Board of Directors Elections
The next regular election of the Board of Directors is scheduled for December 1-10, 2022 for the term beginning July 1, 2023.

A ballot will be sent to the principal of each member school containing the name and school of each eligible candidate to be elected from their district. To be valid this ballot must be completed by the principal and received by the Commissioner between December 1 and 10 of this year.

Ballots will be examined by the Executive Committee and filed. Any candidate who has reason to question the tabulation may inspect those from his/her district. However, the part of the ballot containing the school and principal’s name will be detached before the inspection. Any Committee Member who is a candidate does not participate in the tabulation of the vote in his/her own district.

The December, 2022 election will determine a representative from each of the districts designated below.

See Article IV, Sections 1-3 of the By-Laws for details. Deadline for filing as a candidate is Friday, Nov. 15, 2022.

Proposals for Board Action due by March 1
According to Article VI, Section 2 of the By-Laws, any proposal to be included on the agenda of the annual meeting of the IHSAA Board of Directors must be submitted to the IHSAA Office prior to March 1. This year’s meeting will be Monday, May 1, 2023.

Are Your Athletes Eligible?
Be sure to check the following items that could jeopardize the eligibility of your athletes:

- Age
- Consent and Release Certificate on file prior to 1st practice
- Semesters of enrollment
- Scholarship – previous and present grading period/semester
- Athletic Transfer Form filed, if applicable
- Foreign Exchange Student Application Form filed, if applicable
- Number of practices prior to competition
- Season limitations – maximum number of contests, etc.

It is recommended that member school principals hold a meeting for all boys and girls in grades 9-12 who will be participating in athletics to discuss IHSAA rules, i.e. amateurism, scholarship, age, transfer, etc. Sportsmanship expectations of each athlete should also be discussed.
Christian Scientists Policy
The question is asked occasionally about IHSAA Consent and Release Form and its application to Christian Scientists. IHSAA Rule 3, Section 10 requires a physical examination prior to student’s first practice. Since there is no legal exemption to this examination, you are expected to comply with the rule even though special exemption request forms are presented by the student.

Attention Tourney Directors
Lifetime Passes have been distributed to current and former Board of Directors, IHSAA Office Staff and to former elected IHSAA Girls Advisory Committee members. Please notify your ticket personnel of our policy so that these passes will be honored for admittance.

Unsporting Behavior
In an effort to prevent the recurrence of unfortunate incidents in any varsity, reserve or freshman contest, the Association requires that unsporting reports be filed within 24 hours of the completed contest. The official will initiate the process. Member Schools will verify the information within the official’s report and submit to the Association.

1. Licensed officials distributing the penalty shall initiate the Unsporting Report for:
   a. Any contestant who displays unsporting behavior requiring the assessment of a penalty (unsporting or ejection).
   b. Any coach who displays unsporting behavior requiring the assessment of a penalty (unsporting or ejection).
   c. Any fan who displays behavior warranting elimination from the contest.
   d. Any administrator who displays behavior warranting elimination from the contest.

2. Principal/Athletic Administrator
   a. Verify the information contained within the report (correct coach, player, etc.).
   b. If an ejection (Student or Adult), visit www.nfhslearn.com to find required courses to complete.
      a. Students are mandated per by-law 8-4 to complete the Sportsmanship Course (free).
      b. Coaches and Administrations are mandated per by-law 8-4 to complete the Teaching and Modeling Behavior course (paid course).
      c. Students, Coaches, Administrators, and Fans will serve the suspension from the next interschool Contest (Home Contest for a Fan) at that level of competition and all other interschool Contests (Home Contests for a Fan) at any level in the interim.
   c. Submit to the IHSAA within 24 hours of receipt.

Baseball & Softball: Guidelines for the Home Team
When you are playing away from home you appreciate the accommodations available, and the hospitality extended to you. Likewise, you want to reciprocate when you are the host. Following are some suggestions which may improve your relations with visiting teams:

1. Have the playing field well-groomed before the visitors arrive.
2. Have visitor’s player-bench in readiness. Provide drinking water and inform them about restroom and dressing room facilities. If they use your showers, they would appreciate towel services.
3. Permit them to use the playing field as soon as they arrive, and have your practice completed by the time they arrive.
4. When your umpires arrive, supply them with the official lineup cards so that they may secure the official starting lineup from each coach. You may either design your own lineup cards or secure them from the IHSAA.
5. Arrange for the official scorer in advance so that no delays will be encountered involving the securing of all lineups. Have your scoreboard properly labeled.
6. Start your game on time and assist in keeping the game moving.
7. Provide balls and a rosin bag. Have ball chasers well-informed of their duties.
8. Notify the umpires of the starting time of the game.
9. Have available a first aid kit, extra balls, extra anchor straps for bases, towels, official scoresheets, official lineup cards, rosin bag, implements for maintenance of grounds, etc.
10. Assure your visitors that you are at their service and will assist them in all ways.
2022-23 Athletic Accident Insurance

The Indiana High School Athletic Association has purchased a Catastrophic Accident Insurance Policy effective August 1, 2022 to July 31, 2023. The insurance policy is provided through Shepherd Insurance Agency whose Indiana offices are located in Carmel, Evansville and Seymour. The insurer of the sponsored program is Gerber Life Insurance Company. Gerber is an A.M. Best "A" rated carrier.

The following is a general summary of benefits provided by the 10-year Catastrophe Injury Insurance Program. It is not meant to be a complete explanation of all provisions of the policy. No coverage is extended and no representations are made, except by the policy and/or certificate. Copies of the policy are available from the office of the IHSAA.

Who is a Covered Participant?

All student athletes, student managers, student trainers, student cheerleaders, and students participating in any interscholastic competition in sports sanctioned by the IHSAA.

What is a Covered Event?

What are covered expenses?

Covered expenses mean the reasonable and customary charges for:

1. Medical treatment including, hospital/surgical care and services prescribed by a doctor
2. Nursing care provided by a licensed nurse, ambulance services
3. X-Rays and lab exams

Are there any additional benefits provided under this policy?

Yes, the policy also includes an additional $500,000 cash benefit if the insured person sustains paralysis, coma or brain death.

General Exclusions and Limitations

This Policy does not cover any loss excluded by the policy. You must refer to the policy for exclusions.
1. intentional self-destruction or an attempt at it, or intentional self-inflicted injury while sane or insane
2. war or an act of war, declared or undeclared
3. air travel unless the insured is a passenger on a regularly scheduled flight of a properly licensed commercial airline
4. being intoxicated or under the influence of narcotics unless it is administered on the advice or a doctor
5. neither the injury, loss, or expense may result from sickness, disease or from any cause other than the accident
6. participation in a scheduled competitive event or meet by a person who is receiving benefits under the contract, unless he or she has a written statement from a doctor permitting such participation

**Please Note:**
It is not necessary to report every injury at your school, but a good rule to follow is that if you have an injury that requires any type of surgery, that injury needs to be reported. It will more than likely penetrate the $25,000 deductible and the injured party would then qualify for benefits under the Catastrophic Accident Insurance Policy.
IHSAA Concussion Guidelines

“Any athlete suspected of having a concussion should be evaluated by an appropriate health care professional that day. Any athlete with a concussion should be medically cleared by an appropriate healthcare professional prior to resuming participation in any practice or competition.”

The language above appears in all National Federation sports rule books as part of the suggested guidelines for the management of concussion. It reflects a heightened emphasis on the safety of athletes suspected of having a concussion, especially since the vast majority of concussions do not involve a loss of consciousness. The State of Indiana has laws (Ind. Code 20-34-7) which mandate a protocol to be observed in the event there is an athletic head injury or concussion sustained by a high school student in a high school practice or game. The following guidelines provide the IHSAA’s suggested procedures to be followed when a student athlete in a contest or a practice in an IHSAA recognized sport sustains a head injury or concussion.

1. Any high school student athlete suspected of having sustained a concussion or a head injury in a high school practice or a high school contest:
   (a) should be removed from play at the time of the concussion or head injury is sustained,
   (b) should be evaluated by an appropriate health care professional immediately, and
   (c) should not return to play in a practice or a game until the high school student athlete is cleared in writing to return to play by the health care professional who conducted an evaluation.

2. A high school student athlete should not return to play or practice any sooner than twenty-four (24) hours after the student is removed from play. After medical clearance by an appropriate health care professional, return to play should follow a step-wise protocol with provisions for the delay of the return to play based upon the return of any signs or symptoms.

3. The Official’s Role in Recognizing a Concussive Event:
   (a) If, during a contest, an official observes a player and suspects that the player has suffered a head concussion or head injury by exhibiting concussive signs (including appearing dazed, stunned, confused, disoriented, to have memory loss, or the athlete is either unconscious or apparently unconscious), the official should notify a coach that a player is apparently injured and advise that the player should be examined by an appropriate health care Professional.
   (b) If a concussion event occurred during a contest, and regardless of whether the student athlete returns to play or not, following the contest, an official’s report shall be filed with the school of the removed player, including the athletic director, by the Official that initially removed the student athlete from play; this report may be found on the IHSAA website at www.ihsaa.org.

4. For purposes of this Concussion Guideline, an appropriate health care professional is an Indiana medical doctor (MD) or doctor of osteopathic medicine (DO) who holds an unlimited license to practice medicine in the state of Indiana, and who has training in the evaluation and management of concussions and head injuries.

In cases where an assigned IHSAA tournament physician (MD/DO) is present, his or her decision regarding any potential concussion, or to forbid an athlete to return to competition, may not be overruled.

Penalties:
Every varsity head coach is required to complete the NFHS Rules Interpretation meeting and By-Laws Policies and Review webinars. Failure to complete these webinars by the designated deadline will result in a $50 fine.
Baseball

Special Note: The IHSA has adopted a specific protocol regarding the management of concussions in all sports where the National Federation of State High School Associations (NFHS) writes playing rules. This protocol may be found at the beginning of each IHSA Bulletin.

Modifications/Adoptions
These regulations apply to regular season games and IHSA sponsored tournaments unless stated otherwise.

A. Official Rules – The current edition of National Federation Baseball Rules will be the official rules, except as modified by IHSA.
B. Radar Guns – The use of radar guns is permitted by schools.
C. It is legal for a coach or player to use a camera, tablet or phone to record video during a game from the dugout for education purposes. At no time is video allowed to question an umpire’s call or rule interpretation.
D. Varsity Pitch Count Rule adopted for the 2016-17 Baseball Season to continue as the sole Pitch Count rule. No pitcher may throw more than 120 pitches in a varsity game in one day. See myIHSA dashboard for Tournament procedures. 
Teams must follow the Pitch Count Procedure as outlined.

E. Conduct of Coaches and Players
   1. No coach, player or other person officially connected with the team shall be permitted to use tobacco in any manner on the bench or playing field either during practice or while a game is in progress.
   2. No coach or other school official shall, during the progress of a game, be allowed on the field of play except by permission of the game officials.
   3. Except for those coaches or eligible players who may be serving as coaches at first or third base and players legally in the ‘next batter’ boxes, all other coaches, managers, substitutes and players awaiting their turn at bat shall remain on the players’ bench. Umpires will be instructed to enforce this rule to the limit.
   4. The head coach shall be the official spokesmen and the sole representatives of their team in all communications with the officials. Coaches will certify at the pregame meeting that all equipment is compliant.
   5. Abusive remarks to game officials by coaches or players shall be regarded as unsportsmanlike conduct. The offender or offenders shall be disqualified and restricted to dugout or removed from the bench and the playing field.

F. Decisions of Umpires – The decisions of the umpires are final and binding.

G. Ending a Game
   1. Season
      a. A regulation season game consists of 7 innings unless extended because of a tie score or unless shortened or suspended during innings 5, 6 or 7 because the home team needs none of its half of the 7th inning or only a fraction of it; or because of weather, darkness or similar conditions. When, and if, the game is resumed, it must start at the point of suspension. During season play, there are no suspended games except for conference games. Conferences may adopt the tournament procedure for suspended games.
      b. A Regulation Season Game Called with a Tie Score – shall be a tie game. Batting and fielding records are counted but the game is not counted in computing percentages of games won and lost.
      c. 10 Run Rule – A season game shall end when, after 5 innings, a team is 10 or more runs behind and has completed its turn at bat. This rule may be waived by mutual agreement of the 2 head coaches prior to the start of the game or when extenuating circumstances exist to shorten a game.
      d. By prior mutual agreement and consent of opposing schools, sub-varsity regular season games may be shortened to five innings.

   2. IHSA Tournament Series
      a. A regulation tournament game consists of 7 innings unless extended because of a tie score or unless shortened because the home team needs none of or only a fraction of its 7th inning or unless 1 team is leading 10 runs after 5 innings.
      b. A Regulation Tournament Game Called with a Tie Score – is considered a suspended game.

**Baseball Tournament Hosts**

**I Aims**
It is the sincere desire of the Executive Committee that state championship tournaments sponsored by the Association be among the most significant events of the entire school year. Each tournament should be a significant athletic event conducted in such a way as to foster desirable interschool relationships, promote good sportsmanship and fair play.

This manual has been prepared to serve as a guide to the center principal and/or tourney director at each tourney level and thereby provide for administrative consistency within the state.

Center principals and/or tourney directors are urged to read the contents of this manual carefully and begin now to make preparation for tournaments. Supplementary information will be included in the IHSAA Bulletin or special directives. Unanswered questions regarding the tourney should be referred to the Association Office.

**Pre-Game Prayer on Public Address System** – At all IHSAA tournament sites, the public address system is to be used for announcements approved by the IHSAA and those necessary for the administration of the tournament. There shall be no oral prayers delivered over the public address system, or initiated by the host school, at IHSAA tournament events. During the regular season, it is the prerogative of the host school to determine whether a prayer is delivered.

**II Organizing Plans**
Initially, devise a tournament timetable beginning with the selection of the tournament site and extending through to the filing of the final report. A chronological order of dates on which certain items must be completed such as interviews with news media and mailing of first letter to participating schools. Preparation of baseball diamond, dressing room assignments, helpers’ directions, sale of tickets, playing schedule, etc. will aid significantly.

The timetable should be followed carefully. Leave nothing to be done at the actual tournament time which can be done in advance. The success of a tournament depends greatly upon detailed advance planning.

**III Helpers**
Avoid having too many things to handle personally. A good tournament director will have a contingent of dependable
assigned help who will direct teams to dressing rooms, take tickets, operate scoreboard, usher people to proper seats, etc., thus freeing the director to review the proceedings as a general supervisor and to make decisions in emergencies which might arise.

An ample number of helpers are necessary for a well-run tournament. An organizational meeting of all helpers before the opening session is recommended. Printed instructions distributed at your organizational meeting will aid helpers in carrying out responsibilities. Provide each helper with an official badge, name tag, or visible identification.

IV Awards
The IHSAA provides all awards. No others shall be given. Designated awards are mailed directly to each center principal by our trophy supplier. If the awards have not been received one week prior to tournament, contact the Association Office. Display awards at the final session only to prevent theft or damage.

To assist in expediting the awards presentation immediately following the final session, see that spectators cooperate in keeping the field clear for players, coaches and photographers until the presentations are completed. It is suggested that the appropriate awards be presented to the captains and head coach of the runner-up and championship teams.

V Courtesies to Teams
Parking Space for Buses: Most of the visiting teams will travel by bus. Parking space as near as possible to the field should be provided.
Official Information: Be sure that all schools in the tournament are given adequate notice of the exact time when they are to play, location of dressing rooms, admittance of teams, warm-up procedure, parking, etc.

VI Draw
All team pairings and instructions regarding playing schedules are drawn in the Association Office. Pairings will be found on the IHSAA website which I, according to the plan outlined in IHSAA Spring Bulletin. Pairings and order of games should not be altered except by approval of the Commissioner.

VII Entry Lists
All entry lists must remain in the possession of the center principal/tournament director at all times during the tourney. The official entry list shall constitute final evidence in all cases of dispute. File the entry lists of schools eliminated from the tournament.

Sectionals
1. Each sectional host will have access to the entry lists once the entry list deadline is closed.
2. Changes shall be authorized by the Association Office only.
3. Immediately at the close of the tourney, e-mail the entry list of the winner to the assigned regional center principal.

XII Hints for the Public Address Announcer
The announcer is a key person and carries significant responsibility. What he/she says and the way he/she says it will influence the crowd. He/she may find it necessary to make special announcements in case of emergencies. The following items may assist the announcer:
   A. Be impartial! Give information and not play-by-play.
   B. Always use proper language.
   C. Be enthusiastic, but calm.
   D. Be aware of the entire area so that calm directions can be given in an emergency. Serious situations can often be avoided if the announcer will caution the crowd against coming onto the field, throwing objects, etc.
   E. Permit no one except those in charge of the event to use the microphones. The announcer is responsible for whatever is said over the P.A.
   F. Do not criticize officials' decisions, directly or indirectly.
   G. Announce convenient routes for leaving the area and caution the crowd to drive carefully.

XIII Passes for Players and Coaches
30 Tickets for each competing school for school officials, athletic administrators, etc... These tickets are non-transferable. It is not necessary to issue passes for players and coaches prior to the opening session of the tournament. Coaches may be instructed to pick up passes at a designated area on the opening session of the tournament or at the time each team reports for the first time. If teams desire to continue in attendance after they are eliminated, they should be given complimentary admission; however, means should be adopted to guard against transfer of tickets or other abuses of the privilege.

XIV Team Benches
The only individuals permitted on the bench are the players, coaches, manager and trainer. Athletic Trainers not in uniform may be permitted on the bench. During all levels of the tournament series, no team may have more than 30 people in the dugout. 20 rostered players in uniform and 10 others (coaches, athletic trainers, managers).

XV Practice Sessions
Practices for visiting teams shall not be permitted at the Host School prior to the opening day of any tournament.

XVI Publicity
The media will know about the merits of a tournament through the personal efforts of the director, etc. conducting the tournament. Telling the story is essential. Some suggestions are:
   A. Contact the local media (newspaper, radio, television) as soon as the assignments of schools are known. Report such items as:
      1. Where and when the tourney will be held.
      2. How the tourney will be conducted.
      3. Number of teams or participants.
      4. Top individuals or teams or participants.
   B. Make the student body of the school fully aware of the nature of the competition, either with the use of posters, the
school paper, or personal contact with various influential students and student groups.
C. Encourage the media to assign a photographer to the tourney.
D. Notify the media of the results of the tournament as quickly as possible after its conclusion. At the least, this should be done prior to leaving the site at the end of session. For the purpose of allowing for statewide dissemination, tournament directors are encouraged to include the IHSAA office, the Associated Press and the Indianapolis Star on the result list.

XVII  Scorebooks
To be provided by the Host School.

XVIII  Signs and Banners
The displaying of signs, banners or placards at tournament games is prohibited. Such devices obstruct the view of spectators, are unsightly, and in many instances may become extremely hazardous. Take the necessary steps to prevent these devices from being brought into the playing area.

XIX  Sportsmanship and Conduct
Considerable effort should be made to promote good sportsmanship. Give the officials full cooperation in helping to eliminate any form of unsportsmanlike behavior. If there should be any spectators unwilling to accept the principals of good sportsmanship, see that these individuals are evicted. Report such incidents to IHSAA.

XX  Team Photographs, Rosters, Etc.
Regionals - Teams advancing from regional tournaments will be requested to submit team photographs, rosters, etc. to the Association Office. Regional directors should be sure that all regional winners receive the appropriate forms to complete at the conclusion of the tourney.

XXI  Tournament Director Reports
In advance of the tournament dates, each Host School will be supplied with adequate forms upon which to complete reports to the Association Office. Prompt and accurate reports are very important.
A. Financial Report - Return electronically, one completed copy to IHSAA within five business days following the completion of each tourney. Retain one copy.
   1. Expenditures - The Association desires that fair wages be paid for service rendered, but excessive payments will be checked. IHSAA auditors insist that the Association have on file supporting evidence for money paid out by Host Schools in connection with tourneys/meets. Therefore, it is requested that expenditures be itemized showing the amount of money paid and to whom it is paid. The standardized payroll form or facsimile distributed by IHSAA should be used for helpers, etc. It is not necessary to deduct withholding tax from the pay of officials or other incidental employees. However, you should be filing Treasury Department -- IRS 1099 forms (Statement for Receipts of Miscellaneous Income) for these individuals.
   2. Attach a check for IHSAA share if there is a profit. If a deficit exists, the Host School shall be reimbursed at a later date.
   3. Competing schools are entitled to complete information regarding the receipts and expenditures of tourneys. Send a detailed report to the participating schools soon after the tourney.

B. Tourney Results
At each level of the state tournament, notify the media of the scores of the tournament at the end of each day. For the purpose of allowing for statewide dissemination, tournament directors should report scores to the Associated Press, the Indianapolis Star, and the IHSAA Office in the following order.

IHSAA. Following completion of the games each evening, host sites are required to e-mail the final score(s) to the IHSAA at results@ihsaa.org. Please e-mail that same address with any postponements and updated game times if necessary. Please do not fax.

Center principals should remind their ticket personnel that these individuals should be admitted upon presenting this pass.

Following is a sample of the pass:

F. New Media - Members of the news media may be admitted free to sessions by presenting proper identification.
G. Game Officials - The game official and his/her immediate family may be admitted without charge and without prior arrangements from the official to the tourney director if there is not a sell-out. 7. **Season Games** – Infield Practice
   a. Each team will be permitted 10 minutes of infield practice prior to each game.
   b. It is recommended that the home team complete its infield practice first.

8. **Ending a Game**
   a. **Season**
      1. A regulation varsity game consists of 7 innings unless extended because of a tie score or unless shortened during innings 5, 6 or 7 because the home team needs none of its half of the 7th inning or only a fraction of it; or because of weather, darkness, or similar conditions. If a game is halted before it is an official game, it must be started over. During season play, there are no suspended games except for conference games. Conferences may adopt the tournament procedure for suspended games.
      2. A regular season game called with a tie score shall be a tie game. Batting and fielding records are counted but the game is not counted in computing percentages of games won and lost.
      3. The Tie-Breaker Protocol may be utilized for regular season tournaments only. Starting with the top of the 8th inning, and each half inning thereafter, the offensive team shall begin its turn at bat with the player who is scheduled to bat last in that respective half inning being placed on second base. (e.g., if the number five batter is the lead-off batter, the number four batter in the batting order will be placed on second base). A substitute may be inserted for the runner, provided the action is within NFHS Softball Rules.
      4. By prior mutual agreement of opposing schools, junior varsity and freshman regular season and tournament games may be shortened to five innings.
      5. A game shall end when, after the completion of 5 innings, a team is 10 or more runs behind and has completed its turn at bat.
      6. It is not permitted to have a time regulation on a game (for example, 90 minutes) in regular season games and tournaments.
      7. Doubleheaders: both games may be shortened to five innings, if both schools agree to the shortened contests before the contest begins.
   b. **IHSAA Tournament Series**
      1. A regulation game consists of 7 innings unless extended because of a tie score or unless shortened because the home team needs none or only a fraction of its 7th inning or unless 1 team is leading by 10 runs after 5 innings.
      2. If a game in any tournament must be postponed because of rain or wet grounds, or if a game is called by the umpires because of rain, darkness or other reasons, it shall be ruled a suspended game and shall be continued from point of suspension at a later time. Any game that is not an official game will be considered a suspended game.
      3. If a postponed or called game/s is an opening round game/s, the game/s must be rescheduled for the next scheduled date. If a champion cannot be determined by the designated date, the tournament director should contact the Association Office.
      4. If a game is called with the score tied after enough innings have been played to constitute a regulation game, it shall be considered a suspended game and shall be continued from point of suspension. Play shall be resumed on the next playable date at the exact point where the game was terminated.
      5. A game shall end when, after the completion of 5 innings, a team is 10 or more runs behind and has completed its turn at bat. (Exception: in state final championship game there will be no limitation.)

If the garment has a hood, it must be tucked into the back of the sweatshirt/pullover or worn on top of the head.
IHSAA Bylaw 58-3(d): If a player participates in a sub-varsity game as a designated pitcher (covered up by a designated hitter) then it will not count towards the player’s maximum number of games played. This designation cannot be used more than Five (5) times per player during any regulation season (Amended pursuant to an emergency by-law of the Executive Committee on January 13, 2022).

7. All entry lists must remain in the possession of the center principal and/or tournament director at all times during the tourney. The official entry list shall constitute final evidence in all cases of dispute. File the entry lists of schools eliminated in the tourney.

8. The provision of a hospitality room area is the option of the Host School. Expenses for Hospitality Room Areas are not considered an authorized expenditure (exception: state championships).

9. At all IHSAA tournament sites, the public address system is to be used for announcements approved by the IHSAA and those necessary for the administration of the tournament. There shall be no oral prayers delivered over the public address system, or initiated by the host school, at IHSAA tournament events. During the regular season, it is the prerogative of the host school to determine whether a prayer is delivered. The announcer is a key person and carries significant responsibility. What he/she says and the way he/she says it will influence the crowd. He/she may find it necessary to make special announcements in case of emergencies.

The following items may assist the announcer:

a. Be impartial.

b. Use proper language at all times.

c. Be enthusiastic but calm.

d. Be aware of the entire area so that calm directions can be given in an emergency. Serious situations can often be avoided if the announcer will caution the crowd against coming onto the field, throwing objects, etc.

e. Permit no one except those in charge of the event to use the microphones. The announcer is responsible for whatever is said over the P.A.

f. Do not criticize umpires' decisions, directly or indirectly.

10. To help insure the safest and most secure atmosphere for our IHSAA events, tournament management will diligently maintain established security procedures and activities. This will require complete cooperation by all competing teams, contest officials, and fans. Security will always have priority over convenience; therefore, all individuals are requested to promptly cooperate with event personnel in any manner.

11. The displaying of signs, banners or placards at tournament games is prohibited. Such devices obstruct the view of spectators, are unsightly, and in many instances may become extremely hazardous. Take the necessary steps to prevent these devices from being brought into the playing area.

12. Considerable effort should be made to promote good sportsmanship. Give the umpires the utmost cooperation in helping to eliminate any form of abuse. If there should be any spectators unwilling to accept the principles of good sportsmanship, see that these individuals are evicted. Report such incidents to IHSAA.

13. When confronted with an injunction or restraining order contrary to Executive Committee rules and/or Association By-Laws, the Host School will immediately postpone the tournament and contact the Commissioner for further instructions.

B. Inclement Weather and Adverse Field Conditions

The Tournament Director, in conjunction with the Contest Officials and administrators, are accountable for the safety of the players and spectators when Negative Playing Conditions, such as inclement weather conditions, poor ground, course, court, track or field conditions and other negative playing conditions, arise. In addition, because softball is a unique sport, requiring skills that can be drastically impacted by such Negative Playing Conditions, the Tournament Director, in conjunction with the Contest Officials and administrators, shall insure that the contest can be played in a manner which is not unreasonably impacted by the Negative Playing Conditions.

1. Prior to the start of the contest, the Tournament Director shall be responsible for judging whether the weather conditions, the conditions of the ground and field and other playing conditions which affect safety and manner of play, will permit the contest to be played safely and in a reasonable and appropriate manner. If the Tournament Director is confronted with these Negative Playing Conditions prior to the beginning of the contest, the Tournament Director is authorized to postpone the contest.

2. After the contest begins, and until the contest ends, Contest Officials have the initial authority to determine whether the contest can be played safely and in a manner which is not substantially impacted by the Negative Playing Conditions. When such conditions exist, the Contest Officials and the Tournament Director must consult about the Negative Playing Conditions and shall seek a consensus with respect to any decision to suspend play.

The Contest Official, however, has the ultimate authority during the contest to suspend play if the Negative Playing Conditions are such that the contest cannot be played safely and in a reasonable and appropriate manner.

Examples: Not to be considered an exhaustive list, the following are examples of Negative Playing Conditions which may cause the postponement of the contest or the suspension of play:

a. Substantial inclement weather, such as a tornado sighting or warning, lightning (see, Guidelines for Lightning Safety; IHSAA Lightning Policy), dense fog, etc.

b. Unreasonably poor ground conditions, such as a field which is excessively muddy or a field with standing water, etc.
c. Other unusual playing conditions exist, such as an earthquake, a threatening wildfire, a nearby chemical spill, a riot and other civil disobedience, etc.

d. Tournament contests which are postponed or suspended should be played or resumed on the next available date, including Friday. Suspended contests shall be resumed at the point of interruption. Every effort should be made not to cause a team(s) to play back-to-back contests on school nights. If scheduling two sessions on Saturdays, there should be at least a three-hour rest period between the sessions.

C. State Finals
The Executive Committee has designated Assistant Commissioner Kerrie Rosati as Tournament Manager.

XV. News Media

A. Publicity
1. The only way the media will know about the merits of a tournament is through the personal efforts of the director, etc., conducting the tournament. Telling the story is essential. Some suggestions are:
2. Contact the local media (newspaper, radio, television) as soon as the assignments of schools are known. Report such items as:
a. Where and when the tourney will be held.
b. How the tourney will be conducted.
c. Number of teams or participants.
d. Top individuals or teams which will participate.

B. Make the student body of the school fully aware of the nature of the competition, either with the use of posters, the school paper, or personal contact with various influential students and student groups.

C. Encourage the media to assign a photographer to the tourney.

D. Notify the media of the results of the tournament as quickly as possible after its conclusion. Report game scores to the IHSAA. More information on the procedure for reporting results will be forthcoming.

It shall be the responsibility of each high school principal to see that the above restrictions are enforced.

XXIII. Team Benches
During a game, the dugout bench may be occupied by the eligible players, coaches, team manager/s, team statistician, scorekeeper, and/or trainer. Any other unauthorized persons should be instructed to remove themselves from the dugout.

XXIV. Team Photographs

   In order to meet publication deadlines for information and pictures to appear in the state program, principals and coaches are urged to make these preparations at the start of the regular season.

XXV. Type of Tournament

XXVI. Reporting Tournament Results
A. Participating Schools: All schools participating in the softball state tournaments are required to set up an account on MaxPreps.com for their team. Each school will be required to report the final score from each state tournament game to their MaxPreps.com account within 30 minutes of the completion of each contest.
B. Tournament Directors: At the conclusion of each tournament game, host sites are required to report the final score to the IHSAA via email to results@ihsaa.org. Please report postponements and updated game times if necessary. Please do not fax! List the host site in the subject line and the final score in the message (EX: School A 2, School B 1, 9 innings). Do not send an attachment.

XXVII. Passes for Players and Coaches
Each participating school shall be provided 30 passes for players, managers, athletic trainers and coaches. It is not necessary to issue passes for players and coaches prior to the opening session of the tournament. Coaches may be instructed to pick up passes at a designated area on the opening session of the tournament or at the time each team reports for the first time. If teams desire to continue in attendance after they are eliminated, they should be given complimentary admission; however, means should be adopted to guard against transfer of passes or other abuses of the privilege.
Girls Tennis

Special Note: The IHSAA has adopted a specific protocol regarding the management of concussions in all sports where the National Federation of State High School Associations (NFHS) writes playing rules. This protocol may be found at the beginning of each IHSAA Bulletin.

Participation

In order for a student to qualify for participation in the IHSAA tournament series in an individual sport (cross country, golf, tennis, swimming & diving, track & field and wrestling) the student must have participated, during the preceding regular season in a minimum of 75% of the Season Contests in which the student’s school participated, and 25% of the maximum number of the authorized contests in that sport. This requirement can be waived provided the student can demonstrate that he did not participate in the minimum number of season contests because of illness, injury, ineligibility or because of circumstances beyond the control of the student, such as the cancellation of a contest(s) or the failure to qualify for a spot on the roster.

Q. 1 May a professional coach give lessons on Sunday in the authorized practice or contest season to a student athlete(s) who is on a high school team coached by the professional?
A. No. No coach of a team may give lessons to any member of the team on Sunday. (Rule 9-13) For example, a professional tennis coach who provides paid individual and group tennis lessons at the local tennis facility, and who is also a tennis coach of a member school’s tennis team, may not give private lessons on Sunday in the IHSAA authorized practice or contest season to any member of the IHSAA member school’s tennis team.

Q. 2 May a high school coach give paid lessons to members of his team?
A. No. The High school coaching staff members may not give paid private lessons to student-athletes who are a part of the school team that he/she coaches during the contest season.

Q. 3 What is the maximum number of contests and regular season tournaments for schools and individual student-athletes?
A. Schools are allowed flexibility in making the schedule as long as they meet the following guidelines:
1. The total number of contests plus the total number of rounds in each tournament shall not exceed 22; and
2. No more than 5 regular season tournaments (each tournament round must be counted as a match).

DURING THE CONTEST SEASON

1. Dress shall identify with the sport of tennis and/or the school. Shoes are required. Young ladies' uniforms shall be such that allows for adequate coverage of the midsection of the body during play.
2. Season matches shall consist of 3 singles players and 2 doubles teams. Teams may play other combinations by obtaining prior mutual consent of competing schools.
3. No contestant shall be permitted to compete in both singles and doubles.
4. A contestant shall be permitted to compete at only one level per event.
5. Match play shall consist of 2 out of 3 sets (regulation match) with 12 point tie-breaker at 6-6 for both singles and doubles.
6. Written line-ups – shall be exchanged before actual play has started, thereafter, no substitutions.
7. Coaches shall enter players at the positions which their skill dictates. Under no circumstances shall a school stack its line-up. Skill ability shall be defined as the number one singles player shall be better than the number two singles player who shall be better than the number three singles player. The number one doubles team shall be better than the number two doubles team.
8. Scoring (singles and doubles) – 1 point shall be awarded to the winner of each match.
9. Coaching – During the playing of a match in a team competition, a player may receive coaching outside the court area (through the fence) between points at the varsity, junior varsity and freshman levels so long as the instruction is brief and does not disrupt the flow of the match. The limit of 25-seconds between points still applies. Instruction should not be so frequent that the players are being micromanaged (i.e., a comment after nearly every point). The intent is not for the player and coach to meet at the fence for a discussion between points but instead for a coach to be able to pass along a quick word of advice. Coaching is limited to the head coach and one designated assistant coach. Coaches should deliver their brief instruction from near the player’s court so as not to disrupt other nearby matches. Coaches are to remain OUTSIDE THE FENCE except for rare instances in a handful of multi-team invitational tournaments when it is impractical or not feasible to coach from outside the fence. In those rare cases coaches could be permitted ON THE COURT near the net posts. This rule applies to all matches including the tournament and is not up to the host school. When changing ends a maximum of one minute and thirty seconds shall elapse from the moment the ball goes out of play at the end of the game to the time the ball is struck for the first point of the next game. Players shall change ends after the odd-numbered game of each set, including the first game. Coaching is allowed during each one minute, thirty second change-over. During a tie-break, play shall be continuous, and players shall change ends without a rest period. Coaching is permitted, outside the court area, during the 10-minute break between the 2nd and 3rd set or when play has been temporarily interrupted. Only coaches employed by the school are permitted to “coach” during the match at the designated time. A maximum
of two coaches (the head coach and a designated assistant coach) may coach players during a team match. When varsity and junior varsity matches are contested simultaneously, one coach may cover the varsity and the other is responsible for the junior varsity or they may move together from one level to the other. However, should the matches be conducted at two different sites, a third (school approved) coach may be utilized.

10. During the 10-minute break between the 2nd and 3rd sets, players involved in the match are not permitted to "warm-up" on the court by hitting balls with a teammate or coach, or by practicing serves, or by working on-court with a coach in any manner. It is mandatory that the players leave the playing courts during this 10-minute break.

11. "Volunteer" coaches who are appointed by the principal (school approved) at the start of the season are considered to be a legitimate part of the coaching staff.

12. In case of an injury or sickness, substitutions will follow the IHSAA tournament format. This format cannot be used for more than two (2) consecutive matches or a one (1) day tournament. For any player removed because of disciplinary reasons, the line-up will be adjusted by moving players up a position if necessary. During the regular season, coaches have the option to use the IHSAA Tournament format for injuries or illness (for a limit of two dual matches or one one-day tournament), but are not required to use it. Coaches may choose instead to move players up. During the regular season, if a player misses a third time for the same injury, illness, then coaches must move other players up. If a player misses for disciplinary reasons during the regular season, the lineup must be adjusted by moving other players up instead of by substituting in the affected player’s position.

13. Exception for Late Arrival to a Contest:
When extenuating circumstances exist that result in the late arrival of a school team to the playing site, the match shall be played. When play begins in a match, there shall be no default for late arrival. This holds true for the tournament series.

14. "Exhibition" competition is not allowed in any sport. Every competition must be reflected in the team score for that session.

a. In junior varsity and freshman competition only, teams may give as many players as possible a chance to compete in any given team match; however, all individual matches that are played must be counted in the team score.

b. A junior varsity or freshman player can play a maximum of two 8-game pro sets or three 6-game sets, or their equivalent during one team match. It is permissible for a player for Team A to compete in an 8-game pro set (in singles or doubles) against an opponent from Team B and then to compete in a second 8-game pro set (singles or doubles) against a different opponent from Team B. The results from both matches must be counted in the team score.

c. No player who competes in a varsity match is eligible to play in a junior varsity or freshman match.

d. All JV players are permitted to play more than once in a dual match as time and court space allows. The option to play more modified matches will allow more match play for young players on both teams, giving them a chance to gain experience. Decisions made in actual match play with the inherent associated pressures contribute to the development of future varsity level players. Even if both teams had the same or similar number of JV players, allowing some, or all of those JV boys or girls to play a second time (if court space and time allows) would be beneficial to development of players. Currently, a No. 1 singles JV player might only get to play one 8-game set and then be done for the night, even if courts are open, there’s plenty of daylight, and both teams have players sitting around eager to play more while other JV matches are being played.

15. Controlled Scrimmage
Teams are permitted to participate in one inter-school Controlled Scrimmage match to be held after 5 days of practice and at least 48 hours prior to each school’s first scheduled match. Each school is limited to one scrimmage. The use of junior varsity and freshmen players in the scrimmage is highly encouraged so long as they have been included in the practices prior to the scrimmage and their time is included as a part of the scrimmage time limit. The format of the controlled scrimmage can be found at MyIHSAA.net in the RESOURCES tab for Tennis.

TOURNAMENT SERIES

1. All Rounds with Two Matches per Day
   a. At any level of the IHSAA post-season tournament (sectional, regional, semi-state or state), any player who fails to finish a first match cannot return to the lineup for a second match that is played on the same day.
   b. If the student-athlete RETIRED from the first match due to personal injury or health emergency; to be allowed to return to play the second match:
      (1) the personal injury or health emergency incurred in the first match shall be evaluated by an athletic trainer/doctor, and
      (2) an official written release from the athletic trainer/doctor shall be presented to the tournament director indicating the player is physically able to return to competition before the player will be allowed to compete in the second match.
   c. If for some reason the second match is re-scheduled for the next available day, the ruling remains in effect.

2. During the tournament series, only the head coach and one (1) designated assistant coach will be permitted to coach at any one time. This excludes volunteer coaches or tennis professionals (unless they are employed by the school system as the coach). The word ‘coaching’ includes advice or instruction.

3. The coach shall submit an Entry List that includes the seven (7) best tennis players in the line-up. Up to eight (8) alternates may be listed making for a maximum of fifteen (15) players to be included in the entry list. At no time shall an alternate be used to make the line-up a stronger one.

Page 54 of 101
4. Singles & Doubles
   a. To qualify to play in the No. 1 doubles position for the tennis doubles tournament series, both participants must have played in the No. 1 or No. 2 doubles position for a minimum of 50% of their team’s total playing opportunities during the regular season (dual matches and season tournament matches).
      (1) Any competition against players from another school, regardless of the scoring format, constitutes one match.
      (2) Each round of a tournament counts as a separate match.
   b. To advance in the singles/doubles tournament series, the No. 1 singles and No. 1 doubles players must remain undefeated and play every scheduled match. No substitutions.
   c. During the singles and doubles tournament series, the head coach may (when facilities permit) sit on the court but must follow coaching guidelines.
   d. Tennis Waiver -- The IHSAA shall have the authority to grant a waiver to the 50% rule when, if in the opinion of the IHSAA, the student's school provides satisfactory proof to the IHSAA that:
      (1) the student missed compliance with the 50% rule by a minimal number of his or her team's season contest or matches;
      (2) the student's failure to meet the 50% criteria was for clear, verifiable reasons, such as a debilitating injury or illness and;
      (3) the student's failure to meet the 50% criteria was the result of reasons which were beyond the control of the student, the parents, the coach and the school.
      The IHSAA will waive the 50% rule only in extraordinary and compelling cases and only when the request is submitted in writing to the IHSAA at least one week prior to the beginning date of the Team Tournament.

SPORTSMANSHIP

1. It is the responsibility of the high school coach to teach his/her players and fans the etiquette of the game of tennis.
2. Poor sportsmanship cannot be tolerated in the educational environment. Coaches are teachers first and therefore responsible and accountable for the behavior of their student-athletes. Encouraging and promoting good sportsmanship and fair play should be incorpo-rated into the day-to-day coaching instruction.
3. A player may be warned for excessive celebration and unsportsmanlike displays. If the excessive behavior continues, the player may be penalized one point due to unsportsmanlike actions. If a third instance occurs, the player may be defaulted from the match.

POINT PENALTY SYSTEM (PPS)

1. Code Violation – the three stages of discipline are Point, Game, Match. For example, on the first offense for a profanity violation or a racket throw, the player is penalized one point instead of given a warning.
2. The warning is no longer a part of the point penalty system. Host coaches should plan to “warn” the tennis players prior to the match starting with a general statement about expected behavior and an overview of the penalty system.
3. The change in the Point Penalty System is a perfect match with the high expectations of behavior for the high school athletes as espoused by the IHSAA.
4. The use of the Lord’s name in vain, in any variation and in any language, shall be considered unsporting behavior and shall be punished under the Point Penalty System. The use of “Jesus”, “Christ”, “Jesus Christ”, “God” or any other variation of the Lord’s name by a high school tennis player, even in a foreign language, shall be penalized through the use of the PPS. It is the responsibility of the coach to set sportsmanship expectations for the student-athletes and to enforce penalties when those expectations are not met.
5. Electronic devices (cell phones and other communication equipment) may not be used by coaches and players during the course of the match. This includes changeovers and any break in the action.

Coaches must enter their players at the positions which their skill dictates. Juggling or shuffling positions to gain an advantage is unethical. Under no circumstances shall a school shuffle its line-up. The line-up shall not be changed after the tournament draw.

**VII Advancement**
Regionals – Members of the 1st place sectional teams shall advance to designated regionals.
Semi-States – Member of the 1st place regional teams shall advance to designated semi-states.
State Finals – Members of the 1st place semi-state teams shall advance to the state finals.

**VIII Substitutions**
A. All Rounds with One Match Per Day
   1. Substitutions may be made until actual play has started or between rounds.
2. Substitute/s may compete in either singles or doubles, not both. This starts anew at each level.
3. A player for whom a substitution has been made in rounds 1 and/or 2 may play in round 3.
4. If a player cannot complete a match for any reason, he shall default that match.
5. For any player removed for disciplinary reasons, the line-up will be adjusted by moving players up a position.
6. The substitute/s must play in the position of the player being replaced. Ex: No. 2 singles player becomes ill, the substitute must play in No. 2 singles position.
7. At no time should a substitute be made that will make the team stronger than the original line-up.

B. All Rounds with Two Matches Per Day
1. At any level of the IHSAA post-season tournament, any player who fails to finish a first match cannot return to the lineup for a second match that is played on the same day.
2. If a student-athlete RETIRED from the first match due to personal injury or health emergency to be allowed to return to play the second match:
   a. the personal injury or health emergency incurred in the first match shall be evaluated by an athletic trainer/doctor, and
   b. an official written release from the athletic trainer/doctor shall be presented to the tournament director indicating the player is physically able to return to competition before the player will be allowed to compete in the second match.
3. If for some reason the second match is rescheduled for the next available day, the ruling remains in effect.

IX Entries
A. Entry List
1. The Official IHSAA Entry List shall include the seven (7) highest skilled players in the appropriate playing positions, alternates, and assistant coaches. NOTE: An addition to the IHSAA tournament entry list will be the listing of the school approved assistant coaches. Each school is to submit the names of its school approved assistant coaches on the entry list. Before any IHSAA tournament match, each school should identify which assistant coach from the entry list will be coaching with the head coach. Remember, only the head coach and ONE school approved assistant coach are permitted to coach in tournament play. That identified assistant coach must be on the entry list and approved by the school administration.
2. Member schools entering the Girls Tennis tournament series shall submit their entries to the IHSAA electronically at www.myihsaa.net on member dashboard under seasonal tasks. The entry is due no later than 5 p.m. Thursday, May 11, 2023, without penalty. NOTE: The IHSAA tournament entry list will be completed much like you have done in the past. After 5PM on May 11th those entries, and lineup, will be “locked in” and no other changes will be permitted. This means the entry list lineup provided will be the lineup you must play in the tournament (i.e. #1, #2, and #3 singles followed by #1 and #2 doubles and then alternates). Exception: if your lineup submitted on the entry list is deemed to be inappropriate at your sectional draw meeting by the other participating schools [stacked lineup or a unique situation has occurred after the entry list deadline], the host sectional school will alert the IHSAA with the changes if they are deemed needed. The “locked in” entry list lineups for each sectional will be distributed (via email) to all the schools in that particular sectional on Friday, May 12, 2023, prior to the IHSAA State Tournament Pairings Show and announcement on Monday, May 15, 2023. This adjustment to the entry list protocol should help all schools and the IHSAA know what lineup all schools will be using prior to tournament play.
3. Each principal is responsible for checking the eligibility of entrants before permitting them to participate. See VIII for substitutions.
4. Prior to submitting the Entry List to IHSAA, check for following:
   a. Do not alphabetize entrants. Participants should be listed in proper/appropriate playing positions.
   b. Double check birthdates, number of semesters, number of credits.
   c. List alternates.
   d. List all school approved/certified assistant coaches
   e. Coach should review Entry List and approve it prior to submission.
B. Late Entry List – *late entry lists are not accepted unless approved by the IHSAA. Normal late entry list procedures are not the same for tennis due to the publishing of lineups.
1. Within 24 hours after deadline: $100.00
2. Over 24 hours: may not enter tournament
C. Changes Prior to the Entry List Deadline
   Schools retain the ability to change their entry list at any time prior to the deadline by re-entering www.myihsaa.net and modifying their entry as prescribed in the instructions.
D. Each principal is responsible for checking the eligibility of entrants before permitting them to participate.
E. A notification from the Association Office will acknowledge receipt and correctness of each entry list.
F. Athletic directors and coaches are urged to read and double check the entry list to be sure that:
1. all necessary information is provided
2. each contestant is entered properly.

G. Schools are requested not to complete an entry list unless they fully intend to enter a sectional tournament. If for any reason, after filing an entry list, it becomes necessary to withdraw, notify the IHSAA Office and center principal immediately. A school withdrawing from a tournament after the draw will suffer a penalty.

H. Entry lists shall be submitted electronically. It is strongly recommended this be done well in advance of the deadline date.

Do not mail the original unless requested to do so by the IHSAA.

I. Changes in Entry List Between Tourney Levels

No changes can be made in the line-up of the first seven players listed. NOTE: The coach can add or take away from the alternate list only.

1. Regionals – The sectional entry list will be used unless you instruct IHSAA Office otherwise via phone before 10 a.m. Tuesday, May 23, 2023.
2. Semi-States – The regional entry list will be used unless you instruct IHSAA Office otherwise via phone before 12 p.m. Friday, May 26, 2023.
3. State – The semi-state entry list will be used unless you instruct IHSAA Office otherwise via phone before 12 p.m. Monday, May 29, 2023.

In addition, because Tennis is a unique sport, requiring skills that can be drastically impacted by such Negative Playing Conditions, the Tournament Director, in conjunction with the Contest Officials (if used) and administrators, shall insure that the contest can be played in a manner which is not unreasonably impacted by the Negative Playing Conditions.

2. Prior to the start of the contest, the Tournament Director shall be responsible for judging whether the weather conditions, the conditions of the ground and field and other playing conditions which affect safety and manner of play, will permit the contest to be played safely and in a reasonable and appropriate manner. If the Tournament Director is confronted with these Negative Playing Conditions prior to the beginning of the contest, the Tournament Director is authorized to postpone the contest.

3. After the contest begins, and until the contest ends, Contest Officials have the initial authority to determine whether the contest can be played safely and in a manner which is not substantially impacted by the Negative Playing Conditions. When such conditions exist, the Contest Officials and the Tournament Director must consult about the Negative Playing Conditions and shall seek a consensus with respect to any decision to suspend play. The Contest Official, however, has the ultimate authority during the contest to suspend play if the Negative Playing Conditions are such that the contest cannot be played safely and in a reasonable and appropriate manner.

Examples: Not to be considered an exhaustive list, the following are examples of Negative Playing Conditions which may cause the postponement of the contest or the suspension of play:

a. Substantial inclement weather, such as a tornado sighting or warning, lightning (see, Guidelines for Lightning Safety; IHSAA Lightning Policy), dense fog, etc.

b. Unreasonably poor conditions, such as a court which is wet, etc.

c. Other unusual playing conditions exist, such as an earthquake, a threatening wildfire, a nearby chemical spill, a riot and other civil disobedience, etc.

4. Tournament contests which are postponed or suspended should be played or resumed on the next available date, including Friday. Suspended contests shall be resumed at the point of interruption. Every effort should be made not to cause a team(s) to play back-to-back contests on school nights. If scheduling two sessions on Saturdays, there should be at least a three-hour rest period between the sessions.

Photographers may use electronic strobe cameras during the progress of a sporting event so long as, in the opinion of the contest officials, the flash does not hinder the actions of or endanger the contestants. The final decision as it relates to photography rests with the judgment of the contest official. School administrators have the authority to designate certain areas from which photographers may operate during a contest.

B.  Photographers desiring to take pictures shall make previous arrangements with the management of the tournament. The number of photographers and their locations shall be determined by the Host School management.

XVI  Rules

Unless specifically provided in the IHSAA Bulletin, 2022-23 Tennis Coaches Guidebook (available on-line), and the USTA rules shall govern all tournaments.

XVII  Type of Ball

The official ball of the IHSAA Tennis Tournament Series is the Wilson US OPEN Extra-Duty ball. Wilson tennis balls shall be furnished by the IHSAA.

XVIII  Faculty Representative

Contestants must be accompanied by a coach or a faculty representative designated by the principal and such coach/representative must remain at the tournament until said school has completed competition.

XIX  Interrupted Matches

In case of inclement weather, play should be continued on the first fair day, excluding Sunday, thereafter. A disrupted or postponed match shall be resumed at the point where it was discontinued. No matches should be replayed nor the schedule of games altered in any way. It is recommended that a student play no more than 2 matches per day.

XX  Scoring

One point shall be awarded for each singles win and 1 point shall be awarded for each doubles win. The team winning 3 or more of the possible 5 points shall be declared the winner and advanced to the next round of competition. A bye or default will be counted as a win.

A.  Singles – When the score becomes 6-6 in any set, the 12 point tie-breaker system will be used. The player who received 7 points is declared the winner 7-6. The procedure for using this system is: A serves first point from Right court; B serves points 2 and 3 (Left and Right); A serves points 4 and 5 (Left and Right); B serves point 6 (Left) and after they change ends, point 7 (Right); A serves points 8 and 9 (Left and Right); B serves points 10 and 11 (Left and Right), and A serves point 12
(Left). If points reach 6-all, players change ends and continue as before. A serves point 13 (Right); B serves points 14 and 15 (Left and Right); etc., until 1 player establishes a margin of 2 points. Players change ends for 1 game to start the next set, with Player B to serve first.

B. Doubles – follows the same pattern, with partners preserving the sequence of their serving turns. (Assuming A & B vs. C & D) Player A serves first point (Right); C serves points 2 and 3 (Left and Right); B serves points 4 and 5 (Left and Right); D serves point 6 (Left) and after teams change ends, point 7 (Right) ... A serves points 8 and 9 (Left and Right); C serves points 10 and 11 (Left and Right), and B serves point 12 (Left) ... If points reach 6-all, teams change ends and continue as before – B serves point 13 (Right); D serves points 14 and 15 (Left and Right); etc., until 1 team establishes a margin of 2 points. Teams change ends for 1 game to start the next set with team C & D to serve first.

If a ball change is due on the tiebreaker game, it will be made. A tiebreaker game counts as 1 game in reckoning time between ball changes.

XXI Ties in Team Scoring
To break a 2-2 tie team score resulting from a default by both teams in 1 match use the following procedure to determine team winner.
A. Team winning most total team sets. If a tie still occurs go to 2 below.

Top ten individuals qualify for the finals

---

**XVIII. Timing - Sectionals, Regionals, and State**

A. See Rule 3-8, Articles 1-8 of the current National Federation Track & Field Rules.

B. Electric or digital timers which measure one one-hundredth of a second must be used. However, unless it is a fully
automatic system, times registered one one-hundredth of a second shall be rounded up to the next tenth of a second. (Example: 10.42 will be recorded as 10.5 unless a FAT system is used.) If FAT and manual times must be integrated, the hand-held times shall first be rounded up to the slower one tenth of a second. Then a conversion factor of .24 must be added (i.e. MT + .24=FAT). A record shall not be granted unless the time is recorded by FAT.

XIX. Ties – Must be broken for 1st place and for the last qualifying position.
   A. In running events
      For the last qualifying place – a runoff shall be held at the end of the meet and/or after a sufficient rest period.
   B. In field events

      2. If after exhausting all steps in Rule 6-3 and a tie still exists for any place other than 1st place, competitors shall be awarded the same place and all tied contestants shall advance to the next tournament level.
   C. Team points will be divided equally for any tie between 2 or more competitors. (See Rule 2-2-2)
   D. In the event of a tie for the team championship, both teams will be recognized as winners and duplicate awards will be provided for both teams.

   B. News Media

Unified Track and Field Regulations Review

Q. What is the minimum number of regular season competitions a school must schedule?
A. There is no minimum on the number of regular season competitions a school must schedule. HOWEVER, a student must have a minimum of 2 qualifying marks from regular season competitions in order to be eligible for the tournament. Therefore, each student must PARTICIPATE in a minimum of 2 regular season events. Schools would be wise to schedule more than 2 regular season events in case events are cancelled due to inclement weather and/or a student does not participate in all regular season competitions due to illness or any other unanticipated circumstance.

Q. May a competition be run in which Student Athletes only compete against other Student Athletes and Student Partners only compete against other Student Partners?
A. NO! This not only violates the entire philosophy of Unified Sports, but it could actually be a violation of Federal law for disclosing that a student has a disability. Identification of Student Athletes or Student Partners is solely to inform those administering the competition. Students involved in Unified Sports should NEVER be identified as Student Athletes or Student Partners in any other way (programs, PA announcements, uniforms, etc.).

Q. May a school enter the IHSAA tournament with only 1 Student Athlete and 1 Student Partner competing in only 1 event entered.
A. Yes. A school may enter as any number of events as long as an equal number of Student Athletes and Student Partners are entered.

Q. Q. Will the new National Federation Track and Field rules concerning exchange zones in effect for 2020 apply to Unified Track and Field?
A. Yes. See the IHSAA on-line rules clinic for an explanation of the new rules.

Q. May a participant be entered in 1 individual event and 1 relay on the sectional entry list?
A. Yes.

Q. May a participant be entered in any 2 individual events?
A. Yes.

Q. What is the maximum number of events a participant may enter on the sectional entry list?
A. 2 (including being listed as an alternate).

Q. What if an athlete is left off the sectional entry list and this is discovered after the seeds are posted for participating schools?
A. In the event someone has been left off the sectional entry list or entered incorrectly, a change can be made by contacting an Assistant Commissioner (Brian Lewis) for approval. The $200 fine for the change must be paid prior to the sectional. If an IHSAA representative cannot be reached, the tournament director may make the change pending IHSAA approval and payment of the $200 fine.

Q. Is there any limitation on the number or ratio of Boys and Girls on a Unified Track & Field sectional entry list?
A. No. Sectional entry lists are completely coed and can be all boys, all girls, or any combination except for the Boys and Girls relays which are gender specific.

Q. Can a student be entered as both a Student-Athlete and a Student-Partner on the sectional same entry list?
A. No. But a student who qualifies as a Student-Athlete may be listed as a Student-Partner at the discretion of the school (e.g., a student on a diploma track and qualifies as a Student-Athlete may be listed as either a Student-Athlete or a Student-Partner on the entry list, but not both).

Q. Is a student with a physical disability, but not an intellectual disability considered a Student-Athlete or a Student-Partner?
A. Student-Partner

Q. Based on what criteria is a student designated as a Student-Athlete or a Student-Partner?
A. A Student-Athlete is a student who is receiving special education and related services pursuant to an individual education program based on a cognitive, developmental and/or intellectual delay or disability.

I. Administration of Unified Track & Field

A. These regulations apply to regular season competitions and IHSAA sponsored tournaments unless stated otherwise.

B. The official rules as stated in the current Track & Field Rules Book published by the National Federation and so further modified by the IHSAA in these regulations, shall govern. Officials are expected to enforce all rules which create an unfair advantage including all false starts in running events and scratches in field events. Discretion is allowed when a violation does not create a competitive advantage (e.g., a Student-Athlete who due to a disability has difficulty staying in the assigned lane and does not interfere with another runner). As stated in the IHSAA By-Laws, Unified Sports Philosophy: We must have high expectations for students with intellectual disabilities because if we do not, we are teaching another generation, people with intellectual disabilities can’t follow rules or be held accountable and as a result they will not be viable members of their community or society in general.

C. Student participants shall NOT be identified as Student-Athletes or Student-Partners other than for the administration of the competition.
D. Team
1. A school may participate in Unified Track and Field competitions with a minimum of 2 participants (1 Student-Athlete and 1 Student-Partner) entered in 1 event.
2. All awards and other recognitions should be based on team performance and not individual performances.
3. A school must enter an equal number of Student-Athletes and Student-Partners in order to compete in an event.
4. Teams will be coed with no limitation on the number of Boys or Girls in an event or on a team, except for the Boys and Girls relays which are gender specific.
5. If a school has a mixed gender relay team the team shall be entered in the Boys relay event.
6. Teams may use assistants for Student-Athletes. Assistants are Student-Partners who meet all eligibility requirements of Student-Partners.
   a. Assistants are not competitors in the event, serving only as helpers to their Student-Athlete teammate.
   b. Assistants may be competitors in other events, but not in the event in which they are serving as an assistant.
   c. Serving as an assistant does not count towards an individual’s 2 event limit.
   d. Assistants are non-scoring participants.
   e. Coaches should inform the starter or field event judge when an assistant will be used in the event.
   f. Assistants may be used for Student-Athletes in all events, including field events.
   g. When requested by a coach, Officials may change a Student-Athlete’s lane assignment in a running event to help accommodate the Student Athlete’s disability, including, but not limited to, moving a Student Athlete to the first lane so their assistant can run alongside them on the inside of the track.
   h. Assistants may NOT touch the Student-Athlete that they are assisting.
   i. Assistants may NOT create an unfair advantage for the Student-Athlete that they are assisting as determined by the meet official.
   j. In the long jump, assistants should be used in the approach only and should not enter the long jump pit.
   k. Assistants must begin all races behind and in the same lane as the Student-Athlete that they are assisting or inside or outside all assigned lanes.
   l. An assistant may move beside or in front of the Student-Athlete they are assisting as long as they do not hinder another participant.
   m. Violations of letters g. though l. of this section will cause the Student-Athlete being assisted to be disqualified in that event.

E. Officials
1. Student-athletes and partner-athletes are expected to follow rules and meet expectations. However, officials will have flexibility in accommodating individual disabilities.
2. Officials are expected to enforce violations when a competitive advantage is gained or creates a competitive disadvantage for another competitor (For example false starts, scratches in long jump, and relay exchanges outside the exchange zone).
3. If a runner has an obvious false start, the race should not be recalled in the traditional format. The meet official should wait until the race is over and DQ the individual.
4. During your pre-meet instruction to timers, field judges, official score, etc., please emphasize the importance of recording every time and/or distance, for every competitor, in every event.

F. Unified Track and Field Events
1. Tournament Series Events
   Each school may enter the following maximum number of participants in the events below, but there must be an equal number of Student-Athletes and Student-Partner entered in each event:

   b) 400m Dash (4 participants/2 Student-Athletes and 2 Student-Partners)

   a. The events in all regular season meets may include all Tournament Series Events as listed above
   b. Track – 3200-meter relay, 1600-meter run, 800-meter run, 200-meter dash, 3200-meter run, 1600-meter relay
c. Field – high jump and discus.
d. Other events as approved by the Commissioner
e. The javelin and hammer throw events are prohibited in ALL meets.

G. Long Jump
a. During the tournament series, a 20” or 24” takeoff board will be used where feasible.
b. A second takeoff line or board may be moved closer to the long jump pit, if needed, for contestant safety.
c. For safety reasons, competitors having jumped 13” or more at any time during the season should use the board furthest from the pit.
d. Contestants may use a “standing” long jump approach during competition.
e. Prior to competition, competitors should identify with the judge which board they will use and if a standing long jump is used over a running approach.

H. Shot Put
a. The shot-put sector shall measure 34.92° for shot put throughout the regular season and the IHSAA tournament series.
b. The shot must weigh at least 8 lbs. 13 oz., or 4 kg.
c. All competitors, regardless of gender, will use the 8 lbs. 13 oz., or 4 kg., shot.

I. Relays
a. Dropping a baton is not automatically a DQ.
b. The new National Federation Track and Field rules concerning exchange zones in effect for 2020 will apply to Unified Track and Field.
c. On the day of a tournament series meet, the games committee may allow a school to add an otherwise eligible member of the school’s team to participate in a relay if the school has fewer than 4 members listed on the entry list as participants or alternates. However, the school shall be considered disqualified and receive no points.

J. Participation Limitations
1. Regular Season – During the regular season an individual may be entered in up to 4 events including relays. No contestant shall participate in more than 4 events.
2. IHSAA Tournament Series – An individual may NOT be entered (as a participant AND/OR as an alternate) in more than 2 events, relays inclusive. No contestant shall participate in more than 2 events.

K. Uniforms (See Rule 4-3 of the NFHS Track & Field and Cross-Country Rules Book)
Items such as elastic headbands, stocking hats, sunglasses that are school approved are permitted. Head coverings worn for religious reasons that are not considered hair devices and must not be made of abrasive, hard, or unyielding materials and must be secured to the body and/or uniform. All other items are not considered part of the official school uniform and shall not be worn while participating nor while receiving awards.

L. MAXIMUM EFFORT RULE
1. Reasons for the use of the Maximum Effort Rule
   i. The divisioning process used for Unified Track & Field competitions is unique. It ensures that athletes/partners are competing against other athletes/partners of similar abilities. It also ensures the scoring process provides recognition to all competitors. As a result, it is sometimes necessary to employ the Maximum Effort Rule to ensure that participants are competing with Maximum Effort at all stages of competition. Therefore, the Maximum Effort Rule is used:
      1. To provide a fair competitive environment for athletes and partners
      2. To provide a resource for officials/event directors to create a fair competitive environment.

2. Rule Application
   i. Sectional, Regional and State Meet Events which use a numerical score to determine divisions should use the Maximum Effort Rule approach.

3. The following option may be used to apply Maximum Effort Rule guidelines:
   i. Percentage Rule - A percentage is established and published for each event in which the rule will be applied. Athletes or partners may not exceed this percentage of improvement from their entry score to their final score of the highest seed competitor’s entry of that heat. The maximum allowed improvement is based upon 15% (running events) or 20% (field events) of the top entry score for that
heat/flight. For example: If the top seeded throw for a shot-put flight is 20’, the maximum improvement distance is 20% of 20’, which is 4’. Therefore, no participant in that flight may improve further than 4’ from his/her entry score. If an athlete or partner exceeds this performance percentage, disqualification may take place.

1. Running events are 15% maximum improvement as described above.
2. Field events are 20% maximum improvement as described above.
3. A disqualification may result from the Referee based on the student’s final time or mark of the heat/flight.
4. A coach may appeal to the Referee for review by an appeals committee if the coach believes a violation has occurred.
5. The appeals committee may be comprised of the following individuals: IHSAA official(s) in charge of the meet, the host school Athletic Director and other competing school Athletic Directors in attendance, any school administrator from the competing schools, and any IHSAA administrator or representative present or by phone call.

Appeals Committee—A percentage is established and published for each event (running or field) in which the rule will be applied. If an athlete or partner exceeds this percentage from their entry score to their final score (as indicated above) this may “trigger” a review upon appeal by a coach to determine if the athlete or partner shall be disqualified from the event.

NOTE: During regular season meets, the competing schools will have jurisdiction regarding the use of this rule. Schools can collectively decide whether to use this rule. During tournament meets conducted by the IHSAA, this rule will be in effect, beginning with the Sectional meets, and including the Regional and State Finals meets.

M. WHEELCHAIR RACES

1. Athletes shall start with all wheels behind the start line.
2. Athlete is timed from the smoke of the starter’s gun to when all front wheels (two or one) of the wheelchair reach the perpendicular plane of the nearer edge of the finish line.
3. 100M wheelchair competition may be included as an exhibition race. Any other competition distance race may be included with permission of the Commissioner.
4. Motorized wheelchairs shall not be allowed in manual wheelchair races.
5. Only athletes who ambulate by use of a wheelchair may participate in the events.
6. Athletes shall not be pushed, pulled or otherwise assisted during these events.
7. The lanes for the wheelchair events shall be made two track-lanes wide.
8. Each competitor must keep in his/her lane from start to finish and may not interfere, obstruct or impede the progress of another competitor. Infractions, at the discretion of the official(s), may result in disqualification.
