MESSAGE TO THE INDIANA HIGH SCHOOL
ATHLETIC ASSOCIATION

By
CONNOR K. SALM, President
Board of Control

My first connection with Indiana high school athletics was at Indiana University as a member of the Booster's Club. This organization was entrusted with much of the legwork involved in staging the state basketball tournament. At that time any team that had enough money to pay its expenses and felt that it had a chance to win was entered in the tournament. Elimination games were played simultaneously in the men's old wooden gymnasium, in the women's gymnasium, in the Bloomington High School gymnasium and at one of the local churches. Truly it necessitated a lot of work in those early days just to keep up with what was going on at each of these centers.

Basketball and other athletics in our state have come a long way since those early days. Just as the gymnasiums in which the games were played were small, cramped and few in number, so the public attendance was comparatively small. The problems of staging a game then were relatively few compared with those of the present time. As fan interest grew, local communities increased the size and number of their gymnasiums. The problems connected with athletics were magnified. The games have been speeded up, the rivalry and interest have become more intense and keen and adult attendance has doubled and trebled. All this increased the pressure and desire to win.

These conditions brought problems of eligibility, residence, and control. The IHSSA, ably guided by the wise counsel of men like Commissioner Arthur L. Trester, Commissioner L. V. Phillips, and Assistant Commissioner Robert S. Hinshaw assisted by school men serving as members of the Board of Control and Athletic Council, has kept pace with the growth of athletics in our state. This organization is the envy of many other states. These men, realizing the functions and proper sphere of athletics in our school system, constantly and continuously have had in mind the axiom that athletics should be and are run for the physical and mental benefit of the participants. They have made every effort to keep them in bounds of good school administration, while still cognizant of the great interest in athletics on the part of both the students and the general public.

While the IHSSA has done a magnificent job in developing the educational and physical aspects of athletics in our schools and communities, we must never relax our vigilance in our attempt to improve athletics, their contribution to our school and community life, and to further our public relations. The public must know, and continually must be confident of the fact that high school athletics are in good hands in our state. So may all who are in any way responsible for the administration of athletics in our state and in our local community keep uppermost in mind the keen necessity for ever improving these relations.

The first attempt to organize the high schools of Indiana in a single Association for the purpose of handling athletic activities was made in a meeting of the Northern Indiana Teachers' Association held at Richmond in April, 1903. At this time there was a conference of high school Principals, and the conference ended with a body of suggested rules and regulations, called the Richmond Agreement. Due to the fact that there was no central organization having executive power, the Richmond Agreement did little more than point the way toward something better.

Principal J. B. Pearcy, of Anderson, issued a call for a meeting of high school Principals interested in a State Athletic organization for December 5, 1903. At this meeting a provisional constitution was adopted. At a similar meeting on December 29, 1903, a final constitution was adopted and a Board of Control of three members was chosen to administer the affairs of the IHSAA.

The first Board of Control was made up of Principal George W. Benton, Shortridge High School, Indianapolis; Superintendent Lotus D. Coffman, Salem, and Principal J. T. Giles, Marion. These men thought and planned well, and we are enjoying the fruits of their vision.

There were fifteen (15) high schools belonging to the IHSAA, March 1, 1904, and now there are seven hundred forty-eight (748) member high schools. The membership has had a gradual growth through the years, and now includes almost all of the high schools in the state. The peak membership of eight hundred twenty (820) was reached in 1942, the year that private, parochial and institutional schools were admitted to the Association.

In the beginning, one member of the Board of Control served as Secretary, but it soon became very evident that this office furnished enough work for a special man. It was also seen that the future of the organization demanded that the office of Secretary be made more permanent than the office of Board Member. Accordingly, at the annual meeting in 1906 the office of Permanent Secretary was established, and Principal J. T. Giles of Marion was chosen by the Principals to be the first Permanent Secretary. Principal Giles resigned on December 26, 1912, and Principal Isaac E. Neff, South Bend, was chosen by the Principals to succeed him. Principal Neff resigned March 15, 1913, and the Board of Control appointed Principal Arthur L. Trester from Alexandria to serve as Permanent Secretary until the next annual meeting in December, 1913. At this meeting, Principals Trester was chosen by the Principals as Permanent Secretary.

The Board of Control consisted of three members, chosen by the Principals in their annual meetings, until the annual meeting of October 27, 1916. At this meeting it was decided to divide the State into five districts for administrative and representative purposes, and that each district should have one representative on the Board of Control, chosen by mail ballot from his own district by the principals of his district.
In September, 1925, by a referendum vote the principals passed a legislative body proposal calling for four members from each of the five (5) IHSAA districts. In October, 1929, by referendum vote, the principals in a mail vote constituted this legislative body. Prior to this plan all legislation was done at the annual meeting or by referendum voting by mail. This Legislative Body of twenty members passed on all proposals submitted by the high school principals. It was the law making body of the Association. The plan was considered a step in advance in state administration and legislation in athletic activities.

On December 13, 1930, the Legislative Body considered and passed without a dissenting vote the provisions for an Athletic Council. The plan in full continued the five IHSAA districts in the state and arranged for five representatives on the Athletic Council from each district by classes determined by enrollments in the high schools, thus making the Athletic Council a body of twenty-five members representing all sizes of high schools and all districts of the state at all times and elected by the high school principals in the membership. A provision was included for the election of a 5-man Board of Control from the membership of the Athletic Council by the members of the Athletic Council. The Athletic Council took over the duties of the former Legislative Body and is considered the law making body of the Association.

The title “Permanent Secretary,” established in 1906, was changed to “Commissioner of High School Athletics” in October, 1929, by the Legislative Body, and the Commissioner was granted the powers and duties belonging to a Commissioner of Athletics. Mr. Trester continued to serve as Commissioner until the date of his death, September 18, 1944. The Board of Control designated Superintendent Morris E. McClary of Lafayette to serve as Acting Commissioner. In December, 1944, Principal L. V. Phillips of Vincennes was chosen Commissioner to take office January 1, 1945. In 1944, the Board of Control was given authority to employ an Assistant Commissioner. Principal E. E. Ramsey, Bloomington, was chosen in November 1945 to take office December 10, 1945 to become the first Assistant Commissioner of Athletics for the IHSAA.

The primary purpose of the organizers of the IHSAA to manage and to foster high school athletics on a high plane has been upheld as an ideal by the Association through the fifty-five years of the life of the IHSAA. New and advanced steps have been taken whenever conditions made them necessary. In the beginning, the Association concerned itself largely with track and football. As time went on it became increasingly evident that the IHSAA should assume the initiative for a well-balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The Association now sponsors football, baseball, cross country, basketball, swimming, wrestling, golf, tennis, softball and girls' play days. State championships are determined in cross country, swimming, wrestling, basketball, track and golf.

A study of the men who have served on the Board of Control through the years will show clearly that the activities of the IHSAA have been in good hands. The titles and addresses are given as they were when the men were Board of Control members. A complete list of former Board members follows:

PURPOSE OF IHSAA

(Copied from Introduction to first printing of Constitution in 1904)

"The purpose of this organization is the encouragement and direction of athletics in the high schools of the State. No effort has been made to suppress or even to repress the athletic spirit that is everywhere in evidence in our schools. On the contrary, this organization gives recognition to athletics as an essential factor in the activities of the pupil and seeks only to direct these activities into proper and legitimate channels."

CONSTITUTION OF THE
INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION

ARTICLE I

NAME

The name of this association shall be the "Indiana High School Athletic Association." (The abbreviation of this name is understood to be "IHSAA.")

ARTICLE II

MEMBERSHIP

Section 1. Full membership in this Association shall be open to all public, private, parochial, and institutional high schools of the state offering and maintaining three or four years of high school work, provided they meet the requirements of the association and also subscribe to its rules and regulations. A school to be eligible for membership in the IHSAA must be accredited by the State Department of Education.

Section 2. Modified membership may be extended to any high school accredited by the State Department of Education offering and maintaining less than three years of high school work with the understanding that such modified membership shall extend the privilege of participating in single athletic games, contests, tourneys, and meets with other modified members. Modified membership also shall permit teams from modified members composed of ninth and/or tenth grade students to compete against teams from full members composed of ninth and/or tenth grade students in single games, contests, tourneys and meets without special restrictions as to the number of teams entered, trial runs, or geographical location within the state.

Schools holding modified memberships are not eligible to enter teams in state tourneys or meets. It must be clearly understood that a modified membership is a membership in the Indiana High School Athletic Association that requires the Principal to subscribe to all of the rules and regulations of the Association.

Section 3. Any high school in the state may become a member of this Association by meeting the requirements, by subscribing to these rules and regulations, and by paying the annual dues of one dollar and fifty cents ($1.50) to the Commissioner on or before October 1 of each year. All memberships expire on October 1 of each year unless the annual dues are paid.

Section 4. Associate membership may be extended to any high school accredited by the State Department of Education and operating strictly as a boarding school, with the understanding that:

1. Associate membership shall extend the privilege of participating in single athletic games and contests and invitational tourneys and meets, but not in any tourneys or meets conducted for the purpose of determining an official state championship in the IHSAA.

2. Associate members are bound by all rules and regulations of the IHSAA with the exception that a student who changes schools without a corresponding change of residence on the part of his parents is eligible to attend as to residence immediately, provided there is no undue influence involved in any way.

3. Associate members are not privileged to share in the distribution of tickets to IHSAA championship tourneys and meets or in the distribution of IHSAA surplus funds to member schools.

Section 5. Each member high school shall have one vote.

Section 6. The Board of Control shall be judge on all memberships.

Section 7. A high school that is suspended from the IHSAA shall be considered as not belonging to this Association and subsequent membership in the Association shall be secured, if desired at the termination of the suspension, according to the Sections in the Constitution and the rules and regulations governing memberships.

ARTICLE III

d. No tournament shall be scheduled to extend over more than two consecutive weekends.

Rule 10. All organized or formal basketball practices by players or teams shall be limited to the period beginning October 1 and ending with the date of the State Final Championship Basketball Tournament each school year.

Rule 11. All basketball tournaments, other than the State Championship Tournament Series, shall be held prior to February 1 of each year.

Rule 12. No inter-school basketball tournament which involves more than four schools, shall be held without the sanction of the IHSAA, except where all the schools are located in a single county.

Rule 14. All organized or formal football practices by players or teams shall be limited to the period beginning August 15 and ending November 30 of each school year.

c. No team or player shall participate in a football jamboree later than the second calendar day prior to the first scheduled football game. Note: Effective 1959.

d. A record of the quarters player in football by individual players shall be kept on file in the principal's office at all times for his information in certifying eligibility of players.

Note: A football jamboree is defined as a football contest in which four or more schools, divided into two groups, participate with the winner being determined on the basis of the total points scored by each group.

Rule 17. No inter-school contests shall be played prior to the opening of the school year in the fall. (Exception, see Rule 13.)

Rule 18. There shall be no inter-school athletic contests played, or practices held on Sunday.

Rule 19. No games shall be played with high schools of this state not belonging to this Association unless such high school is not eligible for membership in the IHSAA. This rule does not prevent a member of the Association from playing high schools outside of the state nor from playing non-high school teams within the state, provided all players on the IHSAA teams are eligible in every way and also provided there are no high school students of Indians on the opposing teams. No athletic contest shall be held with any high school of another state that is not a member in good standing of its State High School Athletic Association, if eligible for membership.

Rule 20. Withdrawal of a high school athletic team from an athletic contest will jeopardize the standing of the school in the IHSAA.

Rule 21. A high school shall not be considered eligible to enter a sectional basketball tourney in the IHSAA in any year unless the team representing the high school has played eight ($8) interscholastic games during that season, and before the Official Entry Blank for Tourneys is filed in the IHSAA office.

Rule 22. Participation, directly or indirectly, in the management, supervision, player selection, coaching or promotion of all-star high school teams, high school championship teams or similar teams in contests in any sport, having or not having definite seasons in the IHSAA, unless under the supervision and auspices of the IHSAA by member schools, by their school officials or by their teachers, shall be considered a violation of the spirit and purpose, if not the actual wording of these rules and regulations; and schools violating the spirit, purpose or wording of these rules and regulations as indicated herein shall cause their school to be suspended from the IHSAA for such length of time as the IHSAA Board of Control deems advisable. Approved officials shall be suspended for promoting such contests.

Rule 23. Boys and girls shall not be permitted to participate in interschool athletic games as mixed teams, nor shall boys' teams and girls' teams participate against each other in interschool athletic games.

Rule 24. It is recommended that principals, in arranging for games, provide a forfeit of $10.00 to be exacted should there be a failure on the part of either party to carry out the arrangements made. Should such forfeitures be stipulated and not be paid during the same season, the Board of Control after hearing both sides, shall have authority to suspend the delinquent school from the Association. Notification of such suspension shall be published in the papers with cause therefor.

Rule 25. Pupils may be permitted to play on baseball and softball teams other than the teams representing their high school during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA.

a. High school students must not play under assumed names, nor accept remuneration directly or indirectly for their playing.

b. Reasonable meals, lodging and transportation may be accepted by a student if such are accepted in service rather than money or in some other material form. The IHSAA expects all high school students to so conduct themselves at all times that they, their high school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

d. A high school student who participates in a sport during a season on any team other than his high school team, becomes ineligible in that sport for the remainder of that season.

ea. High school students, who play on baseball teams other than their high school teams during the school year, must have written permission of their high school Principal on file in the Principal's office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the high school Principal. Note--Permission granted by a Principal to a boy to play baseball on a team other than his high school team during the school year makes the boy ineligible for the high school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the Principal informed about his students.

NOTE: It is not considered a violation of present IHSAA rules for a member school, during the summer vacation period, to sponsor
a team composed entirely of its own students in such sports as baseball, softball, tennis, and golf. While an athletic contest conducted under this interpretation would be similar to that of other independent amateur organizations, it is recommended that participating schools, through their principals, mutually agree to abide by IHSAA rules except for such modifications as may be necessary.

f. The IHSAA considers that a high school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the high school Principal in each case.

g. The baseball season is defined as beginning and ending with the school year.

Rule 26. All organized or formal wrestling practice by students or teams shall be limited to the period beginning November first and ending with the date of the State Final Championship Wrestling Tournament each school year.

Rule 27. There shall be no scheduled meets or tourneys before November 22nd each school year.

A student or team may participate in the following: (1) Fourteen inter-school dual meets and one tournament in addition to the State Tournament series, or (2) twelve dual meets and two tournaments in addition to the State Tournament series. Note: An interschool wrestling meet which involves three or more schools shall be considered a tournament. A tournament shall count as one match for a school.

Rule 29. In dual meets, during the weigh-in period each coach shall record the name of the student who is to wrestle in each weight classification. These students shall wrestle, unless, due to illness or other extenuating circumstances, they are unable to do so. Substitutions can be made only by mutual consent of the coaches. Penalty: Forfeiture of the match.

Rule 30. A student shall be considered as having engaged in a bout if he has officially weighed in, his name has been recorded in the official score book, and he has appeared on the mat in uniform, willing to wrestle.

Rule 31. Pupils in schools having modified membership in the IHSAA may participate on the following bases:

a. The pupil must meet the eligibility rules of the Association in all respects.

b. Pupils in the ninth grade in a junior high school having modified membership may not compete on the team of a senior high school.

c. Schools with modified membership may participate in tourneys and meets in accordance with the regulations in Article II, Section 2 of the IHSAA Constitution.

d. Schools having modified memberships may not use grade students, seventh and eighth grade, on their athletic teams in inter-school games and contests.

e. Schools with modified membership may not compete with high schools who do not hold membership in the IHSAA.

Rule 32. A ninth grade student who is enrolled in a junior high school without modified membership in the IHSAA, may compete on either the junior high school or the senior high school team, but not on both. Such junior high schools may have teams using pupils of the seventh, eighth and ninth grades, depending on organization of the school. These teams may compete with similar teams from other schools not having modified membership.

DIVISION IV

GIRLS' ATHLETICS

Rule 1. Girls' athletics are bound by the rules and regulations of the IHSAA except for participation in Girls' Play Day programs.

Rule 3. Inter-school basketball games and tourneys are not recommended for girls.

Rule 4. It is recommended that women coaches and officials be employed for girls' contests and Play Day programs.

Rule 5. Girls' basketball teams may not play in state or national tourneys.

Rule 6. Play Day program for Girls:

a. A Play Day is a meeting of more than two schools where the program consists of games, sports, folk dancing and social entertainment. Participation is on the basis of color or mixed teams chosen by lot and does not represent specific schools.

b. Parents' and physicians' certificates are required for Play Days.

c. Scholarship, out of season participation, age and enrollment requirements are the same as for inter-school competition.

d. Play Days shall be approved by the principals of the schools concerned and certification given for the girls participating in them.

e. Girls who play on color or mixed teams in a Play Day program which may include swimming, archery, tennis, track, volleyball, basketball, softball, etc., do not make themselves ineligible for their own high school teams in these sports in regular inter-school games.

DIVISION V

ELIGIBILITY RULES

A. Certification of Eligibility—

Rule 1. The eligibility of all contestants shall be certified to by the Principal of the School in accordance with the rules hereby adopted. Such statements shall be exchanged by the principals, in writing, prior to the beginning of any contest.
Rule 2. In cases of disputes, the Principal must furnish the Board of Control the following data in regard to each contestant: The date and number of semesters of enrollment in high school; the number of years he has been a member of a secondary school athletic team; date and place of birth; average mark in each subject for the preceding semester in school; average mark in each subject from the beginning of the current term and semester. A school which does not furnish this data shall be denied championship honors, and may be excluded from all games, tourneys and meets.

B. Scholarship—

Rule 1. Each contestant must have and be maintaining for the current semester, a passing grade in each of three or more subjects requiring a minimum of fifteen regular high school recitations per week, exclusive of rhetoricals, physical training, military drill and deportment; in his last preceding semester in school he must also have met the same requirements throughout the entire semester.

Military Science and Tactics may be accepted for scholarship eligibility, provided it is approved by the State Department of Education as a full-time, solid subject; that it may be counted toward graduation from high school; and that it cannot be substituted for required courses in physical education.

Interpretation—

The part of Rule 1, Division V, under Scholarship in the IHSAA Rules and By-Laws reading, "—a passing grade in each of three or more subjects requiring a minimum of fifteen regular high school recitations per week" is interpreted to mean—"a passing grade in each of three regular high school subjects having a full semester value and for which a full semester credit is given." The combination of two subjects, not excluded in this Division in the By-Laws, which total credit value is equal to one full semester credit, may be counted toward eligibility for one and only one of the three regular high school subjects of full semester credit value, provided the two combined subjects remain the same subjects throughout the semester in which they are counted.

Students enrolled in a regular high school course granting two credits due to the fact that additional time and study are required to meet academic requirements, may count the grades in this course as equivalent to two subjects.

Rule 2. Students enrolled for the first time must comply with the scholarship requirements of the rules, the average standing required for the preceding semester being obtained from the records in the last secondary school attended.

Rule 3. In each of the subjects representing the minimum requirement of work specified in Rule 1 above, the following shall govern: (a) for the current semester the average of the period grades up to the time of certification must be passing; (b) for the current or school grading period the average of the daily or weekly grades must be passing; (c) if the average of the period grades at the beginning of any grading period is below passing in any subject, the pupil is ineligible as far as that subject is concerned for the entire grading period.

Rule 4. Back work may be made up during the summer and counted toward eligibility provided: (a) it be done in a regularly approved summer school or according to procedures approved by the State Department of Education (b) no more than two credits be given for work done during the summer months (c) all work be done and the credits be made a matter of final record in the Principal's office prior to the opening date of the semester in which eligibility is desired (d) all work and credits be bona fide in every way and certified as such by the high school Principal. In all other cases, the record at the end of a semester shall be final. Deficiencies in one semester cannot be made up in a subsequent semester for qualification purposes during that semester. An incomplete or condition at the end of a grading period or semester counts as a failure.

Rule 5. Passing work is meant work of such character that credit should be entered on the school records were credit given at the time of certification.

Rule 6. A student who withdraws for the semester within the first 15 days shall not be considered ineligible as to scholarship at the beginning of his next semester of enrollment, provided he was eligible when he withdrew.

Rule 7. Any student who carries at least fifteen hours of regular high school work is a high school student, provided such a student has been promoted to high school in the regular way and according to good school procedure.

C. Enrollment—

Rule 1. No student, who has been enrolled as a high school student in any high school, shall be permitted to participate in any inter-high school contest as a member of another high school until he has been enrolled in such high school for one calendar year, unless the parents of such student actually change their residence to the second school district. In the latter case, the student will be as eligible as he was in the school from which he withdrew. (See Enrollment Q. and A. 12-4.)

Rule 2. A student enrolled in one high school of a city or school corporation shall not be eligible in another high school of the same city or school corporation until he has been enrolled in the other high school for one calendar year, unless there are definite marked school districts and his parents actually change their residence to the new school district.

Rule 3. Students finishing the courses offered in high schools maintaining less than four years of high school work and transferring, are not bound by this section. (See Enrollment Q. and A. No. 6.)

Rule 4. The fact that a transfer has or has not been issued, or that the student pays or does not pay his tuition, has no bearing except when the omission of a transfer or payment of full tuition is done for the purpose of unduly influencing a student to enroll for athletic reasons. (See Undue Influence rule.)
Rule 5. No student who has transferred from another high school shall be certified for inter-school athletics until the principal has on file an IHSAA Athletic Transfer Blank, signed by the principal of the school from which the student transferred.

Rule 6. No person, who has been enrolled as a student in an institution of college standing, and has done work which may be counted toward a degree in that institution, shall be eligible as a member of any athletic team under IHSAA rules in any contest with any other team, either within or without the State of Indiana.

Rule 7. Enrollment eligibility shall be limited to eight semesters with the understanding that a student who enrolls in the ninth grade for the first time at the beginning of semester two may choose either his first or ninth semester for enrollment eligibility. A midyear student who participates in any sport during his first semester becomes ineligible for all sports during his ninth semester. Note: Not retroactive for midyear students enrolled prior to the 1956-57 school year.

Rule 8. Any student who has been enrolled more than fifteen (15) school days between September 1 and December 1 for four times, shall be ineligible for football.

Rule 9. Any student who has been enrolled more than fifteen (15) school days between December 1 and March 1 for four times shall be ineligible for basketball, except a student who entered high school for the first time during the second semester of a school year and who did not participate in any game during this semester, shall not be ineligible for basketball until he has been enrolled thereafter fifteen (15) or more days between December 1 and March 1 for four times.

Rule 10. A student who has participated in one or more inter-school athletic contests, and who is forced to withdraw for the semester during the first fifteen (15) school days because of a disability incurred in connection with athletics, shall not be considered as having participated for that semester. The disability shall be certified to by a physician licensed to practice medicine in Indiana.

Rule 11. Any student who has been enrolled more than fifteen (15) school days between March 1 and June 1 for four times, shall be ineligible for baseball, track, golf, tennis and other spring sports, except a student who entered high school for the first time during the second semester of a school year and who did not participate in any game or meet during this second semester shall not be ineligible for baseball, track, golf, tennis and other spring sports until he has been enrolled thereafter more than fifteen (15) or more days between March 1 and June 1 for four times.

Rule 12. A student who withdraws for the semester within the first fifteen (15) days of school without having participated in an inter-school athletic contest, shall not be considered as having had an opportunity to participate that semester.

Rule 13. In order to be eligible for athletic competition during any semester, a student must have entered some high school within the first fifteen (15) school days of the semester in which the contest occurs.

Rule 14. Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have been enrolled, then enter the new school in the district in which their parents reside with eligibility in each school during enrollment therein.

A student who resides with his parents and attends high school in their residence district may remain as a student with eligibility in athletics in this high school even though his parents move to another school district, provided no undue influence is attached to the case in any way. (This rule is primarily to enable seniors to remain in the school in which they enrolled and remain eligible to compete in athletics when it is impractical for them to move with their parents.)

In every instance when the parents of an underclassman move, the principal must inform the parents of the IHSAA rule and if the athlete remains in the school after his parents move from the school district, it shall be the duty of the principal to check before he is certified for athletic eligibility. The principal shall report the circumstances and reasons why he remained in the school district on the form prepared for that purpose. This report shall be sent to the IHSAA Office and to the principal of the high school in the district to which the parents moved. A student is not eligible under this rule until his residence eligibility report has been reviewed by the IHSAA.

Rule 15. A student who, because of unavoidable circumstances such as the death of the parents or guardian, finds it necessary to change residence from one high school district to another in order to have a home, may be declared eligible by the Board of Control, provided the principal files a statement, with supporting evidence, with the Board of Control as proof that the change was necessary and that no undue influence was attached to the case in any way. If any action of a legal agency is to be submitted as evidence of unavoidable change of residence such action should be taken prior to the student's enrollment in the new school.

Rule 16. Change of residence as used in these rules shall mean a bona fide move about which there is no question. If the case is that of a change of residence of parents, the change shall be definite and complete.

Rule 17. A student who becomes ineligible under the rules of another state cannot remove that ineligibility by transferring to an Indiana high school. Note: Questions in a case of this kind are to be referred to the Board of Control.

D. Participation

Rule 1. Any student of a high school who participates in an athletic contest as a member of any other similar team the same season, shall be ineligible to compete under these rules for the remainder of that season.

Rule 2. A student, who has played in one or more inter-scholastic games in any season shall be regarded as having engaged in athletics for that season. (See Exception, Rule 10, under "Enrollment")

Rule 3. A student who has participated in an inter-scholastic contest any one semester when ineligible is ineligible the remainder of that semester and all of his next semester in school.
Rule 4. A high school student who participates for demonstration purposes, or otherwise, in a coaching school or clinic outside the State of Indiana becomes ineligible for inter-school athletics for a period of time as may be decided by the Board of Control.

E. Parents and Physicians' Certificates—
Rule 1. Previous to a student's first practice for any interscholastic athletic contest, he shall have on file in the Principal's office for each school year, a Parent and Physician's certificate of Physical fitness, giving the written consent of the father, mother or guardian for such athletic participation. The physical examination shall be made prior to the student's first practice for any interscholastic athletic contest by a physician licensed to practice medicine in Indiana.

Rule 2. Previous to the student's first inter-school participation, the Principal shall certify to the IHSSA that the certificates required herein are on file in his office.

Rule 3. A student properly certified to participate in interscholastic athletic activities, who is absent from school or who is physically unable to practice for five consecutive days due to illness or injury, must present to his Principal a statement from a physician licensed to practice medicine in Indiana that he is again physically fit to participate in interscholastic athletics.

F. Undue Influence Rule—
Rule 1. The use of undue influence by any person or persons to secure or to retain a student or to secure or to retain one or both of the parents or guardians of a student as residents, may cause the student to be ineligible for high school athletics for a period subject to the determination of the Board of Control and shall jeopardize the standing of the high school in the IHSSA. By action of the Athletic Council and Board of Control this rule is interpreted to include any undue influence that may be exerted by anyone on a student who has not yet entered the ninth grade, to enroll in a high school other than his home high school or the one he ordinarily would be expected to attend or any school where he and/or his parents previously had filed a choice of subject matter card or other written evidence of preliminary enrollment or registration.

G. Post Graduates—
Rule 1. Post graduates are not eligible but students graduating from regular courses of less than four years in length shall not be deemed post graduates.

Rule 2. A student is a post graduate of a high school when he has completed the work required for graduation by that school and has received his diploma provided the school offers four years of work.

Rule 3. Students meeting requirements for graduation in three and one-half years in a high school with a regular four-year course shall be eligible to participate in school athletics the last half of the fourth year, provided they meet all other eligibility rules of the IHSSA.

H. Age—
Rule 1. Students shall be ineligible for any athletic competition upon reaching twenty years of age.

I. Amateurism—
Rule 1. All contestants in the IHSSA must be amateurs.

Rule 2. Professionalism is defined in the IHSSA as accepting remuneration, directly or indirectly, for playing on athletic teams, for officiating in athletic games or for managing athletic teams; or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. Any high school student who directly or indirectly signs a professional contract loses his amateur standing and immediately becomes ineligible for all high school sports.

Rule 3. A high school student shall be considered as violating his amateur standing if he participates in athletic activities, schools, tryouts, practices and games held or sponsored by professional athletic organizations, clubs, or their representatives during the season of a sport or between the seasons of a sport. This rule applies to all sports except baseball during the summer vacation. (See Rule 4 following.)

Rule 4. A high school student shall not be considered as violating his amateur standing if he participates, during the summer vacation, in baseball schools and clinics sponsored by professional major and minor league baseball clubs.

Note—Any employee or school official of a member school who acts as an agent or encourages any negotiations between a high school student and representatives of Organized Baseball prior to the student's graduation, is violating the Agreement between the National Federation and Organized Baseball. Such action on the part of any employee or school official may cause his school to be suspended from the IHSSA for a period of time to be determined by the Board of Control.

Any evidence that a representative of Organized Baseball is attempting to or has signed a student prior to graduation should be reported to the IHSSA at once. This is a violation of the Agreement between the National Federation and Organized Baseball, and the penalty for such action is under the jurisdiction of Organized Baseball.

Rule 5. High school students may participate in independent golf tournaments and meets during the summer vacation period without violating their amateur standing, provided they do not accept cash or merchandise prizes or the equivalent thereof. Medals or trophies may be accepted.

Rule 6. No high school student shall be eligible to participate in any inter-school contest under the rules of the IHSSA, if it shall be shown that he or any member of his family is receiving any remuneration, either directly or indirectly, to influence him or his family to reside in a given school district in order to establish eligibility on the team of said school, and any school permitting such
participation shall, upon satisfactory evidence, submitted to the Board of Control, be suspended from membership in the IHSAA for a term of not less than one year. This rule shall not interfere with the right of high school pupils to work during vacation or during out of school hours in order to earn their way through high school. It shall apply to the use of any funds created by gift or by subscription with the intent of offering them or parts of them for the free use of the player or any member of his family as an inducement to get them to change their residence to the district of the said school and to maintain residence therein.

Rule 7. Reinstatement of Amateur: A high school student, who has violated his amateur standing according to the rules and by-laws of the IHSAA may apply to the Board of Control for reinstatement as an amateur in the association one calendar year after the date he was declared ineligible on account of the violation, provided he has been in school throughout the year.

The application shall be signed by the student and his high school Principal, and shall certify that one calendar year has elapsed since the student was declared ineligible and that the student has not violated amateur rules during that calendar year.

J. Conduct—
Rule 1. Any student, whose conduct or character is such, in the judgment of his high school principal or the Board of Control, as to reflect discredit upon his high school or upon the IHSAA, is not eligible.

K. Married Students—
Rule 1. Married students shall not be eligible for participation in inter-school athletic competition.
Rule 2. Students who have been divorced or whose marriages have been annulled are bound by the above rule.

L. Ineligibility.
Rule 1. In cases in which an ineligible student has been used, the high school Principal shall be held responsible and take action as set out in the succeeding rules.
Rule 2. Inform the IHSAA office definitely by giving the name of the student, the cause of ineligibility, the list and scores of contests in which the pupil participated when ineligible, how the error was made and other particulars about the case.
Rule 3. Send definite and explanatory letters to the opponent Principals of contests in which the student participated when ineligible, forfeiting points, games and honors won, and requesting these Principals to notify the IHSAA office as soon as they receive these letters.
Rule 4. Consider and so declare the student not only ineligible for all athletics for the current semester, but also for all of his next semester following. Note—The IHSAA reserves the right to request additional information and to make final decisions after a careful investigation has been made.

DIVISION VI
PRIZES AND AWARDS

Rule 1. The giving and receiving of awards and medals shall: (a) be kept within reasonable bounds; (b) have symbolic value only, and (c) be done by and with the consent and under the supervision of the high school principals concerned.

Note—The giving and receiving of awards by and with the consent and under the supervision of the high school principals concerned shall mean that the high school principal in each school shall have real control and supervision without pressure of any kind from outside persons or groups of persons.

Rule 2. Only one sweater, jersey, jacket, blanket or similar article may be given in each sport to a high school student for participation in athletics in high school.

Rule 3. Awards such as a trophy, metal football, metal basketball, metal track shoe or similar article of symbolic value only may be given in addition to the one award permitted in Rule 2, provided the cost of the award shall not be more than the cost of the award in Rule 2.

Note—The word “symbolic” shall be understood to refer to a symbol, an emblem, or a token rather than to an article having intrinsic value. A diamond ring, a gold watch, an automobile or similar awards do not fall under the term “symbolic” even if the award is duly inscribed. An inscription cannot validate such awards in the IHSAA.

Rule 4. Schools belonging to athletic conferences, or participating in tournaments and meets under the rules of the IHSAA, except in the championship series conducted by the IHSAA, may make awards to the winning school or winning participants, provided such awards are made within the bounds of Rules 1, 2 and 3.

Rule 5. Suitable awards may be given by such organizations as: service clubs, patriotic organizations, civic groups, Dads' and Mothers' clubs, and the sports department of a newspaper or radio station. No awards should be accepted which, in any way, advertise any firm or individual so far as commercial or business interests are concerned.

Rule 6. The Board of Control shall have the authority to designate, give and control the medals and trophies to be awarded to the schools and to the individuals on state championship teams in any sport, with the understanding that these be kept within the bounds of Rules 1, 2 and 3.

Rule 7. Awards, medals, recognitions, gifts, trips and honors shall not be accepted by players or schools from colleges, universities and higher institutions of learning or their alumni. High school athletes should be permitted to complete their high school careers without being molested by outside sources. The acceptance of travel expenses either directly or indirectly from a college as a prospective student-athlete shall be considered a violation of this rule.

45
Rule 8. Athletic equipment is considered as merchandise. Any student who attempts to evade the rule by "purchasing" a merchandise prize for a nominal or token sum will be considered as having forfeited his amateur standing in the IHSAA.

Rule 9. Penalties for violations of the above rule will be determined by the Board of Control after all the evidence and circumstances have been considered.

QUESTIONS AND ANSWERS REGARDING THE RULES, REGULATIONS, INTERPRETATIONS AND STANDARDS OF THE IHSAA

In order that the rules and regulations of the IHSAA may be as clear as possible, it has been thought advisable to print for general distribution these questions and answers. The correspondence of the IHSAA has been gone over carefully and has furnished these questions and answers almost entirely. The questions are real ones, as they have been asked by high school principals, coaches, superintendents, teachers, school board members and others who are in control or manage athletics in their respective schools and communities. The answers have been given according to the rules of the Association and the interpretations of the several Boards of Control. It is hoped that these statements will clarify our rules and regulations, as well as establish working ideals and policies for the IHSAA.

APPROVED OFFICIALS AND RE-REGISTRATION OF OFFICIALS

* * *

9. Q. Must an official renew his membership each year?

A. Yes, after July 1 each year, to be eligible to officiate for member schools.

A. The decisions of officials are considered final and binding.

12. Q. Does the IHSAA regulate the pay of officials?

A. Yes, approved officials shall be placed on probation for one calendar year if the evidence shows that they participate in such games with knowledge of the rule against such playing by high school students.
BASEBALL AND SOFTBALL

The following statements have been authorized by the Board of Control:

a. High school students may play on independent baseball teams during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA provided they do not play under assumed names and also provided they do not accept remuneration, directly or indirectly, for their playing. (For information concerning the participation of high school students in schools and clinics sponsored by Organized Baseball, see Division V, Rule 4 under “Amateurism.”)

b. Reasonable meals, lodging and transportation may be accepted by the students if such are accepted in service rather than in money or in some other material form. The IHSAA expects all high school students to so conduct themselves at all times that they, their high school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

d. High school students, who play on baseball teams other than their high school teams during the school year, make themselves ineligible for baseball in high school in that school year.

e. High school students, who play on baseball teams other than their high school teams during the school year, must have written permission of their high school Principal on file in the Principal’s office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the high school Principal. See Note.

f. The IHSAA considers that a high school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the high school Principal in each case. See Note.

Note: Permission granted by a Principal to a boy to play baseball on a team other than his high school team during the school year makes the boy ineligible for the high school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the Principal informed about his students.

BASKETBALL PLAYING

1. Q. When may students practice basketball within the school?
   A. Organized or formal practices in basketball by players or teams may be held within the school from the period beginning October 1 and ending on the date of the State Final Championship Basketball Tourney each school year.

   A. The game limitation applies to any team—first, second, third, etc.

3. Q. Are students limited to eighteen scheduled games?
   A. No, students are limited to 72 quarters during the season’s schedule of games.

   A. No; except in games and tourneys sponsored and managed by the IHSAA Board of Control.

    * * * *

    A. No, the game limitation requirement holds for teams.
    * * * *

    A. No, the wording of the rule and the spirit of the rule are clear and binding.
    * * * *

13. Q. Are vocational, agricultural and similar teams and players bound by the rules and regulations of the IHSAA?
    A. Yes, all high school teams and players are subject to these rules and regulations. The high school Principal is responsible for all players and teams representing the high school in any way.
    * * * *

14. Q. May the same player be used in more than one basketball game during the same evening or in the same half day (morning or afternoon) session?

   A. The IHSAA expects all approved officials to abide by their contracts and will handle on its merits any case of violation by the school or official.
   * * * *

3. Q. If contracts specify that first teams shall participate, can second teams be used?
   A. No, it is recommended that contracts specify the ranking of the teams.

4. Q. If game contracts do not clearly specify the ranking of the teams what ranking is understood as binding?
   A. First team ranking.
5. Q. How may high school Principals secure blank contracts for games and officials?
A. By writing to the Commissioner.

ENROLLMENT

(See Undue Influence Rule. It Takes Precedence.)

1. Q. What is a five-year man?
A. Students who have been enrolled in high school for more than fifteen (15) school days between September 1 and December 1, or between December 1 and March 1 or between March 1 and June 1 for four times are ineligible respectively, for football, basketball and spring athletics, with the following exceptions:

A student who enters high school for the first time at the beginning of semester II of any school year, may be enrolled four times of fifteen (15) or more school days each between December 1 and March 1 following this first semester of his enrollment, and he may be eligible for basketball for these four seasons provided he does not play in any game during his first semester of enrollment. A student, who enters high school for the first time at the beginning of semester II, may be enrolled four times of fifteen (15) or more school days each between March 1 and June 1 following this first semester of enrollment, and he may be eligible in spring athletics for these four semesters, provided he does not participate in spring athletics during his first semester of enrollment. Participation in a sport in a school year counts as participation in that sport for one school year.

2. Q. May a student, who has been in high school four full years, but who has not participated in any athletics, participate in athletics?
A. No, enrollment rather than participation is the determining factor in such cases.

3. Q. Which is the determining factor in eligibility—enrollment or participation?
A. Either one may cause ineligibility. Both are factors and must be considered.

4. Q. If a student changes high schools, when is he eligible?
A. He is just as eligible in the new school as he was in the old school, provided his parents actually, legitimately and correspondingly change their place of residence to the new school district and provided the student changes high schools at that time. Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have enrolled. If the parents do not actually change their place of residence to the new school district, the students will be eligible after they have been enrolled one calendar year in the new school, provided no undue influence is used by any person to secure them as students or their parents as residents. See “undue influence” rule.

5. Q. What is considered enrollment in a semester?
A. Attendance for any length of time or enrollment that may be considered attendance for any length of time. (See exceptions under “Enrollment” Division V, IHSAA By-Laws.)

6. Q. When are students, who finish the work given in one high school, eligible in another high school?
A. Students finishing the work in a high school giving less than four years of high school work are just as eligible in a new high school as they were in the old high school. Students who complete the ninth grade in a junior high school in a school corporation that also maintains a senior high school are not considered eligible if they enroll in a high school outside that school corporation.

7. Q. What is a semester?
A. One-half of a school year constitutes a semester in the IHSAA and parts of two semesters or a part of one semester does not make a semester.

8. Q. Does the fifteen (15) day enrollment requirement mean school or calendar days?
A. School days.

9. Q. If a student fails in all subjects for a semester does this enrollment count as a semester?
A. Yes, enrollment is enrollment and always counts as such.

10. Q. Is a student, who has been out of high school for a semester or more and who has played independent ball during that time, eligible when he enters school at the beginning of a semester?
A. Yes, unless he violated his amateur standing in some way by playing on the independent team and provided he is eligible in all other ways.

1. * * * *

Q. Are legal guardians considered as parents in the IHSAA?
A. Legal guardians may be considered as parents if the guardianship papers issued by an authorized Court are submitted and approved, and if the student has been living with the guardian. The Board of Control reserves the right to check and act on the circumstances of a guardianship at all times.

2. * * * *

Q. If a student transfers from a high school located in one city or school district to a high school in another city or school district, how is his eligibility determined?
A. By applying the requirements of the change of high school rule in the IHSAA Constitution and By-Laws.

Following are some statements which will help to clarify the "Change of Residence Rule":

1. Under normal circumstances, a student is expected to attend high school in the district where his parents reside.
2. If the parents move to another school district, the student is eligible as follows: (a) if he changes schools at the same time parents change residence, (b) if parents change during a semester, the student may change at the end of that semester but no later and (c) student need not change schools at all, provided no undue influence is used to retain him there. A student not transferring who is an underclassman is not eligible until a "Residence Eligibility After Parents Move From District" form has been reviewed by the IHSAA.
3. A student who changes high schools without a corresponding change of residence by the parents is ineligible for one calendar year—but if the parents actually change their residence to the new district within the year, the student becomes eligible immediately.
4. If a student attends a high school outside his home school district and subsequently returns to his home high school, he is ineligible for one calendar year. This also includes military, private, and religious schools which offer work on the secondary school level.
5. A student who changes high schools because of unavoidable circumstances such as the death of a parent or guardian may be declared eligible by the Board of Control, provided the principal of each school concerned signs a statement that the change was unavoidable, in order that the student have a home. Each case is checked carefully before a decision is made by the Board of Control.
6. A student, who changes high schools because of an action by the Court, Welfare Department or similar agency, may be considered eligible provided such action is taken prior to the student’s enrollment in the new school and a copy of the action making such transfer is filed with the IHSAA.

7. A student, whose parents are separated or divorced and reside in separate school districts, may choose residence with either parent with residence eligibility. Once his place of residence has been determined, either by order of the court, or mutual agreement of the parents, he cannot change residence to the home of the other parent without losing eligibility for one calendar year.
8. A student who has been enrolled in Indiana Boys’ School may return to his home high school with the same residence eligibility as when he left. Credits earned in the state school are considered the same as those earned in any other high school so far as eligibility is concerned.

9. It is the duty of the Principal to check carefully the record of every student who transfers from another high school. The Principal should also advise students who contemplate making a change of schools as to the rules of eligibility regarding change of residence.
10. No student who has transferred from another school is eligible until the Principal has on file an IHSAA Athletic Transfer Certificate.

GAMES

1. Q. What is considered a game of basketball?
A. A game of any kind in the IHSAA is an “inter” contest as distinguished from an “intra” contest. An “inter” scrimmage is a game.

2. * * * *

Q. May a member school of the IHSAA schedule and play single games with teams and schools in Indiana not members of the IHSAA?
A. Yes, provided these teams and schools are not high schools eligible for membership and also provided the members of the IHSAA observe all of the rules of the IHSAA. There should be no high school students on the non-member teams, except high school teams not eligible for membership.

3. * * * *

Q. What is the difference between a preliminary game and a regular game?
A. There is no difference as far as the IHSAA is concerned, as the same rules and regulations govern.

4. * * * *

Q. If a “practice” game of basketball is played is it to be counted as one of the eighteen games on the regular schedule?
A. Inter-“practice” games are regular games and must be counted as such. Intra-“practice” games are not counted as regular games. In fact, there are no such things as practice games in the IHSAA. There are practice games within the school only.
5. Q. Does the omission of an admission charge make any difference as to the designation of a contest as a game?
   A. No, games are "inter"-contests or "inter"-scrimmages with or without admission charges.

6. Q. Is an alumni game considered a game?
   A. Yes, such must be counted as one of the games permitted on the regular schedule.

7. Q. What is considered an "inter" game or an "inter-scrimmage"?
   A. Participation of students in an athletic contest with or against players not belonging to their high school constitutes a game. A "scrimmage" by students with or against teams or players not belonging to their high school is considered a game.

8. Q. What date marks the end of the football season?
   A. November 30 of each year.

9. Q. May football practices be held any time during the school year?

11. Q. May practice periods in one high school be counted as such in another high school where a student changes high schools?
    A. Yes, provided definite proof of the practice periods are on file from the Principal of the school in which the practices were held.

14. Q. Is a game between the faculty members and the high school students of a high school considered an inter-school game?
    A. Intra-mural game.

15. Q. Is a game between the alumni and the high school students considered an intra-mural game or an inter-school game?
    A. Inter-school game.

16. Q. Are "Donkey Basketball," "Skrubball" or other similar games considered basketball in the IHSAA?
    A. Yes, and all IHSAA rules are binding.

17. Q. May member schools participate in meets and tournaments, in Indiana or in other states, in which more than two schools are entered, if one or more of these schools are non-members of their own state high school athletic association?
    A. No.

18. Q. May students participate in inter-school contests after their school is closed?
    A. Due to the great variation of time in which member schools close in the spring, (a) students may represent their schools in meets and tournaments sponsored by the IHSAA; (b) they may participate in scheduled contests where one of the two schools is still in session; (c) they may participate in a contest where both schools are closed, provided it was a regularly scheduled contest that was postponed because of weather conditions; and (d) graduating seniors may participate in contests according to the above conditions, even though they may have received their diplomas.

GIRLS' ATHLETICS
INDIANA LEAGUE OF
HIGH SCHOOL GIRLS' ATHLETIC ASSOCIATIONS

—Purpose—

Many girls in high school are interested in a more extensive program of physical education than can be provided in the regular physical education classes. This desire for a more extensive physical...
education program has led many high schools to organize some type of girls' athletic association. In 1931 the Indiana League of High School Girls' Athletic Associations was formed, with the purpose of stimulating the co-curricular phase of the high school girls' physical education program. Membership in the League is open to any high school in the state of Indiana. The League has the endorsement of the Indiana High School Athletic Association and the Division of Health and Physical Education of the Indiana State Board of Health.

The State League offers much to both physical education teachers and students. It provides opportunities for sponsors and students to exchange ideas, share problems, receive encouragement, and engage in a variety of learning activities. The enthusiasm generated through the enjoyment of learning and doing things with people of like interests is one of the main reasons the League is steadily growing.

---Activities---

Each organization carries on its own program of varied activities for which points are given. The purpose of awarding points is to encourage regularity of attendance and to furnish a uniform basis for awards, if a school desires to use awards. The Sponsor's Handbook explains the suggested point system.

The State League sponsors activities on both a state and a district basis. Each spring the League, with the co-operation of a state college or university physical education department as host, sponsors a Wall Plaque Winners' playday. Attending this playday is perhaps Girls' most cherished honor as winning the wall plaques as winning the wall plaques is enjoyment of learning and doing things with people of like interests is one of the main reasons the League is steadily growing.

or Principals regarding the participation of 9th grade students in inter-school athletics.

6. The IHSAA does not attempt to determine or classify junior high schools and senior high schools. The Association is interested in the athletic activities of the 9th, 10th, 11th and 12th year students in inter-school games and contests.

7. A 9th grade student, in whatever type of school enrolled, is subject to the rules and regulations of the IHSAA when participating in inter-school athletics.

8. A 9th grade student in a junior high school not holding modified membership, may participate on the junior high school team or on the senior high school team in a sport during the season, but he cannot participate on both teams in a sport during the season.

9. A ninth grade student may participate on a team made up of 7th, 8th and 9th grade students, or on a team made up of 8th and 9th grade students, and these teams may play against similar teams from other schools provided the games are under the supervision of the responsible Principals. This statement covers only those 9th grade students enrolled in high schools not belonging to the IHSAA.

10. Students below the 9th grade are never eligible for high school teams whose schools are members.

11. The IHSAA has no jurisdiction over students below the 9th grade.

12. The IHSAA believes that 9th grade students belong in athletics to the schools, junior or senior, in which they are enrolled, but the above regulations have been made to meet the many situations presented by the several school arrangements in the state causing the 9th year student to be enrolled in 8-4, 6-6, 6-3-3, 6-2-4, etc.

13. The IHSAA believes that a system of schools should have rules and regulations in inter-school athletics that are somewhat uniform. There are good reasons for introducing and requiring in the junior high school rules and regulations in athletics required in the senior high school.

14. The participation of a 9th grade student in inter-school games as well as his enrollment in the 9th year must be considered and evaluated in the same way whether he be enrolled in the junior high school or in the senior high school.

15. All 9th, 10th, 11th and 12th grade students must have been regularly promoted from the 8th grade in order to be considered eligible for athletics. Ninth grade students, who are members of teams made up of 7th, 8th and 9th grade students, or 8th and 9th grade students, are permitted to enter tourneys and meets in accordance with rules provided for Modified Members. (See Article II, Section 2 of the Constitution.)

17. All IHSAA supplies and publications will be sent to junior high school Principals upon request.

18. See modified membership regulations immediately following.
6.
Q. Are 6th, 7th and 8th grade students eligible for teams in schools holding modified memberships?
A. No, these students are not eligible for any teams in high schools holding any type of membership in the IHSAA.

6.
Q. May a 9th grade student, who is enrolled in a junior high school participate on the senior high school team?
A. No, if the junior high school holds a modified membership.
Yes, if the junior high school does not hold a modified membership.

MISCELLANEOUS

Q. May a high school schedule and play games during the week?
A. The IHSAA has no ruling in regard to this matter, but recommends that mid-week games not be scheduled or played except in emergencies.

2.
Q. May schools hold or sanction Sunday practices?
A. No. (See Division III, IHSAA By-Laws.)

3.
Q. May students, who are ineligible for the first team, play on teams of lower ranking?
A. No, ineligibility for one team means the same for all teams.

4.
Q. Is a Parents and Physicians' Certificate required of a student each school year prior to his first practice for any interscholastic athletic contest?
A. Yes, this one certificate will satisfy the requirement of the rule for the school year in all interscholastic athletic contests except a student who is absent from school or who is physically unable to practice for five consecutive days due to illness or injury must present to his Principal a statement from a physician licensed to practice medicine in Indiana that he is again physically fit to participate in interscholastic athletics.

5.
Q. Does the IHSAA stipulate any price for tickets to other than tourneys and meets held strictly under the supervision of the Board of Control?
A. No, other than a recommendation that reasonable prices be made at all times for all games.

6.
Q. Is a student, who is expelled from high school one semester, eligible for the following semester?
A. The IHSAA has no jurisdiction unless its rules and regulations are broken. Expulsion and suspension from school are usually not athletic matters at all. All rules of the IHSAA are binding on a student under expulsion or suspension. See conduct rule, scholarship rule and enrollment rule.

7.
Q. May a high school support a grade team in the same school system out of its athletic funds?
A. Yes, so far as the IHSAA is concerned.

A. No, this should be handled by local school officials.

10.
Q. May the rules of a school be changed or special examinations be given in order to make students eligible?

11.
Q. Does wrestling come under the rules of the IHSAA?
A. Yes, all “inter” athletic participation comes under the IHSAA.
12. May high schools belonging to the IHSAA take part in track meets or tournament games outside of Indiana?
A. All games, meets, tournaments and inter-scholastic athletic activities participated in by the high schools belonging to the IHSAA must be held under the direct supervision, management and auspices of the member high schools concerned, or under the IHSAA. Interstate basketball tournaments are forbidden by the National Federation to which Indiana belongs.

13. This question is often asked: "What will be the penalty for violation of such and such a rule?"
A. Penalties in the IHSAA are not assigned in advance, as this democratic organization is built on the idea that the observance of its rules and regulations is more to be desired than the enforcement of them. The IHSAA believes that the essence of proper and willing observance is higher than enforcement and that we should resort to enforcement only when observance fails.

14. What is considered the school year?
A. A school year covers all time from the first day to the last day of the school year, including vacations. The IHSAA considers the first day of school to be the day that attendance is counted and teachers are paid.

15. Are tournament schedules drawn or arranged?
A. All tournament schedules in the IHSAA are drawn by lot by the Board of Control.

16. Does the Commissioner or the Assistant Commissioner have a vote in the Board of Control and in the Athletic Council?

28. Q. What constitutes the use of undue influence in the IHSAA?  
A. An all-inclusive answer for all time and under all conditions cannot be given, but the use of any of the following inducements may come under the rule:

   3. Waiving the requirement of legal transfers according to law.  
   4. Offer or acceptance of board, room or clothing.

   6. Free transportation.  
   7. Transportation by Coach, Principal, teacher or school official.  
   8. Offer of acceptance of school privileges or considerations not granted to other students.  
   9. Making home with Coach, Principal, teacher or school official.  
   10. Free rent or reduced rent for parents.  
   11. Offer or payment of moving expenses of parents.

29. Q. Why should a school be penalized because some person outside of school uses undue influence?  
A. In the first place, a school is not penalized unless it uses the student in question in athletics. In the second place, the results are the same whether some person in school or some person outside of school uses undue influence: An athlete that has been retained or secured through the use of undue influence and the school that uses such an athlete on teams in inter-school athletic competition profits by the use of undue influence.

30. Q. Is it the duty of the IHSAA to prove that undue influence has been used?  
A. No, the high school Principal has agreed to conduct his athletic activities according to the rules and regulations of the IHSAA. When there is a question, it is the duty of the high school Principal to meet the question. He cannot certify that his students are eligible unless he knows that they are eligible.

31. Q. Are all students, who attend school outside the school district in which their parents live, required to present legal transfers or pay the regular tuition?  
A. Check this matter with the Fiscal Officer of the State Department of Public Instruction. The report on aggregate attendance calls for definite information about transfers and tuition cases.

32. Q. What steps should be taken in ineligibility cases?  
A. In cases in which an ineligible student has been used in interschool athletics the following steps should be taken immediately by the high school Principal:  
   1. Inform the IHSAA office definitely by giving the name of the student, the list and scores of contests in which the student participated when ineligible and full particulars about the circumstances surrounding the case. The IHSAA should be informed as to how the error was made.  
   2. Send definite and explanatory letters to the opponent Principals of contests in which the student participated when ineligible, forfeiting the points, games and honors won and requesting these Principals to notify the IHSAA office as soon as they receive these letters.  
   3. Consider and so declare the student not only ineligible for all athletics for the current semester but also for all of his next semester following.  

   The IHSAA reserves the right to request additional information and to make final decisions after a careful investigation has been made.

A. The first day of school is the first day on which attendance is counted and teachers are paid.
34. Q. Do seniors have any rights and privileges in athletics not granted to other students?

35. Q. What constitutes a regularly employed teacher in the IHSAA?
   A. The Board of Control has ruled that a regularly employed teacher is, and shall be, a regularly licensed teacher rendering full time service, as a teacher on a full time contract and regularly paid out of school funds. Specific questions require specific answers.

36. Q. Does the rule requiring football practices to be held on the regular practice or play field under the direct supervision of the high school coaching staff prevent summer football camps for high school teams and players?
   A. Yes.

37. Q. Is it necessary for a high school to meet and maintain the policies, regulations and standards for the accreditation and classification of high schools in Indiana in order to be a member of the IHSAA?
   A. Yes.

PARTICIPATION

1. Q. May a student play on any team other than a high school team?
   A. A student becomes ineligible in high school for the entire season of that sport in which he participates as a member of any team other than the high school team. There is an additional penalty for participation out of season as set out in the rules.

2. Q. What is considered participation in a sport for a season?
   A. Playing in a part of one game or contest in a sport constitutes participation in that sport for that season. (See exception, Division V, under "Enrollment.")

3. Q. May member schools play against College, Y. M. C. A. and independent teams?
   A. Yes, in single games, but not in tourneys, meets and leagues. In single games the member schools must obey all of the rules of the IHSAA and there must not be any high school students on the opposing teams.

   A. No, this rule should not be evaded in spirit or intent.

5. Q. What are the regulations regarding prizes and awards made to high school students by organizations outside the school?
A. 1. Donors should be checked carefully regarding attitudes, purposes and types of business.

2. Recipients should be selected by committees on which the Principal and school authorities hold the balance of power.

3. All prizes and awards should be limited in number and confined to those reasonable in price and having symbolic value only. Cash or merchandise prizes or awards are not permitted. Awards or prizes of any kind which may be construed as advertising for any individual or firm are not permitted.

4. Purposes should be critically studied so that commercial interests, proselyting interests and interests foreign to good school procedure may be eliminated.

5. Principals shall be expected to know and to execute the rules, regulations and policies to the best of their ability according to their wording and spirit since the giving and receiving of awards shall be done by and with the consent and under the supervision of the Principal in each high school.

6. No awards should be made by a "secret committee" of any outside organization, without the knowledge and consent of the high school Principal as to the recipient.

A. Amateurism should be defined by the IHSAA for IHSAA purposes. There is no definition of amateurism acceptable to all organizations.

RESPONSIBILITY

1.

Q. Who is the responsible party in IHSAA athletics?

A. In the execution of its powers and duties, as designated and authorized in the Constitution of the Indiana High School Athletic Association, the Board of Control presumes that the Principal of each high school voluntarily taking out a high school membership in the IHSAA has secured the consent of his superiors, the administrative head or heads of the school system, to take out said membership and that he, the Principal, is the administrative head not only in name but in fact of the inter-school athletic activities of the high school and of the students in the high school.

Wherever and whenever in the IHSAA membership the conditions are found to be such that the high school Principal is not the administrative head in name and in fact of the inter-school athletic activities of the high school and of the students in the high school, the Board of Control will consider that the member school has broken its agreement with the IHSAA and has in fact removed itself from the membership in the Association.

The IHSAA Board of Control will assess at its discretion, after a careful investigation has been made, the penalties deemed necessary in all cases in which it is found that the high school Principal is not the administrative head, in name and in fact, of the inter-school athletic activities of the high school and of the students in the high school. A. Yes, if the student is ineligible according to the rules of the IHSAA. The IHSAA has no jurisdiction unless its rules are violated.

In order to be eligible at the end of any grading period in a semester, a student must have passed in three regular high school subjects for the current grading period and his average grade in each of three regular high school subjects for all of the grading periods in that semester must be passing. A student must maintain his work in order to be eligible—weekly, by grading periods and by the semester.

9. Q. Is a “condition” or an “incomplete” considered a “pass” in the IHSAA?
   A. No, the IHSAA considers a “pass” to mean that all work has been done and has been made a matter of final record in the Principal's office, at the end of the grading period or semester.

10. Q. Is a student, who carries three regular high school subjects and one or more eighth grade subjects, considered a high school student?
    A. Yes, a student who carries fifteen hours of regular high school work is a high school student, providing such a student has been promoted to high school in the regular way.

14. Q. What constitutes scholarship eligibility?
    A. This statement for semesters holds good for grading periods of the semester also.

15. Q. Are any special regulations in force pertaining to discharged veterans?
    A. By action of the Athletic Council, May 23, 1947, all IHSAA special regulations concerning discharged veterans were discontinued.

16. Q. If a student misses school for a few weeks in order to work is he eligible during this time and when he returns?
    A. This is a school problem and must be answered by the consideration whether regular school work to the extent of fifteen hours is being maintained or not. Usually students who miss school are not passing in their school work.

17. Q. If a student becomes ineligible on account of scholarship at the end of a semester, does this make him ineligible for one whole semester afterwards?
    A. Yes.

18. Q. If a student becomes ineligible at the end of a grading period in a semester when can he become eligible?
    A. At the end of the next regular grading period in that semester, provided he passes in three regular high school subjects during the period and also provided his average in each subject for all grading periods of the semester are passing in a similar amount of work.
19. Q. When is a student, who intends to enter high school, eligible?
   A. When he actually enrolls, provided all other requirements have been met.

20. Q. If a student becomes ineligible on Friday at the end of a grading period is he eligible for that night?
   A. No, a student is ineligible whenever he becomes ineligible.

21. Q. If a student becomes eligible on Friday at the end of a grading period is he eligible for that night?
   A. Yes, a student is eligible whenever he becomes eligible.

22. Q. When is a student maintaining his work during a semester?
   A. When he is passing in three regular high school subjects during the current week, the current grading period, the last grading period and for all grading periods of the semester according to averages.

23. Q. If a student fails to pass in three regular high school subjects during the last grading period of a semester but earns credits in three regular high school subjects for the semester, will he be eligible at the beginning of the first grading period of the next semester?
   A. Yes, the books are considered closed at the end of the semester.

24. Q. If a student passes in three regular high school subjects during the last grading period of a semester but fails to earn credits in three regular high school subjects for the semester, will he be eligible at all for the next semester?
   A. No.

25. Q. How long may a student be enrolled in a semester then drop out without the semester being counted under the Scholarship Rule?
   A. Within the first fifteen (15) school days of the semester, provided he was eligible when he withdrew.

26. Q. If a student is passing in three regular high school subjects when he drops out during a semester, may he be considered eligible under the Scholarship Rule at the beginning of his succeeding semester of enrollment?
   A. No, such a student would not meet the requirement of passing in three regular high school subjects throughout his last semester of enrollment. (See exception, under "Enrollment.")

27. Q. May a credit in "Physical Fitness" be counted toward eligibility in athletics?
   A. Division V, under "Scholarship" in the IHSAA By-Laws specifically excludes "physical training" as a subject to count toward eligibility in athletics. The Board of Control has ruled that "Physical Fitness" comes under the term "physical training" as used in this Division.

SUMMER SCHOOL WORK

1. Q. Does summer school work in a school other than his home school jeopardize the standing of a student?
   A. No, provided the work is accepted by State Department of Education and the home school authorities recognize the work of a non-home school for credit and also provided the work does not count toward a College Degree. In fact, the IHSAA recommends summer school work of an approved type for students needing credits.

2. Q. If a student fails to pass in three regular high school subjects during semester two, may he count work done in summer school toward eligibility?
   A. See Division V.

Consideration was given to the probable effect on tourney assignments as a result of fewer entries and the construction of several new gymnasiums, but no action was taken.

BASKETBALL RULES

As has been the custom for the past several years, the Board of Control approved a number of special rules and regulations for the state basketball championship series which deviate somewhat from the official rules. For the information of coaches and school officials, the Board directed that these changes be carried in the October Bulletin.

The Board of Control adjourned to meet again in Indianapolis, Friday, October 4, at 10:00 a.m.

Loren Chastain, President

At the beginning of the present school year James Ellett and Russell Gilstrap transferred to Marco High School without any change of residence on the part of the parents. A more convenient school bus schedule for basketball practice and doing chores at home were the reasons given for the change to Marco.

Decision—James Ellett and Russell Gilstrap are ineligible, as to residence, for one calendar year beginning on the date they enrolled at Marco this semester.

PRINCETON HIGH SCHOOL—GARY WITHERSPOON

Gary Witherspoon resides with his parents in Patoka (White River Township) where he completed the seventh grade during the 1956-57 school year. At the beginning of the present school year he transferred, as a cash tuition eighth grade student, to Baldwin Heights (Patoka Township). The parents still reside in Patoka where there is a high school.

Principal Clayton Weist of Princeton High School requested a ruling on Gary's eligibility at Princeton if he enrolls there as a ninth grade student in 1958-59.

Decision—Since IHSAA eligibility rules cover only students of grades nine through twelve, it was the unanimous decision that the Board of Control is not authorized to rule on Gary Witherspoon's eligibility status until he has completed eighth grade and qualified himself for enrollment in high school.

VEVAY HIGH SCHOOL

York Township, Switzerland County does not maintain a high school. The Trustee formerly transferred the high school students to Patriot-Posey High School. At the beginning of the 1957-58 school year, Trustee Walter Ricketts of York Township decided to transfer all high school pupils to Vevay and filed a statement to that effect with the IHSAA.

Decision—The students which Trustee Ricketts transferred as a group from Patriot-Posey to Vevay, by administrative action, may be considered to have the same eligibility status at Vevay as they would have had if they had remained at Patriot-Posey for the 1957-58 school year.

WALLACE HIGH SCHOOL—FRED CROWDER

Fred Crowder is from a broken home. During 1956-57, he lived with his sister and brother-in-law and attended Wallace High School. The sister and her husband moved to Kingman during the summer. Fred reported to Kingman High School August 30, 1957, which was enrollment day for the first semester. He signed an enrollment card but was unable to enroll in the required courses to complete his senior year. Classes were not held that day. He returned to Wallace where he secured a home and enrolled in high school, September 3, 1957.

Principal Brooks Bell of Kingman stated that the required courses were not available to Fred on the first day, but that the schedule was later adjusted to offer these courses. By that time however, he had enrolled at Wallace.

Decision—After a very careful check on the information on this case, it was the unanimous decision of the Board of Control that Fred Crowder be considered eligible at Wallace so far as residence and enrollment are concerned.

ATHLETIC COUNCIL MEETING

The Board reviewed proposals and committee reports scheduled to come before the Athletic Council.

BASKETBALL TOURNIES

Invitations for the 1958 IHSAA Basketball Tournaments on file were checked, but no definite action was taken at this time.

Loren Chastain, President
L. V. Phillips, Commissioner
which in effect transferred much of the principal's responsibility for athletics to the director of athletics. This was done in clear violation of the IHSAA Constitution, Rules and By-laws, and policies, which require that the principal be responsible for his school's interschool athletic program in fact as well as in name.

Two sections in the powers and duties assigned by the Board of School Trustees to the director were especially objectionable. He was made chairman of the school's athletic board with authority to call meetings at his own discretion. No authority was given the principal to veto any action taken by this board. Another regulation provided that in the event of disagreement on athletic matters between the director and the principal, the director could appeal over the head of the principal to the superintendent and/or the superintendent and board of school trustees. This provision, in effect, could be passed the principal's authority on any athletic matter.

On October 21, 1957, the Vincennes Board of School Trustees revised the rules for the administration of athletics restoring to the principal his responsibility for, and authority over the interschool athletic program. A copy of the revised rules was filed by Superintendent Clarence Robbins with the IHSAA.

In the opinion of the Board of Control, the revised rules now comply with the rules, regulations, and policies of the IHSAA. The Board, however, does reserve the right to conduct investigations, as deemed necessary, to determine if Vincennes High School is conducting interschool athletics in accordance with IHSAA requirements; and that the principal really is functioning as the responsible party for athletics in fact as well as in name.

**BASKETBALL PARTICIPATION**

The following penalties were approved in connection with the enforcement of the new rule which limits a player to participate in 72 quarters during the regular season and only 4 quarters in any one session:

1. A school which violates the rule on quarters of participation by a player in basketball will be subject to a penalty as determined by the Board of Control. The minimum penalty will be probation and the maximum will be suspension for a period not to exceed one year.
2. If a player participates in a basketball game illegally under the participation rule, the game, if won, shall be forfeited.
3. A player who violates the participation rule may be penalized subject to the discretion of the Board of Control.
4. A player who has participated in more than 72 quarters during the season shall not be eligible for participation in the IHSAA State Championship Basketball Tourney series.

Principals will be required to certify the number of quarters in which a player has participated since the beginning of the season, to date, on the basketball sectional entry blanks when filed in the IHSAA Office.

Principals will require coaches to keep an up-to-date record on the participation of each player during the season. A copy of this record shall be on file in the principal's office at all times. Participation for any part of a quarter counts as one full quarter. A player who has been in a portion of a quarter may reenter the same quarter.

An overtime period is considered an extension of the fourth quarter.

Players may participate in one tourney during the season and the IHSAA tourneys without the quarters being counted as part of the 72. If a second tourney is played during the season, the quarters in one of the tourneys must be counted.

Principals should make the above information available immediately to their coaches and players.

**WRESTLING**

Approval was given to the location for the 1958 IHSAA sectional, regional and state wrestling meets. On the recommendation of the committee on wrestling, and approval by the Athletic Council, a series of regulations pertaining to the conduct of the 1958 championship series of wrestling meets were adopted by the Board of Control. It is understood that these regulations, along with a list of the sites, will be published in the December Bulletin.

**BASKETBALL TOURNEYS**

Invitations for the 1958 basketball tourney sites were checked along with recommendations filed by a number of principals. Careful consideration was given to sites where two or more invitations had been received. Except for those sites where additional information is needed, tentative selections were made with the understanding the entire list will be reviewed at a later date.

The Board of Control decided that all 1958 IHSAA basketball tourneys would be scheduled on Central Standard Time.

The Commissioner was authorized to continue the same policies for radio and television coverage of tourneys as were in effect for the 1957 tourney series.

Approval was given for the purchase of tickets for the state final from the American Ticket Corporation of Chicago.

The Board of Control adjourned to meet again at 9:30 a.m., November 23, 1957, in Bloomington.

MARCO HIGH SCHOOL—JAMES ELLETT AND RUSSELL GILSTRAP

These two boys have been ruled ineligible as to residence for transferring from Lyons High School to Marco High School at the beginning of the present school year, without a change of residence on the part of the parents. Since that time the Lyons and Marco districts have voted a consolidation under the name Washington-Stafford Consolidated School District. Both schools are still in operation pending the construction of a new building. James and Russell reside in the part of the district now zoned for Marco High School.

Decision—Since James Ellett and Russell Gilstrap now reside with their parents in the Marco district, they may be considered eligible as to residence.

PERRYSVILLE HIGH SCHOOL—ANGUS TOLBERT, JR.

Angus Tolbert, Jr. is from a broken home. Last year he lived with his father and attended Cullowhee High School in North Carolina. Decision—Angus Tolbert, Jr. is considered eligible as to residence at Perrysville High School.

BASKETBALL SCORKEEPERS

The Commissioner presented several suggestions that had been filed concerning better cooperation between scorkeepers and officials for the administration of new rules for basketball.

Action was deferred pending further study of the matter.

VINCENNES ATHLETIC ADMINISTRATION

The Board directed that representatives of Vincennes High School be invited to the next meeting to discuss local athletic administration and the management of the IHSAA sectional tourneys at Vincennes.

BASKETBALL TOURNEYS

Assistant Commissioner Hinshaw reviewed in detail the plan used by previous Boards for the selection of tourney officials.

With the exception of a few items, work on the location of sites and other details in connection with the 1958 tourneys was completed. The Commissioner's office was authorized to proceed with the preparation of the tourney bulletin with the understanding all tourney details be reviewed by the Board of Control at the next meeting.
BOURBON HIGH SCHOOL

In two scheduled games between Bourbon and Argos, the evening of December 3, 1957, James Redman participated in four quarters of the reserve game. He also participated in one quarter of the first team game which resulted in the score, Argos 56-Bourbon 43.

Principal H. Milton Crooke reported this infraction of the rules to the IHSAA.

Decision—Bourbon High School is placed on probation in the IHSAA until April 1, 1958.

HANOVER HIGH SCHOOL

In two scheduled games between Hanover and Dupont the evening of December 3, 1957, Larry Smith of Hanover participated in four quarters of the reserve game. He also participated in one quarter of the varsity game which resulted in the score—Hanover 56, Dupont 52.

Decision—Forfeiture of the game to Dupont is approved. Hanover High School is placed on probation in the IHSAA until April 1, 1958.

GRAYSVILLE HIGH SCHOOL—BILLY STOMMEL

On November 23, 1957, the Board of Control ruled that this student was ineligible as to residence because he had transferred from Fortville to Graysville without a change of residence on the part of his mother. On the basis of additional evidence that had been filed since the last meeting, the Board agreed to reconsider the case under the unavoidable change of residence rule.

Decision—Billy Stommel is considered eligible as to residence immediately at Graysville High School.

SUSPENDED OFFICIAL

W. D. Collier, Peru, who was suspended indefinitely as an IHSAA official, May 25, 1957, requested information as to when he might apply for reinstatement. It was decided that Mr. Collier may request a conference with the Board of Control sometime after the 1958 IHSAA basketball tournaments have been completed.

GIRLS' BASKETBALL OFFICIALS

Miss Imogene Winslow of the Indiana League of Girls' Athletic Association and Miss Janet E. McAuley of the Women's National Officials Rating Committee appeared before the Board to recommend the adoption of a rating and testing system for the approval of women to officiate girls' basketball in Indiana.

It was mutually agreed that further consideration would be given to the problem of improving the qualifications for women officials in girls' basketball.

96

IHSAA OFFICE

The Commissioner was authorized to arrange the work schedule in the office so that each secretary would have three days vacation during the holiday period.

The purpose of this conference was to discuss the administration of interschool athletics at Vincennes High School.

As recorded in the November 11, 1957, minutes of the Board of Control Meeting, the Vincennes School Board had taken formal action to restore to the principal his authority as administrative head of the athletic program in fact as well as in name. Although the School Board had directed the Superintendent to provide all members of the athletic staff with copies of the action; and he had informed the IHSAA that this had been done; it was learned that after four weeks the athletic staff and the public had not been informed of this important action. For some reason there seems to have been great reluctance to impart the information to anyone except the principal and director. Other members of the athletic staff and the Vincennes newspaper received their first official knowledge of the changes made by the School Board in a direct IHSAA release to each individual mailed November 18, 1957.

During the discussion it was admitted that the sudden action of the School Board on October 21, 1957, in returning to the principal, at least for the record, his responsibility for the athletic program in fact as well as in name was motivated to a considerable degree by the desire to have Vincennes favorably considered as a regional basketball tournament site. Strict conformity to IHSAA rules seemed to be only secondary matter. There was also a discussion concerning the effort of local civic groups to influence the IHSAA to locate a regional basketball tournament in Vincennes. No matter how well-intentioned the activities of these outside groups may be, it should be clearly understood that the location of tourney sites is a matter to be determined on behalf of all IHSAA member schools without pressure from any source.

After reviewing official reports on the 1956 and 1957 sectional tournaments, Principal Rice was directed to cease issuing an excessive number of complimentary tickets to the Vincennes sectional basketball tournament. This he agreed to do.

At the close of the discussion the Vincennes school officials assured the Board of Control their interschool athletic program would be conducted in accordance with IHSAA rules. They clearly understood that failure to do so would automatically eliminate Vincennes High School from membership in the IHSAA.
The Board of Control reserves the right to investigate periodically to determine if Vincennes High School is conducting its athletic program in accordance with IHSAA rules.

BASKETBALL TOURNIES

The Board reviewed the work done at previous meetings on the 1958 State Championship Basketball Tourney series. Final approval was given for the location of sites, ticket prices, number and pay of officials, distribution of tickets, approval of two-site and divided one-site tourneys and other details necessary to the conduct of the entire tourney series, including the employment of necessary help in conducting the State Final Tourney, March 22, 1958. The Commissioner was directed to sign definite contracts in duplicate with all tourney center principals, to prepare the tourney bulletins for distribution to the member schools and the press, radio and television, setting forth all details in connection with the conduct of the tourney. The Commissioner's office was authorized to make minor adjustments which may be necessary in publishing the tourney bulletins.

The Commissioner was authorized to continue the same policies for radio and television coverage of the tourneys as were in effect for the 1957 tourney series.

The Board of Control adjourned to meet again on January 12, and 13, 1958, at 10:00 a.m. in the IHSAA Office.

IHSAA BOARD OF CONTROL MEETING

Indianapolis, Indiana, January 12 and 13, 1958

MINUTES OF PREVIOUS MEETING

Superintendent Clarence Robbins and Principal Hubert S. Rice of Vincennes had objected to the wording of the minutes of the previous meeting as they pertained to a conference between Vincennes School representatives and the Board of Control.

After carefully reviewing the Vincennes case, including circumstances and events leading up to the conference with the Vincennes group, the Board of Control unanimously voted to make no changes or deletions in the minutes of the previous meeting as they pertain to Vincennes High School.

All minutes of the previous meeting were approved as written.

IHSAA FINANCES

The Commissioner reported on recent transactions in securities held by the IHSAA. Of the $40,000.00 in U. S. Treasury Bills, which came due December 19, 1957, $20,000.00 was reinvested in Treasury Bills, due March 20, 1958, with the remaining $20,000.00 being credited to the checking account for current expenses.

TERRE HAUTE GERSTMeyer—STEPHEN MANWARING

Stephen Manwaring resided with his parents in the Indianapolis Manual High School district. During 1956-57 he attended Indianapolis Public School No. 35, where he completed the eighth grade with a low scholastic achievement. His grade school records were filed with Manual High School where he was expected to enroll in September, 1957. Stephen did not report to Manual, but enrolled at Terre Haute Gerstmeeyer, September 9, 1957. He gave as his residence the home of an uncle who had recently moved to Terre Haute from Montezuma, Indiana. Principal Cecil Martin informed the IHSAA of Stephen's enrollment at Gerstmeeyer. He also filed a copy of a letter of guardianship issued by the Marion County Probate Court, September 5, 1957, to the uncle, Charles J. Manwaring, in which the latter was made the legal guardian of the person and estate of Stephen Manwaring. These letters of guardianship had been accepted by the City School Office in so far as establishing residence for school attendance was concerned.

Due to Stephen's athletic ability and the circumstances connected with his enrollment at Gerstmeeyer there had been considerable speculation both at Indianapolis and Terre Haute that there may have been undue influence connected with the case.

Principal Martin, Coach Howard Sharpe, Charles J. Manwaring and Stephen Manwaring appeared before the Board. The group emphatically maintained that no undue influence was involved. Stephen said he preferred to live with his uncle. Also that he believed he would be better off living in Terre Haute and that he could improve his scholarship away from Indianapolis and in a vocational school like Gerstmeeyer. He stated that his parents approved of the change. The father confirmed this statement to the IHSAA by telephone.

No concrete evidence of undue influence was uncovered at the meeting.

Decision—Although some of the circumstances under which Stephen Manwaring transferred to Gerstmeeyer may be open to question, there is no concrete evidence on file that warrants the Board of Control declaring him ineligible as to residence. It is understood that Principal Martin is held responsible for answering charges of undue influence in the event any are filed in the future.

NORTH VERNON HIGH SCHOOL

Principal Robert E. Martin of North Vernon High School reported that five members of the school's basketball squad had participated in an independent basketball game on January 6, 1958, at Butlerville, Indiana. He also stated that the following named players had been suspended from the squad: Tom Miller, Robert Peek, George Bolden, William Bolden and Frank Lyle.

Principal Martin, Coach Ted Server and two boys who had participated in the game appeared before the Board. They confirmed the report of Principal Martin as to who participated in the independent game.
Decision—The five players named above are ineligible for participation on North Vernon High School's basketball teams during the remainder of the 1957-58 season.

Principal Martin and Coach Server were congratulated on the prompt and efficient manner in which this case was handled.

SHERIDAN HIGH SCHOOL—LOUIS BURNELL

Louis Burnell resided with his parents near Lebanon and attended Lebanon High School during his freshman and sophomore years and the first six weeks of the present school year. On October 7, 1957, he withdrew from Lebanon High School, at which time he informed Principal Paul W. Neuman that he was transferring to Westfield High School and that his grandmother at Westfield was being legally appointed his guardian.

Louis entered at Westfield after being warned three times by Principal Lester Tudor that he would be ineligible as to residence for one calendar year. At the time of enrollment he gave his residence as being with his grandparents at Westfield.

On November 25, 1957, Louis withdrew from Westfield. Due to illness he had attended only ten days at Westfield. He then returned to Lebanon where Principal Neuman informed him that he was too far behind in school work to make credits for the first semester. Louis previously had been informed by Principal Neuman that if he enrolled at Westfield and subsequently returned to Lebanon, he would be ineligible as to residence.

Later the Burnell family moved to Sheridan where Louis enrolled in school December 16, 1957. Principal Larry Hobbs requested the Board of Control to rule on Louis' residence eligibility status.

Decision—Louis Burnell is considered ineligible as to residence for one calendar year, beginning on the date he enrolled at Sheridan and ending December 16, 1958.

TOURNEY TIME SCHEDULE

Center principals at Avilla, Elkhart and Ft. Wayne had requested permission to schedule sectional tourney games on daylight saving time. Since Central Standard Time is the legal time under the laws of the state of Indiana, permission to change the time schedules was not granted.

BASKETBALL TOURNIES

1. The Board selected a tentative list of officials to be used in the tourney series, and Articles of Agreement are to be mailed by the Commissioner to this list of officials.

2. The Board approved the plan used last year, in which the IHSAA cooperated with the Indiana Broadcasters' Association in the allotment of space to the various stations in the state for broadcasting the final tourney.

3. The Commissioner was authorized to handle complimentary tickets under the same general plan as used in previous years.

4. The Board voted to continue the same amount of liability and compensation insurance that has been in effect for the past several years.

5. The Commissioner was authorized to confer with the center principal at each tourney site where television stations are located to determine amount of guarantee to be posted for television privileges. It is understood that the championship game of the sectional, regional and the semi-state and all games of the final tourney will be available for television.

6. The Board approved the filming of the 1958 State Basketball Tourney with the understanding that only silent prints be made.

7. It was agreed that the plan used in 1957 for the pairings and release of the schedules to the press would be used again this year. The pairings are to begin at 8:00 a.m. CST, February 19, with immediate release to the Indianapolis Times, News, and Star and to the press services.

8. It was unanimously decided that 1958 tourney officials be required to wear long-sleeved shirts.

9. Block Drawings for Final Tourney Tickets—The drawings for blocks of seats at the State Final Tourney for the four schools in the tourney and the twelve other semi-state schools were made, with the following results:

Final Tourney Schools:
School No. 1 drew Block No. 1
School No. 2 drew Block No. 4

Semi-State Tourney Schools:
School No. 1 drew Block No. 5
School No. 2 drew Block No. 9
School No. 3 drew Block No. 3
School No. 4 drew Block No. 6
School No. 5 drew Block No. 7
School No. 6 drew Block No. 2
School No. 7 drew Block No. 4
School No. 8 drew Block No. 12
School No. 9 drew Block No. 9
School No. 10 drew Block No. 1
School No. 11 drew Block No. 8
School No. 12 drew Block No. 11

The names of the schools will be arranged alphabetically by cities as soon as they are known, then numbered in this order—and the plan automatically operates.

WRESTLING MEETS

The Board of Control decided the IHSAA would underwrite the deficits and expenses of holding sectional, regional and state wrestling meets. In the event there is a balance in any of these meets it will be divided equally between the Center School and the IHSAA.

The Board of Control adjourned to meet again in Indianapolis, February 8, at 9:30 a.m.

Loren Chastain, President
L. V. Phillips, Commissioner

IHSA FINANCES

The Commissioner reported that U. S. Certificates of Indebtedness to the amount of $15,000.00 would become due and payable February 14, 1958. Approval was given for reinvesting this amount in a new issue of U. S. securities.

WADENA HIGH SCHOOL—Vertress Burton

This student formerly lived with relatives at Goodland where he attended school the past two years. It became necessary for him to change residence to the home of another relative at Wadena. He is now enrolled in Wadena High School. Written statements on the case were filed by the principals of the two schools concerned.

Decision—Vertress Burton is considered eligible as to residence at Wadena High School.

NATIONAL FEDERATION

The National Federation of State High School Athletic Associations plans to compile summaries of important court decisions and legislative actions in the various states that pertain to the high school athletic administration. Approval was given for the purchase of copies of these summaries when available.

IHSA OFFICE

Approval was given for the Commissioner to attend the convention of the American Association of School Administrators, February 22 to 25, 1958, in St. Louis, Missouri.

TENNYSON HIGH SCHOOL—SPURGEON HIGH SCHOOL

Following a game of basketball between Tennyson and Spurgeon, January 28, 1958, at Spurgeon, Principal Roy E. Springston of Tennyson protested that the clock had been stopped for an attempted free throw with eight seconds remaining and that the timer had neglected to start the clock immediately. This was admitted by the official timer. Some twenty pages of reports were filed by the principals, coaches, timers and referees on the case. As is usually the case in situations of this kind, the statements were very much in conflict as to just what did occur with reference to the playing time.

Referee J. A. Yeager (Evansville) stated that he approved the final score as Spurgeon 73—Tennyson 72.

Decision—After careful consideration of all the evidence on file, the Board of Control approved the final score as Spurgeon 73—Tennyson 72. The principal of Spurgeon High School is directed to have a competent timekeeper on all home basketball games.

BASKETBALL TOURNEYS

1. A decision was made on the basketball to be used in the final basketball tourney.

2. Officials were assigned to the 64 sectional tourneys.

3. The Commissioner reported that the television arrangements, similar to those for last year, for the 1958 tourney series are almost completed.

4. It was decided that the “Star Spangled Banner” would be presented by trumpet at the state tourney.

5. The Board voted unanimously to invite only the members of the General Commission of the State Board of Education to be guests at the state tourney.

6. An increase on bodily injury liability from $100,000/$250,000 to $100,000/$300,000 along with $5,000.00 property damage was approved for the 1958 tourneys. Additional property damage as required by the Fort Wayne Memorial Coliseum was also approved for the 1958 tourneys.

The Board of Control adjourned to meet again in the IHSA Office, Tuesday, February 18, 1958, at 2:30 p.m.

5. The Commissioner was authorized to employ help to conduct the state tourney.

6. The schedules for the sectional, regional, semi-state and state tourneys were drawn by the Board of Control in the presence of representatives of the Indianapolis News, Times and Star and the Associated Press, International News Service and United Press. Immediately after the first schedule was drawn, the office staff started typing and checking copies for the press. These copies were made available to the news media for immediate release.

7. The Commissioner's Office was authorized to invest surplus funds received from the tourneys in United States Government securities with the understanding that the Commissioner will report to the Board of Control on these investments at the next meeting.

The Board adjourned to meet again, March 21, at 3:00 p.m. in the IHSAA office.

The minutes of the previous meeting were approved as written.

TOURNEY RECEIPTS AND ATTENDANCE

The Commissioner reported that attendance and receipts for the 1958 basketball tourney series to date indicate they will be a little less than the all-time record established in 1957. A complete audit is to be provided for the Board of Control at the next meeting.

IHSAA FINANCES

The Commissioner reported that in accordance with previous instructions, he had arranged for the investment of tourney receipts to the amount of $145,000.00 (maturity value) in U. S. Treasury Bills. It is understood that additional investments may be made after the audit of receipts has been completed.

DECACUT HIGH SCHOOL

Principal Hugh J. Andrews had reported on post season basketball activity by three Decatur High School students following the close of the sectional tourney. It was the opinion of the Board that this activity did not constitute a game of basketball. Principal Andrews was directed to inform these students that further basketball participation may result in ineligibility for all interschool athletics until January 1, 1959.

SPORTSMANSHIP AWARD—CROWN POINT HIGH SCHOOL

Principal Gilbert R. Weldy has asked if the Hammond and East Chicago Manufacturers Association could present a trophy to the Crown Point student body for good sportsmanship at the sectional basketball tourney. It was decided that such an award may be accepted since it is not an athletic award and does not carry any advertising for any individual person or firm. Such awards are not to be presented at the tourney.

HAMMOND TECHNICAL HIGH SCHOOL—RAYMOND STUCKEY

This boy formerly attended Thornton Fractional High School, Calumet City, Illinois, and transferred to Hammond Technical, February 3, 1958. He is from a broken home and resides with relatives. According to statements on file from the two schools concerned, the change was necessary in order that Raymond have a place to live.

Decision—Raymond Stuckey may be considered eligible as to residence at Hammond Technical High School.

BASKETBALL TOURNEY

1. Officials were assigned for the three games of the state tourney.

2. Ratings filed by participating schools on possible Trester Award recipients were reviewed carefully.

3. The Board of Control ruled that students who are IHSAA state champions, either as a member of a championship team or as an individual, may receive an additional award indicative of IHSAA state championship. Such awards must be within the provisions of Division VI of the IHSAA Rules and By-Laws.

ARTHUR L. TRESTER AWARD FOR MENTAL ATTITUDE

The Board of Control observed the playing of members of the four State Final teams during the afternoon games. The information cards signed by the principal and coach of each competing school were analyzed by the Board Members after seeing the players in action.

It was decided by the Board of Control to award the Arthur L. Trester Award for Mental Attitude to Richard Haslem of Crawfordsville High School.

The Board adjourned to meet again in the IHSAA Office on Saturday, April 5, 1958, at 9:30 a.m. May 1 was the tentative date set for the Board Meeting in May.

EAST CHICAGO WASHINGTON HIGH SCHOOL—WARDELL WATKINS

This student formerly resided in the Roosevelt (East Chicago) district, where he was enrolled in Roosevelt High School. Following
the death of his mother he became the ward of a sister living in the
Washington High School district in March, 1957. Wardell did not
transfer to Washington at that time or at the end of the semester.
He continued at Roosevelt during the fall semester of the present
school year after which he transferred to Washington.

Decision—Wardell Watkins is ineligible as to residence at East
Chicago Washington for one calendar year beginning on the date
he enrolled at Washington.

INDIANAPOLIS CRISPUS ATTACKS—JOHN RUSSELL

This boy formerly resided with his family in Terre Haute where
he attended Wiley High School. According to information filed by
Principal V. R. Rutherford (Wiley), John became involved with the
legal authorities. Following a conference between parents and school
officials, he voluntarily withdrew from Wiley High School, came to
Indianapolis to live with a sister, and enrolled in Crispus Attucks
High School. Principal Rutherford told the IHSAA that in his
opinion it was not necessary for John to make the change in resi-
dence in order to have a home.

Decision—John Russell is considered ineligible as to residence at
Crispus Attucks for one calendar year beginning on the date he
enrolled there.

IHSAA BASKETBALL TOURNAMENT SERIES

The management, officiating and finances of all tourneys were
checked. The records on file in the IHSAA office for the State Final
Tournament show the exact number of tickets printed, the names of the
purchasers, the number of complimentary tickets, the number of
tickets on hand, the number sold. All tournament reports will be audited
by an independent auditor. A summary of these reports will be
printed in the April Bulletin and a complete report in the 1958 IHSAA
Handbook.

Ratings and reports on the officiating of the various tournaments were
examined and filed for the use of the Board of Control at the time
officials are selected for the 1959 tourney. Due to the filing of some
low ratings and complaints on the officiating at Dillabro sectional it
was decided to request all the participating schools and the three
referees to file special reports for consideration at a later meeting.

IHSAA FINANCES

The Commissioner reported that U. S. Treasury Bills in the amount
of $20,000.00 which became due March 20, 1958, were reinvested in

SUMMER COACHING SCHOOL

Approval was given to plans outlined by Assistant Commissioner
Robert S. Hirschaw for the IHSAA Coaching School to be held at Indi-
an University, August 4-7, 1958.

NATIONAL FEDERATION MEETING

The Board directed the Commissioner to make reservations for the
1958-59 presidents of the Athletic Council and Board of Control,
premium for policies covering injuries in that sport. Approval was
given for the renewal of the policy for 1958-59 with Mutual of
Omaha. It is understood that Mr. Landers will present copies of the
contract for signatures at a later meeting.

POSTAGE METER

The Commissioner's office was authorized to investigate the use
of postage meters in similar offices with a view to installation of the
equipment in the IHSAA, if considered advisable.

CONTRACTS WITH COMMISSIONER AND ASSISTANT COM-
MISSIONER

It was unanimously agreed that the Board of Control extend new
contracts to Commissioner L. V. Phillips and Assistant Commissioner
Robert S. Hinshaw each for a period of five years, beginning August
1, 1958. It is understood that the details of these contracts will be
determined at the next meeting.

The Board of Control adjourned to meet again May 1, 1958, at 9:30
a.m., in the IHSAA office.

Assistant Commissioner Robert S. Hinshaw.

DILLSBORO SECTIONAL BASKETBALL TOURNAMENT

In accordance with instructions given at the last meeting, the Com-
missoner had secured official rating cards from all participating
schools, along with written statements by the principals on the three
officials who worked the Dillsboro Sectional Tourney. Written state-
ments from the three officials also were on file.

A review of the correspondence indicated that some schools were
unhappy with the officials assigned to the Dillsboro sectional. This
attitude apparently carried over into the tourney, at least in some
games. Most schools felt that the officiating was below the standards
set in previous sectional tourneys, but no dishonesty or deliberate
unfairness was charged. The combined ratings of the nine partici-
pating schools placed all three officials above the mid point of the
average bracket in the IHSAA rating scale.

All three officials stated that prior to the Vevay-Dillsboro game
Saturday afternoon, March 1, 1958, Superintendent H. C. Benedict of
Vevay visited the officials' room. They reported that Mr. Benedict
represented himself as an ex-member of the Board of Control dele-
gated by the coaches to talk with the officials about their manner of
officiating. They gave as the gist of his remarks that the officials
were calling the game too close and should ease up on the whistles
and let the boys play. Also that some of the teams have a weak
bench and would be hurt by losing players on fouls. The officials said
they made no reply to Mr. Benedict and that his remarks had no
effect on their officiating. They also indicated that they considered
his visit to the officials' room as highly irregular. Each of the prin-
cipals stated that to his knowledge no one sanctioned or authorized
Mr. Benedict's visit to the officials' quarters.

The Board of Control agrees with the officials that Mr. Benedict's
action was highly irregular as well as contrary to IHSAA rules. He
is warned that any similar action in the future may result in a pen-
alty being invoked against his school.

SPRINGS VALLEY HIGH SCHOOL

The Commissioner reported that in accordance with previous in-
structions by the Board of Control he had requested and received
written statements from Principal Noble Katter regarding the dis-
tribution of basketball tourney tickets. The Commissioner also had
visited Springs Valley for conferences with Principal Katter and
Superintendent Lloyd H. Wagner. The list of tourney ticket pur-
chasers in the principal's office was also inspected.

The information collected clearly indicated that activities on the
part of the Board of Education had made it impossible for the prin-
cipal to follow a fair and equitable plan for the distribution of tickets.
It was also clear that the Board of Education either does not under-
stand or does not recognize the responsibility of the principal in the
administration of the inter-school athletic program.

The following actions were taken:

1. Prior to the renewal of membership for Springs Valley High
School, in September, 1956, the Board of Education shall file a written
statement with the IHSAA to the effect that hereafter the principal
of the high school is to be fully recognized as the administrative
head of the inter-school athletic program in fact as well as in name.

2. On or before February 1, 1959, Springs Valley High School
shall file with the IHSAA a plan outlining a fair and equitable dis-
tribution of IHSAA tourney tickets for students, faculty members,
school officials and the public. This is to apply to the sectional and
additional tourneys in which the school may participate during the
championship series.

IHSAA OFFICE

(a) An increase in salary, of $5.00 per week, effective with the
week beginning June 30, 1958, was approved for office secretaries
Betty Sizelove and Judith Hardesty. The usual two weeks' vacation
with pay was also approved.

(b) On April 5, 1958, the Board of Control voted to extend new
distinct contracts to Commissioner L. V. Phillips and Assistant Com-
missioner Robert S. Hinshaw, effective August 1, 1958. Salaries and
other details of these contracts were determined by the Board and
the Commissioner was directed to prepare contracts for signatures
to be attached at the next regular meeting of the Board of Control. Details as to these contracts will be included in the minutes of that meeting.

(c) Final approval was given for the purchase of a postage meter machine to be used in the IHSAA Office.

(d) Approval was given for the IHSAA to rent storage space on a full time basis for one car in downtown Indianapolis. It is understood that when a second car is needed the IHSAA will reimburse the owner the amount paid for storage.

(e) President Chastain and the Commissioner were authorized to sign a three-year lease beginning January 1, 1959, with Klein and Kuhn, rental agents for the Circle Tower Building, for rooms 808, 811, 812 and 814, at the rate of $492.50 per month. It is understood that after July 1, 1959, the amount of monthly rental may be increased or decreased as much as ten percent depending upon a maintenance cost study at that time.

STATE TRACK MEET

It was agreed that members of the Board of Control would present individual awards at the 1958 State Track Meet and that the Commissioner would present the championship trophy.

The Board of Control adjourned to meet again, Saturday, May 24, 1958, at 11:30 a.m., in the Technical High School Cafeteria.

LATE ENTRIES FOR IHSAA SECTIONAL TRACK MEETS

The Commissioner reported that the track entries of ten schools arrived in the office after the deadline fixed by the Board of Control. Officials of one school, Hammond Technical, had requested that an exception be made in their case on the grounds that the post office had not handled the entry properly due to insufficient postage being attached. All members of the Board had previously rejected by telephone Hammond Tech's request in accordance with the long-standing IHSAA policy that entries be filed before the deadline as stated in the bulletin and in the entry blank.

ATHLETIC INJURY INSURANCE

Approval was given for the renewal, with minor changes, of the contract with Mutual of Omaha for athletic injury insurance during 1958-59. President Chastain and the Commissioner were authorized to sign the contract in triplicate.

EMPLOYMENT OF COMMISSIONER AND ASSISTANT COMMISSIONER

The Board of Control unanimously voted to employ L. V. Phillips as Commissioner of the Indiana High School Athletic Association for a period of five (5) years, beginning August 1, 1958 and ending July 31, 1963, at an annual salary of Seventeen Thousand Five Hundred Dollars ($17,500.00), plus expenses necessary in the performance of his duties as Commissioner. It is understood that the present contract between the IHSAA and Commissioner L. V. Phillips will continue in full force and effect until July 31, 1958. In accordance with this agreement, a contract was drawn up and signed by all members of the Board of Control and Commissioner L. V. Phillips.

The Board of Control unanimously voted to employ Robert S. Hinshaw as Assistant Commissioner of the Indiana High School Athletic Association for a period of five (5) years, beginning August 1, 1958 and ending July 31, 1963, at an annual salary of Thirteen Thousand One Hundred Twenty-five Dollars ($13,125.00), plus expenses necessary in the performance of his duties as Assistant Commissioner. It is understood that the present contract between the IHSAA and Assistant Commissioner Robert S. Hinshaw will continue in full force and effect until July 31, 1958. In accordance with this agreement, a contract was drawn up and signed by all members of the Board of Control and Assistant Commissioner Robert S. Hinshaw.

The Board of Control adjourned to meet June 14, 1958, at French Lick, Indiana.

TRACK AND GOLF MEET FINANCIAL STATEMENTS

Financial statements of the 1958 IHSAA Track and Golf Meets were submitted by the Commissioner and approved by the Board of Control and ordered published in the 1958 Handbook.

TRACK MEETS

Consideration was given to suggested changes in IHSAA track meets for next year. It was unanimously voted that a proposal be submitted to the October meeting of the Athletic Council calling for an adjustment downward of the point value in relays.

BUDGET AND FINANCES

Careful consideration was given to the estimated expenditures recommended by the Commissioner for 1958-59, and were adopted as
submitted. The Commissioner presented a statement of receipts and expenditures over the past twelve months together with an itemized statement of government securities owned by the IHSAA at present. It is understood that an independent audit will be made by Ernst and Ernst, Accountants, soon after July 1. Results of this audit will be presented at the next meeting of the Board of Control and published in the 1958 Handbook. The Commissioner was authorized to deposit with the American Fletcher National Bank and Trust Company of Indianapolis, for exchange or credit to the account of the IHSAA, such securities as may come due. Since a portion of the funds is to be used for current expenses, authority was given to sell and deposit to the account of the Association securities as needed to keep a safe balance in the bank. It is understood that all transactions in securities are to be reported to the Board of Control at the next meeting following such transactions.

The Commissioner reported that U. S. Treasury Bills due during the present month had been deposited with the American Fletcher National Bank and Trust Company to be exchanged for a similar amount in ninety-day U. S. Treasury Bills coming due the latter part of September, 1958. A portion of the proceeds is to be used for the payment of a special distribution to the member schools, October 1, 1958.

The Board authorized the Commissioner to pay salary and other current bills a few days in advance of June 30, in order that these checks may be cleared through the bank before the beginning of the new fiscal year, July 1.

SPECIAL DISTRIBUTION OF SURPLUS FUNDS

After giving careful consideration to the amount of funds on hand, estimated expenditures during the coming year, and the need for adequate reserves in the IHSAA treasury, the Board set $125.00 as the maximum amount of surplus funds to be paid any member school in the special distribution to be made October 1, 1958. Since there was a special distribution in 1957, all the money to be distributed was earned during the current year.

It was decided to make this distribution according to the following plan:

1. Ninety-three dollars and seventy-five cents ($93.75) for participation in the 1958 Sectional Basketball Tourney.

2. Thirty-one dollars and twenty-five cents ($31.25) for membership in the IHSAA during the membership year, 1957-58.

3. Any school sharing the special distribution must be a member in good standing and existing as a high school at the time of the distribution.

4. No school shall receive credit for a year's membership unless it was a member of the IHSAA on January 1, 1958.

5. A combination or consolidation of two or more high schools shall count as one school only in this distribution. The check for one share shall be sent to the principal of the new or resulting school.

OFFICIALS, FILMS, COACHING SCHOOLS AND CLINICS

Assistant Commissioner Hinshaw gave three reports to the Board of Control. The first covered the year's activities in connection with the registration and approval of officials for the various sports. The second dealt with the cost of the IHSAA film service and the extent to which the films are used by member schools and other organizations. The third covered coaching schools and rules clinics for the various sports.

ANNUAL MEETING

The Commissioner reported that the site of the annual meeting scheduled for October 23, 1958, had been changed from the Murat Temple to the auditorium of Manual High School. Also that the main speaker would be Dr. Lyman Ginger, immediate past President of the NEA and Dean of the College of Education, University of Kentucky.

NAISMITH MEMORIAL HALL OF FAME FOR BASKETBALL

The Board approved $100.00 life membership for the IHSAA in the Naismith Hall of Fame for Basketball. It is understood that the membership will include placing a picture and short story of the late Commissioner Arthur L. Trester in what is to be called the Book of Founders.

INVITATION TO SPONSOR NATIONAL ALLIANCE FOOTBALL RULES COMMITTEE

Unanimous approval was given for the IHSAA to extend an invitation to the National Alliance Football Rules Committee to hold its January, 1960, meeting in Indianapolis.

IHSAA OFFICE

Consideration was given to the advisability of replacing some of the older furniture in the IHSAA office with the understanding that recommendations regarding this matter be submitted at a later meeting.

ALL-STAR BASKETBALL GAMES

On June 9, 1958, the Fort Wayne Amateur Athletic Club sponsored what was termed an Indiana-Ohio All-Star basketball game. The published roster of this organization carries the names of several persons who are faculty members of IHSAA member schools in the Fort Wayne area. The Commissioner was directed to make an investigation to determine if school personnel, through membership in the Fort Wayne Amateur Athletic Club, have violated the IHSAA rules concerning all-star contests.

SUMMER BASEBALL PARTICIPATION

Principal O. Dale Robertson of North Side (Fort Wayne) High School had reported that high school students of North Side and other schools in that area are playing summer amateur baseball under
the sponsorship of the Fort Wayne Federation League. A non-student, Bill Gaskill of New Haven, was formerly under contract to the Pittsburgh Pirates, but has now been released. He has been reinstated as an amateur by the Federation League. Principal Robertson desired to know if high school students who participate with or against Bill Gaskill in baseball would jeopardize their amateur standing in the IHSSAA.

Decision—It was the unanimous decision that high school students would not jeopardize their standing in the IHSSAA by participating with or against a player under the circumstances outlined above.

MUNCIE CENTRAL HIGH SCHOOL—DAVID HOFHEINZ
The School City of Muncie operates on a 6-3-3 plan. Wilson Junior High School has grades 7-8-9, but does not have a modified membership in the IHSSAA. While a student at Wilson Junior High School, David Hofheinz was a member of the first team in basketball, during the eighth and ninth grades. Students in grades 7-8-9 are eligible for the junior high team where the school does not have a modified membership. David has also participated in basketball for two years, 1956-57 and 1957-58, at Muncie Central High School. Principal Loren Chastain requested a ruling on the enrollment eligibility status of this boy.

Decision—David Hofheinz is considered eligible for participation one additional year in basketball at Muncie Central High School. The Board of Control adjourned to meet again in Indianapolis, August 15, 1958, at 9:00 a.m.

IHSSAA ATHLETIC COUNCIL MEETING
Indianapolis, Indiana, October 23, 1957

The minutes of the previous meeting were approved without reading since members of the Council had received mimeographed copies.

VOTING
It was decided to vote by voice or show of hands and that thirteen affirmative votes be required to pass a motion, except for an amendment to the Constitution, which requires a two-thirds vote of the Council membership.

VACANCY
Donald E. Small, District III, Class I, had resigned due to moving from the district. His successor will be chosen at the Athletic Council election, December 1 to 10, 1957.

NATIONAL FEDERATION MEETING—MIAMI BEACH, FLORIDA
Council President Leo J. Costello and Board President Loren Chastain presented interesting and informative reports on the National Federation annual convention held at Miami Beach, Florida, June 25-29, 1957. Both stated that it was their observation that the IHSSAA is held in high regard among the representatives of other state high school athletic associations. Mr. Chastain reported that J. E. Gilroy, former athletic director of the Gary City Schools, and Commissioner L. V. Phillips were cited by the National Federation for their contribution in the field of high school athletics.

TERRE HAUTE DISTRICTING
Commissioner Phillips reported that the Terre Haute Board of School Trustees had adopted a plan of enrollment for the three city high schools which is intended to correct what had appeared to be a distinct advantage to one school in the enrollment of students interested in interschool athletics.

PROPOSALS
The Council took the following action on the proposals which had been filed for their decision:

1. JAMBOREE—A football jamboree is defined as a football contest in which four or more schools, divided into two groups, participate with the winner being determined on the basis of the total points scored by each group.

Effective with the 1958 football season a team or player may participate in not to exceed two quarters in one football jamboree without such participation being charged as a game or quarter played. Beginning with the 1959 season, no team or player shall participate in a football jamboree later than the second calendar day prior to the first scheduled football game. Note: This provision is to permit adjustment of schedules so that a jamboree will be the first football contest of the season in which a team participates.

All IHSSAA eligibility rules shall apply to a jamboree.

2. PARTICIPATION—Football Participation—effective for 1958 season.

A player may participate in a maximum of forty quarters of interschool football exclusive of one jamboree, during any one season. No player may participate in more than four quarters in any day.

Basketball Participation—effective November 1, 1957.

A player may participate in a maximum of seventy-two quarters of interschool basketball, and one invitational tourney during any one season. No player may participate in more than four quarters in any one session. If a player participates in two invitational tourneys, the quarters played in one tourney shall be included in the seventy-two quarters permitted during the season.

A record of the quarters played in football and basketball by individual players shall be kept on file in the principal's office at all times for his information in certifying eligibility of players.
3. WRESTLING

a. All organized or formal wrestling practice by students or teams shall be limited to the period beginning November first and ending with the date of the State Final Championship Wrestling Tourney each school year. (Effective 1958-59 season.)

b. There shall be no scheduled meets or tourneys before November 22nd each school year. (Effective 1958-59 season.)

c. The maximum number of dual meets for the regular schedule of any student or team in wrestling shall be fourteen. A student or team may participate in the following: (1) Fourteen interschool dual meets and one tournament in addition to the State Tournament series, or (2) twelve dual meets and two tournaments in addition to the State Tournament series. Note: An interschool wrestling meet which involves three or more schools shall be considered a tournament. A tournament shall count as one match for students. (Effective 1958-59 season.)

d. In dual meets, during the weigh-in period each coach shall record the name of the student that is to wrestle in each weight classification. These students shall wrestle, unless, due to illness or other extenuating circumstances, they are unable to do so. Substitutions can be made only by mutual consent of the coaches. Penalty: Forfeiture of the match. (Effective immediately.)

A student shall be considered as having engaged in a bout if he has officially weighed in, his name has been recorded in the official score book, and he has appeared on the mat in uniform, willing to wrestle. (Effective immediately.)

SUMMER CAMPS

The Commissioner reported that a number of summer youth camps located throughout the country have included coaching, scrimmaging and playing basketball under the direction of outstanding college and high school coaches. It was the unanimous opinion of the Council that a student who engages in this type of basketball activity at a summer camp is in violation of the out-of-season basketball rule.

IHSAA HEADQUARTERS

R. B. Miller and H. C. Benedict, chairman and vice-chairman, respectively of the Executive Committee of the Indiana State Teachers Association, appeared before the Council in behalf of moving the IHSAA headquarters to the new ISTA building when it is completed. Since the location of headquarters is a matter to be determined by the Board of Control, no action was taken by the Athletic Council.

The Athletic Council adjourned to meet again in Indianapolis, May 24, 1958, at 6:00 p.m.

IHSAA ATHLETIC COUNCIL MEETING

Indianapolis, Indiana, May 24, 1958

The minutes of the previous meeting were approved without reading because members of the Council had received mimeographed copies of the minutes.

VOTING

It was decided to vote by voice or show of hands and that thirteen affirmative votes be required to pass a motion, except for an amendment to the Constitution, which requires a two-thirds vote of the Council membership.

BOARD OF CONTROL AND ATHLETIC COUNCIL

The following named Council Members were elected to serve as the Board of Control from July 1, 1958 to June 30, 1959: Arley Winkelpleck, Class 1; Hubert Dubois, Class 2; Loyd Hurst, Class 3; Connor Salm, Class 4, and Herman Keller, Class 5. The newly elected Board of Control held a brief meeting and elected Connor Salm as president, and set the first meeting for August 15, 1958.

The Council elected Harold Johnson as its President for the year 1958-59.

PROPOSALS

The Northern Indiana High School Conference had filed a proposal that certain changes be made in the rules on wrestling which were approved in the fall of 1957. During the discussion it was pointed out that the Committee on Wrestling Rules had devoted a great deal of time and study to the present rules prior to their adoption. It was the unanimous decision of the Athletic Council that no changes be made in the wrestling rules at the present time.

CLASSIFICATION OF SCHOOLS BY ENROLLMENTS

The Commissioner, in accordance with previous instructions, had provided each Council member with a breakdown on the number of schools in each of the five classes as determined by the 1957-58 enrollment figures. No action was taken at this time, but the Council voted that further study be given to the matter if and when additional consolidations become effective throughout the state.

DEADLINE DATES FOR ENTRIES TO IHSAA TOURNEYS AND MEETS

It was reported that ten entries had been received in the IHSAA office after the deadline fixed by the Board of Control. In accordance with a long-standing policy all ten had been rejected. Officials of one school
had strongly urged that an exception be made in their case on the grounds that their entry had not been properly handled by the post-office. President Chastain, with the consent of the other Board Members, declined the request that an exception be made.

The Athletic Council, by unanimous vote, passed a resolution commending the members of the Board of Control and the Commissioner for not granting an exception to the rules as printed in the bulletin and the entry blank.

**ALL-STAR GAMES**

The Council recommended that steps be taken to better inform school officials as to the reasons why the IHSAA, along with such organizations as the National Federation, the National Association of Secondary School Principals, the North Central Association of Colleges and Secondary Schools, the American Association of Health, Physical Education and Recreation and the National Collegiate Athletic Association, oppose all-star contests in amateur athletics.

The Athletic Council adjourned to meet again in Indianapolis, October 22, 1958, at 6:00 p.m.

FOOTBALL
This past year there was a slight gain in the number of schools participating in football. Five schools added the sport to their athletic program. In 1948 there were 177 schools engaging in the gridiron activity. This past year the total number was 209, which is a gain of 32 schools in the past decade.

Conference and city championship games seem to add much interest to the game. Since there are about fifteen established football conferences over the state, greater interest is anticipated this coming school year.

The new rule passed by the Athletic Council pertaining to football jamborees should be helpful both financially and interest-wise to the schools. A team may now participate in one jamboree not to exceed two quarters without such participation being charged as a game. Beginning with the 1959 season a jamboree must be the first game of the season.

Another new rule concerning player participation will allow a player to participate in many more games but no more playing time will be added. A player will be allowed to participate in up to 40 quarters of football during the season.

The Association does not sponsor a series of games to determine a champion, but each year honors outstanding teams by carrying squad pictures in The Handbook. The pictures that have been submitted by the schools may be found following the list of high schools participating in the sport.

CROSS COUNTRY

Hobart High School defeated Muncie Central, defending champs, for the state cross country title 91-115. This was the first IHSAA state cross country win for Hobart. The team title went to the northern part of the state for the first time since Mishawaka shared the crown in 1946.

Indianapolis Shortridge placed third in team standing with 128, followed by Anderson's 133 and Fort Wayne North gained the fifth spot by posting a team score of 167.

Russ Lash of Indianapolis Howe, Indiana's 1957 mile champion, won the individual championship with a time of 9:50.1. Charles Umbarger, an Elkhart sophomore, was second in 9:58 and Bob Patterson of Muncie Central came in third with 9:56.3. Don Hancock was fourth with 9:56.4 to be Hobart's first runner home and Steve Hibler of Fort Wayne Concordia won the fifth place in 9:56.5.

Hobart's runners finished in the following team positions: Hancock third, Morehouse eleventh, Crisp twenty-second, Isakson twenty-third and Claxton twenty-eighth.

This year 162 schools entered 1,666 athletes for sectional meet competition which was an increase over 1956. For the state meet a total of 18 schools qualified a team with 24 additional schools sending one or more runners. There were 152 eligible starters and all but one runner finished the race.

SECTIONAL CROSS COUNTRY MEETS

(These rules are reprinted from the September 1957 bulletin.)

The sectional cross country meets will be held this year on Tuesday, October 22, 1957, after 3 p.m. These meets are conducted as an elimination series in order to select teams and individuals for the state cross country meet.

Eight sectional centers have been chosen over the state. The following bases were used in selecting these centers: schools competing in cross country in 1956, travel distance, number of teams in that area, and a willingness on the part of high schools to make their facilities available for the promotion of these meets. The Board may find it necessary to alter this plan and add more centers if a greater number of schools enter than is anticipated. Representation to the state meet will be determined by the number of teams competing in each sectional meet.

Schools have been assigned by counties, and the accompanying plan gives the Center Principals and the counties assigned to each center.

Official entry lists are necessary and accompany this bulletin to the principal.
ASSIGNMENT OF SCHOOLS TO CENTERS BY COUNTIES

ANDERSON—(J. P. Huffman, Principal) Blackford, Delaware, Fayette, Franklin, Grant, Hamilton, Henry, Howard, Jay, Madison, Randolph, Tipton, Union and Wayne.

FORT WAYNE NORTH SIDE—(O. Dale Robertson, Principal) Adams, Allen, DeKalb, Huntington, LaGrange, Miami, Noble, Steuben, Wabash, Wells and White.

HAMMOND—(C. S. Lyle, Director) Benton, Lake (schools not assigned to Hobart), Porter (schools located south of U. S. Road 30, including Valparaiso), Newton.

INDIANAPOLIS TECHNICAL—(H. H. Anderson, Principal) Bartholomew, Brown, Dearborn, Decatur, Hancock, Jefferson, Jennings, Johnson, Marion, Ohio, Ripley, Rush, Shelby and Switzerland.

JASPER—(Claude Miller, Principal) Clark, Crawford, Daviess, Dubois, Floyd, Gibson, Harrison, Jackson, Knox, Lawrence, Martin, Orange, Perry, Pike, Posey, Scott, Spencer, Vanderburg, Warrick and Washington.

MANAGEMENT—The management of these meets rests solely with the Board of Control. Responsibility for local arrangements has been delegated to the center principals. All meet officials will be selected by the center principals, except the referee-starter, who will be assigned by the Board of Control.

The meet must be held Tuesday afternoon, October 22 after 3 p.m. unless previous arrangements have been made by the center principal. The center principal shall notify all participating schools and the IHSAA office by Friday, October 18, as to the time and place of holding the meet. The center principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner.

Team positions at the start are to be drawn by lot.

OPEN CONTEST—These meets are open to all members of the IHSAA except to schools holding modified or associate memberships. A school may certify twelve students, with no more than seven participating as a team for the championship. Schools that do not enter a team may enter one or more students to compete for the individual awards.

Note: Each year some schools file entry blanks, then fail to participate in the meet. The management makes all arrangements for these teams, and of course the arrangements are upset by the non-appearance of the entrants. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for any reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the Sectional Center Principal immediately.

ENTERTAINMENT—The center principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

EXPENSES—There will be no entry fee. Traveling expenses, meals and lodging are to be paid by the competing schools.

ELIGIBILITY—The eligibility of each player shall be certified to by the principal of his school. The official entry list must be used, and all data given. Entries positively will close Monday, October 14. The entry lists must be in the hands of the hands of the Commissioner, complete in every detail, by 4 p.m. on that date. Twelve students may be certified for the meet, with seven or less participating on the day of the meet.

LENGTH OF COURSE—The course must be approximately two miles in length. If possible, it should be laid out on rolling terrain.

SCORING—All competitors who complete the race shall be ranked and tallied in accordance with their placement at the finish. Individuals are ranked and tallied in the placement column, but their position is dropped and not recorded in the team scoring column. The team score shall be determined by totaling the points scored by the first five finishing contestants on each team. The team which scores the lowest number of points will be the winner. It is considered a tie event if two or more teams score the same number of points. Individual ties shall be decided by lot.

RULES—Each contestant shall wear numbers on both the front and back of his shirt. The rules of cross country running as found on pages 30 and 59 in the 1957 National Federation Edition of the Track and Field Rules shall govern—with the exception of the length of course.

PRIZES—Suitable ribbons will be presented by the IHSAA to the members of the teams qualifying for the state meet, provided they finish the race. The first five individual winners will receive ribbons.

QUALIFICATIONS FOR STATE MEET—Representation at the state meet will be determined by the number of teams competing in that sectional, as follows: Seven or less, one team. Eight to fourteen, two teams. Fifteen to twenty-one, three teams. Twenty-two or more, four teams. The first five individuals to finish shall be eligible for the state meet regardless of their team position.

*A school must have five or more boys finishing the race to be considered as a team competing in that sectional.
STATE CROSS COUNTRY CHAMPIONSHIP MEET

The Twelfth Annual State Championship Cross Country Meet will be held on Saturday morning, November 2, 1957, at 11 a.m. on the South Grove golf course, located at 18th Street and E. Riverside Drive in Indianapolis.

ENTRANTS—The individual winners and the qualifying teams from each of the sectional cross country meets (held on October 22) will be eligible to compete in this meet.

MANAGEMENT—The management of this meet rests solely with the Board of Control. Officials in charge will be selected by the Board of Control.

ENTRIES—Entries will be limited to the students certified by the principal for the sectional meets.

ENTERTAINMENT—A lunch allowance of $1.25 for each actual participant and one coach from each competing school will be paid by the IHSAA.

LENGTH OF COURSE—A course two miles in length is planned over a rolling terrain.

RULES—The rules as outlined for the sectional meets will be in force.

SCORING—(See Sectional.)

PRIZES—The IHSAA will award the winning school a trophy, and individual medals to members of the teams finishing first, second, and third. Only actual contestants will be eligible for awards. Medals of gold, silver or bronze will be awarded the individual winners of first, second, third, fourth and fifth place in the race.

ADMISSION—There will be no admission charge. Coaches and spectators will be restricted to roped areas and will not be allowed on the course during the race.

REGISTRATION—All contestants must be checked in at the South Grove Club House by the coach or principal. The check-in office will be open at 8:00 a.m. on Saturday, November 2. All teams must be checked in by 10:00 a.m. in order to complete arrangements for the meet. Principals, or their representatives, are responsible for the proper registration of their teams on time. Correct expense accounts must be filed at the time of registration. Expense statements will be mailed all participating schools before the meet. Principals are responsible for the statements. WRESTLING

Indianapolis Broad Ripple and Richmond tied for the championship of the twentieth annual IHSAA State Wrestling Meet with 25 points each. These two teams nosed out South Bend Central by one point. Bloomington defending champs and Kokomo followed with 23 each.

Broad Ripple was the only school with two individual champions: Hal Shipley in the 138-pound class and Steve Cox in the 175-pound division. Indianapolis Manual’s Bill Andrews won a state title for the second straight time. Bill Richardson of Lafayette Jefferson won his third consecutive state championship in the 133-pound classification. He was undefeated in three years of competition.

Due to an increase in the number of schools participating in sectional competition the number of sections was increased from four to eight this year. Two regional meets were added the week between the sectionals and state meet. First and second place qualifiers from each weight division in the two regionals were eligible for state meet competition. A total of 62 schools entered the sectionals which was an increase of thirteen over 1957.

In the October meeting of the Athletic Council several new rules and regulations pertaining to wrestling were passed. The rules passed set forth a beginning and ending date for wrestling and the number of meets permitted each year. The Board of Control also established some new rules concerning eligibility of contestants as to weight regulations and number of matches.

SWIMMING

Defending champion, South Bend Riley, whipped Columbus again 60-57 for its third consecutive IHSAA State Swimming Meet title. South Bend Adams scored 39½ points for third place. Fourth position was won by New Albany’s 25½. South Bend Central finished a close fifth with 23.

Every swimming record in the IHSAA book was broken in the meet. Two swimmers stood out for Riley; Flooden defended his 100-yard backstroke title and won the 50-yard freestyle, and Odusch repeated as 150-yard individual medley champion and also gained the 100-yard freestyle.

Riley won the 200-yard medley relay and Columbus took the 200-yard freestyle relay.

One new event was added to the program this year as the butterfly-breaststroke event was separated into two separate races. The 400-yard freestyle event was not adopted by the IHSAA.

Seventeen schools entered 201 contestants in the meet this year. This was a loss of three schools and 10 swimmers over the record entry of 1957. Thirteen of the schools placed in the scoring column.

BASKETBALL

Playing with a high degree of confidence, Fort Wayne South Side took charge of the last half of the final game of the state tourney and defeated Crawfordsville by a score of 63-34. They did it with a thoroughness and decisiveness that many former champs have not been able to do in the final game. Practically everyone in the fieldhouse conceded they were the best team on the floor that day.

The Archers and Athenians were on even terms at the first quarter with 12 points each. In the second quarter, Fort Wayne gained a slight advantage and led at the half 26-22. The third and fourth quarters found the champs controlling the backboards through the height of seven-foot Mike McCoy and grabbing off 54 rebounds to the runnerup’s 33. The Archers built up a lead of 41-29 in the third quarter and in the fourth period completely controlled the game by posting 20 points while Crawfordsville was able to garner 5 points. In this game only 18 fouls were called; South Side was charged with 6 and Crawfordsville, against their larger opponents, picked up 12.

In the opening game of the tourney, Fort Wayne South Side met the “people’s choice” quintet from Springs Valley High School. The Blackhawks were undefeated and came into the tourney carrying a 25-0 record. The first quarter ended with the Archers leading Springs Valley 12-7 and increasing the margin to 28-16 at half time. During the last half the Blackhawks were able to regain their poise and the two quintets each registered 14 points in the third quarter. The last quarter found Fort Wayne posting 14 scores to 13 for Springs Valley for a game score of South Side 55, Springs Valley 42.

The second afternoon game found the first state champs battling the Muncie Bearcats who had taken home the IHSAA trophy on four previous occasions. The Athenians jumped to a 13-4 lead in the first quarter, but the Bearcats came back to be behind only 27-20 at halftime. In the third quarter, Muncie Central, playing inspired ball, grabbed a lead and pulled ahead 37-32 at the end of the period. During the last quarter, Crawfordsville regained its earlier form, outscoring the Central boys 21-8, thus winning by a final score of 53-45.

Springs Valley brought the best season’s record to the tourney with a 25-0. South Side carried a 26-2 margin, Crawfordsville 23-5 and Muncie finished with 22-6.

In sectional play a total of 729 schools entered. Gross receipts and attendance were down slightly over last year’s banner year. The paid attendance for the 85 tourneys was 1,507,047 and gross receipts $926,435.53.

The Board of Control unanimously selected Richard Haslam of Crawfordsville to receive the Arthur L. Trester Award for Mental Attitude.
ANNOUNCEMENT OF
SECTIONAL, REGIONAL, SEMI-STATE AND STATE
FINAL BASKETBALL TOURNEYS

THE FORTY-EIGHTH ANNUAL

These rules are reprinted from the January 1958 Bulletin

The Board of Control has completed the details for the State Championship Basketball Tourneys and announces the plan in full, with the distinct understanding that the Board of Control reserves the right to readjust the plan and arrangements for any and all tourneys if conditions arise making changes advisable or cancellations necessary.

IMPORTANT INFORMATION CONCERNING ALL SECTIONAL, REGIONAL AND SEMI-STATE TOURNEYS

1. TYPE OF BALL—The molded type of basketball tanned in natural leather color shall be used.

2. PRIZES—No prizes of any kind are to be awarded to any school or individual from any source.

3. RADIO SERVICE—Stations in Indiana may broadcast IHSAA tourneys provided the requirements in the “IHSAA Rules and Regulations Governing Broadcasting” are observed. The managers of the stations and the Center Principals will have copies of these rules and regulations.

4. PICTURES—Flashlight pictures of the players shall not be taken during the progress of the games, except where photographers use speed light cameras. This ruling is meant to protect the vision of the players. Photographers desiring to take pictures shall make previous arrangements with the management of the tourney. The number of photographers and their locations shall be determined by the Center School management.

5. SOUVENIR PROGRAMS—Souvenir programs other than those provided by the IHSAA shall not be distributed or sold at any tourney, and no solicitation of advertisements shall be made. Neither the Board of Control nor the Commissioner’s Office will approve such programs. Anyone claiming to have such approval should be reported to the IHSAA office immediately. All principals should notify their business men now.

6. SUGGESTIONS—Sectional Center Principals and participating principals should work with each other prior to the tourney, during the tourney and after the tourney. A conference of all principals, several days prior to the tourney, would result in an agreement on all points such as meals, transportation, rest rooms, seating, tickets, reports, etc. Agreements reached prior to tourneys prevent difficulties during and after tourneys. Make and keep copies of all agreements.

7. MANAGEMENT—The exclusive control of all these tourneys rests solely with the Board of Control according to the IHSAA Constitution. Local arrangements have been delegated to the Center Principals. Officials for each tourney will be selected and assigned by the Board of Control, and every effort will be made to choose only fair, disinterested and competent men. All schedules and assignment of officials will be made and distributed by the Board. All schedules will be drawn by lot by the Board of Control, and no changes will be made in them. Representatives of the press will be invited.

8. TIME SCHEDULE—Games will be scheduled on Central Standard Time at all centers. All Saturday games in all tourneys will be 1:00, 2:15 and 8:15 p.m.

9. DECISIONS—The assignment of officials and the decisions of the officials will be considered final. Schools entering the tourneys with this understanding. Give this information to your students and fans now and as often as necessary.

10. PRIVILEGES—Ten competing players, one coach and one faculty manager for each team (12 in all) shall be admitted free to all games.

11. WARM UP PERIOD—There shall be at least ten minutes allowed between games for warm up practice. During a session, this period shall start with the ending of the previous game.

12. NUMBERING OF SHIRTS—In order for a school to be eligible to enter the sectional tourney, all players’ shirts must be properly numbered according to the Board of Control ruling. No single digit greater than 5 shall be used.

SECTIONAL TOURNEYS

February 26, 27, 28 and March 1

The following bases were used in selecting sectional, regional and semi-state centers:

(1) Invitations filed by the principals. (2) Locations considered but not necessarily the determining factor. (3) Transportation facilities. (4) General conditions—attitude of local authorities, floors, seating capacities and entertaining facilities. (5) Rotation. (6) Success and satisfactory management of previous tourneys. Many schools have been assigned by counties but there are a number of exceptions which are clearly indicated. Some changes were made to equalize the number of participating teams resulting in better balanced schedules or the use of less school time. The name of your county locates your center unless assigned otherwise. The plan arranged is to have no less than 8 teams and no more than 16 teams in each tourney, and the assignment of all schools is given in the list which follows. The number of schools that probably will enter the tourneys is indicated. No doubt these numbers will be very nearly correct for this year. Correct information will not be available until the entry blanks have been received and accepted by the Board of Control. The numbers herein are tentative only. The winners will constitute the teams in the Regional Tourneys according to assignment. Entry blanks are necessary. An entry blank is enclosed.

* All semi-final and final games of two-site tourneys will be played at the site indicated by an asterisk (*).

MANAGEMENT—Two officials will be assigned to tourneys having 8 teams; three officials to tourneys having 9, 10, 11, 12 and 13 teams; four officials to 14, 15 and 16 team tourneys and four officials to each two-site tourney. Two officials will work each game, alternating as referee and umpire. Each official is obligated to be ready for work throughout the tourney.

TOURNEY REQUIREMENTS—A high school shall not be considered eligible for entering a sectional basketball tourney in the IHSAA in any year unless the team known as the first team and representing the high school has played eight interscholastic games during that season before filing an entry blank. Schools holding modified membership are not eligible to enter.

ENTERTAINMENT—Twelve men may be certified but no more than ten men may be in uniform and eligible to compete in any one game. Teams are limited to ten men in any one game. These men must be designated to the official scorer prior to the team’s game. The Center Principals have contracted with the Board of Control to entertain twelve men (which must include the coach and a faculty manager) from each competing school according to the following plan:

1. Transportation—All schools are entitled to one-round trip mileage allowance each day the tourney is in session.
2. Meals—All schools are entitled to one meal for each day the tourney is in session. Schools actually participating in the morning session of a tourney are entitled to one extra meal.
3. Due to the variations of time schedules of “Two-site” and “One-site Two-Bracket” tourneys, the time schedules, entertainment schedules and admission prices will be set up by the IHSAA and sent to all Center Principals concerned. It will be the obligation of the Center Principal to send copies to all schools in his sectional area. The time schedules of all tourneys will be published as usual at the time of the drawings.
4. No lodging shall be paid.
   Fairness by all parties must prevail in this matter of entertainment. Money spent for entertainment decreases the amount to be divided among the schools.

EXPENSES—An entrance fee of one dollar ($1.00) for each team must accompany the entry blank. The Center Schools have contracted to make settlement out of the receipts of the tourneys according to the following plan and in the following order:
   1. All legitimate expenses, such as meals, officials, etc., except for transportation, shall be paid from the gross receipts, if sufficient. If gross receipts are not sufficient, legitimate expenses shall be considered an obligation of the Center School.
   2. The Center High School shall receive one hundred and fifty dollars ($150).
   3. The transportation shall be paid. The Board of Control has decided on three (3) cents per mile per man for the round trip. Mileage shall be considered as the most direct distance between the school building of the participating school and the gymnasium in which the tourney is held.
   4. The Center High School shall receive one hundred dollars ($100).
   5. The IHSAA shall receive one percent (1%) of the fourth balance.
   6. (a) One-half of the fifth balance shall be divided equally among the participating schools, the Center School sharing.
   (b) One-half of the fifth balance shall be divided among the participating schools on an enrollment basis.
   7. The Board of Control shall pass on all reports by the Center School and all reports by the participating schools.
   8. The Center School shall furnish a complete financial report to the IHSAA and to each participating school by Thursday, March 6.

ELIGIBILITY—The eligibility of each player must be certified by the principal of the school sending the team. Certification must be made on the Official Entry Blank furnished by the Commissioner and all data must be given as indicated. An Entry Blank marked "Your Duplicate" is enclosed for your convenience. Be sure to send only the "Official Entry" Blank to the IHSAA. All entries must be in the IHSAA office before 4:00 p.m. Wednesday, February 12. Do not mail entry blanks before February 3. All students must be eligible when they participate as well as when they are certified. It is advisable to mail the entry blanks early, as changes can be made by telephone, telegram or letter any time up to 4:00 p.m. Wednesday, February 12. Registered letters are not recommended, as they are a slow form of delivery. Regular or special delivery mailing is the most satisfactory. A postal card from this office will acknowledge receipt and correctness of your entry. The Board of Control has ruled that late entry blanks will not be accepted.

ADMISSION FEE—The admission fees in all tourneys shall be as indicated below and the tickets shall be printed with the following information on them:

| Session Ticket (All regular tourneys) | $0.75 |

ONE-SITE TOURNEYS:

</tr>
<tr>

</tr>
</tbody>
</table>

Tickets shall not be sold for more or less than the prices listed. Season tickets only shall be sold prior to the opening session of the tourney. Any remaining seats may be sold as session tickets.

ONE-SITE TWO-BRACKET AND TWO-SITE TOURNEYS:

Due to the variation in the number of sessions, season ticket prices shall be established by the Board of Control through the IHSAA office and the Center Principal.

No more tickets shall be sold than the seating capacity of the gymnasium will justify. Standing room shall not be sold or used. All requirements of the State and City Fire Marshals shall be met in all tourneys.

DISTRIBUTION OF TICKETS—The following plan for the division of sectional tourney tickets was adopted by the Board of Control:

1. Deduct from the total number of tickets available, twelve tickets for each competing school, press and complimentary tickets. Each Athletic Council Member and each Ex-Board member shall be granted two tickets to the sectional in their school's area upon request prior to Friday, February 21.

2. Ten percent of the remaining tickets shall be divided equally among the competing schools. (Every school regardless of enrollment has a certain "must" list; such as assistant coaches, trainers, student managers, cheerleaders, etc. This allotment is intended primarily for this use.)

3. The remaining ninety percent shall be divided among the competing schools on the basis of enrollment of each participating school as certified to the State Department of Public Instruction, September 19, 1957, or the third day of school if the opening day is later than September 19.

No tickets shall be distributed until the Center Principal has received his copy of the draw. Season tickets must be ready for distribution by Monday, February 24. All ticket information should be secured prior to this date. The IHSAA will furnish Center Principals with enrollments of all high schools participating in their tourney. Season tickets unsold shall be returned by 9:00 a.m. on the day the tourney begins, except that in "two-site" and "one-site two bracket" tourneys, they shall be returned by 4:00 p.m. the day before the tourney begins with a day time session; and by 9:00 a.m.
on the day of the tourney if the tourney begins with an evening session. The Center Principal is under no obligation to accept the return of tickets after these hours, unless previous arrangements have been made with him.

WARNINGS—Entries close at 4:00 p.m. Wednesday, February 12, and cannot be changed or accepted afterwards. An entrance fee of one dollar ($1.00) must accompany each entry blank. Special privileges will not be granted. Send all entry blanks and checks to IHSAA, 812 Circle Tower, Indianapolis. All data must be given on entry blank. Get all data right the first time and on time, but do not mail blanks before February 3. Late or incomplete entry blanks cannot be accepted. Be sure to send only the “Official Entry Blank” to the IHSAA.

The sectional entry blank will suffice for regional tourneys and will be used as made, unless you instruct the IHSAA office otherwise on Monday, March 3. If you desire to make any substitutions in your entry blank, wire or telephone the IHSAA office, giving complete data on Monday, March 3. (Ask for Miss Sizelove who has charge of making the changes.)

2. Each Center Principal will be required to keep on file the full names and addresses of all ticket purchasers prior to the open sale, together with the number of tickets purchased by each and shall make a complete report to the IHSAA.    (d) School papers shall not be granted tickets.

4. Radio. Each station broadcasting the games may be granted 3 tickets upon request not later than March 3.

7. Schools entered in a sectional turney may secure twelve tickets to the Regional Turney in their area. Orders must reach the Regional Center Principal between February 22 and 27. All principals should use the Regional Ticket Order enclosed with this bulletin, and should attach a check in the proper amount, sending the order and remittance TO THE REGIONAL CENTER PRINCIPAL IN THEIR AREA.

5. The IHSAA shall receive fifty per cent (50%) of the balance.
6. The remainder shall be divided as follows: (a) One-half equally among the participating schools and (b) one-half on the basis of season tickets sold and reported by the participating schools in the local communities on or before 4:00 p.m. Friday, March 7. This hour and date are binding on all schools. In the distribution of receipts, all tickets purchased according to the provision under “Distribution of Tickets,” item 7, shall be credited to the winner of the sectional in which the school purchasing the tickets is located.

   (c) If one or more of these participating schools do not purchase all of the tickets allotted to them, then these tickets shall be apportioned to the other participating schools and the center school, if not a participant, on the two bases mentioned in (a) and (b).

STATE TOURNEY

BUTLER FIELD HOUSE, INDIANAPOLIS

MARCH 22

ENTRANTS—The four (4) winning teams of the semi-state tourneys shall constitute the participants in the State Tourney. The schedule will be drawn by lot by the Board of Control according to sectional tourney plan.

ENTRIES—One entry fee covers all tourneys. Twelve men may be certified but no more than ten men may be in uniform and eligible to compete in any one game. Teams are limited to ten men in any one game. These teams may or may not be made up of the same men that participated in the other tourneys. The semi-state entry blank will suffice for the State Tourney and will be used as made, unless you instruct the IHSAA office otherwise on Monday, March 17. If you desire to make any substitutions in your entry blank, wire or telephone the IHSAA office, giving complete data on Monday, March 17.

ENTERTAINMENT—Twelve men will be entertained on each team (which must include the coach and a faculty manager) from each school. If the proceeds of the tourney permit, each school hav-
ing a team playing in the tourney will receive the following: $150.00 for lodging, $250.00 for meals, $400.00 for bonus, 12 season tickets and transportation to and from Indianapolis. Three cents per mile per man for the round trip for twelve men will constitute the basis of figuring transportation. The mileage shall be considered the most direct and reasonable distance by automobile from the high school of the participating school to the Fieldhouse in Indianapolis.

ADMISSION FEE—The admission fees will be as indicated and the tickets will be printed with the following information on them:

1. Session ticket: $2.00
2. Season ticket: $3.00

AWARDS—The winning school will be awarded a shield, cup or similar trophy, and each member of its team an individual award. A trophy will be given to the runnerup team and individual awards to its team members.

The Arthur L. Trester Award for Mental Attitude will be presented to the athlete who, in the opinion of the Board of Control shall qualify for this award.

CONDUCT OF PERSONS DURING STATE TOURNY—The IHSAA endeavors to secure proper conduct of all persons attending the tourney, while in hotels and elsewhere, and instructs principals, superintendents, coaches, teachers, parents and communities that the receipt of tickets by their high school principal places the direct and immediate responsibility on them for the conduct of the persons attending the tourney.

An identification plan will be used for press representatives, who must properly certified by their managers at the time requests are made.

Tickets—All tickets will be handled by the IHSAA office according to the following plan:

1. Season tickets only will be sold prior to Saturday, March 22. In recent years all tickets were sold prior to this date. If the capacity of the Fieldhouse is not sold in season tickets, session tickets will be sold on the day of the tourney. The seating capacity is estimated at approximately 14,943.

2. Each high school principal, having a team entered in an IHSAA Sectional Basketball Tourney for 1958, and each high school principal holding a modified membership in the IHSAA, may order tickets to four (4) percent of his high school enrollment as submitted to the Board of Control on page 18 of this bulletin. Each team member in attendance at the tourney will be given a ticket or tokens to the following plan:

   a. $150.00
   b. $50.00
   c. $25.00

Any orders for these three tickets must be filed no later than Thursday, February 13. No tickets will be sold for these three tickets after this date. Each principal will be informed of the number of tickets he has been allowed to order, and he will be expected to sell all ordered tickets to his team members.

5. Each high school principal, having a team entered in an IHSAA Sectional Basketball Tourney for 1958, and each high school principal holding a modified membership in the IHSAA, may order tickets to four (4) percent of his high school enrollment as submitted to the Board of Control, on page 18 of this bulletin. Each principal will be informed of the number of tickets he has been allowed to order, and he will be expected to sell all ordered tickets to his team members.
In order that all may know how ticket orders are filled, the following statements are made:

(a) Ticket orders from principals are due any time from February 20 to February 28, inclusive. Postmark will determine mailing date.

(b) Upon receipt of ticket orders in the IHSAA office, they are checked. All correct orders are arranged alphabetically according to the name of the school, numbered and filled.

(c) Incorrect orders are returned with instructions.

(d) The method of filling ticket orders is entirely by lot and the plan automatically assigns the seats. The location of seats of any particular school depends upon date of receipt of order, number of orders received in same mail, number of tickets covered by the orders received in the same mail, alphabetical order of the school name among the orders received, accuracy of ticket order, station reached in the drawings determined by the orders received, etc.

MISCELLANEOUS

1. All seats will be reserved and tickets sold to principals will be drawn by lot as outlined above.

2. Blocks of seats, when sold, will be arranged from front to back rather than around the playing floor, about twenty percent of the number in each block being assigned to the front of the block.

3. No pass-out tickets will be issued. Holders of tickets may leave the Fieldhouse when they choose in any session, but they cannot re-enter until the next session. The Fieldhouse will be cleared between sessions.

4. All tickets will be in printed form, carrying the statement that coupons will not be good if detached. The IHSAA tickets will be printed in a way that will make duplication very difficult, but a warning is given against bogus tickets.

5. Ticket holders will be seated prior to the opening game in each session, between halves and between games only. All persons must remain seated in their own seats during the games. All games will be started on scheduled time and will be played in quarters of 8 minutes each.

6. Comfort accommodations will be found on each floor at each end of the Fieldhouse.

7. Tickets will indicate the Gate, Ramp, Section, Row and Number. As you approach the Fieldhouse look for the Gate Number above the door corresponding to the one on your ticket.

8. Two blocks of seats in the middle on the west side of the playing floor and two blocks in the middle on the east side of the playing floor, having 900 seats to the block, will be reserved until Monday, March 17, for the four schools whose teams are in the tourney. Twelve blocks of seats, immediately around the playing floor with 25 seats to the block, will be reserved for the other twelve schools participating in the semi-state tourneys. The high school principals, whose teams are represented, should contact the IHSAA office by Monday, March 17, about these tickets or they will be sold to other eligible schools. These blocks will be assigned by lot by the Board of Control.

9. First Aid Rooms are located in the east end of the Fieldhouse. Look for the sign. A tourney physician and a nurse will be available during the tourney.

10. Principals are asked to instruct all ticket holders to refrain from smoking in the Fieldhouse. This precaution is taken for the benefit of the players and the safety of the spectators.

THE ARTHUR L. TRESTER AWARD

The Gimbel Medal for Mental Attitude was given each year by Mr. Jake Gimbel, now deceased, until the 1943 State Basketball Tourney. In 1944 it was known as the IHSAA Medal for Mental Attitude. In 1945 the Board officially named the award "The Arthur L. Trest er Award for Mental Attitude."

The IHSAA Board of Control used the following data card this year to assist them in selecting the winner of The Arthur L. Trest er Award for Mental Attitude.

The Principals and Coaches of the four schools filed with the IHSAA these cards for their players before the tourney was held. The Board of Control did not see the cards until Saturday afternoon after the second game of the Final Tourney when they had observed the playing of all of the teams: In the meeting to select a winner of the mental attitude award the data cards were studied carefully and were given careful consideration along with the opinions of the Board of Control members as a result of their observation of the playing of the boys in the afternoon. Several boys received very favorable consideration but only one could be selected as the winner.

Contrary to the opinions often expressed this medal has not been given as a consolation prize through the years. It is true that few boys on the winning teams have received the award but it is not true that the IHSAA has ever had a policy of giving the medal as a consolation prize. Such a policy would remove the value of the award and would make the winners feel that they had not won anything. The winners of the award have legitimately won the award and have the right to be proud of it. It will be interesting to follow these boys down through the years. Schools should take an interest in these boys, as the IHSAA desires to be proud of them always.

**TRACK AND FIELD**

Winning the 880 yard relay, the final race of the day, gave South Bend Central its first IHSAA state track championship. The Bears edged out Kokomo posting 21½ points to the Wildcats 19. This was the 55th Indiana High School State Track and Field Meet.

Third place went to Ft. Wayne South Side with 18½ points. Indianapolis Howe tallied 14½ for fourth and the pre-meet favorite, Terre Haute Gerstmeyer, trailed in fifth spot with 14 points.

Hobart’s Terry White was the only double winner of the day defeating South Bend Central’s Mel Ross in both sprints. His times were 10 flat in the 100 and a 22 flat in the 220 dash. Ft. Wayne North Side’s Tom Seifert defended his championship honors of 1957 in the shot put as did Russ Lash of Indianapolis Howe in the mile run. Charlie Hall of Terre Haute Gerstmeyer tied for first in the high jump the past two years. Seifert established a new state meet record with a put of 58 feet 8¼ inches. Gary Roosevelt’s mile relay quartet cracked the state record but was disqualified.

The meet was held at the Arsenal Technical High School track under clear skies in bright sunshine. It was the first time good weather had prevailed the past four years. Only season’s records to fall were in the one-half mile run and 880 relay except the one posted in the mile relay which a disqualification cancelled out.

A total of 355 schools entered 4463 athletes in sectional meet competition. This was a gain of nine schools over 1957. Only 73 schools qualified athletes for the state meet.

South Bend Riley and Elkhart tied for third place by a score of 321. Tom Conway and Dave Lough of Elkhart were low scorers for their squad with a 76 each. Jim Draskovits was low man for Riley with a 78.

Dick Armstrong of Madison Heights, Jim Risk of Lafayette Jefferson and David Grant of Kokomo tied for medalist honors each with a two over par 74. Risk was an individual qualifier from sectional play.

(2) MANAGEMENT—The management of these meets rests solely with the Board of Control. Local arrangements have been delegated to the Center Principals. All meet officials will be selected by the Center Principals.

(3) INSTRUCTIONS and a starting time schedule will be sent to each competing school prior to the meet by the Center Principal.

(4) ELIGIBILITY—The rules and regulations of the IHSAA shall govern. An entry blank is required and one accompanies this announcement if your school has a golf team. There will be no entry fee. Entry blanks are due in the IHSAA office on or before 4:00 p.m., Thursday, May 8, 1958, and cannot be accepted afterwards.

Note—Each year some schools file entry blanks, then fail to participate in the tournament for some unknown reason. The management makes all arrangements for these teams, and the arrangements are upset by the non-appearance of the entrants. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for some reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the Sectional Center Principal immediately.

TRANSPORTATION—This will be an obligation of the participating school in each case.

MEDAL PLAY—The meets will be conducted as Medal Play and 18 holes will be played. Summer rules are to be used, unless it is decided by the manager of the meet and the Center Principal that the condition of the course makes the use of winter rules necessary.
SCORING—Each threesome or foursome will be made up of boys from different schools. The players will count and keep score for each other.

TEAMS—Each school may enter six (6) boys and the team must consist of four (4) of these six boys. The four players must be designated prior to the beginning of the tournament. A number less than four from a school cannot participate. Players should be listed on the entry blank according to team position.

QUALIFICATIONS FOR STATE MEET

TEAMS—Representation at the State Meet will be determined by the number of teams competing in that Sectional, as follows: Five or less, one team; six to ten, two teams; eleven to fifteen, three teams; sixteen or more, four teams.

Only schools posting a team score at the completion of a Sectional Meet are to be considered actual “participating” teams.

INDIVIDUALS—The three low medalist players in each sectional meet are eligible to compete as individuals in state meet competition, provided their school posted a team score in the sectional.

TIES—All individuals or teams tying for the last qualifying position shall be eligible for State meet competition. Prizes shall be awarded by lot.

STATE GOLF MEET

TWENTY-SECOND ANNUAL

ENTRANTS—Individuals and schools whose teams qualify according to the sectional regulations shall constitute the entrants for the State Meet. (Teams must be composed of any four of the six certified entrants.)

REGISTRATION—All teams must be checked in at the Club House by the Principal or his official faculty representative. This responsibility belongs to the school.

TRANSPORTATION—This will be an obligation of the participating school in each case.

ENTERTAINMENT—Noon meals will be furnished by the IHSAA at the Club House to the actual participants and one faculty manager from each school.
