## New Sectional Assignments approved by IHSAA Executive Committee

Earlier today, the IHSAA Executive Committee approved the sectional assignments in six team sports for the next two school years.

The Executive Committee accepted the recommendations of the respective realignment committees which determined the sectional groups for the 2022-23 and 2023-24 school years.

Three committees consisting of school administrators representing each IHSAA district and class were constructed to realign the sports. The football committee totaled 18 administrators, the basketball and volleyball committee was made up of 12 members and the soccer committee consisted of nine individuals.

The baseball and softball realignment committee will meet this summer after both state tournaments conclude in June with their sectional recommendations being presented to the Executive Committee for approval at its August meeting.

Host sites for the next two years will be determined by administrators in each sectional this summer.

### **About the Indiana High School Athletic Association, Inc. (IHSAA)**

*The IHSAA is a voluntary, not-for-profit organization that is self-supporting without the use of tax monies. Since its founding in 1903, the Association's mission has been to provide wholesome, educational athletics for the secondary schools of Indiana. Its 407 member high schools - public, institutional, parochial and private – pay no annual membership fee or incur entry fees to play in the Association's tournaments. A state tournament series is conducted annually in 22 sports, 10 for girls, 10 for boys and two co-ed (unified flag football and unified track and field). A 19-person board of directors, elected by member school principals, governs the organization.*
