About the Draw

To conduct the random drawing for the volleyball state tournament, the IHSAA places ping-pong balls representing each school in a sectional into a lottery-style air mix machine. A fan in the bottom of the machine blows the balls around the inside of the transparent container and air then forces each ball up through a tube in random order. For example, the first ball retrieved from the machine will be the visiting team in match one with the second ball representing the home team in match one. The third ball to come out is the visitor in match two and the fourth ball the home team in match two. That same method is followed through all 64 sectionals, 32 regionals, and eight semi-states.

Schools Entered: 400 schools. 396 matches will be played over the four-week tournament.

About the Indiana High School Athletic Association, Inc. (IHSAA)

The IHSAA is a voluntary, not-for-profit organization that is self-supporting without the use of tax monies. Since its founding in 1903, the Association's mission has been to provide wholesome, educational athletics for the secondary schools of Indiana. Its 412-member high schools - public, institutional, parochial and private - pay no annual membership fee or incur entry fees to play in the Association's tournaments. A state tournament series is conducted annually in 24 sports, 11 for girls, 11 for boys and two co-ed (unified flag football and track and field). A 19-person board of directors, elected by member school principals, governs the organization.
