Board of Directors Elections

The next regular election of the Board of Directors is scheduled for November 29 – December 8, 2016 for the term beginning July 1, 2017.

A ballot will be sent to the principal of each member school containing the name and school of each eligible candidate to be elected from their district. To be valid this ballot must be completed by the principal and received by the Commissioner between December 1 and 10 of this year.

Any Committee Member who is a candidate does not participate in the tabulation of the vote in his/her own district.

The December, 2016 election will determine a representative from each of the districts designated below.

See Article IV, Sections 1-3 of the By-Laws for details. Deadline for filing as a candidate is November 13, 2016.

Are Your Athletes Eligible?

Be sure to check the following items that could jeopardize the eligibility of your athletes:

- Age
- Consent and Release Certificate on file prior to 1st practice
- Semesters of enrollment
- Scholarship – previous and present grading period/semester
- Athletic Transfer Form filed, if applicable
- Foreign Exchange Student Application Form filed, if applicable
- Number of practices prior to competition
- Season limitations – maximum number of contests, etc.

It is recommended that member school principals hold a meeting for all boys and girls in grades 9-12 who will be participating in athletics to discuss IHSAA rules, i.e. amateurism, scholarship, age, transfer, etc. Sportsmanship expectations of each athlete should also be discussed.

Christian Scientists Policy

The question is asked occasionally about IHSAA Consent and Release Form and its application to Christian Scientists. **IHSAA Rule 3, Sectional 10 is still in force** and requires a physical examination prior to student's first practice. Since there is no legal exemption to this examination, you are expected to comply with the rule even though special exemption request forms are presented by the student.

Attention Tourney Directors

Lifetime Passes have been distributed to current and former Board of Directors, IHSAA Office Staff and to former elected IHSAA Girls Advisory Committee members. Please notify your ticket personnel of our policy so that these passes will be honored for admittance.

Unsporting Behavior

In an effort to prevent the recurrence of unfortunate incidents in any varsity, reserve or freshman contest, the Association requires that unsporting reports be filed within 24 hours of the completed contest. The official will initiate the process. Member Schools will verify the information within the official's report and submit to the Association.

1. Licensed officials distributing the penalty shall initiate the Unsporting Report for:
 - a. Any contestant who displays unsporting behavior requiring the assessment of a penalty (unsporting or ejection).
 - b. Any coach who displays unsporting behavior requiring the assessment of a penalty (unsporting or ejection).
 - c. Any fan who displays behavior warranting elimination from the contest.
 - d. Any administrator who displays behavior warranting elimination from the contest.
2. Principal/Athletic Administrator
 - a. Verify the information contained within the report (correct coach, player, etc.).
 - b. If an ejection (Student or Adult) a link to www.nfhslearn.com will be included to the left of the report. Students are mandated per by-law 8-4 to complete the Sportsmanship Course (free). Adults are mandated per by-law 8-4 to complete the Teaching and Modeling Behavior course (paid course).
 - i. **Athlete ejections** – should the ENTIRE team complete the Sportsmanship course, the certificate of completion must be sent the IHSAA (specify school and sport). Member school will regain the 5 pts. lost due to the initial ejection.
 - c. Submit to the Association within 24 hours of receipt.

2016-17 Athletic Accident Insurance

The Indiana High School Athletic Association has purchased a Catastrophic Accident Insurance Policy effective August 1, 2016 to July 31, 2017. The insurance policy is provided through Shepherd Insurance Agency whose offices are located in Carmel, Evansville and Seymour, Indiana. The insurer of the sponsored program is Nationwide Life Insurance Company. Nationwide Life Insurance Company is an A.M. Best "A+" rated carrier.

The following is a general summary of benefits provided by the 10-year Catastrophe Injury Insurance Program. It is not meant to be a complete explanation of all provisions of the policy. No coverage is extended and no representations are made, except by the policy and/or certificate. Copies of the policy are available from the office of the IHSAA.

Who is a Covered Participant?

All student athletes, student managers, student trainers, student cheerleaders, and students participating in any interscholastic competition in sports sanctioned by the IHSAA.

What is a Covered Event?

What are covered expenses?

Covered expenses mean the reasonable and customary charges for:

1. Medical treatment including, hospital/surgical care and services prescribed by a doctor
2. Nursing care provided by a licensed nurse, ambulance services
3. X-Rays and lab exams
4. Prescription drugs, therapeutic services and supplies

General Exclusions and Limitations

This Policy does not cover any loss excluded by the policy. You must refer to the policy for exclusions.

1. intentional self-destruction or an attempt at it, or intentional self-inflicted injury while sane or insane
2. war or an act of war, declared or undeclared
3. air travel unless the insured is a passenger on a regularly scheduled flight of a properly licensed commercial airline
4. being intoxicated or under the influence of narcotics unless it is administered on the advice of a doctor
5. neither the injury, loss, or expense may result from sickness, disease or from any cause other than the accident
6. participation in a scheduled competitive event or meet by a person who is receiving benefits under the contract, unless he or she has a written statement from a doctor permitting such participation

****Please Note:**

It is not necessary to report every injury at your school, but a good rule to follow is that if you have an injury that requires any type of surgery, that injury needs to be reported. It will more than likely penetrate the \$25,000 deductible and the injured party would then qualify for benefits under the Catastrophic Accident Insurance Policy.

IHSAA Concussion Guidelines

“Any athlete suspected of having a concussion should be evaluated by an appropriate health care professional that day. Any athlete with a concussion should be medically cleared by an appropriate healthcare professional prior to resuming participation in any practice or competition.”

The language above appears in all National Federation sports rule books as part of the suggested guidelines for the management of concussion. It reflects a heightened emphasis on the safety of athletes suspected of having a concussion, especially since the vast majority of concussions do not involve a loss of consciousness. The State of Indiana has laws (Ind. Code 20-34-7) which mandate a protocol to be observed in the event there is an athletic head injury or concussion sustained by a high school student in a high school practice or game. The following guidelines provide the IHSAA’s suggested procedures to be followed when a student athlete in a contest or a practice in an IHSAA recognized sport sustains a head injury or concussion.

1. Any high school student athlete suspected of having sustained a concussion or a head injury in a high school practice or a high school contest:
 - (a) should be removed from play at the time of the concussion or head injury is sustained,
 - (b) should be evaluated by an appropriate health care professional immediately, and
 - (c) should not return to play in a practice or a game until the high school student athlete is cleared in writing to return to play by the health care professional who conducted an evaluation.
2. A high school student athlete should not return to play or practice any sooner than twenty-four (24) hours after the student is removed from play. After medical clearance by an appropriate health care professional, return to play should follow a step-wise protocol with provisions for the delay of the return to play based upon the return of any signs or symptoms.
3. The Official’s Role in Recognizing a Concussive Event:
 - (a.) If, during a contest, an official observes a player and suspects that the player has suffered a head concussion or head injury by exhibiting concussive signs (including appearing dazed, stunned, confused, disoriented, to have memory loss, or the athlete is either unconscious or apparently unconscious), the official should notify a coach that a player is apparently injured and advise that the player should be examined by an appropriate health care Professional.
 - (b.) If a concussion event occurred during a contest, and regardless of whether the student athlete returns to play or not, following the contest, an official’s report shall be filed with the school of the removed player, including the athletic director, by the Official that initially removed the student athlete from play; this report may be found on the IHSAA website at www.ihsaa.org.
4. For purposes of this Concussion Guideline, an appropriate health care professional is an Indiana medical doctor (MD) or doctor of osteopathic medicine (DO) who holds an unlimited license to practice medicine in the state of Indiana, and who has training in the evaluation and management of concussions and head injuries.

In cases where an assigned IHSAA tournament physician (MD/DO) is present, his or her decision regarding any potential concussion, or to forbid an athlete to return to competition, may not be overruled.

Basketball Tournament Hosts

I. Aims

It is the sincere desire of the Executive Committee that state championship tournaments sponsored by the Association be among the most significant events of the entire school year. Each tournament should be conducted in such a way as to foster desirable interschool relationships, promote good sportsmanship and fair play.

II. Organizing Plans

Initially devise a tournament timetable beginning with the announcement of the tournament site and extending through to the filing of the final report. A chronological order of dates on which certain items must be done such as interviews with news media, mailing of first letter to participating schools, arrangement of gymnasium, dressing room assignments, worker directions, sale of tickets, playing schedule, etc., will aid significantly.

The timetable should be followed carefully. Leave nothing to be done at the actual tournament time which can be done in advance. The success of a tournament depends greatly upon detailed advanced planning.

III. Workers

Avoid having too many things to handle personally. A good tournament director will have a contingent of dependable assigned workers who will direct teams to dressing rooms, take tickets, operate scoreboard, usher people to proper seats, etc., thus freeing the director to review the proceedings as a general supervisor and to make decisions in emergency situations.

An ample number of workers is very necessary for a well-run tournament. An organizational meeting of all workers before the opening session is recommended. Printed instructions distributed at your organizational meeting will aid workers in carrying out responsibilities. Provide each worker with an official badge, name tag, or visible identification.

IV. Entry Lists

A. Sectionals

1. The IHSAA will email entry lists of participating schools to each host site, shortly after the entry list deadline. **Sectional host must retain this file so that the entry list of the Sectional Champion school can be emailed to the Regional Host.**
2. Changes shall be authorized by the Association Office only.
3. **Immediately at the close of the tourney, email the entry list of the Sectional Champion to the assigned Regional center host.**

B. Regionals

1. The four (4) sectional center hosts have been instructed to email the entry list of the winning team to you immediately after the sectional. **Each Regional host must retain these lists so that the entry list of the Regional Champion can be emailed to the semi-state host.**
2. **Immediately at the close of the tourney, email the entry list of the Regional Champion to semi-state center principal.**

C. Semi-States

1. The four (4) regional center hosts of each of the four classes have been instructed to email the entry list of the winning team to you immediately after the regional.

Postponements

In the event of inclement weather or energy related problems which force postponements, each center school must determine the same. A good rule of thumb to follow: if a team/s cannot arrive because of weather-related problems, the tourney should be postponed. All participating school principals should be consulted when making decisions regarding postponements and rescheduling. If a tourney is postponed, the center principal shall notify Phil Gardner (Boys), **pgardner@ihsaa.org**, 317-339-4451 or Sandra Walter (Girls), **swalter@ihsaa.org** 317-414-3078 immediately at the Association Office.

V. Parking for Team and Fan Buses

Provisions should be made for special parking for team and fan buses. Windshield stickers may be sent to schools or special reserved parking area designated and located as near as possible to the gymnasium. If available, stickers should be sent to IHSAA Executive Committee and Board of Directors who indicate in advance they will attend.

VI. Player-Bench Occupants

During a game, *the players' bench may be occupied only by 12 eligible players who are in uniform (12 of 18 listed on entry list), coaches, team manager/s, team statistician/s, scorekeeper, etc.* Any other unauthorized persons should be instructed to remove themselves from the players' bench.

VII. Police and Fire Protection

Most tourney centers do not pay for police and fire protection. The Executive Committee feels that a city honored with a tourney should provide free and adequate police and fire protection in the line of duty, except where it is necessary to employ special off-duty personnel.

VIII. Pre-Tourney Meeting

It is strongly recommended that a meeting of principals assigned to your tourney be held prior to the tourney. At this time, instructions may be outlined, suggestions made, cooperation solicited and plans agreed upon for the conduct of the tourney. The IHSAA must leave many decisions to principals, knowing that fairness will be used in all decisions. The funds at the sectional level belong to the schools in that sectional, so if a meeting is held those expenses will be taken from the funds belonging to the participating schools. **Expenses for pre-tournament meetings for regional and semi-state will not be reimbursed, if held.**

IX. Pre-Tourney Practice Sessions

- A. **Sectionals** – Pre-tourney practices are only permissible for those teams who have not played on the floor where the tournament is being held.
Regionals & Semi-State – All teams qualifying for the regional or semi-state will be given the opportunity to practice at the host site.
- B. When pre-tourney practices are held, the time shall be determined by the host school. It is strongly recommended that such practices be conducted on non-school time.
- C. To decrease the slickness of the official tourney ball/s and/or discover any defects which may exist prior to the opening of tourney play, it is recommended that tournament directors permit participating schools to use the official game ball/s during the pre-tourney practice, if held.
- D. Mileage to center school for practice sessions will not be reimbursed.
- E. Schools with the farthest distances from the practice site should be given first choice of practice times.
- F. **State Finals** – whether practices may be held will be determined by the IHSAA and Bankers Life Fieldhouse personnel.

X. Hospitality Room - May be provided by the center school. Expenses for hospitality rooms are not considered an authorized expenditure. This includes staff and refreshments.

XI. Publicity

The only way the media will know about the merits of a tournament is through the personal efforts of the personnel conducting the tournament. Some suggestions are:

- A. Contact the local media (newspaper, radio, television) as soon as the assignments of schools are known. Report such items as:
 - 1. Where and when the tourney will be held.
 - 2. How the tourney will be conducted.
 - 3. Top individuals or teams which will participate.
- B. Make the student body of the school fully aware of the nature of the competition, either with the use of posters, the school paper, or personal contact with various influential students and student groups.
- C. Encourage the media to assign a photographer to the tourney.
- D. Notify the media of the results of the tournament as quickly as possible after its conclusion. This should be completed prior to leaving the site at the end of each session. For the purpose of allowing for statewide dissemination, tournament directors are encouraged to include the IHSAA office, the Associated Press and the Indianapolis Star on the result list. (Refer to "Reporting" document located on the .Net site under the Boys/Girls Basketball tab)

XII. Hints for the Public Address Announcer

At all IHSAA tournament sites, the public address system is to be used for announcements approved by the IHSAA and those necessary for the administration of the tournament. There shall be no oral prayers delivered over the public address system or initiated by the host school, at the IHSAA tournament events. The announcer is a key person and carries significant responsibility. What he/she says and the way he/she says it will influence the crowd. He/she may find it necessary to make special announcements in case of emergencies. The following items may assist the announcer:

- A. Be impartial.
- B. Use proper language at all times.
- C. Be enthusiastic, but calm.
- D. Be aware of the entire gymnasium area so that calm directions can be given in an emergency. Serious situations can often be avoided if the announcer will caution the crowd against coming onto the floor, throwing objects, etc.
- E. Permit no one except those in charge of the event to use the microphone. The announcer is responsible for whatever is said over the P.A.
- F. Do not criticize officials' decisions, directly or indirectly.
- G. Announce convenient routes for leaving the gymnasium and caution the crowd to drive carefully.

XIII. Photographers

Authorized media representatives may have access to the perimeter of the playing area under the direction of the tournament manager and game officials. As described in the IHSAA Winter Bulletin, photographers MAY use electronic flash/strobe units during the progress of a sporting event as long as, in the opinion of the contest officials, the flash does not hinder the actions of or endanger the contestants. The final decision as it relates to photography rests with the judgment of the contest official. School administrators have the authority to designate certain areas from which photographers may operate during a contest.

XIV. Safety

IHSAA liability insurance is carried by Philadelphia Indemnity Insurance Company. No insurance representative will personally inspect your facilities. Therefore, tournament center principals are urged to use every precaution in adhering to safe practices in preparation for the coming tournaments. Listed below are suggested fire safety regulations to be followed:

- A. At no time should the people admitted exceed authorized seating capacity.
- B. Aisles should not be blocked by seats, chairs or spectators.
- C. Police and firemen should be present to maintain proper fire regulations and crowd control.
- D. Emergency exits should be kept clear, properly lighted, properly marked or designated and in good working order.
- E. All emergency exit doors should be equipped with panic hardware. No other type lock or bolt should be used on emergency doors at any time, and a sufficient number of emergency exits must be provided. Chains on doors are specifically prohibited.
- F. Smoking is to be prohibited inside buildings.
- G. All first aid equipment, such as fire extinguishers, standpipes and hose should be checked before each tournament by the school official in charge.
- H. Waste containers should be provided and placed where they will not interfere with people leaving the building in case of an emergency.
- I. Parking of vehicles at emergency exits must be prohibited.
- J. No flammable liquids or waxes should be used on basketball courts.
- K. If temporary bleachers are used, they should be inspected by the local Fire Chief or by an inspector from the State Fire Marshal's Office.

XV. Scorebooks

Two scorebooks should be used for each game. One will be designated as OFFICIAL. The books are to remain at the table throughout each contest. File upon completion of tourney.

XVI. Signs and Banners

The displaying of signs, banners or placards at tournament games is prohibited. Such devices obstruct the view of spectators, are unsightly, and in many instances may become extremely hazardous. Take the necessary steps to prevent these devices from being brought into the gymnasium.

XVII. Sportsmanship

Considerable effort should be made to promote good sportsmanship. Give the officials the utmost cooperation in helping to eliminate any form of unsporting behavior. If there should be any spectators unwilling to accept the principles of good sportsmanship, see that these individuals are evicted. Report such incidents to IHSAA immediately.

XVIII. Noise Makers

The use of artificial noise makers is prohibited. Spectators should be made aware of this expectation via the PA announcer. (referenced within Restrictions as well)

XIX. Cheerleaders

Only the cheerleaders from the two participating schools may be used in connection with any one game. They shall use only that portion of the floor in which is immediately in front of their fans and shall remain outside the boundary lines at all times while the game is in progress. **Only cheerleaders may use megaphones. A maximum of twelve (12) cheerleaders in uniform with one sponsor/coach may be admitted free of charge to all levels of the state basketball tournament. Cheerleaders shall not be allowed to stand and cheer in the free throw lane lines extended area. They should be placed on the side line or on either corner of the end line.**

XX. Pep Bands

The use of a pep band by each school while participating has been approved by the IHSAA. The bands shall alternate playing times. When seating is an issue the pep band may be limited to a maximum of forty (40) members. Pep bands and/or single instruments may play at basketball games during the following times:

- A. Prior to game
- B. During time-outs
- C. During quarter breaks and the half-time intermission
- D. After the completion of the game

Pep bands playing during the progress of the games is distracting to players and opponents and should not be allowed. **A maximum of forty (40) band members with instruments and one director may be admitted free of charge to all levels of the basketball tournament series.**

*The tournament director **and participating schools** shall decide whether to permit the use of pep bands. **This decision should be based on availability of space and other logistical issues.**

XXI. Pom-Poms

The use of pom-pom personnel has been approved by the IHSAA. The tournament director **and the participating schools** shall decide whether to permit each school to have pom-poms. **Each pom-pom member must have a ticket to enter the contest.** The pom-pom girls may perform prior to the game and during half-time intermission **of their school's contest.**

XXII. Team Photographs, Rosters, Etc.

- A. **Regionals** - Teams advancing from regional tournaments will be requested to submit team photographs, rosters, season records, etc., to the Association Office. Regional directors should be sure that all winners receive the appropriate forms to complete at the conclusion of the tourney.
- B. **Semi-States** - Semi-state directors should be sure that all semi-state winners receive a letter and a packet of materials containing instructions regarding their meeting at **Bankers Life Fieldhouse** on Monday, at 10:00 a.m., after the semi-state.

XXIII. Tournament Director Reports

- A. Financial Report - An electronic version of the financial report is located on the ihsaa.net site. Please complete and e-mail a copy of the report, signatures and receipts to pgardner@ihsaa.org (Boys) or swalter@ihsaa.org (Girls) within one week of the completion of your tournament. Signatures on your payroll are REQUIRED.
 - 1. Total Paid Attendance – To obtain this figure, multiply the total number of season tickets sold by number of sessions and then add the total number of single session tickets.
 - 2. Expenditures - The Association desires that fair wages be paid for services rendered, but excessive payments will be checked. IHSAA auditors insist that the Association have on file supporting evidence for money paid out by center schools in connection with tourneys. Therefore, it is requested that expenditures are itemized showing the amount of money paid and to whom it is paid. The standardized IHSAA payroll form should be used for all workers being paid.
 - 3. Tourney Director Pay - Payment (excluding principal) is authorized as follows:

- a. Sectionals: Four to six teams - \$100.00
Seven or more teams - \$125.00
- b. Regionals: \$125.00
- c. Semi-States: \$100.00
- d. Payment in excess of the above amounts is considered an expense of the center school.
- 4. Center School Stipend
 - a. Sectional: \$300
 - b. Regional: \$250
 - c. Semi-State: \$250
- 5. Participating Schools Share
 - a. Sectional: participating schools divide 98% equally after 2% to IHSAA.
 - b. Regional: Up to \$600
 - c. Semi-State: Up to \$700
- 6. **Financial** - Attach a check for IHSAA if there is a profit. If a deficit exists, the center school shall be reimbursed.
- 7. Payment Procedure
 - a. Tourney centers are required to follow payment procedures prescribed by the State Board of Accounts; therefore, all expenditures for the tourney must be paid by check. One check may be written to the local athletic fund to cover small miscellaneous items, but there must be an itemized statement and signed receipts on file for all items in the miscellaneous category. It is not necessary to deduct withholding tax from the pay of officials or other incidental employees. However, you should be filing Treasury Department - IRS 1099 forms (Statement for Receipts of Miscellaneous Income) for these individuals.
 - b. Mail to the IHSAA: Financial Report, original payroll sheet with signatures, receipts for incidentals or if you do not have receipts, type the expense and amount on your school letterhead.
- 8. Reports to Participating Schools - Competing schools and the public are entitled to complete information regarding the receipts and expenditures of tourneys. Send copies of your financial report to the participating schools and news media shortly after the close of the tourney.

B. Tournament Results

All schools participating in the basketball state tournaments are required to set up an account on MaxPreps.com for their team. Each school will be required to report the final score from each state tournament game to their MaxPreps.com account within 30 minutes of the completion of each contest. The IHSAA state tournament brackets are directly connected to each school's account and the winning team will automatically advance in the bracket based on the score reported.

Notify the media of the scores of the tournament at the end of each game. For the purpose of allowing for statewide dissemination, tournament directors should email scores to the Associated Press, the Indianapolis Star, and the IHSAA Office. Please report postponements and updated game times if necessary.

Emailing, please list the host site in the subject line and the final score in the message (EX: Chesterton 78, Merrillville 75 OT).

IHSAA: results@ihsaa.org, pgardner@ihsaa.org, and swalter@ihsaa.org.

No advertisements shall be permitted except for those required by the IHSAA per corporate agreement. The official playing schedule of all tourneys will be posted on the IHSAA web site (www.ihsaa.org) approximately two hours after the draw begins. - B. Workers - The working crew necessary to sell tickets, collect tickets, supervise and direct tournament activities, may be admitted at no charge.
- C. IHSAA Lifetime Passes - These have been distributed for the current year to all former and current members of the Board of Directors, former Girls Advisory Committee and IHSAA office staff for admittance to all IHSAA-sponsored tournaments where seats are not reserved. Center principals should remind their ticket personnel that these individuals should be admitted upon presenting the Lifetime Pass. Following is a sample of the pass:

- D. If seats are reserved, members of the Board of Directors and IHSAA office staff who request complimentary tickets should receive them in advance.
- E. Former Board of Directors and Girls Advisory Committee members shall be granted two tickets to the sectional, regional or semi-state in their area, upon request five (5) days prior to the day of the tourney. Names of former Board of Directors may be found in the IHSAA By-Laws.

Modifications/Adoptions

The following shall apply to season meets and IHSAA sponsored tournaments unless stated otherwise.

A. Modifications

3. Team Scores (Season) – shall be determined for each level of competition and each event by totaling the best 3 individual scores in all events.

B. Recommendations

1. Schools should be sure that judges who are contracted use the current National Federation Rule Book and Manual in awarding difficulty points.

- C. Runners: Assign a runner to each judge to carry the scoresheet to the score table.
- D. Clerks: Assign a clerk to each event to handle the order of performance and make sure each gymnast is aware of the order in which they will perform.
- E. Timers: One timer is needed for floor exercise, another for uneven bars and two timers are needed at the balance beam; one timer should time the event and the other timer should time falls.
- F. Announcer: Select an experienced and knowledgeable announcer that will keep the meet moving and inform spectators regarding the results of the meet.

Tie Break Procedure:

Except for advancement of the last position to the next level, if there is a tie in an individual event, use the following procedure:

- (1) Average all judges' scores.
- (2) If a tie remains, use the superior judge's score.

(3) If a tie remains, the tie stands.

In the event the tie cannot be broken, duplicate awards will be provided.

Tournament Program:

Programs may be provided by the center school. If provided, it shall be the only program distributed at the tournament. No advertisements shall be included. It is recommended that programs be provided free of charge.

Tournament Reports:

In advance of the tournament dates, each center school will be supplied with adequate forms upon which to complete reports to the Association office. Prompt and accurate reports are very necessary.

- A. **Financial Report:** Return one completed copy to IHSAA within six days following the completion of each meet.
 1. Expenditures:

The Association desires that fair wages be paid for services rendered, but excessive payments will be checked. IHSAA auditors insist that the Association have on file supporting evidence for money paid out by center schools in connection with tournaments/meets. Therefore, it is requested that expenditures be itemized showing the amount of money paid and to whom it is paid. The standardized payroll posted on the .net site under GYM by IHSAA should be used for workers, judges, etc. It is not necessary to deduct withholding tax from the pay of judges or other incidental employees. However, you should be filing Treasury Department - IRS 1099 forms (Statement for Receipts of Miscellaneous Income) for these individuals.
 2. Attach a check for IHSAA share if there is a profit. If a deficit exists, the center school will be reimbursed.
 3. Competing schools are entitled to a complete copy of information regarding the receipts and expenditures of tournaments/ meets. Send a detailed report to the participating schools soon after the tournament/meet.

- B. **Meet Results:**
 1. Sectionals - Email workbook to the IHSAA (results@ihsaa.org) and swalter@ihsaa.org
 2. Regionals - Email workbook to the IHSAA (results@ihsaa.org) and swalter@ihsaa.org

Tournament Scoring

Tournament directors will receive an Excel Workbook after the sectional entry list deadline. The workbook will contain score sheets and result forms for individual and team competitions. Additional instructions will accompany the workbook. Score keepers will be able to use this document to average and tabulate scores, place competitors and teams in finish order, and submit results to the IHSAA via email.

Photographers

Photography may not be used during the progress of a meet, except when photographers use speed light cameras. This ruling is meant to protect the vision of the participants. Photographers desiring to take pictures shall make previous arrangements with the management who shall determine the number of photographers and their locations. Filming of competition for coaching or scouting purposes shall not be permitted.

Publicity

The only way the media will know about the merits of a tournament is through the personal efforts of the director, etc., conducting the tournament. Some suggestions are:

- A. Contact the local media (newspaper, radio, television) as soon as the assignments of schools are known. Report such items as:
 1. When and where the meet will be held.
 2. How the meet will be conducted.
 3. Number of teams or participants.
 4. Top individuals or teams which will participate.
- B. Make the student body of the school fully aware of the nature of the competition, either with the use of posters, the school paper, or personal contact with various influential students and student groups.
- C. Encourage the media to assign a photographer to the event.
- D. Notify the media of the results of the tournament as quickly as possible after its conclusion. A good rule of thumb to follow is to complete the IHSAA result forms before leaving the site and phone the results to the media.

Security Policy

To help insure the safest and most secure atmosphere for our IHSAA events, tournament management will diligently maintain established security procedures and activities. This will require complete cooperation of all competing teams, contest officials and fans. Security will always take priority over convenience; therefore, all individuals are requested to cooperate with event personnel in any manner. Your assistance will allow the tournament staff to fulfill their duties.

Signs and Banners

The displaying of signs, banners, balloons, or place cards at tournaments is prohibited. Such devices obstruct the view of spectators, are unsightly, and in many instances may become extremely hazardous. Take the necessary steps to prevent these devices from being brought into the gymnasium.

Sportsmanship and Conduct

Considerable effort should be made to promote good sportsmanship. Give the judges the utmost cooperation in helping to eliminate any form of unsporting behavior. If there should be any spectators unwilling to accept the principles of good sportsmanship, see that these individuals are evicted. Report the incident to the IHSAA.

Order of Performance

Sectionals, Regionals and State: All four events will be held simultaneously.

- A. Sectionals: The center school shall arrange the order of competition from the entries sent by the assigned schools.
 1. The Team Block style of competition will be used for each event. All competitors from a school team shall compete in each event as a team before rotating to the next event.
 - a. Block Style: Each team is given a number and the draw determines the competitive order for the team in that event.
 - 1) The team competitive order for each event, listed 1, 2, 3, 4 -- first to last in order of competition, is recorded on the entry list. This competitive order shall be used throughout the tournament series.
 - 2) Individual Competitors (non-team): Tournament Directors will place individual event competitors in team blocks to achieve a balance in the number of competitors in all events. Coaches shall specify, on the entry list, the order of performance when more than one individual from a non-team school is competing in an event.
 - b. **Competition order within each block shall not be rotated.**
 - c. When a conflict in two events occurs with the order of performance for a competitor, the competitor will be dropped by the Superior Judge in the second event three places in the order. When a team conflict occurs in the second event, the team shall be dropped in the order of competition as a team. NOTE: The Tournament Director may use his/her discretion to rotate the team blocks on an unequal time basis.
 2. Order of Team Competition:
 - a. The Team Block style of competition will be used for each event. All competitors from a school team shall compete in each event as a team before rotating to the next event. The draw shall be conducted by the Tournament Director.
 - b. The Draw:

Using the following charts for the number of schools in your Sectional:

 - 1) Draw the schools for the vault order. (Note the team number.)
 - 2) The first team drawn is Team #1, the second team drawn is Team #2, the third team drawn is Team #3, etc.
 - 3) Insert the teams into the Rotational Chart for the four events.

Regional Level Rotations

- B. Regionals (6 Teams): Block Style - There shall be four (4) blocks. Two of the blocks will have one team, two of the blocks will have two teams. Non-team all-arounds and non-team qualifiers should be distributed so as to achieve a balance of competitors in each of the four blocks.

Procedure: (Balance each block with regard to competitors)

1. Prepare an index card for each school represented.
 - a. The six team cards should list all-around and event qualifiers.
 - b. All others will be non-team school cards with the name/s of all-around and/or event qualifiers listed.
2. Randomly draw the team cards. Place in four separate blocks.
3. Assemble the All-Around cards. (Do not include all-arounds that are team members.)
4. Randomly draw four All-Around cards and place two into each block having only one team. Draw and distribute the remaining All-Around entries into all the blocks as evenly as possible.
5. Assemble event qualifiers cards. (Do not include qualifiers that are team members.)

6. Separate event qualifiers into the four events. Place event qualifiers into the four blocks, first matching previously placed schools from the All-Around assignments and achieving a balance in all events.
7. Letter Blocks - A, B, C, D - assign rotation. Record the Order of Performance and distribute copies to coaches, announcer, clerks, etc.

Girls & Boys Swimming & Diving

Special Note: The IHSAA has adopted a specific protocol regarding the management of concussions in all sports where the National Federation of State High School Associations (NFHS) writes playing rules. This protocol may be found at the beginning of each IHSAA Bulletin.

Modifications/Adoptions

I. Season

- A. Exhibition swimmers and/or divers are not permitted.
- B. Swimmers and/or divers below 9th grade are not permitted to swim in a high school contest.
- C. The maximum number of meets one can participate in is eighteen (18). An athlete is a participant in a meet if they enter one event, regardless of whether that event is a swimming or diving event. Therefore, if a school has a full schedule of eighteen swimming meets and also schedules two diving invitationals, a student athlete who enters the diving invitational must not have participated (in any event) in at least two (2) of the swimming meets. No individual shall participate in more than a total of eighteen (18) competitions.
- D. By prior mutual consent, in a pool of eight lanes or more, each team shall be permitted junior varsity entries in the varsity race.
- E. The order of events may be modified such that the diving event may be conducted at the same time as the swimming events, provided there is mutual consent between both schools and two licensed officials are hired.

II. Tournament

- A. A school may enter four (4) or less contestants in each event but only three (3) or less may participate. Eight contestants may be entered in each relay, but only four may participate in each session. All contestants must be entered in at least one event on the sectional entry list. A contestant who is entered as an alternate must count this event as one of the maximum number of events allowed per contestant.
- B. The modified ballot computation system will be used as a back-up system when electronic timing devices are used.
- C. Meet Committees - The meet committee shall serve in an advisory capacity, and function only if the referee-starter wishes to consult with it with regard to the application of a rule. All final decisions rest with the referee-starter.

III. Private Instruction

A swimmer/diver may receive private instruction from an individual not working under the auspices of his/her school so long as: (1) there are no swimmers or divers from another high school receiving instruction from this individual at the same time; (2) the school is not providing any remuneration for transportation and/or the instructor; (3) the student is not missing a school practice or competition to receive instruction and (4) no member of the school's coaching staff who provides lessons is compensated for the lesson beyond the compensation the coach earns from the school.

IV. Individual Participation

When a school does not sponsor a swimming/diving team, individual students athletes may practice with another member school's team under the supervision of the other member school's coach provided a written agreement, signed by both principals, is on file in the IHSAA office. Student athletes may only compete in contests representing the school at which they are enrolled and attending.

XXI. Reports

In advance of the tournament dates, each center school may download the adequate forms to complete the required reports (www.ihsaa.net).

- A. Financial Report - Two copies. Return one completed copy to IHSAA within one week of the completion of each tourney. Retain one copy.
1. Expenditures - The Association desires that fair wages be paid for services rendered, but excessive payments will be checked. IHSAA auditors insist that the Association have on file supporting evidence for money paid out by Center Schools in connection with tourneys. Therefore, it is requested that expenditures be itemized showing the amount of money paid and to whom it is paid. It is not necessary to deduct withholding tax from the pay of officials, or other incidental employees. However, you should be filing Treasury Department - IRS 1099 forms

(Statement for Receipts of Miscellaneous Income) for these individuals. The standardized payroll form distributed by IHSAA should be used.

2. Attach a check for IHSAA share if there is profit. If a deficit exists, the center school shall be reimbursed at a later date.
3. Competing schools are entitled to complete information regarding the receipts and expenditures of tourneys. Send a copy of the financial report to each participating school within one week of the completion of the tourney.

XXII. Reporting State Tournament Series Results

A. Sectional Results

1. Sectional sites must email the results as a meet manager backup file to (kschludecker@ihsaa.org) after the completion of the competition each day (Thursday and Saturday). In order to prepare programs in time for the state meet, seeding must occur on Sunday following the completion of the sectional on Saturday. Therefore, it is imperative that the official results are e-mailed and faxed to the IHSAA Office on Saturday evening, immediately following the sectional finals.
2. Fax a copy of the HY-TEK Results, including the meet referee's signature, to the IHSAA (317-575-4244).
3. Email the following to the Diving Regional Site: the electronic IHSAA Diving Score Sheets of the four individuals advancing, and the names of the two potential diving judges.
4. Email the name and school of the Coach of the Year to the IHSAA.

B. Regional Results

1. Regional host sites must email the final results on Tuesday using the IHSAA Report Form and send to results@ihsaa.org and kschludecker@ihsaa.org.

XXIII. Event Security Policy

- A. To help insure the safest and most secure atmosphere for our IHSAA events, tournament management will diligently maintain established security procedures and activities. This will require complete cooperation of all competing teams, contest officials and fans. Security will always take priority over convenience; therefore, all individuals are requested to cooperate with event personnel in any manner. Your assistance will allow the tournament staff to fulfill their duties.

XXIV. Passes for Contestants and Coaches

- A. The actual number of contestants and alternates for each school plus the principal, athletic director, two coaches and student manager, shall be admitted from each participating school. It is not necessary to issue passes for participants and coaches prior to the opening session of the tournament. Coaches may be instructed to pick up passes at a designated area at the opening session or at the time each school arrives. If participants desire to continue in attendance when not competing, they should be given complimentary admission, however, means should be adopted to guard against transfer of tickets or other abuse of the privilege.

XXV. Pre-Event Prayer on Public Address System

- A. At all IHSAA tournament sites, the public address system shall be used for announcements approved by the IHSAA and those necessary for the administration of the tournament. There shall be no oral prayers delivered over the public address system, or initiated by the host school at IHSAA tournament events.

Wrestling

Special Note: The IHSAA has adopted a specific protocol regarding the management of concussions in all sports where the National Federation of State High School Associations (NFHS) writes playing rules. This protocol may be found at the beginning of each IHSAA Bulletin.

I

General

A. Wrestling Weight Control Program

All Indiana high school wrestlers shall participate in the IHSAA Wrestling Weight Control Program. The program is designed to determine the minimum weight class a wrestler may participate in throughout the season. The establishment of a minimum weight class is based on a body fat measurement of 7% for male wrestlers and 12% for female wrestlers.

The establishment of a minimum wrestling weight based on 7% body fat for males and 12% for females is required for all high school wrestlers before they compete in interscholastic competition. The IHSAA does not advocate that a wrestler's established minimum weight is the athlete's best weight, but simply the minimum weight and weight class at which the athlete will be allowed to compete.

1. Establishing Minimum Weights

- a. Skinfold measurements or body composition analysis will be utilized to determine each wrestler's body fat percentage. Only skinfold measurements taken by IHSAA Certified Skinfold Measurers will be accepted. Schools may obtain a list of approved measurers from the IHSAA secured website at www.ihsaa.net. It is the responsibility of the school to contact a certified skinfold measurer from this list. The athletic director, on behalf of the wrestling coach, may submit body composition analysis.
- b. Prior to being measured for body fat percentages, all wrestlers shall pass a Specific Gravity Urine test. Urine test strips or a refractometer shall be used to certify adequate hydration of the wrestler. A wrestler tested at 1.025 or lower is deemed to have passed the Specific Gravity Urine test.
- c. The lowest weight class a wrestler may compete at will be determined as follows:
 - (1) If the predicted weight, at 7% male/12% female body fat is exactly that of one of the weight classes, that weight class shall be the wrestler's minimum weight class.
 - (2) If the weight falls between two weight classes, **the wrestler must wrestle at the higher weight class.**
 - (3) For any wrestler measuring at or above the established minimums of 7%/12% and with a signed parental permission form, the wrestler may wrestle at the weight class in which the 7% male/12% female predicted weight, less 2% of that weight, places him/her. (Example: Wrestler measures 7% body fat at **107** pounds, the wrestler may subtract 2% of **107** pounds [2.1 pounds] from **107** pounds resulting in the sub 7% wrestler to qualify for the **106** pound weight class). This permission must be requested on the IHSAA Parent Permission form which appears at www.ihsaa.org. **This permission must be received in the IHSAA offices no later than the last Friday of December (December 30, 2016).**
 - (4) Any male or female wrestler whose body fat percentage at the time of measurement falls below 7%/12% must obtain, in writing, a licensed physician's clearance stating that the athlete is naturally at this sub 7%/12% body fat level. A physician's clearance is for one season duration and expires April 1 of each year. The physician's clearance must be completed on the prescribed form for physician's use found on the IHSAA website at www.ihsaa.org under wrestling. A doctor's note alone is not acceptable. This form is due in the offices of the IHSAA no later than the last Friday in December. **(December 30, 2016)** Wrestlers that measure below the established minimum standards of 7%/12% at the time of measurement are not eligible to invoke an additional 2% loss of 7%/12%.
 - (5) Wrestlers should not wrestle below their established 1½% weekly weight loss figure at any time as determined by the **IHSAA** weight loss plan created for each wrestler whose data has been entered by the school official responsible for such submission. Schools may calculate a daily weight loss figure by taking the 1½% figure and dividing that number by seven and subtracting that total on a daily basis.

2. Elimination of December Certified Weight Report

As per the NFHS Wrestling Rules Book, state associations that have hydration and body-fat testing along with a program to monitor average weight loss of 1 ½ %, may use the minimum weight determined by the body-fat testing as the lowest weight a wrestler may wrestle during the state series instead of at least one-half of their weigh-ins. Therefore, the December Certified Weight Report previously required by the Association is hereby abolished.

3. Individual Weigh-In Record and Qualification for State Tournament Series

The coach shall maintain an individual weigh-in record for each wrestler. A wrestler must achieve six (6) qualifying weigh-ins as prescribed in the 2016-17 Weigh-In Regulations. The weigh-in regulations may be found at www.ihsaa.org or www.ihsaa.net.

B. Suitable Undergarments

During weigh-ins it is the responsibility of the officials to inspect all wrestlers in an attempt to make sure they do not have a communicable skin disease. In order to do that shorts (1) that are not tight-fitting and (2) that have an inseam of more than four inches are not acceptable undergarments for weigh-ins.

NOTE: Rule 4-5-4 of the NFHS wrestling rule book provides that the referee, or other authorized person of the same gender, shall supervise the weigh-ins.

C. Interpretation of Rule 4-3-1

Rule 4-3-1 addresses itself to special equipment, defined as equipment not normally worn by contestants, such as: face masks, knee braces, etc. This rule does not cover such items as knee pads and socks. The regulation concerning being unadorned is directed primarily at the face mask which, in some instances, has had exotic and grotesque type of markings on it.

D. Two-Pound Growth Allowance

Rule 4-4-4 has been amended to read "a two-pound growth allowance may be added to each weight class any time after the date of certification." In Indiana, the date for the growth allowance shall be **January 1, 2017**.

E. Penalty Chart Clarification -- Flagrant Misconduct by a Wrestler

The IHSAA Individual Wrestling Tournament Series is interpreted as a single continuous tournament and not as 4 individual tournaments. A flagrant misconduct ejection disqualifies an individual wrestler for the remainder of the IHSAA Individual Wrestling Tournament series at all levels.

F. Conduct of Coaches and Contestants

Use of smokeless tobacco by coaches or contestants shall result in removal of the offender from the meet for both regular season contests and the IHSAA tournament series.

II Season Regulations

A. Weight Classifications are: 106, 113, 120, 126, 132, 138, 145, 152, 160, 170, 182, 195, 220 and 285. The certified, actual weight of each contestant for a weight class must be one of the above weights or less except in the heavyweight class. The maximum weight for the heavyweight contestant will be 285 pounds.

B. To be eligible for the heavyweight class, a wrestler must weigh over 195 lbs. A contestant may wrestle at the weight class they qualify for by virtue of their weigh-in for that event or one weight class higher only. The use of a sweat box, hot showers, whirlpools, rubber, vinyl and plastic suits, or similar artificial heat devices for weight reduction purposes is prohibited. The use of diuretics and/or other drugs for weight reduction is prohibited.

C. Parent Consent and Release Form – Each wrestling coach shall observe and follow the information contained in Form D (IHSAA Pre-Participation Physical Examination) concerning the restriction placed on loss of weight by each individual participant.

D. Weight Allowance

1. A two-pound growth allowance may be added to each weight class on or after **January 1, 2017**.
2. When there are consecutive days of competition, there shall be a one-pound allowance granted each day for all wrestlers up to a maximum of two pounds. Wrestlers on all teams in the competition receive this allowance. A minimum of 48 hours advance notice is required for your opponents. Rule 4-5-5.

E. Weigh-In – Dual Meet and Tournament

1. The weigh-in must be conducted by the meet referee/s at the meet site on certified scales the day of the meet.
2. Contestants shall weigh-in wearing no more than a suitable undergarment, and their actual weight shall be recorded in ink on the individual weigh-in sheet and initialed by the referee. A wrestler may:

Rule 4-5 Weighing In (NFHS Wrestling Rules Book – 2016-17)

Dual meet weigh-in shall proceed through the weight classes beginning with the **random draw selected weight class continue through the weight classes, wrap around the 106-pound weight class and end immediately upon the completion of the highest weight class preceding the random draw selected weight class.**

When all wrestlers for a weight class have had an opportunity to weigh-in and the next class is called, that class is closed. Tournament weigh-in shall proceed through the weight classes beginning with the **random draw selected** weight class **continue through the weight classes, wrap around the 106-pound weight class** and **end immediately upon the completion of the highest weight class preceding the random draw selected weight class**. If only one (1) scale is available, a contestant may step on and off that scale two (2) times to allow for mechanical inconsistencies in the scale. If multiple scales are available, a contestant may step on and off the first scale two times to allow for mechanical inconsistencies in that scale. - Art. 9 Any contestant who has been authorized to wear an artificial limb, shall weigh-in with the artificial limb if the contestant chooses to wrestle with it on. Once a wrestler has weighed in with the artificial limb, it shall not be removed during competition.
- G. Competition in dual meets shall be conducted by a random draw of weight classes. A random draw for championship final matches for an individual tournament, regular season and/or state high school championship series, may be used for competition. (Rule 1-2-2 – NFHS Wrestling Rules Book) **NOTE – A random draw for championship final matches in the IHSAA individual tournament series is NOT TO BE USED. Championship matches throughout the individual tournament series shall be conducted in weight class order beginning with the 106 pound weight class.** The draw shall take place immediately following the conclusion of weigh-ins. XV Person Sectional Bracket

[Numbers] denote seeded wrestlers' position.
 [Letters] denote remaining unseeded wrestlers' possible positions.

To insure that the number one or number two seeded wrestlers do not receive a bye into the semi-final round, the first drawn unseeded wrestler must be placed on line 13 and the second drawn unseeded wrestler must be placed on line 4.

The above bracket provides for up to sixteen (16) wrestlers to be placed in the bracket. The potential pigtail matches would be placed by draw after placing the first and second unseeded wrestlers on lines 13 and 4 respectively. **There shall be no scoring or advancement points awarded for any result of matches in the round of sixteen. The wrestler simply advances to the round of eight.** If a wrestler loses in the round of sixteen, they are eliminated from the tournament.
