**FOR ACTION**

1) CONSIDERATION FOR APPROVAL -- JUNE MEETING MINUTES  
The minutes of the June 25, 2020 meeting were recommended for approval.

*A motion for approval was made by Tim Grove; seconded by Ed Gilliland; motion approved 18-0.*

2) CONSIDERATION FOR APPROVAL -- NEW APPLICATIONS FOR IHSAA MEMBERSHIP  
Commissioner Paul Neidig presented an application received from KIPP Indy Legacy High School of Indianapolis seeking IHSAA membership.

*A motion for approval was made by Nathan Dean; seconded by Jim Brown; motion approved 18-0.*

KIPP Indy Legacy High School was approved for a four-year provisional membership period and will be assigned a mentor from the IHSAA Executive Staff. The school may begin competing with other IHSAA member schools immediately in regular season events and, pending approval at the end of the four-year provisional period, be eligible for state tournament competition beginning in 2024-25.

3) CONSIDERATION OF APPROVAL -- EMERGENCY BY-LAW CHANGE TO 15-2.2, 17-8.1, 17-8.5  
Commissioner Paul Neidig and Attorney Bob Baker presented emergency temporary amendments to Rule 15-2.2 Team Sports (Baseball, Basketball, Football, Soccer, Softball and Volleyball), amendment to Rule 17-8.1 General Waiver of an IHSAA rule, and amendment to Rule 17-8.5 Limited Eligibility Waiver.
1. The following is a proposed amendment to Rule 15-2.2 Team Sports (Baseball, Basketball, Football, Soccer, Softball and Volleyball). This is necessary to deal with a situation created by the shutdown of Spring 2020 sports and the number of Team Sports students who can participate on a Non-School Team during the School Year Out-of-Season. Current Rule 15-2.2 restricts the number of student-athletes from one School on a Non-School Team, and defines such a student-athlete as one who participated in a Contest the prior season. However, since there were no Spring 2020 sports and no Contests, the rule as written allows any number of spring 2020 sport athletes to be on a single Non-School team during the up-coming School Year. The proposed change eliminates the reference to “the prior season”, thereby making the rule applicable to any student who has participated in any Contest at any time and also redefines a freshman student subject to the limitation to one who is a freshman this year, or who was a freshman last year.

15-2.2 Team Sports (Baseball, Basketball, Football, Soccer, Softball and Volleyball)

a. Students may participate in Team Sport Practice and Contests as members of a Non-School Team provided no more than the following number of students, (i) who have participated in a Contest the previous season as a member of One (1) of their School teams in that sport or (ii) who was are an incoming freshman in either the current or in the immediate prior School Year (and who seeks to participate on a Non-School Team from Monday of Week 5 until the date of the first authorized Practice in that sport), are rostered on the same Non-School Team, at the same time. Seniors, who have exhausted their eligibility in a particular sport, do not count in the maximum number of students that can participate on a Non-School Team in that sport.

A motion for approval was made by Mike Whitten; seconded by Brent Duncan; motion approved 19-0.

2. Full eligibility under rule 17-8.5 (Limited Eligibility Waiver Rule) is initially restricted to those cases where both principals actually sign the Rule 17-8.5 Verification (verifying that the transfer is in the best interest of the student and that there are no athletic related motives surrounding the transfer). Recently there have been some review bodies which have concluded that the principal’s decision to sign or not sign the Rule 17-8.5 Verification is reviewable (and have then adversely reviewed the principals decision). These reviewing bodies have not really tried to explain the actual authority or rule upon which this review of the principals’ decisions is premised. However, someone might argue that rule 17-8.1 (General Waiver Rule) serves as that authority. The proposed amendment to rule 17-8.1 will add ‘rule 17-8.5’ to the specific rules which a rule 17-8.1 waiver is unavailable. The proposed amendment to rule 17-8.5 rewords the section to clarify that the actual signing of the Rule 17-8.5 Verification is a condition precedent to a rule 17-8.5 waiver, and the principal’s decision to sign or not sign is not subject to review.

17-8 Waiver

17-8.1 General Waiver of an IHSAA rule

Except with respect to rules 4, 8-4, 12, 17-8.5 and 18, and Contest Officials’ decisions, the Commissioner, his designee, the Review Committee or Case Review Panel shall have the authority to set aside the effect of any rule and grant a general waiver when the affected party establishes, by clear and convincing evidence, and to the reasonable satisfaction of the Commissioner, his designee, the Review Committee or the Case Review Committee, that all of the following conditions are met:......

17-8.5 Limited Eligibility Waiver

a. In addition to the foregoing, in transfer cases under rule 19-6, the Commissioner, his designee or the Committee shall have the authority to set aside the effect of the transfer rule and grant a student full eligibility following a transfer if (a) the student continues to reside with his/her parent(s) or Guardian(s), (b) the student establishes, to the reasonable satisfaction of the Commissioner, his designee or the Committee, that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer, and (c) the principals
of the sending and receiving Schools each affirm in writing that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer.

b. In addition, in those circumstances where the student attended a School, other than the sending and receiving School, at any time during the Three-hundred Sixty-five (365) days prior to the transfer, the principal of the other school(s) the student attended during the Three-hundred Sixty-five (365) days prior to the transfer must also affirm in writing that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer.

c. This rule provides a process wherein a student with Limited Eligibility can obtain a waiver and Full Eligibility. The process requires that all the principals involved must be in agreement, that all the principals involved must recommend full eligibility and that all the principals involved must confirm in writing, through their respective Rule 17-8.5 Verifications, that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer. A signed Rule 17-8.5 Verification from each principal involved is a condition precedent to obtaining a rule 17-8.5 waiver and Full Eligibility. A principal’s decision to sign or not sign the Rule 17-8.5 Verification is not subject to review by the Commissioner, his designee, the Review Committee, the Case Review Panel or any other reviewing body.

A motion for approval was made by Nathan Dean; seconded by Jim Brown; motion approved 19-0.

4) CONSIDERATION FOR APPROVAL – ANNUAL REQUEST FROM INDIANA SCHOOL FOR THE DEAF
Commissioner Paul Neidig and Assistant Commissioner Kerrie Schludecker presented an annual letter of special request from the Indiana School for the Deaf. The IHSAA By-Laws provide for special accommodations for the Indiana School for the Deaf including allowing the school’s volleyball coach to cross the attack line to communicate with their student-athletes on the court.

A motion for approval was made by Brian Strong; seconded by Patti McCormack; motion approved 19-0.

5) CONSIDERATION FOR TENTATIVE APPROVAL -- STAFF ATTENDANCE AT SELECTED MEETINGS

6) CONSIDERATION FOR APPROVAL – INDIANA FOOTBALL COACHES ASSOCIATION PROPOSALS
Assistant Commissioner Robert Faulkens led a discussion on the rules proposals presented by the Indiana Football Coaches Association at its June 25, 2020 meeting.

Proposal 2020:
The Indiana Football Coaches Association seeks to sponsor and pilot 8-man football as an IHSAA fall sport offering to begin in the fall of 2021.

8 Man Football to be offered to any school with an enrollment of less than 300 total students and would like to start an 8-man football team and is not currently playing 11-man football.  
2020-2021 School year – Recruit 16+ schools currently not playing football to commit to starting 8-man football to participate in the fall of 2021.
- IHSAA in partnership with IFCA will send out surveys to IHSAA schools to identify interest.
- The IHSAA and the IFCA will work with interested schools to:
  o Guide initial set up and format planning.
  o Provide resources and guidance for schools and coaches to use for how to navigate the different rules, run an offense, defense, kicking game, conduct efficient practices, etc.
  o Seek grant money for start-up costs, and develop a program for donating and sharing of protective equipment. (USA Football, NIKE, Adidas, Div.1 programs).
  o Work with pool of schools to develop a full schedule for 2021 season to include out of state games, common game locations (4 games at 1 site in 1 day) and other scheduling obstacles.
  o Develop a tournament format that concludes the weekend of week 10 of IHSAA football regular season. (Bye week for class 6A and 5A).
  o Work with schools to address questions and concerns as they pilot an 8-man football season.
- Begin playing 8-man football in fall of 2021.

Some members of the Executive Committee expressed concern over the effect this might have on the smaller school conferences with some opting for 8-man while others would not, along with the added expense for schools in the current environment. The Commissioner said by enacting this rule proposal would require a by-law change.

The above proposal from the IFCA did not receive approval due to lack of a motion.

Proposal 2022:
Our membership seeks to add two divisions of 8-man football to the current IHSAA sport offerings to begin in fall of 2023.

Structure
**Division 1** to include any school with an enrollment of less than 300 total students and would like to start an 8-man football team or move from 11-man to 8-man football with evidence of declining enrollments, participation trends, etc.  
**Division 2** to include any school with an enrollment of 300 or more total students who would like to start playing 8-man football or who currently plays 11-man football and would like to move to 8-man football.
- Eligible schools must notify the IHSAA of their intention to start/move to 8-man football /11-man football by December 1 prior to year of reclassification cycle in IHSAA calendar.
- Schools who currently play 11-man football and wish to drop to 8-man football will have to provide evidence of declining enrollment and or declining participation trends in middle school and youth programs to the IHSAA. The IHSAA will determine the validity of the data to recommend playing 8-man or 11-man for the next classification.
  o IHSAA will consider each school on a case by case basis as it relates to school enrollment data, football program participation rates, feeder school and youth program participation rates and other circumstances that influence the number of eligible student athletes wanting to participate in football.
The IHSAA will also consider such program policies such as roster limitations, eligibility restrictions and other qualifications that impact participation rates.

- Schools would be required to play in a classification (8-man or 11-man) for a two year cycle. This includes new football playing schools.
- Once schools are classified as 8-man or 11-man football teams, the IHSAA will classify the 11-man football teams as follows:
  - 32 largest schools in class 6A
  - 32 smallest schools in class 1A
  - 64 teams in class 2A, 3A, 4A.
  - Class 5A will be adjusted with the remaining schools

The 11-man football tournament will be played as usual with bye weeks in class 5A.
- 8 Man Football Division 1
- 8 Man Football Division 2

There will be separate 8-man tournaments for each 8-man division, each to conclude the weekend of week 10 (1st round of 11 Man tournament).

A motion for approval was made by Tim Grove; seconded by Dave Worland; motion failed 0-19. Because this proposal would require a by-law change as it’s adding a new sport (8-man football), the Executive Committee requested the staff further study this proposal in conjunction with the Indiana Football Coaches Association for future consideration.

Assistant Commissioner Kerrie Schludecker led a discussion on the rules proposals presented by the Indiana High School Volleyball Coaches Association at its June 25, 2020 meeting.

   A motion for approval was made by Mike Whitten; seconded by Matt Martin; motion failed 1-18 with Tim Grove approving.

3. Allow Indiana high school programs to host tournaments with schools that are outside the 300 miles from the state lines.

For this fall in lieu of reducing the football tournament reimbursement from 98% to 50%, the IHSAA is making an appeal to the membership and the fall sport tournament hosts in particular to cut expenses by 20% this fall to get back to financial solvency. This will be revisited after the fall season concludes.

16) TRANSFERS
Assistant Commissioner Paul Neidig reported on transfers that have been ruled on for the period of June 1-August 20, 2020 and, for comparison, the numbers from the same period a year ago. Numbers have dropped significantly which is mostly attributed COVID-19.
