, as well as all IHSAA policies, regulation and rulings (rules 3-1, 3-6, 3-8, 3-9) This responsibility includes the obligation of a member School to report to the IHSAA the occurrence of any act or event which has resulted, or which may result, in a violation of an IHSAA rule or ruling by a member School, a member School's faculty member, including the coaching staff, a member School's student or a member School's fan and supporter. For example, if a member School is made aware that One (1) of its student may have violated the participation rule, rule 15, it is the responsibility of the member School to report such potential violation to the IHSAA, so that the IHSAA can investigate and determine whether a rule violation has occurred, and can issue the appropriate penalties under the IHSAA rules.

Suspension of Membership

Q. 3-3 What types of violations could cause a member School to be suspended?
A. The penalties for any violation of the Articles of Incorporation, the By-Laws, the General Eligibility Rules, the IHSAA Sports Rules, the Unified Sports® Rules and any established policy, regulation or rulings of the IHSAA are described in rule 17-7. However, any of, but not limited to, the following reasons could cause a member School’s Suspension from Membership:

(a) violations of the Articles of Incorporation, the By-Laws, the General Eligibility Rules, the IHSAA Sports Rules, the Unified Sports® Rules and any established policy, regulation or rulings of the IHSAA (rule 17-7.1);
(b) failure of the principal to assume direct responsibility for the School’s interschool athletic program (rules 3-1, 17-7.1);
(c) refusal to abide by the decisions of the Commissioner or Committee (rule 17-7.1);
(d) violation of the undue influence rule (rules 17-7.1, 20);
(e) violation of contracts with another member School. (rules 11, 17-7.1);
(f) violation of a game official’s contracts (rules 3-1, 17-7.1);
(g) knowingly using an ineligible player (rules 3-8, 17-7.1);
(h) failure to provide adequate security and/or police protection (rules 3-1, 3-6, 17-7.1);
(i) removing an individual or team from a Contest because of dissatisfaction with the officiating, etc. (rules 9-16, 17-7.1);
(j) failure to control the spectators and players' bench (rules 3-1, 3-6, 17-7.1);
(k) failure to adequately protect officials and visiting team (rules 3-1, 3-6, 17-7.1);
(l) violation of Practice and Contest Season limitations and rules (rules 17-7.1, 50, 101);
(m) mutual agreements to violate the rules of the IHSAA (rules 9-2, 17-7.1).

Requirements of the Consent and Release Certification

Q. 3-4 Must a student provide to the student’s School a completed and signed Consent and Release Certificate form prior to the student’s participation in the first Practice?

A. Yes, the completed and signed Consent and Release Certificate form will satisfy the requirement for participation in interschool athletics. (3-10, 3-11) (See rule 9-14 for Practice requirements)

Q. 3-5 If a student athlete lives in a One (1) parent household, must the student obtain the signatures of both parents on the IHSAA Consent and Release Certificate form?

A. The IHSAA Consent and Release Certificate form must contain the signature of all custodial parents. (rule 3-10)

Q. 3-6 Does a student need to have submitted a completed and signed IHSAA Consent and Release Certificate form prior to participating in a Summer Open Facility Program or a Limited Contact Program?

A. No. The IHSAA does not require students have a completed and signed IHSAA Consent and Release Certificate form submitted prior to the student’s participating in an Summer Open Facility Program or a Limited Contact Program, although the School may have such a requirement. A student must provide to the student’s School a completed and signed IHSAA Consent and Release Certificate form prior to the student’s participation in a Practice. (rule 3-10)

Ineligibility follows the Student

Q. 3-7 Does disciplinary ineligibility in One (1) School carry over to the second School when a student transfers?

A. Yes, a student must be eligible in all respects at the School from which the student transferred. And this means that an ineligibility ruling under the rules of a prior School shall carry over to the new School even though the student would be eligible under the rules at the new School. (rule 3-8)

School Representative at a Contest

Q. 3-8 Must the member School principal be personally present at all interschool athletic Contests?
A. No. The member School principal is responsible to insure proper representation by officially designating personnel. “Proper representation” requires the presence of a faculty member or other certified or non-certified person who meets the coach qualification requirements. While a coach is a proper representative, if a coach who is the only School representative present, is ejected from a Contest, the School may not continue to participate and the Contest should be terminated and forfeited to the opponent. (rules 3-2, 3-3, 3-4)

Q. 3-9 What is the status in regard to an individual entry being supervised in an IHSAA tournament series?
A. The supervision requirement is the same for individual entrants as for team entrants. (rule 3-4)

Certification of Eligibility
Q. 3-10 Who is responsible to certify the eligibility of a student athlete?
A. Principals must be prepared to certify the eligibility of an athlete at any time. They must maintain sufficient records to verify each athlete’s compliance with all eligibility rules. Upon the request of a fellow member School principal, or upon request from the IHSAA, principals shall provide written certification of a student’s eligibility. (rule 3-8)

Q. 3-11 When the eligibility of a student is in question, what procedure should be followed?
A. The student should not be permitted to participate until the student’s principal has made a determination of eligibility in conjunction with the IHSAA, if appropriate. (rule 3-8)

Crowd Control
Q. 3-12 Is the home/host School exclusively responsible for crowd control?
A. No. While the home/host School must assume a primary responsibility for the management of the Contest, including providing for crowd control, there is a mutual responsibility on all participating Schools. The visiting School(s) must also take such measures as are necessary to ensure proper behavior by the visiting School’s students and fans. (rule 3-6)

Q. 3-13 What steps must a School take when a fan of the school’s team becomes unreasonably unruly and/or is ejected from a Contest?
A. For the same reason a School is required to take affirmative steps after the ejection of a School’s student athlete, or a School’s coach and or administrator, a School is expected to promptly take remedial action when a fan of the School’s team is unreasonably unruly and/or ejected. While a complete list of the remedial steps is impossible, it would be appropriate that the unruly/ejected fan be barred from One (1) or more future Contests and that in the future the unruly/ejected fan’s seating be restricted to certain locations at the venue.

More Restrictive School rules
Q. 3-14 May a member School impose rules that are stricter than those rules and regulations included in the IHSAA By-Laws and Articles of Incorporation?
A. Yes, a School may narrow the scope of the activities of the students, provided the School’s rules do not violate or conflict with the IHSAA rules. (rule 3-5).

Q. 6-11 May a student receive a scholarship from a non-educational organization and still be eligible in the sport for which the scholarship was awarded?
A. Yes, as long as the student's athletic eligibility has expired.

Q. 6-12 Is a student who receives a scholarship or award for lacrosse still athletically eligible?
A. Yes, the award rule is sports specific, and as long as the scholarship is paid for a non-recognized sport, such as lacrosse, there is not a violation of the rule. (rule 6-1)

College and University Scholarships

Q. 6-13 May a student receive a University or College athletic scholarship and still be eligible in the sport for which the scholarship was awarded?
A. Yes, as long as the scholarship is paid directly to the student's university or college, or in cases where a scholarship is paid directly to the student, as long as the scholarship is not paid until after the student's athletic eligibility has expired. (rule 6-4)

RULE 7 – COACHES

7-1 Coaches Should be Certified Teachers
Coaches should, whenever possible, be regularly certified to teach in Schools of Indiana and:

7-1.1 Coaches' Remuneration
All remuneration for high school coaching must be approved by the board of education of the member School employing the coach.

7-1.2 Limitation on Outside Remuneration for Coaches
No member School shall be permitted to employ an athletic director/s or coach who receives extra pay, salary, gifts or trips for coaching from any source other than through the school corporation.

7-1.3 Full-Time Employment of Coaches
Be full-time employed teachers or supervisors in the member School or in the parent school corporation attendance area.

NOTE 1: The expression “Paid Coach” refers to any person who receives, directly or indirectly, remuneration of any kind - money, travel expenses, gifts, etc., from outside sources - in return for services rendered in instructing or coaching any high school athletic team.

NOTE 2: When a school corporation is a part of a cooperative program with other school corporations, a full-time teacher employed by the cooperative may coach in the school corporation where assigned to teach.

NOTE 3: Where there is a coach of a mixed (boys and girls) team or a male coach of a girls team or a female coach of a boys team, there should also be an adult advisor from the opposite sex. It is strongly recommended that such advisor be employed by the school system. Responsibilities must include being present at practices, Contests, meetings, and accompanying team to all events which involve travel or overnight trips.

7-1.4 Mandatory Coach Accreditation
Beginning the 2018-19 school year, all coaches must complete the following specific education courses to be an accredited IHSAA coach:

a. NFHS Concussion in Sports,
b. NFHS Heat Illness Prevention, and
c. NFHS Sudden Cardiac Arrest.

These courses must be repeated every Two (2) years or when the edition of the course changes, whichever comes first.
Rule 7 - Coaches

7-2 Coaches’ Required Attendance at Rules Interpretation Meetings
For each sport in which the Association conducts a rules interpretation meeting, the head coach for each gender shall be required to attend either in person or via an online meeting.

7-3 Coach May Not Coach at Two Different Schools
A coach (paid or volunteer) may not coach two (2) teams at different schools in the same sport during the same sport season.

7-4 Continuing Education for Athletic Director
Every athletic director, or activities director with oversight for athletics, must successfully complete an organization and administration class prior to being employed for a second year. Note: This rule does not apply to those individuals hired prior to the 2008-09 school year.

a. The organization and administration component requires the successful completion of:
   (1.) IHSAA New Athletic Administrators’ class offered each July, and
   (2.) LTC 504 offered by NIAAA at state and national conferences, as well as online at www.ihsaa.org.

   (Amended pursuant to emergency by-law amendment of Executive Committee, on June 21, 2018.)

b. Member Schools shall maintain a record of training completed by athletic administrators. This record shall be furnished to the Association on request of the Commissioner or his designee. Failure to complete the required education within the appropriate time frame shall result in a fifty dollar ($50.00) fine for the first year and a hundred dollar ($100.00) fine for each additional year of non-compliance.

Q & A
Coaches - Generally

Q. 7-1 What is the definition of a member School coach?
A. A member School coach is an individual who coaches students in grades 9-12 in any IHSAA recognized sport, and includes non-teaching coaches and volunteer coaches. (rule 7-1)

Q. 7-2 Who may coach a member School team?
A. A qualified teacher in the school system, or cooperative, who is regularly licensed, regularly employed and regularly paid as such by the school board out of school funds and non-teaching coaches. (rule 7-1.3)

Q. 7-3 May a university student teacher assist in coaching while assigned to a member School?
A. Yes, a university student teacher may assist in coaching at a member School. (rule 7-1.3)

Q. 7-4 May volunteer non-teaching coaches be used?
A. Yes, volunteer non-teaching coaches may coach at a member School if approved by the Principal.

Q. 7-5 May an individual, who is a full-time teacher, serve as a non-teaching coach in boys and girls cross country at a neighboring member School?
A. Yes, the IHSAA rules do not restrict where a non-teaching coach is employed.

Q. 7-6 An individual who has been coaching girls’ basketball in a member School has the coaching contract terminated for the following year and is so informed in writing by the school officials. May this individual now coach a Non-School Team where Three (3) of the coach’s former players are members of the Non-School Team?
A. Yes, because this individual is no longer a member School coach. However, if the termination of coaching services is not confirmed officially in writing and/or is merely verbal and/or an action that is anticipated, the individual is still considered to be a member School coach and may not coach such a team. (rule 15-2.2b)

Coaching Remuneration

Q. 7-7 May non-school funds be paid to coaches for coaching high School teams?
A. No, only school funds of said School may be used. (rules 7-1.1, 7-1.2)

Q. 7-8 May team members present a gift to their coach?
A. Yes, so long as it is of symbolic value only. (rule 7-1.1)

Q. 7-9 A non-paid or nominally paid coach for a team works for, is employed by or
receives money or benefits from a team booster, or from a company which is controlled by a team booster, and it appears from the circumstances that some or all of the coach's obligations to that booster or to that booster's company are to provide coaching or services to that team. Is this allowed under rule 7?

A. No, the purpose of the IHSAA rule regarding coach remuneration, rule 7-1.1 and 7-1.2, is to assure that the remuneration for coaches is approved by and paid through the local school board. And while the use of non-paid volunteer coaches is permitted, it is contrary to the IHSAA rules when boosters are able to pay, and thereby control, a 'non-paid' or nominally paid coach by indirectly paying that coach through outside wages and benefits. If a non-paid or nominally paid coach is an employee or worker for a known booster, or the company of that booster, it will be presumed that the coach is a recipient of remuneration in violation of rule 7-1.1 and/or 7-1.2, and the coach should not coach.

Rules Interpretation Meetings
Q. 7-10 Must a head coach successfully complete the rules interpretation meeting in a sport?
A. Yes.
Q. 7-11 What is the penalty if a head coach or a representative of the coaching staff does not attend a mandatory rules interpretation meeting in a sport?
A. The member School will be assessed a $50 penalty for each rules interpretation meeting in which a representative is not in attendance. (rule 7.2)
Q. 7-12 If both boys' and girls' teams play a sport under the same playing rules, i.e., basketball, may a School send only One (1) coach to the mandated rules meeting to represent both programs or must it send both a coach of the boys team and a coach of the girls team?
A. No, the rule requires that the rules interpretation meeting must be attended by the head boy's coach and the head girl's coach. If the same individual is the head boy's golf coach and the head girl's golf coach, the individual need only attend the fall rules interpretation meeting. (rule 7-2)

RULE 8 – CONDUCT, CHARACTER, DISCIPLINE

8-1 Student Conduct
Contestants' conduct, in and out of School, shall be such as (1) not to reflect discredit upon their School or the Association, or (2) not to create a disruptive influence on the discipline, good order, moral or educational environment in the School.

NOTE: It is recognized that principals, by the administrative authority vested in them by their school corporation, may exclude such contestants from representing their School.

8-2 Coaches Conduct
The member School principal is responsible for initiating appropriate disciplinary measures against coaches for improper and unethical practices. A report of such must be forwarded to the Executive Committee through the Commissioner.

8-3 Contest Administrators and School Administrators Conduct.
With respect to a Contest Administrator who works at a Contest, or a School Administrator attending a Contest, a member School principal is responsible for (i) reporting to the IHSAA about any Contest Administrator hired by the School, or any School Administrator, who is ejected from the site of the Contest, or is cited for improper or unethical actions at the Contest site, and (ii) initiating appropriate disciplinary measures against any such Contest Administrator or School Administrator.

8-4 Contest Ejection
a. Any contestant, coach, Contest Administrator, School Administrator or Fan, who is ejected from a Contest for an unsportsmanlike act the first time during a sports season shall be suspended from the next interschool Contest (Home Contest for a Fan) at that level of competition and all other interschool Contests (Home Contests for a Fan) at any level in the interim, unless an IHSAA sport-specific rule or policy provides a different protocol or
Rule 8 - Conduct, Character, Discipline

penalty for ejections. (Amended pursuant to emergency by-law amendment of Executive Committee, on June 21, 2018.)

b. As an additional penalty, a coach who is ejected from a Contest the first time during a sport season must successfully complete the NFHS Teaching and Modeling Behavior course before returning to coach at a competition, and a contestant who is ejected from a Contest the first time during a sport season must successfully complete the NFHS Sportsmanship course before returning to competition.

c. Any contestant, coach, Contest Administrator, School Administrator or Fan, who is ejected from a Contest for an unsportsmanlike act a second time during a sport season shall be suspended for the next Two (2) Contests (Home Contests for a Fan) at that level of competition and all other Contests (Home Contests for a Fan) at any level in the interim, unless an IHSAA sport-specific rule or policy provides a different protocol or penalty for a second ejection. (Amended pursuant to emergency by-law amendment of Executive Committee, on June 21, 2018.)

d. This penalty shall be in addition to any other penalties assessed.

Q & A

Conduct - Generally

Conduct - Generally

Q. 8-1 May a member School file a protest regarding the ejection of a player for unsportsmanlike conduct?

A. No, neither a judgment call nor misapplication of a game rule by an official may be protested or appealed. (rules 9-5, 16-2)

Q. 8-2 A coach was very disturbed with the officiating of a Contest and refused to continue play. Is this a violation of an IHSAA rule?

A. Yes, this is a serious violation. The violation must be immediately reported to the Commissioner by the member School principal. (rule 9-16)

Q. 8-3 What action should the principal take when an unsporting act occurs involving a player or coach who is ejected from a Contest?

A. The Contest official who ejected the player or coach shall immediately initiate an unsporting report with the IHSAA, and the principal shall thereafter promptly submit to the IHSAA a response to the unsporting report. For a first ejection during a sports season, the principal shall not permit the player or coach to participate in the next Contest at that level of competition and all other interschool Contests at any level in the interim, and shall enforce any other penalties assessed. For a second ejection during a sports season, the principal shall not permit the player or coach to participate in the next two (2) Contests at that level of competition and all other interschool Contests at any level in the interim, and shall enforce any other penalties assessed. The principal is encouraged to have an ejected player attend the Contest(s), in street clothes, and sit on the team bench; however, an ejected coach is barred from attending the next Contest(s). (rule 8-3)

Q. 8-4 What action should a member School principal take when an unsporting act occurs involving a Contest Administrator or a School Administrator who is ejected from a Contest?

A. The Contest official who ejected the Contest Administrator or the School Administrator shall immediately initiate an unsporting report with the IHSAA, and the principal, hosting the Contest worked by the Contest Administrator, or in the case of a School Administrator, the principal of that School Administrator, shall thereafter promptly submit to the IHSAA a response to the unsporting report. The reporting principal shall not permit the Contest Administrator or the School Administrator to attend the School’s next interschool Contest at that level of competition, and all other interschool Contests at any level in the interim, and shall enforce any other penalties assessed. (rule 8-4)
Q. 8-5  If a student in One (1) sport is ejected from a Contest for an unsporting act, is the student suspended from the next interschool Contest(s) in just that sport or is the student also suspended from the next interschool Contest(s) in other sports in which the student may be participating?

A.  If a student in One (1) sport is ejected from a Contest for an unsporting act, the student would be suspended from the next interschool Contest(s) in just that sport. So, for example, if a student, who plays soccer and kicks for the football team, is ejected for an unsportsmanlike act in soccer, the student would be suspended from the next Contest(s) in soccer but would not be suspended from any football games. (rule 8-3)

Q. 8-6  What is the penalty when a student or a coach is ejected from a Contest for an unsporting act for the second time during a sports season?

A.  The IHSAA Unsporting and Ejection Policy provides that a coach or student who is ejected a second time during a sport’s Contest Season must purchase and complete the current edition of the NFHS Teaching and Modeling Behavior course, may not return to play or coach in any sport until the completion of such course and must fully cooperate with the IHSAA for purposes of its verification that the coach or student has completed the course. This is in addition to rule 8-4(c) which requires the principal of the student or coach to suspend the student or coach for the next two (2) Contests at that level of competition and all other Contests at any level in the interim. (rule 8-4(c)

Q. 8-7  A student is ejected during the last junior varsity game of the season. However, there are several Varsity Contests left in the season and the student is listed on the sectional entry. May the student athlete serve the Suspension during One (1) of the remaining Varsity Contests and be eligible to participate in the sectional?

A.  If a student is ejected from a Contest for an unsportsmanlike act, the student would be suspended from the next interschool Contest(s) in that sport. If there are no remaining Contests at the junior varsity level, the Suspension may be served during a higher level Contest.

Q. 8-8  A student is ejected during the last regular Season Contest. When should the Suspension be served?

A.  The student would serve the Suspension during the first Contest at that same level in the same sport in which the ejection occurred during the next school year. If the student athlete is a senior, the student shall serve the Suspension during the first Contest of the next sport season in which the student participates.

Q. 8-9  A Fan is ejected during a Contest. Is the Fan subject to any discipline?

A.  Yes, if a Fan is ejected, the principals of the teams participating in the Contest, or their designees, shall determine which of the participating Schools were principally supported by the Fan and the principal(s) of those School(s) shall suspend the Fan from attending the Fan’s next Home Contest (see, definition), and if the ejectment was the second, or more, ejection during a sport’s Contest Season, the Fan shall be suspended from attending the next Two (2) Home Contests. (rule 8-4)

RULE 9 – CONTESTS

These GENERAL RULES apply to all interschool Contests.

Interschool athletic Contests shall be subject to the rules of the Association.

Rule 9 - Contests

management and auspices of the Schools concerned or under the direct supervision, management and auspices of the IHSAA.

NOTE: It is strongly recommended that a licensed physician be present or on call during all Contests.

9-4 All Organized Athletic Contests are Considered a “Contest”
Participation of students in an organized athletic Contest during the Contest Season with or against players not attending their School constitutes a game. An unauthorized organized scrimmage or practice during the Contest Season by student athletes with or against teams or players not belonging to their school is considered a game. It is not considered a game when players are from a junior high school and its parent school.

9-5 Official’s Decisions are Final
In all Contests the decisions of the officials shall be considered final and binding.

9-6 Member Schools Limited to One Tournament Series Team; Students May Only Represent Their Own School
Member Schools may maintain any number of teams in the same sport, but only One (1) team may represent a School in an IHSAA tournament series. Students may represent:
   a. only the School in which they are presently Enrolled;
   b. only One (1) School in any sport during a Tournament Series; and
   c. only One (1) team in an IHSAA Tournament Series.

9-7 Unsanctioned School Athletic Activities Shall Not Be Combined with IHSAA Sanctioned Contests
High school intra-squad scrimmages and athletic Contests shall not be conducted as preliminaries, curtain raisers or double headers to non-school sponsored athletic team sport events.

9-8 All-Boys Teams May Not Compete Against All-Girl Teams
All-boys teams and all-girls teams shall not participate against each other in an interschool athletic Contest.

9-9 Boys May Not Participate on Girls Teams
The application and operation of this section during the period 1973-76 has created many problems and results which conflict with the purposes and objectives of IHSAA by:
   a. creating unfair competition through an overbalance of strength and ability of male contestants on teams designed for girls;
   b. creating unwholesome attitudes and feelings among students, coaches, administrators, parents, fans and news media;
   c. creating unsportsmanlike conduct on the part of numerous persons and groups, problems with crowd control, and
   d. placing School administrators in an untenable position while striving to administer wholesome interschool athletic Contests.

In view thereof, and in view of the fact that overall athletic opportunities for boys have not been and are not now limited in Indiana Secondary Schools, boys shall not be eligible for participation as individuals or on a team in interschool athletic season or tournament Contests designed for girls.

9-10 Girls Participation on Boys Teams
Girls may only participate in the girls' sports programs offered by their Schools and boys may only participate in the boys sports programs offered by their School, however:
   a. During the regular season:
      (1.) if a School has a boys program in baseball, basketball, football, soccer or wrestling but not a comparable girls program in that sport (for the purposes of this rule, baseball and softball are not comparable sports), a girl may participate in the boys program in that sport, provided she follows the boys Contest Season rules, but
      (2.) in cross country, golf, swimming and diving, tennis, and track and field, a girl may not attempt to qualify for or participate in the boys program in that sport; and
   b. During the tournament series:
      (1.) if a School has a program in baseball, football or wrestling, a girl may attempt to qualify for and participate in her School’s program in that sport during the tournament series,
(2.) if a School has a boys program in basketball or soccer, but not a girls program in that sport, a girl may attempt to qualify for and participate in the boys program in that sport during the tournament series,

(3.) if a School has a boys program in baseball, but not a softball program, a girl may attempt to qualify for and participate in a School's baseball program during the tournament series, but

(4.) in cross country, golf, swimming and diving, tennis, and track and field, a girl may only attempt to qualify for and participate in the girls program in that sport during the tournament series.

9-11 Simultaneous Boys and Girls Contests
Boys Contests and girls Contests may take place simultaneously or during the same session. With prior mutual consent, team and individual scores may be combined.

9-12 Oxygen Use in Contests Restricted
No oxygen shall be administered to athletes in any Contest by mechanical medicinal means except in genuine cardio-pulmonary emergencies by personnel qualified to administer such.

9-13 No Sunday Athletic Participation
There shall be no interschool athletic Contests, school Practices or school sponsored clinics held on Sunday. Calling One (1) or more team members together on Sunday for studying scouting reports, viewing films of games, any kind of participation, etc. will be considered a violation of this rule.

9-14 Practice Attendance Required to Participate in a Contest
A student-athlete must attend and actively participate in regularly scheduled Practice sessions to be eligible for interschool athletic competition. If a student fails to attend and actively participate in regularly scheduled Practice sessions, such student shall be required to complete the following prior to participating in a Contest:

a. attend and actively participate in all required Pre-participation Practice sessions, see rules 50 and 101;

b. attendance and active participation in Four (4) school-supervised Practice sessions of normal length, which shall occur on Four (4) separate days prior to the day of the Contest, if the student fails to attend and actively participate in more than Four (4) but less than Eleven (11) consecutive days of regularly scheduled Practice;

c. attendance and active participation in Six (6) school supervised Practice sessions of normal length, which shall occur on Six (6) separate days prior to the day of the Contest, if the student fails to attend and actively participate in more than Ten (10) consecutive days of regularly scheduled Practice.

9-15 Limitation on Competing Against Non-IHSAA Member School
No games in Association recognized sports shall be played with high schools of this state or any other state that have been suspended from Membership in the state association or suspended from participation in that sport. This rule does not prevent a member of the Association from playing high schools outside of the state, nor from playing non-high school teams and non-member high school teams within the state, provided the following is understood:

a. their liability insurance may not cover such Contests;

b. the IHSAA cannot and will not sanction such games, nor will they be responsible for crowd control or any damages, liabilities or injuries growing out of or in any way connected with such events;

c. that any such games shall be included in the maximum number of Contests limitation permitted by the IHSAA;
Rule 9 - Contests

d. points scored, etc. shall not be kept as part of the official records of the IHSAA; and
e. there shall be no forfeiture fee if all contracts become null and void.

9-16 Withdrawal from Contests Prohibited
Withdrawal of a School athletic team from an athletic Contest other than in emergency situations which are beyond the control of School personnel and unless by mutual consent of both Schools may jeopardize the standing of the School in the Association.

9-16.1 Withdrawal from Contests Because of Officials’ Conduct Prohibited
Removal of a School athletic team from an athletic Contest due to dissatisfaction with the game officials will jeopardize the standing of the School in the Association.

9-17 Teams May Not Include Students Below Ninth Grade
Member Schools may not use students below the ninth grade on their athletic teams in interschool Contests.

9-18 Use of Audio-Visual Equipment in Contests

a. Use of Audio Visual Equipment and Recordings During Contest.
The use of audio-visual equipment for coaching purposes during athletic Contests in any sports which are under the jurisdiction of the IHSAA shall be in accordance with the National Federation playing rules for that sport, or in accordance with any other playing rule adopted by the IHSAA for playing that sport.

Using audio-visual equipment, recording, filming, telecasting or videotaping for scouting purposes of any Season Contest by any party other than the Two (2) Schools participating in the contest is prohibited.

Participation Against Teams of Non-Members
Q. 9-3 May an IHSAA member School participate against a non-member school whose team contains students below grade 9?
A. Yes, so long as the non-member school is not eligible for IHSAA Membership or has been expelled or suspended from Membership in the IHSAA. (rule 9-15) And if the School is from out of state, the School must be a member in good standing in its state high school athletic associations and the round-trip mileage shall not exceed Six-hundred (600) miles from the Indiana state line. A. In Individual Sports, a girl may not play on a boys’ team in the IHSAA Tournament Series in that sport. In Team Sports a girl may not play on a boys’ team, unless
there is no girls' team in that team sport at that School, and then the girl may play on the boys' team in that sport in the IHSAA Tournament Series. (rule 9-10)

**Rule 9 - Contests**

Q. 9-7 When a girl participates on a boys' team, may she also participate in the boys' IHSAA Tournament Series during the same school year?

A. If a girl participates with the boys in a Team Sport, the girl may participate on the boys' team in the boys' IHSAA Tournament Series only when there is no school-sponsored program for girls in that sport in which she can participate (i.e. football.). (rule 9-10)

Q. 9-8 A member School sponsors both a boys' and girls' golf team. The girls play during the fall season and the boys during the spring season. Is it permissible for a girl to try out for the boys' team rather than play on the girls' team?

(rule 9-13)

**Season Contests**

Q. 9-15 Whose approval is needed to play a Contest?

RULE 15 – PARTICIPATION

Philosophy
Students should have the opportunity to voluntarily engage in non-school sponsored sports activities provided such activities do not interfere with the student’s educational development and the activities do not conflict with the principles of wholesome amateur athletics. The IHSAA wishes to enhance that opportunity while at the same time discouraging the exploitation of student athletes by overzealous individuals and organizations who attempt to impose an obligation on the student, to participate in their programs at any cost. There has been growing evidence of commercialism of high school athletes. In far too many instances non-school sponsored sports events have been the “market place” where the students have been lured to display their “athletic wares.” Experience has revealed that such events tend to divide the allegiance of the students, undermine their respect for their high school coaches, and encourages the type of adulation which gives the students an exaggerated notion of the importance of their own athletic prowess rather than reinforcing the idea that athletic ability is an endowed talent which students should use for the pleasure and satisfaction that they may derive from athletic competition. By the promulgation and enforcement of these rules the IHSAA strives to eliminate these abuses.

Q. 15-2 If a student tries out for a Non-School baseball league, would that be a violation of IHSAA rules?
A. If the try-out occurred during the authorized Contest Season in baseball, this would be a violation of rule 15-1.2; however, it would not affect the student’s eligibility in other sports. And if the try-out occurred during the School Year Out-of-Season, it would not be a violation. (rules 15-1.2, 15-2)
Q. 15-3 Does a student become ineligible in all sports if the student plays on a team other than the student’s School team during the authorized Contest Season in one sport?

17-5.2 Application for Relief
An affected party or the Commissioner or his designee may make application hereunder.
An affected party initiating a review hereunder shall be required to first submit a statement
of any contentions to the Commissioner or his designee who shall conduct any necessary
investigation and make a recommendation to the Committee relative to the request. Thereupon,
the Committee shall review the application and decide, by majority vote, whether it shall allow
the matter to be reopened and/or grant a hearing.

17-5.3 Hearing and Decision on Application for Relief
If a hearing is granted, the Committee may change its decision, reduce or eliminate a period
of ineligibility or reduce or eliminate a new penalty but may not impose a greater period of
Rule 17 - Investigations ... Waivers

eligibility or a new penalty. However, if it is determined by the Committee that a fraud or misrepresentation was committed by a party or witness, the Committee may impose a penalty for the commission of such fraud or misrepresentation.

17-6 Participation by Virtue of Panel or Court Action
If a student is ineligible according to Association rules but is permitted to participate in interschool competition contrary to Association rules but in accordance with a decision of the Case Review Panel or terms of a court restraining order or injunction against the student’s School, or the Association and the decision or injunction is subsequently voluntarily vacated, stayed, reversed or it is finally determined by the courts that the decision or the injunctive relief is not or was not justified or correct, any One (1) or more of the following action(s) against the student and the student’s School, in the interest of restitution and fairness to competing Schools, shall be taken:

a. require individual or team records and performances achieved during the participation by the ineligible student be vacated or stricken;

b. require team victories achieved during the ineligible student’s participation be forfeited to opponents;

c. require team or individual awards earned during the ineligible student’s participation be returned to the Association; and/or

d. if the student’s School has received or would receive any funds for its participation in an Association tournament series in which the ineligible student participated, require the School forfeit its share of net receipts from such series, and if the receipts have not been distributed, authorize the withholding of such receipts by the Association

17-7 Decision; Action

17-7.1 Penalties
For violation of a rule or disregard of a decision or directive made under these rules, some or all of the following action may be taken.

a. The student may be declared ineligible to participate in interschool athletics for a period not to exceed Three-hundred Sixty-five (365) days.

b. A coach may be prohibited from directing an athletic team which participates in interschool athletics.

c. A member School may be:

(1.) prohibited from certain interschool athletic participation; or

(2.) warned; or

(3.) fined, including the forfeiting of revenues generated from the Association; or

(4.) suspended or placed on Probation for a period not to exceed Three-hundred Sixty-five (365) days by the Association.

d. The Association may take any appropriate disciplinary or remedial measures or impose, or direct the imposition of, appropriate sanctions or penalties.

17-7.2 Effective Date
Unless otherwise provided, a decision or directive under the rules, including those made relative to ineligibility, prohibition, Suspension, Probation or other sanction or measures taken, shall be effective immediately, unless good cause for the Suspension of same can be shown to the Commissioner or the Committee.

17-7.3 Suspension
A School may be suspended without previous Warning(s) or Probation. All game and officials’ contracts shall be null and void during the duration of the Suspension. Following the termination of Suspension, the principals must make a written request for reinstatement.

17-7.4 Penalty for Submission of False or Misleading Information
Any student, School or affected party who submits false information, withholds pertinent information, misrepresents a fact, or is responsible for any similar misconduct during any matter involving an IHSAA application, investigation, decision, hearing or appeal, will be subject to sanctions by the IHSAA, which may include the denial or revocation of eligibility, the denial or revocation of licensure, the denial or Suspension from Membership or the denial or revocation of any other IHSAA benefit.
17-7.5 Responsibility of School for Cost of Litigation
An IHSAA member School which institutes, or which encourages or finances, a less than fully successful litigation against the IHSAA, or a less than fully successful agency or administrative review of the IHSAA, which challenges the IHSAA Articles, By-Laws, rules, regulations, policies, rulings or decisions, either prior to or after having first exhausted the internal appeal procedures of the IHSAA, will assume and pay the full cost of such litigation, including counsel fees, expenses and costs incurred by either the IHSAA or incurred by any IHSAA member school brought into the litigation.

17-8 Waiver
17-8.1 General Waiver of an IHSAA rule
Except with respect to rules 4, 8-4, 12 and 18, and Contest Officials’ decisions, the Commissioner, his designee, the Review Committee or Case Review Panel shall have the authority to set aside the effect of any rule and grant a general waiver when the affected party establishes, by clear and convincing evidence, and to the reasonable satisfaction of the Commissioner, his designee, the Review Committee or the Case Review Committee, that all of the following conditions are met:
   a. Strict enforcement of the rule in the particular case will not serve to accomplish the primary purposes of the rule;
   b. The spirit or reason for the rule will not be offended or compromised by a waiver;
   c. Unless waived, an undue harm or burden will be suffered by the affected party from enforcement of the rule; and
   d. When a student eligibility waiver is requested, a hardship condition, as defined in rule 17-8.3 exists.

17-8.2 Application for a General Waiver
An affected party shall apply for a general waiver at the time a matter is referred to the Association under rule 17-2.4 or rule 17-2.5 or, if the matter is not so referred, during the investigation, but prior to a decision, under rule 17-3; for good cause shown or because of circumstances outside the control of the affected party, an affected party may seek a general waiver during the review process under rule 17-4 for the first time. Under any circumstance, however, the appropriate time for a general waiver application is when the grounds for the waiver are discovered.
   a. In bringing a general waiver request, an affected party shall make application in a writing which shall contain all facts pertaining to the case, including sufficient data to make it possible to reach a decision without further investigation. All correspondence and documents pertinent to the case shall be submitted.
   b. Requests for a general waiver should always be made prior to any action or participation by the student, coach, School or affected party under circumstances which would constitute either ineligibility or a rule or decision violation.

17-8.3 Student Eligibility General Waiver
A student seeking a student eligibility general waiver must show the existence of a hardship condition. A “hardship condition” means an extremely negative non-athletic condition, peculiar to the student, which is caused by unforeseen, unavoidable and uncorrectable events, which is beyond the election, control or creation of the student, the student’s family, the student’s supporters, the student’s coaches and the student’s School, and which causes the student to be ineligible or not fully eligible, or which objectively compels some action which results in the student being ineligible or results in the student not having full eligibility. A student eligibility general waiver is exceptional and extraordinary relief, granted in rare cases; ordinary cases shall not qualify for a student general eligibility waiver.
   a. Likewise, a negative change in the financial condition of the student or a student’s family may constitute a hardship condition, however, such change must be permanent, substantial and significantly beyond the control of the student or the student’s family.
   b. In a transfer case where a student seeks full or Limited Eligibility, and there is evidence that the transfer or move was motivated, in part, by athletic reasons, albeit not for primarily athletic reasons, the student will not qualify for a general waiver.
Rule 17 - Investigations ... Waivers

17-8.4 Non-Student Eligibility General Waiver
When the circumstances do not directly relate to student eligibility, an affected party may request a general waiver when special circumstances arise that call for relief from, or modification of, the effects of a rule, policy or procedure on an affected party.

17-8.5 Limited Eligibility Waiver
In addition to the foregoing, in transfer cases under rule 19-6, the Commissioner, his designee or the Committee shall have the authority to set aside the effect of the transfer rule and grant a student full eligibility following a transfer if (a) the student continues to reside with his/her parent(s) or Guardian(s), (b) the student establishes, to the reasonable satisfaction of the Commissioner, his designee or the Committee, that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer, and (c) the principals of the sending and receiving Schools each affirm in writing that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer. In addition, in those circumstances where the student attended a School, other than the sending and receiving School, at any time during the Three-hundred Sixty-five (365) days prior to the transfer, the principal of the other school(s) the student attended during the Three-hundred Sixty-five (365) days prior to the transfer must also affirm in writing that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer.

17-9 Eight Semester Eligibility Waiver
The Commissioner, his designee or the Committee may in individual cases, upon written request, declare eligible a student who would otherwise be ineligible under rule 12 if all of the following conditions are met:

a. the student has not graduated from high school;

b. the student establishes, to the reasonable satisfaction of the Commissioner, his designee or the Committee, that he or she has, or had, a disability as defined in the Individuals With Disabilities Education Act, 20 U.S.C. § 1401(3);

c. the student establishes, to the reasonable satisfaction of the Commissioner, his designee or the Committee either: (1) the student had an I.E.P. and was meeting the requirements of the I.E.P., yet is unable to graduate from high school within Eight (8) semesters after entering ninth grade, primarily because of the disability; or (2) the student did not have an I.E.P. and is unable to graduate from high school within Eight (8) semesters after entering the ninth grade, primarily because of the disability; and

d. the student establishes, to the reasonable satisfaction of the Commissioner, his designee or the Committee that the student’s participation would not constitute an undue risk to the health and safety of other participants or provide the student or the student’s team an undue competitive advantage. Without limiting the evidence that may be considered, the Commissioner, his designee or the Committee, may consider the following in determining whether the student’s participation would constitute an undue risk to the health and safety of other participants or provide the student or the student’s team an undue competitive advantage: (1) whether the student has presented a report from a physician regarding the student’s height, weight and whether the student is likely to pose an undue risk to the health and safety of other participants; the student shall submit to an independent medical examination by a physician selected and paid for by the Association at the request of the Commissioner, his designee or the Committee; (2) whether the student has previously participated in the sport for which eligibility is sought, or a similar sport, and if so, how many years and at what level the student has participated and whether the student’s skill level is such that the student was ever a member of the starting team or was a recipient of league or other honors as a result of previous participation in the sport; (3) whether the student has competed in a prior state tournament series competition (either in an Individual Sport or in a team sport), and particularly at the championship level; and (4) whether the sport is a contact or a non-contact sport.

17-10 Review by Case Review Panel
17-10.1 Right to Review of Final Association Decision by Parent of a Student
a. The IHSAA shall have a case review panel (“Panel”) which shall review the final application or interpretation of any rule of the IHSAA to a student when the student’s parent disagrees
with a final decision of the IHSAA. The Panel shall be bound by these procedural rules and
the substantive rules of the IHSAA when reviewing any final decision of the IHSAA.
b. A student’s parent who disagrees with a decision of the final application or interpretation
of any rule of the IHSAA shall have the right to do One (1) of the following: (1) accept the
IHSAA’s final decision, or (2) refer the case to the Panel not later than thirty days after the
date of the IHSAA Review Committee’s decision.
c. The IHSAA will implement the decision of the Panel on each case, subject to any
determination made following judicial review under rule 17-10.5.

17-10.2 Case Review Panel
The case review Panel shall be comprised of Nine (9) members including:
a. Eight (8) members appointed by the Indiana Superintendent of Public Instruction
(“Superintendent”) with the following qualifications:
   (1.) Four (4) parents of high school students,
   (2.) Two (2) high school principals, and
   (3.) Two (2) high school athletic directors,
   who shall serve a Four (4) year term. Any member who ceases to meet these
   qualifications shall cease to be a member of the Panel, and the Superintendent shall
   appoint a replacement member to serve out the remainder of the term.
b. the superintendent, or a designee, who shall be the chairperson of the Panel.

17-10.3 Panel Meetings
a. The Panel must meet monthly, unless there are no cases before the Panel. The Panel may
meet more frequently at the call of the chairperson. However, the chairperson must call a
meeting within five (5) business days, or as soon thereafter as a quorum can be assembled,
after the Panel receives a case in which time is a factor in relation to the scheduling of an
athletic competition.
b. A quorum of the Panel is five (5) members. The affirmative vote of the greater of the
majority present or Four (4) votes if less than Seven (7) members of the Panel are present
is required for the Panel to take action.
c. Upon receipt of a case, the Panel must do the following: (1) collect testimony and information
from both the IHSAA and the parent, and (2) place the case on the Panel’s agenda and
consider the case at a meeting of the Panel.

17-10.4 Panel Decision
a. Not later than Ten (10) business days after the meeting at which the Panel considers the
case, the Panel must issue a written decision that does One (1) of the following:
   (1.) uphold the IHSAA’s decision,
   (2.) modify the IHSAA’s decision, or
   (3.) nullify the IHSAA’s decision.
b. The Panel shall promptly make a written ruling of its determination. The parties before the
Panel shall be permitted to submit a proposed written ruling for the Panel’s consideration.
c. A decision of the Panel applies only to the case before the Panel and does not affect any
rule of the IHSAA or decision under any rule concerning any student other than the student
whose parent referred the case to the Panel.

17-10.5 Judicial Review
a. If the IHSAA or the student’s parents who referred a case to the Panel disagrees with the
decision of the Panel, the IHSAA or the student’s parents may file a legal action to review
the Panel’s decision (“judicial review”).
b. An action for judicial review must be filed with a court with jurisdiction not later than forty-five (45) days after the Panel issues its decision.
c. In an action for judicial review, a court may reverse the Panel’s decision if the court, upon
its own review of the facts and issues involved in the decision and the applicable rule of
the IHSAA, determines that the decision of Panel, or the IHSAA’s decision upheld by the
Panel, is:
   (1.) not a fair and logical interpretation or application of the IHSAA’s rules:
   (2.) arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with the
   law;
(3.) contrary to constitutional right, power, privilege, or immunity;
(4.) in excess of statutory jurisdiction, authority, or limitations, or short statutory of rights;
(5.) without observance of procedure required by law, or
(6.) unsupported by substantial evidence.

d. A court reviewing a Panel’s decision may do the following:
(1.) Affirm the Panel’s decision,
(2.) Modify the Panel’s decision,
(3.) Review the Panel’s decision, and remand the action to the Panel for action directed by the court.

e. Should the IHSAA fail to follow the hearing and appeals procedures described in rules 17-4 and 17-10, a student’s parent may proceed directly to a court with jurisdiction to resolve a dispute.

Q & A
Penalties - Generally
Q. 17-1 What will the penalty be for the violation of an IHSAA rule?
A. Penalties are not assigned in advance, as the IHSAA, a democratic organization, is built on the idea that the observance of its rules and regulations is more to be desired than the enforcement of them. The IHSAA believes that the essence of proper and willing observance is higher than enforcement and that the IHSAA should resort to enforcement only when observance fails.

Full Eligibility Under the General Waiver rule
Q. 17-2 A student, who transferred schools without a change in residence, has a valid non-athletic reason for transfer. How does the student bring the matter to the attention of the IHSAA and what does the student need to show that the transfer qualifies for full eligibility under the General Waiver Rule, rule 17-8.1?
A. A student who believes that the circumstances of the transfer qualifies for full eligibility under the General Waiver Rule should make the application as part of the student’s Transfer Report. The request should be substantiated with documents and statements showing a clear basis for a waiver. A failure to request a waiver on the Transfer Report or a failure to provide evidence of the circumstances which support the claimed waiver with the Transfer Report suggests that the transfer was not the result of the circumstances which support any waiver request. (rule 19-8)

Q. 17-3 A student’s family claims that it cannot afford to send a student to a Private School because of an increase in tuition and costs at the Private School, or because the family’s financial situation has changed and the family cannot afford the cost of Private School. Can the student get full eligibility under the General Waiver Rule?
A. A tuition-paying Private School student may successfully show a ‘hardship condition’ based on a negative change in financial conditions, however, the student must show that the change was unforeseeable, permanent, substantial, and significantly beyond the control of the student and the student’s family. Increases in tuition or additional costs at a Private School are considered foreseeable and, therefore, of themselves, do not meet the criteria. To be considered, a negative change in a family’s financial condition must have occurred since the student’s Enrollment at the Private School. In addition, a student must show that he or she attempted to address the negative change in the family’s financial condition with the Private School, and must demonstrate that the aid or assistance from the Private School was insufficient to address the negative change. In any case, the student and the student’s family must clearly show that the cost of the Private School is no longer affordable. (rule 17-8.4c)

Q. 17-4 A student is Enrolled in a School which is not a School which Serves the Student’s Residence. It is becoming more and more difficult to travel to such...
School. If the student transfers to the School which Serves the Student’s Residence, will the student be eligible for Varsity competition under the General Waiver Rule?

A. Generally, no. Most transportation problems, including difficulty because of road construction, changes in carpools, weather-related difficulties, rise in gas prices, etc., are foreseeable and do not establish a hardship condition.

Q. 17-5 A School has discontinued an academic program in which the student participated. If the student transfers to a new School that offers the same program can the student get full eligibility under the General Waiver Rule?

A. A transfer made as a result of a School discontinuing a particular academic program might establish a hardship condition, however, there must be proof that the student was fully enrolled in the academic program at the former School, the program was a significant focus of the student and the student’s education program, the program was discontinued at the former School and the student Enrolled in the program at the new School. The discontinuance of a single subject, like calculus, will not result in a student eligibility general waiver. (rule 17-8.3)

Q. 17-6 A student changed Schools because of a medical condition. Will the student be allowed to compete at his new School at the Varsity level?

A. Transfers based upon medical conditions may qualify for full eligibility under the general waiver rule provided a physician substantiates the need for the transfer as an integral part of the student’s medical therapy of prevention or medical therapy of the aggravation of an existing condition, serious enough to warrant a compelling need to transfer. If it appears that the diagnosis was made for the purpose of establishing athletic eligibility at the new School, the request will likely be denied. Letters and reports from psychologists, nurses, and social workers will be given little consideration for making a student eligibility general waiver based upon medical considerations.

Q. 17-7 A student Enrolls as a freshman at a Private School or at a Public School outside the student’s Public School attendance area, has trouble making friends at the new School and also has academic difficulties at the School which it is known as being academically challenging. The student wants to transfer to another School where the student’s friends attend or which offers a course of study which is less challenging. Will the student be eligible at the Varsity level at the new School?

A. Such circumstances generally do not satisfy the criteria for a student eligibility general waiver. It is expected that there will be social adjustment problems or scholastic problems when a student chooses to attend a School outside of the neighborhood or a School that has a more rigorous curriculum.

Q. 17-8 A student wants to attend a different School where the scholastic program is better and where the student will fit in better. Will the student be eligible at the Varsity level?

A. Transfers for these reasons generally fail to meet the criteria for full eligibility under the General Waiver Rule. A decision to change Schools because someplace else is “better” is not the result of a circumstance which necessitates a School change, but is more often the consequence of a family’s decision about what School they believe to be superior. This is a choice, totally within the control of the student and the student’s family. Students and parents are urged to research schools prior to Enrollment. (rules 17-8.1, 17-8.3).

Q. 17-9 Can a student apply for a Student Eligibility General Waiver following a transfer if she has been subjected to a disciplinary action at the former school?

A. Transfers as a result of disciplinary action, pending disciplinary action or a code of conduct violation at a former school do not meet the criteria for a student eligibility general waiver. (rule 17-8.3)
Q. 17-10 A student attends a school where the student’s family believes there was gang activity and was not a safe. The family wants the student to transfer to another, safer school. Will this transfer result in Limited Eligibility?

A. A transfer because of safety concerns may sometimes meet the general waiver rule criteria and may permit full eligibility. In cases where the family believes that there is an unsafe school environment, the student must show a problem and that problem makes remaining on that campus a dangerous situation. The preferable proof would include school reports of incidents involving the student, evidence that the student requested the school to provide assistance in dealing with the problem and proof that the problem persisted. Proof of rumors of potentially dangerous conditions will probably not support a student’s request for a student eligibility general waiver.

Q. 17-11 A student has been bullied by another student while enrolled at a school and transfers to a neighboring school to get away from the student bully. The student seeks full eligibility under the General Waiver Rule, 17-8.1. Does a bullying situation qualify as a hardship condition?

A. Bullying may qualify as a hardship condition if there has been a verified history of bullying and the bullying occurred at the Sending School, and not over social media, not at the mall, not at McDonalds. Also, any bullying incidents must have been reported to the Sending School at the time the bullying occurred, and at a minimum, the student must have completely complied with the Sending School’s Bullying Policy in order for the claimed bullying to be considered. (rule 17-8.3)

Q. 17-12 Can bullying within or among athletes and teammates qualify as a hardship condition?

A. A claim of bullying involving teammates generally does not qualify as a hardship condition since a student who transfers as the result of an athletically-related event is transferring for an athletic reason, even if the event is a teammate bullying another teammate. Under rule 17-8.3, before a situation can be considered a hardship condition, the situation must be non-athletic. Under 17-8.3(b), any evidence that the transfer was motivated by athletics often eliminates the chance that the situation is a hardship condition.

Eligibility Under the Transfer Waiver rule 17-8.5

Q. 17-13 A student moves to the home of an uncle, who became the student's Guardian, and transfers to a school which serves the uncle's residence. The principal of both the former School and the new School signed the verification on the Transfer Report that the transfer was in the best interest of the student and that there were no athletic related motives involved. Will the student get full eligibility?

A. No, under rule 17-8.5, the student must meet each condition of the rule, including the requirement that the “student continues to reside with his/her parents/Guardians.” Since the student did not “continue to reside”, the rule does not apply.

Q. 17-14 A student moves between divorced parents, but does not want to enroll at the school which Serves (as defined in the Definitions, above) the student’s new residence, and instead, wants to enroll at a school which does not Serve the student’s new residence. Can the student get full eligibility at the new school under 17-8.5?

A. No. A student moving to live with a parent can obtain full eligibility under rule 19-6.1(b), but under rule 19-6.3, can only obtain full eligibility at the school which serves the student’s new residence. A student who moves from one parent to another does not meet the criteria of the Limited Eligibility Waiver Rule, rule 17-8.5(a), because, under that rule, the student must continue to reside with the parent, and in this case the student did not continue to reside with the parent, but instead moved to live with the other parent.
RULE 18 – SCHOLARSHIP

Philosophy
Realizing that the age group served by high school represents an interval in human development that can be turbulent and complex, the IHSAA is concerned with educating the “whole person.” Therefore, the primary focus of any Indiana Secondary School should be to provide educational opportunities for its students in accordance with the requirements set forth by the Indiana Department of Education. This academic training should progress toward an adequate education and ultimately in earning a high school diploma. Participation in interschool programs is a privilege for which reasonable standards should be established and enforced for the educational and personal welfare of the students who participate. If students cannot successfully carry and pass a normal minimum load of formal classroom work and simultaneously undertake the extra demands upon time and energy required by interschool participation, they should postpone their commitment to interschool programs and concentrate time and effort on achieving in the classroom. On the basis of these premises, minimum academic achievement requirements have been established by the IHSAA. Hopefully, the minimum academic eligibility standards adopted will:

a. promote higher educational standards;
b. upgrade student academic performance;
c. counter public criticism of schools for low expectations and low student achievement; and
d. enable schools to use athletic participation as a motivator for better classroom performance and achievement.

18-1 Minimum Course Enrollment and Grades for Participation
To be eligible scholastically, students must have received passing grades and earned credit at the end of their last Grading Period in School in at least Seventy percent (70%) of the maximum number of full credit subjects that a student can take and must be currently Enrolled in at least Seventy percent (70%) of the maximum number of full credit subjects that a student can take.

a. The preceding notwithstanding, a student must have been Enrolled in a minimum of Four (4) full credit courses during the last Grading Period, and must be Enrolled in a minimum of Four (4) full credit subjects (or the equivalent) during the current Grading Period, unless a Block Four schedule is used, and then the student’s Enrollment must be in a minimum of Three (3) full credit courses.

b. If grades reported at an Eligibility Certification Date include both Grading Period grades and semester grades, then semester grades take precedence for eligibility purposes.

c. A student may use up to Two (2) semesters of the state-required physical education course for eligibility purposes, with each semester’s course counting as One (1) full credit.

d. Physical education credit earned by participation on an athletic team, may not count toward academic eligibility.

e. Class periods must meet Indiana Department of Education standards for awarding credit and minutes in class.

f. In the event a School establishes minimum academic requirements which are greater than the IHSAA academic requirements, the IHSAA will consider those higher academic requirements to constitute the IHSAA academic requirements at such School, and will require that a student at that School meet those greater academic requirements before that student is eligible scholastically under this rule.

18-1.1 Amount of Credit
The amount of credit given for any subject shall be as authorized by the Department of Education.

NOTE: With such approval, Advanced Physical Education may earn a maximum of One (1) credit, per semester.

18-1.2 Multi-Credit Subjects
Subjects for which Two (2) or more credits per semester are earned toward graduation shall be considered as an equivalent number of required subjects.

18-1.3 Vocational and Special Education School Credits
Students attending state approved vocational or special education schools may transfer such grades and credits earned to their home School for the purpose of establishing eligibility.

18-1.4 Partial Credit Subjects
A combination of 2, 3, or 4 partial-credit subject grades may be substituted for 1 or 2 full-credit subject deficiencies.

18-1.5 Transfer Students
Transfer students must meet the requirements of this rule. However, if a transfer student is coming from a school with a different academic schedule that cannot be accommodated in his/her new School, and the transfer student is certified to be academically eligible by the school from which he/she is transferring, said transfer student shall have full academic eligibility in their new School until the transfer student can Enroll, complete and receive credit in the maximum number of full credit subjects that a student can take at the new School. However, during this interim period the transfer student must receive passing grades at the new School in at least Seventy percent (70%) of the classes in which the student is Enrolled (semester grades take precedence) and meet all other eligibility rules.

18-1.6 Semester Ineligibility
Students who are ineligible scholastically at the end of a Grading Period or semester, are ineligible for the following Grading Period.

18-2 Certification Dates
Each School will establish consistent Grading Periods within the school year. The principal shall set the Eligibility Certification Dates annually on the membership page/form. Each Eligibility Certification Date must occur no later than noon of the tenth school day following the end of each Grading Period. The principal shall certify the grades of each student on the Eligibility Certification Date.

18-3 Night School
When students from a member School attend any night school approved by the Department of Education and such students desire to count the credits earned toward IHSAA scholastic eligibility requirements, they must obtain written approval from their high School principals that each specific course credit/s earned will be accepted and counted toward graduation. When establishing current scholastic eligibility requirements, they must be passing Seventy percent (70%) of the maximum of full credit subjects or the equivalent taken concurrently in day and/or night school.

18-4 Make-up for Scholastic Deficiency
Scholastic deficiencies caused by the inability of a student to pass Seventy percent (70%) (See rule 18-1) or the equivalent in the previous Grading Period (semester grades take precedence) may be made up in night school, summer school or correspondence school and counted toward eligibility provided:

a. it be done in an accredited school or according to procedures approved by the Department of Education;

b. all work be done and the necessary credits be made a matter of final record in principal's office prior to the opening date of the Grading Period in which eligibility is desired. This does not apply to incompletes;

c. all work and credits be Bona Fide and certified as such by the high School principal.

18-5 Incompletes
An incomplete in a course at the end of a Grading Period or semester counts as a failure until deficiency has been removed; an incomplete in a course on the Eligibility Certification
Rule 18 - Scholarship

Date counts as a failure and, for scholastic eligibility purposes, cannot later be made up or removed. A School may request a hardship waiver of this rule, regarding a make-up of an incomplete after the Eligibility Certification Date for an extreme situation outside the control of the student and the student’s parent(s).

18-6 Withdrawals

Students who withdraw within the first Fifteen (15) school days of a semester shall not be considered ineligible as to scholarship at the beginning of their next semester of Enrollment, provided they were eligible when they withdrew.

   (1.) the student is Enrolled in credit courses at their home School at least Fifty percent (50%) of the normal school day,
   (2.) the college course is approved by the Department of Education,
   (3.) the local Board of School Trustees counts the college course credit toward graduation,
   (4.) the college class is taken concurrently with the student’s School classes;
   (5.) total class time of a college credit course is equivalent to the student’s regular courses and in determining credits, Three (3) semester hours or the equivalent in a college course shall be counted as equivalent of One (1) high school credit.

b. Unavailable Courses: A student may attend class at another accredited school for credit in course offerings which cannot be obtained at the student's School so long as the student is Enrolled in and attending credit courses at their home School during at least Fifty percent (50%) of the normal school day, and the total time in the class is equivalent to a regular course at the student's home School.

c. Q & A
Academic Eligibility - Generally

Q. 18-1 When is a student academically eligible to participate in interscholastic athletics at a member School under the IHSAA rules?
A. In general, a student is eligible academically if (i) the student is currently enrolled in at least Seventy percent (70%) of the maximum number of full credit subjects available, or the equivalent, and (ii) the student received a passing grade in Seventy percent (70%) of the maximum number of full credit high school subjects available, or the equivalent, in the previous Grading Period (rule 18-1)

Q. 18-2 If a student fails to pass Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent during the last Grading Period of a semester but earns credits in Seventy percent (70%) of the maximum number of full credit high school subjects for the semester, will the student be eligible at the beginning of the first Grading Period of the next semester?
A. Yes, the semester grades take precedence over grades received during the final Grading Period of the semester. (rule 18-1)

Q. 18-3 If a student passes Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent during the last Grading Period of a semester but failed to earn and be awarded credits in Seventy percent (70%) of the maximum number of full credit high school subjects for the semester, will the student be eligible at all for the next Grading Period?
A. No, the semester grades take precedence over grades received during the final Grading Period of the semester. (rule 18-1)

Q. 18-4 If a student is academically ineligible at the end of a Grading Period or semester, is the student academically ineligible for the entire next Grading Period?
A. Yes, an academically ineligible student at the end of any Grading Period is academically ineligible for the entire next Grading Period. (rule 18-1.6)

Q. 18-5 If a student is academically ineligible at the end of a Grading Period or a semester, when can the player become academically eligible?
A. If, following a period of academic ineligibility a student successfully meets all academic requirements during a succeeding Grading Period, the student will be eligible to play on the date the principal certifies grades for the succeeding Grading Period. Here the student would be eligible on the certification date for the succeeding Grading Period. (rule 18-2)

Q. 18-6 Is a student who had been academically ineligible during a Grading Period, but who meets the scholarship requirements the next Grading Period, eligible to play the night of the last day of the next Grading Period?
A. It depends on the certification date of the student’s School. A student becomes academically ineligible on the certification date and also academically eligible on the certification date. Here, if the certification date is the last date of the Grading Period, then the student would be academically eligible to play sports that day. If the certification date was the following Tuesday, then the player would be eligible the following Tuesday. (rule 18-2)

Q. 18-7 Is a student who was expelled from school for an entire semester, academically
eligible for the following semester?

A. Yes, provided the student had passed Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent during the last Grading Period of Enrollment. Note, all rules of the IHSAA are binding on a student, both before and during a period of expulsion or Suspension, such as the conduct rule, the scholarship rule and the enrollment rule. (rule 18-1)

Q. 18-8 Is a student who was expelled from school during the middle of a semester, academically eligible for the first Grading Period following the period of expulsion?

A. No, the student would fail to meet the requirements of passing Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent during the student’s last Grading Period. (rule 18-1)

Q. 18-9 Is a student who was passing Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent and then dropped out of school for the remainder of the Grading Period, and did not receive any grades for the Grading Period, considered eligible under the scholarship rule at the beginning of the following Grading Period?

A. No, the student would fail to meet the requirements of passing Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent the student’s last Grading Period of enrollment. (rule 18-1)

Q. 18-10 Is a student who has been out of high school for a semester or more, and who has played on a Non-School Team during that time, eligible when entering school at the beginning of a semester?

A. This is not an academic question since non-attendance at school alone or playing on a Non-School Team does not impact a student’s academic eligibility. Rather, academic eligibility turns upon the student’s academic success or lack of success the last Grading Period of attendance. (rule 18-1)

Make-Up Work and Repeated Courses

Q. 18-11 Can a student repeat a course and have the course count toward academic eligibility?

A. Yes, if approved by the principal and a passing grade is earned and placed on the student’s official transcript.

Q. 18-12 Can a student, who has an incomplete at the end of a Grading Period in One (1) of the five (5) courses in which the student was enrolled, make up the work in the course, obtain a passing grade for the course, and be academically eligible during the upcoming Grading Period?

A. Yes, but it depends on when the class work is made up and when the grade is changed from an ‘I’ to a passing grade. Incompletes can be made up and an incomplete can be changed to a passing grade, but in order for that passing grade to count for eligibility purposes, the passing grade must have been entered on the student’s records on or before the Eligibility Certification Date, rule 18-5. A School can request a hardship waiver to permit the student to make-up the incomplete after the Eligibility Certification Date. To obtain a waiver the student would have to show that the reason the course could not be timely completed was the result of an extreme situation outside the control of the student and the student’s parent(s), such as a medical emergency. Even if a waiver is granted, a student will remain academically ineligible until the course is competed and the grade is changed from an ‘I’ to a passing grade.

Q. 18-13 If a student fails to pass Seventy percent (70%) of the maximum number of full credit subjects available, or the equivalent, during the last semester of the school year, may the student’s credits achieved in summer school count toward academic eligibility?

A. Yes, summer school course grades and credits can be combined with the previous spring semester course grades and credits in order to meet the Seventy percent (70%) rule for the spring semester. In order for the summer school course grades and credits to be used, all summer school courses must
be completed before the first day of school of the next fall semester. A student who needs summer school grades and credits to be academically eligible will remain ineligible until the summer school grades and credits are received by the student’s School of Enrollment and the principal or the principal’s designee can confirm that the student is academically eligible for fall sports. (rules 18-4, 18-5).

Q. 18-14 Can a student use an on-line or correspondence course to count as a full credit subject for purposes of academic eligibility?
A. Yes, provided the on-line or correspondence course is taken or attended concurrently with the Grading Period for which the course is to be counted as a full credit subject, and provided the course complies with the requirements of either the night-school rule (rule 18-3), the innovative course rule (rule 12-4), the college-credit rule (rule 18-8(a)) or the unavailable-course rule (rule 18-7(b)).

Q. 18-15 May a student make up an academic deficiency during a Grading Period by demonstrating proficiency in a course or subject, and obtain credit(s) under Ind. Code 20-36-5-1 or a similar law?
A. No, academic proficiencies can be made up under rule 18-5 only through the enrollment in a course of study offered at a night, summer, or correspondence school, by successfully such a course through course work, and by receiving course credit(s). Testing out of a course may not be used to make up for an academic deficiency.

Vocational Schools
Q. 18-16 A student attends a vocational school outside the student’s School of Enrollment, for Three (3) hours each day. Where is the student eligible?
A. The student is eligible at the student’s School of Enrollment. (rule 18-7(b))

Q. 18-17 A student at a member School attends a college (e.g. Ivy Tech) to take vocational courses. Is the student academically eligible?
A. A student may take vocational courses “off-campus” and still be academically eligible, provided the student obtains prior approval from the principal of the School of Enrollment, the courses are not offered at the School of Enrollment and the student attends the School of Enrollment at least Fifty percent (50%) of the school day. (rule 17-8 (b)). Alternatively, the student may be academically eligible, even if the courses are available at the School of Enrollment, provided the student obtains prior approval from the principal of the School of Enrollment, the courses provide credit for both high school and college and the student attends the School of Enrollment at least Fifty percent (50%) of the school day. (rule 18-7(a)).

Transfer Students
Q. 18-18 Is a transfer student, who was academically eligible at a prior school, academically eligible at the new School when the student’s academic schedule at the previous School (block 4) cannot be accommodated at the new School (traditional six-period day).
A. The student may have full academic eligibility until the student can enroll, complete and receive credit in the maximum number of full credit subjects that the student can take at the new School. (rule 18-1.5)

Q. 18-19 Is a transfer student who was academically ineligible at the transfer student’s prior school eligible at the transfer student’s new School?
A. No. Under rule 3-8, any ineligibility rulings under the rules of a prior school, such as an academic ineligibility ruling, carry over to the new School, even if the transfer student would have been academically eligible under the rules of the new School. An academically ineligible transfer student will remain academically ineligible at the new School until the transfer student meets the academic requirements at the new School, including the IHSAA academic requirement of having received passing grades and earned credit at the end.
of the transfers student’s last Grading Period at the new School in at least Seventy percent (70%) of the maximum number of full credit subjects (or the equivalent) that the transfer student could take at the new School.

**Home School Students**

Q. 18-20 May a student who is “Home Schooled” and being taught by his/her parents be eligible for athletics?

A. Yes, under the Non-accredited Student Rule, a student who attends a non-public, non-accredited school, which includes all home education schools, may be eligible to participate in the athletic program at the Indiana Public School which Serves the Student’s Residence, provided the student meets the rule’s minimum requirements and conditions. Otherwise, a student is eligible to participate in an athletic program involving IHSAA recognized sports only at the member School in which the student is Enrolled and attends, and is passing Seventy percent (70%) of the maximum number of courses offered at that member School. (rules 12-1, 12-5, 18-1)

**Students Eligible to Graduate**

Q. 18-21 Are students who have made sufficient credits to graduate in less than 8 semesters, eligible thereafter?

A. Yes, provided they do not actually graduate and remain Enrolled and carry an adequate workload (Seventy percent (70%) of the available full credit subjects) during the Grading Period of participation. (rules 13-2, 18-1)

Q. 18-22 When does the eligibility of a student-athlete end if the student graduates at the end of the first semester or the second Trimester?

A. The student-athlete would become ineligible to participate in athletics on the first day of the next Grading Period.

**Entry of Academically Ineligible Students in Tournament**

Q. 18-23 May a student’s name be included on an IHSAA tourney entry list while the student is scholastically ineligible?

A. Yes, however, the student must be eligible at the time of participation.

**Summer School**

Q. 18-24 Does a summer school credit earned by a student at a school other than the School of Enrollment jeopardize the academic eligibility of that student?

A. No. And if the summer school credit is accepted by the Department of Education and the principal of the School of Enrollment recognizes the summer school work for credit, the summer school credit may be used to satisfy the academic requirements of the scholarship rule. In fact, the IHSAA recommends summer school classes, which are approved by the principal of the School of Enrollment, for students who need credits. (rule 18-5)

Q. 18-25 May summer school credits be counted as make-up for a future deficiency?

A. No, summer school credits can be applied only to make up for academic deficiencies the previous spring Grading Period. (rule 18-4)

**Physical Education Grades**

Q. 18-26 May a state-required physical education course be count as a full credit subject under the Scholarship rule?

A. Yes, regardless of whether the course is for a full credit or for half credit, each course of the Two (2) semesters, state required physical education course may be counted as a full credit subject for eligibility purposes. (rule 18-1)

**Conditional and Incomplete Grades**

Q. 18-27 Is a “conditional” or an “incomplete” considered a “pass” by the IHSAA when determining academic eligibility?

A. No, an incomplete at the end of a Grading Period or semester counts as a failure until deficiency has been removed and the course will count for eligibility purposes only if the conditional or incomplete is removed prior to the Eligibility Certification, or if the students petitions to the IHSAA for a waiver of the rule. (rule 18-5)

Philosophy
The following is a brief resume of the points of philosophy included in the transfer rule of this Association.

a. Participation in interschool athletics is a privilege provided for students who meet the democratically-established standards of qualification as set forth by this Association.

b. The privilege of participation in interschool athletics should fundamentally be available to Bona Fide students in school districts where their parents or legally-established guardians reside.

c. Standards governing residence and transfer are a necessary prerequisite to participation in interschool athletics because:
   (1.) they protect the opportunities of Bona Fide students to participate;
   (2.) they provide a fundamentally fair and equitable framework in which interschool athletic competition, in an educational setting, can take place;
   (3.) they provide uniform standards for all schools to follow in maintaining athletic competition;
   (4.) they support the educational philosophy that athletics is a privilege which must not be permitted to assume a dominant position in a student's or school's program;
   (5.) they keep the focus of educators and students on the fact that students attend school to receive an education first and participate in athletics second;
   (6.) they maintain the fundamental principle that a high school student should live at home with his/her parents or legally-appointed Guardian (if the parents are deceased) and attend school in the school District in which the parents or Guardians live;
   (7.) they reinforce the view that the family is a strong and viable unit in our society, and as such, is the best place for students to live while attending high school;
   (8.) they serve as a deterrent to students who would transfer schools for athletic reasons and to individuals who would seek to recruit student athletes to attend a particular school for the purpose of building athletic strength;
   (9.) they serve as a deterrent to students running away from or avoiding an athletic conflict or discipline that has been imposed;
   (10.) they protect school programs from losing students who have established an identity as an athlete and, as such, are contributors to the overall school program and image.

Definitions:
Transfer For Primarily Athletic Reasons – A Transfer For Primarily Athletic Reasons includes, but is not limited to:
   a. a transfer to obtain the athletic advantage of a superior, or inferior, athletic team, a superior athletic facility or a superior coach or coaching staff;
   b. a transfer to obtain relief from a conflict with the philosophy or action of an administrator, teacher or coach relative to athletics;
   c. a transfer seeking a team consistent with the student’s athletic abilities;
   d. a transfer to obtain a means to nullify punitive action taken by the previous school.

Bona fide change of residence – Determination of what constitutes a ‘Bona Fide’ change of residence depends upon the facts in each case, however, to be considered, the following facts must exist:
   a. the original residence must be abandoned as a residence; that is, sold, rented or disposed of, or in the process of being disposed of as a residence and must not be used as a residence by any member of the student’s immediate family; and
   b. the student’s entire immediate family must make the change and take with them the household goods and furniture appropriate to the circumstances. For eligibility purposes, a single family unit may not maintain Two (2) or more residences.
   c. the change of residence must be genuine, without fraud or deceit, and with permanent intent.
Limited Eligibility – A student who is declared to have Limited Eligibility shall be eligible to participate immediately in all interschool athletics, provided, however, during the first Three-hundred Sixty-five (365) days from the date of last participation at a previous school, such student may not participate in interschool athletics as a member of a Varsity athletic team.

RULES:

19-1 Initial Promotion Eligibility
When a student is promoted from grade 8, such student may enter grade 9, and have full eligibility, in a school of such student’s choice provided:

a. such student Enrolls on or before the 15th initial school day at such School; and
b. rule C–20 - Undue Influence has not been violated.

In the event a student attends a junior high or middle school which includes grade 9, full eligibility shall be at the parent high school in grade 10.

19-2 Continued Eligibility
Once a student obtains full athletic eligibility in a School, such student retains full athletic eligibility in that School even though such student’s parent(s)/Guardian(s) or the student moves to another District or Territory, however, such full athletic eligibility is forfeited in such School in the event:

a. the student Enrolls at and attends another School for Fifteen (15) or more school days; or
b. such student participates in an interschool Contest as a representative of another School; or

c. the student obtained full eligibility under the foreign exchange student exception, 19-6.1(m), and the student continued in attendance at the member School after the initial year of eligibility.

19-3 Transfer Eligibility - Generally
A student who transfers to a member School shall be ineligible to participate in interschool athletics for a period of Three-hundred Sixty-five (365) days after Enrollment, unless and until an IHSAA Athletic Transfer Report shall have been ruled on by the Commissioner, or the Commissioner’s designee.

19-4 Transfer For Primarily Athletic Reasons or the Result of Undue Influence
To preserve the integrity of interschool athletics and to prevent or minimize recruiting, proselytizing and school ‘jumping’ for athletic reasons, regardless of the circumstances, a student athlete who transfers from One (1) school to a new school for primarily athletic reasons or as a result of undue influence will be ineligible at the new School for Three-hundred Sixty-five (365) days from the date the student Enrolls at the new School. However, if a student transfers and it is not discovered at that time that the transfer was primarily for athletic reasons or the result of undue influence, then the student will be ineligible for Three-hundred Sixty-five (365) days commencing on the date that the Commissioner or Commissioner’s designee rules the student ineligible.

19-5 Eligibility When Transfer With Change Of Residence By Parent(s)/Guardian(s)
A student who transfers with a corresponding change of residence to a New District or Territory by the student’s custodial parent(s)/guardian(s) will have full eligibility at the new School, provided there is a Bona Fide change of residence, provided neither the residential change nor the selection of the new residence was the result of primary athletic reasons or the result of undue influence, and provided the transfer is not for primarily athletic reasons or the result of undue influence.

19-5.1 Transfer Options When Transfer With Change of Residence by Parent(s)/Guardian(s)
When a student’s parents(s)/Guardian(s) make a Bona Fide change of residence to a New District or Territory, the student has the following options:

a. the student may continue eligibility at his/her original school pursuant to rule C–19-2; or
b. The student may transfer and attempt to obtain full eligibility at the Public School which Serves the Student’s Residence, at the Charter School which Serves the Student’s Residence, or at a Private School which Serves the Student’s Residence, at any time prior to the 15th school day of the next semester or trimester (Note: a School does not 'serve'
Rule 19 - Eligibility and Transfer

the residence of a student who Enrolls at that School under an open enrollment program or under a similar program); or
c. the student may transfer and attempt to obtain Limited Eligibility in any Public School or Private School which does not serve the student’s area of residence.

19-5.2 Transfer Pending a Move

When a student transfers in anticipation of the change of residence by such student’s parent(s)/Guardian(s) to a New District or Territory, the student shall have Limited Eligibility until such Bona Fide change of residence has actually been made and the student has been declared eligible by the Commissioner or his designee unless this requirement is waived by the Commissioner or his designee. For a waiver to be considered, the student shall provide proof which may include but is not limited to an executed and binding purchase agreement contract or lease.

19-6 Transfer Eligibility Without Change Of Residence By Parent(s)/Guardian(s)

19-6.1 Eligibility When Transfer Without Change of Residence by Parent(s)/Guardian(s)

A student who transfers without a corresponding change of residence to a New District or Territory by the student’s parent(s)/Guardian(s) will have immediate full athletic eligibility at the new School, provided the transfer was not for primarily athletic reasons or the result of undue influence, and there has been provided to the Association reliable, credible and probative evidence that One (1) or more of the following criteria has been met.

a. The transfer is a result of the student being a ward of a court; for purposes of this rule, a student under a guardianship is not a ward of the court.

b. The student transfers with a corresponding change of residence by the student into a New District or Territory to reside with a parent. Moves between divorced or separated parents may meet this criterion; however, more than Two (2) moves between such parents will not meet this criterion unless the reasons for the move(s) are outside the control of the parents and student and are significant, substantial and/or compelling. Likewise, any student who repeatedly seeks full eligibility under this criterion will not qualify for full eligibility unless the reasons for the move(s) are outside the control of the parents and student and are significant, substantial and/or compelling. In all cases under this criterion, full eligibility will not be approved if the approval will result in a student participating in more than One (1) season of a sport during a school year, or will result in a student participating in more than Four (4) seasons of a sport during a student’s Four (4) years of high school.

c. The student transfers with a corresponding change of residence by the student into a New District or Territory to reside with a Guardian or in a foster home and the residence change is the result of:
   (1.) the student becoming an orphan; or
   (2.) an extremely negative non-athletic condition, peculiar to the student, which is caused by unforeseen, unavoidable and uncorrectable events, which are beyond the election, control or creation of the student, the student’s family, the student’s supporters, the student’s coaches and the student’s school. A guardianship established for the purpose of making a student eligible will not be accepted.

d. The student’s former school closed. Note: See rule 19-6.3b

e. The student’s former school(s) attended during the entire Three-hundred Sixty-five (365) days prior to the Enrollment at the new School were not IHSAA member school(s) or were not accredited by the state accrediting agency in the state where the school(s) were located.

f. The student transferred pursuant to a school board mandate for redistricting.

g. The student Enrolled and/or attended, in error, a wrong school and a transfer application is made promptly when discovered.

h. The student transferred from a correctional school.

i. The student is emancipated and has established a Bona Fide residence in a New District or Territory.

j. The student did not participate in any interschool Contest as a representative of another school during the preceding Three-hundred Sixty-five (365) days. This exception does not apply if the school(s) the student attended during the preceding Three-hundred Sixty-five
Rule 19 - Eligibility and Transfer

(365) days did not offer the sport in which the student wishes to participate, interscholastic or non-interscholastic, and such student participated in athletic competition in such sport individually or as a member of a club or similar team, during the preceding Three-hundred Sixty-five (365) days.

k. The student transfers from a non-IHSAA member school with a corresponding change of residence by the student to reside with a parent and/or legal Guardian whom the student had previously resided. Note: See rule 19-6.3b(2)

l. The student (i) transfers from a member Boarding School with a corresponding move by the student to the residence of the student’s parent/s or (ii) when the student transfers to a member Boarding School, the student established, to the reasonable satisfaction of the Commissioner, his designee or the Committee, that (a) the transfer is in the best interest of the student, and (b) there are no athletic related motives surrounding the transfer, and (c) the principals of the sending and receiving schools each affirm in writing that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer.

m. The student is a qualified foreign exchange student under rule 19-7 who has attended One (1) member School for One (1) year or less.

n. The student’s parent or legal guardian accepted a licensed or certified position at the receiving School.

19-6.2 Limited Eligibility When Transfer Without Change of Residence by Parent(s)/Guardian(s)
A student who transfers without a corresponding change of residence to a New District or Territory by the student’s parent(s)/Guardian(s) will have Limited Eligibility at the new School, provided the transfer was not for primarily athletic reasons or the result of undue influence. The period of Limited Eligibility at the new School under this section begins on the date of Enrollment and continues until the first anniversary of the date on which (i) the student last participated in interscholastic athletic at the previous school(s), or (ii) the student last participated in athletics as a member of a club or similar team, when the previous school(s) did not offer the sport in which the student wishes to participate.

19-6.3 Transfer Options When Transfer Without Change of Residence by Parent(s)/Guardian(s)
Upon the occurrence of an event which would permit a student to be declared to have immediate full eligibility under rule C–19-6.1, the student has the following options.

a. The student may continue eligibility at the student’s original school pursuant to rule C–19-2;

b. The student may transfer and attempt to obtain full eligibility, at any time prior to the 15th school day of the next semester or trimester, provided:

   (1) when the student seeks full eligibility under rules 19-6.1 (a), (b), (c), (e), (f), (g), (h), (i), (l), (m), full eligibility would be available only in the new Public School which Serves the Student’s Residence or at a Charter or Private School which Serves the Student’s area of Residence,

c. The student may transfer and attempt to obtain Limited Eligibility in any Public School or Private School.

f. The student possesses a current J-1 visa, issued by the U.S. State Department;
g. The student’s placement arrangements are completed in advance of the student’s departure from his/her home country.
h. The student is attending School under a foreign exchange program approved by both the Association and the Council of Standards for International Education Travel (CSIET). A foreign exchange program, to be approved by the Association:
   (1.) shall be under the auspices of an established national corporation, a not-for-profit corporation or organization or a national civic organization;
   (2.) must assign students to schools by a method which insures that no student, school or other interested party may influence the assignment;
   (3.) must consult with the member school principal prior to placement of a student in a school;
   (4.) must be able to certify the student’s participation in interschool athletics in his/her home country;
   (5.) must not select or place the student based on his/her athletic interest or abilities.
   A list of approved CSIET and Association programs will be provided annually.

19-7.2 Direct Placements by Exchange Program
If a foreign exchange program, approved by the CSIET and the Association, makes a direct placement of a student in a member School, the IHSAA must be notified in writing. A placement is considered a "direct placement" when a foreign exchange program places a student in a specific home or school, or in One (1) of several homes or schools, at the request of the student, parent, host, coach, booster, school, etc. A student receiving a direct placement may be granted Limited Eligibility. If a school fails to notify the Association of a direct placement, the student may be declared ineligible and the school may be subject to additional penalties as determined by the Commissioner.
(Note: The member School must file the appropriate form with the IHSAA prior to the student receiving eligibility.)

19-8 Procedure Upon Transfer
When a student transfers to a member School, the receiving School principal shall promptly conduct an investigation and file an IHSAA Athletic Transfer Report with the Association.

19-8.1 IHSAA Athletic Transfer Report and Investigation
a. The principal of the receiving School shall promptly conduct an investigation commensurate with the facts known and the information provided to the principal at the time that an IHSAA Athletic Transfer Report is requested or initiated by a student or such student’s parent(s)/Guardian(s).
b. On all transfers, an IHSAA Athletic Transfer Report shall immediately be completed by the student and/or the student’s parent(s)/Guardian(s) as well as the receiving School principal and principal of the School from which the student transferred (sending school) and forwarded to the Association together with:
   (1.) a written report reflecting the results of the investigation of the receiving School principal;
   (2.) a statement explaining the circumstances, documented and supported in all appropriate ways;
Rule 19 - Eligibility and Transfer

(3.) any verified or unverified statements from the student and/or the student’s parent(s)/
Guardian(s), and others;
(4.) all pertinent and relevant documents which appear to bear on the subject; and
(5.) recommendations regarding immediate eligibility by both principals, and in those
circumstances where the student attended a school other than the sending and
receiving school, at any time during the Three-hundred Sixty-five (365) days prior to
the transfer, a recommendation regarding immediate eligibility shall be provided by
the principal of the other school(s) the student attended during the Three-hundred
Sixty-five (365) days prior to the transfer.

c. The receiving School principal shall notify the student and the student’s parent(s)/
Guardian(s) that further investigation has been requested by either the sending school
principal or the receiving School principal, or if it would appear that further investigation
may be undertaken by the Association; under such circumstances, the student and the
student’s parent(s)/Guardian(s) shall be advised that they have the opportunity to present
any pertinent information not previously provided.
d. The failure of the student and/or the student’s parent(s)/Guardian(s) or the receiving School
or sending school principals, to process and file with the Association the IHSAA Athletic
Transfer Report, may render the student ineligible and may subject the offending school
to disciplinary action.

Q & A
Transfers - Generally

Q. 19-1 Can a student, who receives Limited Eligibility following a transfer without a
parental move, receive full eligibility after the parents later move into the District
or Territory serving the school where the student had transferred?
A. No, unless the student and the student’s parent(s) had previously declared their
intention to move into the School District or Territory at the time the Transfer Report
was submitted. In other words, if a student transfers to School A and states
on the Transfer Report, in good faith, that his/her parents intend to move into
the District or Territory served by School A, then the student will likely receive
Limited Eligibility until such time that the parents move into School A's District
or Territory, and then at that time, the student can seek full eligibility under 19-5
and 19-5.2. In addition, the student can also attempt to obtain full eligibility
at the time of the original transfer under the waiver procedure of rule 19-5.2.
(rule19-5.2)

Q. 19-2 Can a student, whose parent(s) make a Bona Fide move to a New District
or Territory, but who does not transfer at the time of the move, become fully
eligible when the student later transfers to a School which Serves the Student’s
Residence?
A. Provided the student transfers to a School which Serves the Student’s
Residence prior to the 15th school day of the next school year, the student can
attempt to obtain full eligibility at that School, provided there is no evidence that
the transfer was the result of undue influence or primarily for athletic reasons.
A transfer occurring after the 15th school day of the next semester or tri-mester
will be treated as a transfer without a corresponding change of residence and
the student shall have Limited Eligibility, unless the student can obtain full
eligibility under rule 19-6.1, or under the general waiver rule.(rule19-5.1)

Q. 19-3 If a student transfers from a member School located in One (1) city or
School District to a School in another city or School District, how is eligibility
determined?
A. Transfer eligibility is determined under rule 19. It is the administrative duty,
under rule 3 and rule 19, for all member principals to conduct an investigation
and to carefully check the record of every transfer student who Enrolls at a
member School. All member principals should also advise any student, who
contemplates making a change of schools, as to the IHSAA eligibility rules
regarding transfers. (rule 19)
Rule 19 - Eligibility and Transfer

Q.19-4 May a transfer student from a school, which was not a member of the IHSAA and which was not accredited by another state’s accrediting organization, obtain full eligibility under rule 19-6.1(e), even though the transfer student had only attended the previous school for a semester?

A. No, full eligibility under rule 19-6.1(e) is limited to those situations where the transfer student attended, during the entire Three-hundred Sixty-five (365) days period preceding the transfer, only unaccredited, non-IHSAA member schools.

Q. 19-5 If a student’s parents moved out-of-state, but the student remains and moves in with a family friend and remains enrolled at the original school, is this student athletically eligible?

A. Yes. Once a student becomes eligible in a School, the student retains eligibility in that School even though the student’s parents may have move to another District or Territory. (rule 19-2)

Q. 19-6 If, between the first day of Practice and the first day of school, a new sophomore student (i) turns in a completed Consent and Release Certificate at a new School and (ii) participates in Practice at the new School for 10 school days, and then attends and participates at a second new School, will the student be athletically eligible at the second new School? What if the student Practiced for Sixteen (16) days?

A. Yes, a student does not lose eligibility at a former school until the student has been Enrolled at a school for Fifteen (15) school days or more. However, since this is still a second new school, the student must seek eligibility at the second new school through submission of an IHSAA Transfer Report. If the student Practiced for Sixteen (16) school days, then the student became a student at the first new School and the student would need to submit a Transfer Report from the first new School to the second new School. However, since the student had not competed as a representative for the first new School, the student may get full eligibility. (rule 19-6.1(j))

Q.19-7 A student lives with the student’s father in a public school district, and moves to live with the student’s mother who lives in another public school district. The student wants to enroll at a Private School which is located in the next county, and which does not Serve (as defined in the Definitions, above) the residence of the student’s mother. Does student qualify for full eligibility at the Private School?

A. Probably no. Here, under rule 19-6.3, the student qualifies for full eligibility only at the School which Serves the Residence of the mother. In this case, student would not qualify for full eligibility at the Private School, unless the Private School had officially establish a Territory (the geographic area from which students are drawn for attendance, as established by the Diocese or other governing board) and the Territory included the area where the mother’s residence was located; if not, then the Territory was, by default, the town limits of the town where the Private School was located, or the county if the Private School was not in a town, and student would have limited eligibility. (rule 19-6.3, see, Definitions, School which Serves the Residence)

Q.19-8 A student moves from the residence of the student’s mother to live with the student’s father, and want to enroll at either a Charter School located in the next county from where the father’s residence is located, or at a private School, also in the next county. Can the student get full eligibility at either School under rule 19-6.3?

A. The student will likely have limited eligible at the Private School but full eligibility at the Charter School. The student only qualifies for limited eligibility at the Private School unless the Private School’s governing body had designated the area where the father’s residence is located as being in its official Territory, in which case the student could qualify for full eligibility because the Private
School ‘Serves’ (as defined in the Definitions, above) the father’s residence. Indiana Charter Schools’ districts are determined by enabling legislation (Ind. Code §20-24-5-1) which states that Charter Schools are open to all students who resides in Indiana, and that makes a Charter School’s Territory the entire state of Indiana. Since student’s father residence is in Indiana, the student qualified for full eligibility there. (rule 19-6.3)

Transfer Reports
Q. 19-9 May a transfer student Practice and participate in interscholastic Contests during the time a Transfer Report is being processed?
A. Once Enrolled at the receiving School, a transfer student may participate in Practices prior to the completion of the athletic transfer process, however the student may not compete in a Contest until after the Transfer Report is approved by the IHSAA. (rule 19-3(b))

Q. 19-10 Must a transfer student, who has never attended an American school and has never participated in interscholastic athletics, complete a Transfer Report?
A. Yes, an athletic transfer form must be completed any time a student transfers to the new School, after the student had initially Enrolled in 9th grade, whether the student transfer from an in-state school, out-of-state school, Home School, and even if the student had not previously participated in athletics. (rule 19-3)

Q. 19-11 If an incoming freshman or transfer student begins to Practice at a new School in August, but before school starts, but then leaves and decides to attend another school, must a Transfer Report be completed, since the student never competed in an interscholastic event at the school?
A. For purposes of rule 19, the date of Enrollment at a School occurs when the student attends either a scheduled day of school, Practices for a sport, or participates in a Contest for the new School, which means that if that incoming student does practice for a sport and then decides to attend another school, the student will be a ‘transfer’ student, and a Transfer Report must be completed.

Q. 19-12 What action should be taken by a member School when unable to obtain endorsed Transfer Report from an out-of-state school?
A. The principal should promptly contact Commissioner and request a waiver. (rule 19-3)

Q. 19-13 What is the penalty when it is discovered that false information has been submitted on a Transfer Report regarding a student who transfers from One (1) school to another?
A. The penalty for submitting false information is a loss of athletic eligibility for a period of Three-hundred Sixty-five (365) days following the student’s Enrollment at any School that is a member of the IHSAA. (rules 15-1.1(e), 15-1.2(d))

Transfers with a Corresponding Change of Residence
Q. 19-14 If the parents of a student move into a new area which is served by both a public and a Private member school, where must the student attend in order to be athletically eligible?
A. A student may attend either the Public School serving the student’s new residence or the Private school serving the student’s new residence. However, once the choice is made and the student attends a school for more than Fifteen (15) school days, or participates in an interscholastic competition, any subsequent transfer is subject to the provisions of rule 19. (rule 19-2)

Enrollment Options Following a Move
Q. 19-15 After moving to a New District or Territory with his parent, a student Enrolls at a Public School which does not serve the student’s new residence or a Private School which does not serve the student’s new residence. Will the student be fully eligible?
A. No. A student transferring with a corresponding change of residence by the parents to a New District or Territory can obtain full eligibility only at a Public School or Private School Serving the student’s new Residence, or at a Charter
School. Transferring to an out-of-District Public School or an out-of-Territory Private School will result in Limited Eligibility unless the student can establish grounds for a student eligibility general waiver. (rule 19-5.1(b))

Transfers without a Corresponding Change of Residence

Q. 19-16 Student attends a Public School which is closing at the end of the current school year. Student knows that next year his home will be served by a new Public School and he decides he will go ahead and transfer at Christmas break to the new Public School. Will the student be fully eligible?

A. No. A student who transfers Schools because of a School closing will be fully eligible at a new School in accordance with rule 19-6.3; however, any transfer to the new School must be contemporaneous with the old School’s closing. In this case, the student would gain Limited Eligibility at the new Public School until his old School actually closes, and at that time student would gain full eligibility at the new Public School.

Q. 19-17 If a student attends a member School, the School eliminates calculus from its curriculum and the student transfers to a Private member School which offers calculus, will the student obtain full eligibility?

A. No. A student will have Limited Eligibility when a transfer is not accompanied by a corresponding change of residence by the parents. rule 19 does not have a waiver provision and the addition or deletion of an academic subject in the curriculum of a member School is not a valid basis for full eligibility. (rule 19-6.2)

Q. 19-18 Will a Private School student, who resides with the student’s parents, who transfers to the Public School serving the parent’s residence be fully eligible following the transfer?

A. No, the student will likely be granted Limited Eligibility at the Public School for Three-hundred Sixty-five (365) days from the date the student last participated in an interschool Contest at the Private School, unless the student would qualify for full eligibility under another provision of rule 19. (rule 19-6.2)

Q. 19-19 If a student resides with his/her parents in a residence served by a Public School but attends the ninth grade at a Private School in the area, the student has not participated in athletics, and as a sophomore, the student transfers to the Public School serving his/her residence, is the student eligible?

A. Under these circumstances, and based upon the fact that the student had not participated in athletics during the preceding Three-hundred Sixty-five (365) days at the student’s former School, it is likely that the student would obtain full eligibility. (rule 19-6.1(j))

Q. 19-20 Can a student transfer to New School and obtain full eligibility under rule 19-6.1(n) when the student’s parent obtains a job as a bus driver at Receiving School?

A. No. Under rule 19-6.1(n), the parent’s position at New School must be either a teaching or administration position requiring an education license, an administrator’s certification or similar professional credential. A position requiring a driver’s license or similar licensure does not qualify for full eligibility under the rule.

Moves Between Parental Households

Q. 19-21 If a family owns a business that serves several school Districts, owns a home in Two (2) different Districts, the father and the student live in a Public School District A and the student attends the Public School in District A, the mother live in the apartment in Public School District B, and because of supervisory considerations, it is decided that the student should live with the mother in Public School District B and should attend School B, will the student be granted full eligibility?

A. No, the student would be granted Limited Eligibility, since a single family unit may not maintain Two (2) or more residences for athletic eligibility purposes,
unless the student would qualify for full eligibility under another provision of rule 19. (rule 19-6.2; See definition of Bona Fide move)

Q. 19-22  If a student, who has been living in another state with the student's divorced mother, who has legal custody, moves to live with the student's father and Enrolls at the IHSAA member School which Serves the Residence of the father, may the student be eligible at the new School?

A. Yes, provided this is the first or second move between parents. (rule 19-6.1(b))

Q. 19-23  Does the existence of a broken home, separated parents, or other factors mean that eligibility in terms of residence will automatically be granted?

A. No, each of these circumstances is only a factor which permits the Commissioner or his designee to review the individual circumstances of the student's case and make a ruling on the basis of an investigation and the provisions of the By-Laws. (rules 19, 17-8)

Emancipated Student

Q. 19-24  May an Emancipated Student be eligible if attending School in a District in which his/her parents do not reside?

A. Yes, provided the emancipated status is verified to the satisfaction of the Commissioner. (rule 19-6.1(i))

Guardians

Q. 19-25  If a student's parents determine that it is in the student's best interests for the student to live with the student's grandparents, the grandparents become the legal Guardians of the student and there is a resulting change in residence and a transfer of school, will the student have full eligible to participate in athletics?

A. No, a legal guardianship is not recognized for the purpose of making a student fully eligible; and therefore, the student would be entitled to Limited Eligibility for a Three-hundred Sixty-five (365) day period, unless the student can establish grounds for a student eligibility general waiver as defined in rule 17-8. (rules 19-6.2, 17-8)

Foreign Exchange Transfers

Q. 19-26  Is a foreign exchange student, attending an IHSAA member School, fully eligible to participate in athletics?

A. Yes, provided the student is attending under a CSIET-approved program and all of the requirements contained in foreign exchange rule have been met and followed. If the foreign exchange student cannot meet the foreign exchange rule, the student will likely be granted Limited Eligibility. (rules 19-6.1(m), 19-6.2, 19-7)

Q. 19-27  May a foreign student request placement in a specified school?

A. Yes, however under such circumstances the student would not qualify for full eligibility under the foreign exchange transfer rule. Instead, since the foreign exchange student would be unable to meet the foreign exchange rule, the student would receive Limited Eligibility, unless the student would qualify for full eligibility under another provision of rule 19. (rule 19-7.2)

Q. 19-28  May a foreign exchange student obtain full eligibility for more than a One (1) year period?

A. No, foreign exchange students may be granted full eligible for Varsity athletics for One (1) year, and if the student remains, the student would be treated as an incoming transfer student who had transferred without a corresponding change of residents by the student's parents, and would have Limited Eligibility, unless the student were able to qualify for full eligibility under another provision of rule 19. (rule 19-7.1(c))

Practices following a School Transfer

Q. 19-29  May Practices in One (1) school be counted in another school where a student changes schools?

A. Yes, a student's Practices at a prior school may count toward the minimum Practices requirements of rule 9 provided there is definite proof of the Practices
Rule 19 - Eligibility and Transfer

on file with the principal of the school at which the Practices were held. See also, rule 9

Discipline following a School Transfer
Q. 19-30 Does disciplinary ineligibility in One (1) school carry over to the second school when a student transfers?
A. Yes, a student must be eligible in all respects at the school from which the student transferred. And this means that an ineligibility ruling under the rules of a prior school shall carry over to the new school even though the student would be eligible under the rules at the new school. (rule 3-8)

RULE 20 – UNDUE INFLUENCE

20-1 Recruitment Prohibited
The recruitment or attempted recruitment of a prospective student, through the use of undue influence, is prohibited. Undue influence is the act of encouraging or inducing a prospective student to attend a school for athletic purposes.

a. It is a violation of this rule for a prospective student to be unduly influenced, with or without the offer of a tangible benefit.

b. Any successful or unsuccessful attempt to recruit a prospective student through the use of undue influence will subject the school(s) benefited, or to be benefited, by the recruitment to sanctions to be determined by the Commissioner.

c. If, following any recruitment through the use of undue influence, a prospective student enrolls at a member school, the prospective student will be ineligible for athletics in accordance with the penalty described at Rule 19-4.

d. The offer or the acceptance of any of the following shall constitute prima facie evidence of undue influence:

(1.) money or other valuable consideration for the prospective student or the prospective student’s parent(s), guardian(s) or family,

(2.) Free or reduced tuition, room or board for the prospective student, provided, however that schools which charge tuition or which may make room and board available to students, may adjust tuition, room and/or board for children of faculty members provided there is no undue influence or under an objectively determined need-based financial aid program for tuition, room and/or board,

(3.) Pay for work that is not performed or that is in excess of the amount regularly paid for such service for the prospective student,

(4.) Free or reduced cost transportation for the prospective student,

(5.) A residence for the prospective student with a person connected with or who is a supporter of the school,

(6.) Any privilege, remuneration or inducement not afforded to non-athletes, or not uniformly available to all students, for the prospective student,

(7.) Free or reduced rent for the prospective student or the prospective student’s parent(s), guardian(s) or family,

(8.) Payment of moving expenses for or assistance with the moving for the prospective student or the prospective student’s parent(s), guardian(s) or family,

(9.) Employment for the prospective student or the prospective student’s parent, guardian or family members in order to entice a move to a certain community.

e. The penalties provided at rule 17-7.1, notwithstanding:

(1.) any violation of rule 20 by a student may result in severe sanctions which may include permanent ineligibility for the student

(2.) the submission of false information and/or withholding information may result in severe sanctions which may include permanent ineligibility for the student and Suspension from Membership by the school involved.

20-2 Past Link
a. A transfer student who has a Past Link with a Receiving School to which the student transfers shall be ineligible at that Receiving School for Three Hundred Sixty-Five (365)
days following the student’s enrollment at the Receiving School.
b. A Past Link means that during the Twelve (12) months period prior to enrolling at the Receiving School, any of the following occurred:
   (1.) The transfer student attended an Open Facility at the Receiving School,
   (2.) The transfer student played on or in a summer, a School sponsored or a Non-School sponsored sports (e.g. AAU) team or program which had a coach, manager, trainer, volunteer or employee who was a coach, manager, trainer, volunteer or employee at the Receiving School at the time the transfer student enrolled at the Receiving School, or had been a coach, manager, trainer, volunteer or employee at the Receiving School anytime during the Twelve (12) month period prior to the student’s enrollment at the Receiving School, or became a coach, manager, trainer, volunteer or employee at the Receiving School anytime during the Ninety (90) day period after the student’s enrollment at the Receiving School.
   (3.) The transfer student received instruction from a coach, manager, trainer, volunteer or employee who was a coach, manager, trainer, volunteer or employee at the Receiving School at the time the transfer student enrolled at the Receiving School, or had been a coach, manager, trainer, volunteer or employee at the Receiving School anytime during the Twelve (12) month period prior to the student’s enrollment at the Receiving School, or became a coach, manager, trainer, volunteer or employee at the Receiving School anytime during the Ninety (90) day period after the student’s enrollment at the Receiving School.

20-3 History of Recruitment
a. In addition to any limitation of a student’s eligibility under any other rule herein, any student who has a history of athletic recruitment shall be entitled to no greater than Limited Eligibility during the time the student is attending a member school.
b. A student with a history of athletic recruitment is a student who was, at any time after the student’s Tenth (10th) birthday, recruited by an individual or agency which has a reputation or history of recruiting students who have shown athletic talent, have shown potential athletic talent or whose physical appearance was consistent with those of an athlete, to relocate to a location, facility or educational institution for the purpose, at least in part, of participating in athletics.
c. The operation of this rule will not limit a student during the time the student is enrolled at and attending a member school, while the student is residing with his/her parent(s) or bona fide guardian(s).

20-4 Financial Aid Programs
All funds for or adjustments to tuition, room and board must be awarded under an objectively determined, need-based financial aid program. No new or existing student may accept, be offered or be given funds, or have funds paid on behalf of the student, for tuition, room or board, at a member school, and no member school may award funds or make adjustments for tuition, room or board, for a new or existing student, unless such funds or adjustment are awarded under such an objectively determined, need-based financial aid program.
a. An acceptable financial aid program must utilize a standardized application process which requires an applicant to submit financial data to an independent evaluation organization, which then makes assessments of and recommendations for financial assistance based upon the financial resources of the student and his/her family.
b. Any award of a scholarship, financial aid, a waiver or an adjustment of tuition, room or board, which varies from the objectively determined recommendations constitutes a form of undue influence and violates this rule. However, a variance from the recommendations may be made, provided the variance is consistently applied on a program wide basis.

20-5 Limitation on Participation and Contact with a Representative of a School’s Athletic Program by a Prospective Transfer Student.
a. No transfer student may have contact with any member of the athletic program of the prospective transfer School prior to Enrollment at that School, unless the member of the
Rule 20 - Undue Influence

athletic program is in some non-athletic capacity, such as admissions, counseling, etc., and the contact involves only non-athletic matters.

b. No transfer student may, prior to Enrollment, Practice with or participate in a Contest for a prospective transfer School.

20-6 Coaches Prohibited From Practices and Contests at Non-Feeder Schools and From Visiting Homes of Non-Feeder School Students

Coaches from member School programs may only visit the Practices and/or Contests of their respective Feeder School/s.

a. “Coaches” include contracted and volunteer, high school and middle/junior high, and anyone representing the respective School or athletic program for the purposes of searching out and contacting students and/or parents for the encouragement of enrollment for the purpose of athletic participation at a particular School.

b. Representatives of a School’s athletic program may not visit the homes of non-Feeder School students or use other means of communication for the purpose of encouraging enrollment and athletic participation at a particular School.

c. Coaches of Non-School Teams may not be used as agents to direct non-Feeder School students to another school.

20-7 Contact Between Parents of Non-Feeder School Students and Coaches Prohibited

Parents of a student from a non-Feeder School that makes contact with a member School should be referred to the Principal.

a. Initial meetings shall not be with athletic department personnel.

b. While families have the right to attend athletic events at a non-Feeder School, special invitations, preferential seating or free admission shall not be a part of their attendance.

20-8 Attendance at High School Camps and Clinics by Non-Feeder School Student Prohibited

Following their eighth grade year, students may not attend a high school’s athletic camps or clinics unless they are attending a Feeder School or have Enrolled in the sponsoring school. Athletic brochures, special invitations, camp fliers, etc. shall not be issued to select students from non-Feeder Schools unless specifically requested by the parent/s.

20-9 Participation by Non-Feeder School Student in High School Activities Prohibited

Prior to Enrollment, a student of any age from a non-Feeder School may not be made a part of an activity related to athletics including, but not limited to, such gatherings as pep sessions, Practices, special trips, conditioning, Open Facilities, Contests, special use of facilities, special visits, free spirit items or clothing.

Q & A

Undue Influence - Generally

Q. 20-1 Is it the duty of the IHSAA to prove that undue influence has been used?  
A. No, member School principals have agreed to conduct athletic activities according to the rules and regulations of the IHSAA, which includes the obligation to conform to the requirements of the undue influence rule, rule 20. It is the obligation of the member Schools to review all Enrollments at and transfers to the School in order to certify that the student is eligible under all IHSAA eligibility rules. And where there is a question, it is the duty of the high school principals to fully investigate the matter.

Q. 20-2 Why should a School be penalized because some person outside of School uses undue influence?  
A. Usually, but not always, a School is not penalized unless it is involved or uses the student in question in athletics. This is because results of undue influence are the same whether some person in School or some person outside of School uses undue influence, since an athlete that has been retained or secured through the use of undue influence and the School that uses such an athlete on teams in interschool athletic competition profits by the use of undue influence.
Financial

Q. 20-3  May a student work during vacation or during out-of-school hours in order to earn their way through high school, without a violation of the undue influence rule?

A. Yes, the undue influence rule applies to the use of funds created by a gift, or by subscription with the intent of offering such funds for free use by student or the student’s family to induce a change of schools or residences.

Q. 20-4  May an alumnus provide financial assistance to needy students?

A. No, not directly. Donations may be made to a School and dispersed by the School to students who qualify under an objectively determined need-based financial aid program for tuition, room and/or board, provided student-athletes receive no special consideration.

Q. 20-5  A School has a donor who wants to give funds to underwrite the tuition and fees of a needy student. The School uses an objectively determined need-based financial aid program. May the donor be permitted to meet, interview and endorse the selection of the needy students prior to the allocation of this financial aid?

A. No.

Q. 20-6  After donated funds are objectively allocated by a School under an objectively determined need-based financial aid program, may a donor meet the students who were recipients of a donation?

A. Yes.

Q. 20-7  May a booster club provide financial assistance to a needy student?

A. No, not directly. Donations may not be made directly to a student, but must be made to the School for disbursement to students who qualify under an objectively determined need-based financial aid program, for tuition, room and/or board, which does not provide student-athletes with special consideration.

Q. 20-8  May a School assist the family of a student which is suffering financially?

A. Yes, the undue influence rule addresses only the payment of funds for, or on behalf of, a student to attend a member School. Any assistance given a student or a student’s family for the payment of tuition, room or board must be determined under an approved objectively determined, need-based financial aid program. Any other assistance provided for other purposes and reasons is not prohibited, provided that such assistance is not directly or indirectly to be used to pay tuition, room or board or used to unduly influence a student to attend a School for athletic reasons.

Past Link

Q. 20-9  A student transfers to a School, where the student’s travel basketball coach coaches, and is declared ineligible under the rule 20-2. However, two months after enrolling, the travel basketball coach leaves the Receiving School for a new coaching job. Now that the travel basketball coach has left the Receiving School, can the student get full eligibility?

A. No, whether the travel basketball coach remains or not is immaterial to the student’s eligibility. The fact that a student has a link with a member of the coaching staff of the Receiving School suggests that the transfer was athletically motivated/the result of undue influence, and the student’s motivation included the “link” to the coaching staff. Having transferred as the result of athletics/undue influence, the student will be ineligible regardless of whether the travel basketball coach remains at the School or not. (rule 20-2.)

Feeder Schools and Transfer Students

Q. 20-10  May a single middle school be a feeder of more than One (1) high school?

A. Yes, if by rule of the school system, students who attend a middle school would automatically matriculate to Two (2) different high schools in the school system, then the middle school is a feeder of both high schools.
**Rule 20 - Undue Influence**

Q. 20-11  Does a high school, which is a part of a Private School system which does not have a middle school, have a Feeder School?
A. No, a Feeder School must be a part of the same school system as the high school it feeds.

Q. 20-12  May a student who has graduated from the eighth grade attend a Camp of a school at which the student has not Enrolled?
A. No, following the eighth grade year, students may not attend a high school’s athletic Camps or Clinics unless they are attending a Feeder School or have Enrolled in the sponsoring school. (rule 20-8)

Q. 20-13  Over the Summer, a new transfer student goes to his/her new School and wants to participate in open gym, and also wants to talk to members of the athletic staff; can he/she?
A. Yes, however, prior to taking part in the open gym, or talking to members of the athletic staff, the students must actually Enroll at the new School. Enrollment means that the student actually Enrolled at the new School, the student has stopped attending the old school(s) and the student has formally withdrawn from the old school, and if available, the new School should obtain a copy of the withdrawal slip.) (See, Definition, Enrollment)

Q. 20-14  After a student moves from the his mother’s to his father’s residence in another town, the father makes initial contact at a Private School with the baseball coach (meets and discusses student’s prospective assimilation into the school’s baseball program). The father also makes initially contact with the baseball coach (meets and discusses the baseball program) at the Public School which Serves the father’s residence. Afterwards the father is referred to the Private School’s admissions office, and later the student is enrolled there. Is this a violation of rule 20, the undue influence rule?
A. Yes. Initial contact with any prospective school by a student or by a student’s parent should never be with the athletic department. If a parent is unfamiliar with the IHSAA rules and makes initial contact with the School’s athletic department, the parent should immediately be referred to the Principal, or to someone in admissions, etc. Having any initial contact with a coach is problematic, however, when the initial contact is accompanied by a meetings and/or with discussions with the coach, especially about the School’s athletic program, there is a likely violation of rule 20. (rules 20-5, 20-7.)

*The 10-practice rule may be waived by the Commissioner if certain preconditions exist.

**Composed of a maximum of Five (5) tournaments and total matches not to exceed 22.

**KEY:**
- F-Wk 7(V), R-Wk 7(JV&F) – Friday of IHSAA Calendar Week #7 (for Varsity), Thursday of IHSAA Calendar Week 7 (for Junior Varsity & Freshman).
- T – season Tournament.
- SDST – Starting Date of Sectional of Tournament Series.
- DTE – Date Team Eliminated from Tournament Series.

**50-1**

Prior to a student’s participation in a Contest in a sport, the student must attend and actively participate in Ten (10) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

**a.** In tennis, the Pre-participation Practice rule can be waived under conditions established by the Commissioner.

**b.** Only One (1) Pre-participation Practice session may be counted on any One (1) day.

**c.** Should a student, prior to completing the required Ten (10) days of Pre-participation Practice, fail to attend and actively participate in more than Five (5) consecutive, regularly
Rule 50 - Boys Sports Seasons

scheduled Pre-participation Practice sessions, such student, upon returning from such absence, must participate in, prior to participating in a Contest, the greater of (i) the number of Pre-participation Practices session needed to meet the required Ten (10) days of Pre-participation Practices, or (ii) Four (4) Pre-participation Practice sessions. For example, if a student in football is absent following the completion of the fourth Pre-participation Practice session, then the student, upon returning from such absence, would need to attend and actively participate in Six (6) more Pre-participation Practice sessions prior to participating in a football Contest, but if the same student is absent following completion of the eighth Pre-participation Practice session, then the student, upon returning from such absence, would need to attend and actively participate in Four (4) more Pre-participation Practice sessions prior to participating in a football Contest.

50-1.1
Students moving directly (within One (1) week) from One (1) sport season to the next sport season may be eligible to participate in a Contest in a sport during the next sports season after Five (5) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

50-1.2
Student athletes, after completing Ten (10) Pre-participation Practice sessions in a sport, may try out for a second sport during the same sport season and may be eligible to participate in a Contest in that second sport after Five (5) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that second sport. However, if the original sport was golf, this rule does not apply and the student athlete must complete Ten (10) Pre-participation Practice sessions in the second sport.

50-1.3
Student athletes, after successfully completing basic training with a branch of the United States military during a Practice or Contest Season of a sport, may be eligible to participate in a Contest in that sport after Five (5) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

50-2
All authorized Season Contests shall be played prior to the beginning of the IHSAA Tournament Series.

50-2.1
Commissioner may act on request/s for extension of time due to inclement weather, limited facilities, rescheduling of unplayed conference Contests, etc.

50-3
The maximum number of Contests and tournament limitations listed are exclusive of any IHSAA tournament series.

50-4
In order for a student to qualify for participation in the IHSAA tournament series in an Individual Sport (cross country, golf, tennis, swimming & diving, track & field and wrestling) the student must have participated, during the preceding regular season in a minimum of (i) Seventy-five percent (75%) of the Season Contests in which the student’s school participated, and (ii) Twenty-five percent (25%) of the maximum number of authorized Season Contests in that sport.

a. This requirement by the Commissioner can be waived provided the student can demonstrate that the reason the student did not participate in the minimum number of Season Contests was because of illness, injury, ineligibility or because of circumstances beyond the control of the student, such as illness, injury, the cancellation of a Contest(s) or the student’s failure to qualify for a spot on the roster.

b. A waiver will not be available for students failing to participate in the minimum number of Season Contests because of the Virtual Education School rule (rule 12-6), because of the Academic rule (rule 18), because of the Transfer rule (rule 19), because of the Undue Influence rule (rule 20) or because of voluntary non-participation or because of voluntary non-attendance at the student’s School.
Rule 50 - Boys Sports Seasons

50-5
Schools may not over-schedule or overfill a School’s schedule of Season Contests in any sport. Over-scheduling occurs when a team schedules more than the maximum number of Season Contests permitted by the rules.

Q & A
Practice
Q. 50-1 Must a student who has participated in a fall sport during the season, have Ten (10) days of organized Practice in a winter sport before becoming eligible to play in a game of the winter sport?
A. No, only five (5) Practice days are required, provided the athlete reports to Practice immediately (within One (1) week) after the end of the previous season. (rule 50-1.1)

Tournaments
Q. 50-2 When a rule refers to “tournaments” is this also a reference to the IHSAA tournament series?
A. No, when a “tournament” or a “tourney” is referenced, it refers to a Season Contest where more than Two (2) schools participate. Any reference to the IHSAA’s season ending tournaments in the 20 recognized sports is reference to the IHSAA Tournament or IHSAA Tournament Series.

Q. 50-3 In counting the number of tournaments, does a School include the IHSAA Tournament Series in a sport?
A. No, the maximum contest rule applies to Season Contests and tournaments and does not include the IHSAA Tournament Series. (rules 50-3, 101-3)

Q. 50-4 Must a dual, Individual Sport athlete, such as a tennis player who also participates in golf during a season, or a soccer player who also runs cross country during a season, meet the 75%/25% minimum contest rule contained in rules 50-4 and 101-4?
A. Yes, however both rules 50-4 and 101-4 contain a waiver provision which permits participation in an Individual Sport tournament series when a student is unable to meet the 75%/25% minimum contest rule because of circumstances beyond the control of the student. An Individual Sport athlete who is unable to meet the 75%/25% minimum contest rule because of the student’s participation in another sport may be granted a waiver of the 75%/25% minimum contest rule.

Controlled Scrimmages and Jamborees
Q. 50-5 Is a Controlled Scrimmage considered to be a Practice or an interschool Contest?
A. A Controlled Scrimmage is an approved activity whereby Two (2) member Schools work out against One (1) another under IHSAA guidelines and under the direct supervision of their respective coaches. In order to be eligible for the scrimmage, a player must have participated in five days of organized Practice under the direct supervision of the high school coaching staff. A Controlled Scrimmage does not count as a Practice or an interschool Contest. (See Definitions)

Q. 50-6 How many separate days of Practices must a student have prior to a Jamboree?
A. A student must have had Five (5) separate days of Practice prior to participating in a Jamboree when the student has moved directly (within a week) from a prior sport season, and must have Ten (10) separate days of Practice prior to participating in a Jamboree in all other circumstances (rules 101-1, 101-1.1) A student completing military basic training may be eligible to participating in a Jamboree after Five (5) separate days of Practice. (rules 50-1.3)
RULE 51 – BASEBALL

Note: See rule 9 which applies to all sports.

51-1
The National Federation Baseball rules shall govern except as so modified by the Committee.

51-2
See rule 50 for Practice and Contest Seasons.

51-3
The maximum number of season baseball games in which for any team or student may participate, excluding the IHSAA Tournament Series shall be Twenty-eight (28) and no tournament; or Twenty-six (26) and One (1) tournament.

a. If a player or team participates in more than the One (1) tournament permitted during the season, the number of games played in excess shall be included in the Twenty-six (26) games permitted during the season.

b. School-day games shall be limited to Twenty-two (22) school days.

c. If a player participates in a game as a pinch hitter or pinch runner, at the Varsity level, it does not count toward the maximum number of game limitations for that player.

d. Players may not change levels of play if games are being played simultaneously. Players may only change levels of play at the completion of both games.

51-4
Pitch Count

a. Limits on Pitches. A baseball pitcher is limited in the number of Pitches a pitcher may throw during a Contest, is limited in the number of Pitches a pitcher may throw during a calendar day and must rest for One (1) or more calendar days after pitching a certain number of Pitches. A School will be responsible for counting its pitchers’ Pitches (Pitch Count) and complying with this Pitch Count rule. A pitcher’s Contest Pitch Count is determined by adding all Pitches thrown by a pitcher during a Contest and a pitcher’s daily Pitch Count is determined by adding all Pitches thrown by a pitcher during all Contests in a calendar day.

b. Maximum Contest and Daily Pitch Count.

(1.) A pitcher may throw no more than One Hundred Twenty (120) Pitches in a Contest.

(2.) A pitcher may throw no more than One Hundred Twenty (120) Pitches during a calendar day.

(3.) This maximum number of Pitches a pitcher may throw in a Contest and the maximum number of Pitches a pitcher may throw during a calendar day is called the Maximum Pitch Count and a pitcher must leave the pitching position when a Maximum Pitch Count is reached, unless the Maximum Pitch Count is reached during a batter’s at-bat, in which event the pitcher may finish pitching to that batter before leaving the pitching position.

c. Mandated Rest; Pitch Count Levels.

(1.) A pitcher must rest after reaching the following Pitch Count Levels:

<table>
<thead>
<tr>
<th>Pitch Count Level</th>
<th>If the Pitch Count in a calendar day is:</th>
<th>The pitcher must rest:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>1-35</td>
<td>0 days</td>
</tr>
<tr>
<td>2</td>
<td>36-60</td>
<td>1 day</td>
</tr>
<tr>
<td>3</td>
<td>61-80</td>

<td>4</td>
<td>81-100</td>
<td>3 days</td>
</tr>
<tr>
<td>5</td>
<td>101-120</td>
<td>4 days</td>
</tr>
</tbody>
</table>

(2.) If a pitcher reaches the maximum number of Pitches in a Pitch Count Level during a batter’s at-bat, and the pitcher leaves the pitching position for the day after pitching to that batter, the pitcher’s Pitch Count will be the maximum number of Pitches in the Pitch Count Level the pitcher initially reached during that batter’s at-bat (e.g., if a pitcher reaches the maximum number of Pitches in Pitch Count Level 3 [Eighty...
Rule 51 - Baseball

(80) Pitches] during a batter’s at bat, and the pitcher leaves the pitching position for
the day at the conclusion of that at-bat, the pitcher’s Pitch Count will be Eighty (80)
Pitches, irrespective of the number of Pitches thrown during that at-bat).

(3.) Regardless of the daily Pitch Count, a pitcher who has a Pitch Count of more than
Sixty (60) Pitches over Two (2) calendar days must rest One (1) calendar day. Like
the daily Pitch Count, if a pitcher reaches Sixty (60) Pitches on the second calendar
day during a batter’s at-bat, the pitcher may finish pitching to that batter before leaving
the pitching position, and in that event, the Two (2) day Pitch Count would be Sixty
(60) Pitches regardless of the number of Pitches thrown during that at-bat.

(4.) A pitcher’s period of rest begins on the calendar day following the calendar day in
which the pitcher reached the Pitch Count Level which required a period of rest.

d. Pitch Count Chart. A School shall maintain a Pitch Count Chart (use IHSAA form) for every
pitcher. A copy of the Pitch Count Chart with current statistics must be submitted following
each Contest to the appropriate School Administrator by the pitcher’s Varsity baseball
coach. The School shall maintain the pitcher’s Pitch Count Chart until a reasonable time
after the School’s baseball season is complete.

e. Ineligible Pitchers. A pitcher whose Pitch Count reaches Pitch Count Level 2, 3, 4 or 5,
or whose Two (2) day Pitch Count exceeds Sixty (60) Pitches, is ineligible to pitch until
the pitcher completes the mandated rest period, and if a pitcher pitches in a Contest in
violation of this rule, the School must forfeit the Contest in which the pitcher pitches and
report the violation in writing to the IHSAA.

f. Replacement Pitchers. A replacement pitcher for a pitcher who has reached a Maximum
Pitch Count shall have a maximum of Sixteen (16) warm up throws.

g. Recommendations. It is recommended that (i) every School also use a mobile app to count
Pitches, (ii) the School of a pitcher who has reached a Maximum Pitch Count carefully
consider an appropriate fielding position for that pitcher after considering the fielding
position’s throwing requirements, (iii) to allow for growth and arm strength, every School
should develop a pitching philosophy that includes the instruction of proper throwing
mechanics, broadening the number of players who become pitchers on the team, and
develop a “work up” plan so that a pitcher is not throwing the maximum allowable Pitches
from the first day of competition, (iv) every Schools provide an additional day of rest for
those pitchers that throw more than Seventy (70) Pitches, and (iv) every School’s coaching
staff learn the behaviors of their pitchers and recognize each pitcher’s “fatigue threshold”.

51-5
Independent Summer Baseball
High school students may play on high school or non-school amateur baseball teams during
the Summer after their team has been eliminated from IHSAA tourney competition without
jeopardizing their standing or the standing of their School in the Association provided they do
not play under assumed names, provided they do not accept remuneration, directly or indirectly
for their playing, and provided their School is not still competing for conference awards.

51-6
Member School students shall not be considered as violating their amateur standing if they
participate, on non-school, out-of-season days, in baseball schools, clinics, and try-outs
sponsored by professional major and minor league baseball clubs.

NOTE: Any employee or school official of a member School who acts as an agent or
encourages any negotiations between a high school student and representatives of
Organized Baseball prior to the student’s graduation, is violating the Agreement between
the National Federation and Organized Baseball. Such action on the part of an employee
or school official may cause their School to be suspended from the Association for a period
to be determined by the Committee.

Any evidence that a representative of Organized Baseball is attempting to or has signed a
student prior to graduation should be reported to the Association at once. This is a violation
of the Agreement between the National Federation and Organized Baseball, and the penalty
for such action is under the jurisdiction of Organized Baseball.
Rule 51 - Baseball

High school students playing on their high school baseball team during the Summer while their team is still competing for conference awards make themselves ineligible by participating on any other baseball team during that time.

51-8
A School may schedule One (1) baseball Controlled Scrimmage with another IHSAA member School. The baseball Controlled Scrimmage may not be held earlier than the day following the fifth (5th) day of Practice or later than the second (2nd) calendar day prior to the first (1st) scheduled Contest. A baseball Controlled Scrimmage does not count as a Practice or as an interschool Contest. Only students who have full athletic eligibility may participate in a baseball Controlled Scrimmage. A baseball Controlled Scrimmage may not be scouted by anyone not affiliated with a team participating in the baseball Controlled Scrimmage.

Q & A

Basketball - Generally
Q. 52-1 Is there a limit to the number of players a coach may use in a basketball game?
A. No, there is no limit to the number of players during a Season Contest, but during the IHSAA tournament, the players are limited to those listed on the entry list. (rule 52-3)

Q. 52-2 May a School have a complete schedule for more than one team in any sport?
A. Yes, a member School can field multiple teams in a sport, however each school team is a representative team of the high school and is subject to all IHSAA rules and privileges. (rule 9-6) Additionally, the quarter limitation still applies to all players.

Maximum Contests
Q. 52-3 Does the game limitation (22 games and no tournaments or 20 games and 1 tournament) apply to the Varsity team only?
A. No, the game limitation applies to any team – Varsity, reserve/JV, freshmen, etc. (rule 52-3)
Rule 52 - Basketball

Q. 52-4  May the game limitation rule be evaded by juggling the players?
A.  No, the game limitation requirement applies to teams. (rule 52-3)

Q. 52-5  May an “A” team or ‘first’ team (Varsity) be designated a “B” team (sub-varsity) and thus evade the rule?
A.  No, the team which is comprised of the best athletes in a sport shall be the “A” or Varsity team, regardless of how the team is designated by the school. It would be unethical and a violation of the IHSAA eligibility rules to designate a sub-varsity team as a Varsity team. (rule 52-3)

Q. 52-6  May a player be used in more than one basketball game during the same session?
A.  Yes, however, a player is limited to five quarters in any one session. (rule 52-3)

Q. 52-7  When a player exceeds the three-tourney or the quarter limitation, what action is required?
A.  When a violation of the maximum quarter rule is discovered, the School must forfeit the game in which the player exceeded the limit, charge the player with each quarter of participation, and send a written report to the Commissioner. (rule 3-9.5)

Q. 52-8  Must an interschool Practice in basketball count as one of the season games?

participation Practices, or (ii) Four (4) Pre-participation Practice sessions. 101-1.1 Students moving directly (within One (1) week) from One (1) sport season to the next sport season may be eligible to participate in a Contest in a sport during the next sports season after Five (5) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

101-1.2 Student athletes, after completing Ten (10) Pre-participation Practice sessions in a sport, may try out for a second sport during the same sport season and may be eligible to participate in a Contest in that second sport after Five (5) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that second sport. This requirement can be waived by the Commissioner provided the student can demonstrate that the reason the student did not participate in the minimum number of Season Contests was because of circumstances beyond the control of the student, such as illness, injury, the cancellation of a Contest(s) or the student’s failure to qualify for a spot on the roster.

b. A waiver will not be available for students failing to participate in the minimum number of Season Contests because of the Virtual Education School rule (rule 12-6), because of the Academic rule (rule 18), because of the Transfer rule (rule 19), because of the Undue Influence rule (rule 20) or because of voluntary non-participation or because of voluntary non-attendance at the student’s School.

Part V: Unified Sports® Rules

Unified Sports® is a joint effort between the IHSAA and Special Olympics Indiana (SOIN) to incorporate Unified Sports® programs in IHSAA member Schools recognizing and offering opportunities for students with and without disabilities to compete in an IHSAA sanctioned activity.

A junior member school student may participate in an IHSAA state tournament series as a member of a high school team.
e. Junior member schools may not use students below the ninth grade on their own ninth grade athletic teams in interscholastic athletics.

It is recommended that schools having grade 7 and/or 8 follow the Guidelines as prepared by the Junior High School Advisory Committee and distributed by IHSAA.
Part VII: National Federation of State High School Associations

Indiana was admitted in 1924. The National Federation was organized in 1920 and now consists of 50 member state high school associations. Canadian Federation and 9 Canadian provinces are presently affiliated. These associations have united to secure the benefits of cooperative action which eliminates unnecessary duplication of work and which increases efficiency through the pooling and coordinating of efforts of all who are engaged in high school athletic activities.

The legislative body is the National Council made up of one representative from each member state association. Such representative must be an officer or a member of his/her state board of control. The executive body is the Executive Committee of eight members elected by the National Council from the membership of the Boards of Control, Commissioners and Executive Secretaries of member state associations from eight territorial sections as outlined in the constitution. Terms are staggered and for three years.

The growth in size and influence of the state high school associations and their National Federation insures some degree of teamwork on the part of 22,000 high schools and this teamwork has enabled them to formulate policies and plans for improving high school athletic conditions and to make these plans function. The National Federation probably represents the largest closely knit organized body of athletes in the world. The opportunities for contributing to the welfare of the high school athletic program are unlimited.

The Federation was organized primarily to secure proper adherence to the eligibility rules of the various state associations in interstate contests and meets. As the prestige of the national organization grew, a program for the sanctioning of interstate meets was developed. This later led to definite action relative to national and sectional athletic events. At the present time, no national athletic meet or tournament is sanctioned. Meets or tournaments, which involve the schools of more than one state, are sanctioned in accordance with definite limitations in connection with the distance to be traveled, the type of sponsor, the amount of school time involved, and extent to which such events interfere with smaller meets which insure participation by greater numbers of those who need the training. The scope of the National Federation work has broadened so that all high school athletic and many non-athletic groups profit through an exchange of experiences and a pooling of interests.

The activities of the National Federation are based on the belief strong state and national high school athletic organizations are necessary to protect the athletic interests of the high schools, to promote an ever increasing growth of a type of interscholastic athletics which is educational in both objective and method and which can be justified as an integral part of the high school curriculum, and to protect high school students from exploitation for purposes having no educational implications. To accomplish these things, it is necessary for educators to exercise teamwork on a nationwide scale.
Part VIII: History of IHSAA

The first attempt to organize the high schools of Indiana in a single organization for the purpose of handling athletic activities was made in a meeting of the Northern Indiana Teachers' Association held at Richmond in April, 1903. At this time there was a conference of high school principals, and the conference ended with a body of suggested rules and regulations, called the Richmond Agreement. Due to the fact that there was no central organization having executive power, the Richmond Agreement did little more than point the way toward something better.

Principal J. B. Pearcy, of Anderson, issued a call for a meeting of high school principals interested in a state athletic organization for December 5, 1903. At this meeting, a provisional constitution was adopted. At a similar meeting on December 29, 1903, a final constitution was adopted and a Board of Control of three members was chosen to administer the affairs of the IHSAA.

The first Board of Control was made up of Principal George W. Benton, Shortridge High School, Indianapolis; Superintendent Lotus D. Coffman, Salem; and Principal J. T. Giles, Marion. These men thought and planned well, and we are enjoying the fruits of their vision.

There were fifteen high schools belonging to the IHSAA, March 1, 1904. The membership had a gradual growth through the years, and now includes almost all of the high schools in the state. The peak membership of eight hundred twenty (820) was reached in 1942, the year that private, parochial and institutional schools were admitted to the Association.

In the beginning, one member of the Board of Control served as Secretary but it soon became very evident that this office furnished enough work for a special man. It was also seen that the future of the organization demanded that the office of Secretary be made more permanent than the office of Board Member. Accordingly, at the annual meeting in 1906, the office of Permanent Secretary was established, and Principal J. T. Giles of Marion was chosen by the principals to be the first Permanent Secretary. Principal Giles resigned on December 26, 1912 and Principal Isaac E. Neff, South Bend, was chosen by the principals to succeed him. Principal Neff resigned March 15, 1913, and the Board of Control appointed Principal Arthur L. Trester from Alexandria to serve as Permanent Secretary until the next annual meeting in December, 1913. At this meeting, Principal Trester was chosen by the principals as Permanent Secretary.

The Board of Control consisted of three members, chosen by the principals in their annual meetings, until the annual meeting of October 27, 1916. At this meeting, it was decided to divide the state into five districts for administrative and representative purposes, and that each district should have one representative on the Board of Control, chosen by mail ballot from his own district by the principals of his district.

In September, 1925, by a referendum vote, the principals passed a legislative body proposal calling for four members from each of the five (5) IHSAA districts. The five members of the Board of Control, serving ex officio, and the fifteen other members elected by the principals in a mail vote constituted this legislative body. Prior to this plan, all legislation was done at the annual meeting or by referendum voting by mail. This Legislative Body of twenty members passed on all proposals submitted by the high school principals. It was the law making body of the Association. The plan was considered an advance in state administration and legislation in athletic activities.

On December 13, 1930, the Legislative Body considered and passed without a dissenting vote the provisions for an Athletic Council. The plan in full continued the five IHSAA districts in the state and arranged for five representatives on the Athletic Council from each district by classes determined by enrollments in the high schools, thus making the Athletic Council a body of twenty-five members representing all sizes of high schools and all districts of the state at all times and elected by the high school principals in the membership. A provision was included for the selection of a 5-man Board of Control from the membership of the Athletic Council by the members of the Athletic Council. The Athletic Council took over the duties of the former Legislative Body and was considered the law making body of the Association.

The title “Permanent Secretary,” established in 1906, was changed to “Commissioner of
History of IHSAA

High School Athletics” in October, 1929, by the Legislative Body, and the Commissioner was granted the powers and duties belonging to a Commissioner of Athletics. Mr. Trester continued to serve as Commissioner until the date of his death, September 18, 1944. The Board of Control designated Superintendent Morris E. McCarty of Lafayette to serve as Acting Commissioner. In December, 1944, Principal L.V. Phillips of Vincennes was chosen Commissioner to take office January 1, 1945. In 1944, the Board of Control was given authority to employ an Assistant Commissioner. Robert S. Hinshaw, Director of Athletics at Rushville High School, was chosen in November, 1945, to take office December 10, 1945 to become the first Assistant Commissioner of Athletics for the IHSAA. In July, 1961, Herman F. Keller of Evansville Bosse High School became the second Assistant Commissioner of Athletics after the death of Mr. Hinshaw. On the retirement of L.V. Phillips, July 31, 1962, the Board of Control selected Phil N. Eskew, Superintendent, Huntington Public Schools, as the third Commissioner of Athletics. The Board conferred the title of “Honorary Commissioner” on L.V. Phillips. On August 1, 1969, Ward E. Brown, Principal of Crawfordsville High School, was selected as Assistant Commissioner to work with Mr. Eskew and Mr. Keller, and on January 1, 1972, Miss Patricia L. Roy of East Gary was selected as Director of Girls Athletics for the Association. Mr. Keller retired as Assistant Commissioner on August 1, 1973 and was succeeded by Charles F. Maas, Athletic Director from Arlington High School, Indianapolis. On July 1, 1974, Miss Sue Parrish of Yorktown became the first Assistant Director of Girls Athletics.

Due to the additional Association sponsored sports and the need for more space, the Board of Directors purchased 2.57 acres of land just northwest of 91st and Meridian Streets on August 6, 1975 for the purpose of building the new IHSAA Headquarters. Groundbreaking ceremonies for the 20,000 square foot office building were held April 6, 1976 and the date of occupancy was April 4 and 5, 1977. A formal building dedication and open house was held on Sunday, October 16, 1977 with approximately 500 people in attendance.

On April 26, 1976, the IHSAA was incorporated. Certain corporate laws necessitated limiting the length of staggered terms of elected representatives to three years. Renaming of the Athletic Council as Board of Directors and renaming the Board of Control as Executive Committee followed, along with changing the school classifications from five to three, reducing the number of members on the Board of Directors from 25 to 15 and increasing the number of members on the Executive Committee from 5 to 10.

Phil N. Eskew retired on June 30, 1976 and effective July 1, 1976, Ward E. Brown, Assistant Commissioner, became the fourth Commissioner; the title of “Commissioner Emeritus” was bestowed upon Phil N. Eskew; and C. Eugene Cato, former Superintendent, Jay County Schools, became Assistant Commissioner.

Mildred M. Ball of East Chicago Washington High School was appointed Assistant Commissioner to fill the vacancy created by the resignation of Assistant Director of Girls Athletics Sue Parrish. Titles of Director and Assistant Director of Girls Athletics were officially changed to Assistant Commissioner effective July 1, 1977.

Ward E. Brown retired as Commissioner on June 30, 1983 and effective July 1, 1983, C. Eugene Cato, Assistant Commissioner, became the fifth Commissioner. Ray Craft, former Principal of Shelbyville High School, became the new Assistant Commissioner on July 1, 1983.

On November 18, 1983, the Executive Committee approved employing a Sports Information Director to assist in communications with the news media. Bob Williams, former sportswriter for the Indianapolis Star, was appointed to fill this position and began his duties on July 1, 1984.

Charles F. Maas, Assistant Commissioner since August 1, 1973, passed away after a long illness on November 27, 1984. Robert B. Gardner, former Principal of Milan High School, was selected to fill this vacancy and began his duties on February 18, 1985.

On November 13, 1992, the Board of Directors voted to add a minority seat/s to the Board of Directors and Executive Committee. This By-Law amendment commences with the December, 1993 election. The minority seats shall be filled by a minority from each of the three classes, with selections rotated through each of the five districts thus increasing the Board of Directors from 15 to 18 members and the Executive Committee from 10 to 12 members when the rotation is completed in 1997.

Bob Williams retired as the first Sports Information Director on June 30, 1994. Jim Rus-

sell, sportswriter for the Indianapolis News, was appointed to fill this position and began his duties on July 1, 1994.

On April 29, 1996, the Board of Directors voted 12-5 to implement multiple classes for tournament play in team sports beginning in the 1997-98 school year. Twenty principals in each of the five IHSAA legislative districts signed petitions calling for a referendum on the multiple class tournament adoption by the Board of Directors. The referendum vote was held with all ballots to be received by September 16, 1996. The action of the Board of Directors was upheld by the principals in a vote of 220 in favor and 157 opposed.

On December 12, 1997, after 20 years of service, Assistant Commissioner Mildred Morgan Ball announced her retirement, effective June 30, 1997. On March 21, 1997, Theresia Wynns, Principal, Creston Middle School, Indianapolis, and long-time IHSAA licensed official, was appointed as the new Assistant Commissioner and began her duties on July 1, 1997.

On March 27, 2000, after 15 years of service, including 5 1/2 as Commissioner, Robert B. Gardner announced his resignation to become Chief Operating Officer of the Indianapolis-based National Federation of State High School Associations. On April 10, 2000, the Executive Committee appointed Assistant Commissioner Blake Ress as the next Commissioner. He began his duties July 1, 2000. On June 16, 2000, Bobby Cox, Athletic Director at Carmel High School was named as the new Assistant Commissioner. He also began his duties July 1, 2000.

In May of 2000, the Association’s Board of Directors adopted language regarding a “Case Review Panel” enacted by the Indiana General Assembly as an alternative to legal action when a party disagrees with the Association’s final decision. The Case Review Panel is comprised of nine individuals, including the Indiana Superintendent of Public Instruction or his/her designee who would serve as the Panel’s chairperson.

At its annual meeting in April of 2001, the Board of Directors voted to reduce the number of legislative districts from five to three effective with the 2001-02 school year. A restructuring of the Board’s makeup also ensued with the number of high school classifications increasing from three to four thus ensuring representation of each competition class. The Board of Directors will continue to have 18 seats, with six seats being filled by two females, two minorities and two urban school representatives. Additionally, the Executive Committee would begin to be comprised of all members of the Board of Directors with each individual having the ability to vote on issues.

On December 7, 2001, after 7 1/2 years of service, Sports Information Director Jim Russell announced his resignation to become Executive Director of Delta Tau Delta Fraternity, whose national headquarters are based locally. On January 10, 2002, Jerry Baker, with his recognizable television voice that has been associated with IHSAA football and basketball tournaments since 1978, was named Sports Information Director.

On December 1, 2004, after nearly three years of service, Baker announced his resignation from his post. On December 16, Commissioner Blake Ress announced that Jason Wille, the IHSAA’s Assistant Sports Information Director and an employee of 9 1/2 years, was named Sports Information Director.

On January 26, 2005, Commissioner Ress announced the hiring of Joe Gentry as Communications Director, a new position in the Association’s Office. Gentry joined the IHSAA after a 17-year career as Sports Information Director for the University of Indianapolis.

At its May 1, 2006 meeting, the IHSAA Board of Directors approved adding a 19th seat to its body reserved for a private school representative. The seat would be filled beginning with the 2007-08 school year.

Gentry resigned his post as Communications Director in September, 2006 to return to his
alma mater as Butler University’s Director of Sports Marketing and Corporate Sponsorships.

Ress announced the hiring of Chris Kaufman as Communications Director on November 28, 2006. Kaufman joined the Association Office after a 16-year career at Cathedral High School in Indianapolis, the last eight as the school’s Director of Marketing and Communications.

On February 21, 2008, Associate Commissioner Ray Craft announced his retirement effective June 30, 2008. Craft was appointed Assistant Commissioner in July, 1983, and later promoted to Associate Commissioner in 1994. He also served on the IHSAA Board of Directors from 1980-83 while Principal at Shelbyville High School.

On April 28, 2008, Phillip E. Gardner, Principal at Wes-Del High School and a member of the IHSAA Board of Directors, was selected by the Executive Committee to serve as an Assistant Commissioner filling the vacancy left by Craft. Gardner joined the Association Office after serving 14 years as Principal at Wes-Del (1994-2008) and previously was Principal at Cowan for seven years (1987-94). As a member of the Board of Directors, Gardner had one of the longest tenures in Association history having served continuously since 1990. He was elected president of that group in 1995-96 and also elected chairman of the Executive Committee in 1999-00 and 2002-03.

On June 24, 2010, Commissioner Blake Ress announced his intention to retire after 10 1/2 years leading the Association. The title of “Commissioner Emeritus” was bestowed upon Ress on February 1, 2011.

On August 6, 2010, the IHSAA Executive Committee appointed Bobby Cox as the eighth commissioner. An assistant commissioner since 2000, Cox assumed his responsibilities on February 1, 2011.

On October 7, 2010, Robert Faulkens, principal at Crispus Attucks Medical Magnet High School in Indianapolis and a member of the IHSAA Board of Directors, was approved as assistant commissioner effective January 10, 2011.

Theresia Wynns, who had served as an assistant commissioner since 1997, announced her resignation effective June 22, 2012, to join the Indianapolis-based National Federation of State High School Associations (NFHS) as its Director of Sports and Officials Education.

At its monthly meeting on May 1, 2012, the Executive Committee approved two personnel moves announcing Sandra Walter and Chris Kaufman as assistant commissioners effective June 4, 2012.

Walter spent 12 years at Lawrence Central High School, the last 10 as athletic director and was active in the National Interscholastic Athletic Administrators Association (NIAAA) and Indiana Interscholastic Athletic Administrators Association (IIAAA).

Since becoming Communications Director in 2006, Kaufman had overseen the IHSAA’s marketing efforts with corporate partners and helped form the IHSAA Champions Television Network.

The Executive Committee approved a portion of an Indiana Football Coaches Association (IFCA) proposal on June 22, 2012 in adding a sixth classification to the football state tournament beginning in 2013-14. The Committee also voted in favor of a two-year tournament success factor in each team sport (baseball, basketball, football, soccer, softball volleyball), an accumulation of points by which any school would move up one class based on tournament series performance during that time. That measure would take effect in 2013-14 as well using tournament results from the prior two years. The Board of Directors formally ratified the Tournament Success Factor at its April 29, 2013 meeting.

The IHSAA added its 21st sport and first co-ed one on November 8, 2013 when it approved a state tournament for Unified Track & Field for the spring of 2014.

A further enhancement of the IHSAA’s partnership with Special Olympics Indiana allowed IHSAA-member schools to form teams composed equally of students with and without intellectual disabilities to compete for a state championship. Schools scheduled regular season competitions during the spring before two sectionals meets – one north and one south – with participants then advancing to the state championship meet held just prior to the start of the IHSAA Boys Track & Field State Finals in Bloomington. Events included were the 100 meter Dash, 400 meter Dash, 4x100 meter Relay, Shot Put and Long Jump.

On June 10, 2015, Assistant Commissioner Sandy Searcy announced her resignation ef-
effective July 31 to join the executive staff of the National Federation. An assistant commissioner since 1999, Searcy was named Director of Sports for swimming and diving, water polo and softball and to assist in planning for various NFHS meetings and conferences.

On July 13, 2015, the Executive Committee approved Kerrie Schludecker as a new assistant commissioner effective August 1, 2015.

Schludecker had served the previous three years as athletic director at Boone Grove High School following two years at Marquette Catholic High School. She had been an active member and served on several committees for both the Indiana Interscholastic Athletic Administrators Association (IIAAA) and the National Interscholastic Athletic Administrators Association (NIAAA).

On February 17, 2017, Assistant Commissioner Phil Gardner announced his retirement effective June 30 after nine years on the Executive Staff.

Paul Neidig, Chief of Staff and Director of Athletics of the Evansville Vanderburgh School Corporation (EVSC) and a continuous member of the IHSAA Board of Directors since 2004, was hired as an assistant commissioner on May 10, 2017.

His appointment began July 1 following a 31-year career with EVSC where Neidig also served as its Chief Administrative Officer from 2012 to 2015, Deputy Chief of Staff from 2009 to 2012 and Director of Athletics at Evansville Central High School from 2001 to 2010. Prior to that, Neidig had worked at Evansville Central as a teacher, department chair, head coach and assistant coach for boys basketball, assistant athletic director and technology director between 1985 and 2001. He had also served as Chairman of the IHSAA Executive Committee three times in 2006-07, 2009-10 and 2015-16.

The primary purpose of the organizers of the IHSAA, to manage and to foster high school athletics on a high plane, has been upheld as an ideal through the life of the IHSAA. New and advanced steps have been taken whenever conditions made them necessary. In the beginning, the Association concerned itself largely with track and football. As time went on it became increasingly evident that the IHSAA should assume the initiative for a well-balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The Association now sanctions 10 different sports for boys and 10 different sports for girls and one co-ed and culminating with State Championships in all.

A study of the persons who have served on the Executive Committee (formerly Board of Control) through the years will show clearly that the activities of the IHSAA have been in good hands. The titles and addresses are given as they were when the members served. A complete list of former members follows:

A moment of silence was held for the individuals below, who have passed away in the last year, in remembrance of their service to the Association.

Orvis “Shorty” Burdsall
Eden High School (1952-54)
Alexandria-Monroe High School (1954-95)
IHSAA Board of Directors: 1973-74 (chairman); 1978-79; 1979-80 (chairman); 1982-83; 1983-84; 1985-86; 1986-87

Shorty was born in Lyons, IN on Mar. 30, 1928 and was the son of Lexie and Lucille (Melick) Burdsall. On Aug. 16, 1952 he married Erlene (Snyder) Burdsall. He served his country during WWII serving in the United States Marines. After graduating for Vincennes Lincoln High School. Shorty received his Bachelor’s Degree from Butler University where he was a star (two-time MVP) basketball player for Coach Tony Hinkle. He then received his Master’s Degree from Ball State University.

He was an honored member of the Butler Basketball Hall of Fame, Indiana Basketball Hall of Fame, member of IHSAA Board of Control; served as president of the IHSAA Board and longtime member of the Indiana Basketball Hall of Fame Executive Committee.

Shorty was a beloved legend in the Alexandria community. Before coming to Alexandria, he started his teaching and coaching career at Eden High School (went 32-11 in two seasons 1952-54) before it was consolidated to form what is now Greenfield-Central. At Alexandria where he taught high school mathematics and served as the basketball coach until 1964 (1954-64; 140-89). He then later served as principal of Alexandria-Monroe High School until his retirement (in total over 30-years of service to Alexandria-Monroe). Shorty loved working and living in Alexandria, so much that he turned down offers from other schools such as
Shelbyville and Madison-Grant and the position of IHSAA Commissioner.

Shorty was a loving and caring husband, father and grandfather and enjoyed spending time with his family and friends.

**Patricia L. Roy**

Patricia L. Roy, who retired as an assistant commissioner in 1999, passed away on May 23, 2017 in Florida where she resided. She was 78.

Regarded both statewide and nationally as a pioneer in girls athletics, Roy served on the IHSAA executive staff for 27 years – longer than anyone in the Association's history.

Roy’s efforts and the role she played in the implementation of girls athletics into the IHSAA program were significant and plowed the ground for women today. Her administrative skills and foresight were a key component in gaining the structure needed to advance the girls programs to phenomenal growth.

During her tenure, she worked under four of the first six IHSAA commissioners - Phil Eskew, Ward Brown, Gene Cato and Bob Gardner. The girls basketball mental attitude award presented annually during the state finals in each classification was renamed in her honor in 2000.

“Pat Roy’s dedication to girls sports during the era of Title IX was legendary and her contributions to our Association were many,” said Commissioner Bobby Cox. “She’ll always be remembered for initiating and advancing athletic opportunities for girls in our state to their prominent place they hold today.”

“Pat Roy was certainly a pioneer for girls’ athletics in Indiana,” said Janis Qualizza, former member of the IHSAA Board of Directors, current Director of Athletics at Merrillville High School and a friend of Roy’s. “She was a hard-nosed gal who wouldn’t take no for an answer. She and (retired assistant commissioner) Mildred Ball were very instrumental in making certain Title IX was embraced in our state. Thanks to both of these ladies for their courage and most importantly their fortitude. Because of their efforts the young ladies in Indiana have been able to excel in the sports of their choice.”

Roy directly administered five sports during her years at the IHSAA – girls basketball, girls track and field, boys track and field, girls golf and girls volleyball – and also evaluated and assigned officials within those sports. She also provided the writing, content editing and supervision of several Association publications and interacted with high school principals, athletic directors, coaches groups and committees throughout the state.

Roy was born Oct. 3, 1938 in Goshen and reared in Allen County where she graduated from Harlan High School. She earned B.S. and M.A. degrees in the field of physical education, driver education, health and business education from Ball State University. Prior to joining the IHSAA as the first Director of Girls Athletics, she had served as the head of the Girls Physical Education Department at East Gary Edison High School from 1964-71. Previously, she had taught at Chesterton High School (1960-64), and served as assistant park director at Chesterton during the summers. As an athlete, she was a member of the Fort Wayne Daisies in the All-American Girls Professional Baseball League.

Prior to joining the IHSAA, Roy had been active in sports programs for girls. Her
involvement on the local, state and national levels had given her opportunities to organize tournaments and meets, officiate, schedule, coach and supervise. Her service included working as secretary of the Indiana League of High School Girls Athletic Associations, Midwest district officiating coordinator, and as the Indiana chairman of the United States Gymnastics Federation.

The recipient of numerous awards, Roy had been recognized nationally by the Women's Sports Foundation and the United States Olympic Committee. In Indiana, she was named a Sagamore of the Wabash by Gov. Evan Bayh in 1994, and received the first Marian Archer Award and the ICGSA Service Award from the Indiana Coaches of Girls Sports Association. She was inducted into the Indiana Basketball Hall of Fame, the Indiana Softball Hall of Fame, the Lake Station Hall of Fame, and the Indiana Coaches of Girls Sports Association Volleyball Hall of Fame.

After residing in Carmel for many years, Roy had recently moved to Ave Maria, Florida.

c. Shoul a student, prior to completing the required Ten (10) days of Pre-participation Practice, fail to attend and actively participate in more than Five
(5) consecutive, regularly scheduled Pre-participation Practice sessions, such student, upon returning from such absence, must participate in, prior to participating in a Contest, the greater of (i) the number of Pre-participation Practices session needed to meet the required Ten (10) days of Pre-participation Practices, or (ii) Four (4) Pre-participation Practice sessions. For example, if a student in football is absent following the completion of the fourth Pre-participation Practice session, then the student, upon returning from such absence, would need to attend and actively participate in Six (6) more Pre-participation Practice sessions prior to participating in a football Contest, but if the same student is absent following completion of the eighth Pre-participation Practice session, then the student, upon returning from such absence, would need to attend and actively participate in Four (4) more Pre-participation Practice sessions prior to participating in a football Contest.

50-1.1 Individual Student athletes moving directly (within One (1) week) from One (1) sport season to the next sport season may be eligible to participate in a following Season Contest in a sport during the next sports season after Five (5) separate days of organized Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

50-1.2 Individual Student athletes, who, having after completing Ten (10) Pre-participation Practice sessions separate days of organized Practice under the direct supervision of the high school coaching staff in a sport, are permitted may try out for a second sport during the same sport season and may be eligible to participate in an interschool Contest in that second sport after Five (5) separate Pre-participation Practice sessions days of organized Practice under the direct supervision of the high school coaching staff in that second sport. However, a. if the original sport was golf, this rule does not apply and the student athlete must complete Ten (10) separate days of Pre-participation Practice sessions in the second sport.

50-1.3 Student athletes, having after successfully completing basic training with a branch of the United States military during a sports Practice or Contest Season of a sport, may be eligible to participate in a Contest in that sport after Five (5) separate days of organized Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

101-1 Prior to a student’s participation in a Contest in a sport, there must be Ten (10) separate days of organized Pre-participation Practice sessions in that sport under the direct supervision of the high school coaching staff in that sport by each player preceding the date of participation in interschool Contests.
   a. In golf, the Pre-participation Practice rule requires Two (2) Pre-participation Practice sessions, and that rule can be waived under conditions established by the Commissioner.
   b. Only One (1) Pre-participation Practice session may be counted for on any One (1) day.
   c. Should a student, prior to completing the required Ten (10) days of Pre-participation Practice, fail to attend and actively participate in more than Five

18-1 Minimum Course Enrollment and Grades for Participation.

To be eligible scholastically, students must have received passing grades and earned credit at the end of their last Grading Period in School in at least Seventy percent (70%) of the maximum number of full credit subjects (or the equivalent) that a student can take and must be currently Enrolled in at least Seventy percent (70%) of the maximum number of full credit subjects (or the equivalent) that a student can take.

a. For purposes of this rule, the preceding notwithstanding, a student must have been Enrolled in a minimum of Four (4) full credit courses (or the equivalent) during the last Grading Period, and must be Enrolled in a minimum of Four (4) full credit subjects (or the equivalent) during the current Grading Period, unless a Block Four schedule is used, and then the student’s Enrollment must be in a minimum of Three (3) full credit courses.

b. If grades reported at an Eligibility Certification Date include both Grading Period grades and semester grades, then semester grades take precedence for eligibility purposes.

c. A student may use up to Two (2) semesters of the state-required physical education course for eligibility purposes, with each semester’s course counting as One (1) full credit.

d. Physical education credit earned by participation on an athletic team, may not count toward academic eligibility.

12. RULE 19 – ELIGIBILITY AND TRANSFER

19-6 Transfer Eligibility Without Change of Residence by Parent(s)/Guardian(s)

19-6.1 Eligibility When Transfer Without Change of Residence by Parent(s)/Guardian(s). A student who transfers without a corresponding change of residence to a New District or Territory by the student’s parent(s)/Guardian(s) will have immediate full athletic eligibility at the new School, provided the transfer was not for primarily athletic reasons or the result of undue influence, and there has been provided to the Association reliable, credible and probative evidence that One (1) or more of the following criteria has been met.

* * * *

13. RULE 19 – ELIGIBILITY AND TRANSFER

19-6 Transfer Eligibility Without Change of Residence by Parent(s)/Guardian(s)

athletic reasons or the result of undue influence, and there has been provided to the Association reliable, credible and probative evidence that One (1) or more of the following criteria has been met.

b. The student transfers with a corresponding change of residence by the student into a New District or Territory to reside with a parent. Moves between divorced or separated parents may meet this criterion; however, multiple more than Two (2) moves between such parents will not meet this criterion unless the reasons for the move(s) are outside the control of the parents and student and are significant, substantial and/or compelling. Likewise, any student who repeatedly seeks full eligibility under this criterion will not qualify for full eligibility unless the reasons for the move(s) are outside the control of the parents and student and are significant, substantial and/or compelling. In all cases under this criterion, full eligibility will not be approved if the approval will result in a student participating in more than One (1) season of a sport during a school year, or will result in a student participating in more than Four (4) seasons of a sport during a student’s Four (4) years of high school.

A motion to approve this proposal was made by Steve Cox, seconded by Matt Martin, motion approved 19-0.

14. RULE 51 - BASEBALL
51-4 Pitch Count

a. Limits on Pitches. A baseball pitcher is limited in the number of Pitches a pitcher may throw during a Contest, is limited in the number of Pitches a pitcher may throw during a calendar day and must rest for One (1) or more calendar days after pitching a certain number of Pitches. A School will be responsible for counting its pitchers’ Pitches (Pitch Count) and complying with this Pitch Count rule. A pitcher’s Contest Pitch Count is determined by adding all Pitches thrown by a pitcher during a Contest and a pitcher’s daily Pitch Count is determined by adding all Pitches thrown by a pitcher during all Contests in a calendar day.

b. Maximum Contest and Daily Pitch Count.

(1.) A pitcher may throw no more than One Hundred Twenty (120) Pitches in a Varsity Contest and may throw no more than Ninety (90) Pitches in a sub-Varsity Contest.

(2.) A Varsity pitcher may throw no more than One Hundred Twenty (120) Pitches during a calendar day and a sub-Varsity pitcher may throw no more than Ninety (90) Pitches during a calendar day.

(3.) This maximum number of Pitches a pitcher may throw in a Contest and the maximum number of Pitches a pitcher may throw during a calendar day is called the Maximum Pitch Count and a pitcher must leave the pitching position when a Maximum Pitch Count is reached, unless the Maximum Pitch Count is reached during a batter’s at-bat, in which event the pitcher may finish pitching to that batter before leaving the pitching position.

c. Mandated Rest; Pitch Count Levels.

(1.) A Varsity Pitcher must rest after reaching the following Varsity Pitch Count Levels:

(3-2) If a pitcher reaches the maximum number of Pitches in a Pitch Count Level during a batter’s atbat, and the pitcher leaves the pitching position for the day after pitching to that batter, the pitcher’s Pitch Count will be the maximum number of Pitches in the Pitch Count Level the pitcher initially reached during that batter’s at-bat (e.g., if a Varsity Pitcher reaches the maximum number of Pitches in Pitch Count Level 3 [Eighty (80) Pitches] during a batter’s at bat, and the pitcher leaves the pitching position for the day at the conclusion of that at-bat, the pitcher’s Pitch Count will be Eighty (80) Pitches, irrespective of the number of Pitches thrown during that at-bat).

(34.) Regardless of the daily Pitch Count, a pitcher who has a Pitch Count of more than Sixty (60) Pitches over Two (2) calendar days must rest One (1) calendar day. Like the daily Pitch Count, if a pitcher reaches Sixty (60) Pitches on the second calendar day during a batter’s at-bat, the pitcher may finish pitching to that batter before leaving the pitching position, and in that event, the Two (2) day Pitch Count would be Sixty (60) Pitches regardless of the number of Pitches thrown during that at-bat.

(5.) A pitcher’s period of rest begins on the calendar day following the calendar day in which the pitcher reached the Pitch Count Level which required a period of rest.

2017 Spring Sport Financial Reports
The following reports were presented regarding the financial status of state tournaments conducted during the spring season.

- **Baseball Tournament Report** – Commissioner Bobby Cox reported that the state finals revenue this year was down about 5% from last year’s record year due to attendance.
- **Boys Golf Tournament Report** – Assistant Commissioner Chris Kaufman briefed the Committee on the golf tournament and discussed attempts at keeping expenditures down at the various host sites.
- **Softball Tournament Report** – Assistant Commissioner Kerrie Schludecker said that sectional expenses were a little higher than previous years due to rain and having to move umpires around.
- **Girls Tennis Tournament Report** – Assistant Commissioner Chris Kaufman reported that the new financial software being used has been beneficial but certainly helpful in tennis in that it now is able to reflect income in a better sense than the previous software was able to.
- **Track & Field Tournament Reports** – Assistant Commissioner Robert Faulkens explained that several sectionals were operated at a deficit mainly due to the cost of renting scoring and timing equipment. Gate receipts were much better at the regional level which offset those expenses to a larger degree.
- **Final Financial Reports for 2016-17** – Commissioner Bobby Cox reported that the fall tournaments in 2016 were the windfall of the year for the Association. The fall sport tournament totals were up 22% from the year before and that is strictly due to football as good weather and matchups during the tournament always prove beneficial. Winter totals were down slightly by 3.1% and spring totals down about 4%.

The Commissioner directed attention to “School Distribution” which showed for the first time in the history of the Association that the IHSAA returned over $3 million to its member schools. That is a testament to good attendance and strong support and speaks to the overall health of high school sports in our state.

Attendance figures showed an increase in overall attendance in soccer, boys basketball, girls basketball, swimming and softball last school year contributing to more than 1.45 million fans attending state tournaments during 2016-17.

**Transfers**
Assistant Commissioner Paul Neidig reported on transfers that have been ruled on for the period of June 1-August 15, 2017 and, for comparison, the numbers from the same period a year ago.

After four years, the NAIA will no longer financially sponsor the Champions of Character program and Walter shared a draft of some revisions and a rebrand of the program. She hopes to find another sponsor to take over and the Association will continue to promote the online courses available via NFHSLearn. She welcomes suggestions for the program.

Technology
Information Technology Director Luke Morehead reported on the progress of the project to rebuild the IHSAA.net website. The project is about 30% complete and is on track to roll out to officials and their associations April 1 with athletic directors and their staffs to follow in the fall.

Athletic directors have asked whether the IHSAA will steer members towards a specific officials assignment software vendor. The IHSAA plans to support all vendors equally to ensure they each have the same opportunity to compete for members’ business. The IHSAA will continue to post tournament official assignments to Arbiter since all members will have free Arbiter login accounts for the foreseeable future.
Executive Committee Minutes

Sponsorship
Assistant Commissioner Chris Kaufman reported that the IHSAA and Indiana Farm Bureau Insurance have agreed to a three-year extension to its current agreement as sponsor of the IHSAA Champions Network. He also briefed the Executive Committee on other possible renewals and prospective new sponsorships.

IHSAA Foundation
Foundation President Matt Wolfert shared the embedded video on the IHSAAFoundation.org website and spoke about the positive and promising conversations he’s had with school administrators around the state.

Wolfert also appeared recently in a television segment on Inside Indiana Business with Gerry Dick promoting the Foundation, Habitudes and the InSideOut Coaching initiative.

The IHSAA Foundation also maintains a Twitter handle - @IHSAAFoundation.

He was also pleased to report that the IHSAA Foundation received contributions from 25 football sectionals (159 schools) from their tournament revenue this fall. A lengthy discussion ensued with the Committee about expanding that opportunity to the boys and girls basketball sectional tournaments.

A motion to approve adding an optional contribution line for the Foundation to the boys and girls basketball sectional financial reports was made by Mike Broughton; seconded by Brian Strong; motion passed 18-0.

Financial Reports on Selected Fall Sports
The following reports were presented regarding the financial status of sports conducted during the fall sports season.

- **Girls Golf:** Assistant Commissioner Chris Kaufman was pleased to report that the Noblesville Sectional (Harbour Trees Golf Club) and Lapel Regional (Edgewood Golf Course) each submitted zero-cost proposals.

- **Boys Tennis:** Assistant Commissioner Chris Kaufman indicated that requests for USTA officials at earlier rounds of the tournament have increased among the highly-competitive programs. The Association benefited from overall good weather and good attendance at the various levels of this year’s tournament.

- **Boys and Girls Cross Country:** Assistant Commissioner Paul Neidig reported this is the second year the Association has charged admission at the various levels of the state tournament which has turned the sport from a deficit sport to one of profit. There are still concerns at some locations related to parking challenges but only two sectionals operated at a deficit this fall (one less from last year). Neidig thanked the workers at the state finals in Terre Haute as their operation ran much smoother this year. He indicated he will form a committee after the first of the year to revisit the current cross country alignment. He also said some new cross country courses are becoming available along with some schools that have expressed an interest in hosting in the future.

- **Boys and Girls Soccer:** Assistant Commissioner Sandra Walter reported that adding a third class to both sports came at a significant cost financially even though that change reduced the total number of sectional sites. Inclement weather also contributed that opening weekend with matches having to be rescheduled. The new one-day regional format seemed to be favorably received though a couple sites had to move into the next week due to inclement weather.
The new semi-state format was also well-received with three games at one site and revenue increased significantly. The move from a one-day state finals event to a two-day format was painful financially-speaking with matches being played Friday at Butler University and Saturday matches at IUPUI with each school having a conflict on the opposite day preventing a single host site. IUPUI has assured the IHSAA that Carroll Stadium will be available both days next fall.

- **Volleyball:** Assistant Commissioner Kerrie Schludecker reported on the excitement of this year's state tournament but that, financially, the sport didn’t do very well overall. The change in formats at the regional and semi-state rounds were a factor. At the state finals, income increased from last year mainly due to a $2 increase in admission price but that attendance was down significantly. She received several positive comments about the new tournament format including starting the sectionals a week earlier than in previous years making it a four-week tournament.

Commissioner Bobby Cox directed attention to the budget analysis and attendance information he shared for fall sport tournaments. Overall, this year’s state tournaments are significantly down financially when compared to last year’s banner fall season.

The football financial report is still being completed and will be presented at the Committee’s January meeting.

**Litigation**

Attorney Robert Baker updated the Executive Committee on the current status of pending litigation against the Association and decisions of the Case Review Panel at the Indiana Department of Education.

Emergency By-Law Amendment – Rule 51-4, Pitch Count
The following are the proposed amendments to Rule 51-4 to eliminate dual pitch counts for varsity and sub-varsity. Shaded text or text with a strike-through (text) listed below denote changes from the previous rule.
Executive Committee Minutes

a. Limits on Pitches. A baseball pitcher is limited in the number of Pitches a pitcher may throw during a Contest, is limited in the number of Pitches a pitcher may throw during a calendar day and must rest for One (1) or more calendar days after pitching a certain number of Pitches. A School will be responsible for counting its pitchers’ Pitches (Pitch Count) and complying with this Pitch Count rule. A pitcher’s Contest Pitch Count is determined by adding all Pitches thrown by a pitcher during a Contest and a pitcher’s daily Pitch Count is determined by adding all Pitches thrown by a pitcher during all Contests in a calendar day.

b. Maximum Contest and Daily Pitch Count.
   (1.) A pitcher may throw no more than One Hundred Twenty (120) Pitches in a Varsity Contest and may throw no more than Ninety (90) Pitches in a sub-Varsity Contest.
   (2.) A Varsity pitcher may throw no more than One Hundred Twenty (120) Pitches during a calendar day and a sub Varsity pitcher may throw no more than Ninety (90) Pitches during a calendar day.
   (3.) This maximum number of Pitches a pitcher may throw in a Contest and the maximum number of Pitches a pitcher may throw during a calendar day is called the Maximum Pitch Count and a pitcher must leave the pitching position when a Maximum Pitch Count is reached, unless the Maximum Pitch Count is reached during a batter’s at-bat, in which event the pitcher may finish pitching to that batter before leaving the pitching position.

c. Mandated Rest; Pitch Count Levels.
   (1.) A Varsity Pitcher must rest after reaching the following Varsity Pitch Count Levels:

<table>
<thead>
<tr>
<th>Varsity Pitch Count Level</th>
<th>If the Pitch Count in a calendar day is:</th>
<th>The pitcher must rest:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>1-35</td>
<td>0 days</td>
</tr>
<tr>
<td>2</td>
<td>36-60</td>
<td>1 day</td>
</tr>
<tr>
<td>3</td>
<td>61-80</td>
<td>2 days</td>
</tr>
<tr>
<td>4</td>
<td>81-100</td>
<td>3 days</td>
</tr>
<tr>
<td>5</td>
<td>101-120</td>
<td>4 days</td>
</tr>
</tbody>
</table>

   (2.) A sub Varsity Pitcher must rest after reaching the following sub Varsity Pitch Count Levels:

<table>
<thead>
<tr>
<th>Sub Varsity Pitch Count Level</th>
<th>If the Pitch Count in a calendar day is:</th>
<th>The pitcher must rest:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>1-25</td>
<td>0 days</td>
</tr>
<tr>
<td>2</td>
<td>26-35</td>
<td>1 day</td>
</tr>
<tr>

<tr>
<td>4</td>
<td>61-80</td>
<td>3 days</td>
</tr>
<tr>
<td>5</td>
<td>81-90</td>
<td>4 days</td>
</tr>
</tbody>
</table>

   (2.) If a pitcher reaches the maximum number of Pitches in a Pitch Count Level during a batter’s at-bat, and the pitcher leaves the pitching position for the day after pitching to that batter, the pitcher’s Pitch Count will be the maximum number of Pitches in the Pitch Count Level the pitcher initially reached during that batter’s at-bat (e.g., if a Varsity Pitcher reaches the maximum number of Pitches in Pitch Count Level 3 [Eighty (80) Pitches] during a batter’s at bat, and the pitcher leaves the pitching position for the day at the conclusion of that at-bat, the pitcher’s Pitch Count will be
Eighty (80) Pitches, irrespective of the number of Pitches thrown during that at-bat).

(3.) Regardless of the daily Pitch Count, a pitcher who has a Pitch Count of more than Sixty (60) Pitches over Two (2) calendar days must rest One (1) calendar day. Like the daily Pitch Count, if a pitcher reaches Sixty (60) Pitches on the second calendar day during a batter’s at-bat, the pitcher may finish pitching to that batter before leaving the pitching position, and in that event, the Two (2) day Pitch Count would be Sixty (60) Pitches regardless of the number of Pitches thrown during that at-bat.

(4.) A pitcher’s period of rest begins on the calendar day following the calendar day in which the pitcher reached the Pitch Count Level which required a period of rest.

A motion for approval was made by Mike Whitten; seconded by Stacy Adams; motion passed 18-0. This rule goes into effect immediately coinciding with Monday’s (March 26) first day that contests may be played. The rule also will be formally ratified at the April 30, 2018 meeting of the IHSAA Board of Directors.

**Unified Sports - Flag Football**

The tournament would be limited to the first 32 teams that commit to fielding a team.

Proposed season dates would be as follows:

Approval of Unified Sports® Flag Football as a Sponsored Sport
Last month, Commissioner Bobby Cox presented information to the Executive Committee about the possibility of offering a state tournament in Unified Flag Football beginning in the fall (2018). The tournament, in partnership with Special Olympics Indiana, would combine students with and without intellectual disabilities on the same team for sports training and competition, similar to Unified Track & Field, which is now in its fifth year of sponsorship. The tournament would be limited to the first 64 teams that commit to fielding a team with each receiving a “start-up grant” of equipment and financial assistance from Special Olympics Indiana.

Proposed season dates are as follows:

First practice: July 30
Regular season: Aug. 11-Sept. 22
Sectionals: Saturday, Sept. 29
Regionals: Saturday, Oct. 6
Semi-States: Saturday, Oct. 13
State Finals: Saturday, Oct. 20 (four teams, 1 site)

The commissioner provided details to school administrators during the Spring Area Principals Meetings earlier this month and the initiative received near-unanimous approval in straw votes taken at those meetings. Originally anticipating a maximum of 32 teams, a strong response during the spring meetings has prompted expansion to the first 64 teams to sign up.

A motion for approval was made by Steve Cox; seconded by Don Gandy; motion approved 19-0.
