Foreword

This publication is for those who conduct secondary school athletic programs. It will be revised and brought up to date annually and distributed to all member schools at the beginning of each school year.

If, after reading and studying its contents, school administrators have a question/s regarding any rule, they should communicate with the Commissioner. Whenever there is doubt as to the eligibility of any student, a written inquiry from the Principal to the Commissioner will receive a reply explaining the pertinent rule/s interpretation/s or the inquiry will be referred to the Executive Committee for review and for a decision.

“Notes” and questions are inserted as explanatory and clarifying material. Such are not to be considered as parts of the body of the By-Laws and the changing of such does not require Board of Director action. Questions and answers have been included to assist in interpreting the rules and regulations. The questions are real ones gathered from past correspondence to the Association Office. The answers given are according to rules and their interpretations by the past Executive Committees.

All changes in the By-Laws during the past year are shaded in grey.

Q & A

Application of Tournament Success Factor Rule

- Q. 2-1 Is there a Success Factor Rule for Individual Sports?
 - A. No, the Success Factor Rule applies only to Team Sports. (rule 2-5)
- Q. 2-2 If a School has success in one Team Sport, does that success result in the School moving up to a higher class in another Team Sport?
 - A. No, the Success Factor Rule is applied strictly on a sport-by-sport basis. (rule 2-5)
- Q. 2-3 What happens to a School, during a reclassification, which has a change in enrollment which would result in the School changing classes, but which is also subject to a change in class because of the Success Factor Rule?
 - A. A change in a School's enrollment which would otherwise result in a change of the School's Class shall not apply to a School which changes Classes under the Success Factor, unless the enrollment change would result in the School being placed in a Class higher than the enrollment Class dictated by the Success Factor Rule, and in that circumstance, the School shall be placed in the enrollment Class determined by the School's enrollment for the next reclassification period.
- Q. 2-4 How are Schools, during Team Sports reclassifications, placed in classes when there are Schools which change Classes because of the Success Factor?
 - A. Application of rule 2-2, the Reclassification Rule and rule 2-5, the Success Factor Rule, determine the placement and the number of Schools in each Class. During reclassification in a Team Sport, Schools are placed in Classes based upon

However, in the Team Sport of football, rule 2-2(g) is inapplicable, and after a School is re-classed into a larger-enrollment Class pursuant to rule 2-5, the smallest School in that Class shall move down to the next lower-enrollment Class in order to have equal sized Classes.

A member School's "responsibility" includes the responsibility of instituting full and complete team and crowd control measures at all Contests in which such member School participates, assuring that the participants, staff and boosters of the member School conduct themselves at all times in a proper and sportsmanlike manner, and assuring full compliance by participants, staff and boosters of the member School of all association rules, including those involving eligibility and undue influence.

3-7 Member Schools Are Not Agents of IHSAA

In enforcing the rules set forth in the By-Laws of the Association, member Schools are not the agents of the Association, and therefore, the failure of a member School to dutifully discharge its duties as set forth under these rules or to enforce any of the rules of the Association shall not prevent either the Commissioner or the Executive Committee from imposing appropriate sanctions for violations which either the Commissioner or the Executive Committee find to have occurred.

physician assistant, that they are again physically fit to participate in interschool athletics. (See rule 9-14 for Practice requirements.)

Q & A

Administrative Responsibility -- Generally

Q. 3-1 Who is the responsible party in IHSAA athletics?

A. It is presumed that the principal of a member School secured the consent of the administrative head of the School system to take out voluntary Membership in the IHSAA and that the principal is the administrative head, not only in name but in fact, of the interschool athletic activities of the School and of the students in the school. (rule 3-1) Wherever it is determined that the School principal is not the administrative head in name and in fact of the interschool athletic activities and of the students in the member School, the member School will have broken its agreement with the IHSAA and may be removed from Membership in the IHSAA. The burden of proof shall rest in all cases with the School official's concerned (rules 3-1, 17-7.1).

Q. 3-2 Is there a responsibility for member Schools to self-report rule violations?

A. Yes. It is the responsibility of each member School to control its athletic program in full and complete compliance with the rules and rulings of the IHSAA, which embraces the IHSAA By-Laws, the IHSAA General Eligibility Rules, the IHSAA Sports Rules, the Unified Sports® Rules, the IHSAA Junior Member Rules, as well as all IHSAA policies, regulation and rulings (rules 3-1, 3-6, 3-8, 3-9) This responsibility includes the obligation of a member School to report to the IHSAA the occurrence of any act or event which has resulted, or which may result, in a violation of an IHSAA rule or ruling by a member School, a member School's faculty member, including the coaching staff, a member School's student or a member School's fan and supporter. For example, if a member School is made aware that One (1) of its student may have violated the participation rule, rule 15, it is the responsibility of the member School to report such potential violation to the IHSAA, so that the IHSAA can investigate and determine whether a rule violation has occurred, and can issue the appropriate penalties under the IHSAA rules.

Suspension of Membership

Q. 3-3 What types of violations could cause a member School to be suspended?

A. The penalties for any violation of the Articles of Incorporation, the By-Laws, the General Eligibility Rules, the IHSAA Sports Rules, the Unified Sports® Rules and any established policy, regulation or rulings of the IHSAA are described in rule 17-7. However, any of, but not limited to, the following reasons could cause a member School's Suspension from Membership:

- a. violations of the Articles of Incorporation, the By-Laws, the General Eligibility Rules, the IHSAA Sports Rules, the Unified Sports® Rules and any established policy, regulation or rulings of the IHSAA (rule 17-7.1);
- b. failure of the principal to assume direct responsibility for the School's interschool athletic program (rules 3-1, 17-7.1);
- c. refusal to abide by the decisions of the Commissioner or Committee (rule 17-7.1);
- d. violation of the Undue Influence Rule (rules 17-7.1, 20);
- e. violation of contracts with another member School. (rules 11, 17-7.1);
- f. violation of a game official's contracts (rules 3-1, 17-7.1);
- g. knowingly using an ineligible player (rules 3-8, 17-7.1);
- h. failure to provide adequate security and/or police protection (rules 3-1, 3-6, 17-7.1);
- i. removing an individual or team from a Contest because of dissatisfaction with the officiating, etc. (rules 9-16, 17-7.1);
- j. failure to control the spectators and players' bench (rules 3-1, 3-6, 17-7.1);
- k. failure to adequately protect officials and visiting team (rules 3-1, 3-6, 17-7.1);

Rule 3 - Administrative Responsibility

- l. violation of Practice and Contest Season limitations and rules (rules 17-7.1, 50);
- m. mutual agreements to violate the rules of the IHSAA (rules 9-2, 17-7.1).

Requirements of the Consent and Release Certification

- Q. 3-4 Must a student provide to the student's School a completed and signed Consent and Release Certificate form prior to the student's participation in the first Practice?
 - A. Yes, the completed and signed Consent and Release Certificate form will satisfy the requirement for participation in interschool athletics. (3-10, 3-11) (See rule 9-14 for Practice requirements)
- Q. 3-5 If a student athlete lives in a One (1) parent household, must the student obtain the signatures of both parents on the IHSAA Consent and Release Certificate form?
 - A. The IHSAA Consent and Release Certificate form must contain the signature of all custodial parents. (rule 3-10)
- Q. 3-6 Does a student need to have submitted a completed and signed IHSAA Consent and Release Certificate form prior to participating in a Summer Open Facility Program or a Limited Contact Program?
 - A. No. The IHSAA does not require students have a completed and signed IHSAA Consent and Release Certificate form submitted prior to the student's participating in an Summer Open Facility Program or a Limited Contact Program, although the School may have such a requirement. A student must provide to the student's School a completed and signed IHSAA Consent and Release Certificate form prior to the student's participation in a Practice. (rule 3-10)

Ineligibility follows the Student

- Q. 3-7 Does disciplinary ineligibility in One (1) School carry over to the second School when a student transfers?
 - A. Yes, a student must be eligible in all respects at the School from which the student transferred. And this means that an ineligibility ruling under the rules of a prior School shall carry over to the new School even though the student would be eligible under the rules at the new School. (rule 3-8)

School Representative at a Contest

- Q. 3-8 Must the member School principal be personally present at all interschool athletic Contests?
 - A. No. The member School principal is responsible to insure proper representation by officially designating personnel. "Proper representation" requires the presence of a faculty member or other certified or non-certified person who meets the coach qualification requirements. While a coach is a proper representative, if a coach who is the only School representative present, is ejected from a Contest, the School may not continue to participate and the Contest should be terminated and forfeited to the opponent. (rules 3-2, 3-3, 3-4)
- Q. 3-9 Is there a different supervision requirement for a student participating in an Individual Sport Tournament Series than a student participating in a Team Sport Tournament Series?
 - A. No, the supervision requirement is the same for Individual Sport entrants as for Team Sport Entrants. (rule 3-4)

Certification of Eligibility

- Q. 3-10 Who is responsible for certifying that a student athlete is eligible for interscholastic athletics?
 - A. A student's principal has the responsibility to certify the eligibility of all students at the School, for maintaining sufficient records to verify each student's compliance with all eligibility rules and, upon the request of a fellow member School principal, or upon a request from the IHSAA, to provide written certification of a student's eligibility. (rule 3-8)
- Q. 3-11 When the eligibility of a student is in question, what procedure should be followed?
 - A. The student should not be permitted to participate until the student's principal has made a determination of eligibility in conjunction with the IHSAA, if appropriate. (rule 3-8)

Rule 3 - Administrative Responsibility

Crowd Control

Q. 3-12 Is the home/host School exclusively responsible for crowd control?

A. No. While the home/host School must assume a primary responsibility for the management of the Contest, including providing for crowd control, there is a mutual responsibility on all participating Schools. The visiting School(s) must also take such measures as are necessary to ensure proper behavior by the visiting School's students and fans. (rule 3-6)

Q. 3-13 What steps must a School take when a fan of the School's team becomes unreasonably unruly and/or is ejected from a Contest?

A. For the same reason a School is required to take affirmative steps after the ejection of a student athlete, coach or administrator, a School is expected to promptly take remedial action when a fan of the School's team is unreasonably unruly and/or ejected. While a complete list of the remedial steps is impossible, it would be appropriate that the unruly/ejected fan be barred from One (1) or more future Contests and that, in the future, the unruly/ejected fan's seating be restricted to certain locations at the venue.

More Restrictive School rules

Q.3-14 May a member School impose rules that are stricter than those rules and regulations included in the IHSAA By-Laws and Articles of Incorporation?

A. Yes, a School may narrow the scope of the activities of the students, provided the School's rules do not violate or conflict with the IHSAA rules. (rule 3-5).

A student who is or shall be Twenty (20) years of age prior to or on the scheduled date of the IHSAA State Finals in a sport shall be ineligible for interschool athletic competition in that sport; a student who is nineteen (19) years of age on the scheduled date of the IHSAA State Finals in a sport shall be eligible for interschool athletic competition in that sport.

Procedure to Follow in Determining Age

RULE 5 – AMATEURISM AND ASSUMED NAME PROHIBITION

5-1 Amateurism – Sport-Specific

To be eligible to participate as a representative of a member School in a sport recognized by the Association, a student must be an amateur in that sport.

5-2 Definition of Amateurism

An amateur is one who engages in athletic competition solely for the physical, mental, social and pleasure benefits derived from the activity. To be an amateur in a sport, a student cannot have:

- a. Accepted remuneration, or a benefit other than of a symbolic nature, directly or indirectly, for athletic participation in that sport.

5-3 Benefits Which Do Not Violate Amateurism

- a. Accepting an award approved by the Association, or which meets the criteria for the award, as described in rule 6.

Rule 5 - Amateurism and Assumed Name Prohibition

 - (3.) the student has not since violated the amateur rule,
 - (4.) a period of Three-hundred Sixty-five (365) days, or such other period as is deemed appropriate, has passed since the date the student violated the rule, and
 - (5.) the student's principal can certify to the accuracy of the foregoing criteria.
- b. In considering reinstatement, the Commissioner, or designee, may consider whether the violation was intentional or not, whether the student knowingly participated in the rule violation, the size and character of the remuneration or benefit, and any other factor materially bearing upon the rule violation.

5-5 Assumed Name Prohibition

A student may not play under an assumed name.

5-6 Member School Violation of Amateurism

A member School violates the amateur rule if the party giving, or involved with giving, the remuneration or benefit is, directly or indirectly, a member of the School's student body, a member of the School's staff or a booster or fan of the School's athletic program and/or other extracurricular activities. A violation of the amateur rule by a member School will result in the penalties described in rule 17-7.1.

Q & A

Amateurism - Generally

Q. 5-1 How does a student athlete violate the Amateurism Rule?

A. An all-inclusive answer for all time and under all conditions cannot be given, but the receipt or use of any of the following may result in a violation of the Amateurism Rule: student accepting remuneration, directly or indirectly, for athletic participation. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. (rule 5-3) See also, rule 6-4 regarding college trips.

Q. 5-2 A local bank wants to name a player of the week in basketball – 1 for girls and 1 for boys. Is this permissible?

A. Yes, so long as the student does not accept merchandise, meals, cash, etc., for such recognition. (rule 5-2)

Q. 5-3 A junior basketball player wins a non-School free-throw shooting contest. The first place prize is a trip to Disney World. May the player accept the trip?

A. No. The student may not accept prizes or remuneration for participation in the student's sport. (rules 5-2, 6-1)

Q. 5-4 May a tennis player with remaining IHSAA eligibility receive and accept a tennis racket through a sporting goods dealer "free list" or "loan list"?

A. No, a tennis player who receives merchandise of any kind (or cash) in recognition of athletic achievement becomes ineligible in tennis. (rule 5-2)

Definition of Amateurism

Q. 5-5 Is the definition of amateurism by other organizations accepted by the IHSAA?

A. No, amateurism is defined by the IHSAA for IHSAA purposes. There is no definition of amateurism acceptable to all organizations, and the IHSAA does not recognize the definition of amateurism by other organizations. (rule 5-1)

Rule 5 - Amateurism and Assumed Name Prohibition

Students Sharing in Gate Receipts

- Q. 5-6 Are member School students permitted to participate and split the gate receipts among the players including the high School students?
A. No, this would be considered a violation of amateurism. (rule 5-2)

Students Working

- Q. 5-7 Do students who receive money for services such as a lifeguard, caddie, camp or clinic counselor, tennis or swimming instructor, summer recreation supervisor or official, jeopardize their eligibility in high school?
A. No, provided they merely receive reasonable and legitimate wages for services actually rendered. (rule 5-3)

Student Expense Reimbursement

- Q. 5-8 Does acceptance of reimbursement for expenses for a non-School competition constitute a violation of the Amateurism Rule, rule 5?
A. No, under rule 5-3, and provided the reimbursement can be documented, is reasonable and does not exceed actual out-of-pocket expenses, such reimbursement does not violate the Amateurism Rule.
Q. 5-9 What constitutes acceptable documentation for expense reimbursement?
A. Acceptable documentation for expense reimbursement is an itemized bill which has been properly receipted by the person or entity receiving the payment(s).
Q. 5-10 Can a student who plans to attend a showcase be sponsored by a third party, such as the student's father's company, which would pay for all the cost and fees of the showcase?
A. Yes. A third party may 'sponsor' a student's participation in a non-School event, such as a **Camp/Clinic**, a non-School team competition or a showcase, and may pay the student's reasonable meals, lodging, and transportation. However, such a sponsor cannot pay the actual "fee" for participation in the event and, of course, cannot pay anything to or on behalf of a student for the student's athletic participation or performance. The Participation Rule, rule 15, has one exception, and that is where a fee for a **Camp/Clinic** can be waived or paid by a third party for an Underprivileged Student (See, Definitions).

Keeping Player Equipment and Uniforms

- Q. 5-11 Does a student always violate the Amateurism Rule, rule 5-2, when the student athlete fails to return player equipment or a player's uniforms following the conclusion of the student's participation on a School Team or a Non-School Team?
A. No. A student's failure to return equipment or a uniform to a School Team or to a Non-School Team violates the Amateurism Rule only when the student has not paid a reasonable fee to participate on the Team. When a student pays a participation fee to a Team, it is presumed that all or a share of the fee is going to the cost of outfitting the student athlete with equipment and uniforms, and therefore, when the student athlete leaves the Team, the student should be able to keep that equipment and those uniforms which the student athlete originally help pay for, and should not be found in violation the Amateurism Rule. However, a student athlete violates the Amateurism Rule, rule 5-2, when the original cost of the equipment and uniforms which the student athlete keeps exceeds Two Hundred Fifty Dollars (\$250.00).

College Letter of Intent

- Q. 5-12 Do students violate their amateur status when they sign a college enrollment "Letter of Intent"?
A. No, however acceptance of other material things might violate their amateur status. (rule 5-2)

Amateurism Unique to Sport

- Q. 5-13 If a student's non-School participation in an IHSAA Recognized Sport (i.e. swimming) would result in a technical violation of the Amateurism Rule, rule 5, but the student does not participate that sport (swimming) at his/her School, would the student's eligibility in other sports (i.e. track) be impacted by the violation?
A. No, any eligibility penalty for a violation of the Amateurism Rule is sports-specific,

Rule 5 - Amateurism and Assumed Name Prohibition

and here, it would only be if the student's non-school sports participation was in the student's School sport (track) that an Amateurism Rule violation would result in an eligibility penalty for the student. (rules 5-2, 5-4)

Student Pictures, Advertising

- Q. 5-14 Does a student violate the Amateurism Rule, rule 5, when the student's picture or the team's pictures appears in an advertisement of a particular business, commercial product or service?
- A. No, provided the student(s), collectively or individually, receive no remuneration from the advertiser. (rule 5-2)

Student Recognition

- Q. 5-15 May a restaurant owner, in a community, select a player of the week and give that student-athlete a free hamburger?
- A. IHSAA rules would not prohibit a restaurant owner, newspaper, etc., from selecting a "player of the week". However, a student-athlete who is selected may not receive cash, food, gift certificates, merchandise, etc., as a result of this recognition. (rules 5-2, 6-5)

Non-IHSAA Recognized Sports

- Q. 5-16 Does a student violate the Amateurism Rule, rule 5, when the student accepts a cash prize for participating in a rodeo or a motorcycle race?
- A. No, the Amateurism Rule relates only to participation in an IHSAA Recognized Sport, and since rodeo and motorcycle racing are not IHSAA Recognized Sports, participation in those sports and receiving a prize will not result in an eligibility penalty. (rules 1-2, 5-2)

Status of "-Thons"

- Q. 5-17 May student-athletes participate in a "jog-a-thon," "swim-a-thon" or other fundraising activities and earn money for their sport?
- A. Yes, however, the '-thon' must occur outside of Contests and monies raised for such event/s must be allocated to the sponsoring organization. (rule 6-3)

Performance Recognition

- Q. 5-18 May a student get a sponsor for his or her performance during a Contest, and have the proceeds go to a charity or to the booster club (i.e., ask a local businessman to donate to charity or to a booster club \$5 per free-throw a student makes at the upcoming game)?
- A. No, use of a student's performance in a Contest to generate funding for the sport or for a charity is prohibited. A student (or a coach, athletic booster club, etc.) may not use a student's performance in any Contest to raise funds for any purpose. (rule 5-2)

Student as a Model

- Q. 5-19 Can a member School's booster club sell calendars with photos of the School's basketball team displayed on the cover or the months of the calendar?
- A. Yes, provided the students are not compensated for the photo or for modeling, etc. (rule 5-2)

RULE 6 – AWARDS, PRIZES, GIFTS

- Q. 7-1 Who is regarded as being a coach of an IHSA Recognized Sport at a member School?
- A. A member School coach is an individual who coaches students in grades 9-12 in any IHSA Recognized Sport, and includes all non-teaching coaches and all volunteer coaches. (rule 7-1)
- Q. 7-2 Who may coach a member School team?
- A. A coach may be a teacher [this would include someone who is regularly licensed, regularly employed and regularly paid as such by the School out of School funds] or may be a non-teacher. (rule 7-1.3)
- Q. 7-3 May a university student teacher assist in coaching while assigned to a member School?
- A. Yes, a university student teacher may assist in coaching at a member School. (rule 7-1.3)
- Q. 7-4 May an un-paid volunteer or a non-teacher be hired to coach a member School team?
- A. Yes. An un-paid volunteer or non-teacher may coach at a member School provided the hire is approved by the Principal.

Rule 7 - Coaches

- Q. 7-5 May an individual, who is a full-time teacher, serve as a non-teaching coach in boys and girls cross country at a neighboring member School?
- A. Yes, the IHSAA rules do not restrict where a non-teaching coach is employed.
- Q. 7-6 An individual who has been coaching girls' basketball in a member School has the coaching contract terminated for the following year and is so informed in writing by the school officials. May this individual now coach a Non-School Team where Three (3) of the coach's former players are members of the Non-School Team?
- A. Yes, because this individual is no longer a member School coach. However, if the termination of coaching services is not confirmed officially in writing and/or is merely verbal and/or an action that is anticipated, the individual is still considered to be a member School coach and may not coach such a team. (rule 15-2.2b)

Coaching Remuneration

- Q. 7-7 Can non-School funds (e.g. booster club funds) be used to pay a coach of a School team?

Is this allowed under the Coaches Rule, rule 7?
- A. No, a purpose of the Coaches Rule regarding coach remuneration (rules 7-1.1, 7-1.2), is to assure that all coaching remuneration is approved by and paid through the School. And while the use of totally unpaid volunteer coaches is permitted, it is contrary to the rules when boosters are able to pay, and thereby control, an unpaid coach or a nominally-paid coach by indirectly paying that coach through outside wages and benefits. If an unpaid or nominally-paid coach is an employee or worker for a known booster, or the company of that booster, it will be presumed that the coach is a recipient of remuneration in violation of rule 7-1.1 and 7-1.2, and the coach should not coach.

- A. Yes.

- A. No, the rule requires that the rules interpretation meeting must be attended by the head boy's coach and the head girl's coach. If the same individual is the head boy's golf coach and the head girl's golf coach, the individual need only attend the fall rules interpretation meeting. (rule 7-2)

Code § 20-28-5-8 or a known comparable offense in another state, or if the coach is a licensed teacher and it is reported to the IHSAA by the Department of Education that the coach committed misconduct described in Ind. (rule 8-4)
- Q. 8-5 If a student in One (1) sport is ejected from a Contest for an unsporting act, is the student suspended from the next interschool Contest(s) in just that sport or is the student also suspended from the next interschool Contest(s) in other sports in which the student may be participating?
- A. If a student in One (1) sport is ejected from a Contest for an unsporting act, the student would be suspended from the next interschool Contest(s) in just that sport. So, for example, if a student, who plays soccer and kicks for the football team, is ejected for an unsportsmanlike act in soccer, the student would be suspended from the next Contest(s) in soccer but would not be suspended from any football games. (rule 8-3)
- Q. 8-6 What is the penalty when a student or a coach is ejected from a Contest for an unsporting act for the second time during a sports season?
- A. The IHSAA Unsporting and Ejection Policy provides that a coach or student who is ejected a second time during a sport's Contest Season must purchase and complete the current edition of the NFHS Teaching and Modeling Behavior course, may not return to play or coach in any sport until the completion of such course and must fully cooperate with the IHSAA for purposes of its verification that the coach or student has completed the course. This is in addition to rule 8-4(b) and rule 8-4(d) which requires the principal of the student or coach to suspend the student or coach for the next Two (2) Contests if student, or Four (4) Contests if a coach, at that level of competition and all other Contests at any level in the interim. (rule 8-4(b), 8-4(d)).
- Q. 8-7 If a student is ejected during the last junior varsity Contest of the Contest Season, but there are several Varsity Contests left in the Contest Season (and the student is listed on the Tournament Series sectional entry list), may the student serve the Suspension during the next remaining Varsity Contest(s), and then be eligible to participate in the remainder of the Varsity Contest Season and in the Tournament Series?
- A. Yes, if a student is ejected from a Contest for an unsporting act, the student will be suspended from the next Contest in that sport at that level of competition and at any other level in the interim. However, if there are no remaining Contests at the junior varsity level, the student may serve the Suspension in the next higher level Contest(s) (here, the Varsity), and be eligible to participate the rest of the Varsity Contest season and in the Tournament Series.

Rule 9 - Contests

- Q. 8-8 During the Contest Season a student is ejected a second time during the last regular Season Contest. When should the student's Two (2) Contest Suspension be served?
- A. The student shall immediately serve the Two (2) Contest Suspension at the student's first Two (2) Tournament Series Contests in that sport. If there is only One (1) Tournament Series Contest in that sport, then the student shall serve the second Contest Suspension at a Contest in that sport at the same level the following School Year, or if the student is a senior, the student shall serve the second Contest Suspension at the first Contest of the next sport season in which the student participates. (rule 8-4)
- Q. 8-9 A Fan is ejected during a Contest. Is the Fan subject to any discipline?
- A. Yes, if a Fan is ejected, the principals of the teams participating in the Contest, or their designees, shall determine which of the participating Schools were principally supported by the Fan and the principal(s) of those School(s) shall suspend the Fan from attending the Fan's next Two (2) Home Contests (see, definition), and if the ejection was the second, or more, ejection during a sport's Contest Season, the Fan shall be suspended from attending the next Four (4) Home Contests, and the principal(s) of those School(s) principally supported by the Fan must meet with the Commissioner or his designee. - (1.) attend and actively participate in Four (4) school-supervised Practice sessions of normal length, which shall occur on Four (4) separate days prior to the day of the Contest, if the students fail to attend and actively participate in more than Seven (7) but less than Fifteen (15) consecutive days; or
 - (2.) attend and actively participate in Six (6) school-supervised Practice sessions of normal length, which shall occur on Six (6) separate days prior to the day of the Contest, if the students fail to attend and actively participate in more than Fourteen (14) consecutive days.

- b. Exception: A School which is a party to an IHSAA Contract for Athletic Contest may withdraw from the Contest if:
 - (1.) the withdrawing School withdraws because of a situation which is beyond the control of the withdrawing School

Rule 9 - Contests

Q & A

Contests - Generally

- Q. 9-1 Does the IHSAA have a rule prohibiting the scheduling of Practices and interschool games on holidays?

A. No, member School policies dictate scheduling procedures.

Senior Students on Sub-Varsity Teams

- Q. 9-2 Is there an IHSAA rule prohibiting a senior from being on a junior varsity team?

A. No, the selection of a student for a team is a matter for each School to decide.

Participation Against Teams of Non-Members

- Q. 9-3 Can a member School participate in a Contest in an IHSAA Recognized Sport against a team which contains students below grade 9?

A. Yes. While a Contest in which a member School and its students participate is subject to all playing rule, including the Contest Rule which prohibits a member School from having below-ninth grade students on the School's teams (rule 9-17), that Contest Rule does not apply to non-member Schools. And while the Contest Rule (rule 9-2) makes all Contests subject to the IHSAA rules, such rule reference is to the playing rules and does not make the eligibility rules of the IHSAA, such as rules relating to competitor's age or enrollment in the School, applicable to a non-member School participating in a Contest with a member School. Therefore, a non-member School can field players who are pre-high school.

- Q. 9-4 Can a member School participate in a Contest in an IHSAA Recognized Sport with an Indiana based team or a School which is not a member of the IHSAA?

A. Yes, provided the non-member School has not been expelled or suspended from membership in the IHSAA, and provided the School has not been suspended from participation in the IHSAA Recognized Sport by the IHSAA. (rules 9-15)

- Q. 9-5 Can a member School participate in a single Contest in an IHSAA Recognized Sport with an out-of-state team or School?

A. Yes, provided the out-of-state School is currently a member of its local state high school athletic association, the out-of-state School has not been expelled or suspended from such membership, provided the out-of-state School has not been suspended from participation in the sport by its state high school athletic association, and provided the address of the out-of-state school and the location of the site of the Contest are not greater than Six Hundred (600) miles, round trip, from the Indiana state line. (rules 9-15, 10-1, 10-1.1).

Rule 9 - Contests

- Q. 9-6 Can a member School use a mixed (boys and girls) team in the IHSAA Tournament Series when a separate Tournament Series is offered for males and females in that sport?
- A. In Individual Sports, a student with the Birth Gender of female cannot play on the boys' team in the IHSAA Tournament Series in that sport, and a student with the Birth Gender of male cannot play on the girls' team in the IHSAA Tournament Series in that sport. In Team Sports, a student with the Birth Gender of female cannot play on a boys' team, however, if there is no girls' team in that Team Sport at that School, the student with the Birth Gender of female can play on the boys' team in that sport in the IHSAA Tournament Series; conversely, in Team Sports a student with the Birth Gender of male can never play on a girls' team. The foregoing may be different if the student obtains a waiver under the IHSAA Gender Policy. (rule 9-10)
- Q. 9-7 If a student with the Birth Gender of female participates on a boys' team in baseball, football or wrestling during the Contest Season, may that student also participate in the boys' team during the IHSAA Tournament Series in that sport?
- A. Yes. If a student with the Birth Gender of female wants to participate on the boys' team in baseball, football or wrestling, that student may participate on the boys' team during the Contest Season and during IHSAA Tournament Series in those sports. (rule 9-10)
- Q. 9-8 A member School sponsors both a boys' golf team and a girls' golf team. Can a student with the Birth Gender of female try out for the boys' team rather than play on the girls' team?
- A. No, whenever a School offers both a boys' interschool program and a girls' interschool program in a sport, a student with the Birth Gender of female is required to participate only on the team designed for girls. (rule 9-10) The foregoing may be different if the student obtains a waiver under the IHSAA Gender Policy.
- Q. 9-9 A School has a girls' soccer team but cannot find competition against other girls' soccer teams within a reasonable travel distance. May the girls' soccer team play Contests against boys' soccer teams from other Schools?
- A. No, girls' teams and boys' teams may not compete against each other. (rule 9-8)
- Q. 9-10 Can a student with the Birth Gender of male play on a team designed for girls?

(rule 9-13)
- Q. 9-13 May a member of a Member School Coaching Staff have contact with a team member on Sunday, during the authorized Practice Season or Contest Season?

- Q. 9-14 May a member of a School team in an Individual Sport, during the authorized Practice Season or Contest Season, participate in a School Practice on Sunday?

Rule 9 - Contests

- A. No, it is a violation of the Sunday Rule, rule 9-13, for a student athlete to participate in a School Practice during the authorized Practice Season or Contest Season on Sunday, and therefore attendance at a Practice by a member of a Member School Coaching Staff is prohibited. For example, if several swimmers on a School team, who also belonged to a Non-School club, decided to swim on Sunday at a club practice to prepare for the upcoming Tournament Series swim meet, this practice would not violate the Sunday Rule, provided no member of the Member School Coaching Staff called or even encouraged this practice, and of course, no member of the Member School Coaching Staff may be present during this practice. (rule 9-13)

- Q. 9-18 A local service club in a community is interested in sponsoring an invitational basketball tournament involving other member Schools. May they sponsor this event?

(rules 9-1, 9-2, 9-3)
- Q. 9-19 Can a member School team play in a Contest sponsored by some non-school group?

- Q. 9-21 Can Two (2) teams decide to set aside National Federation playing rules during a Season Contest?
- A. No. All Season Contests and all Tournament Series Contests must be conducted under the National Federation rules, or in golf, under the USGA rules, unless the IHSA has modified the rules, in which event the rules, as modified by the IHSA, control. (rules 1-5, 51-63)

- A. No, while a school can arrange to have special Practice sessions of normal length for any student or students who need to complete a number of Practices because of rule 9-14, the Practice sessions must be of normal length and the students must actively participate in them. The reason for this Rule is to help students get re-acclimated to the physical participation aspect of the sport through in-person participation, and while virtual Practice session are more common now and film review sessions are a component of some regular Practices, they are both unacceptable for purposes of the re-acclimation Practices required under rule 9-14.

RULE 12 – ENROLLMENT

PHILOSOPHY

The following are the goals of the IHSAA for the enrollment rule.

- The enrollment rule provides uniform standards for all Schools to follow in maintaining a fundamentally fair and equitable framework for athletic competition in an educational setting.
- The enrollment rule supports the educational philosophy that athletics is a privilege which must not be permitted to assume a dominant position in a School's program.
- The enrollment rule keeps the focus of educators and student on the fact that students attend School to receive an education first, and participate in athletics second.
- The enrollment rule promotes and encourages students to progress through high school toward graduation and a diploma.
- The enrollment rule discourages the practice of red-shirting.
- The enrollment rule discourages any and all decisions which subordinate academic decisions to athletic decisions.
- The enrollment rule creates interschool athletic opportunities for younger students.
- The enrollment rule promotes competitive equality among member Schools.
- The enrollment rule promotes the health and safety of student athletes.

12-1 Eligibility at School of Enrollment; Attendance During First 15 Days

- A student is eligible to participate in an athletic program involving IHSAA recognized sports only at the student's School of Enrollment, or at the Public School Serving the Student's Residence, provided the student meets the requirements of rules 12-4, 12-5 or 12-6.
- In order to be eligible for athletic competition during any semester, a student must have Enrolled in some high school and have attended full credit classes within the first Fifteen (15) school days of the semester in which the Contest occurs.

12-3 Exception for Illness or Injury

After Enrollment in the 9th grade, if a student is injured or contracts an illness which necessitates the student's complete withdrawal from the School or prohibits enrollment in the School for that semester, and the student does not receive any academic credit for that semester, then the semester shall not count as One (1) of the consecutive semesters of enrollment.

- The terms illness and injury do not include those which are caused in whole or part by chemical dependency or use, such as the illegal consumption of drugs or alcohol.
- If the withdrawal should occur after the student has, during the semester, participated in Twenty percent (20%) or more of the interschool Contests in a sport, then the semester shall be counted as a semester of enrollment in all sports falling in that semester's sports seasons. This percentage shall be determined by dividing the total number of interschool Contests

Rule 12 - Enrollment

in which the student participated, during the semester by the total number of interschool Contests in which the School team participated during the semester (participation by student during semester/total number of interschool Contests during the semester).

- c. If the student participates in more than One (1) level of play, e.g., Varsity, junior-varsity, freshman, then the participation percentage shall be arrived at by dividing the total number of interschool Contests in which the student participated during the semester by the total number of interschool Contests in which the School participated in the level of play in which the student primarily participated plus the number of interschool Contests in which the student participated outside the student's primary participation level (number of Contests student participated/ [total number of School Contests in primary level of play plus number of student Contests outside primary level].)
- d. A student may participate in a sport for a maximum of Four (4) full seasons.
- e. All withdrawals must immediately be reported to the Association prior to the withdrawal (except in emergency situations), and supported by written verification from a treating physician, with an unlimited license to practice medicine, and the student's principal or the principal's designee. These verifications must specify the circumstances which warrant the student's withdrawal, and the student's inability to obtain academic credit for the semester.

RULE 15 – PARTICIPATION

Philosophy

Students should have the opportunity to voluntarily engage in non-school sponsored sports activities provided such activities do not interfere with the student's educational development and the activities do not conflict with the principles of wholesome amateur athletics. The IHSAA wishes to enhance that opportunity while at the same time discouraging the exploitation of student athletes by overzealous individuals and organizations who attempt to impose an obligation on the student, to participate in their programs at any cost. There has been growing evidence of commercialism of high school athletes. In far too many instances non-school sponsored sports events have been the "market place" where the students have been lured to display their "athletic wares." Experience has revealed that such events tend to divide the allegiance of the students, undermine their respect for their high school coaches, and encourages the type of adulation which gives the students an exaggerated notion of the importance of their own athletic prowess rather than reinforcing the idea that athletic ability is an endowed talent which students should use for the pleasure and satisfaction that they may derive from athletic competition. By the promulgation and enforcement of these rules the IHSAA strives to eliminate these abuses.

16-3 Student Ineligibility Because of Administrative Error

If a student meets all of the standards of the eligibility rules, but is ineligible due to an administrative error, such as the failure to be listed on an entry list, etc., the same procedure as outlined in rule 3-9 applies. However, if the student's ineligibility is for or during the IHSAA Tournament Series, the member School, may seek a waiver of the disqualification and the penalties to be assessed by affirmatively showing that the ineligibility was in no way the result of the acts or omissions of the student, that the incident was not intentional, that facts were not purposely withheld or withheld until an advantageous time and that the disqualification and penalty will result in an undue hardship, and by proposing an alternative penalty. Any approval or denial of a proposed alternative penalty shall be at the discretion of the Commissioner, and shall be considered as final, binding and not reviewable.

- c. A Request for Review of an adverse ruling or decision must be in writing, must include some explanation of the factual basis for the Request, must cite the IHSAA rules relied upon for the Request and must be received by the IHSAA within Seven (7) days of the date the IHSAA issued the adverse ruling or decision. If an appeal is requested in a case where Time is a Factor, and the shortness of time is through no fault of the Affected Party, the Commissioner will attempt to schedule an earlier hearing on a date when the Executive Committee does not meet ('Alternative Date'). Time is a Factor when, following the request for an appeal, the student will miss a Tournament Series Contest or will miss more than Twenty Five percent (25%) of the student's team's Season Contests before the next scheduled hearing date.

Rule 17 - Investigations ... Waivers

- b. If an appeals hearing is granted on an Alternative Date, the appealing party shall remit a Two Hundred Fifty dollars (\$250.00) fee payable to the IHSAA prior to the hearing.

At the hearing the Hearing Officer, for good cause, may admit a previously un-submitted document or Summary Statement, or permit the testimony from an unidentified witness or a witness without a Summary Statement; 'good cause' includes proof that the document or testimony was newly discovered evidence, which by due diligence could not have been timely presented with the Appeal Statement and which is directly related to the core issues in the appeal. After receipt, the Appeal Statement and all attachments shall be sent to the IHSAA, to all appealing parties and to the Review Committee members, which should be received no later than the day before the hearing.

This presentation may be supplemented through brief oral testimony, however, the testimony shall be limited to pertinent evidence which is key to the party's position. Lengthy statements and testimony shall not be allowed. Following the parties' presentations, the Review Committee shall ask questions of the parties and the witnesses as needed. Following the questioning of the Review Committee, the parties shall have a right of brief cross-examination of all parties and witnesses present; lengthy cross-examination shall not be allowed.

- f. The hearing officer shall require that the examination of witnesses be orderly. When examination is disorderly, it may be terminated and the disruptive individuals may be excluded from the hearing.
- g. When more than One (1) party has requested an appeal, and where the facts are substantially the same for all parties, a single hearing may be conducted when deemed advisable by the hearing officer.
- h. The Review Committee is not bound by the decision of a principal or the Commissioner, but shall make its decision in the matter based upon the facts and information presented at the hearing, and shall base its findings on information presented to it at the hearing which it determines to be reliable, credible and of probative value. The Review Committee's decision may be based upon different facts and/or upon different rules from those cited or relied upon by either the School principal or the Commissioner in their prior decisions or rulings.
- i. The Review Committee's findings and decision, along with the rule upon which it is based, shall be promptly sent to the School principal(s) involved and the Affected Party or Parties along with a notice about the process for appealing the decision to the Panel described in rule 17-10.
- j. A record of the proceedings shall be kept and, when so directed by the hearing officer, a transcript thereof prepared. Such a transcript, when signed and verified by the hearing officer as being correct, shall be the best evidence of the proceeding, and prima facie evidence of all facts contained therein, and shall be the official record of the matter. Any party may obtain a copy thereof at such party's expense.
- k. In an appeal to the Review Committee of a decision finding a student athletically fully ineligible, the IHSAA shall bear the burden of persuasion and shall establish that there was a violation of an IHSAA rule or policy by a preponderance of the evidence (the greater weight of evidence).

17-5 Finality of Decision

17-5.1 Relief from Decision or Penalty

When a decision has been made and/or a penalty has been imposed by the Committee, there shall be no review thereof except upon a showing of newly discovered evidence, which by due diligence could not have been timely presented and which is directly related to the findings in the case, or that there was fraud, misrepresentation or other misconduct of a party or witness, or that there was a prejudicial error in the procedure that was followed in the processing of the case.

17-5.2 Application for Relief

An affected party or the Commissioner or his designee may make application hereunder. An affected party initiating a review hereunder shall be required to first submit a statement of any contentions to the Commissioner or his designee who shall conduct any necessary investigation and make a recommendation to the Committee relative to the request. Thereupon, the Committee shall review the application and decide, by majority vote, whether it shall allow the matter to be reopened and/or grant a hearing.

17-5.3 Hearing and Decision on Application for Relief

If a hearing is granted, the Committee may change its decision, reduce or eliminate a period of ineligibility or reduce or eliminate a new penalty but may not impose a greater period of eligibility or a new penalty. However, if it is determined by the Committee that a fraud or misrepresentation was committed by a party or witness, the Committee may impose a penalty for the commission of such fraud or misrepresentation.

17-6 Participation by Virtue of Panel or Court Action

If a student is ineligible according to Association rules but is permitted to participate in interschool competition contrary to Association rules but in accordance with a decision of the Case Review Panel or terms of a court restraining order or injunction against the student's School, or the Association and the decision or injunction is subsequently voluntarily vacated,

Rule 17 - Investigations ... Waivers

stayed, reversed or it is finally determined by the courts that the decision or the injunctive relief is not or was not justified or correct, any One (1) or more of the following action(s) against the student and the student's School, in the interest of restitution and fairness to competing Schools, shall be taken:

- a. require individual or team records and performances achieved during the participation by the ineligible student be vacated or stricken;
- b. require team victories achieved during the ineligible student's participation be forfeited to opponents;
- c. require team or individual awards earned during the ineligible student's participation be returned to the Association; and/or

For violation of a rule or disregard of a decision or directive made under these rules, some or all of the following action may be taken.

17-7.2 Effective Date

17-7.3 Suspension

A School may be suspended without previous Warning(s) or Probation. All game and officials' contracts shall be null and void during the duration of the Suspension. Following the termination of Suspension, the principals must make a written request for reinstatement.

17-7.4 Penalty for Submission of False or Misleading Information

Any student, School or affected party who submits false information, withholds pertinent information, misrepresents a fact, or is responsible for any similar misconduct during any matter involving an IHSAA application, investigation, decision, hearing or appeal, will be subject to sanctions by the IHSAA, which may include the denial or revocation of eligibility, the denial or revocation of licensure, the denial or Suspension from Membership or the denial or revocation of any other IHSAA benefit.

17-7.5 Responsibility of School for Cost of Litigation

An IHSAA member School which institutes, or which encourages or finances, a less than fully successful litigation against the IHSAA, or a less than fully successful agency or administrative review of the IHSAA, which challenges the IHSAA Articles, By-Laws, rules, regulations, policies, rulings or decisions, either prior to or after having first exhausted the internal appeal procedures of the IHSAA, will assume and pay the full cost of such litigation, including counsel fees, expenses and costs incurred by either the IHSAA or incurred by any IHSAA member school brought into the litigation.

Rule 17 - Investigations ... Waivers

17-8 Waiver

17-8.1 General Waiver of an IHSAA rule

Except with respect to rules 4, 8-4, 12 and 18, and Contest Officials' decisions, the Commissioner, his designee, the Review Committee or Case Review Panel shall have the authority to set aside the effect of any rule and grant a general waiver when the affected party establishes, by clear and convincing evidence, and to the reasonable satisfaction of the Commissioner, his designee, the Review Committee or the Case Review Committee, that all of the following conditions are met:

- a. Strict enforcement of the rule in the particular case will not serve to accomplish the primary purposes of the rule;
- b. The spirit or reason for the rule will not be offended or compromised by a waiver;
- c. Unless waived, an undue harm or burden will be suffered by the affected party from enforcement of the rule; and
- d. When a student eligibility waiver is requested, a hardship condition, as defined in rule 17-8.3 exists.

17-8.2 Application for a General Waiver

An affected party shall apply for a general waiver at the time a matter is referred to the Association under rule 17-2.4 or rule 17-2.5 or, if the matter is not so referred, during the investigation, but prior to a decision, under rule 17-3; for good cause shown or because of circumstances outside the control of the affected party, an affected party may seek a general waiver during the review process under rule 17-4 for the first time. Under any circumstance, however, the appropriate time for a general waiver application is when the grounds for the waiver are discovered.

- a. In bringing a general waiver request, an affected party shall make application in a writing which shall contain all facts pertaining to the case, including sufficient data to make it possible to reach a decision without further investigation. All correspondence and documents pertinent to the case shall be submitted.
- b. Requests for a general waiver should always be made prior to any action or participation by the student, coach, School or affected party under circumstances which would constitute either ineligibility or a rule or decision violation.

17-8.3 Student Eligibility General Waiver

A student seeking a student eligibility general waiver must show the existence of a hardship condition. A "hardship condition" means an extremely negative non-athletic condition, peculiar to the student, which is caused by unforeseen, unavoidable and uncorrectable events, which is beyond the election, control or creation of the student, the student's family, the student's supporters, the student's coaches and the student's School, and which causes the student to be ineligible or not fully eligible, or which objectively compels some action which results in the student being ineligible or results in the student not having full eligibility. A student eligibility general waiver is exceptional and extraordinary relief, granted in rare cases; ordinary cases shall not qualify for a student general eligibility waiver.

- a. Likewise, a negative change in the financial condition of the student or a student's family may constitute a hardship condition, however, such change must be permanent, substantial and significantly beyond the control of the student or the student's family.
- b. In a transfer case where a student seeks full or Limited Eligibility, and there is evidence that the transfer or move was motivated, in part, by athletic reasons, albeit not for primarily athletic reasons, the student will not qualify for a general waiver.

17-8.4 Non-Student Eligibility General Waiver

When the circumstances do not directly relate to student eligibility, an affected party may request a general waiver when special circumstances arise that call for relief from, or modification of, the effects of a rule, policy or procedure on an affected party.

17-8.5 Limited Eligibility Waiver

In addition to the foregoing, in transfer cases under rule 19-6, the Commissioner, his designee or the Committee shall have the authority to set aside the effect of the transfer rule and grant a student full eligibility following a transfer if (a) the student transfers without a corresponding change of residence by his/her parent(s) or Guardian(s), (b) the student establishes, to the

Rule 17 - Investigations ... Waivers

reasonable satisfaction of the Commissioner, his designee or the Committee, that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer, and (c) the principals of the sending and receiving Member Schools each affirm in writing that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer. In addition, in those circumstances where the student attended a Member School, other than the sending and receiving Member School, at any time during the Three-hundred Sixty-five (365) days prior to the transfer, the principal of the other Member School(s) the student attended during the Three-hundred Sixty-five (365) days prior to the transfer must also affirm in writing that the transfer is in the best interest of the student and there are no athletic related motives surrounding the transfer.

17-9 Eight Semester Eligibility Waiver

The Commissioner, his designee or the Committee may in individual cases, upon written request, declare eligible a student who would otherwise be ineligible under rule 12 if all of the following conditions are met:

- a. the student has not graduated from high school;
- b. the student establishes, to the reasonable satisfaction of the Commissioner, his designee or the Committee, that he or she has, or had, a disability as defined in the Individuals With Disabilities Education Act, 20 U.S.C. § 1401(3);
- c. the student establishes, to the reasonable satisfaction of the Commissioner, his designee or the Committee either: (1) the student had an I.E.P. and was meeting the requirements of the I.E.P., yet is unable to graduate from high school within Eight (8) semesters after entering ninth grade, primarily because of the disability; or (2) the student did not have an I.E.P. and is unable to graduate from high school within Eight (8) semesters after entering the ninth grade, primarily because of the disability; and
- d. the student establishes, to the reasonable satisfaction of the Commissioner, his designee or the Committee that the student's participation would not constitute an undue risk to the health and safety of other participants or provide the student or the student's team an undue competitive advantage. Without limiting the evidence that may be considered, the Commissioner, his designee or the Committee, may consider the following in determining whether the student's participation would constitute an undue risk to the health and safety of other participants or provide the student or the student's team an undue competitive advantage: (1) whether the student has presented a report from a physician regarding the student's height, weight and whether the student is likely to pose an undue risk to the safety and health of other participants; the student shall submit to an independent medical examination by a physician selected and paid for by the Association at the request of the Commissioner, his designee or the Committee; (2) whether the student has previously participated in the sport for which eligibility is sought, or a similar sport, and if so, how many years and at what level the student has participated and whether the student's skill level is such that the student was ever a member of the starting team or was a recipient of league or other honors as a result of previous participation in the sport; (3) whether the student has competed in a prior state Tournament Series competition (either in an Individual Sport or in a team sport), and particularly at the championship level; and (4) whether the sport is a contact or a non-contact sport.

17-10 Review by Case Review Panel

17-10.1 Right to Review of Final Association Decision by Parent of a Student

- a. The IHSAA shall have a case review panel ("Panel") which shall review the final application or interpretation of any rule of the IHSAA to a student when the student's parent disagrees with a final decision of the IHSAA. The Panel shall be bound by these procedural rules and the substantive rules of the IHSAA when reviewing any final decision of the IHSAA.
- b. A student's parent who disagrees with a decision of the final application or interpretation of any rule of the IHSAA shall have the right to do One (1) of the following: (1) accept the IHSAA's final decision, or (2) refer the case to the Panel not later than thirty days after the date of the IHSAA Review Committee's decision.

- a. Eight (8) members appointed by the Indiana Superintendent of Public Instruction ("Superintendent") with the following qualifications:
 - (1.) Four (4) parents of high school students,
 - (2.) Two (2) high school principals, and
 - (3.) Two (2) high school athletic directors, who shall serve a Four (4) year term. Any member who ceases to meet these qualifications shall cease to be a member of the Panel, and the Superintendent shall appoint a replacement member to serve out the remainder of the term.
- b. the superintendent, or a designee, who shall be the chairperson of the Panel.

17-10.3 Panel Meetings

- a. The Panel must meet monthly, unless there are no cases before the Panel. The Panel may meet more frequently at the call of the chairperson. However, the chairperson must call a meeting within five (5) business days, or as soon thereafter as a quorum can be assembled, after the Panel receives a case in which time is a factor in relation to the scheduling of an athletic competition.
- b. A quorum of the Panel is five (5) members. The affirmative vote of the greater of the majority present or Four (4) votes if less than Seven (7) members of the Panel are present is required for the Panel to take action.
- c. Upon receipt of a case, the Panel must do the following: (1) collect testimony and information from both the IHSAA and the parent, and (2) place the case on the Panel's agenda and consider the case at a meeting of the Panel.

17-10.4 Panel Decision

- a. Not later than Ten (10) business days after the meeting at which the Panel considers the case, the Panel must issue a written decision that does One (1) of the following:
 - (1.) uphold the IHSAA's decision,
 - (2.) modify the IHSAA's decision, or
 - (3.) nullify the IHSAA's decision.
- b. The Panel shall promptly make a written ruling of its determination. The parties before the Panel shall be permitted to submit a proposed written ruling for the Panel's consideration.
- c. A decision of the Panel applies only to the case before the Panel and does not affect any rule of the IHSAA or decision under any rule concerning any student other than the student whose parent referred the case to the Panel.

17-10.5 Judicial Review

- a. If the IHSAA or the student's parents who referred a case to the Panel disagrees with the decision of the Panel, the IHSAA or the student's parents may file a legal action to review the Panel's decision ("judicial review").
- b. An action for judicial review must be filed with a court with jurisdiction not later than forty-five (45) days after the Panel issues its decision.
- c. In an action for judicial review, a court may reverse the Panel's decision if the court, upon its own review of the facts and issues involved in the decision and the applicable rule of the IHSAA, determines that the decision of Panel, or the IHSAA's decision upheld by the Panel, is:
 - (1.) not a fair and logical interpretation or application of the IHSAA's rules;
 - (2.) arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with the law;

Q & A

Penalties - Generally

Q. 17-1 What will the penalty be for the violation of an IHSAA rule?

- A. Penalties are not assigned in advance, as the IHSAA, a democratic organization, is built on the idea that the observance of its rules and regulations is more to be desired than the enforcement of them. The IHSAA believes that the essence of proper and willing observance is higher than enforcement and that the IHSAA should resort to enforcement only when observance fails.

Full Eligibility Under the General Waiver rule

Q. 17-2 How does a student bring to the attention of the IHSAA the fact that he/she has transferred Schools without a parental change in residences, however, he/she has a valid non-athletic reason for transferring, and what does the student need to show to establish that the transfer qualifies for full eligibility under the General Waiver Rule, rule 17-8.1?

- A. A student who believes that the circumstances of the transfer qualifies for full eligibility under the General Waiver Rule (rule 17-8.1), is obligated to make the application for the waiver a part of the student's Transfer Report. Any waiver request must be substantiated with documents and statements showing a clear basis for a waiver. The failure of a student to provide evidence and proof of the circumstances supporting the waiver, and especially the failure to even request a waiver on the Transfer Report, indicates that the transfer may not really be the result of the circumstances offered to support the waiver request. (rule 19-8.1)

Q. 17-3 A student's family claims that it cannot afford to send a student to a Private School because of an increase in tuition costs at the Private School, or because the family's financial situation has had a negative change, and as a result, the family cannot afford the cost of the Private School. Can the student get full eligibility under the General Waiver Rule, rule 17-8.1?

- A. A tuition-paying Private School student may successfully show a 'hardship condition' based on a substantial negative change in financial conditions, however, the student must show that the change was unforeseeable, permanent, substantial, and significantly beyond the control of the student and the student's family. Increases in tuition or additional costs at a Private School are considered 'foreseeable' and generally do not meet the criteria. To be considered, the claimed negative change in the family's financial condition must have arisen after the student's Enrollment at the Private School. In addition, the student must have attempted to address the negative change in the family's financial condition with the Private School (e.g. financial aid), and show that any aid or assistance from the Private School was insufficient to address the negative change in the family's financial conditions. In all cases, the student and the student's family must clearly show that the cost of the Private School is no longer affordable. (rule 17-8.4(c))

Q. 17-4 A student is Enrolled in a School which is not a School which Serves the Student's Residence. It is becoming more and more difficult to travel to and from the School. If the student transfers to the School which Serves the Student's Residence, will the student be eligible for Varsity competition under the General Waiver Rule?

- A. Generally, no. When it was decided that the student would enroll at a School which did not serve the student's residence, the student and his/her family were well aware that transportation problems might arise (the problems were clearly 'foreseeable'), and with such understanding, they voluntarily assumed full responsibility for any current and any future transportation problems. When transportation problems then do arise, such as road construction, changes in carpools, weather-related difficulties, rise in gas prices, family-related transportation problems, etc., these problems were foreseeable, were

Rule 17 - Investigations ... Waivers

voluntarily assumed, and therefore, do not constitute a 'hardship condition'. These transportation problems simply do not support a Rule 17-8.1 General Waiver. (rules 17-8.1, 17-8.3)

- Q. 17-5 A School has discontinued an academic program in which the student participated. If the student transfers to a new School that offers the same program can the student get full eligibility under the General Waiver Rule?
- A. A transfer made as a result of a School discontinuing a particular academic program might establish a hardship condition, however, there must be proof that the student was fully enrolled in the academic program at the former School, the program had been a significant focus of the student and a focus of the student's education program, the program was discontinued at the former School and the student actually Enrolled in the same or a similar program at the new School. The discontinuance of a single subject, like calculus, will not result in a student receiving a waiver. (rules 17-8.1, 17-8.3)
- Q. 17-6 A student, without a parental move, transfers to a new School because of a medical condition. Will the student be allowed to compete at his new School at the Varsity level?
- A. Transfers because of a medical condition may qualify for full eligibility under the General Waiver Rule (17-8.1) provided a physician substantiates the need for the transfer as an integral part of the student's medical therapy of prevention or medical therapy of the aggravation of an existing condition, serious enough to warrant a compelling need to transfer. If it appears that the diagnosis was made for the purpose of establishing athletic eligibility at the new School, the request will likely be denied. And since neither a psychologist, a nurse nor a social worker is able to make medical diagnosis, any supporting opinion, letter or report from such individuals, based upon a medical reason, will be given little if any consideration.
- Q. 17-7 If a student Enrolls for his freshman year at a Private School or at a Public School outside the student's Public School attendance area, and then has trouble making friends at this School and also has academic difficulties at this School which is known as being academically challenging, can the student, without a parental move, transfer to another School where the student's friends are attending or which offers a course of study which is less challenging than the students original School, and get full athletic eligibility (varsity) at the new School?
- A. This circumstances generally would not satisfy the criteria for a student eligibility general waiver (rules 17-8.1, 17-8.3). Since it is foreseeable that there could be social adjustment problems when a student attends an out-of-District School, and could be scholastic problems when a student attends an academically challenging School, attendance at such a School would not qualify as a hardship condition. (rule 17-8.3)
- Q. 17-8 A student wants to attend a different School where the scholastic program is better and where the student will fit in better. Will the student be eligible at the Varsity level?
- A. Transfers for these reasons generally fail to meet the criteria for full eligibility under the General Waiver Rule. A decision to change Schools because someplace else is "better" is not the result of a circumstance which necessitates a School change, but is more often the consequence of a family's decision about what School they believe to be superior. This is a choice, totally within the control of the student and the student's family. Students and parents are urged to research schools prior to Enrollment. (rules 17-8.1, 17-8.3).
- Q. 17-9 Will a student get a Student Eligibility General Waiver (rules 17-8.1, 17-8.3) following a transfer if the student was the subject of a disciplinary action at the Sending School and the transfer was because of that disciplinary action?
- A. No. Students who transfer as a result of some disciplinary action, pending disciplinary action or a code of conduct violation at a Sending School would not meet the criteria for a Student Eligibility General Waiver. (rules 17-8.1, 17-8.3)
- Q. 17-10 A student attends a School where the student's family believes there is gang

Rule 17 - Investigations ... Waivers

activity and believes the student is not a safe. The family doesn't want to move but does want the student to transfer to another, safer School. What's the level of athletic eligibility which will result from this transfer?

- A. Safety issues at a Sending School may constitute a Hardship Condition (rule 17-8.3) and a transfer because of such safety concerns may meet the General Waiver Rule criteria (rule 17-8.1) and permit full eligibility. In cases where the family believes there is an unsafe school environment at the Sending School, the student must show the existence of such problem, must show the problem directly impacted the student and must show that remaining on that School's campus would be dangerous for the student. The preferable proof would include school reports of incidents involving the student, evidence that the student requested the school to provide assistance in dealing with the problem and proof that the problem persisted. Proof of rumors of potentially dangerous conditions will probably not support a student's request for a Student Eligibility General Waiver.
- Q. 17-11 A student has been bullied by another student while enrolled at a school and transfers to a neighboring school to get away from the student bully. The student seeks full eligibility under the General Waiver Rule, 17-8.1. Does a bullying situation qualify as a hardship condition?
- A. Bullying may qualify as a hardship condition if there has been a verified history of bullying and the bullying occurred at the Sending School, and not over social media, not at the mall, not at McDonalds. Also, any bullying incidents must have been reported to the Sending School at the time the bullying occurred, and at a minimum, the student must have completely complied with the Sending School's Bullying Policy in order for the claimed bullying to be considered. (rule 17-8.3)
- Q. 17-12 Can bullying within or among athletes and teammates qualify as a hardship condition?
- A. A claim of bullying involving teammates generally does not qualify as a hardship condition since a student who transfers as the result of an athletically-related event is transferring for an athletic reason, even if the event is a teammate bullying another teammate. Under rule 17-8.3, before a situation can be considered a hardship condition, the situation must be non-athletic. Under 17-8.3(b), any evidence that the transfer was motivated by athletics often eliminates the chance that the situation is a hardship condition.
- Q. 17-13 A student attending the local public school now wants to attend the local private school which has a religious component in its operations and curriculum. And another student now wants to attend the local public school because he/she is tired of having to attend morning religious services and having to take religious classes. Will either student be eligible at the Varsity level following the transfers under the General Waiver Rule?
- A. Transfers based upon a student's desire to attend and get an education at a religious school, and transfers based upon a student's desire to not to attend a religious do not qualify as hardship transfers. The decision to transfer to another Schools because the other school is religious and offers religious instructions, just like the decision to transfer to another Schools because the other school is not religious and does not require religious instruction, is rooted, not in some hardship condition at the incumbent school, but rather upon a decision to attend another school which better fits the student's interests and wishes. This is a choice, totally within the control of the student and the student's family and does not qualify as a hardship condition or as a basis for granting a waiver. (rules 17-8.1, 17-8.3).
- Q. 17-14 Following her rule 19-6.1 transfer, the student (girls basketball) claims that, since the Receiving School doesn't have a girls JV basketball team, which means that she'll be unable to play basketball there, then that situation constitutes a hardship condition, Does the student qualify for a General Waiver under rule 17-8.1?

Rule 17 - Investigations ... Waivers

- A. No. A student seeking a General Waiver under rule 17-8.1 must show the existence of a hardship condition as described in rule 17-8.3, and in the context of a school transfer, the hardship condition must have actually caused the student to transfer schools. The inability to play basketball at a Receiving School because the school doesn't have a team for students granted limited eligibility is neither a hardship condition nor a basis for a rule 17-8'1 General Waiver. (rules 17-8.1, 17-8.3).

Eligibility Under the Transfer Waiver Rule 17-8.5

- Q. 17-15 A student moves to the home of an uncle who became the student's Guardian, and transfers to a **Member** School which serves the uncle's residence. The principal of both the former **Member** School and the new **Member** School signed the verification on the Transfer Report that the transfer was in the best interest of the student and that there were no athletic related motives involved. Will the student get full eligibility under rule 17-8.5?
- A. No, under rule 17-8.5, the student must meet each condition of the rule, including the requirement that the "student continues to reside with his/her parents/Guardians", and here since the student did not meet the "continue to reside" criteria, the student would not receive a rule 17-8.5 waiver.
- Q. 17-16 A student moves between the residences of his divorced parents, but he does not want to enroll at the **Member** School which Serves the Student's (new) Residence, and instead, wants to enroll at a **Member** School not Serving the new residence. Can the student get full eligibility at the new **Member** School under 17-8.5?
- A. No. A student moving to live with a parent can obtain full eligibility under rule 19-6.1(b), but under rule 19-6.3, can only obtain full eligibility at the School which Serves the Student Residence, and here the Receiving School did not Serve the student's new residence. Also, a student who moves from one parent to another cannot meet the criteria for a Limited Eligibility Waiver (rule 17-8.5) because the student has to continue to reside with the parent, and in this case the student did not continue to reside with the parent, but instead moved to live with the other parent.

RULE 18 – SCHOLARSHIP

Philosophy

Realizing that the age group served by high school represents an interval in human development that can be turbulent and complex, the IHSAA is concerned with educating the "whole person." Therefore, the primary focus of any Indiana Secondary School should be to provide educational opportunities for its students in accordance with the requirements set forth by the Indiana Department of Education. This academic training should progress toward an adequate education and ultimately in earning a high school diploma. Participation in interschool programs is a privilege for which reasonable standards should be established and enforced for the educational and personal welfare of the students who participate. If students cannot successfully carry and pass a normal minimum load of formal classroom work and simultaneously undertake the extra demands upon time and energy required by interschool participation, they should postpone their commitment to interschool programs and concentrate time and effort on achieving in the classroom. On the basis of these premises, minimum academic achievement requirements have been established by the IHSAA. Hopefully, the minimum academic eligibility standards adopted will:

- a. promote higher educational standards;
- b. upgrade student academic performance;
- c. counter public criticism of schools for low expectations and low student achievement; and
- d. enable schools to use athletic participation as a motivator for better classroom performance and achievement.

18-1 Minimum Course Enrollment and Grades for Participation

To be eligible scholastically, students must have received passing grades and earned credit at

Rule 18 - Scholarship

the end of their last Grading Period in School in at least Seventy percent (70%) of the maximum number of full credit subjects that a student can take and must be currently Enrolled in at least Seventy percent (70%) of the maximum number of full credit subjects that a student can take.

- a. The preceding notwithstanding, a student must have been Enrolled in a minimum of Four (4) full credit courses during the last Grading Period, and must be Enrolled in a minimum of Four (4) full credit subjects (or the equivalent) during the current Grading Period, unless a Block Four schedule is used, and then the student's Enrollment must be in a minimum of Three (3) full credit courses.
- b. If grades reported at an Eligibility Certification Date include both Grading Period grades and semester grades, then semester grades take precedence for eligibility purposes.
- c. A student may use up to Two (2) semesters of the state-required physical education course for eligibility purposes, with each semester's course counting as One (1) full credit.
- d. Physical education credit earned by participation on an athletic team, may not count toward academic eligibility.
- e. Class periods must meet Indiana Department of Education standards.
- f. In the event a School establishes minimum academic requirements which are greater than the IHSAA academic requirements, the IHSAA will consider those higher academic requirements to constitute the IHSAA academic requirements at such School, and will require that a student at that School meet those greater academic requirements before that student is eligible scholastically under this rule.

18-1.1 Amount of Credit

The amount of credit given for any subject shall be as authorized by the Department of Education.

NOTE: With such approval, Advanced Physical Education may earn a maximum of One (1) credit, per semester.

18-1.2 Multi-Credit Subjects

Subjects for which Two (2) or more credits per semester are earned toward graduation shall be considered as an equivalent number of required subjects.

18-1.3 Vocational and Special Education School Credits

Students attending state approved vocational or special education schools may transfer such grades and credits earned to their home School for the purpose of establishing eligibility.

18-1.4 Partial Credit Subjects

A combination of 2, 3, or 4 partial-credit subject grades may be substituted for 1 or 2 full-credit subject deficiencies.

18-1.5 Transfer Students

Transfer students must meet the requirements of this rule. However, if a transfer student is coming from a school with a different academic schedule that cannot be accommodated in his/her new School, and the transfer student is certified to be academically eligible by the school from which he/she is transferring, said transfer student shall have full academic eligibility in their new School until the transfer student can Enroll, complete and receive credit in the maximum number of full credit subjects that a student can take at the new School. However, during this interim period the transfer student must receive passing grades at the new School

Rule 18 - Scholarship

in at least Seventy percent (70%) of the classes in which the student is Enrolled (semester grades take precedence) and meet all other eligibility rules.

18-1.6 Semester Ineligibility

Students who are ineligible scholastically at the end of a Grading Period or semester, are ineligible for the following Grading Period.

18-2 Certification Dates

Each School will establish consistent Grading Periods within the school year. The principal shall set the Eligibility Certification Dates annually on the membership page/form. Each Eligibility Certification Date must occur no later than noon of the tenth school day following the end of each Grading Period. The principal shall certify the grades of each student on the Eligibility Certification Date.

18-3 Night School

When students from a member School attend any night school approved by the Department of Education and such students desire to count the credits earned toward IHSAA scholastic eligibility requirements, they must obtain written approval from their high School principals that each specific course credit/s earned will be accepted and counted toward graduation. When establishing current scholastic eligibility requirements, they must be passing Seventy percent (70%) of the maximum of full credit subjects or the equivalent taken concurrently in day and/or night school.

18-4 Make-up for Scholastic Deficiency

Scholastic deficiencies caused by the inability of a student to pass Seventy percent (70%) (See rule 18-1) or the equivalent in the previous Grading Period (semester grades take precedence) may be made up in night school, summer school or correspondence school and counted toward eligibility provided:

- a. it be done in an accredited school or according to procedures approved by the Department of Education;
- b. all work be done and the necessary credits be made a matter of final record in principal's office prior to the opening date of the Grading Period in which eligibility is desired. This does not apply to incompletes;
- c. all work and credits be Bona Fide and certified as such by the high School principal;
- d. Summer school credits for scholastic deficiency must be completed at the Sending School prior to the transfer of athletic eligibility.

18-5 Incompletes

An incomplete in a course at the end of a Grading Period or semester counts as a failure until deficiency has been removed; an incomplete in a course on the Eligibility Certification Date counts as a failure and, for scholastic eligibility purposes, cannot later be made up or removed. A School may request a hardship waiver of this rule, regarding a make-up of an incomplete after the Eligibility Certification Date for an extreme situation outside the control of the student and the student's parent(s).

18-6 Withdrawals

Students who withdraw within the first Fifteen (15) school days of a semester shall not be considered ineligible as to scholarship at the beginning of their next semester of Enrollment, provided they were eligible when they withdrew.

18-7 Alternative Courses

High school students who are Enrolled in a member high School may, with prior written approval of their high School principal, obtain credits from alternative courses which may count toward IHSAA scholastic eligibility requirements:

- a. College Courses: A student may attend an accredited institution which grants credits which count toward a baccalaureate degree from that institution, for credit that is acceptable for high School graduation and for college credit, provided:
 - (1.) the college course is approved by the Department of Education,
 - (2.) the local Board of School Trustees counts the college course credit toward graduation,
 - (3.) the college class is taken concurrently with the student's School classes.
- b. Unavailable Courses: A student may attend class at another accredited school for credit in

Rule 18 - Scholarship

course offerings which cannot be obtained at the student's School so long as the student is Enrolled in and attending credit courses at their home School and the class is equivalent to a regular course at the student's home School.

- c. College During Vacation Periods: During a vacation period, high school students with remaining athletic eligibility may Enroll in or attend a program in an accredited institution of higher learning that may give them college credit provided they have prior written approval of their high School principal.
- d. Virtual Course: A student may earn course credits by attending a non-traditional Virtual Course provided:
 - (1.) the Virtual Course is approved by the Department of Education;
 - (2.) the local School Board of Trustees counts the credits earned in a Virtual Course towards graduation;
 - (3.) Virtual Course classes are taken concurrently with a student's regular classes;
 - (4.) the total number of Virtual Courses enrolled in and attended by a student during a Grading Period may not exceed Thirty percent (30%) of a student's total course load.

However, upon application from a member School, and for good cause, the Commissioner may alter the percentage a student's total course enrollment may be Virtual Courses during a Grading Period, provided that under all circumstances the student must be enrolled in and must attend the School for a minimum of One (1) full credit, non-Virtual Course during the Grading Period.

- e. Innovative Course. Credit for an Innovative Course may count toward IHSAA scholastic eligibility requirements provided:
 - (1.) the Innovative Course is approved by the Department of Education;
 - (2.) the local Board of School Trustees counts the Innovative Course credits toward graduation; and
 - (3.) the Innovative Course classes are taken concurrently with the student's regular School classes

18-8 Special Education

A student who (a) is receiving special education and related services pursuant to an individual education program, (b) is not earning credits toward a diploma, (c) is working toward a certificate of completion, certificate of attendance, or the equivalent, and (d) the student's individual education plan (IEP) includes satisfaction of the IHSAA academic standards contained in rule 18-1, may meet such academic requirements, provided the student is making satisfactory progress toward the goals, objectives and benchmarks contained in the student's progress reports and case conference committee, and certified by the building principal.

Q & A

Academic Eligibility - Generally

- Q. 18-1 When is a student academically eligible to participate in interscholastic athletics at a member School under the IHSAA rules?
 - A. In general, a student is eligible academically if the student is currently enrolled in at least Seventy percent (70%) of the maximum number of full credit subjects available, or the equivalent, and the student received a passing grade in Seventy percent (70%) of the maximum number of full credit high school subjects available, or the equivalent, in the previous Grading Period. (rule 18-1)
- Q. 18-2 If a student fails to pass Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent during the last Grading Period of a semester but earns credits in Seventy percent (70%) of the maximum number of full credit high school subjects for the semester, will the student be eligible at the beginning of the first Grading Period of the next semester?
 - A. Yes, the semester grades take precedence over grades received during the final Grading Period of the semester. (rule 18-1)
- Q. 18-3 If a student passes Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent during the last Grading Period of

Rule 18 - Scholarship

a semester but failed to earn and be awarded credits in Seventy percent (70%) of the maximum number of full credit high school subjects for the semester, when will the student be eligible during the next Semester?

- A. While the failure to pass Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent for the last semester means that the student will be ineligible for the next Grading Period, the student's academic eligibility for the remainder of the semester will be determined by the grades the student achieves during each of subsequent Grading Periods. If the student passes Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent during the second Grading Period of the next semester, then the student be eligible for the following Grading Period. (rule 18-1)

- Q. 18-4 If a student is academically ineligible at the end of a Grading Period or semester, is the student academically ineligible for the entire next Grading Period?

- A. Yes, an academically ineligible student at the end of a Grading Period or end of a semester is academically ineligible for the next Grading Period. (rule 18-1.6)

- Q. 18-5 If a student is academically ineligible at the end of a Grading Period or a semester, when can the player become academically eligible?

- A. If, following a period of academic ineligibility a student successfully meets all academic requirements during a succeeding Grading Period, the student will be eligible to play on the date the principal certifies grades for the succeeding Grading Period. Here the student would be eligible on the certification date for the succeeding Grading Period. (rule 18-2)

- Q. 18-6 Is a student, who was academically ineligible during the first Grading Period of the fall semester, but who then meets the scholarship requirements during that first Grading Period, eligible to play the night of the last day of that first Grading Period?

- A. The date of academic eligibility following a period of academic ineligibility depends on the Eligibility Certification Date established by the student's School. Based upon the grades from the just-completed Grading Period, a student will become academically ineligible, or will become academically eligible, on the School's Eligibility Certification Date. Here, if the School's Eligibility Certification Date is the last date of the Grading Period, then the student would be academically eligible to play sports that day, but if the School's Eligibility Certification Date was the following Tuesday, for example, then the player would be eligible the following Tuesday. (rule 18-2)

- Q. 18-7 Is a student who is expelled from a School for one (1) entire semester, but who Enrolls at the School the next semester, academically eligible beginning the first day of that next semester?

- A. Yes, provided the student had passed Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent for the semester of student's Enrollment prior to the expulsion. (rule 18-1)

- Q. 18-8 Is a student who was expelled from school during the middle of a semester, academically eligible for the first Grading Period following the period of expulsion?

- A. The student's academic eligibility following a mid-semester expulsion is based upon what happened to the student's credits and grades. If the student was expelled and all grades for the semester were lost, then the student would not have met the requirements of passing Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent during the student's last Grading Period and would be academically ineligible during the first Grading Period following the student's re-Enrollment. But if the student was permitted to attend an alternative school or have a similar arrangement, post-expulsion, and was permitted to 'keep' the pre-expulsion class credits/grades and was permitted to continue classes, then the student would be academically eligible during the first grading period following the student's post-expulsion Enrollment,

Rule 18 - Scholarship

provided the student passed Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent. (rule 18-1)

Q. 18-9 Is a student who was passing Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent and then dropped out of school for the remainder of the Grading Period, and did not receive any grades for the Grading Period, considered eligible under the scholarship rule at the beginning of the following Grading Period?

A. No, the student would fail to meet the requirements of passing Seventy percent (70%) of the maximum number of full credit high school subjects or the equivalent the student's last Grading Period of enrollment. (rule 18-1)

Q. 18-10 Is a student who has been out of high school for a semester or more, and who has played on a Non-School Team during that time, eligible academically when re-Enrolling at a School at the beginning of a semester?

A. This is not an academic issue. Non-attendance at a School alone or playing on a Non-School Team does not impact a student's academic eligibility. Academic eligibility turns upon the student's academic success or lack of success during the last Grading Period of attendance. (rule 18-1)

Make-Up Work and Repeated Courses

Q. 18-11 Can a student repeat a course and have the course count toward academic eligibility?

A. Yes, if approved by the principal and a passing grade is earned and placed on the student's official transcript.

Q. 18-12 Can a student, who has an incomplete at the end of a Grading Period in One (1) of the five (5) courses in which the student was enrolled, make up the work in the course, obtain a passing grade for the course, and be academically eligible during the upcoming Grading Period?

A. Yes, but it depends on when the class work is made up and when the grade is changed from an 'I' to a passing grade. Incompletes can be made up and an incomplete can be changed to a passing grade, but in order for that passing grade to count for eligibility purposes, the passing grade must have been entered on the student's records on or before the Eligibility Certification Date, rule 18-5. A School can request a hardship waiver to permit the student to make-up the incomplete after the Eligibility Certification Date. To obtain a waiver the student would have to show that the reason the course could not be timely completed was the result of an extreme situation outside the control of the student and the student's parent(s), such as a medical emergency. Even if a waiver is granted, a student will remain academically ineligible until the course is competed and the grade is changed from an 'I' to a passing grade.

Q. 18-13 If a student fails to pass Seventy percent (70%) of the maximum number of full credit subjects available, or the equivalent, during the last semester of the school year, may the student's credits achieved in summer school count toward academic eligibility?

A. Yes, summer school course grades and credits can be combined with the previous spring semester course grades and credits in order to meet the Seventy percent (70%) rule for the spring semester. In order for the summer school course grades and credits to be used, all summer school courses must be completed before the first day of school of the next fall semester. A student who needs summer school grades and credits to be academically eligible will remain ineligible until the summer school grades and credits are received by the student's School of Enrollment and the principal or the principal's designee can confirm that the student is academically eligible for fall sports. (rules 18-4, 18-5).

Q. 18-14 Can a student use a Non-School course to count as a full credit subject for purposes of academic eligibility?

Rule 18 - Scholarship

- A. Yes, provided the course is taken or attended concurrently with the Grading Period for which the course is to be counted as a full credit subject, and provided the course complies with the requirements of either the Night-School rule (rule 18-3), the College Course rule (rule 18-7(a)), the Unavailable Course rule (rule 18-7(b)), the Virtual Course rule (rule 18-7(d)) or the Innovative Course rule (rule 18-7(e)).
- Q. 18-15 May a student make up an academic deficiency during a Grading Period by demonstrating proficiency in a course or subject, and obtain credit(s) under Ind. Code 20-36-5-1 or a similar law?
- A. No, academic deficiencies can be made up under rule 18-5 only through the enrollment in a course of study offered at a night, summer, or correspondence school, by successfully such a course through course work, and by receiving course credit(s). Testing out of a course may not be used to make up for an academic deficiency.

Vocational Schools

- Q. 18-16 A student attends a vocational school outside the student's School of Enrollment, for Three (3) hours each day. Where is the student eligible?
- A. The student is eligible only at the student's School of Enrollment. The Student's grades and credits at the vocational school should transfer to that School of Enrollment (rule 18-1.3) and based upon the grades and credits from both the vocational school and from the School of Enrollment, the student can achieve academic eligibility at the student's School of Enrollment. (rule 18-7(b))
- Q. 18-17 A student at a member School attends a college (e.g. Ivy Tech) to take a vocational course. Can the student use the grade and credit from the course for eligibility purposes at the student's School of Enrollment?
- A. Yes. A student may take a vocational course "off-campus" and can gain academic eligibility under two rules. Under the Unavailable Course Rule (rule 17-8(b)), a student can take a course which is not offered at the School of Enrollment, provided the student attends the School of Enrollment at least Fifty percent (50%) of the school day. Alternatively, under the College Course Rule, a student may use the grade and credit for a vocational course given by a college, even if the course is available at the School of Enrollment, provided the courses provide credit for both high school and college and the student attends the School of Enrollment for at least one (1) credit class. (rule 18-7(a)).

Transfer Students

- Q. 18-18 Can a transfer student, who was academically eligible at the Sending School, meet the requirements of the Academic Rule (rule 18) and become academically eligible at the Receiving School even when the student's academic schedule at the Sending School (block 4) cannot be accommodated at the Receiving School (traditional six-period day).
- A. Yes. The student can enroll in an academic schedule at the Receiving School which does not meet the School's regular requirements and be academically eligible at the Receiving School until the student can enroll, complete and receive credit in the maximum number of full credit subjects that the student can take at the Receiving School. (rule 18-1.5)
- Q. 18-19 Will a transfer student, who would have been academically ineligible under the Sending School's enhanced academic rules (i.e., a student is academically ineligible for athletics only if the student maintains a 'C' average), become academically eligible at the Receiving School under its less stringent academic rules?
- A. No. Under rule 3-8, any ineligibility ruling under the rules of a Sending School, such as an academic ineligibility ruling, carries over to the Receiving School, even if the transfer student would have been academically eligible under the academic rules of the Receiving School. An academically ineligible transfer student will remain academically ineligible at the Receiving School until the transfer student, going forward, meets the academic requirements at the Receiving School.

Rule 18 - Scholarship

Home School Students

- Q. 18-20 May a student who is "Home Schooled" by the parents become eligible for athletics at an IHSAA member school?
- A. Yes, under the Non-Accredited Student Rule, a student who attends a non-public, non-accredited school, which includes all home education schools, may be eligible to participate in the athletic program at the Indiana Public School which Serves the Student's Residence, provided the student meets the rule's minimum requirements and conditions. Otherwise, a student is eligible to participate in an athletic program involving IHSAA Recognized Sports only at the member School in which the student is Enrolled and attends, and is passing Seventy percent (70%) of the maximum number of courses offered at that member School. (rules 12-1, 12-5, 18-1)

Students Eligible to Graduate

- Q. 18-21 Are students who have made sufficient credits to graduate in less than 8 semesters, eligible thereafter?
- A. Yes, provided they do not actually graduate and remain Enrolled and carry an adequate workload (Seventy percent (70%) of the available full credit subjects) during the Grading Period of participation.. (rules 13-2, 18-1)
- Q. 18-22 When does the eligibility of a student-athlete end if the student graduates at the end of the first semester or the second Trimester?
- A. The student-athlete would become ineligible to participate in athletics on the first day of the next Grading Period.

Entry of Academically Ineligible Students in Tournament Series

- Q. 18-23 May a student's name be included on an IHSAA Tournament Series entry list while the student is scholastically ineligible?
- A. Yes, however, the student must be eligible at the time of participation in the Tournament Series.

Summer School

- Q. 18-24 Does a summer school credit earned by a student at a school other than the School of Enrollment jeopardize the academic eligibility of that student?
- A. No. And if the summer school credit is accepted by the Department of Education and the principal of the School of Enrollment recognizes the summer school work for credit, the summer school credit may be used to satisfy the academic requirements of the scholarship rule. In fact, the IHSAA recommends summer school classes, which are approved by the principal of the School of Enrollment, for students who need credits. (rule 18-5)
- Q. 18-25 May summer school credits be counted as make-up for a future deficiency?
- A. No, summer school credits can be applied only to make up for academic deficiencies the previous spring Grading Period. (rule 18-4)

Physical Education Grades

- Q. 18-26 May a state-required physical education course be count as a full credit subject under the Scholarship rule?
- A. Yes, regardless of whether the course is for a full credit or for half credit, each course of the Two (2) semesters, state required physical education course may be counted as a full credit subject for eligibility purposes. (rule 18-1)

Conditional and Incomplete Grades

- Q. 18-27 Is a "conditional" or an "incomplete" considered a "pass" by the IHSAA when determining academic eligibility?
- A. No, an incomplete at the end of a Grading Period or semester counts as a failure until deficiency has been removed and the course will count for eligibility purposes only if the conditional or incomplete is removed prior to the Eligibility Certification, or if the students petitions to the IHSAA for a waiver of the rule. (rule 18-5)

Philosophy

The following is a brief resume of the points of philosophy included in the transfer rule of this Association.

- a. Participation in interschool athletics is a privilege provided for students who meet the democratically-established standards of qualification as set forth by this Association.
- b. The privilege of participation in interschool athletics should fundamentally be available to Bona Fide students in school districts where their parents or legally-established guardians reside.
- c. Standards governing residence and transfer are a necessary prerequisite to participation in interschool athletics because:
 - (1.) they protect the opportunities of Bona Fide students to participate;
 - (2.) they provide a fundamentally fair and equitable framework in which interschool athletic competition, in an educational setting, can take place;
 - (3.) they provide uniform standards for all schools to follow in maintaining athletic competition;
 - (4.) they support the educational philosophy that athletics is a privilege which must not be permitted to assume a dominant position in a student's or school's program;
 - (5.) they keep the focus of educators and students on the fact that students attend school to receive an education first and participate in athletics second;
 - (6.) they maintain the fundamental principle that a high school student should live at home with his/her parents or legally-appointed Guardian (if the parents are deceased) and attend school in the school District in which the parents or Guardians live;
 - (7.) they reinforce the view that the family is a strong and viable unit in our society, and as such, is the best place for students to live while attending high school;
 - (8.) they serve as a deterrent to students who would transfer schools for athletic reasons and to individuals who would seek to recruit student athletes to attend a particular school for the purpose of building athletic strength;
 - (9.) they serve as a deterrent to students running away from or avoiding an athletic conflict or discipline that has been imposed;
 - (10.) they protect school programs from losing students who have established an identity as an athlete and, as such, are contributors to the overall school program and image.

DEFINITIONS:

Transfer For Primarily Athletic Reasons – A Transfer For Primarily Athletic Reasons includes, but is not limited to:

- a. a transfer to obtain the athletic advantage of a superior, or inferior, athletic team, a superior athletic facility or a superior coach or coaching staff;
- b. a transfer to obtain relief from a conflict with the philosophy or action of an administrator, teacher or coach relative to athletics;
- c. a transfer seeking a team consistent with the student's athletic abilities;
- d. a transfer to obtain a means to nullify punitive action taken by the previous school.

Bona fide change of residence – Determination of what constitutes a 'Bona Fide' change of residence depends upon the facts in each case, however, to be considered, the following facts must exist:

- a. the original residence must be abandoned as a residence; that is, sold, rented or disposed of, or in the process of being disposed of as a residence and must not be used as a residence by any member of the student's immediate family; and
- b. the student's entire immediate family must make the change and take with them the household goods and furniture appropriate to the circumstances. For eligibility purposes, a single family unit may not maintain Two (2) or more residences.
- c. the change of residence must be genuine, without fraud or deceit, and with permanent intent.

Limited Eligibility – A student who is declared to have Limited Eligibility shall be eligible to

Rule 19 - Eligibility and Transfer

participate immediately in all interschool athletics, provided, however, during the first Three-hundred Sixty-five (365) days from the date of last participation at a previous school, such student may not participate in interschool athletics as a member of a Varsity athletic team.

RULES:

19-1 Initial Promotion Eligibility

When a student is promoted from grade 8, such student may enter grade 9, and have full eligibility, in a school of such student's choice provided:

- a. such student Enrolls on or before the 15th initial school day at such School; and
- b. rule C-20 - Undue Influence has not been violated.

In the event a student attends a junior high or middle school which includes grade 9, full eligibility shall be at the parent high school in grade 10.

19-2 Continued Eligibility

Once a student obtains full athletic eligibility in a School, such student retains full athletic eligibility in that School even though such student's parent(s)/Guardian(s) or the student moves to another District or Territory, however, such full athletic eligibility is forfeited in such School in the event:

- a. the student Enrolls at and attends another School for Fifteen (15) or more school days; or
- b. such student participates in an interschool Contest as a representative of another School; or
- c. the student obtained full eligibility under the foreign exchange student exception, 19-6.1(m), and the student continued in attendance at the member School after the initial year of eligibility.

19-3 Transfer Eligibility - Generally

A student who transfers to a member School shall be ineligible to participate in interschool athletics for a period of Three-hundred Sixty-five (365) days after Enrollment, unless and until an IHSAA Athletic Transfer Report shall have been ruled on by the Commissioner, or the Commissioner's designee.

19-4 Transfer For Primarily Athletic Reasons or the Result of Undue Influence

To preserve the integrity of interschool athletics and to prevent or minimize recruiting, proselytizing and school 'jumping' for athletic reasons, regardless of the circumstances, a student athlete who transfers from One (1) school to a new school for primarily athletic reasons or as a result of undue influence will be ineligible at the new School for Three-hundred Sixty-five (365) days from the date the student Enrolls at the new School. However, if a student transfers and it is not discovered at that time that the transfer was primarily for athletic reasons or the result of undue influence, then the student will be ineligible for Three-hundred Sixty-five (365) days commencing on the date that the Commissioner or Commissioner's designee rules the student ineligible.

19-5 Eligibility When Transfer With Change Of Residence By Parent(s)/Guardian(s)

A student who transfers with a corresponding change of residence to a New District or Territory by the student's custodial parent(s)/guardian(s):

- a. will have full eligibility at the new School if the change of residence was Bona Fide,
- b. will have limited eligibility at the new School if the change of residence was not Bona Fide, and
- c. will have no eligibility at the new School if the residential change, the selection of the new residence or the transfer itself was for primarily athletic reasons or the result of undue influence.

19-5.1 Transfer Options When Transfer With Change of Residence by Parent(s)/Guardian(s)

When a student's parents(s)/Guardian(s) make a Bona Fide change of residence to a New District or Territory, the student has the following options:

- a. The student may continue eligibility at his/her original school pursuant to rule C-19-2; or
- b. The student may transfer and attempt to obtain full eligibility at the Public School which Serves the Student's Residence, at the Charter School which Serves the Student's Residence, or at a Private School which Serves the Student's Residence, at any time prior to the 15th school day of the next semester or trimester (Note: a School does not 'serve'

Rule 19 - Eligibility and Transfer

c. the student may transfer and attempt to obtain full eligibility in any Public, Private, or Private School, or Charter School which does not serve the student's area of residence is located within a Twenty (20) mile radius of the new residence of the Parent(s)/Guardian(s) when the Bona Fide change of residence involved a move of more than Seventy-five (75) miles; or and is the student's first time enrolling in an Indiana school; or

d. The student may transfer and attempt to obtain full eligibility at any school, provided:

(1). The student did not participate in any interscholastic Contest as a representative of another school during the preceding Three-hundred Sixty-five (365) days. This exception does not apply if the school(s) the student attended during the preceding Three-hundred Sixty-five (365) days did not offer the sport in which the student wishes to participate interscholastic or non-interscholastic, and such student participated in athletic competition in such sport individually or as a member of a club or similar team, during the preceding Three-hundred Sixty-five (365) days.

e. the student may transfer and attempt to obtain full eligibility when the student's parent or legal Guardian accepted, and commenced employment as, a licensed or certified position at the Receiving School. The student would only obtain full eligibility at the school where the student's parent or legal Guardian accepted, and commenced employment as, a licensed certified position.

f. the student may transfer and attempt to obtain Limited Eligibility in any Public School or Private School which does not serve the student's area of residence.

Exception: The student will only have Limited Eligibility for Three-hundred Sixty-five (365) days from the date on which the student last participated in interscholastic athletics in the sport(s) in which the student last participated during the Three-hundred Sixty-five (365) days preceding the transfer. The student will have full eligibility for all other sport(s).

19-5.2 Transfer Pending a Move

When a student transfers in anticipation of the change of residence by such student's parent(s)/Guardian(s) to a New District or Territory, the student shall have Limited Eligibility until such Bona Fide change of residence has actually been made and the student has been declared eligible by the Commissioner or his designee unless this requirement is waived by the Commissioner or his designee. For a waiver to be considered, the student shall provide proof which may include but is not limited to an executed and binding purchase agreement contract or lease.

19-6 Transfer Eligibility Without Change Of Residence By Parent(s)/Guardian(s)

19-6.1 Eligibility When Transfer Without Change of Residence by Parent(s)/Guardian(s)

A student who transfers without a corresponding change of residence to a New District or Territory by the student's parent(s)/Guardian(s) will have immediate full athletic eligibility at the new School, provided the transfer was not for primarily athletic reasons or the result of undue influence, and there has been provided to the Association reliable, credible and probative evidence that One (1) or more of the following criteria has been met.

a. The transfer is a result of the student being a ward of a court; for purposes of this rule, a student under a guardianship is not a ward of the court.

b. The student transfers with a corresponding change of residence by the student into a New District or Territory to reside with a parent. Moves between divorced or separated parents may meet this criterion; however, more than Two (2) moves between such parents will not meet this criterion unless the reasons for the move(s) are outside the control of the parents and student and are significant, substantial and/or compelling. Likewise, any student who repeatedly seeks full eligibility under this criterion will not qualify for full eligibility unless the reasons for the move(s) are outside the control of the parents and student and are significant, substantial and/or compelling. In all cases under this criterion, full eligibility will not be approved if the approval will result in a student participating in more than One (1) season of a sport during a school year, or will result in a student participating in more than Four (4) seasons of a sport during a student's Four (4) years of high school.

c. The student transfers with a corresponding change of residence by the student into a New

Rule 19 - Eligibility and Transfer

District or Territory to reside with a Guardian or in a foster home and the residence change is the result of:

A guardianship established for the purpose of making a student eligible will not be accepted.
- d. The student's former school closed. Note: See rule 19-6.3b
 - e. The student's former school(s) attended during the entire Three-hundred Sixty-five (365) days prior to the Enrollment at the new School were not member school(s) of the local state high school athletic association or were not accredited by the local state accrediting agency.

This exception does not apply if the school(s) the student attended during the preceding Three-hundred Sixty-five (365) days did not offer the sport in which the student wishes to participate, interscholastic or non-interscholastic, and such student participated in athletic competition in such sport individually or as a member of a club or similar team, during the preceding Three-hundred Sixty-five (365) days.
 - k. The student transfers from a non-athletic association member School with a corresponding change of residence by the student to reside with a parent and/or legal Guardian whom the student had previously resided. Note: See rule 19-6.3b(3)
 - l.  - m. The student is a qualified foreign exchange student under rule 19-7 who has attended One (1) member School for One (1) year or less.
 - n. The student's parent or legal guardian accepted, and commenced employment as, a licensed or certified position at the receiving School.

19-6.2 Limited Eligibility When Transfer Without Change of Residence by Parent(s)/Guardian(s)

A student who transfers without a corresponding change of residence to a New District or Territory by the student's parent(s)/Guardian(s) will have Limited Eligibility at the new School, provided the transfer was not for primarily athletic reasons or the result of undue influence. The period of Limited Eligibility at the new School under this section begins on the date of Enrollment and continues until the first anniversary of the date on which (i) the student last participated in interscholastic athletic at the previous school(s), or (ii) the student last participated in athletics as a member of a club or similar team, when the previous school(s) did not offer the sport in which the student wishes to participate.

Exception: The student will only have Limited Eligibility for Three-hundred Sixty-five (365) days from the date on which the student last participated in interscholastic athletics in the sport(s) in which the student last participated during the Three-hundred Sixty-five (365) days preceding the transfer. The student will have full eligibility for all other sport(s).

Rule 19 - Eligibility and Transfer

19-6.3 Transfer Options When Transfer Without Change of Residence by Parent(s)/Guardian(s)

Upon the occurrence of an event which would permit a student to be declared to have immediate full eligibility under rule C–19-6.1, the student has the following options.

- a. The student may continue eligibility at the student's original school pursuant to rule C–19-2;
- b. The student may transfer and attempt to obtain full eligibility, at any time prior to the 15th school day of the next semester or trimester, provided:

- c. The student may transfer and attempt to obtain Limited Eligibility in any Public School or Private School.

Exception: The student will only have Limited Eligibility for Three-hundred Sixty-five (365) days from the date on which the student last participated in interscholastic athletics in the sport(s) in which the student last participated during the Three-hundred Sixty-five (365) days preceding the transfer. The student will have full eligibility for all other sport(s).

19-7 Foreign Exchange Student Eligibility

19-7.1 Requirements to be a Qualified Foreign Exchange Student

A foreign student is a qualified foreign exchange student if he/she meets the following criteria:

- a. The student has not completed his/her home Secondary School program;
- b. The student meets all IHSAA eligibility rules including the scholarship rule (rule 18) and the age rule (rule 4);

- f. The student possesses a current J-1 visa, issued by the U.S. State Department;
- g. The student's placement arrangements are completed in advance of the student's departure from his/her home country.
- h. The student is attending School under a foreign exchange program approved by both the Association and the Council of Standards for International Education Travel (CSIET). A foreign exchange program, to be approved by the Association:

- (4.) must be able to certify the student's participation in interschool athletics in his/her home country;
- (5.) must not select or place the student based on his/her athletic interest or abilities.

A list of approved CSIET and Association programs will be provided annually.

19-7.2 Direct Placements by Exchange Program

If a foreign exchange program, approved by the CSIET and the Association, makes a direct placement of a student in a member School, the IHSAA must be notified in writing. A placement is considered a "direct placement" when a foreign exchange program places a student in a specific home or school, or in One (1) of several homes or schools, at the request of the student, parent, host, coach, booster, school, etc. A student receiving a direct placement may be granted Limited Eligibility. If a school fails to notify the Association of a direct placement, the student may be declared ineligible and the school may be subject to additional penalties as determined by the Commissioner.

(Note: The member School must file the appropriate form with the IHSAA prior to the student receiving eligibility.)

19-8 Procedure Upon Transfer

When a student transfers to a member School, the receiving School principal shall promptly conduct an investigation and file an IHSAA Athletic Transfer Report with the Association.

19-8.1 IHSAA Athletic Transfer Report and Investigation

- a. The principal of the receiving School shall promptly conduct an investigation commensurate with the facts known and the information provided to the principal at the time that an IHSAA Athletic Transfer Report is requested or initiated by a student or such student's parent(s)/Guardian(s).
- b. On all transfers, an IHSAA Athletic Transfer Report shall immediately be completed by the student and/or the student's parent(s)/Guardian(s) as well as the receiving School principal and principal of the School from which the student transferred (sending school) and forwarded to the Association together with:
 - (1.) a written report reflecting the results of the investigation of the receiving School principal;

- c. The receiving School principal shall notify the student and the student's parent(s)/Guardian(s) that further investigation has been requested by either the sending school principal or the receiving School principal, or if it would appear that further investigation may be undertaken by the Association; under such circumstances, the student and the student's parent(s)/Guardian(s) shall be advised that they have the opportunity to present any pertinent information not previously provided.
- d. The failure of the student and/or the student's parent(s)/Guardian(s) or the receiving School or sending school principals, to process and file with the Association the IHSAA Athletic Transfer Report, may render the student ineligible and may subject the offending school to disciplinary action.

Rule 19 - Eligibility and Transfer

Q & A

Transfers - Generally

- Q. 19-1 Can a student, who receives Limited Eligibility following a transfer without a parental move, receive full eligibility after the parents later move into the District or Territory serving the school where the student had transferred?
- A. No, unless the student and the student's parent(s) had previously declared their intent to move into the School District or Territory at the time the Transfer Report was submitted. In other words, if a student transfers to School A and states on the Transfer Report, in good faith, that his/her parents intend to move into the District or Territory served by School A, then the student will likely receive Limited Eligibility until such time that the parents move into School A's District or Territory, and then at that time, the student can seek full eligibility under 19-5 and 19-5.2. In addition, the student can also attempt to obtain full eligibility at the time of the original transfer under the waiver procedure of rule 19-5.2. (rule 19-5.2)
- Q. 19-2 Can a student, whose parent(s) make a Bona Fide move to a New District or Territory, but who does not transfer at the time of the move, become fully eligible when the student later transfers to a School which Serves the Student's Residence?
- A. Yes. As long as the student transfers from the Sending School to the School which Serves the Student's (new) Residence prior to the 15th school day of the next semester or trimester, the student can attempt to obtain full eligibility at that School, provided there is no evidence that the transfer was the result of undue influence or primarily for athletic reasons. (rule 19-5.2) A transfer occurring after the 15th school day of the next semester or trimester will be treated as a transfer without a corresponding change of residence and the student shall have Limited Eligibility, unless the student can obtain full eligibility under another rule, such as rule 19-6.1, or under the waiver rule, rule 17-8.
- Q. 19-3 If a student transfers from a member School located in One (1) city or School District to a School in another city or School District, how is eligibility determined?
- A. Transfer eligibility is determined under rule 19. It is the administrative duty, under rule 3 and rule 19, for all member principals to conduct an investigation and to carefully check the record of every transfer student who Enrolls at a member School. All member principals should also advise any student, who contemplates making a change of schools, as to the IHSAA eligibility rules regarding transfers. (rule 19)
- Q. 19-4 Can a transfer student from a Sending School which was not a member of the high school athletic association or which was not accredited by the local state accrediting organization, obtain full eligibility under rule 19-6.1(e), when the student had attended the Sending School for One (1) semester?
- A. Full eligibility under rule 19-6.1(e) is restricted to those cases where the transfer student attended the Sending School(s) and those Sending School(s) were not accredited or were not member(s) of the local high school athletic association) during the entire 365 day period prior to the transfer. If the transfer student attended unaccredited or a non-association member schools for just One (1) semester, the student could not gain full eligibility under rule 19-6.1(e).
- Q. 19-5 If a student's parents moved out-of-state, but the student remains and moves in with a family friend and remains enrolled at the original school, is this student athletically eligible?
- A. Yes. Once a student becomes eligible in a School, the student retains eligibility in that School even though the student's parents may have move to another District or Territory. (rule 19-2)
- Q. 19-6 Prior to the day an out-of-state transfer student enrolled at a Receiving School (School A) for the fall semester, the student had turned in a completed Consent and Release Certificate at another local member School, School B,

Rule 19 - Eligibility and Transfer

and participated in Ten (10) days of football Practice at School B? What must the transfer student do in order to become athletically eligible to compete in a football contest for School A?

- A. First, the student will have to initiate an IHSAA Transfer Report with the School A, and since the student was deemed to have enrolled at School B (by practicing with the football team), the Transfer Report must be submitted to both School B, as well as to the student's original out-of-state School(s), (rule 19-8); the IHSAA will then have to rule on the transfer before the student is eligible at School A. Second, since a Consent and Release Certificate needs to be on file with the School of Enrollment, the student will need to get the completed Consent and Release Certificate from School B and file it with the School A. Last, the Ten (10) pre-participation Practice sessions from School B should satisfy the pre-participation Practice Attendance rule, rule 50-1, however, the student will have to have the School B send verification to School A showing that student had Ten (10) Practices in.

Q.19-7 A student lives with the student's father in a public school district, and moves to live with the student's mother who lives in another public school district. The student wants to enroll at a Private School which is located in the next county, and which does not Serve the residence of the student's mother. Does student qualify for full eligibility at the Private School?

- A. Probably no. Here, under rule 19-6.3, the student qualifies for full eligibility only at the School which Serves the Residence of the mother and in this case, student would not qualify for full eligibility at the Private School, unless the Private School had officially establish a Territory (the geographic area from which students are drawn for attendance, as established by the Diocese or other governing board) and the Territory included the area where the mother's residence was located; if not, then the Territory was, by default, the town limits of the town where the Private School was located, or the county if the Private School was not in a town, and student would therefore have limited eligibility at the Private School. (rule 19-6.3, see, Definitions, School which Serves the Residence). A student, however, may qualify for full eligibility if the Private School was the school in which the student initially established eligibility.

Q.19-8 A student moves from the residence of the student's mother to live with the student's father (separated from student's mother), and want to enroll at either a Charter School located in the next county from where the father's residence is located, or at a private School, also in the next county. Can the student get full eligibility at either School under rule 19-6.3?

- A. The student will likely have limited eligible at the Private School but full eligibility at the Charter School. The student only qualifies for limited eligibility at the Private School unless the Private School's governing body had designated the area where the father's residence is located as being in its official Territory, in which case the student could qualify for full eligibility because the Private School 'Serves' (as defined in the Definitions, above) the father's residence. Indiana Charter Schools' districts are determined by enabling legislation (Ind. Code §20-24-5-1) which states that Charter Schools are open to all students who resides in Indiana, and that makes a Charter School's Territory the entire state of Indiana. Since student's father residence is in Indiana, the student would qualify for full eligibility at the Charter School. (rule 19-6.3) A student, however, may qualify for full eligibility if the Private School was the school in which the student initially established eligibility.

Transfer Reports

Q. 19-9 May a transfer student Practice and participate in interscholastic Contests during the time a Transfer Report is being processed?

- A. Once Enrolled at the receiving School, a transfer student may participate in Practices prior to the completion of the athletic transfer process, however the student may not compete in a Contest until after the Transfer Report is approved by the IHSAA. (rule 19-3(b))

Rule 19 - Eligibility and Transfer

- Q. 19-10 Does a transfer student, who has never attended an American School, and has never participated in interscholastic athletics, required to complete a Transfer Report?
- A. Yes. After a student initially Enrolls in 9th grade a Transfer Report must be completed when the student transfers to the new School, whether the student transfers from an in-state School, from an out-of-state School or from a Home School, and regardless of whether or not the student not previously participated in athletics. (rule 19-3)
- Q. 19-11 What happens when a student who attends a Sending School decides to transfer to a Receiving School, attends several Summer Open Facility session at the Receiving School, but then decides not to remain there, and instead decides to return to the Sending School. Must a Transfer Report be completed at the Sending School since the student never attended any classes or competed in an interscholastic event at the Receiving School?
- A. Summer Open Facility session are open only to transfer students who have enrolled at the School hosting the Summer Open Facility, who have completed the first two sections of the Transfer Report and who have submitted the Report to the IHSA. Since the student here attended several Open Facilities session at Receiving School, it may be assumed that the student had enrolled there, and that meant that, if the student returned to the Sending School, the student would have to complete a Transfer Report at the Sending School. However, if here it turned out that the student had really not Enrolled at the Receiving School, then there was never an 'Enrollment' and a Transfer Report at the Sending School was not required. However, participation in a Summer Open Facility by this student was a violation of the Participation rule (rule 15-3.1 (b)) and the student and School B are both subject to penalty from the IHSA.
- Q. 19-12 What action should be taken by a member School when unable to obtain endorsed Transfer Report from an out-of-state school?
- A. The principal should promptly contact Commissioner and request a waiver. (rule 19-3)
- Q. 19-13 Is there a penalty when a transfer student, a transfer student's family or a Receiving School submit false or misleading information on, or withhold pertinent information from, a Transfer Report?
- A. Yes. Under rule 19-3, a Transfer Report must be completed by each transfer student, by the Sending School(s) involved and by the Receiving School, and must be submitted to the IHSA before a transfer student can be athletically eligible at a Receiving School. If the Transfer Report contains false or misleading information, or if pertinent information is withheld, and if that information was provided or withheld by the transfer student, the transfer student's family or supporters, or the Receiving School, rule 17-7.4 provides for the penalties which can include the student's loss of eligibility.
- Q. 19-14 If the parents of a student move into a new area which is Served by both a Public and a Private member school, where must the student attend in order to be athletically eligible?
- A. Under rule 19-5.2, when a student transfers with a corresponding change of residences by the parents/guardians to a new District or Territory, the student may attend a Charter School, the Public School Serving the student's new residence or a Private School Serving the student's new residence.

Enrollment Options Following a Move

- Q. 19-15 After moving to a New District or Territory with his parent, a student Enrolls at a Public School which does not serve the student's new residence or a Private School which does not serve the student's new residence. Will the student be fully eligible?
- A. No. A student transferring with a corresponding change of residence by the parents to a New District or Territory can obtain full eligibility only at a Public School or Private School Serving the student's new Residence, or at a Charter School. Transferring to an out-of-District Public School or an out-of-Territory

Rule 19 - Eligibility and Transfer

Private School will result in Limited Eligibility unless the student can establish grounds for a waiver. (rule 19-5.1(b))

Transfers without a Corresponding Change of Residence

- Q. 19-16 A student attends a Public School which is to close at the end of the current School Year. The student knows that next year his/her residence will be served by (Public) School A. The student decides to go ahead and transfer at Christmas break to School A. Will the student be fully eligible?
- A. No. A student who meets one of the criteria of rule 19-6.1 may have full eligibility at a Receiving School, however under rule 19-6.3 (Transfer Options), the event triggering one or more of the criteria listed under rule 19-6.1 must be occurring. A student seeking full eligibility because of a school closing (rule 19-6.1(d)) can seek eligibility at 'any school' (rule 19-6.3(b)(2)), however the transfer to the new School must occur after the Sending School actually closed, or at least contemporaneous with the Sending School's closure. In this case, the student would have Limited Eligibility at School A until the Sending School closes, and at that time student could request full eligibility.
- Q. 19-17 A student attends a member School, the member School eliminates calculus from its curriculum and because of that change in the curriculum, the student transfers to a Private member School which offers calculus. Under these circumstances, can the student qualify for full eligibility under the Transfer Rule?
- A. No. Under rule 19, the Transfer Rule, the student does not qualify for full eligibility. Rule 19-6.1 provides various grounds for obtaining full eligibility following a non-move transfer, and the loss of a course at a Sending School does not meet any of the various grounds. Therefore, the student would be granted Limited Eligibility under rule 19-6.2. However, the student may seek a waiver under rule 17-8.
- Q. 19-18 Will a Private School student who resides with his/her parents and who transfers to the Public School serving the parent's residence, be fully eligible following the transfer under rule 19?
- A. No. A student transferring without a corresponding change of residence by his/her parents/guardians will, under rule 19-6.2, likely be granted Limited Eligibility at the Public School for Three Hundred Sixty-five (365) days from the date the student last participated in a Contest at the Private School, unless the student would qualify for a waiver under rule 17-8.
- Q. 19-19 If a student resides with his/her parents in a residence served by a Public School but attends the ninth grade at a Private School in the area, the student has not participated in athletics, and as a sophomore, the student transfers to the Public School serving his/her residence, is the student eligible?
- A. A student transferring without a corresponding change of residence by his/her parents/guardians will, under rule 19-6.2, likely be granted Limited Eligibility at the Public School for Three Hundred Sixty-five (365) days from the date the student last participated in a Contest at the Private School, unless the student would qualify for full eligibility under another provision of rule 19 or unless the student sought a waiver under rule 17-8. Here it appears that the student had not participated in athletics during the preceding Three Hundred Sixty-five (365) days at the student's former School, and it appears likely that the student could obtain full eligibility under rule 19-6.1(j).
- Q. 19-20 Can a student transfer to Receiving School and obtain full eligibility under rule 19-6.1(n) when the student's parent obtains a job as a bus driver at the Receiving School?
- A. No. Under rule 19-6.1(n), the parent's position at the Receiving School must be either a teaching or administration position requiring an education license, an administrator's certification or similar professional credential. A position requiring a driver's license or similar licensure does not qualify for full eligibility under the rule.
- Q. 19-21 Can a student transfer to a Receiving School and obtain full eligibility under sections 19-6.1(n) and 19-6.3(b)(4), if the student's father accepted his new position at the Receiving School a year prior to the transfer?

Rule 19 - Eligibility and Transfer

- A. No. The event or occurrence which permits a student's full eligibility at a Receiving School under section 19-6.1(n) is the parent's acceptance of a position at the Receiving School, and under section 19-6.3(b)(4), the student must enroll at Receiving School no later than the 15th day of the first semester or trimester following that event (the parent's acceptance of the position). Here, since the father's accepted the position a year ago, the student would have had to Enroll at the Receiving School no later than the 15th day of the first semester or trimester following that acceptance, and since that date has passed, the student here would not qualify for full eligibility under rules 19-6.1(n) and 19-6.3(4).

Moves Between Parental Households

Q. 19-22 Can a student transfer to a Receiving School and obtain full eligibility at a Receiving School if the student's parent or legal Guardian accepted a new position at the Receiving School, but has yet to begin work at the Receiving School?

- A. No. The parent or legal Guardian must have accepted and commenced employment. A parent or legal Guardian has commenced employment no later than the beginning of the first day on which the employee is authorized or required by the School to be on duty on the School's premises.

Q. 19-23 If a family owns a business that serves several school Districts, owns a home in Two (2) different Districts, the father and the student live in a Public School District A and the student attends the Public School in District A, the mother live in the apartment in Public School District B, and because of supervisory considerations, it is decided that the student should live with the mother in Public School District B and should attend School B, will the student be granted full eligibility?

- A. No, the student would be granted Limited Eligibility, since a single family unit may not maintain Two (2) or more residences for athletic eligibility purposes, unless the student would qualify for full eligibility under another provision of rule 19. (rule 19-6.2; See definition of Bona Fide move)

Q. 19-24 If a student, who has been living in another state with the student's divorced mother, who has legal custody, moves to live with the student's father and Enrolls at the IHSA member School which Serves the Residence of the father, may the student be eligible at the new School?

- A. Yes, provided this is the first or second move between parents. (rule 19-6.1(b))

Q. 19-25 Does the existence of a broken home, separated parents, or other factors mean that eligibility in terms of residence will automatically be granted?

- A. No, each of these circumstances is only a factor which permits the Commissioner or his designee to review the individual circumstances of the student's case and make a ruling on the basis of an investigation and the provisions of the By-Laws. (rules 19, 17-8)

Emancipated Student

Q. 19-26 Can an Emancipated Student, who transfers to a Public School which does not serve the residence of his/her parents, get full eligible under rule 19-6.1(i)?

- A. Yes. However, the eligibility of an Emancipated Student under rule 19-6.1(i) turns, not upon the School serving the parents' residence, but upon the School serving the Emancipated Student's residence. So, if the Emancipated Student can establish his/her residence is in a new District which Serves the Public School where the Emancipated Student Enrolled, the Emancipated Student should get full eligibility under rule 19-6.1(i).

Guardians

Q. 19-27 If a student's parents determine that it is in the student's best interests for the student to live with the student's grandparents, and the parents arrange for the grandparents to become the legal Guardians of the student, and the student then moves in with the grandparents and enrolls at the Public School

Rule 20 - Undue Influence

Serving the grandparents' residence, will the student get full eligibility under rule 19-6.1?

- A. No. A legal guardianship established for the purpose of making a student eligible will not support a full eligibility ruling under rule 19-6.1(c)(2), and here it appears that the grandparent's legal guardianship was established for the purpose of making the student eligible.

Foreign Exchange Transfers

Q. 19-28 Is a foreign exchange student, attending an IHSA member School, fully eligible to participate in athletics?

- A. Yes, provided the student is attending under a CSIET-approved program and all of the requirements contained in foreign exchange rule have been met and followed. If the foreign exchange student cannot meet the foreign exchange rule, the student will likely be granted Limited Eligibility. (rules 19-6.1(m), 19-6.2, 19-7)

Q. 19-29 May a foreign student request placement in a specified school?

- A. Yes, however under such circumstances the student would not qualify for full eligibility under the foreign exchange transfer rule. Instead, since the foreign exchange student would be unable to meet the foreign exchange rule, the student would receive Limited Eligibility, unless the student would qualify for full eligibility under another provision of rule 19. (rule 19-7.2)

Q. 19-30 May a foreign exchange student obtain full eligibility for more than a One (1) year period?

- A. No, foreign exchange students may be granted full eligible for Varsity athletics for One (1) year, and if the student remains, the student would be treated as an incoming transfer student who had transferred without a corresponding change of residents by the student's parents, and would have Limited Eligibility, unless the student were able to qualify for full eligibility under another provision of rule 19. (rule 19-7.1(c))

Practices following a School Transfer

Q. 19-31 Will Practice sessions attended by a student at a Sending School count at the Receiving School after the student's transfers to the Receiving School?

- A. Yes. A student's Practice sessions at a prior School may count toward the minimum Practice requirements of the Practice Attendance Rules (rules 9-14, 50-1), provided records of the Practices are on file with the Sending School.

Discipline following a School Transfer

Q. 19-32 Does a student's disciplinary ineligibility penalty at a Sending School carry over to the Receiving School following the student's transfer to the Receiving School?

- A. Yes. Under rule 3-8(b), a student under an ineligibility penalty at a Sending School is under the same ineligibility penalty at the Receiving School.

RULE 20 – UNDUE INFLUENCE

20-1 Recruitment Prohibited

The recruitment or attempted recruitment of a prospective student, through the use of undue influence, is prohibited. Undue influence is the act of encouraging or inducing a prospective student to attend a school for athletic purposes.

- It is a violation of this rule for a prospective student to be unduly influenced, with or without the offer of a tangible benefit.
- Any successful or unsuccessful attempt to recruit a prospective student through the use of undue influence will subject the school(s) benefited, or to be benefited, by the recruitment to sanctions to be determined by the Commissioner.
- If, following any recruitment through the use of undue influence, a prospective student enrolls at a member school, the prospective student will be ineligible for athletics in accordance with the penalty described at Rule 19-4.

Rule 20 - Undue Influence

- d. The offer or the acceptance of any of the following shall constitute prima facie evidence of undue influence:
 - (1.) money or other valuable consideration for the prospective student or the prospective student's parent(s), guardian(s) or family,
 - (2.) Free or reduced tuition, room or board for the prospective student, provided, however that schools which charge tuition or which may make room and board available to students, may adjust tuition, room and/or board for children of faculty members provided there is no undue influence or under an objectively determined need-based financial aid program for tuition, room and/or board,
 - (3.) Pay for work that is not performed or that is in excess of the amount regularly paid for such service for the prospective student,
 - (4.) Free or reduced cost transportation for the prospective student,
 - (5.) A residence for the prospective student with a person connected with or who is a supporter of the school,
 - (6.) Any privilege, remuneration or inducement not afforded to non-athletes, or not uniformly available to all students, for the prospective student,
 - (7.) Free or reduced rent for the prospective student or the prospective student's parent(s), guardian(s) or family,
 - (8.) Payment of moving expenses for or assistance with the moving for the prospective student or the prospective student's parent(s), guardian(s) or family,
 - (9.) Employment for the prospective student or the prospective student's parent, guardian or family members in order to entice a move to a certain community.
- e. The penalties provided at rule 17-7.1, notwithstanding:
 - (1.) any violation of rule 20 by a student may result in severe sanctions which may include permanent ineligibility for the student
 - (2.) the submission of false information and/or withholding information may result in severe sanctions which may include permanent ineligibility for the student and Suspension from Membership by the school involved.

20-2 Past Link

- a. A transfer student who has a Past Link with a Receiving School to which the student transfers shall be ineligible at that Receiving School for Three Hundred Sixty-Five (365) days following the student's enrollment at the Receiving School.
- b. A Past Link means that any of the following occurred:
 - (1.) The transfer student attended a Practice session, a Limited Contact session or a Summer Open Facility session at the Receiving School during the Twelve (12) months period prior to the student's Enrollment at the Receiving School,
 - (2.) The transfer student played on or in a summer, a School sponsored or a Non-School sponsored sports (e.g. AAU) team or program which had a coach, manager, trainer, volunteer or employee who was a coach, manager, trainer, volunteer or employee at the Receiving School at the time the transfer student enrolled at the Receiving School, or had been a coach, manager, trainer, volunteer or employee at the Receiving School anytime during the Twelve (12) month period prior to the student's enrollment at the Receiving School, or became a coach, manager, trainer, volunteer or employee at the Receiving School anytime during the Ninety (90) day period after the student's enrollment at the Receiving School.
 - (3.) The transfer student received instruction from a coach, manager, trainer, volunteer or employee who was a coach, manager, trainer, volunteer or employee at the Receiving School at the time the transfer student enrolled at the Receiving School, or had been a coach, manager, trainer, volunteer or employee at the Receiving School anytime during the Twelve (12) month period prior to the student's enrollment at the Receiving School, or became a coach, manager, trainer, volunteer or employee at the Receiving School anytime during the Ninety (90) day period after the student's enrollment at the Receiving School.

20-3 History of Recruitment

- a. In addition to any limitation of a student's eligibility under any other rule herein, any student

Rule 20 - Undue Influence

who has a history of athletic recruitment shall be entitled to no greater than Limited Eligibility during the time the student is attending a member school.

- b. A student with a history of athletic recruitment is a student who was, at any time after the student's Tenth (10th) birthday, recruited by an individual or agency which has a reputation or history of recruiting students who have shown athletic talent, have shown potential athletic talent or whose physical appearance was consistent with those of an athlete, to relocate to a location, facility or educational institution for the purpose, at least in part, of participating in athletics.
- c. The operation of this rule will not limit a student during the time the student is enrolled at and attending a member school, while the student is residing with his/her parent(s) or bona fide guardian(s).

20-4 Financial Aid Programs

All funds for or adjustments to tuition, room and board must be awarded under an objectively determined, need-based financial aid program. No new or existing student may accept, be offered or be given funds, or have funds paid on behalf of the student, for tuition, room or board, at a member school, and no member school may award funds or make adjustments for tuition, room or board, for a new or existing student, unless such funds or adjustment are awarded under such an objectively determined, need-based financial aid program.

- a. An acceptable financial aid program must utilize a standardized application process which requires an applicant to submit financial data to an independent evaluation organization, which then makes assessments of and recommendations for financial assistance based upon the financial resources of the student and his/her family.
- b. Any award of a scholarship, financial aid, a waiver or an adjustment of tuition, room or board, which varies from the objectively determined recommendations constitutes a form of undue influence and violates this rule. However, a variance from the recommendations may be made, provided the variance is consistently applied on a program wide basis.

20-5 Limitation on Participation and Contact with a Representative of a School's Athletic Program by a Prospective Transfer Student.

- a. No transfer student may have contact with any member of the athletic program of the prospective transfer School prior to Enrollment at that School, unless the member of the athletic program is in some non-athletic capacity, such as admissions, counseling, etc., and the contact involves only non-athletic matters.
- b. No transfer student may, prior to Enrollment, Practice with or participate in a Contest for a prospective transfer School.

20-6 Coaches Prohibited From Practices and Contests at Non-Feeder Schools and From Visiting Homes of Non-Feeder School Students

Coaches from member School programs may only visit the Practices and/or Contests of their respective Feeder School/s.

- a. "Coaches" include contracted and volunteer, high school and middle/junior high, and anyone representing the respective School or athletic program for the purposes of searching out and contacting students and/or parents for the encouragement of enrollment for the purpose of athletic participation at a particular School.
- b. Representatives of a School's athletic program may not visit the homes of non-Feeder School students or use other means of communication for the purpose of encouraging enrollment and athletic participation at a particular School.
- c. Coaches of Non-School Teams may not be used as agents to direct non-Feeder School students to another school.

20-7 Contact Between Parents of Non-Feeder School Students and Coaches Prohibited

Parents of a student from a non-Feeder School that makes contact with a member School should be referred to the Principal.

- a. Initial meetings shall not be with athletic department personnel.
- b. While families have the right to attend athletic events at a non-Feeder School, special invitations, preferential seating or free admission shall not be a part of their attendance.

20-8 Attendance at High School Camps/Clinics by Non-Feeder School Student Prohibited

Following their eighth grade year, students may not attend a high school's athletic camp/clinic

Rule 20 - Undue Influence

unless they are attending a Feeder School or have Enrolled in the sponsoring school. Athletic brochures, special invitations, camp/clinic fliers, etc. shall not be issued to select students from non-Feeder Schools unless specifically requested by the parent/s.

20-9 Participation by Non-Feeder School Student in High School Activities Prohibited

Prior to Enrollment, a student of any age from a non-Feeder School may not be made a part of an activity related to athletics including, but not limited to, such gatherings as pep sessions, Practices, special trips, conditioning, Open Facilities, Contests, special use of facilities, special visits, free spirit items or clothing.

Q & A

Undue Influence - Generally

- Q. 20-1 Is it the duty of the IHSAA to prove that undue influence has been used?
- A. No, member School principals have agreed to conduct athletic activities according to the rules and regulations of the IHSAA, which includes the obligation to conform to the requirements of the undue influence rule, rule 20. It is the obligation of the member Schools to review all Enrollments at and transfers to the School in order to certify that the student is eligible under all IHSAA eligibility rules, rules 3-8 and 19-8. And where there is a question, it is the duty of the high school principals to fully investigate the matter.
- Q. 20-2 Why should a School be penalized because some person outside of School uses undue influence to secure a student's Enrollment at the School?
- A. The IHSAA has found that, regardless of whether the source of the undue influence is a person connected to the School or a person outside of the School, the result of the undue influence is always the same: the School using such student profits from the undue influence. However, unless the School is actually involved in the undue influence, or unless the student involved actually participates in athletics at the School, Schools usually are not penalized in undue influences cases.

Financial

- Q. 20-3 May a student work during vacation or during out-of-school hours in order to earn their way through high school, without a violation of the undue influence rule?
- A. Yes, the undue influence rule applies to the use of funds created by a gift, or by subscription with the intent of offering such funds for free use by student or the student's family to induce a change of schools or residences.
- Q. 20-4 May an alumnus provide financial assistance to needy students?
- A. No, not directly. Donations may be made to a School and dispersed by the School to students who qualify under an objectively determined need-based financial aid program for tuition, room and/or board, provided student-athletes receive no special consideration.
- Q. 20-5 A School has a donor who wants to give funds to underwrite the tuition and fees of a needy student. The School uses an objectively determined need-based financial aid program. May the donor be permitted to meet, interview and endorse the selection of the needy students prior to the allocation of this financial aid?
- A. No.
- Q. 20-6 After donated funds are objectively allocated by a School under an objectively determined need-based financial aid program, may a donor meet the students who were recipients of a donation?
- A. Yes.
- Q. 20-7 May a booster club provide financial assistance to a needy student?
- A. No, not directly. Donations may not be made directly to a student, but must be made to the School for disbursement to students who qualify under an objectively determined need-based financial aid program, for tuition, room and/or board, which does not provide student-athletes with special consideration.
- Q. 20-8 May a School assist the family of a student which is suffering financially?

Rule 20 - Undue Influence

- A. Yes, the undue influence rule addresses only the payment of funds for, or on behalf of, a student to attend a member School. Any assistance given a student or a student's family for the payment of tuition, room or board must be determined under an approved objectively determined, need-based financial aid program. Any other assistance provided for other purposes and reasons is not prohibited, provided that such assistance is not directly or indirectly to be used to pay tuition, room or board or used to unduly influence a student to attend a School for athletic reasons.

Past Link

- Q. 20-9 A student transfers to a School, where the student's travel basketball coach coaches ,and is declared ineligible under the rule 20-2. However, two months after enrolling, the travel basketball coach leaves the Receiving School for a new coaching job. Now that the travel basketball coach has left the Receiving School, can the student get full eligibility?
- A. No, whether the travel basketball coach remains or not is immaterial to the student's eligibility. The fact that a student has a link with a member of the coaching staff of the Receiving School suggests that the transfer was athletically motivated/the result of undue influence, and the student's motivation included the "link" to the coaching staff. Having transferred as the result of athletics/ undue influence, the student will be ineligible regardless of whether the travel basketball coach remains at the School or not. (rule 20-2.)
- Q. 20-10 Must there be evidence of actual 'undue influence' before the Past Link Rule applies?
- A. No. The Past Link Rule was established after the IHSAA witnessed a pattern, in both school settings and in non-school settings (e.g. AAU), where student athletes with direct and indirect contacts and connections with coaches, would later end up Enrolling at the very School where the coach just happens to be employed. These circumstances strongly suggested that the student's reason for transferring was athletic and was being enticed to transfer. However, the IHSAA's ability to adequately investigate these type cases is limited, there is generally little available evidence that the coach or his/her supporters actually recruited the student to enroll at the coach's School and there are few if any admissions by students, families, supporters, etc., that a transfer was athletic. And therefore, to control this problem under these circumstances, the Past Link Rule was established using the presumption that these type transfers are athletically motivated and/or the result of undue influence, and proof of undue influence is not required. The IHSAA has successfully used a similar presumption in its Transfer Rule.

Feeder Schools and Transfer Students

- Q. 20-11 May a single middle school be a feeder of more than One (1) high school?
- A. Yes, if by rule of the school system, students who attend a middle school would automatically matriculate to Two (2) different high schools in the school system, then the middle school is a feeder of both high schools.
- Q. 20-12 Does a high school, which is a part of a Private School system which does not have a middle school, have a Feeder School?
- A. No, a Feeder School must be a part of the same school system as the high school it feeds.
- Q. 20-13 May a student who has graduated from the eighth grade attend a Camp of a school at which the student has not Enrolled?
- A. No, following the eighth grade year, students may not attend a high school's athletic Camps or Clinics unless they are attending a Feeder School or have Enrolled in the sponsoring school. (rule 20-8)
- Q. 20-14 Over the Summer a transfer student goes to a Receiving School, talks to members of the athletic staff and participates in the School's Summer Open Facilities Program. Is this legal?
- A. No. First, all initial contact with a School cannot be with the athletic staff;

Rule 20 - Undue Influence

before talking to the athletic staff the transfer student needs to Enroll at the School. (rule 20-5) Second, prior to a transfer student taking part in a Receiving School's Summer Open Facilities Program, the transfer student must Enroll at the School and must complete and submit to the IHSAA the first section of an IHSAA Transfer Report. (rule 15-3.1)

Q. 20-15 After a student moves from his mother's to his father's residence in another town, the father makes initial contact at a Private School with the baseball coach (meets and discusses student's prospective assimilation into the school's baseball program). The father also makes initial contact with the baseball coach (meets and discusses the baseball program) at the Public School which Serves the father's residence. Afterwards the father is referred to the Private School's admissions office, and later the student is enrolled there. Is this a violation of rule 20, the undue influence rule?

A. Yes. Initial contact with any prospective school by a student or by a student's parent should never be with the athletic department. If a parent is unfamiliar with the IHSAA rules and makes initial contact with the School's athletic department, the parent should immediately be referred to the Principal, or to someone in admissions, etc. Having any initial contact with a coach is problematic, however, when the initial contact is accompanied by a meetings and/or with discussions with the coach, especially about the School's athletic program, there is a likely violation of rule 20. (rules 20-5, 20-7.)

Rule 50 - Sports Seasons

50-1 Pre-Participation Practice

Prior to the date of a student's participation in the student's first Contest of the Season in a sport, the student must attend and actively participate in Ten (10) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

- a. In girls golf, the Pre-participation Practice rule requires Two (2) Pre-participation Practice sessions, and that rule can be waived under conditions established by the Commissioner.
- b. In tennis, the Pre-participation Practice rule can be waived under conditions established by the Commissioner.
- c. Only One (1) Pre-participation Practice session may be counted on any One (1) day.
- d. Should a student, prior to completing the required Ten (10) days of Pre-participation Practice, fail to attend and actively participate in more than Five (5) consecutive, regularly scheduled Pre-participation Practice sessions, such student, upon returning from such absence, must participate in, prior to participating in a Contest, the greater of (i) the number of Pre-participation Practices session needed to meet the required Ten (10) days of Pre-participation Practices, or (ii) Four (4) Pre-participation Practice sessions. For example, if a student in football/volleyball is absent following the completion of the fourth Pre-participation Practice session, then the student, upon returning from such absence, would need to attend and actively participate in Six (6) more Pre-participation Practice sessions prior to participating in a football/volleyball Contest, but if the same student is absent following completion of the eighth Pre-participation Practice session, then the student, upon returning from such absence, would need to attend and actively participate in Four (4) more Pre-participation Practice sessions prior to participating in a football/volleyball Contest.

50-1.1 Season-to-Season Pre-Participation Practice

A student moving directly (within One (1) week) from One (1) sport season to the next sport season is eligible to participate in a Contest in a sport during the next sports season after completing, prior to the date of the student's first Contest of the next season, Five (5) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

50-1.2 Second Sport Pre-Participation Practice

A student, after completing Ten (10) Pre-participation Practice sessions in a sport, may try out for a second sport during the same sport season and may be eligible to participate in a Contest in that second sport after completing, prior to the date of the first Contest of the second sport, Five (5) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that second sport. However, if the original sport was golf, this rule does not apply and the student athlete must complete Ten (10) Pre-participation Practice sessions in the second sport.

50-1.3 Pre-Participation Practice After Basic Training

A student, after successfully completing basic training with a branch of the United States military during a Practice or Contest Season of a sport, is eligible to participate in a Contest in that sport after completing, prior to the date of the student's first Contest of the Season, Five (5) Pre-participation Practice sessions under the direct supervision of the high school coaching staff in that sport.

50-2 Authorized Contest Season

Scheduling, timing, length and character of any Authorized Season Contest in a sport is established by these Interschool Sports Rules and by the playing rules of that sport. Any Authorized Season Contest in a sport must be completed during the Contest Season (prior to the first day of the IHSAA Tournament Series) in that sport (See rule 50, NFHS rules and the IHSAA Seasonal Bulletin).

50-2.1 Modification by the Commissioner

- a. The Commissioner shall have authority to modify the scheduling, number, timing, length and character of any Authorized Season Contest when there is a public health issue or when there is some other unusual or compelling situation which necessitates such modification.
- b. With respect to the required completion of an Authorized Season Contest in a sport during the Contest Season in that sport, the Commissioner shall have authority, upon application, to modify such completion date due to unavoidable circumstances occurring during the

Rule 50 - Sports Seasons

Contest Season, such as inclement weather, limited facilities, in-season rescheduling of unplayed conference Contests, etc.

50-3

The maximum number of Contests and tournament limitations listed are exclusive of any IHSAA Tournament Series.

50-4 Minimum Season Participation for Tournament Eligibility

- a. In order for a student to qualify for participation in the IHSAA Tournament Series in an Individual Sport (cross country, golf, tennis, swimming & diving, track & field and wrestling) the student must have participated, during the preceding regular season in a minimum of (i) Seventy-five percent (75%) of the Season Contests in which the student's school participated, and (ii) Twenty-five percent (25%) of the maximum number of authorized Season Contests in that sport.
- b. This requirement by the Commissioner can be waived provided the student can demonstrate that the reason the student did not participate in the minimum number of Season Contests was because of circumstances beyond the control of the student, such as illness, injury, ineligibility, the cancellation of a Contest(s) or the student's failure to qualify for a spot on the roster.
- c. A waiver will not be available for students failing to participate in the minimum number of Season Contests because of the Virtual Education School rule (rule 12-6), because of the Undue Influence rule (rule 20) or because of voluntary non-participation or because of voluntary non-attendance at the student's School.

50-5

Schools may not over-schedule or overfill a School's schedule of Season Contests in any sport. Over-scheduling occurs when a team schedules more than the maximum number of Season Contests permitted by the rules.

50-6 Jamboree

A Jamboree is a special interscholastic activity involving Three (3) or more Schools, in which no School may participate for more than one-half of the Jamboree. In order to be eligible for a Jamboree, a player must be academically eligible, if a transfer student must have full or limited eligibility and must have previously participated in Five (5) separate days of organized Practice prior to the day of the Jamboree under the direct supervision of the Member School Coaching Staff in that sport (in football it must be Five (5) days of unrestricted full contact Practice). A Jamboree is not a Practice and does not count as a Practice toward meeting the minimum number of Practices required to play in a Season Contest. A Jamboree is not a Season Contest and does not count as a Season Contest in determining the maximum number of Season Contests during a Contest Season. Licensed Officials must be used in a Jamboree in sports in which Officials are required. A Jamboree may not be scouted by anyone not affiliated with a team participating in the Jamboree.

Q & A

Practice

- Q. 50-1 Must a student who has participated in a sport during the fall Contest Season have Ten (10) days of organized Practice in a winter sport before becoming eligible to play in a Contest during the winter Contest Season?
- A. No, only five (5) Practice days are required, provided the athlete reports to Practice immediately (within One (1) week) after the end of the previous season. (rule 50-1.1)

Tournaments

- Q. 50-2 When a rule refers to "Tournaments" is this also a reference to the IHSAA Tournament Series?
- A. No, when a "Tournament" or a "Tourney" is referenced, it refers to a Season Contest where more than Two (2) schools participate. (See Definitions) Any reference to the IHSAA's season-ending tournament in any of the Twenty-Two (22) Recognized Sports will be to the IHSAA Tournament Series.
- Q. 50-3 In counting the number of Season Contest and Tournaments, does a School include the IHSAA Tournament Series?
- A. No, the maximum contest limitation applies to Season Contests and

Rule 51 - Baseball

- Tournaments and does not include the IHSAA Tournament Series. (rule 50-3)
- Q. 50-4 Must a student who participates in two sports during a season, such as a diver who also participates in wrestling, or a soccer player who also runs cross country, also meet the 75%/25% minimum for Individual Sports, rule 50-4, when the reason a student is unable to participate in enough Season Contests is because of a conflict with the student's participation in the student's other sport?
- A. Yes. While rule 50-4 does contain a waiver provision for instances when a student is unable to meet the 75%/25% minimum because of circumstances beyond the control of the student, the IHSAA does not consider the inability to meet the 75%/25% minimum because of a student's participation in another sport to be a circumstance which is beyond the control of the student.
- Controlled Scrimmages and Jamborees**
- Q. 50-5 Is a Controlled Scrimmage considered to be a Practice or an interschool Contest?
- A. A Controlled Scrimmage (an approved activity whereby Two (2) Member Schools work out against one another under IHSAA guidelines and under the direct supervision of their respective coaches) does not count as a Practice or as an interschool Contest. (rule 50-6)
- Q. 50-6 How many separate days of Practices must a student have prior to a Jamboree?
- A. A student must have had Five (5) separate days of Practice (in football it must be Five (5) days of unrestricted full contact Practice) prior to the day of the Jamboree. (rule 50-7)

RULE 51 – BASEBALL

Note: See rule 9 which applies to all sports.

51-1

The National Federation Baseball rules shall govern except as so modified by the Committee.

51-2

See rule 50 for Practice and Contest Seasons.

51-3

The maximum number of season baseball games in which for any team or student may participate, excluding the IHSAA Tournament Series shall be Twenty-eight (28) and no tournament; or Twenty-six (26) and One (1) tournament.

- If a player or team participates in more than the One (1) tournament permitted during the season, the number of games played in excess shall be included in the Twenty-six (26) games permitted during the season.
- If a player participates in a game as a pinch hitter or pinch runner, at the Varsity level, it does not count toward the maximum number of game limitations for that player.
- Players may not change levels of play if games are being played simultaneously. Players may only change levels of play at the completion of both games.
- If a player participates in a sub-varsity game as a designated pitcher (covered up by a designated hitter) then it will not count towards the player's maximum number of games played. The player is still subject to pitch count regulations and this designation cannot be used more than Five (5) times per player during a regular season (Amended pursuant to an emergency by-law of the Executive Committee on January 13, 2022).

51-4

Pitch Count

- Limits on Pitches. A baseball pitchers is limited in the number of Pitches a pitcher may throw during a Contest, is limited in the number of Pitches a pitcher may throw during a calendar day and must rest for One (1) or more calendar days after pitching a certain number of Pitches. A School will be responsible for counting its pitchers' Pitches (Pitch Count) and complying with this Pitch Count rule. A pitcher's Contest Pitch Count is determined by adding all Pitches thrown by a pitcher during a Contest and a pitcher's daily Pitch Count

Rule 51 - Baseball

is determined by adding all Pitches thrown by a pitcher during all Contests in a calendar day.

- b. Maximum Contest and Daily Pitch Count.
 - (1.) A pitcher may throw no more than One Hundred Twenty (120) Pitches in a Contest.
 - (2.) A pitcher may throw no more than One Hundred Twenty (120) Pitches during a calendar day.
 - (3.) This maximum number of Pitches a pitcher may throw in a Contest and the maximum number of Pitches a pitcher may throw during a calendar day is called the Maximum Pitch Count and a pitcher must leave the pitching position when a Maximum Pitch Count is reached, unless the Maximum Pitch Count is reached during a batter's at-bat, in which event the pitcher may finish pitching to that batter before leaving the pitching position.
- c. Mandated Rest; Pitch Count Levels.
 - (1.) A pitcher must rest after reaching the following Pitch Count Levels:

Pitch Count Level	If the Pitch Count in a calendar day is:	The pitcher must rest:
1	1-35	0 days
2	36-60	1 day
3	61-80	2 days
4	81-100	3 days
5	101-120	4 days

- (2.) If a pitcher reaches the maximum number of Pitches in a Pitch Count Level during a batter's at-bat, and the pitcher leaves the pitching position for the day after pitching to that batter, the pitcher's Pitch Count will be the maximum number of Pitches in the Pitch Count Level the pitcher initially reached during that batter's at-bat (e.g., if a pitcher reaches the maximum number of Pitches in Pitch Count Level 3 [Eighty (80) Pitches] during a batter's at bat, and the pitcher leaves the pitching position for the day at the conclusion of that at-bat, the pitcher's Pitch Count will be Eighty (80) Pitches, irrespective of the number of Pitches thrown during that at-bat).
 - (3.) Regardless of the daily Pitch Count, a pitcher who has a Pitch Count of more than Sixty (60) Pitches over Two (2) calendar days must rest One (1) calendar day. Like the daily Pitch Count, if a pitcher reaches Sixty (60) Pitches on the second calendar day during a batter's at-bat, the pitcher may finish pitching to that batter before leaving the pitching position, and in that event, the Two (2) day Pitch Count would be Sixty (60) Pitches regardless of the number of Pitches thrown during that at-bat.
 - (4.) A pitcher's period of rest begins on the calendar day following the calendar day in which the pitcher reached the Pitch Count Level which required a period of rest.
- d. Pitch Count Chart. A School shall maintain a Pitch Count Chart (use IHSAA form) for every pitcher. A copy of the Pitch Count Chart with current statistics must be submitted following each Contest to the appropriate School Administrator by the pitcher's Varsity baseball coach. The School shall maintain the pitcher's Pitch Count Chart until a reasonable time after the School's baseball season is complete.
- e. A School which intentionally utilizes a pitcher in violation of rule 51-4(b) (Maximum Contest and Daily Pitch Count) or rule 51-4 (Mandated Rest; Pitch Count Levels) must forfeit the Contest in which the violation occurred and report the violation in writing to the IHSAA.
- f. Replacement Pitchers. A replacement pitcher for a pitcher who has reached a Maximum Pitch Count shall have a maximum of Sixteen (16) warm up throws.
- g. Recommendations. It is recommended that (i) every School also use a mobile app to count Pitches, (ii) the School of a pitcher who has reached a Maximum Pitch Count carefully consider an appropriate fielding position for that pitcher after considering the fielding position's throwing requirements, (iii) to allow for growth and arm strength, every School should develop a pitching philosophy that includes the instruction of proper throwing

Rule 51 - Baseball

mechanics, broadening the number of players who become pitchers on the team, and develop a "work up" plan so that a pitcher is not throwing the maximum allowable Pitches from the first day of competition, (iv) every Schools provide an additional day of rest for those pitchers that throw more than Seventy (70) Pitches, and (iv) every School's coaching staff learn the behaviors of their pitchers and recognize each pitcher's "fatigue threshold".

51-5

Independent Summer Baseball

High school students may play on high school or non-school amateur baseball teams during the Summer after their team has been eliminated from IHSAA tourney competition without jeopardizing their standing or the standing of their School in the Association provided they do not play under assumed names, provided they do not accept remuneration, directly or indirectly for their playing, and provided their School is not still competing for conference awards.

51-6

Member School students shall not be considered as violating their amateur standing if they participate, on non-school, out-of-season days, in baseball schools, clinics, and try-outs sponsored by professional major and minor league baseball clubs.

NOTE: Any employee or school official of a Member School who acts as an agent or encourages any negotiations between a high school student and representatives of Organized Baseball prior to the student's graduation, is violating the Agreement between the National Federation and Organized Baseball. Such action on the part of an employee or school official may cause their School to be suspended from the Association for a period to be determined by the Committee.

Any evidence that a representative of Organized Baseball is attempting to or has signed a student prior to graduation should be reported to the Association at once. This is a violation of the Agreement between the National Federation and Organized Baseball, and the penalty for such action is under the jurisdiction of Organized Baseball.

51-7

High school students playing on their high school baseball team during the Summer while their team is still competing for conference awards make themselves ineligible by participating on any other baseball team during that time.

51-8 Controlled Scrimmage

A School may participate in One (1) Controlled Scrimmage with another IHSAA Member School no earlier than the day following the Fifth (5th) day of Practice and prior to the First (1st) scheduled Season Contest (see definition of Controlled Scrimmage).

Rule 100 - Unified Sports® Rules

Part IV: Unified Sports Rules

Special Olympics Unified Sports combines approximately equal numbers of Special Olympics athletes (individuals with intellectual disabilities) and partners (individuals without intellectual disabilities) as teammates on sport teams for training and competition.

Champions Together is a joint effort between the IHSAA and Special Olympics Indiana (SOIN) which includes the goal of incorporating Unified Sports® programs in IHSAA member Schools recognizing and offering opportunities for students with and without disabilities to compete in an IHSAA sanctioned activity.

Philosophy:

The focus of IHSAA Unified Sports is competition (not simply participation). Sports teach many life lessons: to work as a team, to follow rules and to be committed. Through sports we can find shared interests that allow friendships to form. Through the IHSAA recognized Unified Sports® we have an opportunity to make real positive changes in the lives of students with and without disabilities.

We must have high expectations for students with intellectual disabilities because if we do not, we are teaching another generation of regular education students that people with intellectual disabilities can't follow rules or be held accountable and as a result they will not be viable members of their community or society in general.

- Unified Sports® programs shall be administered by each participating member School and follow the requirements per IHSAA Bylaws for eligibility, rules and program administration.
- Unified Sports® tournaments shall be administered by the IHSAA staff and the rules of the National Federation will govern the sport when applicable.

- e. Junior member schools may not use students below the ninth grade on their own ninth grade athletic teams in interscholastic athletics.

It is recommended that schools having grade 7 and/or 8 follow the Guidelines as prepared by the Junior High School Advisory Committee and distributed by IHSAA.

National Federation of State High School Associations

Part VI: National Federation of State High School Associations

Indiana was admitted in 1924. The National Federation was organized in 1920 and now consists of 50 member state high school associations. Canadian Federation and 9 Canadian provinces are presently affiliated.

These associations have united to secure the benefits of cooperative action which eliminates unnecessary duplication of work and which increases efficiency through the pooling and coordinating of efforts of all who are engaged in high school athletic activities.

The legislative body is the National Council made up of one representative from each member state association. Such representative must be an officer or a member of his/her state board of control. The executive body is the Executive Committee of eight members elected by the National Council from the membership of the Boards of Control, Commissioners and Executive Secretaries of member state associations from eight territorial sections as outlined in the constitution. Terms are staggered and for three years.

The growth in size and influence of the state high school associations and their National Federation insures some degree of teamwork on the part of 22,000 high schools and this teamwork has enabled them to formulate policies and plans for improving high school athletic conditions and to make these plans function. The National Federation probably represents the largest closely knit organized body of athletes in the world. The opportunities for contributing to the welfare of the high school athletic program are unlimited.

The Federation was organized primarily to secure proper adherence to the eligibility rules of the various state associations in interstate contests and meets. As the prestige of the national organization grew, a program for the sanctioning of interstate meets was developed. This later led to definite action relative to national and sectional athletic events. At the present time, no national athletic meet or tournament is sanctioned. Meets or tournaments, which involve the schools of more than one state, are sanctioned in accordance with definite limitations in connection with the distance to be traveled, the type of sponsor, the amount of school time involved, and extent to which such events interfere with smaller meets which insure participation by greater numbers of those who need the training. The scope of the National Federation work has broadened so that all high school athletic and many non-athletic groups profit through an exchange of experiences and a pooling of interests.

The activities of the National Federation are based on the belief strong state and national high school athletic organizations are necessary to protect the athletic interests of the high schools, to promote an ever increasing growth of a type of interscholastic athletics which is educational in both objective and method and which can be justified as an integral part of the high school curriculum, and to protect high school students from exploitation for purposes having no educational implications. To accomplish these things, it is necessary for educators to exercise teamwork on a nationwide scale.

History of IHSAA

Part VII: History of IHSAA

The first attempt to organize the high schools of Indiana in a single organization for the purpose of handling athletic activities was made in a meeting of the Northern Indiana Teachers' Association held at Richmond in April, 1903. At this time there was a conference of high school principals, and the conference ended with a body of suggested rules and regulations, called the Richmond Agreement. Due to the fact that there was no central organization having executive power, the Richmond Agreement did little more than point the way toward something better.

Principal J. B. Percy, of Anderson, issued a call for a meeting of high school principals interested in a state athletic organization for December 5, 1903. At this meeting, a provisional constitution was adopted. At a similar meeting on December 29, 1903, a final constitution was adopted and a Board of Control of three members was chosen to administer the affairs of the IHSAA.

The first Board of Control was made up of Principal George W. Benton, Shortridge High School, Indianapolis; Superintendent Lotus D. Coffman, Salem; and Principal J. T. Giles, Marion. These men thought and planned well, and we are enjoying the fruits of their vision.

There were fifteen high schools belonging to the IHSAA, March 1, 1904. The membership had a gradual growth through the years, and now includes almost all of the high schools in the state. The peak membership of eight hundred twenty (820) was reached in 1942, the year that private, parochial and institutional schools were admitted to the Association.

In the beginning, one member of the Board of Control served as Secretary but it soon became very evident that this office furnished enough work for a special man. It was also seen that the future of the organization demanded that the office of Secretary be made more permanent than the office of Board Member. Accordingly, at the annual meeting in 1906, the office of Permanent Secretary was established, and Principal J. T. Giles of Marion was chosen by the principals to be the first Permanent Secretary. Principal Giles resigned on December 26, 1912 and Principal Isaac E. Neff, South Bend, was chosen by the principals to succeed him. Principal Neff resigned March 15, 1913, and the Board of Control appointed Principal Arthur L. Trester from Alexandria to serve as Permanent Secretary until the next annual meeting in December, 1913. At this meeting, Principal Trester was chosen by the principals as Permanent Secretary.

The Board of Control consisted of three members, chosen by the principals in their annual meetings, until the annual meeting of October 27, 1916. At this meeting, it was decided to divide the state into five districts for administrative and representative purposes, and that each district should have one representative on the Board of Control, chosen by mail ballot from his own district by the principals of his district.

In September, 1925, by a referendum vote, the principals passed a legislative body proposal calling for four members from each of the five (5) IHSAA districts. The five members of the Board of Control, serving ex officio, and the fifteen other members elected by the principals in a mail vote constituted this legislative body. Prior to this plan, all legislation was done at the annual meeting or by referendum voting by mail. This Legislative Body of twenty members passed on all proposals submitted by the high school principals. It was the law making body of the Association. The plan was considered an advance in state administration and legislation in athletic activities.

On December 13, 1930, the Legislative Body considered and passed without a dissenting vote the provisions for an Athletic Council. The plan in full continued the five IHSAA districts in the state and arranged for five representatives on the Athletic Council from each district by classes determined by enrollments in the high schools, thus making the Athletic Council a body of twenty-five members representing all sizes of high schools and all districts of the state at all times and elected by the high school principals in the membership. A provision was included for the selection of a 5-man Board of Control from the membership of the Athletic Council by the members of the Athletic Council. The Athletic Council took over the duties of the former Legislative Body and was considered the law making body of the Association.

The title "Permanent Secretary," established in 1906, was changed to "Commissioner of

History of IHSAA

High School Athletics" in October, 1929, by the Legislative Body, and the Commissioner was granted the powers and duties belonging to a Commissioner of Athletics. Mr. Trester continued to serve as Commissioner until the date of his death, September 18, 1944. The Board of Control designated Superintendent Morris E. McCarty of Lafayette to serve as Acting Commissioner. In December, 1944, Principal L.V. Phillips of Vincennes was chosen Commissioner to take office January 1, 1945. In 1944, the Board of Control was given authority to employ an Assistant Commissioner. Robert S. Hinshaw, Director of Athletics at Rushville High School, was chosen in November, 1945, to take office December 10, 1945 to become the first Assistant Commissioner of Athletics for the IHSAA. In July, 1961, Herman F. Keller of Evansville Bosse High School became the second Assistant Commissioner of Athletics after the death of Mr. Hinshaw. On the retirement of L.V. Phillips, July 31, 1962, the Board of Control selected Phil N. Eskew, Superintendent, Huntington Public Schools, as the third Commissioner of Athletics. The Board conferred the title of "Honorary Commissioner" on L.V. Phillips. On August 1, 1969, Ward E. Brown, Principal of Crawfordsville High School, was selected as Assistant Commissioner to work with Mr. Eskew and Mr. Keller, and on January 1, 1972, Miss Patricia L. Roy of East Gary was selected as Director of Girls Athletics for the Association. Mr. Keller retired as Assistant Commissioner on August 1, 1973 and was succeeded by Charles F. Maas, Athletic Director from Arlington High School, Indianapolis. On July 1, 1974, Miss Sue Parrish of Yorktown became the first Assistant Director of Girls Athletics.

Due to the additional Association sponsored sports and the need for more space, the Board of Directors purchased 2.57 acres of land just northwest of 91st and Meridian Streets on August 6, 1975 for the purpose of building the new IHSAA Headquarters. Groundbreaking ceremonies for the 20,000 square foot office building were held April 6, 1976 and the date of occupancy was April 4 and 5, 1977. A formal building dedication and open house was held on Sunday, October 16, 1977 with approximately 500 people in attendance.

On April 26, 1976, the IHSAA was incorporated. Certain corporate laws necessitated limiting the length of staggered terms of elected representatives to three years. Renaming of the Athletic Council as Board of Directors and renaming the Board of Control as Executive Committee followed, along with changing the school classifications from five to three, reducing the number of members on the Board of Directors from 25 to 15 and increasing the number of members on the Executive Committee from 5 to 10.

Phil N. Eskew retired on June 30, 1976 and effective July 1, 1976, Ward E. Brown, Assistant Commissioner, became the fourth Commissioner; the title of "Commissioner Emeritus" was bestowed upon Phil N. Eskew; and C. Eugene Cato, former Superintendent, Jay County Schools, became Assistant Commissioner.

The Executive Committee approved a portion of an Indiana Football Coaches Association (IFCA) proposal on June 22, 2012 in adding a sixth classification to the football state tournament beginning in 2013-14. The Committee also voted in favor of a two-year tournament success factor in each team sport (baseball, basketball, football, soccer, softball volleyball), an accumulation of points by which any school would move up one class based on tournament series performance during that time. That measure would take effect in 2013-14 as well using tournament results from the prior two years. The Board of Directors formally ratified the Tournament Success Factor at its April 29, 2013 meeting.

The IHSAA added its 21st sport and first co-ed one on November 8, 2013 when it approved a state tournament for Unified Track & Field for the spring of 2014.

A further enhancement of the IHSAA's partnership with Special Olympics Indiana allowed IHSAA-member schools to form teams composed equally of students with and without intellectual disabilities to compete for a state championship. Schools scheduled regular season competitions during the spring before two sectionals meets – one north and one south – with participants then advancing to the state championship meet held just prior to the start of the IHSAA Boys Track & Field State Finals in Bloomington. Events included were the 100 meter Dash, 400 meter Dash, 4x100 meter Relay, Shot Put and Long Jump.

to operate exclusively for the charitable benefits of IHSAA member schools and their student-athletes. His appointment began July 1 following a 31-year career with EVSC where Neidig also served as its Chief Administrative Officer from 2012 to 2015, Deputy Chief of Staff from 2009 to 2012 and Director of Athletics at Evansville Central High School from 2001 to 2010. Prior to that, Neidig had worked at Evansville Central as a teacher, department chair, head coach and assistant coach for boys basketball, assistant athletic director and technology director between 1985 and 2001. He had also served as Chairman of the IHSAA Executive Committee three times in 2006-07, 2009-10 and 2015-16.

On August 15, 2017, Matt Wolfert was hired as president of the IHSAA Foundation taking over for Steven Helmich who had stepped down in May. Wolfert joined the Association following a one-year stint as Director of Major Gifts at Cathedral High School. Prior to Cathedral, Wolfert had served as Director of Corporate Relationships for the NCAA from 2012 to 2016 and at Ball State University as Associate Director of Athletics – External Affairs from 2004 to 2012.

Heath Shanahan joined the IHSAA in November 2016 and was promoted to the Association's Executive Staff in July 2018 as its first Director of Broadcasting/Executive Producer for the IHSAA Champions Network.

Shanahan serves as the primary director and executive producer for all aspects of the IHSAA Champions Network broadcasts including IHSAAtv.org as well as maintaining and fulfilling contractual obligations with various partners. He'll also oversee development and distribution of a new content platform for IHSAA media and news.

On April 30, 2018, the Executive Committee approved sponsorship of Unified Flag Football, the second co-ed sport offered in partnership with Special Olympics Indiana, and 22nd overall. The program, which begins in the fall of 2018, combines students with and without intellectual disabilities on the same team for sports training and competition.

Bobby Cox, commissioner since 2011, announced to the IHSAA Executive Committee on January 16, 2020, his intention to retire effective August 1, 2020.

During Cox's tenure, the IHSAA made unprecedented advances in numerous areas all with the intention of further strengthening the IHSAA's brand and trumpeting the many values and benefits of participation in education-based athletics. He oversaw an expansion of corporate partnerships and sponsorships for the Association including adding the Indiana Pacers and

History of IHSAA

Indiana Fever as presenting sponsors for the boys and girls basketball state tournaments.

His embrace of the Champions Together initiative, a partnership with Special Olympics Indiana, established the newest state tournaments in Unified Track and Field (2014) and Unified Flag Football (2018). The two sports allowed students with and without intellectual disabilities to compete together in a team setting for their school.

He oversaw the creation and formation of the IHSAA Foundation in 2015 which continues to operate for the charitable benefits of IHSAA member schools and their student-athletes.

On March 12, 2020, two days before regional games, Commissioner Bobby Cox announced that the remaining games of the IHSAA boys basketball state tournament would continue as scheduled but with limited spectators in attendance as the coronavirus pandemic (COVID-19) swept the country. The next day, it was announced the tournament was postponed immediately due to the number of schools closing for an extended period of time. The gymnastics state finals, scheduled for March 14 in Muncie, would be contested as planned but without spectators and only with essential tournament workers in attendance.

On March 19, 2020, Indiana Governor Eric Holcomb directed that all Indiana schools be closed until May 1 due to the pandemic. This action essentially cancelled the boys basketball state tournament for the first time in its 110-year history.

On March 20, 2020, John (Paul) Neidig was named the ninth commissioner in Association history by the Executive Committee and would assume the position on August 1, 2020. Neidig would assume the position having enjoyed a 34-year career in secondary education and athletic administration and had been an assistant commissioner since 2017.

On April 2, 2020, Indiana Governor Eric Holcomb along with the State Commissioner of Health and the State Superintendent of Public Instruction announced the closure of all K-12 schools throughout Indiana for the remainder of the school year due to the continued effects of the pandemic. On July 26, 2021, Brian Lewis was approved by the IHSAA Executive Committee to become an assistant commissioner filling the vacancy left a year earlier by Neidig when he was named the new commissioner.

Lewis joined the IHSAA staff after 15 years in secondary education, the last three years as the athletic director at Jasper High School in southwest Indiana.

After 10 years serving as an assistant commissioner, Sandra Walter announced April 25, 2022 of her intention to leave the staff to become the new athletic director at Franklin Central High School.

Janie Ulmer was named an assistant commissioner on May 19, 2022.

A career educator, Ulmer joined the IHSAA having spent five years with Hamilton Southeastern Schools, the last two as the principal at Hamilton Southeastern High School in Fishers. Prior to that, Ulmer spent 24 years in the LaPorte Community School Corporation.

With a long career of distinguished service to education-based athletics, Brian Avery was named the next Director of the Champions Together program, the IHSAA's collaborative effort with Special Olympics Indiana, on June 6, 2022.

Avery had served as the Speedway High School athletic director from 2011-22 and Franklin Central athletic director from 2000-11.

The primary purpose of the organizers of the IHSAA, to manage and to foster high school athletics on a high plane, has been upheld as an ideal through the life of the IHSAA. New and advanced steps have been taken whenever conditions made them necessary. In the beginning, the Association concerned itself largely with track and football. As time went on it became increasingly evident that the IHSAA should assume the initiative for a well-balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The Association now sanctions 10 different sports for boys and 10 different sports for girls and two co-ed which bring together students with and without intellectual disabilities, and culminating with State Championships in all.

A study of the persons who have served on the Executive Committee (formerly Board of Control) through the years will show clearly that the activities of the IHSAA have been in
