MESSAGE TO THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION

BY

FOREST G. WATERS, President
Board of Control

Sixty years ago there were fifteen member schools in the Indiana High School Athletic Association. This number increased until a peak of eight hundred twenty was reached in 1942. Due to reorganizations and consolidations our total membership has been decreasing. There were six hundred thirty-one member schools in 1963-64. The great strides made in this sixty year period would be difficult for the “Founding Fathers” to believe. Although the membership is decreasing, the number of students in the high schools is on the increase and the scope of our program will ever be broadened from year to year. Many reasons may be given for this great growth in our organization.

We are a voluntary organization formed by the principals of our high schools for the purpose of controlling and improving our athletic program. The need, which was felt in 1903-04, is still existent even to a greater degree. The complexities of our society and the pressures exerted upon us have made our needs more demanding.

We enforce a strict set of rules for eligibility. Residence requirements, scholarship and good behavior have been and must always be required. This year we are upgrading our scholarship by requiring a boy to pass in four subjects instead of three, which had been the regulation for many years.

Fair play, fair competition and clean athletics have been our goal. We can never relax in this regard, as it is one of the important bases upon which our athletic program depends. Good sportsmanship must always be demanded and expected.

Honesty and cooperation among the member schools has been and must continue to be the guiding force in our inter-school relations.

We have always had the highest type of leadership. A. L. Trester, L. V. Phillips and Bob Hinshaw gave us leadership in the past that was of the highest caliber, and never hesitated to take their stand for the enforcement of our rules and the betterment of the IHSAA. Mr. Eskew and Mr. Keller are continuing this same high type of leadership. A leadership that is dedicated to our philosophy and fearless in its enforcement can only lead us on to greater and better accomplishments. The twenty-five Council members, five of whom make up your Board of Control, are dedicated men from all over the state. They always welcome suggestions and recommendations from any of the principals.

We believe in the IHSAA. It has served us well. Let us resolve to keep it so, and never relax in our efforts to maintain the high ideals and sound philosophy, which it has always promoted.
Let us resolve to keep and expand the high type of service that has made our association great. To provide competition for an ever-increasing number of students should be our goal. May we have the courage to face our problems, to never falter in the performance of our duties and to endeavor to build our organization greater than it is today. Our guiding force must be the welfare of youth.

HISTORY OF IHSAAN

The first attempt to organize the high schools of Indiana in a single Association for the purpose of handling athletic activities was made in a meeting of the Northern Indiana Teachers' Association held at Richmond, in April, 1903. At this time there was a conference of high school principals, and the conference ended with a body of suggested rules and regulations, called the Richmond Agreement. Due to the fact that there was no central organization having executive power, the Richmond Agreement did little more than point the way toward something better.

Principal J. B. Peacley, of Anderson, issued a call for a meeting of high school principals interested in a State Athletic organization on December 26, 1912, and Principal Isaac E. Neff, South Bend, was chosen by the principals to succeed him. Principal Neff resigned on October 27, 1916. At this meeting it was decided to divide the State into five districts for the purpose of handling athletic activities. Each district should have one representative on the Board of Control, chosen by mail ballot from his own district by the principals of his district.

In September, 1925, by a referendum vote the principals passed a legislative body proposal calling for four members from each of the five (5) IHSAAN districts. The five members of the Board of Control, serving ex officio, and the fifteen other members elected by the principals in a mail vote constituted this legislative body. Prior to this plan all legislation was done at the annual meeting or by referendum. Voting by mail. This Legislative Body of twenty members passed on all proposals submitted by the high school principals. It was the law making body of the Association. The plan was considered a step in advance in state administration and legislation in athletic activities.

On December 13, 1930, the Legislative Body considered and passed without a dissenting vote the provisions for an Athletic Council. The plan in full continued the five IHSAAN districts in the Association and arranged for five representatives on the Athletic Council from each district by classes determined by enrollments in the high schools, thus making the Athletic Council a body of twenty-five members representing all sizes of high schools and all districts of the state at all times and elected by the high school principals in the membership. A provision was included for the selection of a 5-man Board of Control from the membership of the Athletic Council by the members of the Athletic Council. The Athletic Council took over the duties of the former Legislative Body and is considered the law making body of the Association.

The title “Permanent Secretary,” established in 1906, was changed to “Commissioner of High School Athletics” in October, 1929, by the Legislative Body. The Commissioner was granted the powers and duties belonging to a Commissioner of Athletics. Mr. Trester continued to serve as Commissioner until the date of his death, September 18, 1944. The Board of Control designated Superintendent Morris E. McCarty of Lafayette to serve as Acting Commissioner. In December, 1944, Principal L. V. Phillips of Vincennes was chosen by the Athletic Council to act as Commissioner to January 1, 1945. In 1944, the Board of Control was given authority to employ an Assistant Commissioner. Robert S. Hinshaw, Director of Athletics in Rushville High School, was chosen in November 1945 to take office December 10, 1945, to become the first Assistant Commissioner of Athletics for the IHSAAN. In July, 1961, Herman F. Keller of Evansville Bosse High School became the second Assistant Commissioner of Athletics after the death of Mr. Hinshaw. On the retirement of L. V. Phillips, July 31, 1962, the Board of Control selected Phil N. Eshew of Huntington Public Schools, as the third Commissioner of Athletics. The Board conferred the title of “Honorary Commissioner” on L. V. Phillips.

The primary purpose of the organizers of the IHSAAN to manage and to foster high school athletics on a high plane has been upheld as an ideal by the Association through the sixty years of the life of the IHSAAN. New and advanced steps have been taken whenever conditions made them necessary. In the beginning, the Association concerned itself largely with track and football. As time went on it became increasingly evident that the IHSAAN should assume the initiative for a well balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The Association now sponsors football, baseball, basketball, cross country, wrestling, golf, tennis, softball, gymnastics, truck and field, and girls’ play days. State championships
are determined in cross country, swimming, wrestling, basketball, track and golf.

A study of the men who have served on the Board of Control through the years will show clearly that the activities of the IHSAA have been in good hands. The titles and addresses are given as they were when the men were Board of Control members. A complete list of former Board members follows:

(Copied from Introduction to first printing of Constitution in 1904)

“The purpose of this organization is the encouragement and direction of athletics in the high schools of the State. No effort has been made to suppress or even to repress the athletic spirit that is everywhere in evidence in our schools. On the contrary, this organization gives recognition to athletics as an essential factor in the activities of the pupil and seeks only to direct these activities into proper and legitimate channels.”

  e. The regulation type of baskets, as described in the official rules, shall be used in all IHSAA tourneys, but other types of baskets may be used in single games by mutual consent prior to the game. Each basket ring and the attaching flange and braces shall be bright orange in color.
  f. The molded type of basketball, tanned in natural or orange leather color, shall be used in all IHSAA tourneys. Other types and other colors may be used in single games by mutual consent prior to the game.
  g. All games other than first-team games shall be played in quarters of six minutes in length.

Rule 3. The National Alliance Edition of Track and Field Rules shall govern in Track with the following exceptions:
  a. Rule 2. Regarding a Games Committee shall be void.
  b. Scoring: Four places shall be counted in all meets except the State final meet and the places shall count 5, 3, 2 and 1. In the 1924 Annual Meeting it was voted to score as follows in the State Meet:

Rule 6. There shall be ten separate days of organized practice under the direct supervision of the high school coaching staff by each player preceding participation in inter-school contests in the following sports: basketball, football, gymnastics, track, cross country, swimming and wrestling. Only one practice may be counted for any one day.
Rule 7. No inter-school basketball games shall be played by students or schools prior to November 1 of each year or after the closing date of the sectional tournaments of the State Basketball Championship Series each year, except by such students and such schools as are participants in the tourney of the State Basketball Championship Series; and the close of the basketball season for these students and schools shall be not later in any event than the date of the Final Tourney or not later than the elimination of the school in one of these tourneys if earlier than this final tourney date. (The penalty is suspension.)

Students playing independent, league, recreation or organized basketball games, before November 1 or after the closing date of the Sectional Basketball Tourney of the State Basketball Championship Series, make themselves ineligible for all inter-scholastic athletics until January 1 of the following year. A prospective student-athlete who engages in a practice, scrimmage, tryout or otherwise demonstrates his athletic ability either on or off the campus for a college shall be considered in violation of this rule.

Rule 8. The maximum number of games for the regular schedule of any team in basketball shall be eighteen. (The penalty is suspension.)

a. A player may participate in a maximum of seventy-two quarters of interschool basketball, and one invitational tourney during any one season. No player may participate in more than four quarters in any one session. If a player participates in two invitational tourneys, the quarters played in one tourney shall be included in the seventy-two quarters permitted during the season.

b. A record of the quarters played in basketball by individual players shall be kept on file in the principal's office at all times for his information in certifying eligibility of players.

Rule 9. Teams and players may participate in two basketball tourneys in addition to the tourneys of the State Basketball Championship Series under the following provisions:

a. The games in one tourney may be in addition to the regular schedule.

b. The games of the other tourney shall be included within the eighteen game limitation for the season's schedule.

c. Teams or players participating in a tourney which extends into a second week shall not be permitted to enter a second tourney.

d. No tourney shall be scheduled to extend over more than two consecutive weekends.

The penalty for violation of this rule is suspension.

Rule 10. All organized or formal basketball practices by players or teams shall be limited to the period beginning October 1 and ending with the date of the State Final Championship Basketball Tourney each school year.

Rule 11. All basketball tourneys, other than the State Championship Tourney Series, shall be held prior to February 1 of each year.

Rule 11a. No inter-school basketball tourney which involves more than four schools, shall be held without the sanction of the IHSAA, except where all the schools are located in a single county.

Rule 12. "Donkey Basketball," "Skrubbale," or any similar game in which a basketball and/or basketball goals are used shall be considered a game of basketball. High school students who participate in "Donkey Basketball," "Skrubbale" or similar games, shall be subject to IHSAA eligibility rules the same as in regular basketball games.

Rule 13. All inter-school football games by players or teams shall be limited to the period beginning with the opening date of school or September 1 if school is not in session and ending November 30 of each calendar year. The penalty to a school for playing football after November 30 of any year shall be suspension, and the penalty for a student or playing shall be ineligibility for all inter-school athletics until the following November 30.

Note: It is assumed that any member school which participates in an inter-school football game under the above rule before the opening day of school does so with the approval of the Board of School Trustees through the Superintendent of Schools.

Rule 14. All organized or formal football practices by players or teams shall be limited to the period beginning August 15 and ending November 30 of each school year.

Rule 15. Football practices shall be held on the regular practice or play field and under the direct supervision of the member school coaching staff.

Rule 16. The maximum number of inter-school games for any team in football shall be ten and one jamboree.

a. A player may participate in a maximum of forty quarters of interschool football, exclusive of one jamboree, during any one season. No player may participate in more than four quarters in any one day.

b. A team or player may participate in not to exceed two quarters in one football jamboree without such participation being charged as a game or quarters played.

c. No team or player shall participate in a football jamboree later than the second calendar day prior to the first scheduled football game.

d. A record of the quarters played in football by individual players shall be kept on file in the principal's office at all times for his information in certifying eligibility of players.

e. Schools shall be limited to the playing of one (1) inter-school football game in a calendar week for each team sponsored. A student may participate in only four (4) quarters of interschool football in any calendar week. (Calendar week defined as Monday through Saturday.) The rule to be effective with the 1963 football season.

Note: A football jamboree is defined as a football contest in which four or more schools, divided into two groups, participate with the winner being determined on the basis of the total points scored by each group.
Rule 17. No inter-school contests shall be played prior to the opening of the school year in the fall. (Exception, See Rule 13.)

Rule 18. There shall be no inter-school athletic contests played, or practices held on Sunday.

Rule 19. No games shall be played with high schools of this state not belonging to this Association unless such high school is not eligible for membership in the IHSAA. This rule does not prevent a member of the Association from playing high schools outside of the state nor from playing non-high schools within the state, provided all players on the IHSAA teams are eligible in every way and also provided there are no high school students of Indiana on the opposing teams. No athletic contest shall be held with any high school of another state that is not a member in good standing of its State High School Athletic Association, if eligible for membership.

Rule 20. Withdrawal of a school athletic team from an athletic contest will jeopardize the standing of the school in the IHSAA.

Rule 21. A high school shall not be considered eligible to enter a sectional basketball tourney in the IHSAA in any year unless the team representing the high school has played eight (8) interscholastic games during that season, and before the Official Entry Blank for Tourneys is filed in the IHSAA office.

Rule 22. Participation, directly or indirectly, in the management, supervision, player selection, coaching or promotion of all-star high school teams, high school championship teams or similar teams in contests in any sport, having or not having definite seasons in the IHSAA, unless under the supervision and auspices of the IHSAA by member schools, by their school officials or by their teachers, shall be considered a violation of the spirit and purpose, if not the actual wording of these rules and regulations; and schools violating the spirit, purpose or wording of these rules and regulations as indicated herein shall cause their school to be suspended from the IHSAA for such length of time as the IHSAA Board of Control deems advisable. Approved officials shall be suspended for promoting such contests.

Rule 23. Boys and girls shall not be permitted to participate in inter-school athletic games as mixed teams, nor shall boys' teams and girls' teams participate against each other in inter-school athletic games.

Rule 24. It is recommended that principals, in arranging for games, provide a forfeit of $25.00 to be exacted should there be a failure on the part of either party to carry out the arrangements made. Should such forfeitures be stipulated and not be paid during the same season, the Board of Control after hearing both sides, shall have authority to suspend the delinquent school from the Association. Notification of such suspension shall be published in the papers with cause therefor.

Rule 25. Pupils may be permitted to play on baseball and softball teams other than teams representing their school during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA.

a. Member school students must not play under assumed names, nor accept remuneration directly or indirectly for their playing.

b. Reasonable meals, lodging and transportation may be accepted by a student if such are accepted in service rather than money or in some other material form. The IHSAA expects all member school students to so conduct themselves at all times that they, their school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

d. A member school student who participates in a sport during a season on any team other than his school team, becomes ineligible in that sport for the remainder of the season. Note: The season for golf, baseball, softball, swimming and tennis defined as the period beginning with the opening day of school and ending with the closing day of school, each school year.

e. Member school students, who play on baseball teams other than their school teams during the school year, must have written permission of their high school Principal on file in the Principal's office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the school Principal.

f. Note: Permission granted by a Principal to a boy to play baseball on a team other than his school team during the school year makes the boy ineligible for the school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the Principal informed about his students.

Note: It is not considered a violation of present IHSAA rules for a member school, during the summer vacation period, to sponsor a team composed entirely of its own students in such sports as baseball, softball, tennis, and golf. While an athletic contest conducted under this interpretation would be similar to that of other independent amateur organizations, it is recommended that participating schools, through their principals, mutually agree to abide by IHSAA rules except for such modifications as may be necessary.

g. The IHSAA considers that a member school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the school principal in each case.

h. The baseball season is defined as beginning and ending with the school year.

Rule 26. All organized or formal wrestling practice by students or teams shall be limited to the period beginning November first and ending with the date of the State Final Championship Wrestling Tourney each school year.

Rule 27. There shall be no scheduled wrestling meets or tourneys before November 22nd each school year.

Rule 28. The maximum number of dual meets for the regular schedule of any student or team in wrestling shall be fourteen. A student or team may participate in the following (1) Fourteen inter-
school dual meets and one tournament in addition to the State Tournament series, or (2) additional tournaments may be scheduled on the following basis: One tournament shall count as two dual meets. Weigh-in for all tournaments shall count only one weigh-in for each school for purposes of classification and qualification for participation in the State Tournament series. Note: An interschool wrestling meet which involves three or more schools shall be considered a tournament. A tournament shall count as one match for students.

Rule 29. In dual meets, during the weigh-in period each coach shall record the name of the student who is to wrestle in each weight class. These students shall wrestle unless due to illness or other extenuating circumstances, they are unable to do so. Substitutions can be made only by mutual consent of the coaches. Penalty: Forfeit of the match. One additional eligible student in each weight class may be weighed-in at dual meets and tournaments for the purpose of meeting minimum weight classification requirements for the State Tournament series.

Rule 30. A student shall be considered as having engaged in a bout if he has officially weighed in, his name has been recorded in the official scorebook, and he has appeared on the mat in uniform, willing to wrestle.

Rule 31. By mutual agreement of competing schools, the intercollegiate rule relating to maximum and minimum weigh-in time, may be used in dual meets only. The weigh-in may be conducted by any faculty member appointed by the principal except the wrestling coaches. The principal or his representative shall sign the scorebook certifying that the students have met the weight requirements.

Rule 32. Each time a student enters a dual meet or tournament his actual weight shall be recorded, at weigh-in time, in the official scorebook in ink and signed by the referee, and by the principal or his representative if early weigh-in is mutually agreed upon. The home scorebook shall be the official book.

Rule 33. A student may not wrestle at more than one class above his actual weight.

Rule 34. A ninth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

Rule 35. Students in schools having preparatory membership in the IHSAA may participate on the following bases:

a. A student must meet the eligibility rules of the Association in all respects.

b. Students in the ninth and/or tenth grade in a school having preparatory membership may compete against only ninth and/or tenth grade students from other member schools.

c. Schools with preparatory memberships may participate in tournaments and meets in accordance with the membership regulations in Article II, Section 2, of the IHSAA Constitution.

d. Schools having preparatory memberships in the IHSAA may not use students below the ninth grade on their athletic teams in interscholastic games.

e. Schools having preparatory memberships may not compete with schools who do not hold membership in the IHSAA, if such schools are eligible for membership.

f. The principal in a school holding membership is responsible to the IHSAA for the conduct of athletics in that school.

Note: Schools holding preparatory memberships are subject to all rules and regulations of the IHSAA with the modifications given above.

Rule 36. Students in schools having junior membership in the IHSAA may participate on the following bases:

a. A student must meet all the eligibility rules of the Association in all respects.

b. Junior membership teams may compete against only ninth and/or tenth grade teams and students from other member schools.

c. Schools with junior membership may participate in tournaments and meets in accordance with the membership regulations in Article II, Section 2, of the IHSAA Constitution.

d. Schools having junior membership in the IHSAA may not use students below the ninth grade on their athletic teams in interscholastic games.

e. Schools having junior membership may not compete with schools who do not hold membership in the IHSAA, if such schools are eligible for membership.

f. A ninth grade student who is eligible in a school having junior membership may compete on either his team or the senior high school team of his district, but not both. A student who is advanced to the high school team in one sport may not return to his school team in that sport.

g. A ninth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

Note: Schools holding junior memberships are subject to all rules and regulations of the IHSAA with the modifications given above.

DIVISION IV

GIRLS' ATHLETICS

Rule 1. Girls' athletics are bound by the rules and regulations of the IHSAA except for participation in Girls' Play Day programs.

Rule 2. Rules for girls' contests shall be those published for the division for Girls and Women's Sports of the American Association for Health, Physical Education and Recreation.

Rule 3. Inter-school basketball games and tournaments are not recommended for girls.

Rule 4. It is recommended that women coaches and officials be employed for girls' contests and Play Day programs.

Rule 5. Girls' basketball teams may not play in state or national tournaments.
Rule 6. Play Day program for Girls:

a. A Play Day is a meeting of more than two schools where the program consists of games, sports, folk dancing and social entertainment. Participation is on the basis of color or mixed teams chosen by lot and does not represent specific schools.

b. Parents' and physicians' certificates are required for Play Days.

c. Scholarship, out of season participation, age and enrollment requirements are the same as for interschool competition.

d. Play Days shall be approved by the principals of the schools concerned and certification given for the girls participating in them.

e. Girls who play on color or mixed teams in a Play Day program which may include swimming, archery, tennis, track, volleyball, basketball, softball, etc., do not make themselves ineligible for their own high school teams in these sports in regular interschool games.

DIVISION V
ELIGIBILITY RULES

A. Certification of Eligibility—

Rule 1. The eligibility of all contestants shall be certified to by the principal of the school in accordance with the rules hereby adopted. Such statements shall be exchanged by the principals, in writing, prior to the beginning of any contest.

Rule 2. In cases of disputes, the principal must furnish the Board of Control the following data in regard to each contestant: The date and number of semesters of enrollment in high school; the number of years he has been a member of a secondary school athletic team; date and place of birth; average mark in each subject for the preceding semester in high school; average mark in each subject from the beginning of the current term and semester. A school which does not furnish this data shall be denied championship honors, and may be excluded from all games, tourneys and meets.

B. Scholarship—

Rule 1. Each contestant must have and be maintaining for the current semester, a passing grade in each of four or more subjects requiring a minimum of twenty regular high school recitations per week, exclusive of rhetoricals, physical training, military drill and deportment; in his last preceding semester in school he must also have met the same requirements throughout the entire semester.

Military Science and Tactics may be accepted for scholarship eligibility, provided it is approved by the State Department of Education as a full-time, solid subject; that it may be counted toward graduation from high school; and that it cannot be substituted for required courses in physical education.

Note: Schools having lengthened periods must meet the time equivalency.

Interpretation—

The part of Rule 1, Division V, under Scholarship in the IHSAA Rules and By-Laws reading, "—a passing grade in each of four or more subjects requiring a minimum of twenty regular high school recitations per week" is interpreted to mean—"a passing grade in each of four regular high school subjects having a full semester value and for which a full semester credit is given." The combination of two subjects, not excluded in this Division in the By-Laws, which total credit value is equal to one full semester credit, may be counted toward eligibility for one and only one of the four regular high school subjects of full semester credit value, provided the two combined subjects remain the same subjects throughout the semester in which they are counted.

Students enrolled in a regular high school course granting two credits due to the fact that additional time and study are required to meet academic requirements, may count the grades in this course as equivalent to two subjects.

Rule 2. Students enrolled for the first time must comply with the scholarship requirements of the rules, the average standing required for the preceding semester being obtained from the records of the last secondary school attended.

Rule 3. In each of the subjects representing the minimum requirement of work specified in Rule 1 above, the following shall govern: (a) for the current semester the average of the period grades up to the time of certification must be passing; (b) for the current or school grading period the average of the daily or weekly grades must be passing; (c) if the average of the period grades at the beginning of any grading period is below passing in any subject, the pupil is ineligible as far as that subject is concerned for the entire grading period.

Rule 4. Back work may be made up during the summer and counted toward eligibility provided: (a) it be done in a regularly approved summer school or according to procedures approved by the State Department of Education (b) no more than two credits be given for work done during the summer months (c) all work be done and the credits be made a matter of final record in the principal's office prior to the opening date of the semester in which eligibility is desired (d) all work and credits be bona fide in every way and certified as such by the high school principal. In all other cases, the record at the end of a semester shall be final. Deficiencies in one semester cannot be made up in a subsequent semester for qualification purposes during that semester. An incomplete or condition at the end of a grading period or semester counts as a failure.

Rule 5. Passing work is meant work of such character that credit should be entered on the school records were credit given at the time of certification.

Rule 6. A student who withdraws for the semester within the first 15 days shall not be considered ineligible as to scholarship at the beginning of his next semester of enrollment, provided he was eligible when he withdrew.

Rule 7. Any student who carries at least fifteen hours of regular high school work is a high school student, provided such a student
has been promoted to high school in the regular way and according to good school procedure.

C. Enrollment—

Rule 1. No student, who has been enrolled as a high school student in any member school, shall be permitted to participate in any inter-school contests as a member of another member school until he has been enrolled in such school for one calendar year, unless the parents of such student actually change their residence to the second school district. In the latter case, the student will be as eligible as he was in the school from which he withdrew (See Enrollment Q. and A. 12-4).

Rule 2. A student enrolled in one member school of a city or school corporation shall not be eligible in another school of the same city or school corporation until he has been enrolled in the other school for one calendar year, unless there are definitely marked school districts and his parents actually change their residence to the new school district.

Rule 3. Students finishing the courses offered in high schools maintaining less than four years of high school work and transferring, are not bound by this section. (See Enrollment Q. and A. No. 6.)

Rule 4. The fact that a transfer has or has not been issued, or that the student pays or does not pay his tuition, has no bearing except when the omission of a transfer or payment of full tuition is done for the purpose of unduly influencing a student to enroll for athletic reasons. (See Undue Influence rule.)

Rule 5. No student who has transferred from another high school shall be certified for inter-school athletics until the principal has on file an IHSAA Athletic Transfer Blank, signed by the principal of the school from which the student transferred.

Rule 6. No person, who has been enrolled as a student in an institution of college standing, and has done work which may be counted toward a degree in that institution, shall be eligible as a member of any athletic team under IHSAA rules in any contest with any other team, either within or without the State of Indiana.

Rule 7. Enrollment eligibility shall be limited to eight semesters with the understanding that a student who enrolls in the ninth grade for the first time at the beginning of semester two may choose either his first or ninth semester for enrollment eligibility. A mid-year student who participates in any sport during his first semester becomes ineligible for all sports during his ninth semester.

Rule 8. Any student who has been enrolled more than fifteen (15) school days between September 1 and December 1 for four times, shall be ineligible for football.

Rule 9. Any student who has been enrolled more than fifteen (15) school days between December 1 and March 1 for four times shall be ineligible for basketball, except a student who entered high school for the first time during the second semester of a school year and who did not participate in any game during this semester, shall not be ineligible for basketball until he has been enrolled thereafter fifteen (15) or more school days between December 1 and March 1 for four times.

Rule 10. A student who has participated in one or more inter-school athletic contests, and who is forced to withdraw for the semester during the first fifteen (15) school days because of a disability incurred in connection with athletics, shall not be considered as having participated for that semester. The disability shall be certified to by a physician licensed to practice medicine in Indiana.

Rule 11. Any student who has been enrolled more than fifteen (15) school days between March 1 and June 1 for four times, shall be ineligible for baseball, track, golf, tennis and other spring sports, except a student who entered high school for the first time during the second semester of a school year and who did not participate in any game or meet during this second semester shall not be ineligible for baseball, track, golf, tennis and other spring sports until he has been enrolled thereafter fifteen (15) or more school days between March 1 and June 1 for four times.

Rule 12. A student who withdraws for the semester within the first fifteen (15) days of school without having participated in an inter-school athletic contest, shall not be considered as having had an opportunity to participate that semester.

Rule 13. In order to be eligible for athletic competition during any semester, a student must have entered some high school within the first fifteen (15) school days of the semester in which the contest occurs.

Rule 14. Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have been enrolled, then enter the new school in the district in which their parents reside with residence eligibility in each school during enrollment therein.

A student who resides with his parents and attends high school in their residence district may remain as a student with eligibility in athletics in this high school even though his parents move to another school district, provided no undue influence is attached to the case in any way. (This rule is primarily to enable seniors to remain in the school in which they enrolled and remain eligible to compete in athletics when it is impractical for them to move with their parents.)

In every instance when the parents of an underclassman move, the principal must inform the parents of the IHSAA rule and if the athlete remains in the school after his parents move from the school district, it shall be the duty of the principal to check before he is certified for athletic eligibility. The principal shall report the circumstances and reasons why he remained in the school district on the form (Form J) prepared for that purpose. This report shall be sent to the IHSAA Office and to the principal of the high school in the district to which the parents moved. A student is not eligible under this rule until his residence eligibility report has been reviewed by the IHSAA.

Rule 15. A student who, because of unavoidable circumstances such as the death of the parents or guardian, finds it necessary to change residence from one school district to another in order to have a home, may be declared eligible by the Board of Control, provided the principal of each member school files a statement, with
supporting evidence, with the Board of Control as proof that the change was necessary and that no undue influence was attached to the case in any way. If any action of a legal agency is to be submitted as evidence of unavoidable change of residence such action should be taken prior to the student’s enrollment in the new school.

Rule 16. Change of residence as used in these rules shall mean a bona fide move about which there is no question. If the case is that of a change of residence of parents, the change shall be definite and complete.

Rule 17. A student who becomes ineligible under the rules of another state cannot remove that ineligibility by transferring to an Indiana high school. Note: Questions in a case of this kind are to be referred to the Board of Control.

D. Participation—

Rule 1. Any student of a member school who participates in an athletic contest as a member of any other similar team the same season, shall be ineligible to compete under these rules for the remainder of that season.

Rule 2. A student, who has played in one or more inter-scholastic games in any season shall be regarded as having engaged in athletics for that season. (See Exception, Rule 10 , under “Enrollment.”)

Rule 3. A student who has participated in an inter-scholastic contest any one semester when ineligible is ineligible the remainder of that semester and all of his next semester in school.

Rule 4. A member school student who participates for demonstration purposes, or otherwise, in a coaching school or clinic outside the State of Indiana becomes ineligible for inter-school athletics for a period of time as may be decided by the Board of Control.

E. Parents and Physicians’ Certificates—

Rule 1. Previous to a student’s first practice for any interscholastic athletic contest, he shall have on file in the Principal’s office for each school year, a Parent and Physician’s certificate of physical fitness, giving the written consent of the father, mother or guardian for such athletic participation. The physical examination shall be made prior to the student’s first practice for any interscholastic athletic contest by a physician licensed to practice medicine in Indiana.

Rule 2. Previous to the student’s first inter-school participation, the principal shall certify to the IHSAA that the certificates required herein are on file in his office.

Rule 3. A student properly certified to participate in interscholastic athletic activities, who is absent from school or who is physically unable to practice for five consecutive days due to illness or injury, must present to his principal a statement from a physician licensed to practice medicine in Indiana that he is again physically fit to participate in interscholastic athletics.

F. Undue Influence Rule—

Rule 1. The use of undue influence by any person or persons to secure or to retain a student or to secure or to retain one or both of the parents or guardians of a student as residents, may cause the student to be ineligible for high school athletics for a period subject to the determination of the Board of Control and shall jeopardize the standing of the high school in the IHSAA. By action of the Athletic Council and Board of Control this rule is interpreted to include any undue influence that may be exerted by anyone on a student who has not yet entered the ninth grade, to enroll in a school other than his home school or the one he ordinarily would be expected to attend or any school where he and/or his parents previously had filed a choice of subject matter card or other written evidence of preliminary enrollment or registration.

G. Post Graduates—

Rule 1. Post graduates are not eligible but students graduating from regular courses of less than four years in length shall not be deemed post graduates.

Rule 2. A student is a post graduate of a high school when he has completed the work required for graduation by that school and has received his diploma provided the school offers four years of work.

Rule 3. Students meeting requirements for graduation in three and one-half years in a high school with a regular four-year course shall be eligible to participate in school athletics the last half of the fourth year, provided they meet all other eligibility rules of the IHSAA.

H. Age—

Rule 1. Students shall be ineligible for any (interschool) athletic competition upon reaching nineteen years of age; with the following exceptions: if the student’s nineteenth birthday occurs on or after August 1 , he is eligible for fall sports; if the twentieth birthday occurs on or after November 1 , he is eligible for winter sports; if the nineteenth birthday occurs on or after March 1 , he is eligible for spring sports.

I. Amateurness—

Rule 1. All contestants in the IHSAA must be amateurs.

Rule 2. Professionalism is defined in the IHSAA as accepting remuneration, directly or indirectly, for playing on athletic teams, for officiating in athletic games or for managing athletic teams; or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. Any member school student who directly or indirectly signs a professional contract loses his amateur standing and immediately becomes ineligible for all inter-school high school sports.

Rule 3. A member school student shall be considered as violating his amateur standing if he participates in athletic activities, schools, tryouts, practices and games held or sponsored by professional athletic organizations, clubs, or their representatives during the season of a sport or between the seasons of a sport. This rule applies to all sports except baseball during the summer vacation. (See Rule 4 following.)

Rule 4. A member school student shall not be considered as violating his amateur standing if he participates, during the summer
vacation, in baseball schools and clinics sponsored by professional
major and minor league baseball clubs.

Note—Any employee or school official of a member school who acts
as an agent or encourages any negotiations between
high school student and representatives of Organized Baseball prior
to the student’s graduation, is violating the Agreement between
the National Federation and Organized Baseball. Such action on
the part of any employee or school official may cause his school
to be suspended from the IHSAA for a period of time to be
determined by the Board of Control.

Any evidence that a representative of Organized Baseball is
attempting to or has signed a student prior to graduation should
be reported to the IHSAA at once. This is a violation of
the Agreement between the National Federation and Organized Baseball, and the penalty for such action is under the jurisdic-
tion of Organized Baseball.

Rule 5. Member school students may participate in independent
golf tournamens and meets during the summer vacation period without
violating their amateur standing, provided they do not accept cash or
merchandise prizes or the equivalent thereof. Medals or trophies
may be accepted.

Rule 6. No member school student shall be eligible to participate in
any inter-school contest under the rules of the IHSAA, if it shall
be shown that he or any member of his family is receiving any
remuneration, either directly or indirectly, to influence him or his
family to reside in a given school district in order to establish eligi-
bility on the team of said school, and any school permitting such participation shall, upon satisfactory evidence, submitted to the Board
of Control, be suspended from membership in the IHSAA for a
term of not less than one year. This rule shall not interfere with
the right of high school pupils to work during vacation or during
out of school hours in order to earn their way through high school.
It shall apply to the use of any funds created by gift or by sub-
scription with the intent of offering them or parts of them for the
free use of the player or any member of his family as an inducement
to get them to change their residence to the district of the said
school and to maintain residence therein.

Rule 7. Reinstatement of Amateur: A member school student,
who has violated his amateur standing according to the rules and
by-laws of the IHSAA may apply to the Board of Control for
reinstatement as an amateur in the association one calendar year
after the date he was declared ineligible on account of the viola-
tion, provided he has been in school throughout the year.

The application shall be signed by the student and his school
principal, and shall certify that one calendar year has elapsed since
the student was declared ineligible and that the student has not
violated amateur rules during that calendar year.

J. Conduct—

Rule 1. Any student, whose conduct or character is such, in the
judgment of his school principal or the Board of Control, as to
reflect discredit upon his school or upon the IHSAA, is not eligible.

K. Married Students—

Rule 1. Married students shall not be eligible for participation in
inter-school athletic competition.

Rule 2. Students who have been divorced or whose marriages have
been annulled are bound by the above rule.

L. Ineligibility—

Rule 1. In cases in which an ineligible student has been used, the
member school principal shall be held responsible and take action as
set out in the succeeding rules.

Rule 2. Inform the IHSAA office definitely by giving the name
of the student, the cause of ineligibility, the list and scores of con-
tests in which the pupil participated when ineligible, how the error
was made and other particulars about the case.

Rule 3. Send definite and explanatory letters to the opponent
principals of contests in which the student participated when in-
eligible, forfeiting points, games and honors won, and requesting
these principals to notify the IHSAA office as soon as they receive
these letters.

Rule 4. Consider and so declare the student not only ineligible for
all athletics for the current semester, but also for all of his next
semester following. Note—The IHSAA reserves the right to re-
quest additional information and to make final decisions after a
careful investigation has been made.

DIVISION VI

PRIZES AND AWARDS

Rule 1. The giving and receiving of awards and medals shall:
(a) be kept within reasonable bounds; (b) have symbolic value only,
and (c) be done by and with the consent and under the supervision of
the member school principals concerned.

Note—The giving and receiving of awards by and with the con-
sent and under the supervision of the member school prin-
cipals concerned shall mean that the member school principal
in each school shall have real control and supervision without
pressure of any kind from outside persons or groups of persons.

Rule 2. Only one sweater, jersey, jacket, blanket or similar article
may be given in each sport to a high school student for participation
in athletics in each school in which he may be enrolled.

Rule 3. Awards such as a trophy, metal football, metal basketball,
metal track shoe or similar article of symbolic value only may be
given in addition to the one award permitted in Rule 2, provided the
cost of the award shall not be more than the cost of the award in
Rule 2.

Note—The word “symbolic” shall be understood to refer to a
symbol, an emblem, or a token rather than to an article having
intrinsic value. A diamond ring, a gold watch, an automobile
or similar awards do not fall under the term “symbolic” even
if the award is duly inscribed. An inscription cannot validate
such awards in the IHSAA.
Rule 4. Schools belonging to athletic conferences, or participating in tournaments and meets under the rules of the IHSAA, except in the championship series conducted by the IHSAA, may make awards to the winning school or winning participants, provided such awards are made within the bounds of Rules 1, 2 and 3.

Rule 5. Suitable awards may be accepted by schools and/or students from such local organizations as: service clubs, patriotic organizations, civic groups, and the like. The acceptance of travel expenses, or the distribution of such expenses, shall be considered a violation of this rule.

Rule 6. The Board of Control shall have the authority to designate, give and control the medals and trophies to be awarded to the schools and to the individuals on state championship teams in any sport, with the understanding that these be kept within the bounds of Rules 1, 2 and 3.

Rule 7. Awards, medals, recognitions, gifts, trips and honors shall not be accepted by players or schools from colleges, universities and higher institutions of learning or their alumni. High school athletes should be permitted to complete their high school careers without being molested by outside sources. The acceptance of travel expenses either directly or indirectly from a college as a prospective student-athlete shall be considered a violation of this rule.

Rule 8. No member school or student shall accept a championship award unless the championship has been determined by the IHSAA or its member schools. No award of any type shall be accepted from any outside organization designating athletes as having “All-state” or “All-American” status.

Rule 9. Athletic equipment is considered as merchandise. Any student who attempts to evade the rule by “purchasing” a merchandise prize for a nominal or token sum will be considered as having forfeited his amateur standing in the IHSAA.

Rule 10. Penalties for violations of the above rule will be determined by the Board of Control after all the evidence and circumstances have been considered.

QUESTIONS AND ANSWERS REGARDING THE RULES, REGULATIONS, INTERPRETATIONS AND STANDARDS OF THE IHSAA

In order that the rules and regulations of the IHSAA may be as clear as possible, it has been thought advisable to print for general distribution these questions and answers. The correspondence of the IHSAA has been gone over carefully and has furnished these questions and answers almost entirely. The questions are real ones, as they have been asked by high school principals, coaches, superintendents, teachers, school board members and others who are in control or manage athletics in their respective schools and communities. The answers have been given according to the rules of the Association and the Interpretations of the several Boards of Control. It is hoped that these statements will clarify our rules and regulations, as well as establish working ideals and policies for the IHSAA.

APPROVED OFFICIALS AND RE-REGISTRATION OF OFFICIALS

The membership year for approved officials is from July 1 to June 30 each year. All membership cards issued prior to July 1 each year are void as of that date. Principals should not use officials whose names do not appear on the printed lists or who cannot show approval certificates issued for the current membership year.     A. The decisions of officials are considered final and binding.

12. Q. Does the IHSAA regulate the pay of officials?
    A. The pay of officials in tournaments and meets arranged by the Board of Control is regulated. In single games, the Principals and officials are expected to have contracts agreed upon prior to the games. The Board will adjudicate difficulties according to contracts.

    A. Yes, Registered officials are eligible to officiate the sport or sports in which they are approved.

15. Q. What is the difference between a Registered and a Certified official?

BASEBALL

1. Q. Does a high school student violate the rules of the IHSAA by playing independent baseball or softball during the summer?
    A. High school students may play independent baseball or softball during the summer months when school is not in session without jeopardizing their standing in high school, provided they do not accept remuneration, directly or indirectly, and also provided they do not play under assumed names. Reasonable meals, lodging and transportation may be accepted by such players if accepted in service and not in any other way. All such playing should be checked carefully by principals.

See Division V under Amateurism in the By-Laws
(Note: This answer applies to other summer sports, not having definite seasons, provided other rules and regulations of the IHSAA are observed.)

2. Q. Is a student, who plays on an independent baseball or softball team during semester one, ineligible for high school baseball or softball during semester two?
    A. Yes, such a student is ineligible for baseball or softball for semester one and two, also, as baseball or softball is a school year sport.

3. Q. If a student plays on an independent team in baseball or softball during the school year, does he make himself ineligible for both baseball and softball in high school?

4. Q. Are baseball and softball considered separate sports?
    A. Yes, except that an official who is approved in "Baseball" may be considered eligible to officiate either baseball or softball.

5. Q. May a school official or employee act as an agent between high school athletes and professional baseball?
    A. No, they are violating the agreement between the National Federation of High Schools and Organized Baseball. (See Division V under "Amateurism" IHSAA By-Laws.)
BASEBALL AND SOFTBALL

The following statements have been authorized by the Board of Control:

a. High school students may play on independent baseball teams during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA provided they do not play under assumed names and also provided they do not accept remuneration, directly or indirectly, for their playing. (For information concerning the participation of high school students in schools and clinics sponsored by Organized Baseball, see Division V, Rule 4 under “Amateurism.”

b. Reasonable meals, lodging and transportation may be accepted by the students if such are accepted in service rather than in money or in some other material form. The IHSAA expects all high school students to so conduct themselves at all times that they, their high school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

d. High school students, who play on baseball teams other than their high school teams during the school year, make themselves ineligible for baseball in high school in that school year.

e. High school students, who play on baseball teams other than their high school teams during the school year, must have written permission of their high school principal on file in the principal’s office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the high school principal. See Note.

f. The IHSAA considers that a member school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the high school principal in each case. See Note.

See Note.

Note: Permission granted by a principal to a boy to play baseball on a team other than his school team during the school year makes the boy ineligible for the school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the principal informed about his students.

   A. The game limitation applies to any team—first, second, third, etc.

3. Q. Are students limited to eighteen scheduled games?

7. Q. Has the IHSAA established the size of a regulation basketball floor?
   A. No, but the IHSAA uses 84’x50’ in the semi-State, and State Final, and recommends all floors to be marked with the four foot end-line.

8. Q. Is there a limit to the number of players a coach may use in a basketball game?
   A. No; except in games and tourneys sponsored and managed by the IHSAA Board of Control.
9. Q. When does the basketball season begin and end for teams and individuals?

    A. No, the wording of the rule and the spirit of the rule are clear and binding.

13. Q. Are vocational, agricultural and similar teams and players bound by the rules and regulations of the IHSAA?
    A. Yes, all member school teams and players are subject to these rules and regulations. The member school principal is responsible for all players and teams representing the high school in any way.

14. Q. May the same player be used in more than one basketball game during the same evening or in the same half day (morning or afternoon session)?
    A. Yes, but players are limited to only four quarters in any one session.

3. Q. Are “paid” coaches permitted in the IHSAA?
   A. No, any remuneration received by a coach must come from the school trustee or the school board from school money and not from other sources.

CONTRACTS

1. Q. May a member school cancel a contract for an official or game without making settlement?
   A. No, contracts are binding and a settlement by mutual consent or according to the stipulations of the contract must be made.

2. Q. Is there any penalty for the cancellation of a contract by an official?
   A. The IHSAA expects all approved officials to abide by their contracts and will handle on its merits any case of violation by the school or official.

3. Q. If contracts specify that first teams shall participate, can second teams be used?
   A. No, it is recommended that contracts specify the ranking of the teams.

4. Q. If game contracts do not clearly specify the ranking of the teams what ranking is understood as binding?
   A. First team ranking.
5. Q. How may member school principals secure blank contracts for games and officials?
   A. By writing to the Commissioner.

   ENROLLMENT

   (See Undue Influence Rule. It Takes Precedence.)

1. Q. What is a five-year man?
   A. Students who have been enrolled in high school for more than fifteen (15) school days between September 1 and December 1, or between December 1 and March 1, or between March 1 and June 1, for four times are ineligible respectively, for football, basketball, wrestling and spring athletics, with the following exceptions:
   A student who enters high school for the first time at the beginning of semester II of any school year, may be enrolled four times of fifteen (15) or more school days each between December 1 and March 1 following this first semester of his enrollment, and he may be eligible for basketball for these four seasons provided he does not play in any game during his first semester of enrollment. A student, who enters high school for the first time at the beginning of semester II, may be enrolled four times of fifteen (15) or more school days each between March 1 and June 1 following this first semester of enrollment, and he may be eligible in spring athletics for these four semesters, provided he does not participate in spring athletics during his first semester of enrollment. Participation in a sport in a school year counts as participation in that sport for one school year.

* * * *

2. Q. May a student, who has been in high school four full years, but who has not participated in any athletics, participate in athletics?
   A. No, enrollment rather than participation is the determining factor in such cases.

* * * *

3. Q. Which is the determining factor in eligibility—enrollment or participation?
   A. Either one may cause ineligibility. Both are factors and must be considered.

* * * *

4. Q. If a student changes high schools, when is he eligible?
   A. He is just as eligible in the new school as he was in the old school, provided his parents actually, legitimately and correspondingly change their place of residence to the new school district and provided the student changes high schools at that time. Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have enrolled. If the parents do not actually change their place of residence to the new school district, the students will be eligible after they have been enrolled one calendar year in the new school, provided no undue influence is used by any person to secure them as students or their parents as residents. See "undue influence" rule.

* * * *

5. Q. What is considered enrollment in a semester?
   A. Attendance for any length of time or enrollment that may be considered attendance for any length of time. (See exceptions under "Enrollment" Division V, IHSAA By-Laws.)

* * * *

6. Q. When are students, who finish the work given in one member school, eligible in another school?
   A. Students finishing the work in a member school giving less than four years of high school work are just as eligible in a new school as they were in the old school. Students who complete the ninth grade in a junior high school in a school corporation that also maintains a senior high school are not considered eligible if they enroll in a high school outside their regular high school district.

* * * *

7. Q. What is a semester?
   A. One-half of a school year constitutes a semester in the IHSAA and parts of two semesters or a part of one semester does not make a semester.

* * * *

8. Q. Does the fifteen (15) day enrollment requirement mean school or calendar days?
   A. School days.

* * * *

9. Q. If a student fails in all subjects for a semester does his enrollment count as a semester?
   A. Yes, enrollment is enrollment and always counts as such.

* * * *

10. Q. Is a student, who has been out of high school for a semester or more and who has played independent ball during that time, eligible when he enters school at the beginning of a semester?
A. Yes, unless he violated his amateur standing in some way by playing on the independent team and provided he is eligible in all other ways.

11.

Q. Are legal guardians considered as parents in the IHSAA?

A. Legal guardians may be considered as parents if the guardianship papers issued by an authorized court are submitted and approved, and if the student has been living with the guardian. The Board of Control reserves the right to check and act on the circumstances of a guardianship at all times.

12.

Q. If a student transfers from a member school located in one city or school district to a school in another city or school district, how is his eligibility determined?

A. By applying the requirements of the change of high school rule in the IHSAA Constitution and By-Laws.

Following are some statements which will help to clarify the "Change of Residence Rule":

1. Under normal circumstances, a student usually attends high school in the district where his parents reside.

2. If the parents move to another school district, the student is eligible as follows: (a) if he changes schools at the same time parents change residence, (b) if parents change during a semester, the student may change at the end of that semester but no later and (c) student need not change schools at all, provided no undue influence is used to retain him there. A student not transferring who is an underclassman is not eligible until a "Residence Eligibility After Parents Move From District" form has been reviewed by the IHSAA.

3. A student who changes schools without a corresponding change of residence by the parents is ineligible for one calendar year —but if the parents actually change their residence to the new district within the year, the student becomes eligible immediately.

4. If a student attends a school outside his home school district and subsequently returns to his home school, he is ineligible for one calendar year. This also includes military, private, and religious schools which offer work on the secondary school level.

5. A student who changes schools because of unavoidable circumstances such as the death of a parent or guardian may be declared eligible by the Board of Control, provided the principal of each school concerned signs a statement that the change was unavoidable, in order that the student have a home. Each case is checked carefully before a decision is made by the Board of Control.

6. If a student changes schools because of an action by a legal agency taken before the change is made, a copy of such legal action may be filed with the IHSAA in connection with proof that the change of schools was unavoidable.

7. A student, whose parents are separated or divorced and reside in separate school districts, may choose residence with either parent with residence eligibility. Once his place of residence has been determined, either by order of the court, or mutual agreement of the parents, he cannot change residence to the home of the other parent without losing eligibility for one calendar year.

8. A student who has been enrolled in Indiana Boys' School may return to his home school with the same residence eligibility as when he left. Credits earned in the state school are considered the same as those earned in any other high school so far as eligibility is concerned.

9. It is the duty of the principal to check carefully the record of every student who transfers from another school. The principal should also advise the students who contemplate making a change of schools as to the rules of eligibility regarding change of residence.

10. No student who has transferred from another school is eligible until the principal has on file an IHSAA Athletic Transfer Certificate.

GAMES

Q. What is considered a game of basketball?

A. A game of any kind in the IHSAA is an "inter" contest as distinguished from an "intra" contest. An "inter" scrimmage is a game.

Q. May a member school of the IHSAA schedule and play single games with teams and schools in Indiana not members of the IHSAA?

A. Yes, provided these teams and schools are not schools eligible for membership and also provided the members of the IHSAA observe all of the rules of the IHSAA. There should be no high school students on the non-member teams, except school teams not eligible for membership.

Q. What is the difference between a preliminary game and a regular game?

A. There is no difference as far as the IHSAA is concerned, as the same rules and regulations govern.

Q. If a "practice" game of basketball is played, is it to be counted as one of the eighteen games on the regular schedule?

A. Inter-"practice" games are regular games and must be counted as such. Intra-"practice" games are not counted as regular games. In fact, there are no such things as practice games in the IHSAA. There are practice games within the school only.
5. Q. Does the omission of an admission charge make any difference as to the designation of a contest as a game?
   A. No, games are “inter”-contests or “inter”-scrimmages with or without admission charges.

6. Q. Is an alumni game considered a game?
   A. Yes, such must be counted as one of the games permitted on the regular schedule.

7. Q. What is considered an “inter” game or an “inter-scrimmage”?
   A. Participation of students in an athletic contest with or against players not belonging to their school constitutes a game. A “scrimmage” or practice by students with or against teams or players not belonging to their school is considered a game.

8. Q. What date marks the end of the football season?
   A. November 30 of each year.

9. Q. May football practices be held any time during the school year?
   A. No, organized or formal football practices must be limited to the period beginning August 15 and ending November 30 of each school year.

10. Q. May a member school of the IHSAA schedule and play single games with high schools of other states?
    A. Yes, provided the high schools of these other states, if eligible for membership, are members in good standing in their state high school athletic associations. The principal is obligated to check this matter carefully.

11. Q. May practice periods in one school be counted as such in another school where a student changes schools?
    A. Yes, provided definite proof of the practice periods are on file from the principal of the school in which the practices were held.

12. Q. Must a boy, who has participated in football during the season, have ten days of organized practice in basketball before he is eligible to play in a game of basketball?
    A. Yes.

13. Q. In what sports are ten days of practice required before a student is eligible to participate in an inter-school contest?
    A. Football, basketball, track, cross country, swimming, wrestling and gymnastics.

14. Q. Is a game between the faculty members and the member school students of a member school considered an intra-mural game or interschool game?
    A. Intra-mural game.

15. Q. Is a game between the alumni and the high school students considered an intra-mural game or an inter-school game?
    A. Inter-school game.

16. Q. Are “Donkey Basketball”, “Skruball” or other similar games considered basketball in the IHSAA?
    A. Yes, and all IHSAA rules are binding.

17. Q. May member schools participate in meets and tournaments, in Indiana or in other states, in which more than two schools are entered, if one or more of these schools are non-members of their own state high school athletic association?
    A. No.

18. Q. May students participate in inter-school contests after their school is closed?
    A. Due to the great variation of time in which member schools close in the spring, (a) students may represent their schools in meets and tourneys sponsored by the IHSAA; (b) they may participate in scheduled contests where one of the two schools is still in session; (c) they may participate in a contest where both schools are closed, provided it was a regularly scheduled contest that was postponed because of weather conditions; and (d) graduating seniors may participate in contests according to the above conditions, even though they may have received their diplomas.

GIRLS' ATHLETICS
INDIANA LEAGUE OF
HIGH SCHOOL GIRLS' ATHLETIC ASSOCIATIONS

-Purpose-

Many girls in high school are interested in a more extensive program of physical education than can be provided in the regular physical education classes. This desire for a more extensive physical
education program has led many high schools to organize some type of girls' athletic association. In 1931 the Indiana League of High School Girls' Athletic Associations was formed, with the purpose of stimulating the co-curricular phase of the high school girls' physical education program. Membership in the League is open to any high school in the state of Indiana. The League has the endorsement of the Indiana High School Athletic Association and the Division of Health and Physical Education of the Indiana State Board of Health.

The State League offers much to both physical education teachers and students. It provides opportunities for sponsors and students to exchange ideas, share problems, receive encouragement, and engage in a variety of learning activities. The enthusiasm generated through the enjoyment of learning and doing things with people of like interests is one of the main reasons the League is steadily growing.

—Activities—

Each organization carries on its own program of varied activities for which points are given. The purpose of awarding points is to encourage regularity of attendance and to furnish a uniform basis for awards, if a school desires to use awards. The Sponsor's Handbook explains the suggested point system.

The State League sponsors activities on both a state and a district basis. Each spring the League, with the cooperation of a state college or university physical education department as host, sponsors a Wall Plaque Winners' playday. Attending this playday is perhaps as great an honor as winning the wall plaque, for here outstanding girls from all over Indiana come together for a day of fun and sport. Each fall the League sponsors a State Leadership Camp—training girls and inspiring both girls and sponsors to be better leaders in their organizations, schools and communities. District activities include dance days, playdays, basketball clinics, and weekend camps—usually two or three such activities each year.

   A. Yes, it is recommended however that women coaches be employed for girls. This applies to athletic officials also.

   A. No. (See Division III, IHSAA By-Laws.)

3. Q. May students, who are ineligible for the first team, play on teams of lower ranking?
   A. No, ineligibility for one team means the same for all teams.

4. Q. Is a Parents and Physicians' Certificate required of a student each school year prior to his first practice for any interscholastic athletic contest?
   A. Yes, this one certificate will satisfy the requirement of the rule for the school year in all interscholastic athletic contests except a student who is absent from school or who is physically unable to practice for five consecutive days due to illness or injury must present to his principal a statement from a physician licensed to practice medicine in Indiana that he is again physically fit to participate in interscholastic athletics.

5. Q. Does the IHSAA stipulate any price for tickets to other than tournies and meets held strictly under the supervision of the Board of Control?
   A. No, other than a recommendation that reasonable prices be made at all times for all games.

6. Q. Is a student, who is expelled from school one semester, eligible for the following semester?
   A. The IHSAA has no jurisdiction unless its rules and regulations are broken. Expulsion and suspension from school are usually not athletic matters at all. All rules of the IHSAA are binding on a student under expulsion or suspension. See conduct rule, scholarship rule and enrollment rule.

7. Q. May a member school support a grade team in the same school system out of its athletic funds?
   A. Yes, so far as the IHSAA is concerned.

13. Q. This question is often asked: "What will be the penalty for violation of such and such a rule?"
A. Penalties in the IHSAA are not assigned in advance, as this democratic organization is built on the idea that the observance of its rules and regulations is more to be desired than the enforcement of them. The IHSAA believes that the essence of proper and willing observance is higher than enforcement and that we should resort to enforcement only when observance fails.

14. Q. What is considered the school year?
A. A school year covers all time from the first day to the last day of the school year, including vacations. The IHSAA considers the first day of school to be the day that attendance is counted and teachers are paid.

15. Q. Are tourney schedules drawn or arranged?
A. All tourney schedules in the IHSAA are drawn by lot by the Board of Control.

28. Q. What constitutes the use of undue influence in the IHSAA?
A. An all-inclusive answer for all time and under all conditions cannot be given, but the use of any of the following inducements may come under the rule:
1. Offer or acceptance of money or other valuable consideration.
2. Reduction or remission of regular tuition.
3. Waiving the requirement of legal transfers according to law.
4. Offer or acceptance of board, room or clothing.
5. Offer or acceptance of remuneration for work in excess of amount regularly paid for such service.

11. Offer or payment of moving expenses of parents.
12. Any inducement to get parents or students to change residence for athletic reasons.

Q. Why should a school be penalized because some person outside of school uses undue influence?
A. Usually a school is not penalized unless it is involved or uses the student in question in athletics. In the second place, the results are the same whether some person in school or some person outside of school uses undue influence: An athlete that has been retained or secured through the use of undue influence and the school that uses such an athlete on teams in inter-school athletic competition profits by the use of undue influence.

Q. Is it the duty of the IHSAA to prove that undue influence has been used?
A. No, the member school principal has agreed to conduct his athletic activities according to the rules and regulations of the IHSAA. When there is a question, it is the duty of the high school principal to meet the question. He cannot certify that his students are eligible unless he knows that they are eligible.

Q. Are all students, who attend school outside the school district in which their parents live, required to present legal transfers or pay the regular tuition?
A. Check this matter with the Fiscal Officer of the State Department of Public Instruction. The report on aggregate attendance calls for definite information about transfers and tuition cases.

Q. What steps should be taken in ineligibility cases?
A. In cases in which an ineligible student has been used in inter-school athletics the following steps should be taken immediately by the member school principal:
1. Inform the IHSAA office definitely by giving the name of the student, the list and scores of contests in which the student participated when ineligible and full particulars about the circumstances surrounding the case. The IHSAA should be informed as to how the error was made.
2. Send definite and explanatory letters to the opponent principals of contests in which the student participated when ineligible, forfeiting the points, games and honors won and requesting these principals to notify the IHSAA office as soon as they receive these letters.
3. Consider and so declare the student not only ineligible for all athletics for the current semester but also for all of his next semester following.

The IHSAA reserves the right to request additional information and to make final decisions after a careful investigation has been made.

Q. What is considered the first day of school?
A. The first day of school is the first day on which attendance is counted and teachers are paid.

Q. Do seniors have any rights and privileges in athletics not granted to other students?
A. No, in fact, seniors should appreciate the opportunities that have been extended to them for four years and should be very loyal to the rules and regulations of their high school and of the IHSAA in which their high school holds membership.

Q. What constitutes a regularly employed teacher in the IHSAA?
A. The Board of Control has ruled that a regularly employed teacher is, and shall be, a regularly licensed teacher rendering full time service, as a teacher on a full time contract and regularly paid out of school funds. Specific questions require specific answers.

Q. Does the rule requiring football practices to be held on the regular practice or play field under the direct supervision of the high school coaching staff prevent summer football camps for high school teams and players?
A. Yes.
Q. Is it necessary for a member school to meet and maintain the policies, regulations and standards for the accreditation and classification of schools in Indiana in order to be a member of the IHSAA?
A. Yes.

PARTICIPATION

1. Q. May a student play on any team other than a member school team?
   A. A student becomes ineligible in his school for the entire season of that sport in which he participates as a member of any team other than his school team. There is an additional penalty for participation out of season as set out in the rules regarding football, wrestling and basketball.

2. Q. What is considered participation in a sport for a season?
   A. Playing in a part of one game or contest in a sport constitutes participation in that sport for that season. (See exception, Division V, under “enrollment.”)

3. Q. May member schools play against College, Y. M. C. A. and independent teams?
   A. Yes, in single games, but not in tourneys, meets and leagues. In single games the member schools must obey all of the rules of the IHSAA and there must not be any high school students on the opposing teams.

4. Q. May a student who plays on an independent team be permitted to participate in intra-mural athletics?
   A. Yes, IHSAA rules and regulations govern inter-school athletics only.

PRIZES AND AWARDS

1. Q. Is a member school permitted to give sweaters to athletes?
   A. Yes, the IHSAA recommends that the giving of prizes, gifts, sweaters, etc., be kept within reasonable bounds at all times and that such as are given have a symbolic value only. No more than one sweater, jacket or blanket in each major sport may be given to a high school student for participation in high school for the entire four years.
returned after they are won. (See Exception for Golf, Division V, Amateurism.)

PROFESSIONALISM

1.
Q. What constitutes professionalism in the IHSAA?
A. Accepting remuneration, directly or indirectly, for playing on athletic teams, officiating in athletic games or managing athletic teams, or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. (See Division V under Amateurism in the IHSAA By-Laws.)

2.
Q. If a student violates his amateur standing in one sport does he become ineligible for all sports?
A. Yes, a professional in one sport is ineligible for all sports.

3.
Q. Does a student become ineligible in all sports, if he plays on a team other than his school team in one sport?
A. No, a student becomes ineligible only in the sport in which he participates as a member of a team other than his school team, unless he violates his amateur standing or some general rule of the association and then he becomes ineligible in all sports. Playing basketball out of season makes a student ineligible for all sports until January 1 of the following year. Playing football out of season makes the student ineligible for all sports until the following November 30.

4.
Q. Are member school students permitted to play on teams that split the gate receipts among the players including the high school students?
A. No, this would be considered professionalism.

5.
Q. Does a student who receives money for his services as a lifeguard or as a caddie jeopardize his eligibility status in high school?
A. No, provided he merely receives reasonable and legitimate wages for services actually rendered.

6.
Q. May a student, who has violated his amateur standing be re-instated?
A. Yes, a member school student, who has violated his amateur standing according to the rules and regulations of the IHSAA may apply to the Board of Control for reinstatement as an amateur in the Association one calendar year after the date he was declared ineligible on account of the violation, provided he has been in school throughout the year.

The application shall be signed by the student and his school principal and shall certify that one calendar year has elapsed since the student was declared ineligible and that the student has not violated amateur rules during that calendar year.

7.
Q. Should a reasonably definite line of demarcation be drawn between professional athletic activities and high school athletic activities?
A. Yes, there seems to be no justifiable reason for a high school student to participate in professional athletics and also in high school athletics.

8.
Q. Should amateurism be defined by the IHSAA for its specific purposes or should the definitions of other organizations be accepted in the association?
A. Amateurism should be defined by the IHSAA for IHSAA purposes. There is no definition of amateurism acceptable to all organizations.

RESPONSIBILITY

1.
Q. Who is the responsible party in IHSAA athletics?
A. In the execution of its powers and duties, as designated and authorized in the Constitution of the Indiana High School Athletic Association, the Board of Control presumes that the principal of each member school voluntarily taking out a membership in the IHSAA has secured the consent of his superiors, the administrative head or heads of the school system, to take out said membership and that he, the principal, is the administrative head not only in name but in fact of the inter-school athletic activities of the school and of the students in the school.

Wherever and whenever in the IHSAA membership the conditions are found to be such that the school principal is not the administrative head in name and in fact of the inter-school athletic activities of the school and of the students in the school, the Board of Control will consider that the member school has broken its agreement with the IHSAA and has in fact removed itself from the membership in the Association.

The IHSAA Board of Control will assess at its discretion, after a careful investigation has been made, the penalties deemed necessary in all cases in which it is found that the member school principal is not the administrative head, in name and in fact, of the inter-
school athletic activities of the school and of the students in the school. The proof that the member school principal is the administrative head, in name and in fact, of the inter-school athletic activities of the school and of the students in the school shall rest in all cases with the school officials concerned.

2.

Q. Who is the proper official to sign contracts for games?
A. The member school principal always. This authority should not be delegated. IHSAA contracts (forms A and B) call for the signature of the principal.

3.

Q. Who may manage a member school team?
A. A member school principal or teacher authorized by him. Student management is not permitted.

SCHOLARSHIP
1.

Q. May back work be made up and counted toward eligibility?
A. Yes. Back work cannot be made up, however, during a grading period or semester for eligibility during that grading period or semester. Special privileges should not be granted to athletes. (See Summer School Work.)

2.

Q. Would a student, declared ineligible by one principal, be ineligible under another principal?
A. Yes, if the student is ineligible according to the rules of the IHSAA. The IHSAA has no jurisdiction unless its rules are violated.

3.

Q. May a student, who receives his high school diploma, be eligible afterwards?
A. No, the granting and acceptance of a high school diploma makes the student a high school graduate. (See exception under “Games” Question and Answer No. 18.)

4.

Q. May an ineligible student practice with the regular team?
A. Yes at home in regular practice, but ineligible students should not appear in athletic uniforms at games.

5.

Q. Does the IHSAA have a passing mark for scholarship?
A. No, the passing marks of the schools are usually honored, but the Board of Control reserves the right to check the validity of grades and credits and to act on their findings.

6.

Q. Who is a post-graduate?
A. A post-graduate is a student who has finished his high school work and has received his high school diploma. Students who have completed sufficient work to receive a diploma, but who continue in school until commencement, must be considered eligible or ineligible according to all other rules of eligibility, such as age, time in school, participation, work carried, etc.

7.

Q. To determine eligibility, what constitutes the last semester?
A. The last semester for any student is the last semester in which the student was enrolled in any school for any length of time after the first fifteen (15) school days.

8.

Q. At the end of the second grading period in a semester, is a student eligible if he makes passing grades in four regular high school subjects for this period?
A. In order to be eligible at the end of any grading period in a semester, a student must have passed in four regular high school subjects for the current grading period and his average grade in each of four regular high school subjects for all of the grading periods in that semester must be passing. A student must MAINTAIN his work in order to be eligible—weekly, by grading periods and by the semester.

9.

Q. Is a “condition” or an “incomplete” considered a “pass” in the IHSAA?
A. No, the IHSAA considers a “pass” to mean that all work has been done and has been made a matter of final record in the principal’s office, at the end of the grading period or semester.

10.

Q. Is a student, who carries three regular high school subjects and one or more eighth grade subjects, considered a high school student?
A. Yes, a student who carries fifteen hours of regular high school work is a high school student, providing such a student has been promoted to high school in the regular way. Such a student would be considered enrolled in high school, but would not be eligible because of insufficient subject matter. (See Division V, Section B.)
11. Q. Is a student, who has made sufficient credits to graduate at the end of semester one, eligible for athletics during semester two?  
A. Yes, provided he is eligible in all other respects and does not actually graduate at the end of semester one. Such a student must carry regular work during semester two.

12. Q. Are the same standards of eligibility required for intra-school games as for inter-school games?  
A. No, the IHSAA has no such requirements.

13. Q. Is a student, who has been ineligible for a semester on account of scholarship, eligible for the night of the last day of the semester?  
A. Yes, provided he has passed in four regular high school subjects and his credits have been made a matter of final record in the principal's office prior to the contest.

14. Q. What constitutes scholarship eligibility?  
A. In order to be eligible for a current semester a student must have passed in four regular high school subjects in his last semester of enrollment in any high school and he must be maintaining a similar amount of work for the current semester. This statement for semesters holds good for grading periods of the semester also.

15. Q. Are any special regulations in force pertaining to discharged veterans?  
A. By action of the Athletic Council, May 23, 1947, all IHSAA special regulations concerning discharged veterans were discontinued.

16. Q. If a student misses school for a few weeks in order to work is he eligible during this time and when he returns?  
A. This is a school problem and must be answered by the consideration whether regular school work to the extent of twenty hours is being maintained or not. Usually students who miss school are not passing in their school work.

17. Q. If a student becomes ineligible on account of scholarship at the end of a semester, does this make him ineligible for one whole semester afterwards?  
A. Yes.

18. Q. If a student becomes ineligible at the end of a grading period in a semester when can he become eligible?  
A. At the end of the next regular grading period in that semester, provided he passes in four regular high school subjects during the period and also provided his average in each subject for all grading periods of the semester is passing in a similar amount of work.

19. Q. When is a student, who intends to enter high school, eligible?  
A. When he actually enrolls, provided all other requirements have been met.

20. Q. If a student becomes ineligible on Friday at the end of a grading period is he eligible for that night?  
A. No, a student is ineligible whenever he becomes ineligible.

21. Q. If a student becomes eligible on Friday at the end of a grading period is he eligible for that night?  
A. Yes, a student is eligible whenever he becomes eligible.

22. Q. When is a student maintaining his work during a semester?  
A. When he is passing in four regular high school subjects during the current week, the current grading period, the last grading period and for all grading periods of the semester according to averages.

23. Q. If a student fails to pass in four regular high school subjects during the last grading period of a semester but earns credits in four regular high school subjects for the semester, will he be eligible at the beginning of the first grading period of the next semester?  
A. Yes, the books are considered closed at the end of the semester.

24. Q. If a student passes in four regular high school subjects during the last grading period of a semester but fails to earn credits in four regular high school subjects for the semester, will he be eligible at all for the next semester?  
A. No.
Q. How long may a student be enrolled in a semester then drop out without the semester being counted under the Scholarship Rule?
A. Within the first fifteen (15) school days of the semester, provided he was eligible when he withdrew.

Q. If a student is passing in four regular high school subjects when he drops out during a semester, may he be considered eligible under the Scholarship Rule at the beginning of his succeeding semester of enrollment?
A. No, such a student would not meet the requirement of passing in four regular high school subjects throughout his last semester of enrollment. (See exception, under "Enrollment.")

Q. May a credit in "Physical Fitness" be counted toward eligibility in athletics?
A. Division V, under "Scholarship" in the IHSAA By-Laws specifically excludes "physical training" as a subject to count toward eligibility in athletics. The Board of Control has ruled that "Physical Fitness" comes under the term "physical training" as used in this Division.

SUMMER SCHOOL WORK

1. Q. Does summer school work in a school other than his home school jeopardize the standing of a student?
A. No, provided the work is accepted by State Department of Education and the home school authorities recognize the work of a non-home school for credit and also provided the work does not count toward a College Degree. In fact, the IHSAA recommends summer school work of an approved type for students needing credits.

2. Q. If a student fails to pass in four regular high school subjects during semester two, may he count work done in summer school toward eligibility?
A. See Division V.

The following Martinsville High School students participated as a team in this league: Charles Anderson, Michael Rex, Terry Collier, Richard Eddelman, David LaFary, Raymond Leitzman, Steve Messmer, Eddie Sedwick, Bill Tutterow, Kenneth Addington and Eldon Carmichael.

Numerous inquiries from various high schools, learning of this league, came to the IHSAA. When this matter was brought to the attention of the IHSAA, Principal Ray Kennedy was asked to investigate the situation and advise all high school students that such participation was in violation of the IHSAA rules.

Principal Ray Kennedy and Superintendent Cyrus L. Gunn of Martinsville appeared before the Board of Control on August 16, to discuss this case. At this meeting Principal Kennedy stated that the out-of-season participation rule had been called to the attention of all students in two bulletins and an announcement posted on the bulletin board prior to the close of the 1962-63 school year. Superintendent Gunn assured the Board of Control that the entire Martinsville School Board approved and wanted to abide by the IHSAA rules and regulations and that it concurred with the IHSAA rules that the high school principal was in complete control of the athletic program and further stated that the School Board agreed that Principal Kennedy have complete control of the Martinsville High School athletic program as outlined in the IHSAA Constitution.

DECISION

1. In accordance with Division III, Rule 7, of the IHSAA rules and By-laws, (which states in part, "... Students playing independent, league or organized basketball games, before November 1, or after the closing date of the Sectional Basketball Tournament of the State Basketball Championship Series, make themselves ineligible for all inter-scholastic athletics until January 1 of the following year. )...") the eleven (11) Martinsville High School students named above have made themselves ineligible for all interscholastic athletics until January 1.

2. Principal Ray Kennedy is to be commended for his efforts in keeping the students informed of IHSAA rules and regulations. He is also commended for his prompt action in informing the students of the violation of the IHSAA rule, upon learning of the out-of-season participation.

3. The Board of Control feels it is unfortunate when outside organizations do not check and take the advice of the high school principal in planning their programs in order that no IHSAA rules be violated.

MUNCIE CENTRAL HIGH SCHOOL

On December 28, 1964, Marion, Anderson, Frankfort and Muncie Central played in a four-way tourney at Frankfort. During the Marion-Muncie Central game in the afternoon some reported rough play resulted in the ejection of two players, one from each team. Also during this game, it was reported that paper and other objects, dangerous to safe play, were thrown on the floor from the Marion section. This necessitated a request by the officials to refrain from this unsportsmanlike conduct. Although the second and third games were hard fought, no incidents were reported.

As the final game was ending, Anderson leading Muncie 79-69, a Muncie player from an out-of-bounds position, threw the ball directly into the face of an inbound Anderson player.

After the game a skirmish among the fans developed in front of the Anderson section. This apparently started as a number of Muncie fans passed in front of the Anderson section on their way from the gymnasium.

A series of incidents followed in which fans from both Muncie and Anderson were involved. An Anderson cheerleader was reportedly slapped and struck in the face by an irate fan. Additional incidents occurring on the parking lot were also reported.

The above information was obtained from written reports prepared by the officials of the four participating schools and an appearance of the following persons before the Board of Control: Principal John P. Huffman, Assistant Principal Robert Gibson, Athletic Director Fred McKinley of Muncie; Principal Noel Douglass and Athletic Director Charles L. Cummings of Anderson; Principal John M. Houghland of Marion and Principal Robert Ayres of Frankfort. All of the above named people were present at the tourney with the exception of Mr. Huffman and Mr. McKinley who accompanied a group of Central students to Mexico.

Laxity and irregularities in the administration of the interscholastic athletic program by Muncie school officials were contributing factors to the decision of the Board of Control.

DECISION

After carefully considering all factors in this case the Board of Control was unanimous in the following decision:

1. Muncie Central High School is hereby suspended from the IHSAA until January 1, 1965, with the understanding that on or after that date this school may apply for membership upon a probationary basis for a period of one year and also with the understanding that Muncie Central High School officials file with the Board of Control satisfactory proof that all laxities and irregularities have been corrected.
2. Anderson High School is placed on strict probation until January 1, 1965. Principal Douglass is to instruct Anderson fans that any further report of unsportsmanlike conduct will place their school in jeopardy of suspension.

3. Marion High School is placed on strict probation until July 1, 1964. Principal Hougland is to instruct Marion fans that any further report of unsportsmanlike conduct will place their school in jeopardy of suspension.

4. Principal Robert Ayres of Frankfort, Principal John M. Hougland of Marion, Principal Noel Douglas and other Anderson school officials attending the tourney are highly commended for their alert action in handling the situation at the Frankfort tourney.

5. The Board of Control feels that it is unfortunate that a small group of irresponsible fans has contributed to the jeopardy of the entire sports program. The Board respectfully requests that all fans review their responsibility to the total sports program.

MICHIGAN CITY ELSTON SENIOR HIGH SCHOOL

Some problems relative to the policy of the Athletic Department at Michigan City were reported to the Board of Control. In order to clear these up, Principal Warren Jones, Coach Douglas Adams, Mr. Lamb and Mr. Whitlow appeared before the Board. WRESTLING MEETS

The Board approved a list of officials to be used in the wrestling sectionals, regionals and state.

SWIMMING MEETS

The Board approved a list of officials to be used in the swimming sectionals and the state meet.

BASKETBALL TOURNEYS

1. The Board approved a tentative list of officials to be used in the tourney series, and Articles of Agreement are to be mailed by the Commissioner to this list of officials.

2. The Board approved the plan used last year in which the IHSAA cooperated with the Indiana Broadcasters' Association in the allotment of space to the various stations in the state for broadcasting the final tourney.

3. The Commissioner was authorized to handle complimentary tickets under the same plan as used in previous years.

4. The Commissioner was authorized to confer with the center principal at each tourney site where television stations are located to determine amount of guarantee to be posted for television rights. It is understood that only the championship game of the sectional regional and semi-state and all games of the final tourney will be available for television.

5. The Board approved filming the games of the 1964 final state basketball tournament provided satisfactory arrangements can be made by the IHSAA Office for the photography.

6. It was agreed that the plan used in 1963 for the pairings and release of the schedules to the press would be used again this year. The pairings are to begin at 8:00 A.M. EST, February 19, 1964, with the immediate release to the Indianapolis News, Times and Star and the Associated Press and United Press International.

DELAYED TELECASTS

The Board voted not to approve the filming or taping of all or a portion of tournament games to be used in a delayed telecast. This action does not prevent the use of brief highlights of a few minutes in length on telecast news reports of any of the tourneys.

OTHER STATE MEETS

The Board approved the telecasting of the State Wrestling, State Swimming and State Track Meet, if such approval was requested. The Board of Control adjourned to meet again in the IHSAA Office on January 28, at 9:30 a.m.

Priebie of Ladoga appeared before the Board. These two schools had played a home and home game for many years. They failed to agree on a date for the 1964-66 season and Ladoga had contracted its complete schedule.

DECISION

Alamo and Ladoga should agree on a date for the 1965-66 season whereby Ladoga would go to Alamo to repay its game which was played at Ladoga, during the 1965-66 season. After this date has been agreed upon it should be reported to the Commissioner.

HAUBSTADT-OAKLAND CITY

In a basketball game played January 17, 1964, a Haubstadt boy feuded an Oakland City boy (Nelson) and Oakland City called
time out. After the time out instead of Nelson shooting the foul shot, Schwomeyer of Oakland City shot the free toss and made it. It was then called to the attention of the officials and the goal was disallowed and a technical was called on Oakland City. After the free toss by Haubstadt, which they made, the ball was given to them out-of-bounds and Oakland City was not allowed to shoot their free throw. Mr. Martin E. Kell, Principal of Oakland City, has asked the Board of Control to rule on this case. Letters from both principals agree on the facts as stated above.

DECISION

It was the unanimous decision of the Board of Control that the error should have been corrected immediately by the game officials. The score stands and this case is considered closed.

BASKETBALL OFFICIALS' UNIFORM

The Board of Control, by unanimous decision that beginning with the 1964-65 season, the official uniform shall be: black shoes, black strings, black trousers and black belt. A black and white alternating stripe shirt, as has been used will continue to be the official shirt.

CODE OF ETHICS FOR COACHES

The Board of Control commends the officers of the Indiana Coaches Association and their committee for the splendid job in preparing a Code of Ethics. It is more significant since this was done on their own and was not asked for by the IHSAA or the school administrators. The Board of Control is happy to share the expense of printing and mailing these to every coach in Indiana.

LEBANON HIGH SCHOOL—TOM MASTERS

In August, 1963, Leo Masters, who lived in Pike Township, moved to the Southport school district and his son, Tom, entered Southport High School as a junior. Tom was a member of the basketball squad at Southport until January 28, 1964. At the close of practice that day Tom told Coach Braden that he was leaving. On January 29, he turned in his books and told Principal Theil he was moving to Lebanon.

On January 30, his father enrolled him at Lebanon High School. Principal Paul Neuman sent an athletic transfer blank to Southport and Principal Theil returned it on February 6, stating he knew of no reason why Tom should not be eligible in Lebanon High School. Principal Neuman thereupon declared Tom ineligible.

On February 4, portions of an anonymous letter were published in an Indianapolis newspaper inferring that undue influence was a factor in the move. Some Pike Township school personnel were quoted in this paper.

Principal Neuman of Lebanon requested that the Board of Control review this case because of the article in the newspaper.

On February 25, 1964, Principal Edwin R. White and Athletic Director Robert Paris of Pike High School, Principal Albert Theil and Coach Carl Braden of Southport; Principal Oliver Warner and Coach Eugene Cato of Zionsville; and Principal Neuman, Coach Jim Rosenstihl and Leo Masters (Tom’s father) of Lebanon appeared before the Board of Control.

After a lengthy hearing of all parties concerned, no evidence of undue influence was presented.
DECISION
By unanimous decision, the Board of Control upheld the decision of Principal Neuman and ruled that Tom Masters may be considered eligible as to residence at Lebanon High School.

The Board of Control adjourned to meet again in the IHSAA Office on March 20, 1964, at 9:30 a.m.

ATHLETIC INJURY INSURANCE

Every year many schools inquire as to where they may purchase athletic risk insurance. The IHSAA does not have an insurance program for its member schools. For the past several years Fisk Landers, insurance agent has secured a policy for many member schools. Mr. Landers this year presented and the Board approved a proposal for the American United Life Insurance Company. The policy is identical to the one used last year. The Board authorized President Davis and Commissioner Eskew to sign an acceptance with American United Life Insurance Company.

SPECIAL DISTRIBUTION OF SURPLUS FUNDS

After giving careful consideration to the amount of funds on hand, estimated expenditures during the coming year, and the need for adequate reserve in the IHSAA treasury, the Board set $200.00 as the maximum amount of surplus funds to be paid any member school in the special distribution to be made October 1, 1964. Because there was a special distribution in 1963, all the money to be distributed was earned during the current year.

It was decided to make this distribution according to the following plan:

1. One hundred fifty dollars ($150.00) for participation in the 1964 sectional basketball tournament

2. Fifty dollars ($50.00) for membership in the IHSAA during the membership year, 1963-64.

3. Any school sharing the special distribution must be a member in good standing and existing as a high school at the time of the distribution.

4. No school shall receive credit for a year's membership unless it was a member of the IHSAA on January 1, 1964.

5. A combination or consolidation of two or more high schools shall count as one school only in this distribution. The check for one share shall be sent to the principal of the new or resulting school.

COMMISSIONER AND ASSISTANT COMMISSIONER

Schools having junior membership may not compete with schools who do not hold membership in the IHSAA, if such schools are eligible for membership.

A ninth grade student who is eligible in a school having junior membership may compete on either his team or the senior high school team of his district but not both. A student who is advanced to the high school team in one sport may not return to his school team in that sport.

A ninth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

Ruling 35: A ninth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

The Council authorized the Commissioner's Office to edit the 1964 Handbook so rules for contests and questions and answers would coincide with changes made.

SCHOLARSHIP COMMITTEE

Chairman Forest Waters presented the report of the Scholarship Committee which recommended the standards of scholarship be raised for athletic participation. Division V, Section B, Rule 1, was amended to read as follows: (in part)

"Each contestant must have and be maintaining for the current semester, a passing grade in each of four or more subjects requiring a minimum of twenty* regular high school recitations per week, exclusive of rhetoricals, physical training, military drill and deportment; in his last preceding semester in school he must also have met the same requirements throughout the entire semester. . . ."

*or time equivalency

This rule to become effective the second semester of the 1964-65 school year.

It is understood that all portions of the rules and by-laws that pertain to this rule will be edited so that all rules will coincide.

PROPOSALS

A proposal to amend Division III, Rule 16e by deleting the word "four" and substituting the word "six" to read as follows: "A student may participate in only six (6) quarters of interschool football in any calendar week . . . .", was tabled indefinitely.

ITEMS FOR DISCUSSION

A. It had been suggested that the Council consider rewording Article III, Section 2e, to clarify the requirements for eligibility to Council Membership. A committee composed of Eugene Huddleston; Chairman, Herman Miller and Lloyd Miller was appointed to study this matter and report at the next meeting.
STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS AND OTHER FINANCIAL INFORMATION
THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION
INDIANAPOlis, INDIANA
June 30, 1964

Board of Control,
The Indiana High School Athletic Association, Indianapolis, Indiana.

We have examined the statement of cash receipts and disbursements of The Indiana High School Athletic Association for the year ended June 30, 1964, and the statement of securities owned at June 30, 1964. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We reconciled the balance of cash on deposit at June 30, 1964, with the amount reported directly by the American Fletcher National Bank and Trust Company, Indianapolis, Indiana. Our examination included reconciliation of recorded cash receipts for the year with deposits as evidenced by bank statements on file. Canceled checks returned by the bank were compared with the record of cash disbursements and the cash disbursements were supported by examination of invoices, expense reports, and other data. Securities owned by the Association at June 30, 1964, were inspected.

In our opinion, the accompanying statements of cash receipts and disbursements and securities owned present fairly the recorded cash transactions of The Indiana High School Athletic Association for the year ended June 30, 1964, and the securities owned by the Association at June 30, 1964.

Ernst & Ernst,
Certified Public Accountants.

FOOTBALL

Interest in football is continuing to increase with each year. During the 1963 season, two hundred eighty schools participated in football. This was an increase of sixteen over the previous year. Of this total, two hundred fifty-nine participated in eleven-man and twenty-one in eight man football.

In the seventeen conferences over the state only Richmond, Eastern (Greentown) and Tell City repeated as outright champions. Lawrenceburg and Mississinewa were co-champions of their respective conferences in 1963 but are the outright champions this year.

Several schools reported undefeated and untied records. They were:
- Elkhart 10 - 0, Lawrenceburg 8 - 0, Mitchell 8 - 0 and Eastern (Greentown) 9 - 0. Eastern will carry a twenty-six game winning streak into the 1964 season.

Many schools, prior to the opening of the season, play in a football jamboree. This event seems to become increasingly more popular.

The IHSSAA does not sponsor a series of games to determine a champion, but each year honors conference champions by carrying their pictures in the Handbook. If a print was submitted, these squad pictures may be found following the list of high schools participating in the sport.

CROSS COUNTRY

Sectional Meet interest continued to expand this year with two hundred eighty-six schools entering 2,889 athletes in the twelve sectionals. This was an increase of seventeen schools over 1962.

In the three regionals, Ashley was the winner at Anderson with 64 points. Richmond won at Bloomington with 52 points and Gary Roosevelt was the winner at LaPorte with 62 points.

Ashley High School, the 1962 state runner-up, captured its first state cross country championship by posting a team score of 82. Ashley has the distinction of being the smallest school to ever have won the state championship.

In the runner-up position was West Lafayette with 97 points. Valparaiso, with a team score of 105, gained the third position. In fourth position was Indianapolis Shortridge with 129 points and Calumet placed fifth with 131 points.

Dennis Grider of Indianapolis Washington High School, the defending champion, again took individual honors as he ran the course in the record time of 9:44. This is a new all-time state record. It surpassed the previous state record of 9:45.9 established in 1950.

The remaining individuals who trailed Grider to the finish line were Mark Gibbons of West Lafayette, Dave Esterline of Ft. Wayne North Side, Gary Hall of Marion and Charles Russell of Indianapolis Shortridge in that order.

Twelve complete teams and six individual qualifiers entered the state meet. A total of seventy-eight runners started and finished the race.

SECTIONAL CROSS COUNTRY MEETS

SEVENTEENTH ANNUAL

The twelve sectional cross country meets will be held on Friday, October 18, 1963 after 3:00 P.M. These meets are conducted as an elimination series in order to select teams and individuals for the regional meets.

Twelve sectional centers have been chosen over the state. The following bases were used in selecting these centers: schools competing in cross country in 1962, travel distance, number of teams in that area, and a willingness on the part of high schools to make their facilities available for the promotion of these meets. The Board may find it necessary to alter this plan if a greater number of schools enter than is anticipated.

Schools have been assigned by counties and the accompanying plan gives the Center Principals and the counties assigned to each center.

Official entry lists are necessary and accompany this bulletin to the principal.

The center principal shall notify all participating schools and the IHSAA office by Tuesday, October 15, as to the time and place of holding the meet. The center principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner. Team positions at the start are to be drawn by lot.
OPEN CONTEST—These meets are open to all members of the IHSAA except to schools holding modified or associate memberships. A school may certify twelve students, with no more than six participating as a team for the championship. Schools that do not enter a team may enter one or more students to compete for the individual awards.

Note: Each year some schools file entry blanks, then fail to meet the number of students required to participate in the meet. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for any reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the Sectional Center Principal immediately.

ENTERTAINMENT—The center principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

EXPENSES—There will be no entry fee. Traveling expenses, meals and lodging are to be paid by the competing schools.

PRIZES—Suitable ribbons will be presented by the IHSAA to the members of the teams qualifying for the regional meet, provided they finish the race. The first five individual winners will receive ribbons.

QUALIFICATIONS FOR REGIONAL MEET—Representation at the regional meet will be determined by the number of teams competing® in each section as follows: eighteen or fewer, three teams, nineteen or more, four teams. The first five individuals to finish shall be eligible for the regional meet regardless of their team position. A school must have five or more boys finishing the race to be considered a team qualifying in that sectional.

WRESTLING

Southport High School captured its fifth IHSAA State Wrestling Championship in a two team race against Indianapolis Arlington. Southport won one first, one second and three thirds while Arlington won two seconds and three thirds.

Only one boy defended his championship. He was Charles Cone of Kokomo who won in the 112 lb. class. However in 1962 he was the 103 lb. champion.

One hundred six schools participated in the State Wrestling Tournament as compared to one hundred three in 1962. Interest in wrestling is continuing to grow. A new addition this year was television coverage of the finals of the State Tournament.

SWIMMING

A total of thirty-four schools competed in the Sectional Swimming Meets as compared to thirty-one schools in 1963. Three sectionals were sponsored at Columbus, South Bend Washington and Valparaiso High Schools. Columbus, South Bend Adams and Valparaiso High Schools were the respective winners of the three sectionals.

The State Swimming Meet was conducted in Royer Pool, Indiana University. A large crowd was in attendance.

Columbus High School won the State Championship for the fifth time in the past six years with a total of 51 1/2 points. In the runner up position was South Bend Adams with 48 points and third place went to Kokomo with 37 points. Newcomers to tournament participation were Frankfort, Lawrence Central and Speedway High Schools. All of these schools have excellent swimming facilities in their new buildings.

Five new state records were established. This indicates there is a growing interest in swimming. Many of the events were very closely contested.

Charles Busse of South Bend Adams set a new record of 22.8 in the 50 yard Freestyle. A new record of 1:05.0 was set in the 100-yard Breaststroke by Charles Newell of Columbus High School. In the 200 yard Freestyle, Ted Poland of Kokomo High School set a new record of 1:53.7. For the third consecutive year South Bend Adams set a new state record in the 200 yard Freestyle Relay. Columbus High School set a new record in the 200 yard Medley Relay with a time of 1:45.4. Charles Busse was also a member of the 200-yard Freestyle Relay record team.

BASKETBALL

The fifty-fourth annual basketball tournament produced a display of some of the finest basketball ever witnessed in a state tournament. The true sportsmanship exhibited during the entire tournament by all the players, coaches, schools and fans made this one of the finest state tournaments in the history of the IHSAA.
The Bronchos of Lafayette Jefferson High School came up with a near-perfect effort to defeat Huntington's fiercely battling Vikings, 58-55, and captured their third Indiana High School basketball championship. Each team had been defeated only once during the season and this defeat in each case was inflicted by Tipton High School.

Huntington fought the Bronchos at every turn, but finally succumbed when Jefferson's rebounding ace Dave Morrison worked loose for a basket underneath the hoop with sixteen seconds remaining. Huntington led at the end of the first quarter 17-14 and 37-35 at the half. By the end of the third quarter, Jefferson had pulled in front 50-47 and maintained that margin at the end of the game.

Both teams were tough defensively which cut down their shooting averages. The Bronchos settled for .433 on 26 for 60 while the Vikings finished at .456 on 21 of 46.

In the first afternoon game Huntington's talented Vikings defeated the equally talented undefeated Columbus Bulldogs, 71-67. Columbus led at halftime, 37-34, but due to a 12-point relief role by Don Martin and .533 shooting as a team, Huntington was able to build up a lead and maintain it to the end. In the face of Huntington's tremendous play the Bulldogs maintained their poise, battling to within 69-65 with only 27 seconds to go.

Lafayette Jefferson reached the final game for the seventh time in history, turning back stubborn Rex Mundi of Evansville, 74-61. Rex Mundi, down by 10 points just before half-time, fought back to take a 45-44 lead late in the third quarter, but the Bronchos finally prevailed on the strength of a net-searching .534 shooting performance.

Continued consolidation of schools decreased the number of sectional tournaments from 639 in 1963 to 597 this year. Gross receipts were $1,026,775.30 and the total attendance was 1,523,984.

The Board of Control unanimously selected Mike Weaver of Huntington High School as the recipient of the Arthur L. Trester Award for Mental Attitude.

ANNOUNCEMENT OF STATE BASKETBALL TOURNAMENT SERIES

THE FIFTY-FOURTH ANNUAL

These rules are reprinted from the January 1964 Bulletin.
The Board of Control has completed the details for the State Championship Basketball Tournaments and announces the plan in full; with the understanding that the Board of Control reserves the right to readjust the plan and arrangements for any and all tournaments if conditions arise making changes advisable or cancellations necessary.

A conference of all principals, several days prior to the tourney, would result in an agreement on all points such as meals, transportation, rest rooms, seating, tickets, reports, etc. Agreements reached prior to tourneys prevent difficulties during and after tourneys. Make and keep copies of all agreements.

7. MANAGEMENT—The exclusive control of all these tourneys rests solely with the Board of Control according to the IHSAA Constitution. Local arrangements have been delegated to the Center Principals. Officials for each tourney will be selected and assigned by the Board of Control, and every effort will be made to choose only fair, disinterested and competent men. All schedules and assignment of officials will be made and distributed by the Board. All schedules will be drawn by lot by the Board of Control, and no changes will be made in them. Representatives of the press will be invited.
8. TIME SCHEDULE—The Board of Control has ruled that all
tournaments will be held on the prevailing time of the community
in which the Center is located. All Saturday games will be 12:30,

cisions will be considered final. Schools entering the tourneys with

and manager for each team (16 in all) shall be admitted free to all

overtime. See Rule 5, Section 7 of the 1963 Basketball Rules Book.

allowed between games for warm up practice. During a session,
this period shall start with the ending of the previous game.

eligible to enter the sectional tourney, all players’ shirts must be
properly numbered according to Rule 3, Section 4 of the Official
Basketball Rules.

participating schools may be used in connection with any one game.

15. RESTRICTIONS—Please inform your students and others
about the following tourney restrictions:

a. Banners, posters, etc., that are objectionable in the wording
or which obstruct the view of others, are not allowed.

b. Cow-bells, and other such noise instruments are not allowed.

c. The use of bands at IHSAA tourneys is not sanctioned.

the entire tournament is always designated as the “Home Team.”

52. SEYMOUR
   Robert T. Burton, Prin.
   7 JACKSON: Brownstown, Clearysprings, Cortland, Crothersville, Freetown, Medora, Seymour.
   1 SCOTT: Austin.
MANAGEMENT—Three officials will be assigned to tourneys having 8, 9, 10 teams and four officials to 11, 12, 13 and 14 team tourneys. Two officials will work each game, alternating as referee and umpire. Each official is obligated to be ready for work throughout the tourney.

TOURNEY REQUIREMENTS—A high school shall not be considered eligible for entering an IHSAA sectional basketball tourney in any year unless the team known as the first team and representing the high school has played eight (8) interscholastic games during that season before filing an entry blank. Schools holding modified membership are not eligible to enter.

ENTERTAINMENT—Twelve men may be certified but no more than ten men may be in uniform and eligible to compete in any one game. Teams are limited to ten men in any one game. These men must be designated to the official scorer prior to the team’s game. The Center Principals have contracted with the Board of Control to entertain six men (which must include coaches, principal, and manager) from each competing school according to the following plan:

1. Transportation—All schools are entitled to one-round trip mileage allowance each day the tourney is in session.
2. Meals—All schools are entitled to one meal for each day the tourney is in session.
3. Due to the variations of time schedules of “One-Site Two-Bracket” tourneys, the time schedules, entertainment schedules
and admission prices will be set up by the IHSAA and sent to all Center Principals concerned. It will be the obligation of the Center Principal to send copies to all schools in his sectional area. The time schedules of all tourneys will be published as usual at the time of the drawings.

4. No lodging shall be paid.

Fairness by all parties must prevail in this matter of entertainment. Money spent for entertainment decreases the amount to be divided among the schools.

EXPENSES—An entrance fee of one dollar ($1.00) for each team must accompany the entry blank. The Center Schools have contracted to make settlement out of the receipts of the tourneys according to the following plan and in the following order:

1. All legitimate expenses, such as meals, officials, etc., except for transportation, shall be paid from the gross receipts, if sufficient. If gross receipts are not sufficient, legitimate expenses shall be considered an obligation of the Center School.

2. The Center High School shall receive one hundred and fifty dollars ($150).

3. The transportation shall be paid. (The Board of Control has decided on four (4) cents per mile per man for the round trip. Mileage should be considered as the most direct distance between the school building of the participating school and the gymnasium in which the tourney is held.)

4. The Center High School shall receive one hundred dollars ($100).

5. The IHSAA shall receive one percent (1%) of the fourth balance.

6. (a) One-half of the fifth balance shall be divided equally among the participating schools, the Center School sharing.

(b) One-half of the fifth balance shall be divided among the participating schools on an enrollment basis.

7. The Board of Control shall pass on all reports by the Center School and all reports by the participating schools.

8. The Center School shall furnish a complete financial report to the IHSAA and to each participating school by Thursday, March 5.

ELIGIBILITY—The eligibility of each player must be certified by the principal of the school sending the team. Certification must be made on the Official Entry Blank furnished by the Commissioner and all data must be given as indicated. An Entry Blank marked "Your Duplicate" is enclosed for your convenience. Be sure to send only the "Official Entry Blank" to the IHSAA. All entries must be in the IHSAA office before 4:00 p.m. Wednesday, February 12. Do not mail entry blanks before February 3. All students must be eligible when they participate as well as when they are certified. It is advisable to mail the entry blanks early, as changes can be made by telephone, telegram or letter any time up to 4:00 p.m. Wednesday, February 12. Registered letters are not recommended, as they are a slow form of delivery. Regular or special delivery mailing is the most satisfactory. A postal card from this office will acknowledge receipt and correctness of your entry. The Board of Control has ruled that late entry blanks will not be accepted.

ADMISSION FEE—The admission fees in all tourneys shall be as indicated below and the tickets shall be printed with the following information on them:

- Session ticket (all regular tourneys) $0.75

ONE-SITE TOURNEYS:

- Season ticket:
  - a. Four-session tourney $2.00
  - b. Five-session tourney 2.50
  - c. Six-session tourney 3.00

Tickets shall not be sold for more or less than the prices listed. Season tickets only shall be sold prior to the opening session of the tourney. Any remaining seats may be sold as session tickets.

ONE-SITE TWO-BRACKET TOURNEYS:

Due to the variation in the number of sessions, season ticket prices shall be established by the Board of Control through the IHSAA office and the Center Principal.

No more tickets shall be sold than the seating capacity of the gymnasium will justify. Standing room shall not be sold or used. All requirements of the State and City Fire Marshals shall be met in all tourneys.

DISTRIBUTION OF TICKETS—The following plan for the distribution of sectional tourney tickets was adopted by the Board of Control:

1. Deduct from the total number of tickets available, sixteen tickets for each competing school, press and complimentary tickets. Each Athlete Council Member and each Ex-Board member shall be granted two tickets to the sectional in his area upon request by Thursday, February 20.

2. Ten percent of the remaining tickets shall be divided equally among the competing schools. (Every school regardless of enrollment, has a certain "must" list; such as assistant coaches, trainers, student managers, cheerleaders, etc. This allotment is intended primarily for this use.)

3. The remaining ninety percent shall be divided among the competing schools on the basis of enrollment of each participating school as certified to the State Department of Public Instruction, September 15, 1963, or the third day of school if the opening day is later than September 15.

No tickets shall be distributed by the Center Principal until his tourney schedule has been released. Season tickets must be ready for distribution by Thursday, February 20. All ticket information should be secured prior to this date. The IHSAA will furnish Center Principals with enrollments of all high schools participating in their
tourneys. Season tickets unsold shall be returned by 8:00 a.m. on the day the tourney begins, except that in “one-site two-bracket” tourneys, they shall be returned by 4:00 p.m. the day before the tourney if the tourney begins with a day time session; and by 8:00 a.m. on the day of the tourney if the tourney begins with an evening session. The Center Principal is under no obligation to accept the return of tickets after these hours, unless previous arrangements have been made with him.

WARNINGS—Entries close at 4:00 p.m., Wednesday, February 12, and cannot be changed or accepted afterward. An entrance fee of one dollar ($1.00) must accompany each entry blank. Special privileges will not be granted. Send all entry blanks and checks to IHSAA, 812 Circle Tower, Indianapolis. All data must be given on entry blank. Get all data right the first time and on time, but do not mail blanks before February 3. Late or incomplete entry blanks cannot be accepted. Be sure to send only the “Official Entry Blank” to the IHSAA.

Teams are limited to ten men in any one game. These men must be designated to the official scorer prior to the team’s game. These teams may or may not be made up of the same men who participated in the sectional tourneys.

The sectional entry blank will suffice for regional tourneys and will be used as made, unless you instruct the IHSAA office otherwise on Monday, March 2. If you desire to make any substitutions in your entry blank, wire or telephone the IHSAA office, giving complete data on Monday, March 2. (Ask for Miss Sisello, who has charge of making the changes.)

1. Season tickets only shall be sold prior to Saturday March 7.

2. Each Center Principal will be required to keep on file the full names and addresses of all ticket purchasers prior to the open sale, together with the number of tickets purchased by each and shall make a complete report to the IHSAA. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of the high school.

3. Press. (a) Each paper within the regional district but outside of the tourney center may be granted one ticket upon request not later than Saturday, February 29.
   (b) Each daily paper in the tourney center and each daily paper in the city of a participating school may be granted 3 tickets upon request not later than Monday, March 2.
   (c) Papers outside of the state shall not be granted tickets unless they have a large coverage in the state, and then the limit is given under (a).
   (d) School papers shall not be granted tickets.

4. Radio. Each station broadcasting the games may be granted 3 tickets upon request not later than Monday, March 2.

5. Complimentary tickets shall be confined to those directly connected with the tourney. Each participating school is entitled to sixteen complimentary tickets for the use of twelve players, the principal and coaches and a manager. Each Athletic Council member and each Ex-Board member shall be granted two tickets to the Regional in his area upon request prior to Saturday, February 29. A list of the complimentary tickets must be furnished the IHSAA, giving name, position and number of tickets.

7. Schools entered in a sectional tourney may secure twelve tickets to the Regional Tourney in their area. Orders must reach the Regional Center Principal between February 22 and 27. All principals should use the Regional Ticket Order enclosed with this bulletin, and should attach a check in the proper amount, sending the order and remittance to THE REGIONAL CENTER PRINCIPAL IN THEIR AREA.

8. Each participating school may secure tickets at this stage as follows, provided they are purchased and paid for by the high school principal not later than Monday, March 2.

2. The Center High School shall receive two hundred dollars ($200).

3. The transportation shall be paid. (See sectional transportation allowance page 12.)

4. The Center High School shall receive one hundred fifty dollars ($150).

5. The IHSAA shall receive fifty per cent (50%) of the balance.

6. In the distribution of receipts, all tickets purchased according to the provision under "Distribution of Tickets" item 7, shall be credited to the winner of the sectional in which the school purchasing the tickets is located.

TIME OF GAMES—12:30, 1:45, and 8:15 p.m. (E.S.T.)

Management—The Board of Control has designated Phil N. Eskew, Commissioner, as Manager with Herman F. Keller, Assistant Commissioner, as Assistant Manager of this tourney. Their telephone number is Melrose 7-1519. Fred R. Gorman, Indianapolis, will assist with the arrangements for the tourney at the Fieldhouse.

Press and Radio reservations will be made directly to the IHSAA office. Requests should be filed not earlier than February 20 and not later than Thursday, March 12. An identification plan will be used for press representatives, who must be properly certified by their managers at the time requests are made.

Tickets—All tickets will be handled by the IHSAA office according to the following plan:

1. Season tickets only will be sold prior to Saturday, March 21. In recent years all tickets were sold prior to this date. If the capacity of the Fieldhouse is not sold in season tickets, session tickets will be sold on the day of the tourney. The seating capacity is estimated at approximately 14,943.

2. Each high school principal having a team entered in an IHSAA Sectional Basketball Tourney for 1964, and each high school principal holding a modified membership in the IHSAA, may order tickets to 3½ percent of his high school enrollment not exceeding 1000 students. Principals whose high school enrollments exceed 1000 students are credited 3½% of the enrollment to 1000 and one (1) additional ticket for each 150 students, or fraction thereof, over 1000 enrollment. The enrollment shall be the same as submitted to the.

3. Tickets will be sold by mail order only. Telephone, telegraph and personal call orders will not be honored. A ticket order blank is enclosed with this bulletin. It is official and you should use it according to instructions.

4. Ticket orders must be specific as to number of tickets and a check for the correct amount payable to the IHSAA must accompany each order. Tickets purchased cannot be returned. Please do not send cash. The limitations below must be observed as given:

(a) Orders for tickets having official postmarks on the envelopes from and including Thursday, February 20, to and including Friday, February 28, will be accepted if received not later than Saturday, February 29. Tickets orders mailed prior to February 20 will be returned for proper mailing. The IHSAA reserves the right to check the mailing of all ticket orders and to act on the findings.

5. Principals are obligated to distribute these tickets properly to persons in their own school districts before distributing any tickets elsewhere. Each principal will be required to keep on file the full names and addresses of all ticket purchasers for the information of the Board of Control, should such be desired for checking purposes. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of their schools.

6. All tickets remaining unsold after the high school principals have ordered, according to the privilege of their enrollment quotas, will be distributed pro rata among the principals of the 64 sectional tourney winning schools if ordered by them. Principals should state on their order blank, ordering their quota of tickets according to enrollment, whether or not they would accept and pay for any tickets that may be distributed to them if they are sectional tourney winners. The check for these tickets should be sent upon receipt of the tickets only. No tickets, other than those remaining after the enrollment quota orders are honored, are offered in this paragraph. There may be only a few or no tickets remaining. None is guaranteed. Tickets purchased cannot be returned.

7. In order that all may know how ticket orders are filed, the following statements are made:

(a) Ticket orders from principals are due any time from February 20 to February 28, inclusive. Postmark will determine mailing date.
(b) Upon receipt of ticket orders in the IHSAA office, they are checked. All correct orders are arranged alphabetically according to the name of the school, numbered and filled.
(c) Incorrect orders are returned with instructions.
(d) The method of filling ticket orders is entirely by lot and the plan automatically assigns the seats. The location of seats of any particular school depends upon date of receipt of order, number of orders received in same mail, number of tickets covered by the orders received in the same mail, alphabetical order of the school name among the orders received, accuracy of ticket order, station reached in the drawings determined by the orders received, etc.

MISCELLANEOUS

1. All seats will be reserved and tickets sold to principals will be drawn by lot as outlined above.
2. Blocks of seats, when sold, will be arranged from front to back rather than around playing floor, about twenty percent of the number in each block being assigned to the front of the block.
3. No pass-out tickets will be issued. Holders of tickets may leave the Fieldhouse when they choose in any session, but they cannot re-enter until the next session. The Fieldhouse will be cleared between sessions.
4. All tickets will be printed in coupon form, carrying the statement that coupons will not be good if detached. The IHSAA tickets will be printed in a way that will make duplication very difficult, but a warning is given against bogus tickets.
5. Ticket holders will be seated prior to the opening game in each session, between halves and between games only. All persons must remain seated in their own seats during the games. All games will be started on scheduled time and will be played in quarters of 8 minutes each.
6. Comfort accommodations will be found on each floor at each end of the Fieldhouse.
7. Tickets will indicate the Gate, Ramp, Section, Row and Number. As you approach the Fieldhouse look for the Gate Number above the door corresponding to the one on your ticket.
8. Two blocks of seats in the middle on the west side of the playing floor and two blocks in the middle on the east side of the playing floor, having 1000 seats to each block, will be reserved until Monday, March 16, for the four schools whose teams are in the tourney. Twelve blocks of seats, immediately around the playing floor with 25 seats to the block, will be reserved for the other twelve schools participating in the semi-state tourneys. The high school principals, whose teams are represented, should contact the IHSAA office by Monday, March 16, about these tickets or they will be sold to other eligible schools. These blocks will be assigned by lot by the Board of Control.
9. First Aid Rooms are located in the east end of the Fieldhouse. Look for the sign. A tourney physician and a nurse will be available during the tourney.

10. Principals are asked to instruct all ticket holders to refrain from smoking in the Fieldhouse. This precaution is taken for the benefit of the players and the safety of the spectators.

RESULTS OF THE SECTIONAL BASKETBALL TOURNAMENTS

and would make the winners feel that they had not won anything.
The winners of the award have legitimately won the award and have been given a consolation prize through the years. It is true that few boys on the winning teams have received the award but it is not true that the IHSAA has ever had a policy of giving the medal as a consolation prize. Such a policy would remove the value of the award and would make the winners feel that they had not won anything. The winners of the award have legitimately won the award and have the right to be proud of it. It will be interesting to follow these boys down through the years. Schools should take an interest in these boys, as the IHSAA desires to be proud of them always.

### THE ARTHUR L. TRESTER AWARD

The Gimbel Medal for Mental Attitude was given each year by Mr. Jake Gimbel, now deceased, until the 1945 State Basketball Tournament. In 1944 it was named as the IHSAA Medal for Mental Attitude. In 1945 the Board officially named the award “The Arthur L. Trester Award for Mental Attitude.”

The IHSAA Board of Control used the following data card this year to assist them in selecting the winner of The Arthur L. Trester Award for Mental Attitude.

Name of Boy: Date of Birth: High School:  
Year in High School: (Check) First Second: Third Fourth: 
(If you do not use the card for your school, check the following categories: (1) Excellent, (2) Very Good, (3) Good, (4) Fair, (5) Poor.

Signed: By High School Principal: By High School Coach:

The Principals and Coaches of the four schools filed with the IHSAA these cards for their players before the tournament was held. The Board of Control did not see the cards until Saturday afternoon after the second game of the Final Tournament when they had observed the playing of all of the teams. In the meeting to select a winner of the mental attitude award the data cards were studied carefully and were given careful consideration along with the opinions of the Board of Control members as a result of their observation of the playing of the boys in the afternoon. Several boys received very favorable consideration.

Contrary to the opinions often expressed this medal has not been given as a consolation prize through the years. It is true that few boys on the winning teams have received the award but it is not true that the IHSAA has ever had a policy of giving the medal as a consolation prize. Such a policy would remove the value of the award and would make the winners feel that they had not won anything. The winners of the award have legitimately won the award and have the right to be proud of it. It will be interesting to follow these

TRACK AND FIELD
Gary Roosevelt’s Panthers easily won their fifth state high school track and field championship in six years by scoring a total of 32 points. This is the eighth championship since 1951 for Gary Roosevelt.

Four new state records were established in the sixty-first Indiana High School Track and Field meet.

Kenny Head of New Albany clipped nine-tenths of a second from the 440 mark as he sped to a sensational 47.3 new record. The first four finishers all bettered the old mark of 48.2 established only last year.

Earl Deal of Valparaiso became a two-time winner of the mile run. After leading virtually all the way, he set the new state standard in the time of 4:18.4.

Ted Swatt of Terre Haute Wiley produced the only new record in the field events with a fine effort of 6 ft. 6 3/4 in. This bettered the old standard by 3/4 of an inch.

Gary Roosevelt’s half mile relay team established the final new state record. The team composed of George Adams, Ernest Lawrence, Fred Mackey, and Lee Reedus erased the 1:30.2 half mile relay record set last year with a fine new standard of 1:28.6.

The IHSAA Board of Control unanimously selected Ron Drake of Wendell Willkie High School, Elwood, as the third recipient of the Robert S. Hinshaw Track and Field Award. The recipient of this award must excel in scholarship, mental attitude, school citizenship, as well as athletic ability in track and field.

In spite of considerable consolidation, 415 schools entered the track sectionals as compared to 416 last year. There were 4550 individuals entered in comparison to 4156 the previous year. This showed an increase of 394 individuals which indicates that track is becoming increasingly more popular for the individual participants.

This was the second year that the entire meet was held in one session beginning at 12:00 noon with some of the field events and the trials beginning at 1:00 P.M. This again proved to be very satisfactory.

SECTIONAL TRACK AND FIELD MEETS

Management—The management of these meets rests solely with the Board of Control. Local arrangements have been delegated to the Center Principals. All meet officials will be selected by the Center Principal, except the Referee-Starter, and he will be assigned by the Board of Control. He will be in complete charge of the meet and shall assume the duties of a Referee and Starter as a representative of the IHSAA.

The meet must be held Friday afternoon, Friday evening, Saturday afternoon or Saturday evening. The Center Principal shall notify all schools participating in his sectional, and the IHSAA office by Tuesday, May 5, as to the time and place of holding the meet. The Center Principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner. Places on the track must be assigned by lot.

Admission Fee—Admission fee to all meets shall be not less than fifty cents ($0.50) or more than seventy-five cents ($0.75).
Open Contest—These meets are open to all members of the Association, except to schools holding modified or associate memberships.

Entertainment—The Center Principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

Expenses—There will be no entry fee. Traveling expenses must be paid by the competing schools.

Privileges—All actual contestants in uniform, one coach and principal for each team are admitted free to the meet.

Entrance Requirements—The minimum standards of performance which contestants must achieve to be eligible to enter sectional track and field meets shall have been equalled or bettered in regular scheduled interschool meets during the present outdoor track season. These performance standards may be established by competent timing of the first three, four or five places in interschool outdoor meets.

Eligibility—The eligibility of each player must be certified to by the principal of the school sending the team. The regular blank of the IHSAA must be used and all data must be given. Entries positively will close Thursday, April 30, at 4:00 p.m. This means the entry blank must be in the hands of the Commissioner, complete in every detail, on the date. See warnings below.

Official Rules—The current National Alliance Edition of the Track and Field Guide as published by the National Federation is official in the IHSAA. A few modifications have been made by the IHSAA and they are given in the present Bulletin. In both relays “off the curve” method of exchange shall be used. Both relays may be run in lanes the first 220 yards with a staggered start if lanes have been marked. When the half mile relay is run with the first 220 yards marked in lanes the first and second runners will exchange in their own lane.

Scoring—Winning first place in any event in the sectional meet counts five points; second place, three points; third place, two points; and fourth place, one point. Points in the relays will be counted in determining the winning team, the points for each place in each relay to be double the points in each place in other events. In case of tie in a track event, the points shall be divided equally and the prizes awarded by lot. Ties in the high jump and pole vault shall be decided by awarding the position, with its points, to the contestant with the lowest number of trials for the tied height. If the tie still is not broken, the fewest total misses in the entire competition is the determining factor. Existing ties at this stage shall be decided by the method outlined in Rule 5, Section 2 (c and d), page 14, of the 1964 Track Rules Book. No misses shall be charged to a competitor for a passed height. In case of a tie in the shot put or broad jump, position and points are awarded according to Rule 5, Section 2, “determined by distance,” page 15 of the 1964 Track Rules Book.

Limitations—No contestant will be permitted to enter or participate in more than three events, and no contestant will be permitted to enter or participate in both relay races. Do not enter the same boys in both relay races.

Management—The management of these meets rests solely with the Board of Control. Local arrangements have been delegated to the Center Principals. All meet officials will be selected by the Center Principals.

Instructions and starting time schedule will be sent to each competing school prior to the meet by the Center Principal.

Eligibility—The rules and regulations of the IHSAA shall govern.

An entry blank is required and one accompanies this announcement.
if your school has a golf team. There will be no entry fee. Entry blanks are due in the IHSAA office on or before 4:00 p.m., Thursday, May 7, 1964, and cannot be accepted afterwards.

NOTE—Each year some schools file entry blanks, then fail to participate in the tournament for some unknown reason. The management makes all arrangements for these teams, and of course the arrangements are upset by the non-appearance of the entrants. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for some reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the Sectional Center Principal immediately.

Transportation—This will be an obligation of the participating school in each case.

Medal Play—The meets will be conducted as Medal Play and 18 holes will be played. Summer rules are to be used, unless it is decided by the manager of the meet and the Center Principal that the condition of the course makes the use of winter rules necessary.

Scoring—Each threesome or foursome will be made up of players from different schools. The players will count and keep score for each other.

Teams—Each school may enter six (6) players and the team must consist of four (4) of these six. The four players must be designated prior to the beginning of the tournament. A number less than four from a school cannot participate. Players should be listed on the entry blank according to team position.

QUALIFICATIONS FOR STATE MEET

Teams
Representation at the State Meet will be determined by the number of teams competing in that Sectional, as follows: Six to ten, one team; eleven to fifteen, two teams; sixteen or more, three teams.

Only schools posting a team score at the completion of a Sectional Meet are to be considered actual “participating” teams.

Individuals
The three low medalist players in each sectional meet are eligible to compete as individuals in state meet competition, provided their school posted a team score in the sectional.

Ties
All individuals or teams tying for the last qualifying position shall be eligible for State Meet competition.
