Pep bands and/or single instruments may play at basketball games during the following times:

1. Prior to game.
2. During time-outs.
3. During quarter breaks and the half-time intermission.
4. After the completion of the game.

Pep bands playing during the progress of the game is distracting to players. Any band that violates this policy may be asked to discontinue playing.

Board of Directors Election

November 15 was the final day for nominating petitions to be filed in the IHSAA Office.

A ballot is to be mailed to the principal containing the name and school of each eligible candidate to be elected from their district. To be valid this ballot must be completed by the principal and received by the Commissioner **between December 1 and 10** of this year.

Ballots will be examined by the Executive Committee and filed. Any candidate who has reason to question the tabulation may inspect those from his/her district. However, the part of the ballot containing the school and principal's name will be detached before the inspection. Any Committee Member who is a candidate does not participate in the tabulation of the vote in his/her own district.

2004-05 Board of Directors Meeting

The next meeting of the Board of Directors will be held at 8:00 a.m. Monday, May 2, 2005.

Member schools desiring to present a matter for consideration to the Board for action should have these proposals properly worded and signed by one (1) or more high school principals. Too often proposals are improperly worded or in conflict with some existing provision of the By-Laws of the IHSAA. Proposed amendments must be presented to the IHSAA Office prior to March 1, 2005.

IHSAA By-Laws Review

- Q.1 Do foreign exchange students count as one of the permitted number in team sports during school year out-of-season and summer in non-school participation?
- A. Yes, if they have remaining eligibility.
- Q.2 May volleyball players participate on non-school (USAV) teams during the school year out-of-season?
- A. Yes. However, no more than 3 players who have participated in a contest as a member of their school's team the previous season may be on the same team at the same time.
- Q.3 Are 12th graders who have completed their eligibility in volleyball counted as part of the 3-player limitation?
- A. No. Since the school season is complete, they are considered as having no remaining eligibility in volleyball.
- Q.4 May coaches from a member school coaching staff coach a USAV volleyball team during the school year out-of-season?
- A. Yes, so long as there are no players on the team who have participated in a contest as a member of that coach's school team the previous season.
- Q.5 Can post graduates practice/participate with or against the high school team or a member of that team?
- A. Post-high school graduates cannot practice/participate with or against a team or a member of a high school team during the contest season. This does not prohibit the member school administrators, should they desire, from permitting post-high school graduates to use their facilities for conditioning purposes, but not for the purpose of practicing and/or participating with or against a member school team or team members.
- Q.6 A student's parents moved out-of-state. The student is now living with a family friend in the same school district. Is this student eligible?

- A. Yes. Once a student becomes eligible in a school, the student retains eligibility in that school even though the student's parents move to another district or territory.
- Q.7 May a repeated class count toward the scholarship eligibility?
- A. Yes, if approved by the principal and a passing grade is earned and placed on the official transcript.
- Q.8 Is the home school exclusively responsible for crowd control?
- A. No. While the home school must assume a primary responsibility for the management of the contest, including providing for crowd control, this is a mutual responsibility. The visiting school must also take such measures as are necessary to insure proper behavior on the part of students and fans.
- Q.9 An ineligible student participates for School A in a wrestling invitational tournament. School A also wins the team championship in the invitational. What are the penalties?
- A. 1) ineligible student is disqualified
2) forfeit points of ineligible student and refigure team score
3) individual awards are forfeited
4) return team awards, if applicable
- Q.10 How many quarters is a basketball player permitted when played in the same session?
- A. 5.
- Q.11 May a student play in 2 quarters in a junior varsity basketball game on Tuesday and 2 quarters in a varsity basketball game on Thursday?
- A. Yes. The individual must count the quarters toward his/her quarter limitation.
- Q.12 May a student play in 4 quarters of a junior varsity basketball game and 1 quarter in a varsity basketball game in the same session?
- A. Yes. This would count as 1 contest for the individual and be within the 5 quarter limitation when played in the same session.
- Q.13 What constitutes a quarter of play?
- A. A player beckoned on the floor by an official and time runs off the clock during any quarter shall be counted as a quarter.
- Q.14 May a scholastically ineligible wrestler be weighed in during regular season meets for the purpose of meeting minimum weight classification requirements for the state tournament series?
- A. Yes, however, the ineligible wrestler must not participate under any circumstances until he becomes eligible.
- Q.15 May a wrestler entered on the sectional entry list in his certified weight class be changed to the class immediately above his certified weight class at the sectional seeding meeting?
- A. Yes.
- Q.16 May a swimmer switch relays from the trials to the finals, or from the sectional to the state if he/she is legally entered in 2 individual events and 3 relays?
- A. No, this would be 5 events and a violation of the rules. Once a swimmer who is entered in 2 individual events also swims in 2 relays, he/she is locked into those relays for the tournament (sectional and state).

- Q.17 May a swimmer be entered in 2 individual events and 3 relays on the entry list?
- A. Yes, but that swimmer may swim in only 2 of those relays. A swimmer may not participate in more than 4 events, 2 of which must be relays. Once a swimmer has been entered in 2 individual events and 3 relays, he/she may not scratch an individual event to swim 3 relays.
- Q.18 May a swimmer be entered in 2 individual events and 2 relays, and then scratch from an individual event?
- A. Yes.
- Q.19 May a swimmer be entered in 3 individual events?
- A. No, if a swimmer is entered in 3 events, 1 of these events must be a relay.
- Q.20 May a swimmer swim in all three relays?
- A. Yes, if they were entered in 1 individual event and 3 relays.
- Q.21 When does the time standard for the 500 freestyle have to be met?
- A. The time standard (7:00.0 for boys and 7:30.0 for girls) must be met by entry date deadline.
- Q.22. A local bank wants to name a player of the week in basketball – 1 for girls and 1 for boys. Is this permissible?
- A. Yes, so long as the student does not accept merchandise, meals, cash, etc., for such recognition.
- Q.23. May a member school hold a student benefit fund-raiser basketball game out-of-season that involves only seniors?
- A. Yes, if the seniors have no remaining eligibility in basketball.
- Q.24. A basketball team violated the 5-quarter rule by permitting a player to participate in 2 quarters of the varsity game and 4 quarters of the junior varsity game. A protest was registered with the game officials who refused to assess a technical foul. What should be done.?
- A. It is not the responsibility of the game officials to enforce the 5-quarter rule. It is the responsibility of the member school principal, athletic director and coach to make sure the 5-quarter rule is followed. Any school violating this rule is expected to report the violation to the IHSAA office.
- Q.25. Do IHSAA regulations apply to junior high schools?
- A. No, IHSAA regulations apply only to grades 9-12. There are no IHSAA regulations for grades below 9.
- Q.26. Does the IHSAA have a rule that prohibits school personnel from publicly criticizing officials?
- A. No, but such action would be unethical. Officials are charged with the responsibility of applying the rules in pressure situations which require subjective judgment, and should be given the benefit of the doubt. It is inappropriate for coaches and officials to criticize one another.
- Q.27. May a basketball team play with fewer than 5 players?
- A. According to the National Federation Basketball Rule Book, a team must have 5 players to start a game, *but if it has no substitutes to replace disqualified or injured players, it must continue with fewer than five.* When there is only 1 player participating for a team, the team shall forfeit the game, unless the referee believes that the team has an opportunity to win the game.
- Q.28. Does the IHSAA have a rule prohibiting the scheduling of practices and interschool games on holidays?
- A. No. Member school policies dictate scheduling procedures.

- Q29. Is there an IHSAA rule prohibiting a senior from being on a junior varsity team?
- A. No. This is a matter for each school to decide.
- Q30. The local Board of Education adopted a rule that a student must be making passing grades in at least 6 full credit subjects or the equivalent to participate in athletics. Is this rule in violation of the IHSAA By-Laws which states that a student must be making passing grades in 5 full credit subjects or the equivalent?
- A. No. The local Board of Education has the right to make rules that are more restrictive than the IHSAA.
- Q31. A junior basketball player wins a non-school free-throw shooting contest. The first place prize is a trip to Disney World. May the player accept the trip?
- A. No.
- Q32. May a non-school person film/vidiotape, for scouting purposes, athletic teams in a contest in which that person's school is playing?
- A. No. Filming/vidiotaping for scouting purposes of any contest by any party other than representatives from the 2 participating schools is prohibited.
- Q33. When schools face a situation where a contract cannot be honored, what steps should be followed to resolve the matter?
- A. Every effort should be made by both schools involved to find mutual agreement before the contract is voided. Even after the contract is voided, it is preferable for the 2 schools to resolve the matter by mutual consent. As a last resort, the matter may be referred to the IHSAA Executive Committee for settlement.
- Q34. A student in a junior member school repeats the 9th grade. Upon entering high school as a 10th grader for the first time, how many semesters of eligibility does the student have?
- A. 4 consecutive semesters.
- Q35. After a wrestler qualifies for advancement in the wrestling tournament series, may that wrestler practice against similar qualifiers from other schools in preparation for the next level of competition?
- A. No
- Q36. May a 7th or 8th grade student participate as a member of a member high school team?
- A. No.
- Q37. May an IHSAA member school participate against a non-member IHSAA school whose team contains students below grade 9?
- A. Yes.
- Q38. Does a practice on the day of a contest count as 1 of the 10 required practices?
- A. No.
- Q39. Does the second practice in a day count as 1 of the 10 required practices?
- A. No.

Wrestling

I GENERAL

A. Wrestling Weight Control Program

All Indiana high school wrestlers shall participate in the IHSAA Wrestling Weight Control Program. The program is designed to determine the minimum weight class a wrestler may participate in throughout the season. The establishment of a minimum weight class is based on a body fat measurement of 7% for male wrestlers and 12% for female wrestlers.

The establishment of a minimum wrestling weight based on 7% body fat for males and 12% for females is required for all high school wrestlers before they compete in interscholastic competition. **The IHSAA does not advocate that a wrestler's established minimum weight is the athlete's best weight, but simply the minimum weight and weight class at which the athlete will be allowed to compete.**

1. Establishing Minimum Weights

- a. Skinfold measurements or body composition analyzations will be utilized to determine each wrestler's body fat percentage. Only skinfold measurements taken by IHSAA Certified Skinfold Measurers will be accepted. Schools may obtain a list of approved measurers from the IHSAA *secured* website at www.ihsaa.net. It is the responsibility of the school to contact a certified skinfold measurer from this list. The athletic director, on behalf of the wrestling coach, may submit body composition analyzations.
- b. Prior to being measured for body fat percentages, all wrestlers shall pass a Specific Gravity Urine test. Urine test strips shall be used to certify adequate hydration of the wrestler. A wrestler tested at 1.020 or lower is deemed to have passed the Specific Gravity Urine test.
- c. The lowest weight class a wrestler may compete at will be determined as follows:
 - (1) If the predicted weight, at 7% male/12% female body fat is exactly that of one of the weight classes, that weight class shall be the wrestler's minimum weight class.
 - (2) If the weight falls between two weight classes, he must wrestle at the higher weight class.
 - (3) *For any wrestler measuring at or above the established minimums of 7%/12% and with a signed parental permission form, the wrestler may wrestle at the weight class in which the 7% male/12% female predicted weight, less 2% of that weight, places him/her. (Example: Wrestler measures 7% body fat at 105 pounds, the wrestler may subtract 2% of 105 pounds [2.1 pounds] from 105 pounds resulting in the sub 7% wrestler to qualify for the 103 pound weight class) This permission must be requested on the IHSAA Parent Permission form which appears at www.ihsaa.org. This permission must be received no later than the last Friday of December (December 31, 2004).*

(4) Any male or female wrestler whose body fat percentage at the time of measurement falls below 7%/12% must obtain, in writing, a licensed physician's clearance stating that the athlete is naturally at this sub 7%/12% body fat level. A physician's clearance is for one season duration and expires April 1 of each year. The physician's clearance must be completed on the prescribed form for physician's use found on the IHSAA website at www.ihsaa.org under wrestling. A doctor's note alone is not acceptable. *Wrestlers that measure below the established minimum standards of 7%/12% at the time of measurement are not eligible to invoke an additional 2% loss of 7%/12%.*

(5) Wrestlers *should not* wrestle below their established 1½% weekly weight loss figure at any time as determined by the NWCA weight loss plan created for each wrestler whose data has been entered by the school official responsible for such submission. Schools may calculate a daily weight loss figure by taking the 1½% figure and dividing that number by seven and subtracting that total on a daily basis.

2. **Elimination of December Certified Weight Report**

As per the NFHS Wrestling Rules Book, state associations that have hydration and body-fat testing along with a program to monitor average weight loss of 1 ½ %, may use the minimum weight determined by the body-fat testing as the lowest weight a wrestler may wrestle during the state series instead of at least one-half of their weigh-ins. Therefore, the December Certified Weight Report previously required by the Association is hereby abolished.

3. **Individual Weigh-In Record and Qualification for State Tournament Series**

The coach shall maintain an individual weigh-in record for each wrestler. A wrestler must achieve six (6) qualifying weigh-ins as prescribed in the 2004-05 Weigh In Regulations. The weigh-in regulations may be found at www.ihsaa.org or www.ihsaa.net.

B. **Suitable Undergarments**

During weigh-ins it is the responsibility of the officials to inspect all wrestlers in an attempt to make sure they do not have a communicable skin disease. In order to do that shorts (1) that are not tight-fitting and (2) that have an inseam of more than four inches are **not** acceptable undergarments for weigh-ins.

NOTE: Rule 4-5-4 of the NFHS wrestling rule book provides that the referee, or other authorized person of the same gender, shall supervise the weigh-ins.

C. **Interpretation of Rule 4-3-1**

Rule 4-3-1 addresses itself to special equipment, which is equipment not normally worn by contestants, such as: face masks, knee braces, etc. This rule does not cover such items as knee pads and socks. The regulation concerning being unadorned is directed primarily at the face mask which, in some instances, has had exotic and grotesque type of markings on it.

D. Two-Pound Growth Allowance

Rule 4-4-4 has been amended to read "a two-pound growth allowance may be added to each weight class **any time after the date of certification.**" In Indiana, the date for the growth allowance shall be *January 3, 2005*.

E. Penalty Chart Clarification -- Flagrant Misconduct by a Wrestler

The IHSAA Individual Wrestling Tournament Series is interpreted as a single continuous tournament and not as 4 individual tournaments. A flagrant misconduct ejection disqualifies an individual wrestler for the remainder of the IHSAA Individual Wrestling Tournament series at all levels. Flagrant misconduct in a season tournament or multiple dual also disqualifies an individual wrestler for the remainder of that tournament or multiple dual plus the next competition at that level (IHSAA By-Law 8-3). An alternate wrestler, properly certified, may be substituted in the remaining dual matches for a wrestler so disqualified in multiple dual meets only. An alternate may not be substituted in a tournament for a wrestler disqualified for flagrant misconduct. [See also Section II, Letter C for tournament protocol]

F. Conduct of Coaches and Contestants

Use of smokeless tobacco by coaches or contestants shall result in removal of the offender from the meet for both regular season contests and the IHSAA tournament series.

I SEASON REGULATIONS

A. Weight Classifications are: 103, 112, 119, 125, 130, 135, 140, 145, 152, 160, 171, 189, 215 and 275. The certified, actual weight of each contestant for a weight class must be one of the above weights or less except in the heavyweight class. The maximum weight for the heavyweight contestant will be 275 pounds.

B. To be eligible for the heavyweight class, a wrestler must weigh over 189 lbs. A contestant may wrestle at the weight class they qualify for by virtue of their weigh-in for that event or one weight class higher only. **The use of a sweat box, hot showers, whirlpools, rubber, vinyl and plastic suits, or similar artificial heat devices for weight reduction purposes is prohibited. The use of diuretics and/or other drugs for weight reduction is prohibited.**

C. **Parent Consent and Release Form** – Each wrestling coach shall observe and follow the information contained in Form D (IHSAA Pre-Participation Physical Examination) concerning the restriction placed on loss of weight by each individual participant.

D. Weight Allowance

1. A two-pound growth allowance may be added to each weight class on or after *January 3, 2005*.
2. When there are consecutive days of competition, there shall be a one-pound allowance granted each day for all wrestlers. Wrestlers on all teams in the competition receive this allowance. A minimum of 48 hours advance notice is required for your opponents. Rule 4-5-4.

E. Weigh-In – Dual Meet and Tournament

1. The weigh-in must be conducted by the meet referee/s at the meet site on the day of the meet.
2. Contestants shall weigh-in wearing no more than a

suitable undergarment, and their actual weight shall be recorded in ink on the individual weigh-in sheet and initialed by the referee. A wrestler may:

- a. wrestle in any weight class for which he makes weight, or
- b. wrestle in the next higher weight class above his actual weight class.

3. The provision for state associations to establish weigh-in procedures for subsequent days of tournaments has been removed. All regular and post-season tournaments will now be following the two-hour weigh-in stipulation for each day of the tournament.

4. Schools shall follow the weigh-in procedures listed below for dual meets and tournament events:

Rule 4-5 WEIGHING IN (NFHS Wrestling Rules Book – 2004-05)

Art. 1 Contestants of the same gender shall have the opportunity to weigh in shoulder-to-shoulder, a maximum of one (1) hour before the time of a dual meet, or a team's first competition in a multiple dual-meet event is scheduled to begin. When a preliminary meet is followed by a varsity meet weigh-ins may, by mutual consent, precede the preliminary meet.

Art. 2 Contestants of the same gender shall have the opportunity to weigh in shoulder-to-shoulder at the tournament site a maximum of two (2) hours before the first session of the day.

Art. 3 For any event, all contestants shall be present in and remain in the designated weigh-in area at the time established by the meet administration. Contestants shall not leave the designated weigh-in area unless permission is granted by the meet administration. The weigh-in shall proceed through the weight classes beginning with the lowest weight class and end immediately upon the completion of the highest weight class. *When all wrestlers for a weight class have had an opportunity to weigh-in and the next class is called, that class is closed.* A contestant shall weigh in for only one weight class during the weigh-in period. If only one (1) scale is available, a contestant may step on and off that scale two (2) times to allow for mechanical inconsistencies in the scale. If multiple scales are available, a contestant may step on and off the first scale two times to allow for mechanical inconsistencies in that scale. If the contestant fails to make weight on the first scale, the contestant shall immediately step on each available scale one (1) time in an attempt to make weight. During time off the scale(s), activities that promote dehydration are prohibited.

Art. 4 The referee, or other authorized person of the same gender, shall supervise the weigh-ins.

Art. 5 When there are consecutive days of team competition, there shall be a one (1) pound additional allowance granted each day for all wrestlers. In order to be granted this one (1) pound additional allowance, a minimum of 48 hours advance notice is required for the opponent(s).

Art. 6 A contestant representing a school in a tournament shall be named by weight class prior to the conclusion of the weigh-in.

Art. 7 All contestants shall weigh in wearing no more than a suitable undergarment. Any contestant, who has been authorized to wear an artificial limb, shall weigh in with the artificial limb.

Art. 8 Any contestant failing to make weight during the weigh-in period shall be ineligible for that weight class.

- F. **Weigh-In Sheets and Scorebooks** – Weigh-ins should be recorded in ink on a weigh-in sheet and each coach should be given a copy. Officials must sign the weigh-in sheets after the completion of the weigh-in verifying its accuracy. The officials should not sign the scorebook until the meet has been completed. A referee's signature in the scorebook verifies the final score of the meet. It is not an official weigh-in sheet and should not be accepted as a verification of a wrestler's weight for the meet.
- G. Competition in dual meets shall be conducted by a random draw of weight classes. The draw shall take place immediately following the conclusion of weigh-ins. Subsequent matches will follow in the traditional order. In multi-dual events, the sequence determined by the draw will be followed for that day's subsequent meets (Rule 1-1-2).
- H. The IHSAA strongly recommends (1) 1 adult supervisor be at the scorekeepers-timers bench for each season meet and (2) that the scorekeeper for both teams be seated at the scorers' bench.
- I. **Written Documentation – Skin Lesions**
In Indiana, current written documentation from a physician shall be interpreted to be no more than seven days old and specify (1) the location of the suspected condition or disease and (2) that it is not communicable. This documentation shall be on the prescribed IHSAA Skin Lesions form ONLY. The "Physician's Release for Wrestler to Participate with Skin Lesions" document can be found on the IHSAA web site under wrestling at www.ihsaa.org. A doctor's note alone is NOT acceptable.
- J. **Videotaping/Filming – Regular Season**
 - 1. *Participating Schools – taping/filming may be permitted by: (a) only one individual authorized by the participating school principal, (b) when a student from that school is actually participating, and (c) provided there is a designated area available at the host school.*
 - 2. *Parents – parents may videotape/film any match that their child is participating. Parents or other non-school personnel may not videotape/film any match for the purposes of scouting. (IHSAA By-Law 9-18.3)*
 - 3. *Any film/videotape may not be used to review decisions of contest officials.*

2004-05 Wrestling Tournament Series

General Rules

The following rules and regulations for the 2004-05 Wrestling Tournament Series have been adopted and are subject to change if the Executive Committee should deem it necessary. These General Rules apply to both the 67th Annual Individual Tournament and the 10th Annual Team Tournament.

I MANAGEMENT

A. Sectionals, Regionals, Semi-States

- 1. Sponsorship, operation and management of the tournament rests solely with the IHSAA through the Executive Committee. Total responsibility for the local arrangements has been delegated to the center school. If a dispute, claim or cause of action should arise out of the contest or tournament which was not the result of any intentional or negligent act or omission of the center school or its local arrange-

ments, and provided further that the center school has acted in accordance with the Rules and Regulations of the IHSAA, then the IHSAA agrees to assist the center school defend such dispute, claim or cause of action by providing legal advice, legal representation, and defending the center school; the responsibility of the IHSAA herein shall not attach until the center school formally places the IHSAA on notice of the dispute, claim or cause of action, and makes demand upon the IHSAA for legal advice, representation, or a defense.

2. The center school shall provide and be responsible for tickets, ticket takers/sellers, ushers, announcers, scorers, timekeepers, all necessary equipment for conducting the game or contest, necessary facilities for the competing teams and those directly affiliated with the competing teams (such as the principal, athletic director, coaches, student managers, etc.), facilities for spectators/fans and crowd control (hereinafter known as the local arrangements).

I TOURNAMENT RULES

A. **Official Rules** – The current rules as published in the National Federation Wrestling Rules and as further modified by the IHSAA, shall govern.

1. **Weighing In** – A contestant may NOT wrestle in a class lower than the class *entered on the sectional entry list*. He/she may NOT wrestle in a class higher than the class immediately above his/her *entered weight class*.

C. **Disqualifications** due to technical violation, illegal hold, stalling or misconduct of contestants and unnecessary roughness does not eliminate a contestant from further competition in the tournament series. **Disqualification for flagrant misconduct and/or unsportsmanlike conduct eliminates a contestant from competition at the next level of the tournament series.** **Interpretation:** (1) If a coach or wrestler would receive a flagrant misconduct penalty or an unsportsmanlike conduct ejection during the sectional, he would be suspended for both the team regional (if his team is participating) and the individual regional. If his team advanced to the team semi-state, he would be eligible to compete in the team semi-state. (2) If the ejection occurred at the team regional, the suspension would be served at both the individual regional and the team semi state. (3) If the ejection occurred at the team semi state, the suspension would extend through the individual state tournament and team state tourney. (4) An unsportsmanlike ejection at any level in the individual tournament elimi-

nates a competitor from that tournament series because you cannot advance to a higher level without competing successfully at the previous level.

D. Length of Matches/Overtimes – All matches shall be 6 minutes in length, divided into 3 periods of 2 minutes each with no rest between periods. Consolation matches shall consist of 3 periods, the first of which will be 1 minute in length, and the 2nd and 3rd periods each 2 minutes in length. NOTE: In the individual regional tournament only, the consolation match that determines third place shall consist of 3 periods of 2 minutes each. In case of a tie after the 3 periods, the contestants shall wrestle 1 extra period of a maximum of one minute. The overtime period shall begin with both wrestlers in the neutral position. The wrestler who scores the first point shall be declared the winner. When there is a tie at the end of the overtime period, use the 30 second tie-breaker method as per Rule 6, Section 7, Articles 1, 2 and 3, *Page 30* of the **2004-05 National Federation Wrestling Rules.**
