MESSAGE TO THE INDIANA HIGH SCHOOL
ATHLETIC ASSOCIATION

by
Judson S. Erne, President

The concept of a good athletic program as a function in the modern educational system would demand that it must be progressive, forward looking, and must foster a willingness to change. Athletics are more closely tied to the actual educational program of our public schools than at any time in the past.

Participants cannot be considered to be athletes apart from the curricular aspects of the school; they must be students first, athletes second. Administrators, coaches, and communities must adjust their thinking to these facts of life. With secondary schools adopting higher standards of achievement in the classroom and higher requirements for graduation; with colleges and universities requiring higher standards for admission, and with industries expecting more knowledgeable employees; an athlete, to take advantage of his opportunities and skills, must be determined to develop his academic and vocational abilities as well as his athletic prowess. In other words, athletes are no longer at an advantage in college entrance or in job placement because they are athletes; they will only warrant scholarships and good jobs because they have developed intellectual skills along with their athletic ability.

A greater participation by students in the secondary school athletic program is more desirable today than ever before. Young people need the discipline, the responsibility, and the physical development achieved through athletics. Our democratic society is a competitive way of life and athletics must be a force in stimulating competitive spirit. The knowledge of sports and the skills developed by the participant will prove very beneficial to the young individual because of the leisure time brought about by automation in industry.

Athletic programs must be a part of an all-consuming way of life—not just a way of life. Administrators must assume the responsibility of developing a broad program of athletics and intramural sports; not alone for boys, but also including girls. Coaches must be educators in the real sense of the word, excellent teachers in the classroom as well as fine teachers in the area of athletics.

The IHSAA will only be as strong as the member schools desire it to be. We have splendid leadership in the commissioner and assistant commissioner. This leadership will only be able to exert influence, if we as administrators support a strong program, abide by the rules in fact, as well as in spirit, and discipline ourselves to enforce all regulations. Evading the spirit of a regulation in an athletic program is certainly a disastrous way to exert positive influence over young people.

The IHSAA is not a crutch to lean upon, but a vehicle to establish fair criteria in sports and competition. It is established to aid schools
in building a program, to organize a unified effort in athletics and to stimulate an attitude of “good sportsmanship” among those who participate.

Our Athletic Association is a strong organization. It is interested in each young person, each coach, each administrator, and each community. It is my hope that we build upon the strong foundation which has been established. The future is what we desire it to be. It is my desire to make the IHSAA the best. This should be your desire. Let us each put forth the effort to make it such.

HISTORY OF IHSAA

The first attempt to organize the high schools of Indiana in a single Association for the purpose of handling athletic activities was made in a meeting of the Northern Indiana Teachers Association held at Richmond in April, 1903. At this time there was a conference of high school principals, and the conference ended with a body of suggested rules and regulations, called the Richmond Agreement. Due to the fact that there was no central organization having executive power, the Richmond Agreement did little more than point the way toward something better.

Principal J. B. Peary, of Anderson, issued a call for a meeting of high school principals interested in a State Athletic organization for December 6, 1908. At this meeting a provisional constitution was adopted. At a similar meeting on December 29, 1908, a final constitution was adopted and a Board of Control of three members was chosen to administer the affairs of the IHSAA.

The first Board of Control was made up of Principal George W. Benton, Shortridge High School, Indianapolis; Superintendent Lotus D. Coffman, Salem, and Principal J. T. Giles, Marion. These men thought and planned well, and we are enjoying the fruits of their vision.

There were fifteen (15) high schools belonging to the IHSAA, March 1, 1904, and now there are six hundred thirty-nine (639) member schools. The membership has had a gradual growth through the years, and now includes almost all of the high schools in the state. The peak membership of eight hundred twenty (820) was reached in 1942, the year that private, parochial and institutional schools were admitted to the Association.

In the beginning, one member of the Board of Control served as Secretary, but it soon became very evident that this office furnished enough work for a special man. It was also seen that the future of the organization demanded that the office of Secretary be made more permanent than the office of Board Member. Accordingly, at the annual meeting in 1906 the office of Permanent Secretary was established, and Principal J. T. Giles of Marion was chosen by the Principals to be the first Permanent Secretary. Principal Giles resigned on December 26, 1912, and Principal Isaac E. Neff, South Bend, was chosen by the principals to succeed him. Principal Neff resigned March 15, 1915, and the Board of Control appointed Principal Arthur L. Trester from Alexandria to serve as Permanent Secretary until the next annual meeting in December, 1915. At this meeting, Principal Trester was chosen by the principals as Permanent Secretary.

The Board of Control consisted of three members, chosen by the principals in their annual meetings, until the annual meeting of October 27, 1916. At this meeting it was decided to divide the State into five districts for administrative and representative purposes, and that each district should have one representative on the Board of Control, chosen by mail ballot from his own district by the principals of his district.

In September, 1925, by a referendum vote the principals passed a legislative body proposal calling for four members from each of
the five (5) IHSAA districts. The five members of the Board of Control, serving ex officio, and the fifteen other members elected by the principals in a mail vote constituted this legislative body. Prior to this plan all legislation was done at the annual meeting or by referendum voting by mail. This Legislative Body of twenty members passed on all proposals submitted by the high school principals. It was the law making body of the Association. The plan was considered a step in advance in state administration and legislation in athletic activities.

On December 13, 1930, the Legislative Body considered and passed without a dissenting vote the provisions for an Athletic Council. The plan in full continued the five IHSAA districts in the state and arranged for five representatives on the Athletic Council from each district by classes determined by enrollments in the high schools, thus making the Athletic Council a body of twenty-five members representing all sizes of high schools and all districts of the state at all times and elected by the high school principals in the membership. A provision was included for the selection of a 5-man Board of Control from the membership of the Athletic Council by the members of the Athletic Council. The Athletic Council took over the duties of the former Legislative Body and is considered the law making body of the Association.

The title "Permanent Secretary," established in 1906, was changed to "Commissioner of High School Athletics" in October, 1929, by the Legislative Body, and the Commissioner was granted the powers and duties belonging to a Commissioner of Athletics. Mr. Trester continued to serve as Commissioner until the date of his death, September 18, 1944, the Board of Control designated Superintendent Morris McCarty of Lafayette to serve as Acting Commissioner. In December, 1944, Principal L. V. Phillips of Vincennes was chosen Commissioner to take office January 1, 1945. In 1944, the Board of Control was given authority to employ an Assistant Commissioner. Robert S. Hinshaw, Director of Athletics in Rushville High School, was chosen in November 1945 to take office December 10, 1945, to become the first Assistant Commissioner of Athletics for the IHSAA. In July, 1961, Herman F. Keller of Evansville Bosse High School became the second Assistant Commissioner of Athletics after the death of Mr. Hinshaw. On the retirement of L. V. Phillips, July 31, 1962, the Board of Control selected Phil N. Eskew, Superintendent, Huntington Public Schools, as the third Commissioner of Athletics. The Board conferred the title of "Honorary Commissioner" on L. V. Phillips.

The primary purpose of the organizers of the IHSAA to manage and to foster high school athletics on a high plane has been upheld as an ideal by the Association through the sixty-four years of the life of the IHSAA. New and advanced steps have been taken whenever conditions made them necessary. In the beginning, the Association concerned itself largely with track and football. As time went on it became increasingly evident that the IHSAA should assume the initiative for a well-balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The Association now sponsors football, baseball, cross country, basketball, swimming, wrestling, golf, tennis, softball, gymnastics, track and field, and girls' play days. State championships are determined in cross country, swimming, wrestling, basketball, track, golf, gymnastics and baseball.

A study of the men who have served on the Board of Control through the years will show clearly that the activities of the IHSAA have been in good hands. The titles and addresses are given as they were when the men were Board of Control members. A complete list of former Board members follows:

CONSTITUTION OF INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION

PREFACE

This revision of the Constitution, Rules and By-Laws, regulations, interpretations, questions and answers of the Indiana High School Athletic Association, is the result of the combined efforts of the Board of Control, Athletic Council and the revision committee.

Most of the material has been printed in the Handbook and official bulletins published each year. Principals, Coaches and other interested parties are requested to read all information contained herein, and observe the information published in all IHSAA bulletins. The Constitution, Rules and By-Laws printed in the annual Handbook may not be up-to-date at all times, due to legislation between printings. The printed Constitution, Rules and By-Laws, together with the questions and answers, plus the information in current bulletins, will keep all responsible parties completely and officially informed.

PURPOSE OF IHSAA

(Copied from Introduction to first printing of Constitution in 1904)

"The purpose of this organization is the encouragement and direction of athletics in the high schools of the State. No effort has been made to suppress or even to repress the athletic spirit that is everywhere in evidence in our schools. On the contrary, this organization gives recognition to athletics as an essential factor in the activities of the pupil and seeks only to direct these activities into proper and legitimate channels."

Section 1. Full membership in this Association shall be open to all public, private, parochial, and institutional high schools of the state offering and maintaining three or four years of high school work, provided they meet the requirements of the association and also subscribe to its rules and regulations. A school to be eligible for membership in the IHSAA must be accredited by the State Department of Education.

Section 2. Schools holding preparatory memberships are not eligible to enter teams in state tourneys or meets. It is further understood preparatory membership is available only to schools that will become eligible for full membership within a two year period. At the end of the two year period the preparatory membership will be reviewed by the Board of Control.

2. Associate members are bound by all rules and regulations of the IHSAA with the exception that a student who changes schools without a corresponding change of residence on the part
of his parents is eligible as to residence immediately, provided there is no undue influence involved in any way.

3. Associate members are not privileged to share in the distribution of tickets to IHSAA championship tournneys and meets or in the distribution of IHSAA surplus funds to member schools.

Section 5. Any high school in the state may become a member of this Association by meeting the requirements, by subscribing to these rules and regulations, and by paying the annual dues of one dollar and fifty cents ($1.50) to the Commissioner on or before October 1 of each year. Rule 8. Approved officials may not play with or against high school students during the school year.

DIVISION II
CONTESTS

Rule 1. No games, meets, or tourneys, shall be played by a member school team without the sanction of the Principal.

Rule 2. All inter-school athletic contests shall be subject to the rules of the IHSAA and the Board of Control.

Rule 3. All games, meets, tourneys and inter-scholastic activities participated in by the member schools belonging to the IHSAA must be held under the direct supervision, management and auspices of the schools concerned or under the direct supervision, management and auspices of the IHSAA. (Note—This rule applies to games, meets, tourneys and inter-school athletic contests within and without the state.)

Rule 4. Participation of students in an athletic contest with or against players not belonging to their school constitutes a game. A "scrimmage" or practice by students with or against teams or players not belonging to their school is considered a game. A try-out or demonstration of athletic ability as a prospective student-athlete for a college shall be considered a violation of this rule.

Rule 5. When a contestant, official, game or decision is protested the game should be played as scheduled and the protest with evidence filed with the Board of Control for settlement later.

Rule 6. Principals shall take the proper measures to control the crowd and the players at all contests. Failure to do so shall be considered sufficient reason for suspension from the Association.

Rule 7. Visiting schools shall be held responsible for the conduct of visitors from their home city regardless of the place of the contest.

Rule 8. Mutual agreements to violate the rules of this Association shall result in suspension of all schools concerned.

Rule 9. In all contests the decisions of the officials are considered final and binding.

Rule 11. Member schools may maintain any number of teams in the same sport.

DIVISION III
RULES FOR CONTESTS

GENERAL RULES

These rules apply to all interscholastic contests:

Rule 1. No inter-school contests shall be played prior to the opening of the school year in the fall. (Exception: See Football—Rule 2).

Rule 2. There shall be no inter-school athletic contests played or practices held on Sunday.

Rule 3. No games shall be played with high schools of this state not belonging to this Association unless such high school is not eligible for membership in the IHSAA. This rule does not prevent a member of the Association from playing high schools outside of the state nor from playing non-high school teams within the state, provided all players on the IHSAA teams are eligible in every way and also provided there are no high school students of Indiana on the opposing teams. No athletic contest shall be held with any high school of another state that is not a member in good standing of its State High School Athletic Association, if eligible for membership.

Rule 4. Withdrawal of a school athletic team from an athletic contest will jeopardize the standing of the school in the IHSAA.
Rule 5. Participation, directly or indirectly, in the management, supervision, player selection, coaching or promotion of all-star high school teams, high school championship teams or similar teams in contests in any sport, having or not having definite seasons in the IHSAA, unless under the supervision and auspices of the IHSAA by member schools, by their school officials or by their teachers, shall be considered a violation of the spirit and purpose, if not the actual wording of these rules and regulations; and schools violating the spirit, purpose or wording of these rules and regulations as indicated herein shall cause their school to be suspended from the IHSAA for such length of time as the IHSAA Board of Control deems advisable. Approved officials shall be suspended for promoting such contests.

Rule 6. Boys and girls shall not be permitted to participate in inter-school athletic games as mixed teams, nor shall boys' teams and girls' teams participate against each other in inter-school athletic contests.

Rule 7. It is recommended that principals, in arranging for games, provide a forfeit of $25.00 to be exacted should there be a failure on the part of either party to carry out the arrangements made. Should such forfeitures be stipulated and not be paid during the same season, the Board of Control after hearing both sides, shall have authority to suspend the delinquent school from the Association. Notification of such suspension shall be published in the papers with cause therefor.

Rule 8. Member school students must not play under assumed names, nor accept remuneration directly or indirectly for their playing.

Rule 9. Reasonable meals, lodging and transportation may be accepted by a student if such are accepted in service rather than money or in some other material form. The IHSAA expects all member school students to so conduct themselves at all times that they, their school and the State Association will be honored.

Rule 10. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on teams. A professional in one sport is a professional in all sports as far as eligibility is concerned.

Rule 11. A member school student who participates in a sport during a season on any team other than his school team, becomes ineligible in that sport for the remainder of the season. Note: The season for golf, baseball, softball, swimming, gymnastics, track, cross country and tennis defined as the period beginning with the opening day of school and ending with the closing day of school, each school year. (See football, wrestling and basketball rules for limited seasons.)

Rule 12. A ninth, tenth, eleventh or twelfth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

Rule 13. Participation of students in an athletic contest with or against players not belonging to their school constitutes a game. A "scrimmage" or practice by students with or against teams or players not belonging to their school is considered a game. A tryout or demonstration of athletic ability as a prospective student-athlete for a college shall be considered a violation of this rule.

Rule 14. The IHSAA Constitution, Rules and By-Laws govern in all sports. This Division contains only rules for contests. Be sure to check other Divisions for rules which apply to all interscholastic athletics.

**BASEBALL AND SOFTBALL**

Note: See Division III—"Rules for Contests"—General Rules 1-14, which apply to all sports.

Rule 3. Pupils may be permitted to play on baseball and softball teams other than teams representing their school during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA.

a. Member school students, who play on baseball teams other than their school teams during the school year, must have written permission of their high school Principal on file in the Principal’s office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the school Principal. Note: Permission granted by a Principal to a boy to play baseball on a team other than his high school team during the school year makes the boy ineligible for the school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the Principal informed about his students.

(Note: It is not considered a violation of present IHSAA rules for a member school, during the summer vacation period, to sponsor a team composed entirely of its own students in such sports as baseball, softball, tennis, and golf. While an athletic contest conducted under this interpretation would be similar to that of other independent amateur organizations, it is recommended that participating schools, through their principals, mutually agree to abide by IHSAA rules except for such modifications as may be necessary.)

b. The IHSAA considers that a member school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the school principal in each case.

In cases of disputes, the Principal must furnish the Board of Control the following data in regard to each contestant: The date and number of semesters of enrollment in high school; the number of years he has been a member of a secondary school athletic team; date and place of birth; average mark in each subject for the preceding semester in school; average mark in each subject from the beginning of the current term and semester. A school which does not furnish this data shall be denied championship honors, and may be excluded from all games, tourneys and meets.

B. Scholarship—

Rule 1. Each contestant must have and be maintaining for the current semester, a passing grade in each of four or more subjects requiring a minimum of twenty regular high school recitations per week, exclusive of rhetoricals, physical training, military drill and deportment; in his last preceding semester in school he must also have met the same requirements throughout the entire semester. Military Science and Tactics may be accepted for scholarship eligibility, provided it is approved by the State Department of Education as a full-time, solid subject; that it may be counted toward graduation from high school; and that it cannot be substituted for required courses in physical education.

Note: Schools having lengthened periods must meet the time equivalency.

Interpretation—

The part of Rule 1, Division V, under Scholarship in the IHSAA Rules and By-Laws reading, "...a passing grade in each of four or more subjects requiring a minimum of twenty regular high school recitations per week" is interpreted to mean "a passing grade in each of four regular high school subjects having a full semester value and for which a full semester credit is given." The combination of two subjects, not excluded in this Division in the By-Laws, which total credit value is equal to one full semester credit may be counted toward eligibility for one and only one of the four regular high school subjects of full semester credit value, provided the two combined subjects remain the same subjects throughout the semester in which they are counted.

Rule 2. Students enrolled for the first time must comply with the scholarship requirements of the rules, the average standing required for the preceding semester being obtained from the records in the last secondary school attended.

be passing; (c) if the average of the period grades at the beginning
of an grading period is below passing in any subject, the pupil is in
eligible as far as that subject is concerned for the entire grading
period.

counted toward eligibility provided: (a) it be done in a regularly
approved summer school or according to procedures approved by the
State Department of Education (b) no more than two credits be given
for work done during the summer months (c) all work be done and
the credits be a matter of final record in the principal's office
prior to the opening date of the semester in which eligibility is desired
(d) all work and credits be bona fide in every way and certified as
such by the high school principal. In all other cases, the record at the
end of a semester shall be final. Deficiencies in one semester cannot
be made up in a subsequent semester for qualification purposes during
that semester. An incomplete or condition at the end of a grading
period or semester counts as a failure.

Rule 5. Passing work is meant work of such character that credit
should be entered on the school records were credit given at the
time of certification.

Rule 6. A student who withdraws for the semester within the first
15 days shall not be considered ineligible as to scholarship at the
beginning of his next semester of enrollment, provided he was eligible
when he withdrew.

high school work is a high school student, provided such a student
has been promoted to high school in the regular way and according
to good school procedure.

Rule 1. No student, who has been enrolled as a high school
student in any member school, shall be permitted to participate in any
inter-school contest as a member of another member school until
he has been enrolled in such school for one calendar year, unless
the parents of such student actually change their residence to the
second school district. In the latter case, the student will be as eligible
as he was in the school from which he withdrew (See Enrollment Q.
and A. 12-4).

Rule 2. A student enrolled in one high school of a city or school
corporation shall not be eligible in another school of the same city or
school corporation until he has been enrolled in the other school for
one calendar year, unless there are definitely marked school districts
and his parents actually change their residence to the new school
district.

Rule 3. Students finishing the courses offered in high schools
maintaining less than four years of high school work and transferring,
are not bound by this section. (See Enrollment Q. and
A. No. 6.)

Rule 4. The fact that a transfer has or has not been issued, or
that the student pays or does not pay his tuition, has no bearing ex-
cept when the omission of a transfer or payment of full tuition is
done for the purpose of unduly influencing a student to enroll for
athletic reasons (See Undue Influence rule.)

Rule 5. No student who has transferred from another high school
shall be certified for inter-school athletics until the principal has on
file an IHSAA Athletic Transfer Blank, signed by the principal of
the school from which the student transferred.

Rule 6. A high school student who is regularly enrolled in three
or more high school credit courses may, with prior written app-
proval of his high school principal, enroll in or attend an accredited
institution of higher learning that may give him college credit, if
such credit is equivalent to one high school credit.

Rule 7. Enrollment eligibility shall be limited to eight semesters
with the understanding that a student who enrolls in the ninth grade
for the first time at the beginning of semester two may choose
either his first or ninth semester for enrollment eligibility. A mid-
year student who participates in any sport during his first semester
becomes ineligible for all sports during his ninth semester.

Rule 8. Any student who has been enrolled more than fifteen (15)
school days between September 1 and December 1 for four times, shall
be ineligible for football.

Rule 9. Any student who has been enrolled more than fifteen (15)
school days between December 1 and March 1 for four times shall
be ineligible for basketball, except a student who entered high school
for the first time during the second semester of a school year and
who did not participate in any game during this semester, shall not
be ineligible for basketball until he has been enrolled thereafter
fifteen (15) or more school days between December 1 and March 1
for four times.

Rule 10. A student who has participated in one or more inter-
school athletic contests, and who is forced to withdraw for the semes-
ter during the first fifteen (15) school days of eligibility because of a disability, shall not be considered as having
participated for that semester. The disability shall be certified to by
a physician licensed to practice medicine in Indiana.

Rule 11. Any student who has been enrolled more than fifteen
(15) school days between March 1 and June 1 for four times, shall be
ineligible for baseball, track, golf, tennis and other spring sports,
extcept a student who entered high school for the first time during the
second semester of a school year and who did not participate in any
game or meet during this second semester shall not be ineligible for baseball, track, golf, tennis and other spring sports until he has been enrolled thereafter fifteen (15) or more school days between March 1 and June 1 for four times.

Rule 13. In order to be eligible for athletic competition during any semester, a student must have entered some high school within the first fifteen (15) school days of the semester in which the contest occurs.

Rule 14. Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have been enrolled, then enter the new school in the district in which their parents reside with residence eligibility in each school during enrollment therein.

A student who resides with his parents and attends high school in their residence district may remain as a student with eligibility in athletics in this high school even though his parents move to another school district, provided no undue influence is attached to the case in any way. (This rule is primarily to enable seniors to remain in the school in which they enrolled and remain eligible to compete in athletics when it is impractical for them to move with their parents.)

In every instance when the parents of an underclassman move, the principal must inform the parents of the IHSAA rule and if the athlete remains in the school after his parents move from the school district, it shall be the duty of the principal to check before he is certified for athletic eligibility. The principal shall report the circumstances and reasons why he remained in the school district on the form (Form J) prepared for that purpose. This report shall be sent to the IHSAA Office and to the principal of the high school in the district to which the parents moved. A student is not eligible under this rule until his residence eligibility report has been reviewed by the IHSAA.

Rule 15. A student who, because of unavoidable circumstances such as the death of the parents or guardian, finds it necessary to change residence from one school district to another in order to have a home, may be declared eligible by the Board of Control, provided the principal of each member school files a statement, with supporting evidence, with the Board of Control as proof that the change was necessary and that no undue influence was attached to the case in any way. If any action of a legal agency is to be submitted as evidence of unavoidable change of residence such action should be taken prior to the student's enrollment in the new school.

Rule 16. Change of residence as used in these rules shall mean a bona fide move about which there is no question. If the case is that of a change of residence of parents, the change shall be definite and complete.

Rule 17. Foreign exchange students and students of parents assigned to foreign countries may be considered for residence eligibility by the Board of Control.
G. Post Graduates—

Rule 1. Post graduates are not eligible but students graduating from a regular course of less than four years in length shall not be deemed post graduates.

Rule 2. A student is a post graduate of a high school when he has completed the work required for graduation by that school and has received his diploma provided the school offers four years of work.

Rule 3. Students meeting requirements for graduation in three and one-half years in a high school with a regular four-year course shall be eligible to participate in school athletics the last half of the fourth year, provided they meet all other eligibility rules of the IHSAA.

I. Amateurism—

Rule 1. All contestants in the IHSAA must be amateurs.

Rule 2. Professionalism is defined in the IHSAA as accepting remuneration, directly or indirectly, for playing on athletic teams, for officiating athletic games or for managing athletic teams; or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. Any member school student who directly or indirectly signs a professional contract loses his amateur standing and immediately becomes ineligible for all inter-school high school sports.

Rule 3. A member school student shall be considered as violating his amateur standing if he participates in athletic activities, schools, tryouts, practices and games held or sponsored by professional athletic organizations, clubs, or their representatives during the season of a sport or between the seasons of a sport. This rule applies to all sports except baseball during the summer vacation. (See Rule 4 following.)

Rule 4. A member school student shall not be considered as violating his amateur standing if he participates, during the summer vacation, in baseball schools and clinics sponsored by professional major and minor league baseball clubs.

Note—Any employee or school official of a member school who acts as an agent or encourages any negotiations between a high school student and representatives of Organized Baseball prior to the student’s graduation, is violating the Agreement between the National Federation and Organized Baseball. Such action on the part of any employee or school official may cause his school to be suspended from the IHSAA for a period of time to be determined by the Board of Control.

Any evidence that a representative of Organized Baseball is attempting to or has signed a student prior to graduation should be reported to the IHSAA at once. This is a violation of the Agreement between the National Federation and Organized Baseball, and the penalty for such action is under the jurisdiction of Organized Baseball.

Rule 5. Member school students may participate in independent golf tournaments during the summer vacation period without violating their amateur standing, provided they do not accept cash or merchandise prizes or the equivalent thereof. Medals or trophies may be accepted.

Rule 6. No member school student shall be eligible to participate in any interschool contest under the rules of the IHSAA, if it shall be shown that he or any member of his family is receiving any remuneration, either directly or indirectly, to influence him or his family to reside in a given school district in order to establish eligibility on the team of said school, and any school permitting such participation shall, upon satisfactory evidence, submitted to the Board of Control, be suspended from membership in the IHSAA for a term of not less than one year. This rule shall not interfere with the right of high school pupils to work during vacation or during out of school hours in order to earn their way through high school. It shall apply to the use of any funds created by gift or by subscription with the intent of offering them or parts of them for the free use of the player or any member of his family as an inducement to get them to change their residence to the district of the said school and to maintain residence therein.

Rule 7. Reinstatement of Amateur: A member school student, who has violated his amateur standing according to the rules and by-laws of the IHSAA may apply to the Board of Control for reinstatement as an amateur in the association one calendar year after the date he was declared ineligible on account of the violation, provided he has been in school throughout the year.

The application shall be signed by the student and his school principal, and shall certify that one calendar year has elapsed since the student was declared ineligible and that the student has not violated amateur rules during that calendar year.

J. Conduct—

Rule 1. Any student, whose conduct or character is such, in the judgment of his school principal or the Board of Control, as to reflect discredit upon his school or upon the IHSAA, is not eligible.

Rule 1. Married students shall not be eligible for participation in inter-school athletic competition.

Rule 2. Students who have been divorced or whose marriages have been annulled are bound by the above rule.

L. Ineligibility—

Rule 2. Inform the IHSAA office definitely by giving the name of the student, the cause of ineligibility, the list and scores of contests in which he participated, the name of the coach and the opponent principles, and requesting him to notify the IHSAA office as soon as the investigation has been made.

Rule 3. Send definite and explanatory letters to the opponent principles in which the student participated when ineligible, containing the errors, the games and honors won, and requesting them to notify the IHSAA office as soon as they receive these letters.

Rule 4. Consider and so declare the student not only ineligible for all athletics for the current semester, but also for all of his next semester following. Note—The IHSAA reserves the right to request additional information and to make final decisions after a careful investigation has been made.

f. A ninth grade student who is eligible in a school having junior membership may compete on the senior high school team of his district, but not both. A student who is advanced to the high school team in one sport may not return to his school team in that sport.

Note: It is strongly recommended that ninth grade students in schools holding junior memberships participate only on their teams.

g. A ninth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

h. The principal in a school holding membership is responsible to the IHSAA for the conduct of athletics in that school.

Note: The giving and receiving of awards and medals shall: (a) be kept within reasonable bounds; (b) have symbolic value only, and (c) be done by and with the consent and under the supervision of the member school principals concerned.

Note—The giving and receiving of awards by and with the consent and under the supervision of the member school principals concerned shall mean that the member school principal in each school shall have real control and supervision without pressure of any kind from outside persons or groups of persons.

Rule 2. Only one sweater, jersey, jacket, blanket or similar article may be given in each sport to a high school student for participation in athletics in each high school in which he may be enrolled.

Rule 3. Awards such as a trophy, metal football, metal basketball, metal track shoe or similar article of symbolic value only may be given in addition to the one award permitted in Rule 2, provided the cost of the award shall not be more than the cost of the award in Rule 2.

Note—The word “symbolic” shall be understood to refer to a symbol, an emblem, or a token rather than to an article having intrinsic value. A diamond ring, a gold watch, an automobile or similar awards do not fall under the term “symbolic” even if the award is duly inscribed. An inscription cannot validate such awards in the IHSAA.

Rule 1. Students in schools having junior membership in the IHSAA may participate on the following basis:

a. A student must meet the eligibility rules of the Association in all respects.

b. Junior membership teams may compete against only ninth and/or tenth grade teams and students from other member schools.

c. Schools with junior membership may participate in tourneys and meets in accordance with the membership regulations in Article II, Section 2, of the IHSAA Constitution.

d. Schools having junior membership in the IHSAA may not use students below the ninth grade on their athletic teams in interscholastic games.

e. Schools having junior membership may not compete with schools who do not hold membership in the IHSAA, if such schools are eligible for membership.

f. A ninth grade student who is eligible in a school having junior membership may compete on either his team or the senior high school team of his district, but not both. A student who is advanced to the high school team in one sport may not return to his school team in that sport.

Note: It is strongly recommended that ninth grade students in schools holding junior memberships participate only on their teams.

g. A ninth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

h. The principal in a school holding membership is responsible to the IHSAA for the conduct of athletics in that school.

Note: The giving and receiving of awards and medals shall: (a) be kept within reasonable bounds; (b) have symbolic value only, and (c) be done by and with the consent and under the supervision of the member school principals concerned.

Note—The giving and receiving of awards by and with the consent and under the supervision of the member school principals concerned shall mean that the member school principal in each school shall have real control and supervision without pressure of any kind from outside persons or groups of persons.

Note: Schools holding junior memberships are subject to all rules and regulations of the IHSAA with the modifications given above.
Rule 4. Schools belonging to athletic conferences, or participating in tourneys and meets under the rules of the IHSAA, except in the championship series conducted by the IHSAA, may make awards to the winning school or winning participants, provided such awards are made within the bounds of Rules 1, 2 and 3.

Rule 5. Suitable awards may be accepted by schools and/or students from such local organizations as: service clubs, patriotic organizations, civic groups, dads' and mothers' clubs, and the sports department of a newspaper or radio station. No awards should be accepted which, in any way, advertise any firm or individual so far as commercial or business interests are concerned.

Rule 6. The Board of Control shall have the authority to designate, give and control the medals and trophies to be awarded to the schools and to the individuals on state championship teams in any sport, with the understanding that these be kept within the bounds of Rules 1, 2 and 3.

Rule 7. Awards, medals, recognitions, gifts, trips and honors shall not be accepted by players or schools from colleges, universities and higher institutions of learning or their alumni. High school athletes should be permitted to complete their high school careers without being molested by outside sources. The acceptance of travel expenses either directly or indirectly from a college as a prospective student-athlete shall be considered a violation of this rule.

Rule 8. No member school or student shall accept a championship award unless the championship has been determined by the IHSAA or its member schools. No award of any type shall be accepted from any outside organization designating athletes as having "All-state" or "All-America" status.

Rule 9. Athletic equipment is considered as merchandise. Any student who attempts to evade the rule by "purchasing" a merchandise prize for a nominal or token sum will be considered as having forfeited his amateur standing in the IHSAA.

Rule 10. Penalties for violations of the above rule will be determined by the Board of Control after all the evidence and circumstances have been considered.

QUESTIONS AND ANSWERS REGARDING THE RULES, REGULATIONS, INTERPRETATIONS AND STANDARDS OF THE IHSAA

In order that the rules and regulations of the IHSAA may be as clear as possible, it has been thought advisable to print for general distribution these questions and answers. The correspondence of the IHSAA has been gone over carefully and has furnished these questions and answers almost entirely. The questions are real ones, as they have been asked by high school principals, coaches, superintendents, teachers, school board members and others who are in control or manage athletics in their respective schools and communities. The answers have been given according to the rules of the Association and the Interpretations of the several Boards of Control. It is hoped that these statements will clarify our rules and regulations, as well as establish working ideals and policies for the IHSAA.

BASEBALL

1. Q. Does a high school student violate the rules of the IHSAA by playing independent baseball or softball during the summer?
A. High school students may play independent baseball or softball during the summer months when school is not in session without jeopardizing their standing in high school, provided they do not accept remuneration, directly or indirectly, and also provided they do not play under assumed names. Reasonable meals, lodging and transportation may be accepted by such players if accepted in service and not in any other way. All such playing should be checked carefully by principals.
See Division V under Amateurism in the By-Laws
(Note: This answer applies to other summer sports, not having definite seasons, provided other rules and regulations of the IHSAA are observed.)

2. Q. Is a student, who plays on an independent baseball or softball team during semester one, ineligible for high school baseball or softball during semester two?
A. Yes, such a student is ineligible for baseball or softball for semester one and two, also, as baseball or softball is a school year sport.

3. Q. If a student plays on an independent team in baseball or softball during the school year, does he make himself ineligible for both baseball and softball in high school?
A. No, he makes himself ineligible only in the sport in which he participates on an independent team, provided he does not violate his amateur standing in some way.

A. Yes, except that an official who is approved in “Baseball” may be considered eligible to officiate either baseball or softball.

5. Q. May a school official or employee act as an agent between high school athletes and professional baseball?
A. No, they are violating the agreement between the National Federation of High Schools and Organized Baseball. (See Division V under “Amateurism” IHSAA By-Laws.)
BASEBALL AND SOFTBALL

The following statements have been authorized by the Board of Control:

a. High school students may play on independent baseball teams during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA provided they do not play under assumed names and also provided they do not accept remuneration, directly or indirectly, for their playing. (For information concerning the participation of high school students in schools and clinics sponsored by Organized Baseball, see Division V, Rule 4 under “Amateurism.”)

b. Reasonable meals, lodging and transportation may be accepted by the students if such are accepted in service rather than in money or in some other material form. The IHSAA expects all high school students to so conduct themselves at all times that they, their high school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

d. High school students, who play on baseball teams other than their high school teams during the school year, make themselves ineligible for baseball in high school in that school year.

e. High school students, who play on baseball teams other than their high school teams during the school year, must have written permission of their high school principal on file in the principal’s office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the high school principal. See Note.

f. The IHSAA considers that a member school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the high school principal in each case. See Note.

Note: Permission granted by a principal to a boy to play baseball on a team other than his school team during the school year makes the boy ineligible for the school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the principal informed about his students.

ENROLLMENT
(See Undue Influence Rule. It Takes Precedence.)

A. Students who have been enrolled in high school for more than fifteen (15) school days between September 1 and December 1, or between December 1 and March 1, or between March 1 and June 1, for four times are ineligible respectively, for football, basketball, wrestling and spring athletics, with the following exceptions:

A student who enters high school for the first time at the beginning of semester II of any school year, may be enrolled four times of fifteen (15) or more school days each between December 1 and March 1 following this first semester of his enrollment, and he may be eligible for basketball for these four seasons provided he does not play in any game during his first semester of enrollment. A student, who enters high school for the first-time at the beginning of semester II, may be enrolled four times of fifteen (15) or more school days each between March 1 and June 1 following this first semester of enrollment, and he may be eligible in spring athletics for these four semesters, provided he does not participate in spring athletics during his first semester of enrollment. Participation in a sport in a school year counts as participation in that sport for one school year.

* * *

2. Q. May a student, who has been in high school four full years, but who has not participated in any athletics, participate in athletics?
A. No, enrollment rather than participation is the determining factor in such cases.

* * *

3. Q. Which is the determining factor in eligibility—enrollment or participation?
A. Either one may cause ineligibility. Both are factors and must be considered.

* * *

4. Q. If a student changes high schools, when is he eligible?
A. He is just as eligible in the new school as he was in the old school, provided his parents actually, legitimately and correspondingly change their place of residence to the new school district and provided the student changes high schools at that time. Students, who parents change their place of residence during a semester, may complete the semester in the school in which they have enrolled. If the parents do not actually change their place of residence to the new school district, the students will be eligible after they have been enrolled one calendar year in the new school, provided no undue influence is used by any person to secure them as students or their parents as residents. See “undue influence” rule.

* * *

5. Q. What is considered enrollment in a semester?
A. Attendance for any length of time or enrollment that may be considered attendance for any length of time. (See exceptions under “Enrollment” Division V, IHSAA By-Laws.)

* * *

6. Q. When are students, who finish the work given in one member school, eligible in another school?
A. Students finishing the work in a member school giving less than four years of high school work are just as eligible in a new school as they were in the old school. Students who complete the ninth grade in a junior high school in a school corporation that also maintains a senior high school are not considered eligible if they enroll in a high school outside their regular high school district.

* * *

7. Q. What is a semester?
A. One-half of a school year constitutes a semester in the IHSAA and parts of two semesters or a part of one semester does not make a semester.

* * *

8. Q. Does the fifteen (15) day enrollment requirement mean school or calendar days?
A. School days.

* * *

9. Q. If a student fails in all subjects for a semester does his enrollment count as a semester?
A. Yes, enrollment is enrollment and always counts as such.

* * *

10. Q. Is a student, who has been out of high school for a semester or more and who has played independent ball during that time, eligible when he enters school at the beginning of a semester?
A. Yes, unless he violated his amateur standing in some way by playing on the independent team and provided he is eligible in all other ways.

* * *

11.

Q. Are legal guardians considered as parents in the IHSAA?

A. Legal guardians may be considered as parents if the guardianship papers issued by an authorized court are submitted and approved, and if the student has been living with the guardian. The Board of Control reserves the right to check and act on the circumstances of a guardianship at all times.

* * *

12.

Q. If a student transfers from a member school located in one city or school district to a school in another city or school district, how is his eligibility determined?

A. By applying the requirements of the change of high school rule in the IHSAA Constitution and By-Laws.

Following are some statements which will help to clarify the "Change of Residence Rule":

1. Under normal circumstances, a student usually attends high school in the district where his parents reside.

2. If the parents move to another school district, the student is eligible as follows: (a) if he changes schools at the same time parents change residence, (b) if parents change during a semester, the student may change at the end of that semester but no later and (c) student need not change schools at all, provided no undue influence is used to retain him there. A student not transferring who is an underclassman is not eligible until a "Residence Eligibility After Parents Move From District" form has been reviewed by the IHSAA.

3. A student who changes schools without a corresponding change of residence by the parents is ineligible for one calendar year—but if the parents actually change their residence to the new district within the year, the student becomes eligible immediately.

4. If a student attends a school outside his home school district and subsequently returns to his home school, he is ineligible for one calendar year. This also includes military, private, and religious schools which offer work on the secondary school level.

5. A student who changes schools because of unavoidable circumstances such as the death of a parent or guardian may be declared eligible by the Board of Control, provided the principal of each school concerned signs a statement that the change was unavoidable, in order that the student have a home. Each case is checked carefully before a decision is made by the Board of Control.

6. If a student changes schools because of an action by a legal agency taken before the change is made, a copy of such legal action may be filed with the IHSAA in connection with proof that the change of schools was unavoidable.

Q. What is considered a game of basketball?

A. A game of any kind in the IHSAA is an "inter" contest as distinguished from an "intra" contest. An "inter" scrimmage is a game.

* * *

2.

Q. May a member school of the IHSAA schedule and play single games with teams and schools in Indiana not members of the IHSAA?

A. Yes, provided these teams and schools are not schools eligible for membership and also provided the members of the IHSAA observe all of the rules of the IHSAA. There should be no high school students on the non-member teams, except school teams not eligible for membership.

* * *

3.

Q. What is the difference between a preliminary game and a regular game?

A. There is no difference as far as the IHSAA is concerned, as the same rules and regulations govern.

* * *

4.

Q. If a "practice" game of basketball is played is it to be counted as one of the eighteen games on the regular schedule?

A. Inter-"practice" games are regular games and must be counted as such. Intra-"practice" games are not counted as regular games. In fact, there are no such things as practice games in the IHSAA. There are practice games within the school only.
5. Q. Does the omission of an admission charge make any difference as to the designation of a contest as a game?
   A. No, games are "inter"-contests or "inter"-scrimmages with or without admission charges.

6. Q. Is an alumni game considered a game?
   A. Yes, such must be counted as one of the games permitted on the regular schedule.

7. Q. What is considered an "inter" game or an "inter-scrimmage?"
   A. Participation of students in an athletic contest with or against players not belonging to their school constitutes a game. A "scrimmage" or practice by students with or against teams or players not belonging to their school is considered a game.

8. Q. What date marks the end of the football season?
   A. November 30 of each year.

9. Q. May football practices be held any time during the school year?
   A. No, organized or formal football practices must be limited to the period beginning August 15 and ending November 30 of each school year.

10. Q. May a member school of the IHSAA schedule and play single games with high schools of other states?
    A. Yes, provided the high schools of these other states, if eligible for membership, are members in good standing in their state high school athletic associations. The principal is obligated to check this matter carefully.

11. Q. May practice periods in one school be counted as such in another school where a student changes schools?
    A. Yes, provided definite proof of the practice periods are on file from the principal of the school in which the practices were held.

12. Q. Must a boy, who has participated in football during the season, have ten days of organized practice in basketball before he is eligible to play in a game of basketball?
    A. Yes.

13. Q. In what sports are ten days of practice required before a student is eligible to participate in an inter-school contest?
    A. Football, basketball, track, cross country, swimming, wrestling and gymnastics.

14. Q. Is a game between the faculty members and the member school students of a member school considered an intra-mural game or inter-school game?

15. Q. Is a game between the alumni and the high school students considered an intra-mural game or an inter-school game?
    A. Inter-school game.

16. Q. Are "Donkey Basketball," "Skruball," "Skateball" or other similar games considered basketball in the IHSAA?
    A. Yes, and all IHSAA rules are binding.

17. Q. May member schools participate in meets and tournaments, in Indiana or in other states, in which more than two schools are entered, if one or more of these schools are non-members of their own state high school athletic association?
    A. No.

18. Q. May students participate in inter-school contests after their school is closed?
    A. Due to the great variation of time in which member schools close in the spring, (a) students may represent their schools in meets and toursneys sponsored by the IHSAA; (b) they may participate in scheduled contests where one of the two schools is still in session; (c) they may participate in a contest where both schools are closed, provided it was a regularly scheduled contest that was postponed because of weather conditions; and (d) graduating seniors may participate in contests according to the above conditions, even though they may have received their diplomas.

GIRLS' ATHLETICS
INDIANA LEAGUE OF
HIGH SCHOOL GIRLS' ATHLETIC ASSOCIATIONS

---Purpose---

Many girls in high school are interested in a more extensive program of physical education than can be provided in the regular physical education classes. This desire for a more extensive physical
education program has led many high schools to organize some type of girls’ athletic association. In 1891 the Indiana League of High School Girls’ Athletic Associations was formed, with the purpose of stimulating the co-curricular phase of the high school girls’ physical education program. Membership in the League is open to any high school in the state of Indiana. The League has the endorsement of the Indiana High School Athletic Association and the Division of Health and Physical Education of the Indiana State Board of Health.

The State League offers much to both physical education teachers and students. It provides opportunities for sponsors and students to exchange ideas, share problems, receive encouragement, and engage in a variety of learning activities. The enthusiasm generated through the enjoyment of learning and doing things with people of like interests is one of the main reasons the League is steady growing.

—Activities—

Each organization carries on its own program of varied activities for which points are given. The purpose of awarding points is to encourage regularity of attendance and to furnish a uniform basis for awards, if a school desires to use awards. The Sponsor’s Handbook explains the suggested point system.

The State League sponsors activities on both a state and a district basis. Each spring the League, with the co-operation of a state college or university physical education department as host, sponsors a State Plaque Winners’ dayplay. Attending this playday is perhaps as great an honor as winning the wall plaque, for here outstanding girls from all over Indiana come together for a day of fun and sport. Each fall the League sponsors a State Leadership Camp—training girls and inspiring both girls and sponsors to be better leaders in their organizations, schools and communities. District activities include dance days, playdays, basketball clinics, and weekend camps—usually two or three such activities each year.

“Sportingly Yours,” published six times yearly, contains news of other G.A.A. groups, ideas, new materials, bulletin board materials, and professional articles. Both sponsors and students find it interesting and helpful. “Sportingly Yours,” the official organ of the Indiana League, is edited by a high school G.A.A. and is published by the Indiana State Board of Health.

1. Q. Are girls bound by the rules and regulations of the IHSAA?
   A. Yes, all students on all teams in high schools belonging to the IHSAA are bound by its rules and regulations. See Division IV of the By-Laws.

2. Q. May girls play basketball according to boys’ rules?
   A. No, girls must play according to rules published for the Division for Girls and Women’s Sports of the American Association for Health, Physical Education and Recreation.

3. Q. Is the IHSAA opposed to inter-school basketball games and tourneys for girls?
   A. No, but they are not recommended. Special care should be used, however, in such games and tourneys to know that girls are physically fit at all times.

4. Q. May men coach girls in athletic games?
   A. Yes, it is recommended however that women coaches be employed for girls. This applies to athletic officials also.

5. Q. May girls’ basketball teams play in state tourneys or national tourneys?
   A. No.

MISCELLANEOUS

1. Q. May a member school schedule and play games during the week?
   A. The IHSAA has no ruling in regard to this matter, but recommends that mid-week games not be scheduled or played except in emergencies.

2. Q. May schools hold or sanction Sunday practices?
   A. No. (See Division III, IHSAA By-Laws.)

3. Q. May students, who are ineligible for the first team, play on teams of lower ranking?
   A. No, ineligibility for one team means the same for all teams.

4. Q. Is a Parents and Physicians' Certificate required of a student each school year prior to his first practice for any interscholastic athletic contest?
   A. Yes, this certificate will satisfy the requirement of the rule for the school year in all interscholastic athletic contests except a student who is absent from school or who is physically unable to practice for five consecutive days due to illness or injury must present to his principal a statement from a physician licensed to practice medicine in Indiana that he is again physically fit to participate in interscholastic athletics.

5. Q. Does the IHSAA stipulate any price for tickets to other than tourneys and meets held strictly under the supervision of the Board of Control?
   A. No, other than a recommendation that reasonable prices be made at all times for all games.

6. Q. Is a student, who is expelled from school one semester, eligible for the following semester?
   A. The IHSAA has no jurisdiction unless its rules and regulations are broken. Expulsion and suspension from school are usually not athletic matters at all. All rules of the IHSAA are binding on a student under expulsion or suspension. See conduct rule, scholarship rule, and enrollment rule.

7. Q. May a member school support a grade team in the same school system out of its athletic funds?
   A. Yes, so far as the IHSAA is concerned.

   A. No, this should be handled by local school officials.

10. Q. May the rules of a school be changed or special examinations be given in order to make students eligible?

11. Q. Does wrestling come under the rules of the IHSAA?
    A. Yes, all "inter" athletic participation comes under the IHSAA.

12. Q. May schools belonging to the IHSAA take part in track meets or tourney games outside of Indiana?
    A. All games, meets, tourneys and interscholastic athletic activities participated in by the high schools belonging to the IHSAA...
must be held under the direct supervision, management and auspices of the member high schools concerned, or under the IHSAA. Interstate basketball tourneys are forbidden by the National Federation to which Indiana belongs.

Q. This question is often asked: “What will be the penalty for violation of such and such a rule?”
A. Penalties in the IHSAA are not assigned in advance, as this democratic organization is built on the idea that the observance of its rules and regulations is more to be desired than the enforcement of them. The IHSAA believes that the essence of proper and willing observance is higher than enforcement and that we should resort to enforcement only when observance fails.

Q. What is considered the school year?
A. A school year covers all time from the first day to the last day of the school year, including vacations. The IHSAA considers the first day of school to be the day that attendance is counted and teachers are paid.

Q. Are tourney schedules drawn or arranged?
A. All tourney schedules in the IHSAA are drawn by lot by the Board of Control.

Q. Does the Commissioner or the Assistant Commissioner have a vote in the Board of Control and in the Athletic Council?

A. Any bona fide faculty representative of a member school belonging to the IHSAA.

Q. How are Board of Control members selected?
A. By the members of the Athletic Council from their own membership.

Q. Do Board members represent districts?
A. Not necessarily. They represent enrollment classes of high schools.
1. Offer or acceptance of money or other valuable consideration.
2. Reduction or remission of regular tuition.
3. Waiving the requirement of legal transfers according to law.

10. Offer or payment of moving expenses of parents.
11. Any inducement to get parents or students to change residence for athletic reasons.

Q. Why should a school be penalized because some person outside of school uses undue influence?
A. Usually a school is not penalized unless it is involved or uses the student in question in athletics. In the second place, the results are the same whether some person in school or some person outside of school uses undue influence: An athlete that has been retained or secured through the use of undue influence and the school that uses such an athlete on teams in inter-school athletic competition profits by the use of undue influence.

Q. Is it the duty of the IHSAA to prove that undue influence has been used?
A. No, the member school principal has agreed to conduct his athletic activities according to the rules and regulations of the IHSAA. When there is a question, it is the duty of the high school principal to meet the question. He cannot certify that his students are eligible unless he knows that they are eligible.

Q. Are all students, who attend school outside the school district in which their parents live, required to present legal transfers or pay the regular tuition?
A. Check this matter with the Fiscal Officer of the State Department of Public Instruction. The report on aggregate attendance calls for definite information about transfers and tuition cases.

Q. Is it the duty of the IHSAA to prove that undue influence has been used?
A. Usually a school is not penalized unless it is involved or uses the student in question in athletics. In the second place, the results are the same whether some person in school or some person outside of school uses undue influence: An athlete that has been retained or secured through the use of undue influence and the school that uses such an athlete on teams in inter-school athletic competition profits by the use of undue influence.

Q. What steps should be taken in ineligibility cases?
A. In cases in which an ineligible student has been used in interschool athletics the following steps should be taken immediately by the member school principal:
1. Inform the IHSAA office definitely by giving the name of the student, the list and scores of contests in which the student participated when ineligible and full particulars about the circumstances surrounding the case. The IHSAA should be informed as to how the error was made.
2. Send definite and explanatory letters to the opponent principals of contests in which the student participated when ineligible, forfeiting the points, games and honors won and requesting these principals to notify the IHSAA office as soon as they receive these letters.
3. Consider and so declare the student not only ineligible for all athletics for the current semester but also for all of his next semester following.

The IHSAA reserves the right to request additional information and to make final decisions after a careful investigation has been made.

Q. What is considered the first day of school?
A. The first day of school is the first day on which attendance is counted and teachers are paid.

Q. Do seniors have any rights and privileges in athletics not granted to other students?
A. No, in fact, seniors should appreciate the opportunities that have been extended to them for four years and should be very loyal to the rules and regulations of their high school and of the IHSAA in which their high school holds membership.

Q. What constitutes a regularly employed teacher in the IHSAA?
A. The Board of Control has ruled that a regularly employed teacher is, and shall be, a regularly licensed teacher rendering full time service, as a teacher on a full time contract and regularly paid out of school funds. Specific questions require specific answers.

Q. Does the rule requiring football practices to be held on the regular practice or play field under the direct supervision of the high school coaching staff prevent summer football camps for high school teams and players?
A. Yes.
37. Q. Is it necessary for a member school to meet and maintain the policies, regulations, and standards for the accreditation and classification of schools in Indiana in order to be a member of the IHSAA?
A. Yes.

PARTICIPATION

1. Q. May a student play on any team other than a member school team?
A. A student becomes ineligible in his school for the entire season of that sport in which he participates as a member of any team other than his school team. There is an additional penalty for participation out of season as set out in the rules regarding football, wrestling and basketball.

2. Q. What is considered participation in a sport for a season?
A. Playing in a part of one game or contest in a sport constitutes participation in that sport for that season. (See exception, Division V, under "enrollment.")

3. Q. May member schools play against College, Y. M. C. A. and independent teams?
A. Yes, in single games, but not in tourneys, meets and leagues. In single games the member schools must obey all of the rules of the IHSAA and there must not be any high school students on the opposing teams.

4. Q. May a student who plays on an independent team be permitted to participate in intra-mural athletics?
A. Yes. IHSAA rules and regulations govern inter-school athletics only.

PRIZES AND AWARDS

1. Q. Is a member school permitted to give sweaters to athletes?
A. Yes, the IHSAA recommends that the giving of prizes, gifts, sweaters, etc., be kept within reasonable bounds at all times and that such as are given have a symbolic value only. No more than one sweater, jacket or blanket in each major sport may be given to a high school student for participation in high school for the entire four years.

2. Q. May a boy be awarded a second sweater in the same sport if he transfers to another high school?
A. Yes, if he qualifies in the new high school.

3. Q. May schools give awards to students for scholarship, sportsmanship, and conduct?
A. Yes, such may be given if sanctioned and administered by the school principal.

4. Q. What gifts, awards, and prizes may athletes receive?
A. The IHSAA requires that the giving of awards, prizes, medals, etc., be kept on a reasonable basis at all times, and that such as are given have a symbolic value only and be given by and with the consent of the school authorities.

5. Q. What are the regulations regarding prizes and awards made to member school students by organizations outside the school?
A. 1. Donors should be checked carefully regarding attitudes, purposes and types of business.
2. Recipients should be selected by committees on which the principal and school authorities hold the balance of power.
3. All prizes and awards should be limited in number and confined to those reasonable in price and having symbolic value only. Cash or merchandise prizes or awards are not permitted. Awards or prizes of any kind which may be construed as advertising for any individual or firm are not permitted.
4. Purposes should be critically studied so that commercial interests, proselyting interests and interests foreign to good school procedure may be eliminated.
5. Principals shall be expected to know and to execute the rules, regulations and policies to the best of their ability according to their wording and spirit since the giving and receiving of awards shall be done by and with the consent and under the supervision of the principal in each member school.
6. No awards should be made by a "secret committee" of any outside organization, without the knowledge and consent of the high school principal and to the recipient.

6. Q. Is it a violation for a student to compete in an athletic event in which prizes such as merchandise, merchandise certificates, bonds, stamps, cash or articles having intrinsic value are given?
A. Yes, the violation consists in the participation in such events regardless of whether or not the prizes are won, accepted, refused or
returned after they are won. (See Exception for Golf, Division V Amateurism.)

PROFESSIONALISM

1. Q. What constitutes professionalism in the IHSAA?
   A. Accepting remuneration, directly or indirectly, for playing on athletic teams, officiating in athletic games or managing athletic teams, or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. (See Division V under Amateurism in the IHSAA By-Laws.)

2. Q. If a student violates his amateur standing in one sport does he become ineligible for all sports?
   A. Yes, a professional in one sport is ineligible for all sports.

3. Q. Does a student become ineligible in all sports, if he plays on a team other than his school team in one sport?
   A. No, a student becomes ineligible only in the sport in which he participates as a member of a team other than his school team, unless he violates his amateur standing or some general rule of the association and then he becomes ineligible in all sports. Playing basketball out of season makes a student ineligible for all sports until the date of the State Final Tournament of the following year. Playing football out of season makes the student ineligible for all sports until the following November 30. Wrestling out of season makes the student ineligible for all sports until the date of the State Final Wrestling Tournament of the following year.

4. Q. Are member school students permitted to play on teams that split the gate receipts among the players including the high school students?
   A. No, this would be considered professionalism.

5. Q. Does a student who receives money for his services as a life-guard or as a caddie jeopardize his eligibility status in high school?
   A. No, provided he merely receives reasonable and legitimate wages for services actually rendered.

6. Q. May a student, who has violated his amateur standing be re-instated?
   A. Yes, a member school student, who has violated his amateur standing according to the rules and regulations of the IHSAA may apply to the Board of Control for reinstatement as an amateur in the Association one calendar year after the date he was declared ineligible on account of the violation, provided he has been in school throughout the year.

   The application shall be signed by the student and his school principal and shall certify that one calendar year has elapsed since the student was declared ineligible and that the student has not violated amateur rules during that calendar year.

7. Q. Should a reasonably definite line of demarcation be drawn between professional athletic activities and high school athletic activities?
   A. Yes, there seems to be no justifiable reason for a high school student to participate in professional athletics and also in high school athletics.

8. Q. Should amateurism be defined by the IHSAA for its specific purposes or should the definitions of other organizations be accepted in the association?
   A. Amateurism should be defined by the IHSAA for IHSAA purposes. There is no definition of amateurism acceptable to all organizations.

RESPONSIBILITY

1. Q. Who is the responsible party in IHSAA athletics?
   A. In the execution of its powers and duties, as designated and authorized in the Constitution of the Indiana High School Athletic Association, the Board of Control presumes that the principal of each member school voluntarily taking out a membership in the IHSAA has secured the consent of his superiors, the administrative head or heads of the school system, to take out said membership and that he, the principal, is the administrative head not only in name but in fact of the inter-school athletic activities of the school and of the students in the school.

   Wherever and whenever in the IHSAA membership the conditions are found to be such that the school principal is not the administrative head in name and in fact of the inter-school athletic activities of the school and of the students in the school, the Board of Control will consider that the member school has broken its agreement with the IHSAA and has in fact removed itself from the membership in the Association.

   The IHSAA Board of Control will assess at its discretion, after a careful investigation has been made, the penalties deemed necessary in all cases in which it is found that the member school principal is not the administrative head, in name and in fact, of the inter-
school athletic activities of the school and of the students in the school. The proof that the member school principal is the administrative head, in name and in fact, of the inter-school athletic activities of the school and of the students in the school shall rest in all cases with the school officials concerned.

2. Q. Who is the proper official to sign contracts for games?
   A. The member school principal always. This authority should not be delegated. IHSAA contracts (forms A and B) call for the signature of the principal.

3. Q. Who may manage a member school team?
   A. A member school principal or teacher authorized by him. Student management is not permitted.

SCHOLARSHIP

1. Q. May back work be made up and counted toward eligibility?
   A. Yes. Back work cannot be made up however, during a grading period or semester for eligibility during that grading period or semester. Special privileges should not be granted to athletes. (See Summer School Work.)

2. Q. Would a student, declared ineligible by one principal, be ineligible under another principal?
   A. Yes, if the student is ineligible according to the rules of the IHSAA. The IHSAA has no jurisdiction unless its rules are violated.

3. Q. May a student, who receives his high school diploma, be eligible afterwards?
   A. No, the granting and acceptance of a high school diploma makes the student a high school graduate. (See exception under "Games" Question and Answer No. 18.)

4. Q. May an ineligible student practice with the regular team?
   A. Yes at home in regular practice, but ineligible students should not appear in athletic uniforms at games.

5. Q. Does the IHSAA have a passing mark for scholarship?
   A. No, the passing marks of the schools are usually honored, but the Board of Control reserves the right to check the validity of grades and credits and to act on their findings.

6. Q. Who is a post-graduate?
   A. A post-graduate is a student who has finished his high school work and has received his high school diploma. Students who have completed sufficient work to receive a diploma, but who continue in school until commencement, must be considered eligible or ineligible according to all other rules of eligibility, such as age, time in school, participation, work carried, etc.

7. Q. To determine eligibility, what constitutes the last semester?
   A. The last semester for any student is the last semester in which the student was enrolled in any school for any length of time after the first fifteen (15) school days.

8. Q. At the end of the second grading period in a semester, is a student eligible if he makes passing grades in four regular high school subjects for this period?
   A. In order to be eligible at the end of any grading period in a semester, a student must have passed in four regular high school subjects for the current grading period and his average grade in each of four regular high school subjects for all of the grading periods in that semester must be passing. A student must MAINTAIN his work in order to be eligible—weekly, by grading periods and by the semester.

9. Q. Is a “condition” or an “incomplete” considered a “pass” in the IHSAA?
   A. No, the IHSAA considers a “pass” to mean that all work has been done and has been made a matter of final record in the principal's office, at the end of the grading period or semester.

10. Q. Is a student, who carries three regular high school subjects and one or more eighth grade subjects, considered a high school student?
    A. Yes, a student who carries fifteen hours of regular high school work is a high school student, providing such a student has been promoted to high school in the regular way. Such a student would be considered enrolled in high school, but would not be eligible because of insufficient subject matter. (See Division V, Section B.)
Q. Is a student, who has made sufficient credits to graduate at the end of semester one, eligible for athletics during semester two?
A. Yes, provided he is eligible in all other respects and does not actually graduate at the end of semester one. Such a student must carry regular work during semester two.

Q. Are the same standards of eligibility required for intra-school games as for inter-school games?
A. No, the IHSAA has no such requirements.

Q. Is a student, who has been ineligible for a semester on account of scholarship, eligible for the night of the last day of the semester?
A. Yes, provided he has passed in four regular high school subjects and his credits have been made up as a matter of final record in the principal's office prior to the contest.

Q. What constitutes scholarship eligibility?
A. In order to be eligible for a current semester a student must have passed in four regular high school subjects in his last semester of enrollment in any high school and he must be maintaining a similar amount of work for the current semester. This statement for semesters holds good for grading periods of the semester also.

Q. Are any special regulations in force pertaining to discharged veterans?
A. By action of the Athletic Council, May 23, 1947, all IHSAA special regulations concerning discharged veterans were discontinued.

Q. If a student misses school for a few weeks in order to work is he eligible during this time and when he returns?
A. This is a school problem and must be answered by the consideration whether regular school work to the extent of twenty hours is being maintained or not. Usually students who miss school are not passing in their school work.

Q. If a student becomes ineligible on account of scholarship at the end of a semester, does this make him ineligible for one whole semester afterwards?
A. Yes.

Q. If a student becomes ineligible at the end of a grading period in a semester when can he become eligible?
A. At the end of the next regular grading period in that semester, provided he passes in four regular high school subjects during the period and also provided his average in each subject for all grading periods of the semester is passing in a similar amount of work.

Q. When is a student, who intends to enter high school, eligible?
A. When he actually enrolls, provided all other requirements have been met.

Q. If a student becomes ineligible on Friday at the end of a grading period is he eligible for that night?
A. No, a student is ineligible whenever he becomes ineligible.

Q. When is a student maintaining his work during a semester?
A. When he is passing in four regular high school subjects during the last grading period of a semester but fails to earn credits in four regular high school subjects for the semester, will he be eligible at the beginning of the first grading period of the next semester?
A. Yes, the books are considered closed at the end of the semester.

Q. If a student fails to pass in four regular high school subjects during the last grading period of a semester but fails to earn credits in four regular high school subjects for the semester, will he be eligible at all for the next semester?
A. No.
25. Q. How long may a student be enrolled in a semester then drop out without the semester being counted under the Scholarship Rule?
A. Within the first fifteen (15) school days of the semester, provided he was eligible when he withdrew.

26. Q. If a student is passing in four regular high school subjects when he drops out during a semester, may he be considered eligible under the Scholarship Rule at the beginning of his succeeding semester of enrollment?
A. No, such a student would not meet the requirement of passing in four regular high school subjects throughout the last semester of enrollment. (See exception, under "Enrollment")

27. Q. May a credit in "Physical Fitness" be counted toward eligibility in athletics?
A. Division V, under "Scholarship" in the IHSAA By-Laws specifically excludes "physical training" as a subject to count toward eligibility in athletics. The Board of Control has ruled that "Physical Fitness" comes under the term "physical training" as used in this Division.

SUMMER SCHOOL WORK
1. Q. Does summer school work in a school other than his home school jeopardize the standing of a student?
A. No, provided the work is accepted by State Department of Education and the home school authorities recognize the work of a non-home school for credit. In fact, the IHSAA recommends summer school work of an approved type for students needing credits.

2. Q. If a student fails to pass in four regular high school subjects during semester two, may he count work done in summer school toward eligibility?
A. See Division V.
Association of Secondary School Principals to be applied on the expenses of the Association's annual program.

IHSAA BOARD OF CONTROL MEETING
Indianapolis, Indiana, September 1, 1966
"Called Meeting"

Present: President Lloyd W. Miller, Otto Albright, Eugene Hud­
dleston, Don Sakel, Everett L. Shively, Commissioner Phil N. Eskew and Assistant Commissioner Herman F. Keller.

SCHERERVILLE SCHOOLS

Principal Cornelius Vanderkolk and Coach William Beckwith of Schererville schools appeared before the Board to discuss the problem of some forty-two eighth grade students who reside in Scherer­ville who wish to attend Lake Central High School (St. John's Township).

Schererville had announced early in 1966 that they would offer a ninth grade beginning in the fall of 1966. The parents of approxi­mately forty-two of these eighth grade students applied for transfer to Lake Central High School and this transfer was granted by the General Commission on Education.

Some Schererville patrons reportedly made phone calls and dis­tributed literature in an attempt to get all of the eighth grade stu­dents at Schererville to attend Lake Central this fall.

Mr. Vanderkolk asked the Board to consider whether or not this was undue influence.

After a general discussion of the entire school situation in St. John's Township and Schererville, the Board of Control was unani­mous in the following decision:

DECISION

1. Since the reported attempt was to transfer all students (boys and girls) to Lake Central and was reportedly made by Schererville patrons, the Board did not feel that there was sufficient evidence presented to show that undue influence was involved.

2. Eighth grade students from Schererville who enter Lake Central in the fall of 1966-67 as ninth graders may be considered eligible as to residence.

3. It should be clearly understood that this is their choice and that should they later transfer to some other school without a cor­responding change of residence on the part of their parents to that school district, they will be ineligible for one calendar year.

During this time he continued to attend Gavit High School. During the football season of 1965, his mother moved to the Dyer school district and he was taken along. He entered Dyer High School, where he finished the 1965-66 school year.

During the summer of 1965, he returned to live with his father who now lived in the family residence in the Gavit school district.

Upon his return to Gavit High School, Principal Witham called the Commissioner to check on David's eligibility. Since Principal Witham of Gavit was not present, the Board of Control asked that attorney Huebner and David's father talk to Principal Witham and if he so desired he could present the case to the Board of Control for review.

This student lived with his parents and attended Patricksburg High School during his ninth and tenth year. His parents have farming operations in both Patricksburg and Clay City school districts and decided to move to the Clay City school district into a camping trailer, where they slept. Since the trailer was parked near the home of the grandmother, cooking was done in her home.

Principal Alvin Schwartz of Patricksburg approved an athletic transfer blank at the beginning of school since he is a new principal and was informed that the boy's parents had moved to Clay City. In November Mr. Schwartz had many reports that the move had not been complete and bona fide and so notified the IHSAA Office.

They all agreed that nothing had been moved to the Clay City district except a small camping trailer in which they slept and a few personal belongings.

The minutes of the previous meeting were approved as written.

FAYETTEVILLE HIGH SCHOOL—RICKY SHERRILL
This boy lived in the Marshall Township School District with his parents on a 319 acre farm and attended school there. He was cut from the basketball team in January. Within a few days he and his father went to Fayetteville and he wanted to enter school there. He was told that he would not be eligible unless the move was bona fide and complete. Within a few days the family moved to the Fayetteville School District but only Ricky attended school there the two other children continued to attend Marshall Township.

Principal James Kern of Fayetteville asked the Board of Control to determine Ricky’s eligibility.

DECISION
Ricky Sherrill is ineligible for one calendar year from the date of his enrollment in Fayetteville High School.

MORTON MEMORIAL (Knightstown)—STEVEN RAY HANDLEY
This boy is a ward of the Vanderburg County Department of Public Welfare and was placed in the Soldier and Sailors Home by the probation officer of that county. Although the boy is not eligible scholastically at this time, Principal Max Stanley would like for the Board of Control to consider this case under the unavoidable change of residence rule in order that he may be eligible as to residence when he becomes scholastically eligible.

DECISION
Steven Ray Handley should be considered eligible as to residence at Morton Memorial High School.

BARR-REEVE HIGH SCHOOL (Montgomery)—TOM McCracken
This boy was enrolled in Washington High School and a member of the basketball squad. He and his parents became dissatisfied with the coach so they moved from a new modern house they had built to a house in the Barr- Reeve School District, which had not been lived in for about three years. The father appeared before the Board of Control to discuss the move.

Principal John Walker of Barr- Reeve High School had asked the Board to determine Tom’s eligibility.

DECISION
Tom McCracken is ineligible for one calendar year from the date of his enrollment in the Barr- Reeve High School. The Board of Control felt that this move was not bona fide and further more it violated the spirit of the rules of the IHSAA.

BREBEUF-CHARTRAND HIGH SCHOOLS
On Friday evening, February 10, during a basketball game between these two schools some unfortunate incidents occurred. It was reported that there was bickering between the players on both teams during the game. This contributed to an unfriendly feeling between the teams. Both teams were warned about this once by the officials.

To add to the unpleasantness, the clock was not functioning properly. At the close of the game, with only three seconds to play, a Brebeuf player hit the winning basket. Brebeuf students in their exuberance rushed on the floor to congratulate their team and in so doing a Chartrand boy was pushed to the floor after he had kicked the ball into the top of the gymnasium.

Father Kitchin and Coach Harold Schoen from Chartrand, Father Schmidt, Father Cagney and Coach Wayne Monson of Brebeuf and referee Don Phillips appeared before the Board to discuss these incidents.

DECISION
Father Schmidt and Father Cagney were instructed to:
1. Make sure the clock is in proper working order.
2. Make a concerted effort to keep their students in the cheering section under control.
3. Have a meeting of the student body informing them that they are to conduct themselves in a sportsmanlike manner.
4. Make plans for more strict supervision of the crowd.
5. The Board of Control feels that it is in poor taste to use the National Anthem as a buildup to a yell. It is our understanding that Brieveuf teams are called the Braves and that at the close of the National Anthem the entire student body yells "BRAVES."

6. Father Kitchen and his coach are instructed to make sure that his team members conduct themselves in a sportmanlike manner at all times.

TOURNEY FUNDS
Approval was given for the Commissioner's Office to invest funds from the 1967 basketball tourneys in U. S. Securities.

"SPECIAL MEETING"

Present: President Lloyd Miller, Otto Albright, Eugene Huddleston, Don Sakel, Everett Shively, Commissioner Phil N. Eskew and Assistant Commissioner Herman F. Keller

HARTFORD CITY HIGH SCHOOL—TOM MEYER
This student is a ward of the Fairmount, Minnesota Welfare Department and has been making his home in Fairmount, Minnesota. The welfare department has placed him in the home of an uncle and aunt, Mr. & Mrs. Robert Meyer, who live in the Hartford City School District. This was done in order to put all three children in one home. The athletic transfer and letters from all parties concerned are on file. Principal Frank Teats of Hartford City has asked the Board of Control to consider this case under the unavoidable change of residence rule.

DEcision
Tom Meyer may be considered eligible as to residence at Hartford City High School. Other eligibility requirements should be carefully checked.

OSSIAN HIGH SCHOOL
Principal Harry Andes, Coach Art Windmiller, Assistant Coach Gene Felton, Superintendent J. M. Benson of the Ossian School System, Principal Fred Park of Bluffton, Mr. Don Hurst and Mr. Firman
Grimes appeared before the Board of Control to discuss the incidents which occurred at the close of the final game between Ossian and Bluffton High Schools in the Bluffton Sectional, February 25, 1967. Written reports were also filed regarding this game.

With three seconds remaining in the game a series of technical fouls were assessed on the Ossian coach and his assistant. There was no evidence of any brawl as had been reported by some news media.

**DECISION**

After a thorough study of the reports the Board felt that further investigation should be made before rendering a decision.

Phil N. Eskew, Commissioner

**GARY HIGH SCHOOLS**

Early in December, Principal R. O. Greer of Gary Edison called the Commissioner inquiring as to whether or not his track squad could go to the University of Chicago Fieldhouse to practice track. Permission was given for such practice provided they did not enter any track meet sponsored by anyone other than a member of our Association or the Illinois Association and they did not practice with or against boys from other high schools, colleges or independent track teams. Principal Greer was also told that the practice should not in any way be involved with the AAU or USTFF.

Principal Greer related this information to his Coach, Lee Calhoun. Through a misunderstanding of terms or questions asked and answers given, Coach Calhoun entered his team in the University of Chicago Track Club Open December 21, 1966, and again on January 7. On January 21, the boys participated in the Chicagoland Open Track Meet. Boys from many schools in the Chicago area and high school and college graduates participated. This meet was sanctioned by the AAU and USTFF. In so doing the boys violated the following IHSAA rules:

Division II, Rules 3 and 4; Rule 12

Rule 3. “All games, meets, tournaments and inter-scholastic activities participated in by member schools belonging to the IHSAA must be held under the direct supervision, management and auspices of the schools concerned or under the direct supervision, management and auspices of the IHSAA. (Note—This rule applies to games, meets, tournaments and inter-school athletic contests within and without the state.)”

Rule 4. “Participation of students in an athletic contest with or against players not belonging to their school constitutes a game. A, ‘scrimmage’ or practice by students with or against teams or players not belonging to their school constitutes a game. A try-out or demonstration of athletic ability as a prospective student-athlete for a college shall be considered a violation of this rule.”

Rule 12. “All interstate meets and tournaments involving three or more schools must be sanctioned by all of the states concerned and the National Federation of High School Athletic Associations. Interstate contests involving only two schools need not be sanctioned, provided the round trip travel does not exceed 600 miles.”

Division III, Rule 11

Rule 11. “A member school student who participated in a sport during a season on any team other than his school team, becomes ineligible in that sport for the remainder of the season. Note: The season for golf, baseball, softball, swimming, gymnastics, track,
cross country and tennis defined as the period beginning with the opening day of school and ending with the closing day of school, each school year. (See football, wrestling and basketball rules for limited seasons.)"

After hearing that some students from Gary Edison, Lew Wallace, and William A. Wirt participated in the three above mentioned track meets the Commissioner notified them that any boy so participating was ineligible for the remainder of the 1966-67 school year in track.

Since there was an apparent misunderstanding, representatives of two of the teams involved and Gary Athletic Director, John Smith, appeared before the Board of Control to discuss the situation.

**DECISION**

After considering all circumstances, the Board was unanimous in the decision that any boy participating in these meets be declared ineligible in track for the remainder of the 1966-67 school year.

**OSSIAN HIGH SCHOOL**

On March 1, 1967, Principal Harry Andes, Coach Art Windmiller, Assistant Coach Gene Felton, Superintendent J. M. Benson of the Ossian School System, Principal Fred Park of Bluffton and Mr. Don Hurst and Mr. Firman Grimes appeared before the Board of Control to discuss the incidents which occurred at the close of the final game between Ossian and Bluffton High Schools in the Bluffton Sectional, February 25, 1967. Written reports were also filed regarding this game.

In the hearing it was reported that Coach Windmiller, during a game in which his team was not playing, while seated in the stands, wrote a note to the officials, folded it and sailed it onto the floor.

With three seconds remaining in the game in question, a technical foul was called on the Ossian assistant coach. At this point Coach Windmiller stepped to the floor and said to referee Hurst, "Call one on me," which he did. He then said, "Call two on me", and the referee called another technical. Referee then told Coach Windmiller to be seated or he would have to ask him to leave the gym. The coach then took his seat and they proceeded with the shooting of free throws. After these were attempted, Coach Windmiller stood up and clapped his hands in the face of the referee making unsportsmanlike remarks. At this point the referee called the game.

After thoroughly investigating the situation, the Board of Control was unanimous in its opinion that the type conduct displayed by the Ossian coach is detrimental to all high school athletics and is in direct conflict with the whole philosophy of the IHSAA.

**DECISION**

Ossian High School is hereby suspended from the IHSAA until September 1, 1967. They may apply for reinstatement at the beginning of the 1967-68 school year if they so desire. If such application is made their case will then be reviewed by the Board of Control to determine if the suspension will be lifted or continued.

If Ossian High School consolidates with another school the resulting school will also be governed by the above statement.

Players on both teams are to be commended for their behavior during this incident.

Phil N. Eskew, Commissioner

He also reported that $60,000.00 in tournament funds were invested in Treasury Bills due September, 1967. $100,000.00 in tournament funds were invested in a certificate of deposit dated April 7, 1967 and due October 1, 1967 at 4 1/2 % interest.

**CHAMPIONSHIP BASKETBALL TOURNAMENT SERIES**

The management, officiating and finances of all toursneys were checked. It is understood that all details concerning the tournaments from the sectional through the finals will be audited by an independent auditor with complete reports published in the 1967 IHSAA Handbook. A brief summary will also be printed in the April issue of the Bulletin.

Ratings filed by the participating schools on the officiating will be kept on file for the benefit of the Board of Control in selecting officials for the 1968 tournament.

**TRACK AND FIELD MEETS**

Final approval was given to sites selected for the 1967 IHSAA Track and Field Meets. Approval was given to a list of applicants from which the Commissioner's office is to assign referee-starters for sectional and regional meets. It is understood that where necessary some schools may be transferred to a different section when the total number of entries at each site is known.

The Board of Control approved the selection of Technical High School track and cafeteria facilities for the State Meet. C. P. Dagwell was chosen as a representative of the IHSAA to select and make the necessary arrangements at the field. It is understood that complete details on track and field meets will be published in the April Bulletin.
GOLF MEETS

Due to increase interest in golf the Board increased the number of sectionals to twelve and added four regions to plans for this year's meets. Sites were chosen, Fred Kaesling was chosen as the IHSAA representative for the State Meet, Coffin Golf Course was selected as the site for the meet. It is understood that complete details on golf meets will be published in the April Bulletin.

SUMMER COACHING SCHOOL

The Commissioner reported that plans for the Coaching School in August are progressing and part of the personnel had been secured for the school.

ATHLETIC INJURY INSURANCE

Fink Landers, who handles the athletic injury insurance, presented a policy for the coming school year. This policy is much the same as has been offered in the past years. The Board accepted the policy as submitted.

HOE MILITARY ACADEMY

The Headmaster from Howe Military Academy, Mr. D. E. Sandifar, appeared before the Board to discuss the possibility of joining as a regular member. After discussing the problem, the Board was of the opinion that before Howe could join as a regular member it would be necessary to alter the Constitution and By-Laws. This change will be brought before the Athletic Council for a discussion.

FORT WAYNE CONCORDIA LUTHERAN HIGH SCHOOL

Reverend Peter A. Zadek of Concordia High School reported that several members of his golf team had accepted prizes and gift certificates during the summer of 1966 for participating in golf tournaments in the Fort Wayne area and that he had declared the boys ineligible on March 8, 1967. He asked for permission to appear before the Board of Control to discuss the situation. Athletic Director Baack appeared before the Board for Reverend Zadek. In the discussion Athletic Director Baack said that he was in the process of collecting the items to be returned to the donors.

DECISION

Because these boys had violated their amateur standing it was the unanimous decision of the Board that they were ineligible for further participation in athletics. It should be called to their attention that they may ask for reinstatement of their amateur status at the end of one calendar year. If any of these boys participated in athletics while ineligible principal Zadeik should follow the steps as outlined in Division V, Section I.

EVANSVILLE MATER DEI—DONALD EUGENE WRIGHT

This boy is a ward of the Vanderburg County Court and has been placed in the care and custody of Catholic Charities Bureau. He has been living in the Rex Mundi district and attended that high school. The Catholic Bureau has placed him in a home which is in the Mater Dei District. Letters are on file from all persons concerned.

Sister Mary Clare of Mater Dei asked the Board to consider him under the unavoidable change of residence rule.

DECISION

Donald Wright may be considered eligible as to residence at Mater Dei High School.

BATTLE GROUND HIGH SCHOOL—DAVID WILLIAMSON

This boy lived in the Klondike school district and attended Klondike High School. His mother transported him to Battle Ground High School during the 1966-67 school year in order that he could take vocational agriculture. The Agriculture credit was transferred to Klondike High School. The mother was unable to provide transportation during the 1966-67 school year so David enrolled in Battle Ground High School full time in the fall of 1966-67. His residence did not change. Principal Bruce Stucker of Battle Ground asked if David could be considered eligible at Battle Ground High School.

DECISION

The Board of Control has never considered subject matter as a reason for changing schools. Because David changed schools without a change of residence on the part of his parents, he is ineligible for one calendar year from the date of his enrollment in Battle Ground as a full time student this fall.

BASEBALL

The Board approved tentative plans for the baseball tournament with the understanding that details would be published in the Baseball Bulletin for release about May 1. in the special distribution to be made October 1, 1967. Because there
was a special distribution in 1966, all the money to be distributed

AUDITED STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS
AND OTHER FINANCIAL INFORMATION

THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION
INDIANAPOLIS, INDIANA

June 30, 1967

Board of Control
The Indiana High School
Athletic Association
Indianapolis, Indiana

We have examined the statement of cash receipts and disbursements of The Indiana High School Athletic Association for the year ended June 30, 1967, and the statement of securities owned at June 30, 1967. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We reconciled the balance of cash on deposit at June 30, 1967, with the amount reported directly to us by the American Fletcher National Bank and Trust Company, Indianapolis, Indiana. Our examination included reconciliation of recorded cash receipts for the year with deposits as evidenced by bank statements on file. Canceled checks returned by the bank were compared with the record of cash disbursements and the cash disbursements were supported by examination of invoices, expense reports, and other data. Securities owned by the Association at June 30, 1967, were inspected.

In our opinion, the accompanying statements of cash receipts and disbursements and securities owned present fairly the recorded cash transactions of The Indiana High School Athletic Association for the year ended June 30, 1967, and the securities owned by the Association at June 30, 1967.

Certified Public Accountants.

FOOTBALL

Interest in football is still continuing to increase. In 1966 four hundred junior and senior high schools participated in the football program. Of this total one conference, composed of 9 teams, participated in 8-man football.

Only one team, Fountain Central, repeated as outright champion of its conference. Greenfield, Indianapolis Chatard and Centerville repeated as co-conference champions of their respective conferences. The crowning of many new conference champions is evidence of the keen competition that exists in the football program.

Delphi finished its third consecutive season with a 10-0 record. Indianapolis Washington, Brebeuf (Indianapolis), Gary Wallace, Gary Wirt and Lafayette Jefferson also finished with 10-0 records. Columbia City and South Bend Adams had 9-0 records and Winchester had an 8-0 record.

Undefeated, but once tied, were North Central (Indianapolis) 9-0-1 and West Lafayette 8-0-1. Marion was tied twice but undefeated with a 7-0-2 record.

Delphi will begin the new season with a consecutive string of 30 games going for them. Brebeuf (Indianapolis) will protect a 20 game consecutive winning streak.

The winners of the various conferences are listed on page 131.

Prior to the opening game of the season many schools play in a football jamboree. This event is still rapidly growing in popularity.

The IHSAA does not sponsor a series of games to determine a champion, but each year honors conference champions by carrying their pictures in the Handbook. If a print was submitted, these squad pictures may be found following the list of high schools participating in the sport. Included also are non-conference teams with very outstanding records.

CROSS COUNTRY

In cross country three hundred twenty-two teams participated in sixteen sectional meets. A total of 3178 individuals were represented in the entire program.

The first three teams and the first five individuals in each sectional advanced to the regionals. The same winners at each of the four regional sites advanced to the State Championship Meet which was held at the South Grove Golf Course in Indianapolis. Twelve complete teams and eleven individuals were represented at the state meet. A total of 83 contestants participated.

At the Bloomington Regional site, host Bloomington High was the winner with 58 points. Fort Wayne Elmhurst with 60 points was at Ft. Wayne. The winner at LaPorte was Calumet of Gary with 58 points, and Indianapolis Howe with a total of 80 points was the winner at New Castle.

On a cloudy, cold and snowy day Valparaiso placed two runners in the first three places and won its first State Cross Country championship. Valparaiso posted a team total of 89 points.

Elkhart was in the runner-up position with 99 points. In third place was West Lafayette with a score of 112. Indianapolis Howe was fourth with 117 and Ft. Wayne Elmhurst fifth with 126 points.

Don Vandrey of Valparaiso defended his title with the good time of 2:38.0. This was excellent time considering the weather and the conditions of the score.

Trailing Vandrey in second place was Fred Lands of Elkhart. In third place was Vandrey's teammate James Barth. Tom New of Greenfield was fourth and Ralph Poole of East Noble fifth.

SECTIONAL CROSS COUNTRY MEETS

The Board of Control set up sixteen sectional cross country meets to be held Friday, October 21, 1966 after 3:00 P.M. These meets are conducted as an elimination series in order to select teams and individuals for the regional meets.

Sixteen sectional centers have been chosen over the state. The following bases were used in selecting these centers: schools competing in cross country in 1965, travel distance, number of teams in that area, and a willingness on the part of high schools to make their facilities available for the promotion of these meets. The Board may find it necessary to alter this plan if a greater number of schools enter than is anticipated.

Schools have been assigned by counties and the accompanying plan gives the Center Principals and the counties assigned to each center.

Official entry lists are necessary and accompany this bulletin to the principal.

MANAGEMENT—The management of these meets rests solely with the Board of Control. Responsibility for local arrangements has been delegated to the center principals. All meet officials will be se-
lected by the center principals except the referee-starter, who will be assigned by the Board of Control.

The meet must be held Friday afternoon, October 21 after 3 p.m., unless previous arrangements have been made by the center principal. The center principal shall notify all participating schools and the IHSAA office by Tuesday, October 18, as to the time and place of holding the meet. The center principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner.

Team positions at the start are to be drawn by lot.

OPEN CONTEST—These meets are open to all members of the IHSAA except to schools holding junior, preparatory or associate memberships. A school may certify twelve students, with no more than six participating as a team for the championship. Schools that do not enter a team may enter one or more students to compete for the individual awards.

NOTE: Each year some schools file entry blanks, then fail to participate in the meet. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for any reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the Sectional Center Principal immediately.

ENTERTAINMENT—The center principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

EXPENSES—There will be no entry fee. Traveling expenses, meals and lodging are to be paid by the competing schools.

ELIGIBILITY—The eligibility of each player shall be certified to by the principal of his school. The official entry list must be used, and all data given. Entries positively will close Wednesday, October 12. The entry lists must be in the hands of the Commissioner, complete in every detail, by 4 p.m. on that date. Twelve students may be certified for the meet, with six or fewer participating on the day of the meet.

LENGTH OF COURSE—The course must be approximately two miles in length. If possible, it should be laid out on rolling terrain.

SCORING—All competitors who complete the race shall be ranked and tallied in accordance with their placement at the finish. Individuals are ranked and tallied in the placement column, but their position is dropped and not recorded in the team scoring column. The team score shall be determined by totaling the points scored by the first five finishing contestants on each team. The team which scores the lowest number of points will be the winner. In the event of a tie, the tie is to be broken by adding the position of the sixth place man on each team. The team with the lower score will then be awarded the proper place.

In case one of the teams involved in the tie has only six participating members, the team with six participating members, will be awarded the higher ranking position. (Example: In case of a tie for third place, the five-man team will be automatically awarded fourth place.)

RULES—Each contestant shall wear numbers on both the front and back of his shirt. The rules of cross country running as found on pages 35-38 in the 1966 National Federation Edition of the Track and Field Rules shall govern—with IHSAA exceptions, the length of course and limit of contestants. All contestants must wear shoes. (Cross Country, Tennis or Track, not Gymnastic Shoes.)

PRIZES—Suitable ribbons will be presented by the IHSAA to the members of the teams qualifying for the regional meet, provided they finish the race. The first five individual winners will receive ribbons. The IHSAA will award a trophy to the winning school.

QUALIFICATIONS FOR REGIONAL MEETS—The first three teams* to finish in each sectional shall be eligible to advance to the regional meets. The first five individuals to finish shall be eligible for the regional meet regardless of their team position.

*A school must have five or more boys finishing the race to be considered a team competing in that sectional.

WRESTLING
One hundred seventy-one schools participated in the sixteen tournaments. This was an increase of eighteen over the previous year. Four regionals followed the sectional tournaments.

The state championship wrestling tournament was held at Southport High School. A large crowd was in attendance. Thirty-five high schools qualified contestants to participate in the state tournament.

Indianapolis Shortridge, with 25 points, became a two-time winner of the team title. Franklin Central and North Central (Indianapolis) with 22 and 21 points respectively finished second and third in team scoring. Defending champion South Bend Adams finished in fourth place with 20 points. Anderson finished fifth with 16 points.

In one of the finest matches ever witnessed in a state final meet, Mickey Janes, 1965 state champion and 1966 runnerup in the 145 pound division, defeated Charles Blackwell of Indianapolis Shortridge, the defending champion in the 154 pound division. 1966 runner-up Steve Sturtzman of Lawrence Central in the 103 pound division was crowned the champion in this division in 1967.

SWIMMING

The largest field in history participated in the sectional swimming meets. Fifty-one schools, representing an increase of eight over 1966, took part in the meets.

Four sectional swimming meets were again sponsored by Columbus, Frankfort, Griffith and South Bend Washington.

Columbus won at Columbus, Kokomo at Frankfort, Valparaiso at Griffith and South Bend Adams at South Bend Washington.

A large crowd attended the State Championship Swimming Meet held in Royer Pool at Indiana University. Undefeated South Bend Adams won its second straight state championship by accumulating a total of 89 points. Columbus, the state champion six times since 1959, finished second with 43 points. Kokomo was third with 29 points. Southport fourth with 28 points, and Lawrence Central fifth with 24 points.

Five new records were established. Larry Lammert of Southport High School established a new record in the 200 yard freestyle in the time of 1:49.3. He also won the 400 yard freestyle in the excellent time of 3:57.5.

Dennis Stites of South Bend Central High School established a new mark of 22.0 seconds in the 50 yard freestyle.

Greg MacDonald of Valparaiso High School broke the oldest record in the book in winning the 100 yard freestyle in 49.8 seconds.

Double winner James Counsllman of Bloomington University High School broke his own record of 1:05.9 in the 100 yard breaststroke in the time of 1:02.1. He also won the 200 yard Individual Medley in 2:05.4.

South Bend Adams established a new mark in the 400 yard freestyle relay in the time of 3:38.3. The team members were Joe Hauflaire, Tom Schragen, Scott Madison and Jerry Decker.

**BASKETBALL**

Evansville North High School captured the fifty-seventh annual high school basketball championship tournament. This was the first state championship for the Huskies. It was also the first sectional, regional, and semi-state for the champs.

In a game which saw the lead change hands several times, Evansville North pulled away in the final minutes and survived a desperate rally by Lafayette Jefferson to survive by a score of 55-52. Evansville North led at the end of the first quarter by a score of 19-16. During the second quarter Lafayette Jefferson rallied and held a score of 39-36 at intermission. At the end of three quarters the score was all tied up at 50-50. Lafayette Jefferson tried desperately to tie or overtake the Huskies in the late stages but fell short by two points. Bob Ford's 27 points and 21 rebounds were the contributing factors in North's victory trail.

In the first afternoon game, New Castle led Evansville North 15-12 at the end of the first quarter. During the second quarter North caught up at 23-23 and went on to take a 38-29 lead at halftime. New Castle decreased the lead during the third quarter, but by the end of the quarter North had again built up a six point advantage, 45-39. Bob Ford of North, with a total of 35 points and 20 rebounds was impressive in New Castle's defeat at the hands of Evansville North.

In the second afternoon game, Lafayette Jefferson battled its way into the championship game by defeating Ft. Wayne South Side by a score of 79-70. In a closely matched first half Ft. Wayne South Side led 14-13 at the end of the first quarter but by the third quarter the score was all tied up at 50-50. Lafayette Jefferson had a sizzling .508 shooting average from the field.

The Board of Control unanimously selected Charles Nelson of Fort Wayne South Side High School as the recipient of the Arthur L. Trester Award for Mental Attitude.

Consolidation again decreased the number of high schools that participated in the sectional tournaments. This year 513 participated, as compared to 544 in 1966. Gross receipts were $1,185,017.31 and the total attendance was 1,401,018.

**ANNOUNCEMENT OF STATE BASKETBALL TOURNAMENT SERIES**

The fifty-seventh annual

These rules are reprinted from the 1967 January Bulletin.

The Board of Control has completed the details for the State Championship Basketball Tourneys and announces the plan in full; with the understanding that the Board of Control reserves the right to readjust the plan and arrangements for any and all tourneys if conditions arise making changes advisable or cancellations necessary.
9. OFFICIALS—The assignment of game officials and their decisions will be considered final. Schools enter the tourneys with this understanding. Give this information to your students and fans now.

Official scorer(s) shall be dressed in a manner that will distinguish them from others who may be seated at the scorers and timers table. Black and white striped shirts or jackets are strongly recommended.

10. PRIVILEGES—Twelve competing players, coaches, principal and manager for each team shall be admitted free to all games.

11. OVERTIME GAMES—The same rule applies in tourneys as used during the regular season games.

12. WARM UP PERIOD—There shall be fifteen minutes allowed between games for warm up practice. During a session, this period shall start with the ending of the previous game. The first two teams playing in a session shall also be limited to the fifteen minute warm-up period. This fifteen minute period shall be exclusive of announcements and opening ceremonies.

13. NUMBERING OF SHIRTS—In order for a school to be eligible to enter the sectional tourney, all players’ shirts must be properly numbered according to Rule 3, Section 4 of the Official Basketball Rules.

14. CHEER LEADERS—Only the cheer leaders from the two participating schools may be used in connection with any one game.

15. RESTRICTIONS—Please inform your students and others about the following tourney restrictions:

By ruling of the Board of Control:

a. Banners, posters, etc., that are objectionable in the wording or which obstruct the view of others, are not allowed.

b. Cow-bells, and other such noise instruments are not allowed.

c. The use of bands at IHSAA tourneys is not sanctioned.

d. No live animal mascots are permitted.

16. HOME TEAM—The first named team in each game throughout the entire tournament is always designated as the “Home Team.” It shall wear white uniforms and have a choice of bench (exception—host team shall have choice of home bench).

The second named team in each game shall have choice of basket and wear colored uniforms. In the event the Host Team is the second named team it shall wear colored uniforms but have choice of bench only.

SECTIONAL TOURNEYS

February 20-25

The following bases were used in selecting sectional, regional and semi-state centers:

(1) Invitations filed by the principals. (2) Locations considered but not necessarily the determining factor. (3) Transportation facilities. (4) General conditions—attitude of local authorities, floors, seating capacities and entertaining facilities. (5) Rotation. (6) Success and satisfactory management of previous tourneys. (7) Adjustment because of reorganization and consolidation.

Many schools have been assigned by counties but there are a number of exceptions which are clearly indicated. Some changes were made to equalize the number of participating teams resulting in better balanced schedules or the use of less school time. The plan arranged is to have no less than 7 teams and no more than 10 teams in each tourney, and the assignment of all schools is given in the list which follows. The number of schools that probably will enter the tourneys is indicated. No doubt these numbers will be very nearly correct for this year. Correct information will not be available until the entry blanks have been received and accepted by the Board of Control. The numbers are tentative. The winners will constitute the teams in the Regional Tourneys according to assignment. Entry blanks are necessary. An entry blank is enclosed.

MANAGEMENT—Four officials will be assigned to all tourneyes. Two Officials will work each game, alternating as referee and umpire. Each official is obligated to be ready for work throughout the tourney.

TOURNÉE REQUIREMENTS—A high school shall not be considered eligible for entering an IHSAA sectional basketball tourney in any year unless the team known as the first team and representing the high school has played eight (8) interscholastic games during that season before filing an entry blank. Schools holding junior and/or preparatory membership are not eligible to enter.

ENTERTAINMENT—Twelve men may be certified but no more than ten men may be in uniform and eligible to compete in any one game. Teams are limited to ten men in any one game. These men must be designated to the official scorer prior to the team's game. The Center Principals have contracted with the Board of Control to entertain sixteen men (which must include coaches, principal, and manager) from each competing school according to the following plan:

1. Transportation—All schools are entitled to one-round trip mileage allowance each day the tourney is in session.
2. Meals—All schools are entitled to one meal for each day the tourney is in session.
3. Due to the variations of time schedules of "One-Site Two-Bracket" tourneys, the time schedules, entertainment schedules and admission prices will be set up by the IHSAA and sent to all Center Principals concerned. It will be the obligation of the Center Principal to send copies to all schools in his sectional area. The time schedules of all tourneys will be published as usual at the time of the drawings.
4. No lodging shall be paid.

Fairness by all parties must prevail in this matter of entertainment. Money spent for entertainment decreases the amount to be divided among the schools.

EXPENSES—An entrance fee of one dollar ($1.00) for each team must accompany the entry blank. The Center Schools have contracted to make settlement out of the receipts of the tourneys according to the following plan and in the following order:
1. All legitimate expenses, such as meals, officials, etc., except for transportation, shall be paid from the gross receipts. If insufficient, if gross receipts are not sufficient, legitimate expenses shall be considered an obligation of the Center School.

2. The Center High School shall receive two hundred dollars ($200).

3. The transportation shall be paid. (The Board of Control has decided on four (4) cents per mile per man (limited to 16 men) for the round trip. Mileage should be considered as the most direct distance between the school building of the participating school and the gymnasium in which the tourney is held.)

4. The Center High School shall receive one hundred dollars ($100).

5. The IHSAA shall receive one percent (1%) of the fourth balance.

6. (a) One-half of the fifth balance shall be divided equally among the participating schools, the Center School sharing.

   (b) One-half of the fifth balance shall be divided among the participating schools on an enrollment basis.

7. The Board of Control shall pass on all reports by the Center School and all reports by the participating schools.

8. The Center School shall furnish a complete financial report to the IHSAA and to each participating school by Thursday, March 2.

ELIGIBILITY—The eligibility of each player must be certified by the principal of the school sending the team. Certification must be made on the Official Entry Blank furnished by the Commissioner. All data must be given as indicated. An Entry Blank marked "Your Duplicate" is enclosed for your convenience. Be sure to send only the "Official Entry Blank" to the IHSAA. All entries must be in the IHSAA office before 4:00 p.m. Wednesday, February 8. Do not mail entry blanks before January 30. All students must be eligible when they participate as well as when they are certified. It is advisable to mail the entry blanks early, as changes can be made by telephone, telegram or letter any time up to 4:00 p.m. Wednesday, February 8. Registered letters are not recommended, as they are a slow form of delivery. Regular or special delivery is the most satisfactory. A postal card from this office will acknowledge receipt and correctness of your entry. The Board of Control has ruled that late entry blanks will not be accepted.

ADMISSION FEE—The admission fees in all tourneys shall be as indicated below and the tickets shall be printed with the following information on them:

Season ticket (all regular tourneys) $1.00

ONE-SITE TOURNEYS:

Season ticket:
   a. Four-session tourney $8.50
   b. Five-session tourney $3.00
   c. Six-session tourney $3.50

Tickets shall not be sold for more nor less than the prices listed. Season tickets only shall be sold prior to the opening session of the tourney. Any remaining seats may be sold as session tickets.

DISTRIBUTION OF TICKETS—The following plan for the division of sectional tourney tickets was adopted by the Board of Control:

1. Deduct from the total number of tickets available, sixteen tickets for each competing school, press and complimentary tickets. Each Athletic Council Member and each Ex-Board member shall be granted two tickets to the sectional in his area upon request by Thursday, February 16.

2. Ten percent of the remaining tickets shall be divided equally among the competing schools. (Every school regardless of enrollment, has a certain "must" list; such as assistant coaches, trainers, student managers, cheerleaders, etc. This allotment is intended primarily for this use.)

3. The remaining ninety percent shall be divided among the competing schools on the basis of enrollment. The tickets must be certified to the State Department of Public Instruction, September 15, 1966, or the third day of school if the opening day is later than September 15.

No tickets shall be distributed by the Center Principal until his tourney schedule has been released. Season tickets must be ready for distribution by Thursday, February 16. All tickets should be distributed prior to this date. The IHSAA will furnish the Center Principal with tickets for all high schools participating in their tourneys. Season tickets unsold shall be returned by 8:00 a.m. on the day the tourney begins, except that in "one-site two-bracket" tourneys, they shall be returned by 4:00 p.m. the day before the tourney begins with a day time session; and by 8:00 a.m. on the day of the tourney if the tourney begins with an evening session. The Center Principal is under no obligation to accept the return of tickets after these hours, unless previous arrangements have been made with him.

WARNINGS—Entries close at 4:00 p.m., Wednesday, February 8, and cannot be changed or accepted afterward. An entrance fee of one dollar ($1.00) must accompany each entry blank. Special privileges will not be granted. Send all entry blanks and checks to IHSAA, 812 Circle Tower, Indianapolis. All data must be given on entry blank. Get all data right the first time and on time, but do not mail blanks before January 30. Late or incomplete entry blanks cannot be accepted. Be sure to send only the "Official Entry Blank" to the IHSAA.
Each of the sixteen (16) regional tourneys will have four (4) teams and will play to a winner, according to the following assignment. The winners in each of the sixteen (16) regional tourneys will constitute the teams in the semi-state tourneys according to assignment.

Teams are limited to ten men in any one game. These men must be designated to the official scorer prior to the team's game. The sectional entry blank will suffice for regional tourneys and will be used as made, unless you instruct the IHSAA office otherwise on Monday, February 27. If you desire to make any substitutions in your entry blank, wire or telephone the IHSAA office, giving complete data on Monday, February 27. (Ask for Miss Sizelove, who has charge of making the changes.)

**DISTRIBUTION OF TICKETS**—All tickets shall be distributed by the Center School Principal according to the following plan:

1. Season tickets only shall be sold prior to Saturday, March 4.
2. Each Center Principal will be required to keep on file the full names and addresses of all ticket purchasers prior to the open sale, together with the number of tickets purchased by each and shall make a complete report to the IHSAA. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of the high school.
3. Press. (a) Each paper within the regional district but outside of the tourney center may be granted one ticket upon request not later than Saturday, February 25.
   (b) Each daily paper in the tourney center and each daily paper in the city of a participating school may be granted 3 tickets upon request not later than Monday, February 27.
(c) Papers outside of the state shall not be granted tickets unless they have a large coverage in the state, and then the limit is given under (a).

(d) School papers shall not be granted tickets.

4. Radio. Each station broadcasting the games may be granted 3 tickets upon request not later than Monday, February 27.

5. Complimentary tickets shall be confined to those directly connected with the tourney. Each participating school is entitled to sixteen complimentary tickets for the use of twelve players, the principal and coaches and a manager. Each Athletic Council member and each Ex-Board member shall be granted two tickets to the Regional in his area upon request prior to Saturday, February 25. A list of the complimentary tickets must be furnished the IHSAA, giving name, position and number of tickets.

6. The Center School if not a participant, shall receive five percent of the number of tickets representing the actual seating capacity of the gymnasium.

7. Schools entered in a sectional tourney may secure sixteen (16) tickets to the Regional Tourney in their area. Orders must reach the Regional Center Principal between February 18 and 23. All principals should use the Regional Ticket Order enclosed with this bulletin, and should attach a check in the proper amount, sending the order and remittance TO THE REGIONAL CENTER PRINCIPAL IN THEIR AREA.

8. Each participating school may secure tickets at this stage as follows, provided they are purchased and paid for by the high school principal not later than Monday, February 27.

(a) One-half of the tickets remaining divided on an equal basis.

(b) One-half of the tickets remaining divided on an enrollment basis, the enrollment being that submitted to the Inspection Office of the State Department of Public Instruction, September 15, 1966, or the third day of school, if the opening day is later than September 15, for the school years 1967, 1968, 1969, and 1970.

(c) If 03 or more of these participating schools do not purchase all of the tickets allotted to them, then these tickets shall be apportioned to the other participating schools and the center school, if not a participant, on the two bases mentioned in (a) and (b).

9. All tickets remaining at this stage shall be placed on open sale on Thursday, March 2, 9:00 a.m., with the understanding that all sales shall be guarded to insure fairness to all.

ENTERTAINMENT—The Regional Center Schools have contracted with the Board to entertain sixteen men from each competing school. Entertainment will begin, if necessary, at 9:00 a.m. Saturday, March 4, and continue, if necessary, to 9:00 a.m. Sunday, March 5. If gross receipts are not sufficient, legitimate expenses shall be considered an obligation of the Center School. 2. The Center High School shall receive two hundred dollars ($200).

3. The transportation shall be paid.

4. The Center High School shall receive one hundred fifty dollars ($150).

5. The IHSAA shall receive fifty per cent (50%) of the balance.

6. The remainder shall be divided as follows: (a) one-half equally among the participating schools and (b) one-half on the basis of season tickets sold and reported by the participating schools in the local communities on or before 4:00 p.m. Friday, March 3. This hour and date are binding on all schools. In the distribution of receipts, all tickets purchased according to the provision under "Distribution of Tickets" item 7, shall be credited to the winner of the sectional in which the school purchasing the tickets is located.

No more tickets shall be sold than the seating capacity of the gymnasium will justify. Standing room shall not be sold or used. All requirements of the State and City Fire Marshals shall be met in all tourneys.

RESERVED SEATS—All seats shall be reserved.

TIME OF GAMES—See page 229, item 8.

WARNINGS—Entries are due Monday, February 27, and cannot be changed afterward. Special privileges will not be granted. Lafayette—Rawlings BLO

RESERVED SEATS—All seats shall be reserved.

TIME OF GAMES—See page 229, item 8.

DISTRIBUTION OF TICKETS—All tickets shall be distributed by the Center School Principal according to the following plan:

1. Season tickets only shall be sold prior to Saturday, March 11, and shall be sold only to high school principals in the Semi-state area.
2. Each Center Principal will be required to keep on file the full names and addresses of all ticket purchasers prior to the open sale, together with the number of tickets purchased by each and shall make a complete report to the IHSAA. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of the high school.
3. Press. (a) Each paper within the Semi-state district but outside the tourney center may be granted one ticket upon request not later than Saturday, March 4.
(b) Each daily paper in the tourney center and each daily paper in the city of participating school may be granted three tickets upon request not later than Monday, March 6.
(c) Papers outside of the state shall not be granted any tickets unless they have a large coverage in the state, and then the limit is given under (a).
(d) School papers shall not be granted tickets.
4. Radio. Each station broadcasting the games may be granted three tickets upon request not later than Monday, March 6.
5. Complimentary tickets shall be confined to those directly connected with the tourney in some way. Each Athletic Council member and each Ex-Board member shall be granted two tickets to the semi-state in his area upon request prior to Saturday, March 4. Each participating school is entitled to sixteen complimentary tickets for the use of its twelve players, the principal, coaches and a manager. A list of the complimentary tickets must be furnished the IHSAA, giving the name, position and number of tickets.
6. The Center School, if not a participant, shall receive five percent of the number of tickets representing the actual seating capacity of the gymnasium.
7. Schools entered in a sectional tourney may secure sixteen (16) tickets to the semi-state tourney in their area. Orders must reach the semi-state principal between February 25 and March 2. All principals should use the Semi-State Ticket Order enclosed with this bulletin, and should attach a check in the proper amount, sending the order and remittance TO THE SEMI-STATE CENTER PRINCIPAL IN THEIR AREA.
8. Each participating school may secure tickets at this stage as follows, providing they are purchased and paid for by the high school principal not later than March 7.
(a) One-half of the tickets remaining divided on an equal basis.
(b) One-half of the tickets remaining divided on an enrollment basis, the enrollment being that submitted to the Inspector Office of the State Department of Public Instruction, September 15, 1966, or the third day of school, if the opening date is later than September 15, for the school years 6, 10, 11 and 12.
(c) If one or more of these participating schools do not purchase all of the tickets allotted to them, then these tickets shall be apportioned to the other participating schools and the Center School, if not a participant, on the two bases mentioned in (a) and (b).
9. All tickets remaining at this stage shall be placed on open sale on Thursday, March 9, 9:00 a.m., with the understanding that all sales shall be guarded to insure fairness to all.

WARNINGS—Entries are due Monday, March 6, and cannot be changed afterwards. Special privileges will not be granted to anyone. The management, protests and privileges will be governed according to the regulations pertaining to the sectional tourneys. If no word is received from principals on Monday, March 6, regional entry blanks will be used for the semi-state tourneys.

TIME OF GAMES—12:30, 1:45, and 8:15 p.m. (E.S.T.)

Management—The Board of Control has designated Phil N. Eskow, Commissioner, as Manager with Herman F. Keller, Assistant Commissioner, as Assistant Manager of this tourney. Their telephone number is 627-1319. Fred R. Gorman, Indianapolis, will assist with the arrangements for the tourney at the Fieldhouse.

Press and Radio reservations will be made directly to the IHSAA office. Requests should be filed not earlier than February 16 and not later than Thursday, March 9. An identification plan will be used for press representatives, who must be properly certified by their managers at the time requests are made.

Tickets—All tickets will be handled by the IHSAA office according to the following plan:

1. Season tickets only will be sold prior to Saturday, March 18. All enrollments with ticket allowance will be printed on the reverse side of the ticket order blank.

2. Each high school principal having a team entered in an IHSAA Sectional Basketball Tourney for 1967, may order tickets to 3½ percent of his high school enrollment not exceeding 1000 students. The Board of Control has established two to six tickets according to enrollment, as the number that may be ordered by each junior and preparatory member school principal. Principals whose high school enrollments exceed 1000 may order 3½% of the enrollment to 1000 and one (1) additional ticket for each 300 students, or fraction thereof, over 1000 enrollment. The enrollment shall be the same as submitted to the Board of Control, should such be desired for checking purposes. Tickets purchased cannot be returned. None is guaranteed. Tickets purchased cannot be returned.

3. Tickets will be sold by mail order only. Telephone, telegraph and personal calls will not be honored. A ticket order blank will be enclosed with this bulletin. It is official and you should use it according to instructions.

4. Ticket orders must be specific as to number of tickets and a check for the correct amount payable to the IHSAA must accompany each order. Tickets purchased cannot be returned. Please do not send cash. The limitations below must be observed as given:

5. Principals are obligated to distribute these tickets properly to persons in their own school districts before distributing any tickets elsewhere. Each principal will be required to keep on file the full names and addresses of all ticket purchasers for the information of the Board of Control, should such be desired for checking purposes. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of their schools.

6. All tickets remaining unsold after the high school principals have ordered, according to the privilege of their enrollment quotas, will be distributed pro rata among the principals of the 64 sectional tournament winning schools if ordered by them. Principals should state on their order blank, ordering their quota of tickets according to enrollment, whether or not they would accept and pay for any tickets that may be distributed to them if they are sectional tournament winners. The check for these tickets should be sent upon receipt of the tickets only. No tickets, other than those remaining after the enrollment quota orders are honored, are offered in this paragraph. There may be only a few or no tickets so remaining. None is guaranteed. Tickets purchased cannot be returned.

7. In order that all may know how ticket orders are filled, the following statements are made:

(a) Ticket orders from principals are due any time from February 16 to February 24, inclusive. Postmark will determine mailing date.

(b) Upon receipt of ticket orders in the IHSAA office, they are checked. All correct orders are arranged alphabetically according to the name of the school, numbered and filled.

(c) Incorrect orders are returned with instructions.

(d) The method of filling ticket orders is entirely by lot and the plan automatically assigns the seats. The location of seats of any particular school depends upon date of receipt of order, number of orders received in same mail, number of tickets covered by the orders received in the same mail, alphabetical order of the school name among the orders received, accuracy of ticket order, station reached in the drawings determined by the orders received, etc.

MISCELLANEOUS

1. All seats will be reserved and tickets sold to principals will be drawn by lot as outlined above.

2. Blocks of seats, when sold, will be arranged from front to back rather than around the playing floor, about twenty percent
of the number in each block being assigned to the front of the
block.
3. No pass-out tickets will be issued. Holders of tickets may
leave the Fieldhouse when they choose in any session, but they
cannot re-enter until the next session. The Fieldhouse will be
cleared between sessions.
4. All tickets will be printed in coupon form, carrying the state­
ment that coupons will not be good if detached. The IHSAA tickets
will be printed in a way that will make duplication very difficult,
but a warning is given against bogus tickets.
5. Ticket holders will be seated prior to the opening game in
each session, between halves and between games only. All persons
must remain seated in their own seats during the games. All games
will be started on scheduled time and will be played in quarters of 8
minutes each.
6. Comfort accommodations will be found on each floor at each
end of the Fieldhouse.
7. Tickets will indicate the Gate, Ramp, Section, Row and Num­
ber. As you approach the Fieldhouse look for the Gate Number
above the door corresponding to the one on your ticket.
8. Two blocks of seats in the middle on the west side of the
playing floor and two blocks in the middle on the east side of the
playing floor, having 1000 seats to the block, will be reserved until
Monday, March 13, for the four schools whose teams are in the
tournament that competes. These blocks will be assigned by lot by
the Board of Control.
9. First Aid Rooms are located in the east end of the Fieldhouse.
Look for the sign. A tourney physician and a nurse will be available
during the tourney.
10. Principals are asked to instruct all ticket holders to refrain
from smoking in the Fieldhouse. This precaution is taken for the
benefit of the players and the safety of the spectators.

THE ARTHUR L. TRESTER AWARD

The Gimbel Medal for Mental Attitude was given each year by Mr. Jake Gimbel, now deceased, until the 1943 State Basketball Tourney. In 1944 it was known as the IHSAA Medal for Mental Attitude. In 1945 the Board officially named the award “The Arthur L. Trester Award for Mental Attitude.”

The IHSAA Board of Control used the following data card this year to assist them in selecting the winner of The Arthur L. Trester Award for Mental Attitude.

Name of Boy ................................ High School
Year in High School: (Check) First ... Second ... Third ... Fourth...
(1) Excellent, (2) Very Good, (3) Good, (4) Fair, (5) Poor.
1. Scholarship: 1st Year .................................. 2nd Year ...
   3rd Year .................................................. 4th Year ...
2. Attitude Throughout High School Career:
   a. Toward Athletics ................................ b. Toward Team Mates ...
   c. Toward High School ................................ d. Toward Coaching ...
   e. Toward Training ................................ f. Toward Opponents ...
3. School Citizenship Throughout High School Career:
4. General Ranking, considering all points: (Check one)
   1 2 3 4 5 6 7 8 9 10
Signed ........................................... By High School Principal
   By High School Coach

The Principals and Coaches of the four schools filled with the IHSAA these cards for their players before the tourney was held. The Board of Control did not see the cards until Saturday afternoon after the second game of the Final Tourney when they had observed the playing of all of the teams. In the meeting to select a winner of the mental attitude award the data cards were studied carefully and were given careful consideration along with the opinions of the Board of Control members as a result of their observation of the playing of the boys in the afternoon. Several boys received very favorable consideration.

Contrary to the opinions often expressed this medal has not been given as a consolation prize through the years. It is true that few
boys on the winning teams have received the award but it is not true that the IHSAA has ever had a policy of giving the medal as a consolation prize. Such a policy would remove the value of the award and would make the winners feel that they had not won anything. The winners of the award have legitimately won the award and have the right to be proud of it. It will be interesting to follow these boys down through the years. Schools should take an interest in these boys, as the IHSAA desires to be proud of them always.

GYMNASTICS
The IHSAA officially sponsored a state championship meet in Gymnastics for the first time. The meet was held in the beautiful Warren Central High School facilities.

Twenty-three high schools participated in three sectional meets. Those were conducted at Crown Point, North Central (Indianapolis) and Wabash high schools. Concord High School was the sectional champion. Crown Point, Columbus at North Central (Indianapolis) and Anderson Madison Heights at Wabash.

Columbus with excellent over-all depth and by virtue of sweeping the last three events won the first IHSAA sponsored State Gymnastics Meet with a total score of 106 points. TOM DUNN
North Central (Indianapolis) High School
1967 State Champion Gymnast
Gary Froebel’s Blue Devils easily won their twelfth state track and field title, the first since 1955. They out-distanced the rest of the field by collecting a total of 42 points.

The 67th annual track and field state championship meet again presented a great display of skill and talent by establishing seven new records. This signifies that new records were established in exactly half of the events which make up the entire track program.

Indianapolis Washington and Elkhart stayed with Froebel until the concluding relays after which they finished second and third respectively. Washington wound up with 24 points and Elkhart with 23. Evansville Harrison was fourth with 16.

Don Vandrey of Valparaiso, the defending state champion in the mile run, broke his own state record with a time of 4:10.3.

Larry Higbaugh of Indianapolis Washington climax ed an outstanding track career by setting a new mark in the 220 with the excellent time of 20.5. He also ran the 100 yard dash in 9.6. This was the fourth year he had placed in the state finals of the 100 yard dash event.

Elkhart’s Fred Lands posted a new mark in the two-mile run in the time of 9:23.9.

Larry Spikener of Gary Froebel set a new standard in the half mile run with a 1:54.0. Levi Mitchell, also of Froebel, joined the record parade with a 23 ft. 9 1/2 inch long jump.

One of the most amazing records was established by Gary Haupert of Northfield High School. Haupert who did not have a miss recorded against him until he tried 6 ft. 11 inches in the high jump wound up with a shattering 6 ft. 10 inches.

The Gary Froebel half-mile relay team established the last new record. The foursome of Levi Mitchell, Bob Mackins, Judge Graddick and Bill Banks established the new mark of 1:28.6.

Several other outstanding marks were made. Vaughn Wedeking of Evansville Harrison won the 440 in 48.4. Bob Mackins of Gary Froebel skimmed over the low hurdles in 19.0. The excellent time of 3:18.5 was recorded also by Gary Froebel in the mile relay.

James Teter of Lawrence Central vaulted 14 ft. 0 inches and Bob Winchell of Evansville Harrison put the shot 61 ft., 1 1/4 inches.

The Board of Control unanimously selected Don Vandrey of Valparaiso as the recipient of the Robert S. Hinshaw Track and Field Award. The recipient of this award must excel in scholarship, mental attitude, school citizenship, as well as athletic ability in track and field. A total of 393 schools entered the track sectionals. This represented a total of 5510 athletes.

afternoon or Saturday evening. The Center Principal shall notify  
all schools participating in his sectional, and the IHSAA office by

The Center Principal shall arrange a program for his meet from the  
list of entries sent to him by the Commissioner.

These performance standards may be established by competent timing of the first three, four or five places in interschool outdoor meets.  

Standards of Performance for 1967  
100 Yd. Dash ............10.5 High Hurdles ............16.0  
220 Yd. Dash ............24.0 Mile Relay ............3:40

This means the entry and best performance blanks must be in the hands of the Commissioner, complete in every detail, on the date. See warnings below.

Official Rules—The current National Alliance Edition of the Track and Field Guide as published by the National Federation is official in the IHSAA. A few modifications have been made by the IHSAA and they are given in the present Bulletin. In both relays "off the curve" method of exchange shall be used. Both relays may be run in lanes the first 220 yards with a staggered start if lanes have been marked. When the half mile relay is run with the first 220 yards marked in lanes the first and second runners will exchange in their own lane.

Scoring.—Winning first place in any event in the sectional meet counts five points; second place, three points; third place, two points; and fourth place, one point. Points in the relays will be counted in determining the winning team, the points for each place in each relay to be double the points in each place in other events. In case of a tie in a track event, the points shall be divided equally and the prizes awarded by lot. Ties in the high jump and pole vault shall be decided by awarding the position, with its points, to the contestant with the lowest number of trials for the tied height. If the tie still is not broken, the fewest total misses in the entire competition is the determining factor. Existing ties at this stage shall be decided by the method outlined in Rule 5, Section 2, 1(a, b, c and d), pages 14 and 15, of the 1967 Track Rules Book. No misses shall be charged to a competitor for a passed height. In case of a tie in the shot put or long jump, position and points are awarded according to Rule 5, Section 2, 11(a and b) "determined by distance," page 15 of the 1967 Track Rules Book.

In case two or more contestants tie for fourth place the above method shall be applied to this place for determining the contestant who advances to the Regional and wins the ribbon. This means that ties for the last qualifying position for the Regional must be broken by applying Rule 5-2-1 to insure that no meet will send more qualifiers to the Regional than they are permitted. Be sure the contestants are notified of any ties immediately after the event so they will be available for any runoff for the qualifying positions. Points are not affected.

Limitations—No contestant will be permitted to enter or participate in more than three events, and no contestant will be permitted to enter or participate in both relay races. Do not enter the same boys in both relay races.

No contestant in the 880 yard run, mile run or two-mile run may participate in any other race of 880 yards or more. A contestant may enter in both the mile and two-mile run but participate in only one.

It is recommended, especially in the 440 yard dash, that this race be run in heats, no more than 12 contestants in a heat. Referring to the best performance blank, the 12 contestants having the fastest times shall be placed in the first heat, the next 12 fastest in the second heat, etc. Four places shall be timed in each heat. It is suggested that there be three watches on each of the four winners.

In case two or more contestants tie for fourth place the above method shall be applied to this place for determining the contestant who advances to the State and wins the ribbon. This means that ties for the last qualifying position for the State must be broken by applying Rule 5-2-1 to insure that no meet will send more qualifiers to the State than they are permitted. Be sure the contestants are notified of any ties immediately after the event so they will be available for any runoff for the qualifying position. Points are not affected.

THE ROBERT S. HINSHAW TRACK AND FIELD AWARD

The IHSAA Board of Control awards the Robert S. Hinshaw Track and Field Award to an outstanding participant in the State Track Meet. The recipient of this award must excel in scholarship, mental attitude, and school citizenship, as well as athletic ability in track and field.

The Robert S. Hinshaw Award is symbolic of the great devotion the late Robert S. Hinshaw had given to the high school track program in Indiana as a participant, coach, and later as Assistant Commissioner of the Indiana High School Athletic Association.

GOLF

Madison Heights High School (Anderson) climaxed a perfect season in easy fashion by outdistancing runner-up LaPorte by nine strokes. Madison Heights chalked up a 300 total fashioned on a 71 by Mike Roberts, 75s by Bill Spannuth and Bob Williams and a 79 by Mickey De Rarity.

LaPorte, in the runner-up spot, carded a total of 309 team strokes. Lebanon finished third with a total of 312.

Fred Clark of Muncie Burris emerged as low medalist with a one-stroke edge over Madison Heights’ Mike Roberts in a one-hole “sudden death” play-off. Both finished the 18 hole route with a one-over par 71. Lafayette Jefferson’s Bob Guinnup also went into “overtime” to defeat Lebanon’s Don Dengler for third place after both came in with 73s.

Due to the rapid growth of golf, the Board of Control again expanded the golf program. Twelve sectionals instead of nine were held and four regionals were established. Sectional sites were: Anderson, Bedford, Elkhart, Evansville, Lebanon, Logansport, Michigan City, Muncie and Richmond. Regional sites were: Bloomington, LaPorte, Logansport and Richmond.

Twelve complete teams and two low-medallists qualified for the state meet held at Coffin Golf Course in Indianapolis.

BASEBALL

This year the Board of Control sponsored a State Baseball Tournament Series. The first IHSAA baseball tournament was held in 1912. The second was in 1917. Thereafter an occasional invitational tournament was held. This year however the Board of Control held the first baseball tournament series in which there were 46 sectional, four semi-states and one state final.

The renewal of the tournament was most popular as 412 schools participated in the 64 sectionals. Columbia City, Indianapolis Arlington, Jasper and Laporte won the respective semi-state sites of Madison Heights (Anderson) Franklin, Jasper and East Chicago.

The final three games were played in beautiful Victory Field in Indianapolis.

In the first morning game Indianapolis Arlington got off to an early lead and defeated a fighting Jasper team by a score of 10-1. Jasper got off to a bad start and never recovered. Gregg Ennis of Arlington allowed Jasper five scattered hits and was in control through the entire game.

The second morning game was between Columbia City and LaPorte. LaPorte was impressive in defeating a hard fighting Columbia City team. With suddenness LaPorte built up an early lead and coasted to an 8-2 victory. Al Malekovic was the winning pitcher.

The championship game in the afternoon was a keenly contested game between two fine high school baseball teams. Indianapolis Arlington behind the fine pitching of Jim Hedges built up a 5-0 lead and seemed headed to a certain victory. However, playing before a nice crowd and trailing 5-0, the LaPorte Slicers exploded for seven runs in the sixth inning and held the lead for a 7-5 triumph and the state baseball championship. The hard hitting of Rich Lenard and the excellent relief hurling of Al Malekovic were largely responsible for LaPorte's triumph. In winning both games Malekovic boosted his season's record to a very impressive 15-0.

The Board of Control unanimously selected Phil Rohleder of Jasper as the recipient of the first L. V. Phillips Award. The recipient of this award must excel in scholarship, mental attitude, school citizenship as well as athletic ability in baseball.

ANNOUNCEMENT OF STATE BASEBALL TOURNAMENT SERIES

THE FIRST ANNUAL

The Board of Control has completed the details for the State Championship Baseball Tournament and announces the plan in full; with the understanding that the Board of Control reserves the right to readjust the plan and arrangements for any and all tournaments if conditions arise making changes advisable or cancellations necessary.

The following bases were used in selecting sectional, regional and semistate centers: (1) Location—geographical with reference to schools desiring to participate; (2) Transportation accommodations; (3) General Conditions—attitude of local authorities, fields, entertaining facilities; etc.; (4) Invitation.

IMPORTANT INFORMATION CONCERNING SECTIONAL, REGIONAL, SEMI-STATE AND STATE TOURNAMENTS

1. BALL—The Board of Control has selected the Spalding #1 Official ball as the official ball for the entire tournament series. Practice balls must be furnished by competing schools.

2. LENGTH OF GAME—All Tournament games are scheduled for seven innings, unless shortened by weather conditions or the game ends in a tie, in which case the game will continue until one team is the winner.

A game shall also end when, if after five innings, a team is 10 or more runs behind and has completed its turn at bat.

(Exemption—the championship game).

3. OFFICIAL RULES—The Baseball Rules 1967 National Alliance Edition, published by the National Federation of State High School Athletic Associations will be the official rules in the games and tournaments.

4. SCHOOLS ELIGIBLE—All members in good standing in the IHSAA are eligible to enter teams in the series of tournaments. Each eligible school may enter a team in the tournament series even though its second semester may end before or during the tournaments. However, only those students who were eligible at the close of school may be used on the tournament team. Seniors who may have graduated at the close of the second semester may participate in the tournament provided they meet all other eligibility requirements.

5. SINGLE ELIMINATION—All phases of the IHSAA Tournament are based on the single elimination plan.

6. MEN IN UNIFORM—In each of the tournaments, no school shall have more than eighteen players, the team coach (or coaches) and two managers (one of whom must be the bat boy). The eighteen players shall be the ones certified for the tournament. The only representative of a school allowed on the bench are the players' coaches and managers.

7. COACHER'S BOXES—The Coacher's Box may be occupied by one coach and one member of the team or two members of the team and all must be in uniform.

8. PITCHING REGULATION—"A pitcher may not pitch in more than ten (10) innings in any three consecutive calendar days. This period begins when he officially enters the game as a pitcher."
Note: The three day rule shall begin with the first day of the sectional tournament and shall be in effect continuously throughout the entire state tournament series.

Example: If it is necessary to play the regional on June 12, because of inclement weather and the semi-state is played on June 13, the three calendar day rule is in effect.

9. DECISIONS OF UMPIRES FINAL—The decisions of the umpires are final and protests arising from the decisions of the umpires or any inadvertent misinterpretation of the rules will not be considered by the IHSAA.

10. HEAD PROTECTOR REQUIRED—The batter and runner in all IHSAA games and tournaments is required to wear a head protector.

11. PRE-GAME PRACTICE—Each team will be allowed 15 minutes practice before each game to be used as the coach sees fit. Prior to the championship game, 20 minutes will be allotted each team for batting practice and 10 minutes for fielding, weather permitting.

12. HOME TEAM—Prior to each tournament game, home team privileges shall be determined by the toss of a coin. The home team shall occupy the third base bench.

13. CONDUCT OF COACHES AND PLAYERS:
1. No coach, player or other person officially connected with the team shall be permitted to smoke on the bench or playing field either during practice or while a game is in progress.
2. No coach or other school official shall, during the progress of a game, be allowed on the field of play except by permission of the game officials.
3. Except for those coaches or eligible players who may be serving as coaches at first or third base and players legally in the "next batter" boxes, all other coaches, managers, substitutes and players awaiting their turn at bat shall remain on the players' bench. Umpires will be instructed to enforce this rule to the limit.
4. The captain and the head coach shall be the official spokesmen and the sole representatives of their team in all communications with the officials.
5. Abusive remarks to game officials by coaches or players shall be regarded as unsportsmanlike conduct. The offender or offenders shall be disqualified and removed from the bench and playing field.

14. INTERRUPTED GAMES—Interrupted baseball games shall start at the point of interruption until it is an official game in accordance with Rule 4, Section 2, Article 5 Note of the Official Rules.

Example: At the end of the second inning, game is interrupted by rain. When play is resumed either on that day or a following day the same line-ups shall be used and the game will proceed from the point of interruption. Runs, count on batter, baserunners, etc. shall be the same when game is resumed.

15. COACHES CONFERENCES—Each team may be granted not more than three charged conferences during a game, without penalty, to permit a coach or his representative to confer with a defensive player or players.

Time granted for an obviously incapacitated player shall not constitute a charged time out. PENALTY—For any charged conference in excess of three, the pitcher must be removed as pitcher for the duration of game.

16. FIELD MARKINGS—The playing field shall be marked in accordance with Rule 1, Section 2, Article 1. The foul lines should be extended a minimum of 250 feet from home base.

17. UMPIRES—Three umpires will be assigned by the IHSAA to all sectional and regional tournaments. Four umpires will be assigned to all semi-states and the state tournament.

18. PLAYING SCHEDULES—All pairings for all tournaments will be made by a chance drawing by the Board of Control on May 22, 1967. Games will be played according to the way they are drawn on the schedule.

19. The Re-entry Rule 3-1-3 will NOT be used in any of the State Sponsored Baseball Tournaments. A Withdrawn Player shall not re-enter the game.

SECTIONAL TOURNAMENTS
May 29 - June 3, 1967

Many schools have been assigned by counties but there are a number of exceptions. Some changes were made to equalize the number of participating teams resulting in better balanced schedules or the use of less school time. The plan is to have not less than 4 teams and no more than 8 teams in each tournament, and the tentative assignment of all schools is given in the list which follows. The winners will constitute the teams in the Regional Tournaments according to assignment. ENTRY BLANKS ARE NECESSARY. AN ENTRY BLANK IS ENCLOSED.
