MESSAGE TO THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION
by
James D. Fulford, President

We in Indiana are justly proud of our high school athletic program. It will compare favorably with similar programs anywhere. The Indiana program did not just happen. It has grown into maturity under the careful guidance and encouragement of the Indiana High School Athletic Association.

Membership in the I.H.S.A.A. is open to all public, private, parochial and institutional high schools of the state, provided they meet the requirements of the association and will subscribe to its rules and regulations.

The I.H.S.A.A. is a voluntary and democratic organization, founded for the purpose of promoting and guiding the athletic program of our secondary schools at a high level of scholarship and sportsmanship.

The primary purpose of the I.H.S.A.A. is to manage and to foster high school athletics on a high plane which has been upheld as an ideal by the association through the sixty-five years of the life of the I.H.S.A.A. New and advanced steps have been taken and will be taken whenever conditions make it necessary. In the beginning the association concerned itself largely with track and football. As time went on it became evident that the I.H.S.A.A. should assume the initiative for a well balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The association sponsors football, baseball, cross country, basketball, swimming, wrestling, golf, tennis, softball, gymnastics, track and field, and girls' play days. State championships are determined in cross country, swimming, wrestling, basketball, track, golf, gymnastics and baseball.

The legislative body of the association is a twenty-five member Athletic Council elected by its member schools. Each year the Athletic Council elects five of its members to the Board of Control. It is the duty of the Board of Control, the Commissioner and the Assistant Commissioner to function as the administrative division of the Association.

We have always had the highest type of leadership. A. L. Trester, L. V. Phillips, and Bob Hinshaw gave us leadership in the past that was of the highest caliber, and never hesitated to take their stand for the enforcement of our rules and betterment of the I.H.S.A.A. Mr. Eskew and Mr. Keller are continuing this same high type of leadership. A leadership that is dedicated to our philosophy and fearless in its enforcement can only lead us on to greater and better accomplishments.

We believe in the I.H.S.A.A. It has served us well. Let us resolve to keep it so, and never relax in our efforts to maintain the high ideals and sound philosophy, which it has always promoted.
The I.H.S.A.A. is not a crutch to lean upon, but a vehicle to establish fair criteria in sports and competition. It is established to aid schools in building a program to organize a unified effort in athletics and to stimulate an attitude of "good sportsmanship" among those who participate.

The highest duty of the I.H.S.A.A. is to serve the youth of Indiana to the best of its ability. Let us resolve to keep and expand the high type of service that has made our association great. The Athletic Association is interested in each young person, each coach, each administrator, and each community. It will take the combined efforts of all to make the I.H.S.A.A. the best. It is my desire that each of us will put forth the effort to make the I.H.S.A.A. a greater association.

HISTORY OF IHSAA

The first attempt to organize the high schools of Indiana in a single Association for the purpose of handling athletic activities was made in a meeting of the Northern Indiana Teachers' Association held at Richmond in April, 1903. At this time there was a conference of high school principals, and the conference ended with a body of suggested rules and regulations, called the Richmond Agreement. Due to the fact that there was no central organization having executive power, the Richmond Agreement did little more than point the way toward something better.

Principal J. B. Pearcy, of Anderson, issued a call for a meeting of high school principals interested in a State Athletic organization for December 5, 1903. At this meeting a provisional constitution was adopted. At a similar meeting on December 29, 1903, a final constitution was adopted and a Board of Control of three members was chosen to administer the affairs of the IHSAA.

The first Board of Control was made up of Principal George W. Benton, Shortridge High School, Indianapolis; Superintendent Lotus D. Coffman, Salem, and Principal J. T. Giles, Marion. These men thought and planned well, and we are enjoying the fruits of their vision.

There were fifteen (15) high schools belonging to the IHSAA, March 1, 1904, and now there are six hundred eleven (611) member schools. The membership has had a gradual growth through the years, and now includes almost all of the high schools in the state. The peak membership of eight hundred twenty (820) was reached in 1942, the year that private, parochial and institutional schools were admitted to the Association.

In the beginning, one member of the Board of Control served as Secretary, but it soon became very evident that this office furnished enough work for a special man. It was also seen that the future of the organization demanded that the office of Secretary be made more permanent than the office of Board Member. Accordingly, at the annual meeting in 1906 the office of Permanent Secretary was established, and Principal J. T. Giles of Marion was chosen by the Principals to be the first Permanent Secretary. Principal Giles resigned on December 26, 1912, and Principal Isaac E. Neff, South Bend, was chosen by the principals to succeed him. Principal Neff resigned March 16, 1913, and the Board of Control appointed Principal Arthur L. Trestler from Alexandria to serve as Permanent Secretary until the next annual meeting in December, 1913. At this meeting, Principal Trestler was chosen by the principals as Permanent Secretary.

The Board of Control consisted of three members, chosen by the principals in their annual meetings, until the annual meeting of October 27, 1916. At this meeting it was decided to divide the State into five districts for administrative and representative purposes, and that each district should have one representative on the Board of Control, chosen by mail ballot from his own district by the principals of his district.

In September, 1926, by a referendum vote the principals passed a legislative body proposal calling for four members from each of
the five (5) IHSAA districts. The five members of the Board of Control, serving ex officio, and the fifteen other members elected by the principals in a mail vote constituted this legislative body. Prior to this plan all legislation was done at the annual meeting or by referendum voting by mail. This Legislative Body of twenty members passed on all proposals submitted by the high school principals. It was the law making body of the Association. The plan was considered a step in advance in state administration and legislation in athletic activities.

On December 18, 1950, the Legislative Body considered and passed without a dissenting vote the provisions for an Athletic Council. The plan in full continued the five IHSAA districts in the state and arranged for five representatives on the Athletic Council from each district by classes determined by enrollments in the high schools, thus making the Athletic Council a body of twenty-five members representing all sizes of high schools and all districts of the state at all times and elected by the high school principals in the membership. A provision was included for the selection of a 5-man Board of Control from the membership of the Athletic Council by the members of the Athletic Council. The Athletic Council took over the duties of the former Legislative Body and is considered the law making body of the Association.

The title “ Permanent Secretary,” established in 1906, was changed to “Commissioner of High School Athletics” in October, 1929, by the Legislative Body, and the Commissioner was granted the powers and duties belonging to a Commissioner of Athletics. Mr. Trester continued to serve as Commissioner until the date of his death, September 18, 1944, the Board of Control designated Superintendent Morris E. McCarthy of Lafayette to serve as Acting Commissioner. In December, 1944, Principal L. V. Phillips of Vincennes was chosen Commissioner to take office January 1, 1945. In 1944, the Board of Control was given authority to employ an Assistant Commissioner. Robert S. Hinshaw, Director of Athletics in Rushville High School, was chosen in November 1945 to take office December 10, 1945 to become the first Assistant Commissioner of Athletics for the IHSAA. In July, 1961, Principal W. S. Fellmy of Tecumseh High School became the second Assistant Commissioner of Athletics after the death of Mr. Hinshaw. On the retirement of L. V. Phillips, July 31, 1962, the Board of Control selected Phil N. Eskew, Superintendent, Huntington Public Schools, as the third Commissioner of Athletics. The Board conferred the title of “Honorary Commissioner” on L. V. Phillips.

The primary purpose of the organizers of the IHSAA to manage and to foster high school athletics on a high plane has been upheld as an ideal by the Association through the sixty-five years of the life of the IHSAA. New and advanced steps have been taken whenever conditions made them necessary. In the beginning, the Association concerned itself largely with track and football. As time went on it became increasingly evident that the IHSAA should assume the initiative for a well balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The Association now sponsors football, baseball, cross country, basketball, swimming, wrestling, golf, tennis, softball, gymnastics, track and field, and girls’ play days. State championships are determined in tennis, cross country, swimming, wrestling, basketball, track, golf, gymnastics and baseball.

A study of the men who have served on the Board of Control through the years will show clearly that the activities of the IHSAA have been in good hands. The titles and addresses are given as they were when the men were Board of Control members. A complete list of former Board members follows:

PURPOSE OF IHSAA

(Copied from Introduction to first printing of Constitution in 1964)

The purpose of this organization is the encouragement and direction of athletics in the high schools of the State. No effort has been made to suppress or even to repress the athletic spirit that is everywhere in evidence in our schools. On the contrary, this organization gives recognition to athletics as an essential factor in the activities of the pupil and seeks only to direct these activities into proper and legitimate channels."

CONSTITUTION OF THE
INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION

ARTICLE I
NAME

The name of this association shall be the “Indiana High School Athletic Association.” (The abbreviation of this name is understood to be “IHSAA.”)

ARTICLE II
MEMBERSHIP

Section 1. Full membership in this Association shall be open to all public, private, parochial, and institutional high schools of the state offering and maintaining three or four years of high school work, provided they meet the requirements of the association and also subscribe to its rules and regulations. A school to be eligible for membership in the IHSAA must be accredited by the State Department of Education.

Section 2. Preparatory membership may be extended to any school accredited by the State Department of Education offering and maintaining school work on the ninth and tenth grade level with the understanding that such preparatory membership shall extend the privilege of participating in single athletic games, contests, tourneys and meets with other preparatory members. Preparatory membership also shall permit teams from preparatory members composed of ninth and/or tenth grade students to compete against teams composed of ninth and/or tenth grade students from full members and junior members composed of ninth grade students in single games, contests, tourneys and meets without special restrictions as to the number of teams entered, trial runs or geographical location within the state.

Schools holding preparatory memberships are not eligible to enter teams in state tourneys or meets. It must be clearly understood that a preparatory membership is a membership in the Indiana High School Athletic Association that requires the principal to subscribe to the rules and regulations of the association. It is further understood that preparatory membership is available only to schools that will become eligible for full membership within a two year period. At the end of the two year period the preparatory membership will be reviewed by the Board of Control.

Preparatory members may receive tickets for the state final championship basketball tourney and other state final meets at the discretion of the Board of Control.

Section 3. Junior membership may be extended to any school accredited by the State Department of Education offering the ninth grade, but not eligible for full, preparatory or associate membership; Junior membership shall extend the privilege of participating in single athletic games, contests, tourneys and meets with other junior members. Junior membership also may permit teams composed of ninth grade students to compete against teams composed of ninth and/or tenth grade students from full, preparatory and associate members in single games, contests, tourneys and meets without special restrictions as to the number of teams entered, trial runs or geographical location within the state.

Schools holding junior memberships are not eligible to enter teams in state tourneys or meets. It must be clearly understood that a junior membership is a membership in the Indiana High School Athletic Association that requires the principal to subscribe to all of the rules and regulations of the association. Junior members may share in the distribution of tickets to the state final championship basketball tourney and other state final championship meets on a limited basis as determined by the Board of Control.

Section 4. Associate membership may be extended to any high school accredited by the State Department of Education and operating strictly as a boarding school, with the understanding that:

1. Associate membership shall extend the privilege of participating in single athletic games and contests and invitational tourneys and meets, but not in any tourneys or meets conducted for the purpose of determining an official state championship in the IHSAA.

2. Associate members are bound by all rules and regulations of the IHSAA with the exception that a student who changes schools without a corresponding change of residence on the part...
of his parents is eligible as to residence immediately, provided there is no undue influence involved in any way.

3. Associate members are not privileged to share in the distribution of tickets to IHSAA championship tourneys and meets or in the distribution of IHSAA surplus funds to member schools.

Section 5. Any high school in the state may become a member of this Association by meeting the requirements, by subscribing to these rules and regulations, and by paying the annual dues of one dollar and fifty cents ($1.50) to the Commissioner on or before October 1 of each year. All memberships expire on October 1 of each year unless the annual dues are paid.

Section 6. Each member school shall have one vote.

Section 7. The Board of Control shall be judge on all memberships.

Section 8. A member school that is suspended from the IHSAA shall be considered as not belonging to this Association and subsequent membership in the Association shall be secured, if desired at the discretion of the suspension, according to the Sections in the Constitution and the rules and regulations governing memberships.

No athletic contest shall be held with any high school of another state that is not a member in good standing of its State High School Athletic Association, if eligible for membership.

Rule 4. Withdrawal of a school athletic team from an athletic contest will jeopardize the standing of the school in the IHSAA.

Should such forfeitures be stipulated and not be paid during the same season, the Board of Control after hearing both sides, shall have authority to suspend the delinquent school from the Association. Notification of such suspension shall be published in the papers with cause therefor.

Rule 8. Member school students must not play under assumed names, nor accept remuneration directly or indirectly for their playing.

(See football, wrestling and basketball rules for limited seasons.)

Rule 12. A ninth, tenth, eleventh or twelfth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

Rule 13. Participation of students in an athletic contest with or against players not belonging to their school constitutes a game. A "scrimmage" or practice by students with or against teams or players not belonging to their school is considered a game. A tryout or demonstration of athletic ability as a prospective student-athlete for a college shall be considered a violation of this rule.

Rule 14. The IHSAA Constitution, Rules and By-Laws govern in all sports. This Division contains only rules for contests. Be sure to check other Divisions for rules which apply to all interscholastic athletics.

BASEBALL AND SOFTBALL

Note: See Division III—"Rules for Contests"—General Rules 1-14, which apply to all sports.

Rule 3. Pupils may be permitted to play on baseball and softball teams other than teams representing their school during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA.

a. Member school students, who play on baseball teams other than their school teams during the school year, must have written permission of their high school Principal on file in the Principal's office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the school Principal. Note: Permission granted by a Principal to a boy to play baseball on a team other than his high school team during the school year makes the boy ineligible for the school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the Principal informed about his students.

(Note: It is not considered a violation of present IHSAA rules for a member school, during the summer vacation period, to sponsor a team composed entirely of its own students in such sports as baseball, softball, tennis, and golf. While an athletic contest conducted under this interpretation would be similar to that of other independent amateur organizations, it is recommended that participating schools, through their principals, mutually agree to abide by IHSAA rules except for such modifications as may be necessary).

b. The IHSAA considers that a member school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the school principal in each case.

c. The baseball season is defined as beginning and ending with the school year.
BASKETBALL

Note: See Division III—"Rules for Contests"—General Rules 1-14, which apply to all sports.

Rule 1. The Official Rules of the National Basketball Committee of the United States and Canada shall govern basketball.

b. Playing floors shall be marked with a four foot end line wherever deemed practical.

c. The backboards shall be rectangles, six feet horizontally and four feet vertically in all IHSAA tourneys, but fan shaped boards as described in the official rules may be used in single games by mutual consent prior to the game.

d. If the backboard is transparent, it shall be marked as follows: A rectangle shall be centered behind the ring and marked by a two-inch white line. The rectangle shall have outside dimensions of twenty-four inches horizontally and eighteen inches vertically. For the rectangular backboard, the top edge of the baseline shall be level with the ring. Boarders of the backboard should be marked with a white line three inches in width.

Rule 2. No inter-school basketball games shall be played by students or schools prior to November 1 of each year or after the closing date of the sectional tourneys of the State Basketball Championship Series each year, except by such students and such schools as are participants in the sectional tourneys of the State Basketball Championship Series; and the close of the basketball season for these students and schools shall be not later in any event than the date of the State Final Tourney or not later than the elimination of the school in one of these tourneys if earlier than this final tourney date. The penalty is suspension.

Students playing independent, league, recreation or organized basketball games, before November 1 or after the closing date of the Sectional Basketball Tourney of the State Basketball Championship Series, make themselves ineligible for all interscholastic athletics until the closing date of the State Basketball Championship Tournament of the following year. A prospective student-athlete who engages in a practice, scrimmage tryout or otherwise demonstrates his athletic ability either on or off the campus for a college shall be considered in violation of this rule.

Rule 3. The maximum number of games for the regular schedule of any team in basketball shall be eighteen. (The penalty is suspension.)

a. A player may participate in a maximum of seventy-two quarters of interscholastic basketball, and one invitational tournament during any one season. No player may participate in more than four tourneys in any one season. If a player participates in two invitational tournaments, the quarters played in one tournament shall be included in the seventy-two quarters permitted during the season.

b. A record of the quarters played in basketball by individual players shall be kept on file in the principal's office at all times for his information in certifying eligibility of players.

Rule 4. Teams and players may participate in two basketball tourneys in addition to the tourneys of the State Basketball Championship Series under the following provisions:

a. No inter-school basketball tournament which involves more than four schools, shall be held without the sanction of the IHSAA, except where all the schools are located in a single county.

b. Ninth grade basketball tournaments shall be completed prior to the week of the sectional basketball tournament each year. Players who compete in the ninth grade tournament played after January 31, will not be eligible to compete in the State Championship Tournament Series.

Rule 7. “Donkey Basketball”, “Skruball”, “Skateball” or any similar game in which a basketball and/or basketball goals are used shall be considered a game of basketball. High school students who participate in “Donkey Basketball”, “Skruball”, “Skateball” or similar games shall be subject to IHSAA eligibility rules the same as in regular basketball games.

Rule 8. A high school shall not be considered eligible to enter a sectional basketball tournament in the IHSAA in any year unless the team representing the high school has played eight (8) interscholastic
games during that season, and before the Official Entry Blank for Tournaments is filed in the IHSAA Office.

Rule 9. There shall be ten separate days of organized practice in basketball under the direct supervision of the high school coaching staff by each player preceding participation in inter-school contests. Only one practice may be counted for any one day.

NOTE: See Division III—“Rules for Contests”—General Rules 1-14, which apply to all sports.

b. All games other than first-team games shall be played in quarters of nine minutes in length.

Rule 2. d. A record of the quarters played in football by individual players shall be kept on file in the principal's office at all times for his information in certifying eligibility of players.

e. Schools shall be limited to the playing of one (1) interschool football game in a calendar week for each team sponsored. (Calendar week defined as Monday through Saturday). A student may participate in only four (4) quarters of inter-school football during a week. In order to place the emphasis on the varsity squad, the record of quarters of each student shall start on the day of a varsity-scheduled game and end the day before the next varsity scheduled game or seven days which ever comes first. No student may participate in more than four quarters of football on successive days.

(Note: A football jamboree is defined as a contest in which four or more schools participate. Each school shall be limited to playing of no more than two quarters. Quarters shall be no more than 12 minutes in length.)

GOLF

Note: See Division III—“Rules for Contests”—General Rules 1-14, which apply to all sports.

Rule 2. Member school students may participate in independent golf tournaments and meets during the summer vacation period without violating their amateur standing, provided they do not accept cash or merchandise prizes or the equivalent thereof. Medals or trophies may be accepted.

Rule 3. It is not considered a violation of present IHSAA rules for a member school, during the summer vacation period, to sponsor a team composed entirely of its own students in such sports as baseball, softball, tennis, and golf. While an athletic contest conducted under this interpretation would be similar to that of other independent amateur organizations, it is recommended that participating schools, through their principals, mutually agree to abide by IHSAA rules except for such modifications as may be necessary.

   Rule 1. Each contestant must have and be maintaining for the current semester, a passing grade in each of four or more subjects requiring a minimum of twenty regular high school recitations per week, exclusive ofimetials, physical training, military drill and deportment; in his last preceding semester in school he must also have met the same requirements throughout the entire semester.

Military Science and Tactics may be accepted for scholarship eligibility, provided it is approved by the State Board of Education and study is required for the first time.

Rule 2. Students enrolled for the first time must comply with the scholarship requirements of the rules, the average standing required for the preceding semester being obtained from the records in the last secondary school attended.

Rule 3. In each of the subjects representing the minimum requirement of work specified in Rule 1 above, the following shall govern:
   (a) for the current semester the average of the period grades up to
the time of certification must be passing; (b) for the current or school grading period the average of the daily or weekly grades must be passing; (c) if the average of the period grades at the beginning of any grading period is below passing in any subject, the pupil is ineligible as far as that subject is concerned for the entire grading period.

Rule 4. Back work may be made up during the summer and counted toward eligibility provided: (a) it be done in a regularly accredited summer school or according to procedures approved by the State Department of Education (b) no more than two credits be given for work done during the summer months (c) all work be done and the credits be made a matter of final record in the principal's office prior to the opening date of the semester in which eligibility is desired (d) all work and credits be bona fide in every way and certified as such by the high school principal. In all other cases, the record at the end of a semester shall be final. Deficiencies in one semester cannot be made up in a subsequent semester for qualification purposes during that semester. An incomplete or condition at the end of a grading period or semester counts as a failure.

Rule 5. Passing work is meant work of such character that credit should be entered on the school records were credit given at the time of certification.

Rule 6. A student who withdraws for the semester within the first 15 days shall not be considered ineligible as to scholarship at the beginning of his next semester of enrollment, provided he was eligible when he withdrew.

C. Enrollment—

Rule 1. No student, who has been enrolled as a high school student in any member school, shall be permitted to participate in any inter-school contest as a member of another member school until he has been enrolled in such school for one calendar year, unless the parents of such student actually change their residence to the second school district. In the latter case, the student will be as eligible as he was in the school from which he withdrew (See Enrollment Q. and A. 12-4).

Rule 2. A student enrolled in one high school of a city or school corporation shall not be eligible in another school of the same city or school corporation until he has been enrolled in the other school for one calendar year, unless there are definitely marked school districts and his parents actually change their residence to the new school district.

Rule 3. Students finishing the courses offered in high schools maintaining less than four years of high school work and transferring, are not bound by this section. (See Enrollment Q. and A. No. 6.)

Rule 4. The fact that a transfer has or has not been issued, or that the student pays or does not pay his tuition, has no bearing except when the omission of a transfer or payment of full tuition is done for the purpose of unduly influencing a student to enroll for athletic reasons. (See Undue Influence rule.)

Rule 5. No student who has transferred from another high school shall be certified for inter-school athletics until the principal has on file an IHSAA Athletic Transfer Blank, signed by the principal of the school from which the student transferred.

Rule 6. A high school student who is regularly enrolled in three or more high school credit courses may, with prior written approval of his high school principal, enroll in or attend an accredited institution of higher learning for credit that is either acceptable for high school graduation or for college credit. The credit may be counted toward high school eligibility (3 semester hours or the equivalent shall be counted as equivalent to one high school credit).

During a vacation period a high school student with remaining athletic eligibility may enroll in or attend a program in an accredited institution of higher learning that may give him college credit provided he has prior written approval of his high school principal, a copy of which must be placed on file in the office of the IHSAA.

It is clearly understood the approval is for his attendance. The student is responsible for conducting himself in a manner that in no way violates the rules or the spirit of the rules of the IHSAA.

Note: An accredited institution is one that grants credits that count toward a Baccalaureate Degree.

Rule 7. Enrollment eligibility shall be limited to eight semesters with the understanding that a student who enrolls in the ninth grade for the first time at the beginning of semester two may choose either his first or ninth semester for enrollment eligibility. A mid-year student who participates in any sport during his first semester becomes ineligible for all sports during his ninth semester.

Rule 8. Any student who has been enrolled more than fifteen (15) school days between September 1 and December 1 for four times, shall be ineligible for football.

Rule 9. Rule 14. Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have been enrolled, then enter the new school in the district in which their parents reside with residence eligibility in each school during enrollment therein.

A student who resides with his parents and attends high school in their residence district may remain as a student with eligibility in athletics in this high school even though his parents move to another school district, provided no undue influence is attached to the case in any way. (This rule is primarily to enable seniors to remain in the school in which they enrolled and remain eligible to compete in athletics when it is impractical for them to move with their parents.)

In every instance when the parents of an undersclassman move, the principal must inform the parents of the IHSAA rule and if the student remains in the school after his parents move from the school district, it shall be the duty of the principal to check before he is certified for athletic eligibility. The principal shall report the circumstances and reasons why he remained in the school district on the form furnished prepared for that purpose. This report shall be sent to the IHSAA Office and to the principal of the high school in the district to which the parents moved. A student is not eligible under this rule until his residence eligibility report has been reviewed by the IHSAA.

Rule 15. A student who, because of unavoidable circumstances such as the death of the parents or guardian, finds it necessary to change residence from one school district to another in order to have a home, may be declared eligible by the Board of Control, provided the principal of each member school files a statement, with supporting evidence, with the Board of Control as proof that the change was necessary and that no undue influence was attached to the case in any way. If any action of a legal agency is to be submitted as evidence of unavoidable change of residence such action should be taken prior to the student’s enrollment in the new school.

Rule 16. Change of residence as used in these rules shall mean a bona fide move about which there is no question. If the case is that of a change of residence of parents, the change shall be definite and complete.

Rule 17. Foreign exchange students and students of parents assigned to foreign countries may be considered for residence eligibility by the Board of Control.

Rule 18. A student who becomes ineligible under the rules of another state cannot remove that inequality by transferring to an Indiana high school. Note: Questions in this case kind are to be referred to the Board of Control.

D. Participation—

Rule 1. Any student of a member school who participates in an athletic contest as a member of any other similar team the same season, shall be ineligible to compete under these rules for the remainder of that season.

Rule 2. A student, who has played in one or more inter-scholastic games in any season shall be regarded as having engaged in athletics for that season. (See Exception, Rule 10, under “Enrollment.”)

Rule 4. A member school student who participates for demonstration purposes, or otherwise, in a coaching school or clinic outside the State of Indiana becomes ineligible for inter-scholastic athletics for a period of time as may be decided by the Board of Control.

E. Parents and Physicians’ Certificates—

Rule 1. Previous to a student’s first practice for any inter-scholastic athletic contest, he shall have on file in the Principal’s office for each school year, a Parent and Physician’s certificate of physical fitness, giving the written consent of the father, mother or guardian for such athletic participation. The physical examination shall be made prior to the student’s first practice for any inter-scholastic athletic contest by a physician licensed to practice medicine in Indiana.

Rule 2. Previous to the student’s first inter-school participation, the principal shall certify to the IHSAA that the certificates required herein are on file in his office.

Rule 3. A student properly certified to participate in inter-scholastic athletic activities, who is absent from school or who is physically unable to practice for five consecutive days due to illness or injury, must present to his principal a statement from a physician licensed to practice medicine in Indiana that he is again physically fit to participate in inter-scholastic athletics.

Rule 1. The use of undue influence by any person or persons to secure or to retain a student or to secure or to retain one or both of the parents or guardians of a student to be ineligible for high school athletics for a period subject to the determination of the Board of Control and shall jeopardize the standing of the high school in the IHSAA. By action of the Athletic Council and Board of Control this rule is interpreted to include any undue influence that may be exerted by anyone on a student who has not yet entered the ninth grade, to enroll in a school other than his home school or the one he ordinarily would be expected to attend or in a school where he and/or his parents previously had filed a choice of subject matter card or other written evidence of preliminary enrollment or registration.
G. Post Graduates—

Rule 1. Post graduates are not eligible but students graduating from regular courses of less than four years in length shall not be deemed post graduates.

I. Amateurism—

Rule 1. All contestants in the IHSAA must be amateurs.

Rule 2. Professionalism is defined in the IHSAA as accepting remuneration, directly or indirectly, for playing on athletic teams, for officiating in athletic games or for managing athletic teams; or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. Any member school student who directly or indirectly signs a professional contract loses his amateur standing and immediately becomes ineligible for all interschool high school sports.

Rule 3. A member school student shall be considered as violating his amateur standing if he participates in athletic activities, school, tryouts, practices and games held or sponsored by professional athletic organizations, clubs, or their representatives during the season of a sport or between the seasons of a sport. This rule applies to all sports except baseball during the summer vacation. (See Rule 4 following.)

Rule 4. A member school student shall not be considered as violating his amateur standing if he participates, during the summer vacation, in baseball schools and clinics sponsored by professional major and minor league baseball clubs.

Note—Any employee or school official of a member school who acts as an agent or encourages any negotiations between a high school student and representatives of Organized Baseball prior to the student’s graduation, is violating the Agreement between the National Federation and Organized Baseball. Such action on the part of any employee or school official may cause his school to be suspended from the IHSAA for a period of time to be determined by the Board of Control.

Any evidence that a representative of Organized Baseball is attempting to or has signed a student prior to graduation should be reported to the IHSAA at once. This is a violation of the Agreement between the National Federation and Organized Baseball, and the penalty for such action is under the jurisdiction of Organized Baseball.

Rule 5. Member school students may participate in independent golf tryouts, practices and meets during the summer vacation period without violating their amateur standing, provided they do not accept cash or merchandise prizes or the equivalent thereof. Medals or trophies may be accepted.

Rule 6. No member school student shall be eligible to participate in any interschool athletic competition according to the rules of the IHSAA unless he or any member of his family is in receipt of any remuneration, either directly or indirectly, to influence him or his family in any capacity in such athletic activities. Such a student shall, upon satisfactory evidence, submitted to the Board of Control, be suspended from membership in the IHSAA for a term of not less than one year. This rule shall not interfere with the right of high school pupils to work during vacation or during out of school hours in order to earn their way through high school. It shall apply to the use of any funds created by gift or by subscription with the intent of offering them or parts of them for the free use of the player or any member of his family as an inducement to get them to change their residence to the district of the said school and to maintain residence therein.

Rule 7. Reinstatement of Amateur: A member school student, who has violated his amateur standing according to the rules of the IHSAA may apply to the Board of Control for reinstatement as an amateur in the association one calendar year after the date he was declared ineligible on account of the violation, provided he has been in school throughout the year.

Rule 2. Inform the IHSAA office definitely by giving the name of the student, the cause of ineligibility, the list and secrea of contests in which the pupil participated when ineligible, how the error was made and other particulars about the case.

e. Schools having junior membership may not compete with schools who do not hold membership in the IHSAA, if such schools are eligible for membership.

f. A ninth grade student who is eligible in a school having junior membership may compete on either his team or the senior high school team of his district, but not both. A student who is advanced to the high school team in one sport may not return to his school team in that sport.

(Note: It is strongly recommended that ninth grade students in schools holding junior memberships participate only on their teams.)

g. A ninth grade student may not participate in a contest with or against a student enrolled in a grade lower than the ninth.

h. The principal in a school holding membership is responsible to the IHSAA for the conduct of athletics in that school.

i. It is strongly recommended that the spirit and philosophy of the rules and the regulations of the IHSAA be followed by schools in conducting their athletic program for students below the ninth grade.

DIVISION VI

PRIZES AND AWARDS

Rule 1. The giving and receiving of awards and medals shall:
(a) be kept within reasonable bounds; (b) have symbolic value only, and (c) be done by and with the consent and under the supervision of the member school principals concerned.

Note—The giving and receiving of awards by and with the consent and under the supervision of the member school principals concerned shall mean that the member school principal in each school shall have real control and supervision without pressure of any kind from outside persons or groups of persons.

Rule 2. Only one sweater, jersey, jacket, blanket or similar article may be given in each sport to a high school student for participation in athletics in each high school in which he may be enrolled.

Rule 3. Awards such as a trophy, metal football, metal basketball, metal track shoe or similar article of symbolic value only may be given in addition to the one award permitted in Rule 2, provided the cost of the award shall not be more than the cost of the award in Rule 2.

Note—The word "symbolic" shall be understood to refer to a symbol, an emblem, or a token rather than to an article having intrinsic value. A diamond ring, a gold watch, an automobile or similar awards do not fall under the term "symbolic" even if the award is duly inscribed. An inscription cannot validate such awards in the IHSAA.
Rule 4. Schools belonging to athletic conferences, or participating in tournneys and meets under the rules of the IHSAA, except in the championship series conducted by the IHSAA, may make awards to the winning school or winning participants, provided such awards are made within the bounds of Rules 1, 2 and 3.

Rule 5. Suitable awards may be accepted by schools and/or students from such local organizations as: service clubs, patriotic organizations, civic groups, dad's and mothers' clubs, and the sports department of a newspaper or radio station. No awards should be accepted which, in any way, advertise any firm or individual so far as commercial or business interests are concerned.

Rule 6. The Board of Control shall have the authority to designate, give and control the medals and trophies to be awarded to the schools and to the individuals on state championship teams in any sport, with the understanding that these be kept within the bounds of Rules 1, 2 and 3.

Rule 7. Awards, medals, recognitions, gifts, trips and honors shall not be accepted by players or schools from colleges, universities and higher institutions of learning or their alumni. High school athletes should be permitted to complete their high school careers without being molested by outside sources. The acceptance of travel expenses either directly or indirectly from a college as a prospective student-athlete shall be considered a violation of this rule.

Rule 8. No member school or student shall accept a championship award unless the championship has been determined by the IHSAA or its member schools. No award of any type shall be accepted from any outside organization designating athletes as having "All-state" or "All-America" status.

Rule 9. Athletic equipment is considered as merchandise. Any student who attempts to evade the rule by "purchasing" a merchandise prize for a nominal or token sum will be considered as having forfeited his amateur standing in the IHSAA.

Rule 10. Penalties for violations of the above rule will be determined by the Board of Control after all the evidence and circumstances have been considered.

QUESTIONS AND ANSWERS REGARDING THE RULES, REGULATIONS, INTERPRETATIONS AND STANDARDS OF THE IHSAA

In order that the rules and regulations of the IHSAA may be as clear as possible, it has been thought advisable to print for general distribution these questions and answers. The correspondence of the IHSAA has been gone over carefully and has furnished these questions and answers almost entirely. The questions are real ones, as they have been asked by high school principals, coaches, superintendents, teachers, school board members and others who are in control or manage athletics in their respective schools and communities. The answers have been given according to the rules of the Association and the Interpretations of the several Boards of Control. It is hoped that these statements will clarify our rules and regulations, as well as establish working ideals and policies for the IHSAA.

18. Q. Do a high school student violate the rules of the IHSAA by playing independent baseball or softball during the summer?
   A. High school students may play independent baseball or softball during the summer months when school is not in session without jeopardizing their standing in high school, provided they do not accept remuneration, directly or indirectly, and also provided they do not play under assumed names. 19. Q. Is a student, who plays on an independent baseball or softball team during semester one, ineligible for high school baseball or softball during semester two?

BASEBALL AND SOFTBALL

The following statements have been authorized by the Board of Control:

a. High school students may play on independent baseball teams during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA provided they do not play under assumed names and also provided they do not accept remuneration, directly or indirectly, for their playing. (For information concerning the participation of high school students in schools and clinics sponsored by Organized Baseball, see Division V, Rule 4 under "Amateurism."

b. Reasonable meals, lodging and transportation may be accepted by the students if such are accepted in service rather than in money or in some other material form. The IHSAA expects all high school students to so conduct themselves at all times that, their high school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

da. High school students, who play on baseball teams other than their high school teams during the school year, make themselves ineligible for baseball in high school in that school year.

e. High school students, who play on baseball teams other than their high school teams during the school year, must have written permission of their high school principal on file in the principal's office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the high school principal. See Note. 

f. The IHSAA considers that a member school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the high school principal in each case. See Note.

Note: Permission granted by a principal to a boy to play baseball on a team other than his school team during the school year makes the boy ineligible for the school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the principal informed about his students.

BASKETBALL PLAYING

1. Q. When may students practice basketball within the school?
A. Organized or formal practices in basketball by players or teams may be held within the school from the period beginning October 1 and ending on the date of the State Final Championship Basketball Tourney each school year.
9. Q. When does the basketball season begin and end for teams and individuals?
   A. See Division III, IHSAA By-Laws.

10. Q. May member school players and teams play independent basketball in the interim between the sectional tourneys and the final tourney if the season in the school is closed?
    A. No, such playing would constitute a violation.

11. Q. May more games than are allowed under the game limitation be played by a team by juggling the players on the teams?
    A. No, the game limitation requirement holds for teams.

12. Q. May an “A” team or “first” team be designated as “B” team and thus evade the rule?
    A. No, the wording of the rule and the spirit of the rule are clear and binding.

13. Q. Are vocational, agricultural and similar teams and players bound by the rules and regulations of the IHSAA?
    A. Yes, all member school teams and players are subject to these rules and regulations. The member school principal is responsible for all players and teams representing the high school in any way.

14. Q. May the same player be used in more than one basketball game during the same evening or in the same half day (morning or afternoon session)?
    A. Yes, but players are limited to only four quarters in any one session.

3. Q. Are “paid” coaches permitted in the IHSAA?
   A. No, any remuneration received by a coach must come from the school trustee or the school board from school money and not from other sources.

CONTRACTS

1. Q. May a member school cancel a contract for an official or game without making settlement?
   A. No contracts are binding and a settlement by mutual consent or according to the stipulations of the contract must be made.

2. Q. Is there any penalty for the cancellation of a contract by an official?
   A. The IHSAA expects all approved officials to abide by their contracts and will handle on its merits any case of violation by the school or official.

3. Q. If contracts specify that first teams shall participate, can second teams be used?
   A. No, it is recommended that contracts specify the ranking of the teams.

4. Q. If game contracts do not clearly specify the ranking of the teams what ranking is understood as binding?
   A. First team ranking.
5. Q. How may member school principals secure blank contracts for games and officials?
A. By writing to the Commissioner.

ENROLLMENT
(See Undue Influence Rule. It Takes Precedence.)

1. Q. What is a five-year man?
A. Students who have been enrolled in high school for more than fifteen (15) school days between September 1 and December 1, or between December 1 and March 1, or between March 1 and June 1, for four times are ineligible respectively for football, basketball, wrestling and spring athletics, with the following exceptions:
A student who enters high school for the first time at the beginning of semester II of any school year, may be enrolled four times of fifteen (15) or more school days each between December 1 and March 1 following this first semester of his enrollment, and he may be eligible for fall sports for these four seasons provided he does not play in any game during his first semester of enrollment. A student, who enters high school for the first time the beginning of semester II, may be enrolled four times of fifteen (15) or more school days each between March 1 and June 1 following this first semester of enrollment, and he may be eligible in spring athletics for these four seasons, provided he does not participate in spring athletics during his first semester of enrollment. Participation in a sport in a school year counts as participation in that sport for one school year.

2. Q. May a student, who has been in high school four full years, but who has not participated in any athletics, participate in athletics?
A. No, enrollment rather than participation is the determining factor in such cases.

3. Q. Which is the determining factor in eligibility—enrollment or participation?
A. Either one may cause ineligibility. Both are factors and must be considered.

4. Q. If a student changes high schools, when is he eligible?
A. He is just as eligible in the new school as he was in the old school, provided his parents actually, legitimately and correspondingly change their place of residence to the new school district and provided the student changes high schools at that time. Students, who parents change their place of residence during a semester, may complete the semester in the school in which they have enrolled. If the parents do not actually change their place of residence to the new school district, the student will be eligible after they have been enrolled one calendar year in the new school, provided no undue influence is used by any person to secure them as students or their parents as residents. See "undue influence" rule.

5. Q. What is considered enrollment in a semester?
A. Attendance for any length of time, or enrollment that may be considered attendance for any length of time. (See exceptions under "Enrollment" Division V, IHSAA By-Laws.)

6. Q. When are students, who finish the work given in one member school, eligible in another school?
A. Students finishing the work in a member school giving less than four years of high school work are just as eligible in a new school as they were in the old school. Students who complete the ninth grade in a junior high school in a school corporation that also maintains a senior high school are not considered eligible if they enroll in a high school outside their regular high school district.

7. Q. What is a semester?
A. One-half of a school year constitutes a semester in the IHSAA and parts of two semesters or a part of one semester does not make a semester.

8. Q. Does the fifteen (15) day enrollment requirement mean school or calendar days?
A. School days.

9. Q. If a student fails in all subjects for a semester does his enrollment count as a semester?
A. Yes, enrollment is enrollment and always counts as such.

10. Q. Is a student, who has been out of high school for a semester or more and who has played independent ball during that time, eligible when he enters school at the beginning of a semester?
A. Yes, unless he violated his amateur standing in some way by playing on the independent team and provided he is eligible in all other ways.

* * *

11.

Q. Are legal guardians considered as parents in the IHSAA?

A. Legal guardians may be considered as parents if the guardianship papers issued by an authorized court are submitted and approved, and if the student has been living with the guardian. The Board of Control reserves the right to check and act on the circumstances of a guardianship at all times.

* * *

12.

Q. If a student transfers from a member school located in one city or school district to a school in another city or school district, how is his eligibility determined?

A. By applying the requirements of the change of high school rule in the IHSAA Constitution and By-Laws.

Following are some statements which will help to clarify the “Change of Residence Rule”:

1. Under normal circumstances, a student usually attends high school in the district where his parents reside.

2. If the parents move to another school district, the student is eligible as follows: (a) if he changes schools at the same time parents change residence, (b) if parents change during a semester, the student may change at the end of that semester but no later and (c) student need not change schools at all, provided no undue influence is used to retain him there. A student not transferring who is an underclassman is not eligible until a “Residence Eligibility After Parents Change District” form has been reviewed by the IHSAA.

3. A student who changes schools without a corresponding change of residence by the parents is ineligible for one calendar year—but if the parents actually change their residence to the new district within the year, the student becomes eligible immediately.

4. If a student attends a school outside his home school district and subsequently returns to his home school, he is ineligible for one calendar year. This also includes military, private, and religious schools which offer work on the secondary school level.

5. A student who changes schools because of unavoidable circumstances such as the death of a parent or guardian may be declared eligible by the Board of Control, provided the principal of each school concerned signs a statement that the change was unavoidable, in order that the student have a home. Each case is checked carefully before a decision is made by the Board of Control.

6. If a student changes schools because of an action by a legal agency taken before the change is made, a copy of such legal action may be filed with the IHSAA in connection with proof that the change of schools was unavoidable.

* * *

7. A student, whose parents are separated or divorced and reside in separate school districts, may choose residence with either parent with residence eligibility. Once his place of residence has been determined, either by order of the court, or mutual agreement of the parents, he cannot change residence to the home of the other parent without losing eligibility for one calendar year.

8. A student who has been enrolled in Indiana Boys' School may return to his home school with the same residence eligibility as when he left. Credits earned in the state school are considered the same as those earned in any other high school so far as eligibility is concerned.

9. It is the duty of the principal to check carefully the record of every student who transfers from another school. The principal should also advise the students who contemplate making a change of schools as to the rules of eligibility regarding change of residence.

10. No student who has transferred from another school is eligible until the principal has on file an IHSAA Athletic Transfer Certificate.

GAME

1.

Q. What is considered a game of basketball?

A. A game of any kind in the IHSAA is an “inter” contest as distinguished from an “intra” contest. An “inter” scrimmage is a game.

* * *

2.

Q. May a member school of the IHSAA schedule and play single games with teams and schools in Indiana not members of the IHSAA?

A. Yes, provided these teams and schools are not schools eligible for membership and also provided the members of the IHSAA observe all of the rules of the IHSAA. There should be no high school students on the non-member teams, except school teams not eligible for membership.

* * *

3.

Q. What is the difference between a preliminary game and a regular game?

A. There is no difference as far as the IHSAA is concerned, as the same rules and regulations govern.

* * *

4.

Q. If a “practice” game of basketball is played is it to be counted as one of the eighteen games on the regular schedule?

A. Inter-“practice” games are regular games and must be counted as such. Intra-“practice” games are not counted as regular games. In fact, there are no such things as practice games in the IHSAA. There are practice games within the school only.
5. Q. Does the omission of an admission charge make any difference as to the designation of a contest as a game?
   A. No, games are "inter"-contests or "inter"-scrimmages with or without admission charges.

6. Q. Is an alumni game considered a game?
   A. Yes, such must be counted as one of the games permitted on the regular schedule.

7. Q. What is considered an "inter" game or an "inter-scrimmage"?
   A. Participation of students in an athletic contest with or against players not belonging to their school constitutes a game. A "scrimmage" or practice by students with or against teams or players not belonging to their school is considered a game.

8. Q. What date marks the end of the football season?
   A. November 30 of each year.

9. Q. May football practices be held any time during the school year?
   A. No, organized or formal football practices must be limited to the period beginning August 15 and ending November 30 of each school year.

10. Q. May a member school of the IHSAA schedule and play single games with high schools of other states?
    A. Yes, provided the high schools of these other states, if eligible for membership, are members in good standing in their state high school athletic associations. The principal is obligated to check this matter carefully.

11. Q. May practice periods in one school be counted as such in another school where a student changes schools?

    A. Football, basketball, track, cross country, swimming, wrestling and gymnastics.

14. Q. Is a game between the faculty members and the member school students of a member school considered an intra-mural game or interschool game?
    A. Intra-mural game.

15. Q. Is a game between the alumni and the high school students considered an intra-mural game or an inter-school game?
    A. Inter-school game.

16. Q. Are "Donkey Basketball," "Skrubball," "Skateball" or other similar games considered basketball in the IHSAA?
    A. Yes, and all IHSAA rules are binding.

17. Q. May member schools participate in meets and tournaments, in Indiana or in other states, in which more than two schools are entered, if one or more of these schools are non-members of their own state high school athletic association?
    A. No.

18. Q. May students participate in inter-school contests after their school is closed?
    A. Due to the great variation of time in which member schools close in the spring, (a) students may represent their schools in meets and tournaments sponsored by the IHSAA; (b) they may participate in scheduled contests where one of the two schools is still in session; (c) they may participate in a contest where both schools are closed, provided it was a regularly scheduled contest that was postponed because of weather conditions; and (d) graduating seniors may participate in contests according to the above conditions, even though they may have received their diplomas.

GIRLS' ATHLETICS
INDIANA LEAGUE OF HIGH SCHOOL GIRLS' ATHLETIC ASSOCIATIONS

Purpose:
Many girls in high school are interested in a more extensive program of physical education than can be provided in the regular physical education classes. This desire for a more extensive physical
education program has led many high schools to organize some type of girls' athletic association. In 1931 the Indiana League of High School Girls' Athletic Associations was formed, with the purpose of stimulating the co-curricular phase of the high school girls' physical education program. Membership in the League is open to any high school in the state of Indiana. The League has the endorsement of the Indiana High School Athletic Association and the Division of Health and Physical Education of the Indiana State Board of Health.

The State League offers much to both physical education teachers and students. It provides opportunities for sponsors and students to exchange ideas, share problems, receive encouragement, and engage in a variety of learning activities. The enthusiasm generated through the enjoyment of learning and doing things with people of like interests is one of the main reasons the League is steadily growing.

—Activities—

Each organization carries on its own program of varied activities for which points are given. The purpose of awarding points is to encourage regularity of attendance and to furnish a uniform basis for awards, if a school desires to use awards. The Sponsor's Handbook explains the suggested point system.

The State League sponsors activities on both a state and a district basis. Each spring the League, with the co-operation of a state college or university physical education department as host, sponsors a Wall Plaque Winners' playday. Attending this playday is perhaps as great an honor as winning the wall plaque, for here outstanding girls from all over Indiana come together for a day of fun and sport. Each fall the League sponsors a State Leadership Camp—training girls and inspiring both girls and sponsors to be better leaders in their organizations, schools and communities. District activities include dance days, playdays, basketball clinics, and weekend camps—usually two or three such activities each year.

c. Schools with preparatory memberships may participate in tourneys and meets in accordance with the membership regulations in Article II, Section 2 of the IHSAA Constitution.

d. Schools having preparatory memberships in the IHSAA may not use students below the ninth grade on their athletic teams in interscholastic games.

f. The principal in a school holding membership is responsible to the IHSAA for the conduct of athletics in that school.

Note: Schools holding preparatory memberships are subject to all rules and regulations of the IHSAA with the modifications given above.

MISCELLANEOUS

1. Q. May a member school schedule and play games during the week?
   A. The IHSAA has no ruling in regard to this matter, but recommends that mid-week games not be scheduled or played except in emergencies.

2. Q. May schools hold or sanction Sunday practices?
   A. No. (See Division III, IHSAA By-Laws.)

3. Q. May students, who are ineligible for the first team, play on teams of lower ranking?
   A. No, ineligibility for one team means the same for all teams.

4. Q. Is a Parents and Physicians' Certificate required of a student each school year prior to his first practice for any interscholastic athletic contest?
   A. Yes, this one certificate will satisfy the requirement of the rule for the school year in all interscholastic athletic contests except a student who is absent from school or who is physically unable to practice for five consecutive days due to illness or injury must present to his principal a statement from a physician licensed to practice medicine in Indiana that he is again physically fit to participate in interscholastic athletics.

5. Q. Does the IHSAA stipulate any price for tickets to other than tourneys and meets held strictly under the supervision of the Board of Control?
   A. No, other than a recommendation that reasonable prices be made at all times for all games.

6. Q. Is a student, who is expelled from school one semester, eligible for the following semester?
   A. The IHSAA has no jurisdiction unless its rules and regulations are broken. Expulsion and suspension from school are usually not athletic matters at all. All rules of the IHSAA are binding on a student under expulsion or suspension. See conduct rule, scholarship rule and enrollment rule.

7. Q. May a member school support a grade team in the same school system out of its athletic funds?
   A. Yes, so far as the IHSAA is concerned.

8. Q. May two or more member schools combine to form one athletic team?
   A. No, this is not permitted under any conditions, unless they legally consolidate and become one school.

9. Q. Does the IHSAA have a rule regarding the use of tobacco?
   A. No, this should be handled by local school officials.

10. Q. May the rules of a school be changed or special examinations be given in order to make students eligible?

11. Q. Does wrestling come under the rules of the IHSAA?
    A. Yes, all "inter" athletic participation comes under the IHSAA.

12. Q. May schools belonging to the IHSAA take part in track meets or tourney games outside of Indiana?
    A. All games, meets, tourneys and interscholastic athletic activities participated in by the high schools belonging to the IHSAA...
must be held under the direct supervision, management and auspices of the member high schools concerned, or under the IHSAA. Interstate basketball tournneys are forbidden by the National Federation to which Indiana belongs.

13. Q. This question is often asked: “What will be the penalty for violation of such and such a rule?”
A. Penalties in the IHSAA are not assigned in advance, as this democratic organization is built on the idea that the observance of its rules and regulations is more to be desired than the enforcement of them. The IHSAA believes that the essence of proper and willing observance is higher than enforcement and that we should resort to enforcement only when observance fails.

14. Q. What is considered the school year?
A. A school year covers all time from the first day to the last day of the school year, including vacations. The IHSAA considers the first day of school to be the day that attendance is counted and teachers are paid.

15. Q. Are tourney schedules drawn or arranged?
A. All tourney schedules in the IHSAA are drawn by lot by the Board of Control.

16. Q. Does the Commissioner or the Assistant Commissioner have a vote in the Board of Control and in the Athletic Council?

10. Free rent or reduced rent for parents.
11. Offer or payment of moving expenses of parents.
12. Any inducement to get parents or students to change residence for athletic reasons.

29.
Q. Why should a school be penalized because some person outside of school uses undue influence?
A. Usually a school is not penalized unless it is involved or uses the student in question in athletics. In the second place, the results are the same whether some person in school or some person outside of school uses undue influence: An athlete that has been retained or secured through the use of undue influence and the school that uses such an athlete on teams in inter-school athletic competition profits by the use of undue influence.

30.
Q. Is it the duty of the IHSAA to prove that undue influence has been used?
A. No, the member school principal has agreed to conduct his athletic activities according to the rules and regulations of the IHSAA. When there is a question, it is the duty of the high school principal to meet the question. He cannot certify that his students are eligible unless he knows that they are eligible.

31.
Q. Are all students, who attend school outside the school district in which their parents live, required to present legal transfers or pay the regular tuition?
A. Check this matter with the Fiscal Officer of the State Department of Public Instruction. The report on aggregate attendance calls for definite information about transfers and tuition cases.
Q. Is it necessary for a member school to meet and maintain the policies, regulations and standards for the accreditation and classification of schools in Indiana in order to be a member of the IHSAA?
A. Yes.

PARTICIPATION

1. Q. May a student play on any team other than a member school team?
A. A student becomes ineligible in his school for the entire season of that sport in which he participates as a member of any team other than his school team. There is an additional penalty for participation out of season as set out in the rules regarding football, wrestling and basketball.

2. Q. What is considered participation in a sport for a season?
A. Playing in a part of one game or contest in a sport constitutes participation in that sport for that season. (See exception, Division V, under "enrollment.")

3. Q. May member schools play against College, Y. M. C. A. and independent teams?
A. Yes, in single games, but not in tourneys, meets and leagues. In single games the member schools must obey all of the rules of the IHSAA and there must not be any high school students on the opposing teams.

4. Q. May a student who plays on an independent team be permitted to participate in intra-mural athletics?
A. Yes, IHSAA rules and regulations govern inter-school athletics only.

PRIZES AND AWARDS

1. Q. Is a member school permitted to give sweaters to athletes?
A. Yes, the IHSAA recommends that the giving of prizes, gifts, sweaters, etc., be kept within reasonable bounds at all times and that such as are given have a symbolic value only. No more than one sweater, jacket or blanket in each major sport may be given to a high school student for participation in high school for the entire four years.

2. Q. May a boy be awarded a second sweater in the same sport if he transfers to another high school?

A. Yes, such may be given if sanctioned and administered by the school principal.

4. Q. What gifts, awards and prizes may athletes receive?
A. The IHSAA requires that the giving of awards, prizes, medals, etc., be kept on a reasonable basis at all times and that such as are given have a symbolic value only and be given by and with the consent of the school authorities.

5. Q. What are the regulations regarding prizes and awards made to member school students by organizations outside the school?
A. 1. Donors should be checked carefully regarding attitudes, purposes and types of business.
2. Recipients should be selected by committees on which the principal and school authorities hold the balance of power.
3. All prizes and awards should be limited in number and confined to those reasonable in price and having symbolic value only. Cash or merchandise prizes or awards are not permitted. Awards or prizes of any kind which may be construed as advertising for any individual or firm are not permitted.
4. Purposes should be critically studied so that commercial interests, proselyting interests and interests foreign to good school procedure may be eliminated.
5. Principals shall be expected to know and to execute the rules, regulations and policies to the best of their ability according to their wording and spirit since the giving and receiving of awards shall be done by and with the consent and under the supervision of the principal in each member school.
6. No awards should be made by a "secret committee" of any outside organization, without the knowledge and consent of the high school principal as to the recipient.

6. Q. Is it a violation for a student to compete in an athletic event in which prizes such as merchandise, merchandise certificates, bonds, stamps, cash or articles having intrinsic value are given?
A. Yes, the violation consists in the participation in such events regardless of whether or not the prizes are won, accepted, refused or
PROFESSIONALISM

1.
Q. What constitutes professionalism in the IHSAA?
A. Accepting remuneration, directly or indirectly, for playing on athletic teams, officiating in athletic games or managing athletic teams, or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. (See Division V under Amateurism in the IHSAA By-Laws.)

2.
Q. If a student violates his amateur standing in one sport does he become ineligible for all sports?
A. Yes, a professional in one sport is ineligible for all sports.

3.
Q. Does a student become ineligible in all sports if he plays on a team other than his school team in one sport?
A. No, a student becomes ineligible only in the sport in which he participates as a member of a team other than his school team, unless he violates his amateur standing or some general rule of the association and then he becomes ineligible in all sports. Playing basketball out of season makes a student ineligible for all sports until the date of the State Final Tourney of the following year. Playing football out of season makes the student ineligible for all sports until the following November 30. Wrestling out of season makes the student ineligible for all sports until the date of the State Final Wrestling Tourney of the following year.

4.
Q. Are member school students permitted to play on teams that split the gate receipts among the players including the high school students?
A. No, this would be considered professionalism.

5.
Q. Does a student who receives money for his services as a lifeguard or as a caddie jeopardize his eligibility status in high school?
A. No, provided he merely receives reasonable and legitimate wages for services actually rendered.

RESPONSIBILITY

1.
Q. Who is the responsible party in IHSAA athletics?
A. In the execution of its powers and duties, as designated and authorized in the Constitution of the Indiana High School Athletic Association, the Board of Control presumes that the principal of each member school voluntarily taking out a membership in the IHSAA has secured the consent of his superiors, the administrative head or heads of the school system, to take out said membership and that he, the principal, is the administrative head not only in name but in fact of the interschool athletic activities of the school and of the students in the school.

Wherever and whenever in the IHSAA membership the conditions are found to be such that the school principal is not the administrative head in name and in fact of the interschool athletic activities of the school and of the students in the school, the Board of Control will consider that the member school has broken its agreement with the IHSAA and has in fact removed itself from the membership in the Association.

The IHSAA Board of Control will assess at its discretion, after a careful investigation has been made, the penalties deemed necessary in all cases in which it is found that the member school principal is not the administrative head, in name and in fact, of the inter-
school athletic activities of the school and of the students in the school. The proof that the member school principal is the administrative head, in name and in fact, of the inter-school athletic activities of the school and of the students in the school shall rest in all cases with the school officials concerned.

2. Q. Who is the proper official to sign contracts for games?
   A. The member school principal always. This authority should not be delegated. IHSAA contracts (forms A and B) call for the signature of the principal.

3. Q. Who may manage a member school team?
   A. A member school principal or teacher authorized by him. Student management is not permitted.

SCHOLARSHIP

1. Q. May back work be made up and counted toward eligibility?
   A. Yes. Back work cannot be made up however, during a grading period or semester for eligibility during that grading period or semester. Special privileges should not be granted to athletes. (See Summer School Work.)

2. Q. Would a student, declared ineligible by one principal, be ineligible under another principal?
   A. Yes, if the student is ineligible according to the rules of the IHSAA. The IHSAA has no jurisdiction unless its rules are violated.

3. Q. May a student, who receives his high school diploma, be eligible afterwards?
   A. No, the granting and acceptance of a high school diploma makes the student a high school graduate. (See exception under "Games" Question and Answer No. 18.)

4. Q. May an ineligible student practice with the regular team?
   A. Yes at home in regular practice, but ineligible students should not appear in athletic uniforms at games.

5. Q. Does the IHSAA have a passing mark for scholarship?
   A. No, the passing marks of the schools are usually honored, but the Board of Control reserves the right to check the validity of grades and credits and to act on their findings.

6. Q. Who is a post-graduate?
   A. A post-graduate is a student who has finished his high school work and has received his high school diploma. Students who have completed sufficient work to receive a diploma, but who continue in school until commencement, must be considered eligible or ineligible according to all other rules of eligibility, such as age, time in school, participation, work carried, etc.

7. Q. To determine eligibility, what constitutes the last semester?
   A. The last semester for any student is the last semester in which the student was enrolled in any school for any length of time after the first fifteen (15) school days.

8. Q. At the end of the second grading period in a semester, is a student eligible if he makes passing grades in four regular high school subjects for this period?
   A. In order to be eligible at the end of any grading period in a semester, a student must have passed in four regular high school subjects for the current grading period and his average grade in each of four regular high school subjects for all of the grading periods in that semester must be passing. A student must MAINTAIN his work in order to be eligible—weekly, by grading periods and by the semester.

9. Q. Is a "condition" or an "incomplete" considered a "pass" in the IHSAA?
   A. No, the IHSAA considers a "pass" to mean that all work has been done and has been made a matter of final record in the principal's office, at the end of the grading period or semester.

10. Q. Is a student, who carries three regular high school subjects and one or more eighth grade subjects, considered a high school student?
    A. Yes, a student who carries fifteen hours of regular high school work is a high school student, providing such a student has been promoted to high school in the regular way. Such a student would be considered enrolled in high school, but would not be eligible because of insufficient subject matter. (See Division V, Section B.)
11. Q. Is a student, who has made sufficient credits to graduate at the end of semester one, eligible for athletics during semester two?
   A. Yes, provided he is eligible in all other respects and does not actually graduate at the end of semester one. Such a student must carry regular work during semester two.

12. Q. Are the same standards of eligibility required for intra-school games as for inter-school games?
   A. No, the IHSAA has no such requirements.

13. Q. Is a student, who has been ineligible for a semester on account of scholarship, eligible for the night of the last day of the semester?
   A. Yes, provided he has passed in four regular high school subjects and his credits have been made a matter of final record in the principal’s office prior to the contest.

14. Q. What constitutes scholarship eligibility?
   A. In order to be eligible for a current semester a student must have passed in four regular high school subjects in his last semester of enrollment in any high school and he must be maintaining a similar amount of work for the current semester. This statement for semesters holds good for grading periods of the semester also.

15. Q. Are any special regulations in force pertaining to discharged veterans?
   A. By action of the Athletic Council, May 23, 1947, all IHSAA special regulations concerning discharged veterans were discontinued.

16. Q. If a student misses school for a few weeks in order to work is he eligible during this time and when he returns?
   A. This is a school problem and must be answered by the consideration whether regular school work to the extent of twenty hours is being maintained or not. Usually students who miss school are not passing in their school work.

17. Q. If a student becomes ineligible on account of scholarship at the end of a semester, does this make him ineligible for one whole semester afterwards?
   A. Yes.

18. Q. If a student becomes ineligible at the end of a grading period in a semester when can he become eligible?
   A. At the end of the next regular grading period in that semester, provided he passes in four regular high school subjects during the period and also provided his average in each subject for all grading periods of the semester is passing in a similar amount of work.

19. Q. When is a student, who intends to enter high school, eligible?
   A. When he actually enrolls, provided all other requirements have been met.

20. Q. If a student becomes ineligible on Friday at the end of a grading period is he eligible for that night?
   A. No, a student is ineligible whenever he becomes ineligible.

21. Q. When is a student maintaining his work during a semester?
   A. When he is passing in four regular high school subjects during the current week, the current grading period, the last grading period and for all grading periods of the semester according to averages.

22. Q. If a student fails to pass in four regular high school subjects during the last grading period of a semester but earns credits in four regular high school subjects for the semester, will he be eligible at the beginning of the first grading period of the next semester?
   A. Yes, the books are considered closed at the end of the semester.

23. Q. If a student passes in four regular high school subjects during the last grading period of a semester but fails to earn credits in four regular high school subjects for the semester, will he be eligible at all for the next semester?
   A. No.
Q. How long may a student be enrolled in a semester then drop out without the semester being counted under the Scholarship Rule?

A. Within the first fifteen (15) school days of the semester, provided he was eligible when he withdrew.

26.

Q. If a student is passing in four regular high school subjects when he drops out during a semester, may he be considered eligible under the Scholarship Rule at the beginning of his succeeding semester of enrollment?

A. No, such a student would not meet the requirement of passing in four regular high school subjects throughout the last semester of enrollment. (See exception, under "Enrollment.")

27.

Q. May a credit in "Physical Fitness" be counted toward eligibility in athletics?

A. Division V, under "Scholarship" in the IHSAA By-Laws specifically excludes "physical training" as a subject to count toward eligibility in athletics. The Board of Control has ruled that "Physical Fitness" comes under the term "physical training" as used in this Division.

SUMMER SCHOOL WORK

1.

Q. Does summer school work in a school other than his home school jeopardize the standing of a student?

A. No, provided the work is accepted by State Department of Education and the home school authorities recognize the work of a non-home school for credit. In fact, the IHSAA recommends summer school work of an approved type for students needing credits.

2.

Q. If a student fails to pass in four regular high school subjects during semester two, may he count work done in summer school toward eligibility?

AUDITED STATEMENT OF CASH RECEIPTS
AND DISBURSEMENTS
AND OTHER FINANCIAL INFORMATION
THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION
INDIANAPOLIS, INDIANA
June 30, 1968

Board of Control
The Indiana High School
Athletic Association
Indianapolis, Indiana

We have examined the statement of cash receipts and disburse-
ments of The Indiana High School Athletic Association for the year
ended June 30, 1968, and the statement of securities owned at June
30, 1968. Our examination was made in accordance with generally
accepted auditing standards, and accordingly included such tests of
the accounting records and such other auditing procedures as we
considered necessary in the circumstances.

We reconciled the balance of cash on deposit at June 30, 1968, with
the amount reported directly to us by the American Fletcher National
Bank and Trust Company, Indianapolis, Indiana. Our examination
included reconciliation of recorded cash receipts for the year with
deposits as evidenced by bank statements on file. Canceled checks
returned by the bank were compared with the record of cash dis-
bursements and the cash disbursements were supported by exami-
nation of invoices, expense reports, and other data. Securities owned
by the Association at June 30, 1968, were inspected.

In our opinion, the accompanying statements of cash receipts and
disbursements and securities owned present fairly the recorded cash
transactions of The Indiana High School Athletic Association for the
year ended June 30, 1968, and the securities owned by the Association
at June 30, 1968.

In 1967, four hundred seventeen junior and senior high schools participated in the football program. All members are now participating in eleven-man football.

Gary Wirt, Plymouth and Jasper repeated as outright champions of the Calumet, Northern Lakes, Southern Indiana, B Division, conferences respectively. Indianapolis Chatard and Southwestern (LaPorte) who were co-champions of the Capital and Mid-Central Conferences respectively in 1966 won the outright championships in 1967. Aurora, champion of the Eastern Conference in 1966, was co-champion with Lawrenceburg this year.

Unseeded (9-0), Richmond (10-0), South Bend Washington (8-0-1), Jeffersonville (8-0-2) and Terre Haute Gerstmeyer (8-0-1) were undefeated in their conference play.

Four non-conference teams, Mishawaka Marian, Attica, North Central (Indianapolis) and Springs Valley, all had perfect 10-0 records.

Also undefeated was Concord High School with a 9-0 record. Bosse of Evansville with a 6-0-3 record was undefeated, but tied three times.

Several new conferences have been formed. The winners of all the known conferences are listed on page 1967-68.

Prior to the opening game of the season, many schools play in a football jamboree. This event seems to be very popular.

The IHSAA does not sponsor a series of games to determine a champion, but each year honors conference champions by carrying their pictures in the Handbook. If a print was submitted, these team pictures may be found following the list of schools participating in the sport. Also included are non-conference teams with undefeated records.

CROSS COUNTRY

Sectional meet interest is still growing. A total of 338 schools participated in the 16 sectional meets. This was an increase of 78 over the previous year. A total of 4177 individuals were represented in the overall cross country program.

The first three teams and five individuals from each sectional advanced to the four regionals. The same winners from each of the regionals advanced to the state final meet which, due to inclement weather, was held at Riverside Park, instead of the South Grove Golf Course in Indianapolis. Twelve teams and eleven individuals qualified for the state final meet. A total of eighty-three boys participated.

The regional champion at Bloomington was Bloomington High School. At Fort Wayne, Tipton High School was the winner, Crown Point High School won at La Porte and North Central High School (Indpls.) was the winner at New Castle.

Well-balanced Muncie Central High School added its third state cross country title in this, the 21st annual cross country meet. Even though they did not place a runner in the first seven finishers, they captured the championship with a total of 55 points. North Central High School (Indianapolis) was the runner-up with 100 points. In third place was Southport High School with 104 points. Fort Wayne Elmhurst High School was fourth with 112 points, and Tipton High School placed fifth with a total of 124 points.

Regino Espitia of Highland High School fought off a determined bid by Mark Bir of Lafayette Central Catholic High School for individual honors. The champion time was 9:37.5 which was very good considering the weather conditions.

Trailing Espitia and Bir in third place was Robert Seals of South Bend Central High School. Steve Wynder of Highland High School placed fourth and Dan Finneran of Brasil High School fifth.

SECTIONAL CROSS COUNTRY MEETS

The Board of Control set up sixteen sectional cross country meets to be held Friday, October 20, 1967 after 3:00 P.M. These meets are conducted as an elimination series in order to select teams and individuals for the regional meets.

Sixteen sectional centers have been chosen over the state. The following bases were used in selecting these centers: schools competing in cross country in 1966, travel distance, number of teams in that area, and a willingness on the part of high schools to make their facilities available for the promotion of these meets. The Board may find it necessary to alter this plan if a greater number of schools enter than is anticipated.

Schools have been assigned by counties and the accompanying plan gives the Center Principals and the counties assigned to each center.

Official entry lists are necessary and accompany this bulletin to the principal.
has been delegated to the center principals. All meet officials will be selected by the center principals except the referee-starter, who will be assigned by the Board of Control.

The meet must be held Friday afternoon, October 20 after 3 p.m., unless previous arrangements have been made by the center principal. The center principal shall notify all participating schools and the IHSAA office by Tuesday, October 17, as to the time and place of holding the meet. The center principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner. Team positions at the start are to be drawn by lot.

OPEN CONTEST—These meets are open to all members of the IHSAA except to schools holding junior, preparatory or associate memberships. A school may certify twelve students, with no more than six participating as a team for the championship. Schools that do not enter a team may enter one or more students to compete for the individual wards.

NOTE: Each year some schools file entry blanks, then fail to participate in the meet. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for any reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the Sectional Center Principal immediately.

ENTERTAINMENT—The center principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

EXPENSES—There will be no entry fee. Traveling expenses, meals and lodging are to be paid by the competing schools.

ELIGIBILITY—The eligibility of each player shall be certified to by the principal of his school. The official entry list must be used, and all data given. Entries positively will close Wednesday, October 11. The entry lists must be in the hands of the Commissioner, complete in every detail, by 4 p.m. on that date. Twelve students may be certified for the meet, with six or fewer participating on the day of the meet.

LENGTH OF COURSE—The course must be approximately two miles in length. If possible, it should be laid out on rolling terrain.

SCORING—All competitors who complete the race shall be ranked and tallied in accordance with their placement at the finish. Individuals are ranked and tallied in the placement column, but their position is dropped and not recorded in the team scoring column. The team score shall be determined by totaling the points scored by the first five finishing contestants on each team. The team which scores the lowest number of points will be the winner. In the event of a tie, the tie is to be broken by adding the position of the sixth place man on each team. The team with the lower score will then be awarded the proper place.

In case one of the teams involved in the tie has only five participating members, the team with six participating members, will be awarded the higher ranking position. (Example: In case of a tie for third place, the five-man team will be automatically awarded fourth place.)
ENTRANTS—The individual winners and the qualifying teams from each of the sectional cross country meets (held on October 20) will be eligible to compete in this meet.

MANAGEMENT—The management of these meets rests solely with the Board of Control. Responsibility for local arrangements has been delegated to the center principals. All meet officials will be selected by the center principals except the referee-starter, who will be assigned by the Board of Control.

The meet must be held Saturday, October 28. The center principal shall notify all participating schools and the IHSAA office by Wednesday, October 25, as to the time and place of holding the meet. The center principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner. Team positions at the start are to be drawn by lot.

ENTRIES—Entries will be limited to the students certified by the principal for the sectional meets.

Elkhart High School, with five regional champions participating, won the state championship with 34 points. Franklin Central took runner-up honors with 23 points. In third place was Bloomington High School with 20 points. Indianapolis Shortridge was fourth with 16 points.

Dale Barnard at 138 repeated as a champion. However, the previous year he won in the 133 lb. division. Richard Pritchard of Indianapolis Arlington defended his Heavy Weight title successfully.

## Swimming

Fifty-eight high school teams participated in the Sectional Swimming Meets. This represented an increase of seven over the previous year.

Six sectionals were held instead of four. Columbus, Frankfort, LaPorte, Lawrence Central, Munster and South Bend Washington sponsored sectionals.

Columbus was the sectional winner at Columbus, Kokomo at Frankfort, LaPorte at LaPorte, Lawrence Central at Lawrence Central, Munster at Munster, and South Bend Adams at South Bend Washington.

Royer Pool at Indiana University again was the site of the State Swimming Meet. A capacity crowd was in attendance to see powerful South Bend Adams sweep to its third consecutive state swimming title by accumulating 52 points. Kokomo edged Columbus for runner-up honors. Kokomo finished with 35 points while Columbus finished with 34. Lawrence Central and Bloomington University tied for fourth with 24 points.

Six new state meet records were established. This is evidence of the tremendous growth and improvement the swimming program is making in Indiana. Only three records from as far back as 1966 remain in the book.

Mike Fitzgerald of South Bend Adams established two records in outstanding times. He swam the 200 yard freestyle in 1:47.0 and the 400 yard freestyle in 3:49.5.

Charles Johnson of Lawrence Central established a new mark in the 100 yard backstroke in :56.0 as well as Gary Thomas of Carroll High School in the 100 yard freestyle in :49.4.

Thomas Perrin of Muncie Central bettered the old mark in the 100 yard butterfly in :53.9. Kokomo's 400 yard freestyle relay team set the last new standard in the time of 3:28.2.

The team members of the championship relay team were David and Rick Roberts, Brad Zirkle and Roger Ridenour.

Twenty-two teams participated in the scoring which indicates the keen competition exhibited in the state meet finals.

BASKETBALL

The fifty-eighth annual high school basketball championship was won by Gary Roosevelt High School. It was the first state basketball championship for Gary Roosevelt.

The championship game between Gary Roosevelt and Indianapolis Shortridge was touch and go through more than three quarters. It was only in the last minute and one-half of the game that the Panthers broke it open and won 68-60. Shortridge led 15-11 at the first quarter stop, but at the mid-way point the score was all tied up at 32 all. By the third stop the Panthers had worked to a 47-44 hard-earned lead, and did not break away until the final minute of the hard fought contest. Great outside shooting by Aaron Smith in the early going kept the Panthers in the running. The final story was told by the great defensive board work done by Smith, McFerson and Nelson.

In the first afternoon game, Gary Roosevelt defeated Vincennes Lincoln 65-48. The Panthers led through most of the game although the Alices several times really challenged the winners. The score at the end of the first quarter found Gary Roosevelt leading 15-11. The low scoring first half found Gary Roosevelt ahead 24-22. At the third stop they led 43-35 and widened the gap in the final quarter to a 65-48 score.

The second afternoon game saw one of the most spectacular finishes witnessed in the state tournament for several years. With the score tied at 56 all, and one second showing on the clock, Oscar Evans of Indianapolis Shortridge let go with a long side jump shot that found its mark to defeat Marion High School 58-56. As it dropped through at the final buzzer, it killed a great comeback by the Marion Giants. Marion led 18-14 at the first quarter stop. Indianapolis Shortridge had edged ahead 24-23 at half-time. Shortridge led 38-33 at the third quarter stop and then led 58-56 by Evans’ key shot at the end of the game.

The Board of Control unanimously selected James Nelson of Gary Roosevelt as the recipient of the Arthur L. Trester coveted Award for Mental Attitude.

Consolidation again reduced the number of high schools participating in the sectional tournaments. This year 488 participated as compared to 512 last year. Gross receipts were $1,505,269.60 and the total attendance was 1,013,687.

ANNOUNCEMENT OF STATE BASKETBALL TOURNAMENT SERIES

THE FIFTY-EIGHTH ANNUAL

These rules are reprinted from the 1968 January Bulletin.

The Board of Control has completed the details for the State Championship Basketball Tournaments and announces the plan in full, with the understanding that the Board of Control reserves the right to readjust the plan and arrangements for any and all tournaments if conditions arise making changes advisable or cancellations necessary.

IMPORTANT INFORMATION CONCERNING SECTIONAL, REGIONAL, SEMI-STATE AND STATE TOURNAMENTS

1. TYPE OF BALL—The molded type basketball approved orange or natural tan has been legalized for the State Championship Series. See pages 18 and 20 for Semi-State and State balls.

2. PRIZES—No prizes of any kind are to be awarded to any school or individual from any source, other than the IHSAA. The IHSAA will present a trophy to each sectional winner.

3. RADIO SERVICE—Stations in Indiana may broadcast IHSAA tournaments provided the requirements in the “IHSAA Rules and Regulations Governing Broadcasting” are observed. Station managers and Center Principals will have copies of these rules and regulations.

4. PICTURES—Flashlight pictures of the players shall not be taken during the progress of the games, except when photographers use speed light cameras. This ruling is meant to protect the vision of the players. Photographers desiring to take pictures shall make previous arrangements with the management of the tourney. The number of photographers and their locations shall be determined by the Center School management.

5. SOUVENIR PROGRAMS—Souvenir programs other than those provided by the IHSAA shall not be distributed or sold at any tourney; and no solicitation of advertisements shall be made. Neither the Board of Control nor the Commissioner’s Office will approve the distribution of such material at any tourney. Any one claiming to have such approval should be reported to the IHSAA office immediately. All principals should notify their business men now.

6. SUGGESTIONS—Sectional Center Principals and participating principals should work with each other prior to the tourney, during the tourney and after the tourney. A conference of all principals, several days prior to the tourney, would result in an agreement on all points such as meals, transportation, rest rooms, seating, tickets, reports, etc. Agreements reached prior to tourneys prevent difficulties during and after tourneys. Make and keep copies of all agreements.

7. MANAGEMENT—The exclusive control of all these tournaments rests solely with the Board of Control according to the IHSAA Constitution. Local arrangements have been delegated to the Center Principals. Officials for each tourney will be selected and assigned by the Board of Control, and every effort will be made to choose only fair, disinterested and competent men. All schedules and assignment of officials will be made and distributed by the Board. All schedules will be drawn by lot by the Board of Control, and no changes will be made in them. Representatives of the press will be invited.

8. TIME SCHEDULE—The Board of Control has ruled that all tournaments will be held on the prevailing time of the community in which the Center is located. All Saturday games will be 12:30, 1:45, and 8:15 p.m.
9. OFFICIALS—The assignment of game officials and their decisions will be considered final. Schools enter the tourneys with this understanding. Give this information to your students and fans now.

Official scorer(s) shall be dressed in a manner that will distinguish them from others who may be seated at the scorers and timers table. Black and white striped shirts or jackets are strongly recommended.

10. PRIVILEGES—Twelve competing players, coaches, principal and manager for each team (16 in all) shall be admitted free to all games.

11. OVERTIME GAMES—The same rule applies in tourneys as used during the regular season games.

12. WARM UP PERIOD—There shall be fifteen minutes allowed between games for warm up practice. During a session, this period shall start with the ending of the previous game. The first two teams playing in a session shall also be limited to the fifteen minute warm-up period. The fifteen minute period shall be exclusive of announcements and opening ceremonies.

13. NUMBERING OF SHIRTS—In order for a school to be eligible to enter the sectional tourney, all players’ shirts must be properly numbered according to Rule 3, Section 4, Question 3, of the Official Basketball Rules.

14. PLAYERS BENCHES—Shall be placed along that side of the court on which the scorer’s table is located.

15. CHEER LEADERS—Only the cheer leaders from the two participating schools may be used in connection with any one game.

16. RESTRICTIONS—Please inform your students and others about the following tourney restrictions:

By ruling of the Board of Control:

a. Balloons, banners, posters, etc., that are objectionable in the wording or which obstruct the view of others, are not allowed.

b. Cow-bells, and other such noise instruments are not allowed.

c. The use of bands at IHSAA tourneys is not sanctioned.

d. No live animal mascots are permitted.

It shall be the responsibility of each high school principal to see that his fans (adult & student) abide by the above restrictions.

NOTE: Card sections as part of the cheering block are permitted.

17. HOME TEAM—The first named team in each game throughout the entire tournament is always designated as the “Home Team.” It shall wear white uniforms and have a choice of bench (exception—host team shall have choice of home bench).

The second named team in each game shall have choice of basket and wear colored uniforms. In the event the Host Team is the second named team it shall wear colored uniforms but have choice of bench only.

SECTIONAL TOURNEYS
February 19-24

The following bases were used in selecting sectional, regional and semi-state centers:

1. Invitations filed by the principals. 2. Locations considered but not necessarily the determining factor. 3. Transportation facilities. 4. General conditions—attitude of local authorities, floors, seating capacities and entertaining facilities. 5. Rotation. 6. Success and satisfactory management of previous tourneys. 7. Adjustment because of reorganization and consolidation.

Many schools have been assigned by counties but there are a number of exceptions which are clearly indicated. Some changes were made to equalize the number of participating teams resulting in better balanced schedules or the use of less school time. The plan arranged is to have no less than 6 teams and no more than 8 teams in each tourney, and the assignment of all schools is given in the list which follows. The number of schools that probably will enter the tourneys is indicated. No doubt these numbers will be very nearly correct this year. Correct information will not be available until the entry blanks have been received and accepted by the Board of Control. The numbers are tentative. The winners will constitute the teams in the Regional Tourneys according to assignment. Entry blanks are necessary. An entry blank is enclosed.

MANAGEMENT—Four officials will be assigned to all tourneys. Two officials will work each game, alternating as referee and umpire. Each official is obligated to be ready for work throughout the tourney.

TOURNEY REQUIREMENTS—A high school shall not be considered eligible for entering an IHSAA sectional basketball tourney in any year unless the team known as the first team and representing the high school has played eight (8) interscholastic games during that season before filling an entry blank. Schools holding junior and/or preparatory membership are not eligible to enter.

ENTERTAINMENT—Twelve men may be certified and in uniform. The Central Principals have contracted with the Board of Control to entertain sixteen men (which must include coaches, principal and manager) from each competing school according to the following plan:
1. Transportation—All schools are entitled to one-round trip mileage allowance each day the tourney is in session.
2. Meals—All schools are entitled to one meal for each day the tourney is in session.
3. Due to the variations of time schedules of "One-Site Two-Bracket" tourneys, the time schedules, entertainment schedules and admission prices will be set up by the IHSAA and sent to all Center Principals concerned. It will be the obligation of the Center Principal to send copies to all schools in his sectional area. The time schedules of all tourneys will be published as usual at the time of the drawings.
4. No lodging shall be paid.

Fairness by all parties must prevail in this matter of entertainment. Money spent for entertainment decreases the amount to be divided among the schools.

EXPENSES—An entrance fee of one dollar ($1.00) for each team must accompany the entry blank. The Center Schools have contracted to make settlement out of the receipts of the tourneys according to the following plan and in the following order:
1. All legitimate expenses, such as meals, officials, etc., except for transportation, shall be paid from the gross receipts, if sufficient. If gross receipts are not sufficient, legitimate expenses shall be considered an obligation of the Center School.
2. The Center High School shall receive two hundred dollars ($200).
3. The transportation shall be paid. (The Board of Control has decided on four (4) cents per mile per man (limited to 16 men) for the round trip. Mileage should be considered as the most direct distance between the school building of the participating school and the gymnasium in which the tourney is held.)
4. The Center High School shall receive one hundred dollars ($100).
5. The IHSAA shall receive one percent (1%) of the fourth balance.
6. (a) One-half of the fifth balance shall be divided equally among the participating schools, the Center School sharing.
   (b) One-half of the fifth balance shall be divided among the participating schools on an enrollment basis.
7. The Board of Control shall pass on all reports by the Center School and all reports by the participating schools.
8. The Center School shall furnish a complete financial report to the IHSAA and to each participating school by Thursday, February 29.
ELIGIBILITY—The eligibility of each player must be certified by the principal of the school sending the team. Certification must be made on the Official Entry Blank furnished by the Commissioner and all data must be given as indicated. An Entry Blank marked “Your Duplicate” is enclosed for your convenience. Be sure to send only the “Official Entry Blank” to the IHSAA. All entries must be in the IHSAA office before 4:00 p.m. Wednesday, February 7. Do not mail entry blanks before January 29. All students must be eligible when they participate as well as when they are certified. It is advisable to mail the entry blanks early, as changes can be made by telephone, telegram or letter any time up to 4:00 p.m. Wednesday, February 7. Registered lists are not recommended, as they are a slow form of delivery. Regular or special delivery mailing is the most satisfactory. A postal card from this office will acknowledge receipt and correctness of your entry. The Board of Control has ruled that late entry blanks will not be accepted.

ADMISSION FEE—The admission fees in all tournaments shall be as indicated below and the tickets shall be printed with the following information on them:

Session ticket (all regular tournaments) $1.00

ONE-SITE TOURNERIES:

Season ticket:

a. Three-session tournament $2.50
b. Four-session tournament $3.50

Tickets shall not be sold for more nor less than the prices listed. Season tickets only shall be sold prior to the opening session of the tournament. Any remaining seats may be sold as session tickets.

ONE-SITE TWO-BRACKET TOURNERIES:

Due to the variation in the number of sessions, season ticket prices shall be established by the Board of Control through the IHSAA office and the Center Principal.

No more tickets shall be sold than the seating capacity of the gymnasium will justify. Standing room shall not be sold or used. All requirements of the State and City Fire Marshals shall be met in all tournaments.

RESERVED SEATS—The Board strongly recommends that all seats be reserved.

DISTRIBUTION OF TICKETS—The following plan for the division of sectional tournament tickets was adopted by the Board of Control:

1. Deduct from the total number of tickets available, sixteen tickets for each competing school, press and complimentary tickets. Each Athletic Council Member and each Ex-Board member shall be granted two tickets to the sectional in his area upon request by Thursday, February 15.

2. Ten percent of the remaining tickets shall be divided equally among the competing schools. (Every school regardless of enrollment, has a certain “must” list; such as assistant coaches, trainers, student managers, cheerleaders, etc. This allotment is intended primarily for this use.)

3. The remaining ninety percent shall be divided among the competing schools on the basis of enrollment of each participating school as certified to the State Department of Public Instruction, September 15, 1967, or the third day of school if the opening day is later than September 15.

No tickets shall be distributed by the Center Principal until his tournament schedule has been released. Season tickets must be ready for distribution by Thursday, February 15. All ticket information should be procured prior to this date. The IHSAA will furnish the Center Principals with enrollments of all high schools participating in their tournaments. Season tickets unsold shall be returned by 8:00 a.m. on the day the tournament begins, except that in “one-site two-bracket” tournaments, they shall be returned by 1:00 p.m. the day before the tournament begins with a day time session; and by 8:00 a.m. on the day of the tournament if the tournament begins with an evening session. The Center Principal is under no obligation to accept the return of tickets after these hours, unless previous arrangements have been made with him.

WARNINGS—Entries close at 4:00 p.m., Wednesday, February 7, and cannot be changed or accepted afterward. An entrance fee of one dollar ($1.00) must accompany each entry blank. Special privileges will not be granted. Send all entry blanks and checks to IHSAA, 812 Circle Tower, Indianapolis. All data must be given on entry blank. Get all data right the first time and on time, but do not mail blanks before January 29. Late or incomplete entry blanks cannot be accepted. Be sure to send only the “Official Entry Blank” to the IHSAA.
REGIONAL TOURNEYS—March 2
See “Important Information” Page 3

Each of the sixteen (16) regional tourneys will have four (4) teams and will play to a winner, according to the following assignment. The winners in each of the sixteen (16) regional tourneys will constitute the teams in the semi-state tourneys according to assignment.

ENTRIES—One entry fee covers all tourneys. Twelve men may be certified and in uniform. These teams may or may not be made up of the same men who participated in the sectional tourneys.

The sectional entry blank will suffice for regional tourneys and will be used as made, unless you instruct the IHSAA office otherwise on Monday, February 26. If you desire to make any substitutions in your entry blank, wire or telephone the IHSAA office, giving complete data on Monday, February 26. (Ask for Miss Size-love, who has charge of making the changes.)

DISTRIBUTION OF TICKETS—All tickets shall be distributed by the Center School Principal according to the following plan:
1. Season tickets only shall be sold prior to Saturday, March 2.
2. Each Center Principal will be required to keep on file the full names and addresses of all ticket purchasers prior to the open sale together with the number of tickets purchased by each and shall make a complete report to the IHSAA. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of the high school.
3. Press. (a) Each paper within the regional district but outside of the tourney center may be granted one ticket upon request not later than Saturday, February 24.
   (b) Each daily paper in the tourney center and each daily paper in the city of a participating school may be granted 3 tickets upon request not later than Monday, February 26.
   (c) Papers outside of the state shall not be granted tickets unless they have a large coverage in the state, and then the limit is given under (a).
   (d) School papers shall not be granted tickets.
4. Radio. Each station broadcasting the games may be granted 3 tickets upon request not later than Monday, February 26.

5. Complimentary tickets shall be confined to those directly connected with the tourney. Each participating school is entitled to sixteen complimentary tickets for the use of twelve players, the principal and coaches and a manager. Each Athletic Council member and each Ex-Board member shall be granted two tickets to the Regional in his area upon request prior to Saturday, February 24. A list of the complimentary tickets must be furnished the IHSAA, giving name, position and number of tickets.

6. The Center School if not a participant, shall receive five percent of the number of tickets representing the actual seating capacity of the gymnasium.

7. Schools entered in a sectional tourney may secure sixteen (16) tickets to the Regional Tourney in their area. Orders must reach the Regional Center Principal between February 17 and 22. All principals should use the Regional Ticket Order enclosed with this bulletin, and should attach a check in the proper amount, sending the order and remittance TO THE REGIONAL CENTER PRINCIPAL IN THEIR AREA.

8. Each participating school may secure tickets at this stage as follows, provided they are purchased and paid for by the high school principal not later than Monday, February 26.

(a) One-half of the tickets remaining divided on an equal basis.
(b) One-half of the tickets remaining divided on an enrollment basis, the enrollment being that submitted to the Inspection Office of the State Department of Public Instruction, September 15, 1967, or the third day of school, if the opening day is later than September 15, for the school years 9, 10, 11 and 12.
(c) If one or more of these participating schools do not purchase all of the tickets allotted to them, then these tickets shall be apportioned to the other participating schools and the center school, if not a participant, on the two bases mentioned in (a) and (b).

9. All tickets remaining at this stage shall be placed on open sale on Thursday, February 29, 9:00 a.m., with the understanding that all sales shall be guarded to insure fairness to all.

ENTERTAINMENT—The Regional Center Schools have contracted with the Board to entertain sixteen men from each competing school. Entertainment will begin, if necessary, at 9:00 a.m. Saturday, March 2, and continue, if necessary, to 8:00 a.m. Sunday, March 3. All competing schools are requested to ask for no longer entertainment than is necessary. The Center Schools have contracted to make settlement out of the receipts of the tourneys according to the following plan and in the following order:

1. All legitimate expenses, such as meals, rooms, officials, etc., except for transportation, shall be paid from the gross receipts, if sufficient. If gross receipts are not sufficient, legitimate expenses shall be considered an obligation of the Center School. The expenses of a manager, if any, belong to the Center School and not to the Tourney.

2. The Center High School shall receive two hundred dollars ($200).

3. The transportation shall be paid. (See sectional transportation allowance page 12.)

4. The Center High School shall receive one hundred fifty dollars ($150).

5. The IHSAA shall receive fifty per cent (50%) of the balance.

6. The remainder shall be divided as follows: (a) one-half equally among the participating schools and (b) one-half on the basis of season tickets sold and reported by the participating schools in the local communities on or before 4:00 p.m. Friday, March 1. This hour and date are binding on all schools. In the distribution of receipts, all tickets purchased according to the provision under “Distribution of Tickets” Item 7, shall be credited to the winner of the sectional in which the school purchasing the tickets is located.

7. The Board of Control shall pass on all reports by the Center School and all reports by the participating schools.

8. The Center School shall furnish a complete financial report to the IHSAA and to each participating school by Wednesday, March 6.

ADMISSION FEE—The admission fees in all tourneys shall be indicated and the tickets shall be printed with the following information on them:

1. Session ticket: ...........................................$1.75
2. Season ticket: ............................................$3.00

Tickets shall not be sold for more or less than the prices listed. Season tickets only shall be sold prior to the opening session of the tourney. Any remaining seats may be sold as session tickets.

No more tickets shall be sold than the seating capacity of the gymnasium will justify. Standing room shall not be sold or used.

All requirements of the State and City Fire Marshals shall be met in all tourneys.

RESERVED SEATS—All seats shall be reserved.

TIME OF GAMES—See page 4, item 8.

WARNINGS—Entries are due Monday, February 26, and cannot be changed afterward. Special privileges will not be granted. The management, protests and privileges will be governed according to the regulations pertaining to the sectional tourneys. ENTRIES—One entry fee covers all tourneys. Twelve men may be certified and in uniform. These teams may or may not be made up of the same men who participated in the regional tourneys. The regional entry blank will suffice for semi-state tourneys and will be used as made, unless you instruct the IHSAA Office otherwise on Monday, March 4. If you desire to make any substitutions in your entry blank, wire or telephone the IHSAA office, giving complete data on Monday, March 4. (Ask for Miss Siclue, who has charge of making the changes.)

ENTERTAINMENT—The Semi-State Center Principals have contracted with the Board to entertain sixteen men from each competing school. Entertainment will begin, if necessary, at 9:00 a.m. Saturday, March 9, and continue, if necessary, to 8 a.m. Sunday, March 10. All competing schools are requested to ask for no longer entertainment than is necessary. The Center Schools have contracted to make settlement out of the receipts of the tourneys according to the following plan and in the following order:

1. (a) The Center School shall receive two and one-half per cent (2½%) of gross receipts. (b) The Field House Rental (which shall not exceed twelve and one-half per cent [12½%] of gross receipts) shall be paid.
2. All other legitimate expenses, such as meals, rooms, officials, etc., except for transportation, shall then be paid from the remaining balance, if sufficient. If the remaining balance is not sufficient, legitimate expenses shall be considered an obligation of the Center School. The expenses of a manager, if any, belong to the Center School and not to the tourney.
3. The transportation shall be paid. (See sectional transportation allowance page 12.)
4. Each participating school shall receive a bonus of six hundred dollars ($600.00).
5. The IHSAA shall receive the remainder.
6. The Board of Control shall pass on all reports by the Center School and all reports by the participating schools.
7. The Center School shall furnish a complete financial report to the IHSAA and to each participating school by Wednesday, March 13.

ADMISSION FEE—The admission fees in all tourneys shall be as indicated and the tickets shall be printed with the following information on them:

1. Session Ticket: .................................$2.00
2. Season Ticket .................................$5.50

Tickets shall not be sold for more nor less than the prices listed. Season tickets only shall be sold prior to the opening session of the tourney. Any remaining seats may be sold as session tickets. No more tickets shall be sold than the seating capacity of the gymnasium will justify. Standing room shall not be sold or used. All requirements of the State and City Fire Marshals shall be met in all tourneys.

BALL—The following balls shall be used at each site as indicated:

Evansville—Spalding 100
Fort Wayne—McGregor X10L
Indianapolis—Rawlings RLO
Lafayette—Wilson B1200

RESERVED SEATS—All seats shall be reserved.

TIME OF GAMES—See page 4, item 8.

DISTRIBUTION OF TICKETS—All tickets shall be distributed by the Center School Principal according to the following plan:

1. Season tickets only shall be sold prior to Saturday, March 9, and shall be sold only to high school principals in the Semi-state area.
2. Each Center Principal shall be required to keep on file the full names and addresses of all ticket purchasers prior to the open sale, together with the number of tickets purchased by each and shall make a complete report of the IHSAA. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of the high school.
3. Press. (a) Each paper within the Semi-state district but outside the tourney center may be granted one ticket upon request not later than Saturday, March 2.
   (b) Each daily paper in the tourney center and each daily paper in the city of participating school may be granted three tickets upon request not later than Monday, March 4.
   (c) Papers outside of the state shall not be granted any tickets unless they have a large coverage in the state, and then the limit is given under (a).
   (d) School papers shall not be granted tickets.
4. Radio. Each station broadcasting the games may be granted three tickets upon request not later than Monday, March 4.
5. Complimentary tickets shall be confined to those directly connected with the tourney in some way. Each Athletic Council Member and each Ex-Board Member shall be granted two tickets to the semi-state in his area upon request prior to Saturday, March 2. Each participating school is entitled to sixteen complimentary tickets for the use of its twelve players, the principal, coaches and a manager. A list of the complimentary tickets must be furnished the IHSAA, giving the name, position and number of tickets.
6. The Center School, if not a participant, shall receive five percent of the number of tickets representing the actual seating capacity of the gymnasium.
7. Schools entered in a sectional tourney may secure sixteen (16) tickets to the semi-state tourney in their area. Orders must reach the semi-state principal between February 25 and 29. All principals should use the Semi-State Ticket Order enclosed with this bulletin, and should attach a check in the proper amount, sending the order and remittance TO THE SEMI-STATE CENTER PRINCIPAL IN THEIR AREA.
8. Each participating school may secure tickets at this stage as follows, providing they are purchased and paid for by the high school principal not later than March 5.
   (a) One-half of the tickets remaining divided on an equal basis.
   (b) One-half of the tickets remaining divided on an enrollment basis, the enrollment being that submitted to the Inspection Office of the State Department of Public Instruction, September 15, 1967, or the third day of school, if the opening date is later than September 15, for the school years 9, 10, 11 and 12.
   (c) If one or more of these participating schools do not purchase all of the tickets allotted to them, then these tickets shall be apportioned to the other participating schools and the Center School if not a participant, on the two bases mentioned in (a) and (b).
9. All tickets remaining at this stage shall be placed on open sale on Thursday, March 7, 9:00 a.m., with the understanding that all sales shall be guarded to insure fairness to all.

WARNINGS.—Entries are due Monday, March 4, and cannot be changed afterwards. Special privileges will not be granted to anyone. The management, protests and privileges will be governed according to the regulations pertaining to the sectional tourneys. If no word is received from principals on Monday, March 4, regional entry blanks will be used for the semi-state tourneys.

TIME OF GAMES—12:30, 1:45, and 8:15 p.m. (E.S.T.)

Management—The Board of Control has designated Phil N. Eskew, Commissioner, as Manager with Herman F. Keller, Assistant Commissioner, as Assistant Manager of this tourney. Their telephone number is 687-1519. Fred R. Gorman, Indianapolis, will assist with the arrangements for the tourney at the Fieldhouse.

Press and Radio reservations will be made directly to the IHSAA office. Requests should be filed not earlier than February 15 and not later than Thursday, March 7. An identification plan will be used for press representatives, who must be properly certified by their managers at the time requests are made.

Tickets—All tickets will be handled by the IHSAA Office according to the following plan:

1. Season tickets only will be sold prior to Saturday, March 16. In recent years all tickets were sold prior to this date. If the capacity of the Fieldhouse is not filled in season tickets, session tickets will be sold on the day of the tourney. The seating capacity is estimated at approximately 14,943.

2. Each high school principal having a team entered in an IHSAA Sectional Basketball Tourney for 1968, may order tickets to 3½ percent of his high school enrollment not exceeding 1000 students. The Board of Control has established two to six tickets according to enrollment as the number that may be ordered by each junior and preparatory member school principal. Principals whose high school enrollments exceed 1000 may order 3½% of the enrollment to 1000 and one (1) additional ticket for each 300 students, or fraction thereof, over 1000 enrollment. The enrollment shall be the same as submitted to the Inspection Office of the State Department of Public Instruction, September 15, 1967, for grades 9, 10, 11 and 12. A fraction of one-half or more may count for a ticket and no school shall be limited to less than four tickets. Post graduates shall not be counted. Principals should carefully observe the limitations as outlined. If there are questions, ask them now. All enrollments will be checked with the report herein mentioned. Be sure you are right.

A chart giving the enrollments with ticket allotments will be printed on the reverse side of the ticket order blank.

3. Tickets will be sold by mail order only. Telephone, telegraph and personal call orders will not be honored. A ticket order blank is enclosed with this bulletin. It is official and you should use it according to instructions.

4. Ticket orders must be specific as to number of tickets and a check for the correct amount payable to the IHSAA must accompany each order. Tickets purchased cannot be returned. Please do not send cash. The limitations below must be observed as given:

(a) Orders for tickets having official postmarks on the envelopes from and including Thursday, February 15, to and including Friday, February 28, will be accepted if received not later than Saturday, February 24. Ticket orders mailed prior to February 15 will be returned for proper mailing. The IHSAA reserves the right to check the mailing of all ticket orders and to act on the findings.

5. Principals are obligated to distribute these tickets properly to persons in their own school districts before distributing any tickets elsewhere. Each principal will be required to keep on file the full names and addresses of all ticket purchasers for the information of the Board of Control, should such be desired for checking purposes. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of their schools.

6. All tickets remaining unsold after the high school principals have ordered, according to the privilege of their enrollment quotas, will be distributed pro rata among the principals of the 74 sectional tourney winning schools if ordered by them. Principals should state on their order blank, ordering their quota of tickets according to enrollment, whether or not they would accept and pay for any tickets that may be distributed to them if they are sectional tourney winners. The check for these tickets should be sent upon receipt of the tickets only. No tickets, other than those remaining after the enrollment quota orders are honored, are offered in this paragraph. There may be only a few or no tickets so remaining. None is guaranteed. Tickets purchased cannot be returned.

7. In order that all may know how ticket orders are filled, the following statements are made:

a. Ticket orders from principals are due any time from February 15 to February 23, inclusive. Postmark will determine mailing date.

b. Upon receipt of ticket orders in the IHSAA office, they are checked. All correct orders are arranged alphabetically according to the name of the school, numbered and filled.

c. Incorrect orders are returned with instructions.

The method of filling ticket orders is entirely by lot and the plan automatically assigns the seats. The location of seats of any particular school depends upon the date of receipt of order, number of orders received in same mail, number of tickets covered by the orders received in the same mail, alphabetical order of the school name among the orders received, accuracy of ticket order, etc.

MISCELLANEOUS

1. All seats will be reserved and tickets sold to principals will be drawn by lot as outlined above.

2. Blocks of seats, when sold, will be arranged from front to back. Blocks of seats will be assigned to the front of the playing floor, about twenty per cent of the number in each block being assigned to the front of the block.

3. All season tickets must be sold on the day of the tourney. The seating capacity is not sold in season tickets, session tickets only will be sold on the day of the tourney.

4. The Board of Control has designated Phil N. Eskew, Commissioner, as Manager with Herman F. Keller, Assistant Commissioner, as Assistant Manager of this tourney.
3. No pass-out tickets will be issued. Holders of tickets may leave the Fieldhouse when they choose in any session, but they cannot re-enter until the next session. The Fieldhouse will be cleared between sessions.

4. All tickets will be printed in coupon form, carrying the statement that coupons will not be good if detached. The IHSAA tickets will be printed in a way that will make duplication very difficult, but a warning is given against bogus tickets.

5. Ticket holders will be seated prior to the opening game in each session, between halves and between games only. All persons must remain seated in their own seats during the games. All games will be started on scheduled time and will be played in quarters of 8 minutes each.

6. Comfort accommodations will be found on each floor at each end of the Fieldhouse.

7. Tickets will indicate the Gate, Ramp, Section, Row and Number. As you approach the Fieldhouse look for the Gate Number above the door corresponding to the one on your ticket.

8. Two blocks of seats in the middle on the west side of the playing floor and two blocks in the middle on the east side of the playing floor, having 1000 seats to the block, will be reserved until Monday, March 11, for the four schools whose teams are in the tourney. Twelve blocks of seats, immediately around the playing floor with 25 seats to the block, will be reserved for the other twelve schools participating in the semi-state tourneys. The high school principals, whose teams are represented, should contact the IHSAA office by Monday, March 11, about these tickets or they will be sold to other eligible schools. These blocks will be assigned by lot to the Board of Control.

9. First Aid Rooms are located in the east end of the Fieldhouse. Look for the sign. A journey physician and a nurse will be available during the tourney.

10. Principals are asked to instruct all ticket holders to refrain from smoking in the Fieldhouse. This precaution is taken for the benefit of the players and the safety of the spectators.

### THE ARTHUR L. TRESTER AWARD

The Gimbel Medal for Mental Attitude was given each year by Mr. Jake Gimbel, now deceased, until 1943. In 1944 it was known as the IHSAA Medal for Mental Attitude. In 1945 the Board officially named the award "The Arthur L. Trester Award for Mental Attitude."

The IHSAA Board of Control used the following data card this year to assist them in selecting the winner of The Arthur L. Trester Award for Mental Attitude.

High School
Name of Boy .................................. Date of Birth ..................................
Year in High School: (Check) First .... Second .... Third .... Fourth ....
(please use the following ratings below: (1) Excellent, (2) Very Good, (3) Good, (4) Fair, (5) Poor.)
1. Scholarship: 1st Year .............. 2nd Year .............. 3rd Year .............. 4th Year ..............
2. Attitude Throughout High School Career:
3. School Citizenship Throughout High School Career:
4. General Ranking, considering all points: (Check one)

Signed                                By High School Principal
By High School Coach

The Principals and Coaches of the four schools filed with the IHSAA these cards for their players before the tourney was held. The Board of Control did not see the cards until Saturday afternoon after the second game of the Final Tourney when they had observed the playing of all of the teams. In the meeting to select a winner of the mental attitude award the data cards were studied carefully and were given careful consideration along with the opinions of the Board of Control members as a result of their observation of the playing of the boys in the afternoon. Several boys received very favorable consideration.
Contrary to the opinions often expressed this medal has not been given as a consolation prize through the years. It is true that few boys on the winning teams have received the award but it is not true that the IHSAA has ever had a policy of giving the medal as a consolation prize. Such a policy would remove the value of the award and would make the winners feel that they had not won anything. The winners of the award have legitimately won the award and have the right to be proud of it. It will be interesting to follow these boys down through the years. Schools should take an interest in these boys, as the IHSAA desires to be proud of them always.

TRACK AND FIELD

Fort Wayne South Side High School won its first state track and field meet in one of the most hotly contested state meets in several years. The winner of the suspense-filled meet was not determined until the final event was completed.

As further evidence of the closely contested state meet, South Side won the sixty-eighth annual state track and field meet with 29 points, Terre Haute Gerstmeyer, with 19 points, was in the runner-up position, and Indianapolis Attucks finished third with 18 points. Elkhart was fourth with 14 points. Forty-one high schools broke into the scoring column.

Four new records were established. A fifth new record was established in the 220 yard dash. This was the first year the 220 yard dash was run around one curve. It was also the first year the state meet was run on Indianapolis Tech's fine new all-weather track.

In one of the greatest mile run duals ever witnessed in Indiana history, Scott Hiles of Anderson Madison Heights defeated Chuck Baker of Elkhart in the fantastic record breaking time of 4:08.6. From the second lap through to the finish line Hiles and Baker ran stride for stride with Hiles holding a slight edge to the end. Baker ran unofficially in 4:08.9. Both boys broke the record of 4:10.3 established last year by Don Vandrey of Valparaiso. The time by Hiles was the fastest in high school circles in the nation this year.

Perhaps even more amazing was Hoosierdom's first 15 foot pole vaulter in the person of Gary Thrapp of East Noble (Kendallville). He toppped the state record nearly one foot, posting a meet record of 15 ft. one-half inch.

Lafayette Central Catholic's Mark Bir established a new record in the excellent time of 9:19.2 for the two mile run.

Leroy Spikener of Gary Freebule broke his own record in the 880 yard run. His new time was 1:52.7.

Greg Martin of Indianapolis Attucks won the first 220 yard dash around the curve in 22.3.

Several other excellent marks were made. Jeff Rhodes of Ben Davis (Indpls.) won the high jump with a jump of 6 ft 7¾ inches. Bill Tovesen of Calumet (Gary) long jumped 25 ft, 6¾ inches. Ron Clayton of New Albany won the 180 yard low hurdles in 19.1. North Central (Indpls.) won the 880 yard relay in 1:29.0.

The Board of Control unanimously selected Stephen Porter of Jeffersonville as the recipient of the Robert S. Hinshaw Track & Field Award. The recipient of this award must excel in scholarship, mental attitude, school citizenship, as well as athletic ability in track and field. In the state meet he won the high hurdles in 14:4 and placed second in the low hurdles.

A total of 395 schools entered the track sectionals. This represented a total of 3,794 athletes.

Management—The management of these meets rests solely with the Board of Control. Local arrangements have been delegated to the Center Principals. All meet officials will be selected by the Center Principal, except the Referee-Starters, and he will be assigned by the Board of Control. He will be in complete charge of the meet and shall assume the duties of a Referee and Starter as a representative of the IHSAA.

The meet must be held Friday afternoon, Friday evening, Saturday afternoon or Saturday evening. The Center Principal shall notify all schools participating in his sectional, and the IHSAA office by Tuesday, May 7, as to the time and place of holding the meet. The Center Principals shall arrange a program for his meet from the list of entries sent to him by the Commissioner.

Admission Fee—Admission fee to all meets shall be not less than fifty cents (50¢) or more than one dollar ($1.00).

Open Contest—These meets are open to all members of the Association, except to schools holding preparatory, junior or associate memberships.

Entertainment—The Center Principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

Expenses—There will be no entry fee. Traveling expenses must be paid by the competing schools.

Privileges—All actual contestants in uniform, one coach, one assistant coach and principal for each team are admitted free to the meet.

Entrance Requirements—The minimum standards of performance which contestants must achieve to be eligible to enter sectional track and field meets shall have been equaled or bettered in actual competition in regularly scheduled interschool meets during the present outdoor track season. These performance standards may be established by competent timing of the first three, four or five places in interschool outdoor meets.

Eligibility—The eligibility of each participant who equaled or bettered the standards of performance in actual competition must be certified by the principal of the school sending the team. The best performance for each contestant must be indicated for each event or events in the regular IHSAA entry blank. Unless the best

performance is indicated in the proper space the contestant will not be considered entered in that event. Entries positively will close Wednesday, May 1, at 4:00 P.M. This means the entry and best performance blanks must be in the hands of the Commissioner, complete in every detail, on the date. See warnings below.

Official Rules—The current National Alliance Edition of the Track and Field Guide as published by the National Federation is official in the IHSAA. A few modifications have been made by the IHSAA and they are given in the present Bulletin. In both relays “off the curve” method of exchange shall be used. Both relays may be run in lanes the first 220 yards with a staggered start if lanes have been marked. When the half mile relay is run with the first 250 yards marked in lanes the first and second runners will exchange in their own lane.

Scoring—Winning first place in any event in the sectional meet counts five points; second place, three points; third place, two points; and fourth place, one point. Points in the relays will be counted in determining the winning team, the points for each place in each relay to be double the points in each place in other events. In case of a tie in a track event, the points shall be divided equally and the prizes awarded by lot. Ties in the high jump and pole vault shall be decided by awarding the position, with its points, to the contestant with the lowest number of trials for the tied height. If the tie still is not broken, the fewest total misses in the entire competition is the determining factor. Existing ties at this stage shall be decided by the method outlined in Rule 5, Section 1 (a, b, c, d, and e), pages 8, 21 and 22, of the 1968 Track Rules Book. No misses shall be charged to a competitor for a passed height. In case of a tie in the shot put or long jump, position and points are awarded according to Rule 5, Section 2, II (a and b) “determined by distance,” page 22 of the 1968 Track Rules Book.

In case two or more contestants tie for fourth place the above method shall be applied to this place for determining the contestant who advances to the Regional and wins the ribbon. This means that ties for the last qualifying position for the Regional must be broken by applying Rule 5-2-I to insure that no meet will send more qualifiers to the Regional than they are permitted. Be sure the contestants are notified of any ties immediately after the event so they will be available for any runoff for the qualifying position. Points are not affected.

Limitations—No contestant will be permitted to enter or participate in more than three events, and no contestant will be permitted to enter or participate in both relay races. Do not enter the same boys in both relay races.

No contestant in the 880 yard run, mile run or two-mile run may participate in the same other race of 880 yards or more. A contestant may enter in both the mile and two-mile run but participate in only one.

It is recommended, especially in the 440 yard dash, that this race be run in heats, no more than 12 contestants in a heat. Referring to the best performance blank, the 12 contestants having the fastest times shall be placed in the first heat, the next 12 fastest
in the second heat, etc. Four places shall be timed in each heat. It is suggested that there be three watches on each of the four winners.

GOLF

Madison Heights High School (Anderson) became the fourth
school ever to repeat as state high school golf champion. Madison
Heights won with a total of 306 strokes. Carmel High School fin-
ished second with 311. LaPorte was third with 315 and Columbus
High School fourth with 317.

The winning team was composed of Bill Spannuth, 79, Bob WILL-
iams, 81, Mike Roberts, 75, and Mickey DeHority, 71. A most
usual feat was accomplished by the winning team. All four mem-
ers birdied the 16th hole. DeHority then eagled the 17th.

Ken Oczakowski of South Bend Washington won the individual
title with a par 36-34-70. DeHority of Madison Heights was runner-
up with 38-33-71. Tom Hayes of South Bend Riley won the third
spot in a sudden death play off on the first extra hole against
Mark Roth of Columbus. Both had finished with a 73.

Again, due to the growth of golf, the number of sectionals was
increased from twelve to sixteen. The first three teams and low
medallists from each sectional advanced to four regionals. The same
qualifiers from the regionals then advanced to the state meet.

Twelve complete teams and four individuals qualified for the
state meet held at the Coffin Golf Course in Indianapolis. A total
of 290 schools entered the sixteen golf sectionals. They represented
a total of 1,706 participants.

Management—The management of these meets rests solely with the Board of Control. Local arrangements have been delegated to the Center Principals. All meet officials will be selected by the Center Principals.

Instructions and starting time schedule will be sent to each competing school prior to the meet by the Center Principal.

Eligibility—The rules and regulations of the IHSAA shall govern. An entry blank is required and one accompanies this announcement if your school has a golf team. There will be no entry fee. Entry blanks are due in the IHSAA Office on or before 4:00 p.m., Wednesday, May 8, 1968, and cannot be accepted afterwards.

Note—Each year some schools file entry blanks, then fail to participate in the tournament for some unknown reason. The management makes all arrangements for these teams, and of course the arrangements are upset by the non-appearance of the entrants. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for some reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA Office and the Sectional Center Principal immediately.

Transportation—This will be an obligation of the participating school in each case.

Medal Play—The meets will be conducted as Medal Play and 18 holes will be played. Summer rules are to be used, unless it is decided by the manager of the meet and the Center Principal that the condition of the course makes the use of winter rules necessary.
Scoring — Each threesome or foursome will be made up of players from different schools. The players will count and keep score for each other.

Awards — The IHSAA will award a trophy to the winning team in each sectional. In case of a tie an additional hole or holes shall be played until a winner is determined.

Suitable ribbons will be presented by the IHSAA to the members of the three teams qualifying for the Regional Meet. The three low Medalists will receive ribbons.

Teams — Each school may enter six (6) players and the team must consist of four (4) of these six. The four players must be designated prior to the beginning of the tournament. A number less than four from a school cannot participate. Players should be listed on the entry blank according to team position.

QUALIFICATIONS FOR REGIONAL MEET

Teams

The first three teams to finish in the sectional shall advance to the Regional Meet.

Only schools posting a team score at the completion of a Sectional Meet are to be considered actual “participating” teams.

Individuals

The three low medalist players in each sectional meet are eligible to compete as individuals in the regional meet competition, provided their school posted a team score in the sectional.

Ties — In all cases of ties, either low-medalists or teams, an additional hole or holes shall be played until the tie is broken. These play-offs will be used to determine the trophy winner as well as determining the low-medalists or teams who will advance to the Regional Meet. Only 3 teams and 3 individuals are to advance to the Regional Meet.

BASEBALL

Even though, due to consolidations, the membership of the IHSAA was smaller than the previous year, twenty-four more high school teams entered the baseball tournament series. Four hundred thirty-six schools entered the sixty-four sectional tournaments. The winners participated in sixteen regionals, four semi-states, and the state finals.

East Chicago, Franklin, Jasper and Madison Heights (Anderson) hosted semi-state tournaments. Hammond Bishop Noll High School was the winner at East Chicago, Spencer High School topped the Franklin tournament. From Jasper and Madison Heights, Jasper High School and Marion High School respectively advanced to the state finals.

The final three games were played in Bush Stadium in Indianapolis. Due to inclement weather the start of the first game was delayed about an hour and a half. Thereafter the games were played without any further interruptions.

In the first game Marion High School defeated Jasper High School by a score of 8-2. Jasper started out strong and led 2-0 until the sixth inning. In this inning Marion blew the game open by scoring six runs. Jasper was the only team of the 1967 finalists to make the title round again.

Hammond Bishop Noll in the second game defeated Spencer 4-0. Spencer which had won 25 of 26 games and had a 20 game winning streak got eight hits and could not score. Noll made only four hits off Spencer pitcher, Bob Taylor, but made them count.

In a tight game Hammond Bishop Noll High School defeated Marion High School 1-0. Terry Quinn tripled and scored on a bad relay throw in the first inning for the only run of the game. The game was a tightly pitched battle between Noll's Jack Polance and Marion's Rick Hutcheson. Marion's only threat was in the seventh inning. Hutcheson allowed two hits, struck out three batters and walked none. Polance surrendered three hits, struck out nine and also walked none.

The Board of Control unanimously selected Hugh McClelland III of Marion High School as the recipient of the second L. V. Phillips Award. The recipient of this award must excel in scholarship, mental attitude, school citizenship, as well as athletic ability in baseball.

ANNOUNCEMENT OF STATE BASEBALL TOURNAMENT SERIES

THE SECOND ANNUAL

These rules are reprinted from the 1968 May Bulletin.

The Board of Control has completed the details for the State Championship Baseball Tournament and announces the plan in full; with the understanding that the Board of Control reserves the right to readjust the plan and arrangements for any and all tournaments if conditions arise making changes advisable or cancellations necessary.

The following bases were used in selecting sectional, regional and semistate centers: (1) Location—geographical with reference to schools desiring to participate; (2) Transportation accommodations; (3) General Conditions—attitude of local authorities, fields, entertaining facilities, etc.; (4) Invitation.

IMPORTANT INFORMATION CONCERNING SECTIONAL, REGIONAL, SEMI-STATE AND STATE TOURNAMENTS

1. BALL—The Board of Control has selected the Rawlings #R.O. Official ball as the official ball for the entire tournament series. Practice balls must be furnished by competing schools.

2. LENGTH OF GAME—All Tournament games are scheduled for seven innings, unless shortened by weather conditions or the game ends in a tie, in which case the game will continue until one team is the winner.

A game shall also end when, if after five innings, a team is 10 or more runs behind and has completed its turn at bat. (Exception—the final state championship game).

4. SCHOOLS ELIGIBLE—All members in good standing in the IHSAA are eligible to enter teams in the series of tournaments. Each eligible school may enter a team in the tournament series even though its second semester may end before or during the tournaments.

However, only those students who were eligible at the close of school may be used on the tournament team. Seniors who may have graduated at the close of the second semester may participate in the tournament provided they meet all other eligibility requirements.

5. SINGLE ELIMINATION—All phases of the IHSAA Tournament are based on the single elimination plan.

6. MEN IN UNIFORM—In each of the tournaments, no school shall have more than eighteen players, the team coach (or coaches) and two managers (one of whom must be the bat boy). The eighteen players shall be the ones certified for the tournament. Trainers not in uniform may be permitted on the bench.

The only representatives of a school allowed on the bench are the players, coaches, managers, and a trainer.

7. COACHER'S BOXES—The Coach's Boxes may be occupied by two coaches, one coach and one member of the team or two members of the team and all must be in uniform.

8. PITCHING REGULATION—A pitcher may not pitch in more than ten (10) innings in any three consecutive calendar days. This period begins when he officially enters the game as a pitcher.
Note: The three day rule shall begin with the first day of the sectional tournament and shall be in effect continuously throughout the entire tournament series.

9. DECISIONS OF UMPIRES FINAL—The decisions of the umpires are final and protests arising from the decisions of the umpires or any inadvertent misinterpretation of the rules will not be considered by the IHSAA.

10. HEAD PROTECTOR REQUIRED—The batter and runner in all IHSAA games and tournaments are required to wear a head protector.

11. PRE-GAME PRACTICE—Each team will be allowed 15 minutes practice before each game to be used as the coach sees fit. Prior to the championship game, 20 minutes will be allotted each team for batting practice and 10 minutes for fielding, weather permitting.

12. HOME TEAM—Prior to each tournament game, home team privileges shall be determined by the toss of a coin. The home team shall occupy the third base bench.

13. CONDUCT OF COACHES AND PLAYERS:
   A. No coach, player or other person officially connected with the team shall be permitted to smoke on the bench or playing field either during practice or while a game is in progress.
   B. No coach or other school official shall, during the progress of a game, be allowed on the field of play except by permission of the game officials.
   C. Except for those coaches or eligible players who may be serving as coaches at first or third base and players legally in the “next batter” boxes, all other coaches, managers, substitutes and players awaiting their turn at bat shall remain off the players’ bench. Umpires will be instructed to enforce this rule to the limit.
   D. The captain and the head coach shall be the official spokesmen and the sole representatives of their team in all communications with the officials.
   E. Abusive remarks to game officials by coaches or players shall be regarded as unsportsmanlike conduct. The offender or offenders shall be disqualified and removed from the bench and playing field.

14. INTERRUPTED GAMES—Interrupted baseball games shall start at the point of interruption until it is an official game in accordance with Rule 4, Section 2, Article 5 Note of the Official Rules.

Example: At the end of the second inning, game is interrupted by rain. When play is resumed either on that day or a following day, the same line-ups shall be used and the game will proceed from the point of interruption. Runs, count on batter, baserunners, etc. shall be the same when the game is resumed.

15. COACHES CONFERENCES—Each team may be granted not more than three charged conferences during a game, without penalty, to permit a coach or his representative to confer with a defensive player or players.

Time granted for an obviously incapacitated player shall not constitute a charged time out. PENALTY—For any charged conference in excess of three, the pitcher must be removed as pitcher for the duration of the game.

16. FIELD MARKINGS—The playing field shall be marked in accordance with Rule 1, Section 2, Article 1. The foul lines should be extended a minimum of 250 feet from home base.

17. UMPIRES—Three umpires will be assigned by the IHSAA to all sectional and regional tournaments. Four umpires will be assigned to all semi-states and the state tournament.

18. PLAYING SCHEDULES—All pairings for all tournaments will be made by a chance drawing by the Board of Control on May 21, 1968. Games will be played according to the way they are drawn on the schedule.

19. The Re-entry Rule 3-1-3 will NOT be used in any of the State Sponsored Baseball Tournaments. A Withdrawn Player shall not re-enter the game.

SECTIONAL TOURNAMENTS
May 27-June 1, 1968

Many schools have been assigned by counties but there are a number of exceptions. Some changes were made to equalize the number of participating teams resulting in better balanced schedules or the use of less school time. The plan is to have no less than 4 teams and no more than 8 teams in each tournament, and the tentative assignment of all schools is given in the list which follows. The winners will constitute the teams in the Regional Tournaments according to assignment. ENTRY BLANKS ARE NECESSARY. AN ENTRY BLANK IS ENCLOSED.

RAINED OUT GAMES—If a game in any tournament must be postponed because of rain or wet grounds; or if a game is called by the umpire because of rain, darkness, or other reasons the game must be re-scheduled for the following day and resumed at the point of interruption. If the postponed or called game is the first opening round game, it should take precedence. This procedure shall be continued if there are two or more consecutive days when it is necessary to postpone or call any game or games. See page 4 for interrupted games.

NOTE (1): If necessary to postpone any game and the first possible playing date falls on Memorial Day, the game may be played on that date by agreement of the participating schools.

OPEN CONTEST—These tournaments are open to all members of the Association, except to schools holding preparatory, junior or associate memberships.

ENTERTAINMENT—If possible, the Center Principal should provide entertainment for the visiting teams.

EXPENSES—There will be no entry fee. Traveling expenses must be paid by the competing schools.

ELIGIBILITY—The eligibility of players must be certified by the principal of the school sending the team. Certification must be made on the Official Entry Blank furnished by the Commissioner and all data must be given as indicated. An Entry Blank marked “Your Duplicate” is enclosed for your convenience. It is advisable to mail the entry blanks early, as changes can be made by telephone, telegram or letter any time up to 4:00 p.m. Wednesday, May 15. Registered letters are not recommended, as they are a slow form of delivery. Regular or special delivery mailing is the most satisfactory. A postal card from this office will acknowledge receipt and correctness of your entry. The Board of Control has ruled that late entry blanks will not be accepted.
