## Boys Tennis State Tournament Pairings Revealed

The sectional pairings for the 59th Annual IHSAA Boys Tennis State Tournament were revealed to an online audience via IHSAAtv.org this evening.

A total of 292 schools were drawn and placed into brackets for the team tournament which begins Tuesday (Sept. 30) and runs through Saturday (Oct. 4).

The 64 team sectional winners will advance to regional play Oct. 7 and 8 at 16 sites. The regional champions will advance to semi-state play Oct. 11 at Center Grove, Culver Academies, Homestead, and Jasper. The eight-team state finals are scheduled for Oct. 17 and 18 with all matches being played at North Central High School in Indianapolis.

The **Carmel Greyhounds**, the top-ranked team in this week's poll from the Indiana High School Tennis Coaches Association (IHSTeCA), will meet No. 5 **Zionsville** in the semifinals of Sectional 35.

The defending state champion and third-ranked **Brebeuf Jesuit Braves** will meet **Pike** in a Sectional 36 first round match.

State tournament brackets, including dates and times and results for each match, will be uploaded to IHSAA.org this week.

## **About the Draw**

To conduct the random drawing for the state tournament, the IHSAA places ping-pong balls representing each school in each sectional into a lottery-style air mix machine. A motorized fan in the bottom of the machine blows the balls around the inside of the transparent container and air then forces each ball up through a tube in random order. For example, the first ball retrieved from the machine will be the first placement in the first match with the second ball representing their opponent in that match. The third ball to come out is the third placement in the second match with the fourth ball their opponent in the second match. That same method is followed through all sectionals, regionals and semi-states to determine every team's placement in the bracket.

**Schools Entered:** 292 schools (same as last year). 291 matches will be played over the three-week tournament.
